District Needs  
and  
Community Board  
Budget Requests***

Fiscal Year  
2024

Created by the  
Community Board, in  
collaboration with:

**NYC**  
**PLANNING**

February 2023

**Manhattan  
Community District  
3**

## Letter from DCP Director Daniel Garodnick

To my fellow New Yorkers:

Every year, each of New York City's 59 community boards advocate for the needs of its residents and stakeholders by preparing a Statement of Community District (CD) Needs and Community Board Budget Requests. Through this process, community boards share the top issues impacting their neighborhoods and propose capital and expense requests to address those identified needs. I'd like to thank the volunteer members of our community boards and the District Managers who work so hard in leading this essential process and in preparing these reports.

The annual CD Needs process is the product of months of collaboration and public input and is a valuable tool for New Yorkers to participate in neighborhood planning. At the broadest levels, CD Needs offers a critical window into the challenges faced by New Yorkers, and how those challenges may differ across neighborhoods. At a granular level, it provides a forum through which community leaders specify those needs and make recommendations for spending -- which in turn are used by City agencies, elected officials, advocacy groups, and non-profit service providers, among others, to better understand and meet the individual needs of each community board.

Through this year's submissions, we heard the stories of our communities' biggest challenges, such as the human impacts of our housing crisis. In that vein, community boards again selected affordable housing as the most pressing issue citywide, followed by crime and public safety, and parks and open space. Through our online form, community boards generated more than 3,700 budget requests, and for each, one of 28 City agencies responded to indicate whether the request could be accommodated within the upcoming annual budget. This year, in line with our commitment to increasing transparency across the CD Needs process, we are publishing agency responses to these requests in the final section of these reports.

DCP deeply values our partnership with community boards. We remain committed to supporting them by increasing participation in, and improving the transparency of, the CD Needs process. We have received valuable feedback from our community board partners, and we are excited to work with them to continue improving our online submission form, to connect boards with agencies to advance budget request proposals, and to open the form earlier in the calendar year to allow more time for public input and preparation. We look forward to advancing this work with both community boards and City agencies to ensure this is a valuable and productive way to improve our City's neighborhoods and to respond to local community needs.

Sincerely,

## INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

## HOW TO USE THIS REPORT

This report represents the Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2024. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from July to November, 2022.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

If you have questions about this report or suggestions for changes please contact:

[CDNEEDS\\_DL@planning.nyc.gov](mailto:CDNEEDS_DL@planning.nyc.gov)

This report is broadly structured as follows:

### 1. Overarching Community District Needs

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

### 2. Policy Area-Specific District Needs

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

### 3. Community Board Budget Requests

The final section includes the two types of budget requests submitted to the City for the FY24 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

## Disclaimer

This report represents the Statements of Community District Needs and Community Board Budget Requests of this Community District for Fiscal Year 2024. This report contains the formatted but otherwise unedited content provided by the community board.

*Budget Requests:* Listed for informational purposes only. OMB remains the definitive source on budget requests and budget request responses.

*Budget Priorities:* Priority numbers apply to expense and capital Budget requests from all policy areas. A complete list of expense and capital budget requests by this Board sorted by priority can be found in Section 7 of this document.

*Supporting Materials:* Some community boards provided substantive supplemental information. This supportive material can be accessed by clicking on the links provided in the document or by copying and pasting the links provided in the Appendix into a browser.

## TABLE OF CONTENTS

Introduction

1. Community Board Information

2. 2020 Census Data

3. Overview of Community District

4. Top Three Pressing Issues Overall

5. Summary of Community District Needs and Budget Requests

Health Care and Human Services

Youth, Education and Child Welfare

Public Safety and Emergency Services

Core Infrastructure, City Services and Resiliency

Housing, Economic Development and Land Use

Transportation

Parks, Cultural and Other Community Facilities

6. Other Budget Requests

7. Summary of Prioritized Budget Requests

8. Community Board Budget Requests with Agency Responses

### Statement on Data Accuracy

Under Title 13 of the U.S. Code, the Census Bureau is legally bound to protect the privacy of individuals participating in the decennial census. To adhere to the law and to avoid the disclosure of information about individual respondents, the Census Bureau has historically applied a host of techniques, such as top- and bottom-coding, imputation, table- and cell-suppression, and data swapping. The Census Bureau is employing a new technique with the 2020 Census, referred to as the Disclosure Avoidance System (DAS), based on differential privacy. With this approach, the Census Bureau “infuses noise” systematically across census data and sets a quantified disclosure risk, referred to as the Privacy Loss Budget (PLB).

While the new DAS approach may diminish the risk of disclosure concerns, it comes at a cost to data accuracy. Consequently, 2020 Census data users should be aware that all sub-state counts, except for housing units (which are unaffected by the DAS), may be adjusted to protect the privacy of Census participants and may be subject to reduced accuracy. Because DAS noise infusion is randomized, it is impossible for data users to know the degree to which any individual statistic is altered. However, it is possible to say that in general the relative size of errors decreases as counts increase. Consequently, data users should have greater confidence in the accuracy of the data as counts get larger. Further, an evaluation of a Privacy-Protected Microdata File (PPMF), treated with a Disclosure Avoidance System like the one applied to 2020 redistricting data, showed that counts of 300 or more rarely have sizable errors (error beyond +/- 10% of the count). Therefore, while data users need to be cognizant of data accuracy limitations, they should have confidence in conclusions based on sizable counts, which are relatively unaffected by the Census Bureau’s latest disclosure avoidance method.

### 3. OVERVIEW OF COMMUNITY DISTRICT

Community District 3 Manhattan (CD 3) spans the East Village, Lower East Side, and part of Chinatown. It is bounded by 14th Street to the north, the East River to the east, the Brooklyn Bridge to the south, and Fourth Avenue and the Bowery to the west, extending to Baxter and Pearl Streets south of Canal Street. This community is filled with a diversity of cultures, religions, incomes, and languages. Its character comes from its heritage as a historic and present day first stop for many immigrants. CD 3 is one of the most densely populated Community Districts in New York City, with approximately 167,128 residents. (NYU Furman Center. (2022). *Lower East Side/Chinatown MN03*. <https://furmancenter.org/neighborhoods/view/lower-east-side-chinatown>).

Our community is diverse: we identify as 33 percent Asian, 8 percent Black, 25 percent Hispanic, and 30 percent White. With this diversity comes different language needs. 26.5% of the district speaks English less than “very well”, which highlights the need for translation services. Within CD 3 the percentage break down of languages is 16% speak Spanish, 25.6% speak Asian and Pacific Island languages, and only 53% speak only English. (U.S. Census Bureau. (2021). *Language Spoken at Home 2021: ACS 1-Year Estimates Subject Tables*. <https://data.census.gov/cedsci/table?q=United%20States&t=Language%20Spoken%20at%20Home&g=795XX00US3603809>)

Our residents are very proud of their historic and diverse neighborhood, however, the very characteristics that make this district unique also make it a challenging place to plan and ensure services for all residents and businesses.

## Growing Inequality and the Impact of COVID-19

Many people within our community live on the edge of homelessness and economic survival. Inequality and housing precarity are tied to rising housing costs and stagnating incomes within the Community District. In the 2nd quarter of 2022, there was a 43% increase in median asking rents in CD 3 compared to the same time period in 2021. The median asking rent of CD 3 in Q2 2022 is \$4,075 a month. This would require a renter household to have an income of \$163,000 to not be considered rent burdened, (StreetEasy. (2022). *StreetEasy Data Dashboard*. <https://streeteasy.com/blog/data-dashboard/agg=Median&metric=Asking%20Rent&type=Rentals&bedrooms=Any%20Bedrooms&property=Any%20Property%20Type&minDate=2021-01&maxDate=2022-06&area=Lower%20East%20Side,East%20Village>) while the median household income for the District is \$46,083 and 86.9% of district residents are renters. (U.S. Census Bureau. (2020). *Selected Housing Characteristics: 2020: ACS 5-Year Estimates Data Profiles*. <https://data.census.gov/cedsci/table?t=Owner%2FRenter%20%28Householder%29%20Characteristics&g=795XX00US3603809&tid=A%20CSDP5Y2020.DP04>.)

The gap between the lowest and highest earners in CD 3 continues to widen. (NYU Furman Center. (2022). *Lower East Side/Chinatown MN03*. <https://furmancenter.org/neighborhoods/view/lower-east-side-chinatown>.)

In 2019, 24 percent of renter households in CD 3 were severely rent burdened (spent more than 50 percent of household income on rent.) Before COVID-19, an estimated 24 percent of residents in CD 3 were living below poverty level, with approximately 36 percent of children under the age of 18 and 31 percent of adults 65 and over living below the poverty level. COVID-19 has increased hardships for low-income residents and residents of color (68 percent of the CD 3 population), creating even more destitution and need for resources. (U.S. Census Bureau. (2021). *ACS Demographic and Housing Estimates 2021: ACS 1-Year Estimates Data Profiles*. <https://data.census.gov/cedsci/table?t=Populations%20and%20People&g=795XX00US3603809&tid=ACSDP1Y2021.DP05>)

The onset of COVID-19 in early 2020 significantly impacted the residents and business owners in CD 3 and emphasized the inequalities and income disparities that previously existed among our different communities. The COVID-19 case rate in CD 3 between February 2020 and April 2021 was 87.2 (per 1,000 residents) and the death rate between March 2020 and April 2021 was 2.7 (per 1,000 residents). (ANHD. (2021). *Housing Risk Chart: ACS 2019 1-Year Estimates, Race*. <https://anhd.org/report/how-affordable-housing-threatened-your-neighborhood-2021>)

We now know that New York City residents from low-income communities like CD 3 have tested positive for COVID-19 antibodies at a higher- than-average rate, underscoring the disproportionate impact of the disease on people of color. (Lane, N. Singh, R. K. (May 20, 2020). “New York City’s low-income, minority areas hit hardest by COVID-19,

Cuomo says.” <https://www.reuters.com/article/us-health-coronavirus-usa-new-york/new-york-citys-low-income-minority-areas-hit-hardest-%20by-covid-%2019-cuomo-says-idUSKBN22W2IG>)

The district now has the highest diversity in household incomes out of all 59 districts in New York City and it continues to grow. (11 NYU Furman Center. (2022). *Lower East Side/Chinatown MN03*. <https://furmancenter.org/neighborhoods/view/lower-east-side-chinatown>.)

The pandemic has also exacerbated New York City’s housing crisis, a major issue in CD 3 prior to COVID-19, and this impact has hit particularly hard for Black and Hispanic New Yorkers who have lost work. It has heightened existing inequities in our District and is highlighting the need for more resources to support our community.

Community-based organizations that provide essential services for residents in CD 3 continue to struggle to provide more services and fund themselves with fewer resources, particularly in the fiscal environment that COVID-19 has created. Community healthcare and social service providers face similar challenges and residents are left to grapple with service reductions while they are experiencing extreme economic and health vulnerability.

CD 3 is also a coastal community still recovering from Superstorm Sandy in 2012, and the area is increasingly vulnerable to future climate change impacts and extreme weather scenarios that affect the waterfront. Several coastal resiliency projects have been planned for the district and are in various phases of approval, funding, or construction. This issue of coastal vulnerability is further compounded by the city’s identification of a majority of CD 3 being an environmental justice area.

According to local law, an environmental justice area is a low-income community or a minority community, based on US Census data. (NYC Mayor’s Office of Climate & Environmental Justice. (2018). *Environmental Justice Areas* <https://nycdohmh.maps.arcgis.com/apps/instant/lookup/index.html?appid=fc9a0dc8b7564148b4079d294498a3cf>)

These areas are more vulnerable to potential environmental injustice because of the history of racism and inequitable resource distribution.

.

## 4. TOP THREE PRESSING ISSUES OVERALL

### Manhattan Community Board 3

The three most pressing issues facing this Community Board are:

#### **Affordable housing**

Housing in CD 3 is increasingly unaffordable for many residents and the district has become increasingly socially stratified: • CD 3 currently has the highest income disparity— the gap between our lowest income and highest income residents—in New York City. • Median asking rents in CD 3 increased by 26% between 2010 and 2018, while growing by only 2% across the rest of the city. • Thirty-four percent of low- income renter households in CD 3 are spending more than half their monthly income on housing. Additionally, CD 3 is experiencing a crisis of street homelessness. While new affordable housing is needed, it must be targeted at affordability levels appropriate for current neighborhood incomes. Under the City’s Housing New York Plan, there were 859 new affordable housing unit starts in CD 3 between 2014 and 2020, with 25 percent targeted at households earning more than \$82,000 per year. However, the median household income in the district is just \$43,400.

#### **Homelessness**

Street homelessness increased in areas in CD 3 before the pandemic. The recent history of street homelessness as measured by the Hope Count for Manhattan showed a 40% increase in 2016 followed by decreases of two and five percent, and then an increase of 55 percent in the January 2020 report. The COVID-19 pandemic exacerbated street homelessness. We expect New York City to continue to be in a homelessness crisis in FY24 as there appears to be no plan to address the many issues associated with homelessness which were evident before COVID-19. COVID-19 has highlighted social, economic, and racial inequities, and people of color and people living with disabilities are disproportionately represented in the homeless population in New York City. There is a recognized need for mental health services and a variety of programs for those experiencing homelessness, however there are no benchmarks or tracking systems to show effectiveness of programs. The need for effective mental health outreach and treatment was evident before the COVID-19 pandemic, but the shutdown of services, isolation, and other consequences of the pandemic means that enhanced outreach and targeted services will be needed in the current and coming year. One of the lessons learned from COVID-19 may be that congregate shelters are not as safe as smaller units for both health and personal safety. The City should also investigate creating smaller modular units within shelters for both safety and privacy. CB 3 has long advocated for more Safe Havens and supportive housing as well as more affordable housing as part of the solution to end homelessness. Two of our parks, Tompkins Square Park and Sara Delano Roosevelt (SDR) Park, have for the last several years become the only open space for some shelter residents as well as magnets for drug dealers, users, and other crime. A harm reduction approach is needed for individuals experiencing homelessness who also actively use substances.

#### **Senior services**

CD 3 needs critically important investments to help older residents live healthier and more fulfilling lives as they age in place. In CD 3: • There are 31, 259 residents over the age of 65; • Approximately 33% of all seniors in the district live below the poverty line; • 43% of seniors are living with a disability; • 33% of seniors experience ambulatory difficulties; and • 50% of seniors live alone. Fifty-nine percent of CD 3 seniors are foreign born, with 24% speaking Spanish at home and 45% speaking Asian and Pacific Island languages at home. Therefore, CD 3 requires culturally and linguistically appropriate health and social services for its large senior population. In practice, seniors require care on a continuum that covers their diverse cultural, health and wellness needs. Priority concerns of seniors that have been identified are: • Concerns about isolation • Food access • Wellness concerns such as needs for physical activity, mental stimulation, coping with depression, low self-esteem & self-worth issues (especially amongst the oldest) • Staying informed with accurate information about health and other issues. Programs at senior centers and Naturally Occurring Retirement Communities (NORCs) provide programs to address these concerns.

## 5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

### HEALTH CARE AND HUMAN SERVICES

#### Manhattan Community Board 3

##### Most Important Issue Related to Health Care and Human Services

##### **Mental health and substance abuse treatment and prevention programs**

Behavioral health services are a priority for people with underlying conditions: seniors, first responders, and those with substance abuse disorders and pre-existing health conditions, people with disabilities, and those who have experienced traumatic changes in their employment. An overall plan to address the continuing increase in substance abuse and an increase in outreach/harm reduction services is needed. Health disparities

##### Community District Needs Related to Health Care and Human Services

##### **Needs for Health Care and Facilities**

CD 3 needs critically important investments to help older residents live healthier and more fulfilling lives as they age in place. In CD 3:

- There are 31,259 residents (19.5 percent of total CD 3 population) over the age of 65; CD 3 is home to the third highest population of senior citizens in the city;
- Approximately 33 percent of all seniors in the district—live below the poverty line;
- 33 percent of seniors are living with a disability;
- 29 percent of seniors experience ambulatory difficulties; and
- 50 percent of seniors live alone (U.S. Census Bureau. (2020). Population 60 years and over in the United States: American Community Survey 5-estimates Subject Tables. <https://data.census.gov/cedsci/table?q=United%20States&t=Older%20Population&g=795XX00US3603809&tid=ACST5Y2020.S0102>)

In practice, seniors require care on a continuum that covers their diverse cultural, health and wellness needs.

Priority concerns of seniors that have been identified are:

- Concerns about isolation
- Food access
- Wellness concerns such as needs for physical activity, mental stimulation, coping with depression, low self-esteem & self-worth issues (especially amongst the oldest)
- Staying informed with accurate information about health and other issues

Programs at senior centers and Naturally Occurring Retirement Communities (NORCs) provide programs to address these concerns.

##### **Senior Centers**

According to the Department for the Aging (DFTA), in CD 3 there are 12 DFTA-funded senior centers.(NYC Department for the Aging. (n.d.) Aging Connect. <https://www1.nyc.gov/site/dfta/about/contact-aging-connect.page>) Each center is particularly important as they are culturally sensitive to the needs of our diverse communities. Given the growing senior population, there is a need to maintain and expand the existing facilities and to address significant capital maintenance needs.

##### **Naturally Occurring Retirement Communities**

In addition to senior centers, NORCs are also vital in CD 3. A NORC is a multi-age housing development or neighborhood that was not originally designed for seniors, but now is home to a significant number of older persons. There are ten NORCs in CD 3 that provide Supportive Services Programs to maximize and support the successful aging in place of older residents (See appendix for list of NORCs in CD 3).

Often, NORC residents can access health and social services in their own buildings, building complexes or locally within their neighborhoods. Both the City Council and DFTA recognize the need for NORCs in the community and

are working to budget more NORC programs. NORC programs are a model for bringing necessary care and support to seniors living in age-integrated buildings and neighborhoods. Nurses and social workers are necessary to provide supportive services.

### **Needs for Older NYs**

CD 3 needs critically important investments to help older residents live healthier and more fulfilling lives as they age in place. In CD 3: • There are 37,102 residents (22 percent of total CD 3 population) over the age of 65; CD 3 is home to the third highest population of senior citizens in the city; • Approximately 11,502 seniors—31 percent of all seniors in the district—live below the poverty line; • 43 percent of seniors are living with a disability; • 34 percent of seniors experience ambulatory difficulties; and • 36 percent of seniors live alone. Fifty-nine percent of CD 3 seniors are foreign born, with 24 percent speaking Spanish at home and 45 percent speaking Asian and Pacific Island languages at home. Therefore, CD 3 requires culturally and linguistically appropriate health and social services for its large senior population. In practice, seniors require care on a continuum that covers their diverse cultural, health and wellness needs. Priority concerns of seniors that have been identified are: • Concerns about isolation • Food access • Wellness concerns such as needs for physical activity, mental stimulation, coping with depression, low self-esteem & self-worth issues (especially amongst the oldest) • Staying informed with accurate information about health and other issues Programs at senior centers and Naturally Occurring Retirement Communities (NORCs) provide programs to address these concerns. Senior Centers According to the Department for the Aging (DFTA), in CD 3 there are 12 DFTA funded senior centers. Each center is particularly important as they are culturally sensitive to the needs of our diverse communities. Given the growing senior population, there is a need to maintain and expand the existing facilities and to address significant capital maintenance needs. Naturally Occurring Retirement Communities In addition to senior centers, NORCs are also vital in CD 3. A NORC is a multi-age housing development or neighborhood that was not originally designed for seniors, but now is home to a significant number of older persons. There are six NORCs in CD 3 that provide Supportive Services Programs to maximize and support the successful aging in place of older residents (See appendix for list of NORCs in CD 3). Often, NORC residents can access health and social services in their own buildings, building complexes or locally within their neighborhoods. Both the City Council and DFTA recognize the need for NORCs in the community and are working to budget more NORC programs. NORC programs are a model for bringing necessary care and support to seniors living in age-integrated buildings and neighborhoods. Nurses and social workers are necessary to provide supportive services.

### **Needs for Homeless**

According to Bowery Mission, nearly 2,400 people sleep on the street, subway system, or in other public spaces. The January 2022 HOPE report shows an increase of about 1,000 people from the preceding year. This included a substantial increase in the subway estimate.<sup>50</sup>

The Coalition for the Homeless reported in 2021, 86 percent of homeless single adults and 93 percent of heads-of-household in family shelters identify as Black, Hispanic, Asian-American, or Native American. An estimated 77 percent of adult families, 68 percent of single adults, and 53 percent of families with children have a disability or condition that may require an accommodation. Additionally, there was an increase in the percentage of seniors in single adult homeless population.

Manhattan outreach workers are the primary contacts for case management and outreach to unhoused on the street in the effort to have them accept placements and services. Providing necessary tools for these workers are of primary importance.

1. More outreach staff are needed. There has been an unfilled request for 4 additional staff for downtown Manhattan that has remained unfilled for the last year.
2. Vacancies must be filled. There are currently 5 vacancies. These positions must be promoted to social work positions.
3. Translation resources are needed. Currently there are a few Spanish speaking staff and no Chinese speaking staff. Outreach to homeless requires building trust and culturally sensitive communication. Phone translation does not provide this and often translators are not familiar with terms used.
4. Outreach workers report an increase in fentanyl overdoses. Goddard staff has created a partnership with Housing Works to include harm reduction outreach. A formalized program with funded resources is needed to have

this coordinated outreach more frequently and throughout the District.

5. Mental Health resources are lacking. There is anecdotally an increase in homeless people needing mental health services. Services must be provided with consistent follow up where the people are living—on the street.

Parks in CD 3, Tompkins Square Park and Sara Delano Roosevelt (SDR) Park, and Columbus Park have for the last several years become the only open space for some shelter residents during the day. We have also seen an increase in people who are unsheltered in the parks. Tompkins Square Park has been subject to “clean ups” of encampments that have included throwing out people’s possessions. These clean ups have not been productive, and DHS should work with providers to create a better plan for outreach that will include mental health and substance abuse services.

Two thirds of all people who are homeless living in shelter or temporary housing in NYC are families.<sup>52</sup> 40% of these are working poor, they have incomes but cannot afford to pay the rent. Of our 167,000 residents in CD 3; there are 9,722 families with children living in temporary housing.

### **Needs for Low Income NYs**

No comments

---

## Capital Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
4/27	DFTA	<b>Renovate or upgrade a senior center</b>	<i>Repairs are years overdue, chronic, and very disruptive to programming ADA compliant bathrooms—doors and stalls do not accommodate Pipes, door, stove, drainage system in basement needs to be replaced. Window bars lack emergency exits (do not open.) The Center run by University Settlement serves low income seniors. It is unconscionable that that they are not served in decent and safe conditions.</i>	189 Allen Street, Manhattan, New York, NY

## Expense Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
2/25	DHS	<b>Other request for services for the homeless</b>	<i>Increase funding for more Manhattan Outreach Consortium homeless outreach workers and supervisors (5 additional staff). These trained specialists develop trusting relationships with homeless people. The teams connect people in need of services such as medical and psychiatric care, food and shelter, while helping them transition into permanent housing. The increase in the number of people who are homeless on CD 3 streets along with the need to have some teams expanded to 3 people for safety require additional staff.</i>	
4/25	DHS	<b>Other facilities for the homeless requests</b>	<i>Increase funding for more Safe Haven and stabilization beds. (CB 3 is currently experiencing a crisis with the street homeless population. Safe Haven beds are low-threshold housing that enable street homeless to transition to housing and have proven effective. Currently there are not always beds available, especially in home neighborhoods, and people who are living on the street have had to wait for this form of shelter. Single-person units are needed to accommodate those who are not prepared to accept beds in 2-person units.</i>	

9/25	DFTA	<b>Provide additional senior center staffing</b>	<i>Increase funding for senior meals and kitchen staff salaries in senior centers and home-delivered meals. No seniors are denied a meal through this program, which means some senior centers must dig deeper than others to keep up with demand, therefore more funding would help meet this need.</i>
10/25	DFTA	<b>Increase home delivered meals capacity</b>	<i>Increase funding for home-delivered meals, which provide access to nutritious and balanced meals, promote overall health, and support their ability to live independently in their communities. As NYC is ending COVID emergency meals, it is necessary to ensure funding for home-delivered meal program.</i>
13/25	DFTA	<b>Enhance NORC programs and health services</b>	<i>NORCs in CD 3, of which there are six, provide Supportive Services Programs to maximize and support the successful aging in place of older residents. Many of the City's NORCs can access health and social services in their own buildings, building complexes or locally within their neighborhoods. These programs are a model for bringing necessary care and support to seniors living in age-integrated buildings or neighborhoods.</i>

## YOUTH, EDUCATION AND CHILD WELFARE

### Manhattan Community Board 3

#### Most Important Issue Related to Youth, Education and Child Welfare

##### **Other**

Social workers and counselors All schools have social workers but for the majority of schools, this is a part time position focused on managing mandated services. 11 out of 19 schools in School District 1 report a need for a full-time social worker who can support the mandated services, support students and families' additional needs and work proactively to support future needs before they arise. (Mustillo, K., Deputy Superintendent School District 1, email communication, September 1, 2022.) Unmet Needs in Youth Programs Community Board 3 has overlapping unmet needs that restrict the ability for our social service organizations to serve our most underserved residents, particularly children and seniors.

- Families no longer qualified for programs due to outdated income requirements Many families now surpass the federal maximum income requirement for programs serving low-income families (such as Head Start). This is often the result of wage increases from minimum wage to living wage without corresponding increases in maximum income requirements. Families earning a living wage are still in need of these programs.
- Pay disparity There is continues to be a lack of pay parity between staff of DYCD funded programs and staff of DOE funded programs. In 2022, the city made a one-time allocation of \$60 million but this does not cover cost of living adjustments (COLA). Staff of DOE programs receive COLA, while staff of DYCD programs do not, the result is that pay parity is not sustained. Service providers continue to see an exodus of staff from DYCD funded programs for this reason. Last year's City Council legislation requires pay parity for educators in early childhood programs, whether funded by DOE or DYCD (CBO based). However, the pay parity is not sustained. While first year CBO-based teachers receive a salary that is comparable to that of DOE teachers, DOE teachers also receive salary increases over time whereas CBO teachers do not. (Education Alliance (n.d.) <https://edalliance.org> This is further complicated by the fact that staff from the same programs may be members of different unions whether DYCD or DOE funded – and therefore have different contracts to negotiate. (Cheng, M., Director Child Development Services, Ho, W., President and CEO, Chinese American Planning Council, email communication, July 26-29, 2022)

#### Community District Needs Related to Youth, Education and Child Welfare

##### **Needs for Youth Education**

Community School District 1 (CSD1) schools are outdated and under-resourced. From 2012-2021, CSD1 lost 1,999 students.(33 New York City Department of Education. (2021). Demographic Snapshots, School Years 2014-15 to 2019-21. <https://data.cccnewyork.org/data/table/103/enrollment#103/157/11/a/a>) CD 3 is in need of a new public-school facility for the following reasons:

- 85 percent of CSD1 schools share a building with one or more schools resulting in inadequate access to gym, arts and enrichment, science labs, and acceptable hours for school lunch. 16 percent of schools share a gym and/or yard space with three or more schools and almost ¼ of these schools share gym facilities between two schools. This lack of access is further exacerbated by the fact that 35 percent of gym facilities are used for multiple purposes, creating “cafegymalaboriums.” (34 Community School District 1 (2014). Gym Survey. <https://cec1.org/gym-survey/>)
- The NYC Department of Education (DOE) mandates 120 minutes of physical education per week. Students in CD 3 do not have equal access to physical education and activity due to inadequate space.
- Inadequate, aging buildings were not designed for today's students. Middle and high school students often learn in classrooms designed for elementary school students. CD 3 has schools built from 1900 on—the average age of CD 3 schools is 79 years old. (See school age chart in appendix.)
- The lack of technology infrastructure in all these aging buildings prevents CD 3 children from access to 21st Century College and Career Ready skills. With the advent of updated state testing moving to an online format, these aging buildings will limit students' ability to compete in this new online testing format. There is a dearth of K-8 schools in the western side of School District 1 where the proposed site is located.

For students in our community to meet the goals of NYC DOE's “Equity and Excellence for All” agenda, they must

have adequate opportunities to move throughout their day and have adequate access to technology.(NYC Department of Education. (n.d.) Equity and Excellence for All: Diversity in New York City Public Schools. <http://schools.nyc.gov/AboutUs/schools/equityandexcellence/default.htm>.)

A new school facility will provide the students of CSD1 with a state-of-the-art building and could also provide existing schools with necessary use of space. In consultation with the New York City School Construction Authority (SCA), a parcel of City-owned land that can accommodate a footprint of 75,000 square feet (on Site 5 of Essex Crossing) has been reserved for a school until 2023. (Manhattan CB 3. (2014). Essex Crossing School Position Paper. <http://www.nyc.gov/html/mancb3/downloads/planning/CB%203%20Essex%20Crossing%20School%20Position%20Paper%2>) Given the rapid approach of the 2023 deadline, CB 3 urges SCA to take advantage of this time-sensitive opportunity and fund construction of a new school in the 2019 five- year Capital Plan.

### **Needs for Youth and Child Welfare**

Families in CD 3 rely heavily on community-based programs during after-school hours, weekends, and holidays because 36 percent of our children under 18 years of age live below poverty level.<sup>31</sup> After school programs provide the youth and their families intervention services and support programming.

Of primary concern this year, is a reduction in arts enrichment programming that is typically provided to students at our schools by non-profit organizations due to lack of funding for these organizations.

After-school for STH in non-title 1 schools is needed to ensure that after-care is available for working families of STH. An example of this is a Henry Street Settlement program that offers free arts programming for NYCHA families. Expansion of opportunities such as this is needed and would benefit students and families. (Mustillo, K., Deputy Superintendent School District 1, email communication, September 1, 2022.)

---

## Capital Requests Related to Youth, Education and Child Welfare

Priority	Agency	Request	Explanation	Location
19/27	SCA	<b>Provide a new or expand an existing middle/intermediate school</b>	<i>Eighty-five percent of Community School District 1 schools share a building with one or more schools, resulting in reduced access to gym, arts and enrichment, science labs, and acceptable hours for school lunch. Site 5 at Essex Crossing has been reserved for a school. The reserved site is in School District 2 but the intention is to have a District one/two school. CB 3 schools date back to 1900 with an average age of 79 years old.</i>	

## Expense Requests Related to Youth, Education and Child Welfare

Priority	Agency	Request	Explanation	Location
3/25	DYCD	<b>Other runaway and homeless youth requests</b>	<i>Runaway and Homeless Youth programs serve youth holistically, enabling them to obtain the services needed to place them on a path to independent living and stability. The three types of services include residential services, drop-in centers, and street outreach.</i>	
5/25	DYCD	<b>Other expense budget request for DYCD</b>	<i>Increase funding to expand access to after school programs for elementary and high schools. CB 3 is home to more than 17,000 children under 18 years of age, many of whom attend after school programs through Comprehensive After School System of NYC (COMPASS a), which is made up of over 800 programs serving K-12 and SONYC serving grades 6-8. Many of these much-needed programs in the Lower East Side have waitlists.</i>	
6/25	ACS	<b>Other foster care and child welfare requests</b>	<i>Fair Futures Program Explanation: this is a public-private partnership that provides dedicated coaches, tutors and education, employment and housing specialists for youth in foster care ages 11 to 26.</i>	
7/25	DOE	<b>Other educational programs requests</b>	<i>Increased funding for Bridging the Gap program. This program focuses investments to add social worker and support staff to schools with high homeless population</i>	

8/25	DOE	<b>Other educational programs requests</b>	<i>Increase funding for school nurses. At the beginning of the pandemic less than 40% of schools had a full-time nurse on staff. Funding should be increased to ensure a full-time nurse at every school.</i>
17/25	DYCD	<b>Provide, expand, or enhance the Summer Youth Employment Program</b>	<i>Increase funding for Summer Youth Employment Program. This is the nation's largest youth employment program. Increasing and baselining funding will make sure more applicants are connected with job placements. The program was canceled in summer 2020 and reinstated at reduced level after demand from community and service.</i>
20/25	DYCD	<b>Other expense budget request for DYCD</b>	<i>The WorkLearnGrow program builds off the experiences gained in SYEP. WLG provides SYEP participants who are between the ages of 16-19 and currently in-school with career readiness training and paid employment opportunities for up to 25 weeks from October to March.</i>
21/25	DYCD	<b>Provide, expand, or enhance Cornerstone and Beacon programs (all ages, including young adults)</b>	<i>Increase funding for Cornerstone programs, which serve students and their families year-round in NYCHA community centers.</i>

## PUBLIC SAFETY AND EMERGENCY SERVICES

### Manhattan Community Board 3

#### Most Important Issue Related to Public Safety and Emergency Services

##### **General crime**

The serious crime rate, those crimes classified as major felony defined by the NYPD, in CD 3 was 17.3 serious crimes per 1,000 residents in 2021, compared to 12.2 serious crimes per 1,000 residents citywide. (NYU Furman Center. (2022). Lower East Side/Chinatown MN03. <https://furmancenter.org/neighborhoods/view/lower-east-side-chinatown>) Major felonies include murder, robbery, felony assault, burglary, grand larceny along with drug dealing. Crime between January and July across precincts 5, 7, and 9 increased (45.8 percent) from 2021 to 2022. In January through July 2022, precinct 5 experienced a total of 635 crimes committed (410 in 2021), precinct 7 a total of 816 crimes committed (569 in 2021), and precinct 9 experienced a total of 1,116 crimes committed (803 in 2021). There was an increase of burglary, assault and grand larceny, across all three precincts. (City of New York Police Department. (2022). NYPD CompStat2.0. <https://compstat.nypdonline.org/2e5c3f4b-85c1-4635-83c6-22b27fe7c75c/view/89>) (See appendix in complete FY2024 District Needs Statement on Manhattan CB3 website for further 2022 YTD crime data.) There has been a significant increase in the number of complaints to the Community Board regarding open drug use and crime. One of our parks, SDR, is known as the destination location in NYC to buy K2. (Bowery Boogie. (2021). Cops Close Down Section of Sara D Roosevelt Park to Curb Drugs and Homeless. <https://boweryboogie.com/2021/08/cops-close-down-section-of-sara-d-roosevelt-park-to-curb-drugs-and-homeless/>) There are complaints from residents for some blocks and developments that are home to drug dealers as well residents seeking safe homes. We have seen gang violence result in murder and drug dealers murdered over land jurisdiction. (Joy, Stacie. (2022). After deadly shooting, fearful residents speak out about the drug activity on Avenue D & 3rd Street. EV Grieve. <https://evgrieve.com/2022/05/after-deadly-shooting-fearful-residents.html>) Police have been contacted and have some short-term successes, but there does not appear to strategies and plans to bring safety in all areas of CD 3. This displays a need for more harm reduction resources in addition to resources with a proactive focus on the root causes of these issues.

## CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

### Manhattan Community Board 3

#### Most Important Issue Related to Core Infrastructure, City Services and Resiliency.

##### **Preparedness for extreme weather events (incl. coastal flooding, heat waves, cold snaps, heavy wind and rain)**

Expand Support for Residential Resiliency Upgrades In CD 3, over 21,000 dwelling units are located within the 2015 FEMA-identified 100-year floodplain and over 27,500 units are located within the 500-year floodplain.<sup>24</sup> Current programs that finance residential resiliency upgrades are not being widely used in CD 3, and there is a need for the City to tailor programs to the specific financial needs of low- and moderate-income housing providers, including HDFC co-op boards, so that they can complete critical building infrastructure upgrades and take proactive steps to become environmentally resilient. Waterfront Pier 42 has been partially funded, but the delayed project leaves the unfulfilled need to complete the critical missing link of public access along Lower Manhattan's East River shoreline. Although additional funding from the city has been provided as part of the East Side Coastal Resiliency mitigations, this is only for the construction of temporary fields and amenities. The full masterplan approved by CB 3 in 2013 would provide needed access to the waterfront at Pier 42 with passive recreation space, barriers to storm surges, marine habitat, and ecological education opportunities.

#### Community District Needs Related to Core Infrastructure, City Services and Resiliency.

##### **Needs for Water, Sewers, and Environmental Protection**

No comments

##### **Needs for Sanitation Services**

CD 3 was one of three core rat reduction neighborhoods in the City due to the immense number of rats. in Manhattan. The program was paused during the shutdown and has now been reactivated. Gains due to rat reduction have been lost. 311 rat complaints have increased. From January to June 2019 there were 340 complaints. In the same time period in 2022, there were 401 complaints. Compared to 2019, overall burrow counts at NYCHA are higher in 2022. However, burrow counts peaked in April 2022, and then steadily declined through June 2022. Inspections restarted in March and Active Rat Sign (ARS) failure rate has ranged from 17 percent to 12 percent but is now trending toward 20 percent. Compliance inspections of properties in 2021 has the extraordinarily high rate of 51 percent ARS failure rate.

(Dept of Health and Mental Hygiene, Director of Neighborhood Intervention Pest Control Services)

The year lost to the program during the shutdown will be added back to the program. The Open Streets/ Restaurants with roadside and sidewalk dining has created additional need for sanitation inspection and enforcement.

##### **Sanitation**

From July 2021 through June 2022 there were over 600 complaints regarding dirty conditions involving trash in CD 3.

(NYC Open Data. (2022). 311 Service Requests from 2010 to Present. <https://data.cityofnewyork.us/Social-Services/311-Service-Requests-from-2010-to-Present/erm2-nwe9/data>)

There is a need to remedy this issue with programs like Clean Curbs which would bring more containerized trash to the district and help to keep garbage organized, off the curb, and out of the street.

## Capital Requests Related to Core Infrastructure, City Services and Resiliency

The Community Board did not submit any Budget Requests in this category.

## Expense Requests Related to Core Infrastructure, City Services and Resiliency

Priority	Agency	Request	Explanation	Location
11/25	DSNY	<b>Provide more frequent garbage or recycling pick-up</b>	<i>DSNY has reduced collection services in rat mitigation zones. CD 3 is a rat mitigation zone because it has one of the most serious rodent problems in NYC. Outdoor dining has exacerbated the need for more extensive mitigation as well as more pick-ups needed. and loss of collection services will have rat mitigation back on track.</i>	
12/25	DSNY	<b>Other expense budget request for DSNY</b>	<i>Increased Sanitation pick-ups for NYCHA developments. Some NYCHA developments, especially those without compactors, have bags of garbage sitting on the campus or at the curb for several days. This attracts other garbage and feeds rats. DSNY needs increased funding to add necessary additional pick-ups.</i>	
14/25	DSNY	<b>Provide or expand community composting programs</b>	<i>Curbside composting. Leftover food and yard scraps make up roughly a third of the city's residential waste stream. Composting greatly reduces the amount of garbage. Currently the vast majority of organic waste gets carted out of the city to landfills, where it emits methane. Garbage left on the street also attracts rats, and CD 3 was one of 3 original rat reduction neighborhoods because of the number of rats. Curb side composting is available throughout Queens because the largest share of composting material is yard scraps. CD 3 needs composting extended to our district to reduce the rodent problem and the amount of garbage in bags on our streets.</i>	

---

25/25

DSNY

**Provide more  
frequent litter  
basket collection**

*Litter Basket service must be expanded as CD 3 is a rat mitigation zone and also has many restaurants resulting in more visitors/ overflowing litter baskets. Open Restaurants have increased the amount of garage and cessation of curbside composting has also increased garbage for pickup. Especially on weekends baskets are overflowing. CD 3 streets have become are filthy and have piles of garbage between sheds and sidewalk seating and residential garbage is places in whatever space available due to traditional locations now taken up with restaurant sheds.*

# HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

## Manhattan Community Board 3

### Most Important Issue Related to Housing, Economic Development and Land Use

#### **Affordable housing creation**

Build and Preserve Affordable Housing Since 2010, city-wide housing development of new units has lagged far behind population growth, largely due to restrictive regulations and high construction costs. At the same time the share of rent-burdened households paying more than 30 percent of their income for housing has steadily increased, while the number of apartments available at low rents has shrunk, leaving the lowest-income households with few options. (NYU Furman Center. (2022). Lower East Side/Chinatown MN03. <https://furmancenter.org/neighborhoods/view/lower-east-side-chinatown>.)

There is a need for more deeply affordable housing in CD 3 to address the crises of inadequate housing supply, affordability, inequality, and homelessness in the district. New opportunities for affordable housing must be found, including senior housing, supportive housing, housing for the formerly homeless, hotel and commercial conversions to residential uses, community opportunities to purchase distressed properties, and long-term preservation of existing affordable housing in the district. CD 3 also needs more family-sized affordable housing, with higher volumes of 2- and 3-bedroom affordable units than the typical affordable unit mix. In addition, the homeownership rate in CD 3 is 10.8 percent, which ranks 48th out of 59 community districts in the City. (NYU Furman Center. (2022). Lower East Side/Chinatown MN03. <https://furmancenter.org/neighborhoods/view/lower-east-side-chinatown>.) Along with expanding affordable rental housing, there is a need to expand affordable homeownership opportunities like the kind seen in previous decades with programs like Mitchell-Lama. Sufficient funding for capital projects and housing subsidy programs from the City will be required to ensure much needed affordable housing continues to be constructed. Additionally, unnecessary administrative and bureaucratic roadblocks in the approval process are some of the largest financial costs in building new affordable homes, which often renders desirable projects financially unfeasible. Community based organizations in CD 3, which provide essential services to tenants who are dealing with the termination of basic services, egregious building code violations, and frivolous evictions, need expanded support to make sure tenants can remain in their homes and that existing affordable housing is protected.

Priority	Agency	Request	Explanation	Location
3/27	HPD	<b>Other affordable housing programs requests</b>	<i>Opportunities for affordable housing must be increased, including senior housing, supportive housing, housing for the formerly homeless, hotel and commercial conversions to residential uses, community opportunities to purchase distressed properties, and long-term preservation of existing affordable housing in the district.</i>	
5/27	NYCHA	<b>Renovate or upgrade NYCHA community facilities or open space</b>	<i>La Guardia Addition is in dire need of elevator upgrade. It is a NYCHA senior citizen building with 23 floors. Many tenants are older, with vulnerabilities and disabilities.</i>	
6/27	NYCHA	<b>Other public housing upgrades or renovations requests</b>	<i>Baruch Addition is in dire need of elevator upgrade. It is a NYCHA senior citizen building with 23 floors. Many tenants are older, with vulnerabilities and disabilities.</i>	
7/27	NYCHA	<b>Renovate or upgrade public housing developments</b>	<i>45 Allen Street is in dire need of elevator upgrade. It is a 14 floors NYCHA building with a high percentage of senior population. Many tenants are older, with vulnerabilities and disabilities.</i>	45 Allen Street, Manhattan, New York, NY
27/27	NYCHA	<b>Renovate or upgrade NYCHA community facilities or open space</b>	<i>New elevator needed for LES Infill I, which has 9 floors.</i>	175 Eldridge Street, Manhattan, New York, NY

## Expense Requests Related to Housing, Economic Development and Land Use

Priority	Agency	Request	Explanation	Location
18/25	NYCHA	<b>Other public housing maintenance, staffing and management requests</b>	<i>Increase funding for staffing for grounds maintenance and building maintenance at NYCHA. The Manhattan staffing has not been adequate to meet the needs of building maintenance and grounds maintenance, which are crucial staff positions needed to support our NYCHA buildings.</i>	

---

19/25	NYCHA	<b>Other public housing maintenance, staffing and management requests</b>	<i>Increase funding for waste management staff and operations at NYCHA buildings. Waste management staff and operations funding will help to combat waste and rodent issues and support important physical improvements, which address these problems but are below the capital project funding threshold. Bridge Training.</i>
-------	-------	---	---

### Manhattan Community Board 3

#### Most Important Issue Related to Transportation and Mobility

##### **Freight movement (loading zones, freight related traffic, etc.)**

Delivery and Curbside Management Neighborhood Loading Zones were installed in the East Village, but the Lower East Side below Houston did not receive needed loading zones. We have seen constant problems, especially in the Essex Crossing area, that have not been addressed. Semi-large box stores such as Target and Trader Joes have 18-wheelers with deliveries that cannot fit into the loading areas. They block sidewalks and bike lanes, causing potentially dangerous situations. The areas on Canal Street between Allen and Essex and on Grand Street between Essex and the FDR are the highest priority areas needing a safety/loading plan.

#### Community District Needs Related to Transportation and Mobility

##### **Needs for Traffic and Transportation Infrastructure**

Accessibility and Safety Accessibility and pedestrian safety are a CB 3 priority, especially with 8.7 percent of residents of the area reporting ambulatory difficulty. There are several ways to address this issue in the district:

- Improved accessibility of bus stops, which is necessary for seniors and people with disabilities. There are complaints to the community board and observations of bus stops being used as loading zones and short-term parking, which render the stops inaccessible for those in wheelchairs and walkers. NYPD needs to enforce bus stop regulations.

Pedestrian and Traffic Safety In the first four months of 2020, 303 total injuries and two fatalities have resulted from crashes in CD 3. The density of injuries in CD 3 is high in comparison to other community districts in Manhattan and the rest of the City. The highest volume of crashes were located on:

- East Houston Street (between Avenue A and Bowery)
- Delancey Street (between Bowery and Clinton)
- Grand Street (between Bowery and Clinton)
- Bowery (between East Houston and Delancey)
- Third Ave (between East Houston and East 10th St)

Pedestrian safety improvements and traffic calming measures are needed on these key corridors and high priority intersections to reduce overall traffic crashes and ensure the safety of pedestrians on our most dangerous streets. Delivery and Curbside Management The increased demand for deliveries driven by on-line shopping, the proliferation of cargo delivery bicycles, and the need for loading/unloading zones by local businesses necessitate planning to ensure safety. The proliferation of mid-box stores with ongoing delivery needs but without appropriate loading zones exacerbates these problems. The effect on traffic due to commercial and residential deliveries calls for overall planning by the City to address these issues and develop a plan that will allow both the steady flow of traffic and safe access to sidewalks.

##### **Needs for Transit Services**

CD 3 is underserved by public transportation despite the fact that 93 percent of workers in the district do not use a car to commute to work. Many residents are poorly served by the subway system, with 15 percent living more than ½ mile from the nearest subway stop. Therefore:

- There is a need for more east/west bus service south of 8th Street. The ease of East/West travel has been diminished by the elimination of the Grand Street Bus in the early 1980's and by the limited number of M14A buses.

## Capital Requests Related to Transportation and Mobility

Priority	Agency	Request	Explanation	Location
10/27	DOT	<b>Other capital budget request for DOT</b>	<i>For the last decade, these very popular bike lanes along Allen Street from Houston south routinely flood, forcing riders into vehicular traffic. Repairs have not been made and reconstruction is now necessary.</i>	Allen St from Houston south

## Expense Requests Related to Transportation and Mobility

The Community Board did not submit any Budget Requests in this category.

## PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

### Manhattan Community Board 3

#### Most Important Issue Related to Parks, Cultural and Other Community Facilities

##### **Community board resources (offices, staff and equipment)**

Community Boards have not had a significant baseline budget expansion since 2014. The community boards need a significant budget increase to maintain their Charter-mandated duties which have become more technologically complex and costly since COVID. Boards need funding for consistent access to technology, functional office space, and expertise in land use and zoning. Most importantly, Boards need baseline funding for salaries both to hire staff with appropriate expertise and to retain staff in the competitive environment with other city agencies.

#### Community District Needs Related to Parks, Cultural and Other Community Facilities

##### **Needs for Parks**

CD 3, like most community districts in New York City, is underserved in terms of open space, with less than the City-recommended 2.5 acres of open space per 1000 residents. • Citywide the median open space ratio is 1.5 acres per 1,000 residents – CD 3 is slightly below that average at 1.2 acres per 1,000 residents. • While 99 percent of residential units in CD 3 are located within ¼ mile of a park, not all parks are easily accessible or maintained at an acceptable level. • Open space is not evenly distributed throughout the district, with the area west of Avenue A and Chinatown lacking adequate open space. • With the impending closure of East River Park for a minimum of 3.5 years, other parks in CD 3 risk being inundated and over-used by people looking for alternative spaces. Parks Buildings There are numerous Parks Department buildings in the district that are underutilized. These spaces are either completely closed or are used as store houses for citywide Parks operations. Our local park houses should not bear this disproportionate burden for other neighborhoods. These buildings would be better used as community facilities that could serve as neighborhood safe anchors thus increasing park safety. We believe these buildings should be renovated and reopened for community use. According to a 596 Acres Study, the following properties are underutilized in the district: • SDR Park: The Stanton Street Park House in SDR Park was a community center until the 1970s and must be returned to community use (only the restrooms are open to the public). Three out of four Parks buildings in SDR Park are used for citywide Parks maintenance or communication centers. Public restrooms are closed in one park house and open only for limited, unsupervised and sporadic hours in the three others. This inequitable distribution of resources does not allow CD 3 to meet its needs for community space, programming and park safety, especially in this very densely used and troubled park straddling the Lower East Side and Chinatown and a Scope of Work is needed to move this forward. • SDR Park: Hester St. Building (Used by Parks. Only the restrooms are open to public) • Allen Street Mall Comfort Station (Completely closed. RFPs for food vendor still in progress, which would open bathrooms) • Seward Park "Park House" Building (Bathrooms are open, space slated for temporary use by Lower East Side Ecology Center at the time of this writing as an East Side Coastal Resiliency project mitigation) • LaGuardia Houses Playground Building (demolished and converted to open turf area. However, this is a temporary conversion and Parks needs to commit to building a permanent community recreation facility.) • Baruch Houses Bathhouse (Completely closed, RFP has been issued.) • Tompkins Square Park Building (Bathrooms are open. the rest of the building is closed to the community.) Recreational Use The lack of park space is exacerbated by a lack of recreational sports fields. While CB 3 does not seek to exclude outside groups from our parks, the Board had taken the following positions: • Priority access to recreational sports fields should be given to not-for-profit organizations serving the youth of CD 3 especially considering the full closure of East River Park. • NYC Parks must revisit the policy of grandfathering sports field permits to certain organizations. • Fields must be maintained to optimize use. This includes providing drainage so that fields can be used after rain and snow. Rodents in Parks and Community Gardens The Rat Reduction program implemented in 2017 has not shown success uniformly in CD 3, but there has been success in parks. The pandemic put a pause on the program, which was then activated in May 2021. Parks that show increased active rats signs are Columbus Park, East River Park, SDR Park, Seward Park, and Strauss Square. Tompkins Square Park and Cooper Triangle are the only parks that have shown improvement. Wireless Access CD 3 residents would benefit greatly from free wireless access in all

public parks, such as the networks currently available in Alfred E. Smith Playground, Tompkins Square Park and Hamilton Fish Park, which allow all in the community to use their laptops and other devices in parks. Maintenance CB 3 members have routinely observed parks, playgrounds, plazas, Greenstreets, and street trees with plantings not being properly and regularly maintained or mowed. This issue has been particularly exacerbated during the COVID-19 pandemic as more people than ever turn to their local parks and open spaces to escape their apartments for fresh air while they shelter in place. Many CD 3 parks have become overrun with overflowing trash cans, litter, overgrown lawns (some at almost 2-feet high) and rampant weeds. All this while parks in more affluent districts are maintained in pristine condition. Therefore CB 3 requests:

- Adequate staffing of Parks mobile maintenance staff
- Regular maintenance of parks mechanical equipment to ensure that they are always at the ready
- More frequent cleaning of playgrounds in parks, as well as standalone park playgrounds during the weekends and on summer weekdays, especially in all spray showers and water fountains, to maintain safety and sanitation
- Maintenance of new street trees and bioswales

Community Gardens CD 3 has one of the highest concentrations of Greenthumb gardens in New York City and the densest distribution of gardens in the city. It is essential that our community gardens are protected. Currently gardens can still be sold as they are not legally Parks property. CB 3 supports:

- The creation of a new Special Purpose "Community Garden District" that would offer a measure of protection, as would a new protected NYC zoning designation of "Community Garden." Since all community gardens have the same maintenance and resource needs as public parks, CB 3 requests that:
- All gardens under NYC Parks jurisdiction receive funding through Greenthumb and should be provided with adequate infrastructure, such as available water spigots, ongoing topsoil renewal, wrought iron fencing, and electricity/solar lighting where applicable. There should be installation of Bruckner Boxes in all parks that require them to ensure watering facilities are adequate to sustain greenery. Keeping the gardens well-lit is a public safety need. The increase in illicit drug use, as reported by area gardeners, makes garden lighting especially relevant. Therefore:
- For these safety reasons, an additional PEP Officer should be hired to specifically patrol the community gardens in CD 3.

Bioswales, Tree Plantings Bioswales and tree plantings (tree canopy) needs to begin now especially considering the ESCR project. Indigenous plantings should also be distributed throughout CD 3. Waterfront Pier 42 has been partially funded, but the delayed project leaves the unfulfilled need to complete the critical missing link of public access along Lower Manhattan's East River shoreline. Although additional funding from the city has been provided as part of the East Side Coastal Resiliency mitigations, this is only for the construction of temporary fields and amenities. The full masterplan approved by CB 3 in 2013 would provide needed access to the waterfront at Pier 42 with passive recreation space, barriers to storm surges, marine habitat, and ecological education opportunities. Composting Composting renewal and expansion of city-wide composting in parks and community gardens wherever practicable is needed to ensure that the environmental benefits of composting remain cost efficient and locally-based. The Lower East Side Ecology Center headquartered in the East River Park Fire Boat House and the compost yard must return to East River Park to continue to serve as a model for park regenerative practices. Each week, 3,500 people contribute eight tons of food scraps to the Center's programs which divert food scraps from waste streams.

### **Needs for Cultural Services**

In CD 3, arts and cultural activities are an important means of preserving and exploring our exceptionally diverse community culture. Arts and cultural activities are also an important economic engine for our district that has a large concentration of artists and arts and cultural organizations—large and small, professional and community-based, experimental and culturally specific. Artists, cultural workers and arts and cultural organizations of all sizes were impacted to a devastating degree by COVID-19 in 2020. The performing arts sector was one of the hardest hit industries in NYC, putting cultural workers, including performing artists and administrators, in vulnerable positions. Many artists and cultural producers have not had an income since March 2020. The sector lost 56 percent of its total jobs between February 2020 and suffered the highest peak of sectoral unemployment in July 2020. As of April 2021, the sector has begun to slowly recover with a 11 percent improvement over July 2020. The negative economic impact on the arts and cultural sector is anticipated to last months, if not years depending on sector specificities. City funding for small, vulnerable arts organizations is also not certain. The Department of Cultural Affairs (DCLA) primarily funds larger, well-known cultural institutions, with less funding typically awarded to small arts nonprofits located in CD 3. There is a need for equitable funding, support and resource opportunities for small local organizations in CD 3 that focus on the population most impacted by COVID-19, which are low-income people of color. CB 3 has identified the following priority needs for Arts & Culture:

- In May 2021, NYC announced the

Artists Corps program, which was created to assist with pandemic recovery and provided a \$25 million investment in grant funding for local artists across the City. This should become an ongoing program to meet the long-term needs of artists recovering from loss of income during the pandemic.

- There is a need for more affordable and accessible workspaces for artists in CD 3.
- There is a need for more equitable funding for small and mid-sized cultural organizations, which are limited in their capacity to plan for the future since their funding is not baselined, unlike the Cultural Institutions Group (CIG). CB 3's dozens of small cultural organizations, many of which are Black, Latinx, and Chinese-run, are not members of the CIG and do not have the same access to wealthy donors. These organizations also need better access to cross-sectoral and inter-agency partnerships, which was outlined as a priority in the 2017 DCLA Cultural Plan.
- There is a need for increased engagement with the Community Board for community space and art programming in new developments in the District. It should be encouraged that arts and culture organizations be included in the planning of City projects and new private development, such as setting aside designated arts and cultural spaces and providing opportunities for local arts and cultural organizations to be involved in the programming and design of new public spaces.
- There is a need for CHARAS/El Bohio, a nonprofit community and cultural center that served as a much-needed axis for a local web of organizations, stakeholders and leaders that reflected the values of the communities in which they serve, to be restored in order to address a deeply felt loss in the community.

### **Needs for Library Services**

CD 3 has five branches of the New York Public Library (NYPL) system: Chatham Square, Hamilton Fish, Ottendorfer, Seward Park, and Tompkins Square. The branches in CD 3 have amongst the highest numbers of visits in the NYPL system visits during FY20:

Branch	Visits
Manhattan Community Board 3 Branch	250,155
Chatham Square Branch	155,466
Hamilton Fish Park Branch	118,305
Ottendorfer Branch	37,447
Seward Park Branch	284,370
Tompkins Square Branch	164,797
Totals	855,074

NYPL is currently balancing what they have learned during the pandemic about the value of digital and remote services along with reconnecting with the community. The library will be looking at new initiatives such as modifying after-school programs and supporting greater proficiency in marketable technology skills. To this end, NYPL will implement a strategy for a hybrid model of course delivery in addition to in-person and online programming. The current COVID-19 crisis has shown that our libraries are needed to meet public health, social, and economic challenges. There is a need to increase or maintain services to ensure the most vulnerable residents have access to library services six days a week and expand to seven-day service.

### **Needs for Community Boards**

## Capital Requests Related to Parks, Cultural and Other Community Facilities

Priority	Agency	Request	Explanation	Location
1/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>This will be a destination park that will provide waterfront access with various amenities needed by the community. Additional funding is needed to complete master plan</i>	Pier 42, Manhattan, New York, NY
2/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Allen Pike St Malls (Parks) This is a highly visible location, and currently unreconstructed malls attract garbage and derelict bikes. This has a negative impact on local businesses and does not address the lack of amenities needed by the community and tourists. Additionally, \$2 million has been allocated for the Delancey Street Comfort Station.</i>	
8/27	DPR	<b>Other capital budget request for DPR</b>	<i>Funding is needed for new fencing and installation of on-site water in community gardens.</i>	
9/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Funding to reconstruct first floor of Stanton Street park building (storehouse) to create community space and make bathroom accessible to the public. This building should be reconstructed for community use to increase recreational and programmed space as this space is accessible and has a usable bathroom, features which make it appropriate for use by the community in an area with a serious lack of community spaces.</i>	
11/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Reconstruct Clinton Cherry Playground. The one full size and two half-sized basketball courts need upgrade.</i>	
12/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Coleman Oval Playground Play equipment, safety surface, spray shower, and comfort station need renovation, and need better security fencing for skatepark.</i>	
13/27	DPR	<b>Other capital budget request for DPR</b>	<i>New bathroom needed for Pier 35 Bathrooms were included in original design but not constructed and there are no bathrooms along the waterfront open spaces in Two Bridges.</i>	

14/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Tompkins Square Park, need for in-ground mini-pool, including decking and fencing. This is one of the most popular and heavily used parks in CD 3. Many children use the pool as well as daycare, school and summer camp groups</i>
15/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Redesign and reconstruct the playground including new play equipment, safety surface, greenery, etc.</i>
16/27	DPR	<b>Other park maintenance and safety requests</b>	<i>Columbus Park: Include new fencing on east side along Mulberry street from Children's playground and Baxter Street. Permanent fencing is needed for safety.</i>
17/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Baruch Playground: Renovate the full-size basketball court.</i>
18/27	DPR	<b>Improve access to a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Renovations are needed for additional seating, irrigation for greenery, and expansion of curb in East Broadway for pedestrian safety.</i>
20/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>The Montgomery/East Broadway Triangle Park area needs redesign and renovation to be useable by residents.</i>
21/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Funding needed to reconstruct park pathways, adjacent brick walls and sidewalks and other areas. Sprinklers near Stanton Street are also in need of repair as well as the pathways and sidewalks which are so badly deteriorated that they present safety issues. The brick walls surrounding the park need reconstruction to improve users' safety inside and adjacent to the park's walls.</i>
22/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Redesign and reconstruct the playground including new play equipment, safety surface, greenery, etc.</i>

23/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>New play equipment, safety surface, and spray showers are needed, the multi-purpose play area needs renovation, one-full size and three half-size basketball courts need renovation, and handball courts need renovation.</i>
24/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Funding is needed to redesign and renovate children's playground and water play area. Current playground only has one old, small play set for younger kids. Water area is non-functional with bad drainage.</i>
25/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Play equipment, safety surface, spray shower area, and greenery needs renovation.</i>
26/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Restoration of the historic Schiff Fountain includes the replacement of missing granite and bronze elements, the cleaning and repainting of the existing granite, and the repair or replacement of the plumbing to make the foundation operable.</i>

#### Expense Requests Related to Parks, Cultural and Other Community Facilities

Priority	Agency	Request	Explanation	Location
1/25	OMB	<b>Other community board facilities and staff requests</b>	<i>Increase baseline funding for community boards Community Boards have not had a significant baseline budget expansion since 2014. The community boards need a significant budget increase to maintain their Charter-mandated duties which have become more technologically complex and costly since COVID. Boards need funding for consistent access to technology, functional office space, and expertise in land use and zoning. Most importantly, Boards need baseline funding for salaries both to hire staff with appropriate expertise and to retain staff in the competitive environment with other city agencies.</i>	59-61 E 4th St
15/25	DPR	<b>Other expense budget request for DPR</b>	<i>Parks Maintenance Staff Additional funds are needed to increase year-round workforce for parks maintenance so that there is less of a need to rely on temporary or seasonal staff.</i>	

16/25	DPR	<b>Other park programming requests</b>	<i>Recreation Programs. Explanation: Playground Associates provide seasonal recreation activities for children and also maintain facilities and grounds and organize events.</i>
22/25	DPR	<b>Forestry services, including street tree maintenance</b>	<i>Need for additional Forestry Staff. Funding would go towards keeping up with demand for pruning and stump removal requests.</i>
23/25	DPR	<b>Other expense budget request for DPR</b>	<i>Increased funding for Green Thumb staff was not baselined. The increase will allow Parks to maintain current level of staffing.</i>
24/25	DPR	<b>Enhance park safety through more security staff (police or parks enforcement)</b>	<i>Additional Parks Enforcement Police - they provide a uniformed presence where they safeguard Parks properties and facilities and enforce rules and regulations regarding quality-of-life.</i>

## 6. OTHER BUDGET REQUESTS

The Community Board did not submit any Budget Requests in this category.

### Other Expense Requests

The Community Board did not submit any Budget Requests in this category.

## 7. SUMMARY OF PRIORITIZED BUDGET REQUESTS

### Capital Budget Requests

Priority	Agency	Request	Explanation	Location
1/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>This will be a destination park that will provide waterfront access with various amenities needed by the community. Additional funding is needed to complete master plan</i>	Pier 42, Manhattan, New York, NY
2/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Allen Pike St Malls (Parks) This is a highly visible location, and currently unreconstructed malls attract garbage and derelict bikes. This has a negative impact on local businesses and does not address the lack of amenities needed by the community and tourists. Additionally, \$2 million has been allocated for the Delancey Street Comfort Station.</i>	
3/27	HPD	<b>Other affordable housing programs requests</b>	<i>Opportunities for affordable housing must be increased, including senior housing, supportive housing, housing for the formerly homeless, hotel and commercial conversions to residential uses, community opportunities to purchase distressed properties, and long-term preservation of existing affordable housing in the district.</i>	
4/27	DFTA	<b>Renovate or upgrade a senior center</b>	<i>Repairs are years overdue, chronic, and very disruptive to programming ADA compliant bathrooms—doors and stalls do not accommodate Pipes, door, stove, drainage system in basement needs to be replaced. Window bars lack emergency exits (do not open.) The Center run by University Settlement serves low income seniors. It is unconscionable that that they are not served in decent and safe conditions.</i>	189 Allen Street, Manhattan, New York, NY
5/27	NYCHA	<b>Renovate or upgrade NYCHA community facilities or open space</b>	<i>La Guardia Addition is in dire need of elevator upgrade. It is a NYCHA senior citizen building with 23 floors. Many tenants are older, with vulnerabilities and disabilities.</i>	
6/27	NYCHA	<b>Other public housing upgrades or renovations requests</b>	<i>Baruch Addition is in dire need of elevator upgrade. It is a NYCHA senior citizen building with 23 floors. Many tenants are older, with vulnerabilities and disabilities.</i>	

7/27	NYCHA	<b>Renovate or upgrade public housing developments</b>	<i>45 Allen Street is in dire need of elevator upgrade. It is a 14 floors NYCHA building with a high percentage of senior population. Many tenants are older, with vulnerabilities and disabilities.</i>	45 Allen Street, Manhattan, New York, NY
8/27	DPR	<b>Other capital budget request for DPR</b>	<i>Funding is needed for new fencing and installation of on-site water in community gardens.</i>	
9/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Funding to reconstruct first floor of Stanton Street park building (storehouse) to create community space and make bathroom accessible to the public. This building should be reconstructed for community use to increase recreational and programmed space as this space is accessible and has a usable bathroom, features which make it appropriate for use by the community in an area with a serious lack of community spaces.</i>	
10/27	DOT	<b>Other capital budget request for DOT</b>	<i>For the last decade, these very popular bike lanes along Allen Street from Houston south routinely flood, forcing riders into vehicular traffic. Repairs have not been made and reconstruction is now necessary.</i>	Allen St from Houston south
11/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Reconstruct Clinton Cherry Playground. The one full size and two half-sized basketball courts need upgrade.</i>	
12/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Coleman Oval Playground Play equipment, safety surface, spray shower, and comfort station need renovation, and need better security fencing for skatepark.</i>	
13/27	DPR	<b>Other capital budget request for DPR</b>	<i>New bathroom needed for Pier 35 Bathrooms were included in original design but not constructed and there are no bathrooms along the waterfront open spaces in Two Bridges.</i>	
14/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Tompkins Square Park, need for in-ground mini-pool, including decking and fencing. This is one of the most popular and heavily used parks in CD 3. Many children use the pool as well as daycare, school and summer camp groups</i>	

15/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Redesign and reconstruct the playground including new play equipment, safety surface, greenery, etc.</i>
16/27	DPR	<b>Other park maintenance and safety requests</b>	<i>Columbus Park: Include new fencing on east side along Mulberry street from Children's playground and Baxter Street. Permanent fencing is needed for safety.</i>
17/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Baruch Playground: Renovate the full-size basketball court.</i>
18/27	DPR	<b>Improve access to a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Renovations are needed for additional seating, irrigation for greenery, and expansion of curb in East Broadway for pedestrian safety.</i>
19/27	SCA	<b>Provide a new or expand an existing middle/intermediate school</b>	<i>Eighty-five percent of Community School District 1 schools share a building with one or more schools, resulting in reduced access to gym, arts and enrichment, science labs, and acceptable hours for school lunch. Site 5 at Essex Crossing has been reserved for a school. The reserved site is in School District 2 but the intention is to have a District one/two school. CB 3 schools date back to 1900 with an average age of 79 years old.</i>
20/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>The Montgomery/East Broadway Triangle Park area needs redesign and renovation to be useable by residents.</i>
21/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Funding needed to reconstruct park pathways, adjacent brick walls and sidewalks and other areas. Sprinklers near Stanton Street are also in need of repair as well as the pathways and sidewalks which are so badly deteriorated that they present safety issues. The brick walls surrounding the park need reconstruction to improve users' safety inside and adjacent to the park's walls.</i>

22/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Redesign and reconstruct the playground including new play equipment, safety surface, greenery, etc.</i>	
23/27	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>New play equipment, safety surface, and spray showers are needed, the multi-purpose play area needs renovation, one-full size and three half-size basketball courts need renovation, and handball courts need renovation.</i>	
24/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Funding is needed to redesign and renovate children's playground and water play area. Current playground only has one old, small play set for younger kids. Water area is non-functional with bad drainage.</i>	
25/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Play equipment, safety surface, spray shower area, and greenery needs renovation.</i>	
26/27	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Restoration of the historic Schiff Fountain includes the replacement of missing granite and bronze elements, the cleaning and repointing of the existing granite, and the repair or replacement of the plumbing to make the foundation operable.</i>	
27/27	NYCHA	<b>Renovate or upgrade NYCHA community facilities or open space</b>	<i>New elevator needed for LES Infill I, which has 9 floors.</i>	175 Eldridge Street, Manhattan, New York, NY

## Expense Budget Requests

Priority	Agency	Request	Explanation	Location
1/25	OMB	<b>Other community board facilities and staff requests</b>	<i>Increase baseline funding for community boards Community Boards have not had a significant baseline budget expansion since 2014. The community boards need a significant budget increase to maintain their Charter-mandated duties which have become more technologically complex and costly since COVID. Boards need funding for consistent access to technology, functional office space, and expertise in land use and zoning. Most importantly, Boards need baseline funding for salaries both to hire staff with appropriate expertise and to retain staff in the competitive environment with other city agencies.</i>	59-61 E 4th St
2/25	DHS	<b>Other request for services for the homeless</b>	<i>Increase funding for more Manhattan Outreach Consortium homeless outreach workers and supervisors (5 additional staff). These trained specialists develop trusting relationships with homeless people. The teams connect people in need of services such as medical and psychiatric care, food and shelter, while helping them transition into permanent housing. The increase in the number of people who are homeless on CD 3 streets along with the need to have some teams expanded to 3 people for safety require additional staff.</i>	
3/25	DYCD	<b>Other runaway and homeless youth requests</b>	<i>Runaway and Homeless Youth programs serve youth holistically, enabling them to obtain the services needed to place them on a path to independent living and stability. The three types of services include residential services, drop-in centers, and street outreach.</i>	
4/25	DHS	<b>Other facilities for the homeless requests</b>	<i>Increase funding for more Safe Haven and stabilization beds. (CB 3 is currently experiencing a crisis with the street homeless population. Safe Haven beds are low-threshold housing that enable street homeless to transition to housing and have proven effective. Currently there are not always beds available, especially in home neighborhoods, and people who are living on the street have had to wait for this form of shelter. Single-person units are needed to accommodate those who are not prepared to accept beds in 2-person units.</i>	

5/25	DYCD	<b>Other expense budget request for DYCD</b>	<i>Increase funding to expand access to after school programs for elementary and high schools. CB 3 is home to more than 17,000 children under 18 years of age, many of whom attend after school programs through Comprehensive After School System of NYC (COMPASS a), which is made up of over 800 programs serving K-12 and SONYC serving grades 6-8. Many of these much-needed programs in the Lower East Side have waitlists.</i>
6/25	ACS	<b>Other foster care and child welfare requests</b>	<i>Fair Futures Program Explanation: this is a public-private partnership that provides dedicated coaches, tutors and education, employment and housing specialists for youth in foster care ages 11 to 26.</i>
7/25	DOE	<b>Other educational programs requests</b>	<i>Increased funding for Bridging the Gap program. This program focuses investments to add social worker and support staff to schools with high homeless population</i>
8/25	DOE	<b>Other educational programs requests</b>	<i>Increase funding for school nurses. At the beginning of the pandemic less than 40% of schools had a full-time nurse on staff. Funding should be increased to ensure a full-time nurse at every school.</i>
9/25	DFTA	<b>Provide additional senior center staffing</b>	<i>Increase funding for senior meals and kitchen staff salaries in senior centers and home-delivered meals. No seniors are denied a meal through this program, which means some senior centers must dig deeper than others to keep up with demand, therefore more funding would help meet this need.</i>
10/25	DFTA	<b>Increase home delivered meals capacity</b>	<i>Increase funding for home-delivered meals, which provide access to nutritious and balanced meals, promote overall health, and support their ability to live independently in their communities. As NYC is ending COVID emergency meals, it is necessary to ensure funding for home-delivered meal program.</i>

11/25	DSNY	<b>Provide more frequent garbage or recycling pick-up</b>	<i>DSNY has reduced collection services in rat mitigation zones. CD 3 is a rat mitigation zone because it has one of the most serious rodent problems in NYC. Outdoor dining has exacerbated the need for more extensive mitigation as well as more pick-ups needed. and loss of collection services will have rat mitigation back on track.</i>
12/25	DSNY	<b>Other expense budget request for DSNY</b>	<i>Increased Sanitation pick-ups for NYCHA developments. Some NYCHA developments, especially those without compactors, have bags of garbage sitting on the campus or at the curb for several days. This attracts other garbage and feeds rats. DSNY needs increased funding to add necessary additional pick-ups.</i>
13/25	DFTA	<b>Enhance NORC programs and health services</b>	<i>NORCs in CD 3, of which there are six, provide Supportive Services Programs to maximize and support the successful aging in place of older residents. Many of the City's NORCs can access health and social services in their own buildings, building complexes or locally within their neighborhoods. These programs are a model for bringing necessary care and support to seniors living in age-integrated buildings or neighborhoods.</i>
14/25	DSNY	<b>Provide or expand community composting programs</b>	<i>Curbside composting. Leftover food and yard scraps make up roughly a third of the city's residential waste stream. Composting greatly reduces the amount of garbage. Currently the vast majority of organic waste gets carted out of the city to landfills, where it emits methane. Garbage left on the street also attracts rats, and CD 3 was one of 3 original rat reduction neighborhoods because of the number of rats. Curb side composting is available throughout Queens because the largest share of composting material is yard scraps. CD 3 needs composting extended to our district to reduce the rodent problem and the amount of garbage in bags on our streets.</i>
15/25	DPR	<b>Other expense budget request for DPR</b>	<i>Parks Maintenance Staff Additional funds are needed to increase year-round workforce for parks maintenance so that there is less of a need to rely on temporary or seasonal staff.</i>

16/25	DPR	<b>Other park programming requests</b>	<i>Recreation Programs. Explanation: Playground Associates provide seasonal recreation activities for children and also maintain facilities and grounds and organize events.</i>
17/25	DYCD	<b>Provide, expand, or enhance the Summer Youth Employment Program</b>	<i>Increase funding for Summer Youth Employment Program. This is the nation's largest youth employment program. Increasing and baselining funding will make sure more applicants are connected with job placements. The program was canceled in summer 2020 and reinstated at reduced level after demand from community and service.</i>
18/25	NYCHA	<b>Other public housing maintenance, staffing and management requests</b>	<i>Increase funding for staffing for grounds maintenance and building maintenance at NYCHA. The Manhattan staffing has not been adequate to meet the needs of building maintenance and grounds maintenance, which are crucial staff positions needed to support our NYCHA buildings.</i>
19/25	NYCHA	<b>Other public housing maintenance, staffing and management requests</b>	<i>Increase funding for waste management staff and operations at NYCHA buildings. Waste management staff and operations funding will help to combat waste and rodent issues and support important physical improvements, which address these problems but are below the capital project funding threshold. Bridge Training.</i>
20/25	DYCD	<b>Other expense budget request for DYCD</b>	<i>The WorkLearnGrow program builds off the experiences gained in SYEP. WLG provides SYEP participants who are between the ages of 16-19 and currently in-school with career readiness training and paid employment opportunities for up to 25 weeks from October to March.</i>
21/25	DYCD	<b>Provide, expand, or enhance Cornerstone and Beacon programs (all ages, including young adults)</b>	<i>Increase funding for Cornerstone programs, which serve students and their families year-round in NYCHA community centers.</i>
22/25	DPR	<b>Forestry services, including street tree maintenance</b>	<i>Need for additional Forestry Staff. Funding would go towards keeping up with demand for pruning and stump removal requests.</i>

23/25	DPR	<b>Other expense budget request for DPR</b>	<i>Increased funding for Green Thumb staff was not baselined. The increase will allow Parks to maintain current level of staffing.</i>
24/25	DPR	<b>Enhance park safety through more security staff (police or parks enforcement)</b>	<i>Additional Parks Enforcement Police - they provide a uniformed presence where they safeguard Parks properties and facilities and enforce rules and regulations regarding quality-of-life.</i>
25/25	DSNY	<b>Provide more frequent litter basket collection</b>	<i>Litter Basket service must be expanded as CD 3 is a rat mitigation zone and also has many restaurants resulting in more visitors/ overflowing litter baskets. Open Restaurants have increased the amount of garage and cessation of curbside composting has also increased garbage for pickup. Especially on weekends baskets are overflowing. CD 3 streets have become are filthy and have piles of garbage between sheds and sidewalk seating and residential garbage is places in whatever space available due to traditional locations now taken up with restaurant sheds.</i>

## 8. COMMUNITY BOARD BUDGET REQUESTS *WITH AGENCY RESPONSES*

### Capital Requests

PRIORITY	AGENCY	CB REQUEST	REASON	AGENCY RESPONSE
01/27	DPR	Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)	<i>This will be a destination park that will provide waterfront access with various amenities needed by the community. Additional funding is needed to complete master plan</i>	Contact the Community Board Unit at OMB for information regarding this request.
02/27	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Allen Pike St Malls (Parks) This is a highly visible location, and currently unreconstructed malls attract garbage and derelict bikes. This has a negative impact on local businesses and does not address the lack of amenities needed by the community and tourists. Additionally, \$2 million has been allocated for the Delancey Street Comfort Station.</i>	Contact the Community Board Unit at OMB for information regarding this request.
03/27	HPD	Other affordable housing programs requests	<i>Opportunities for affordable housing must be increased, including senior housing, supportive housing, housing for the formerly homeless, hotel and commercial conversions to residential uses, community opportunities to purchase distressed properties, and long-term preservation of existing affordable housing in the district.</i>	More information is needed from the community board before making a funding decision. The community board should contact the agency.
04/27	DFTA	Renovate or upgrade a senior center	<i>Repairs are years overdue, chronic, and very disruptive to programming ADA compliant bathrooms?doors and stalls do not accommodate Pipes, door, stove, drainage system in basement needs to be replaced. Window bars lack emergency exits (do not open.) The Center run by University Settlement serves low income seniors. It is unconscionable that that they are not served in decent and safe conditions.</i>	Approval of this request depends on sufficient Federal/State funds.
05/27	NYCHA	Renovate or upgrade NYCHA community facilities or open space	<i>La Guardia Addition is in dire need of elevator upgrade. It is a NYCHA senior citizen building with 23 floors. Many tenants are older, with vulnerabilities and disabilities.</i>	In order to fund this initiative contact local elected officials for appropriations.
06/27	NYCHA	Other public housing upgrades or renovations requests	<i>Baruch Addition is in dire need of elevator upgrade. It is a NYCHA senior citizen building with 23 floors. Many tenants are older, with vulnerabilities and disabilities.</i>	In order to fund this initiative contact local elected officials for appropriations.
07/27	NYCHA	Renovate or upgrade public housing developments	<i>45 Allen Street is in dire need of elevator upgrade. It is a 14 floors NYCHA building with a high percentage of senior population. Many tenants are older, with vulnerabilities and disabilities.</i>	In order to fund this initiative contact local elected officials for appropriations.
08/27	DPR	Other capital budget request for DPR	<i>Funding is needed for new fencing and installation of on-site water in community gardens.</i>	Contact the Community Board Unit at OMB for information regarding this request.

09/27	DPR	Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)	<i>Funding to reconstruct first floor of Stanton Street park building (storehouse) to create community space and make bathroom accessible to the public. This building should be reconstructed for community use to increase recreational and programmed space as this space is accessible and has a usable bathroom, features which make it appropriate for use by the community in an area with a serious lack of community spaces.</i>	Contact the Community Board Unit at OMB for information regarding this request.
10/27	DOT	Other capital budget request for DOT	<i>For the last decade, these very popular bike lanes along Allen Street from Houston south routinely flood, forcing riders into vehicular traffic. Repairs have not been made and reconstruction is now necessary.</i>	Requests for repair/reconstruction of roadway subsidence will be field inspected by NYCDOT. If it is a DEP issue, the location will be forwarded to DEP.
11/27	DPR	Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)	<i>Reconstruct Clinton Cherry Playground. The one full size and two half-sized basketball courts need upgrade.</i>	Contact the Community Board Unit at OMB for information regarding this request.
12/27	DPR	Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)	<i>Coleman Oval Playground Play equipment, safety surface, spray shower, and comfort station need renovation, and need better security fencing for skatepark.</i>	Contact the Community Board Unit at OMB for information regarding this request.
13/27	DPR	Other capital budget request for DPR	<i>New bathroom needed for Pier 35 Bathrooms were included in original design but not constructed and there are no bathrooms along the waterfront open spaces in Two Bridges.</i>	Contact the Community Board Unit at OMB for information regarding this request.
14/27	DPR	Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)	<i>Tompkins Square Park, need for in-ground mini-pool, including decking and fencing. This is one of the most popular and heavily used parks in CD 3. Many children use the pool as well as daycare, school and summer camp groups</i>	Contact the Community Board Unit at OMB for information regarding this request.
15/27	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Redesign and reconstruct the playground including new play equipment, safety surface, greenery, etc.</i>	Contact the Community Board Unit at OMB for information regarding this request.
16/27	DPR	Other park maintenance and safety requests	<i>Columbus Park: Include new fencing on east side along Mulberry street from Children's playground and Baxter Street. Permanent fencing is needed for safety.</i>	Contact the Community Board Unit at OMB for information regarding this request.
17/27	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Baruch Playground: Renovate the full-size basketball court.</i>	Contact the Community Board Unit at OMB for information regarding this request.
18/27	DPR	Improve access to a park or amenity (i.e. playground, outdoor athletic field)	<i>Renovations are needed for additional seating, irrigation for greenery, and expansion of curb in East Broadway for pedestrian safety.</i>	Contact the Community Board Unit at OMB for information regarding this request.

19/27	DOE	Provide a new or expand an existing middle/intermediate school	<i>Eighty-five percent of Community School District 1 schools share a building with one or more schools, resulting in reduced access to gym, arts and enrichment, science labs, and acceptable hours for school lunch. Site 5 at Essex Crossing has been reserved for a school. The reserved site is in School District 2 but the intention is to have a District one/two school. CB 3 schools date back to 1900 with an average age of 79 years old.</i>	Community Board located in sub-districts without identified seat need.
20/27	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>The Montgomery/East Broadway Triangle Park area needs redesign and renovation to be useable by residents.</i>	Contact the Community Board Unit at OMB for information regarding this request.
21/27	DPR	Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)	<i>Funding needed to reconstruct park pathways, adjacent brick walls and sidewalks and other areas. Sprinklers near Stanton Street are also in need of repair as well as the pathways and sidewalks which are so badly deteriorated that they present safety issues. The brick walls surrounding the park need reconstruction to improve users' safety inside and adjacent to the park's walls.</i>	Contact the Community Board Unit at OMB for information regarding this request.
22/27	DPR	Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)	<i>Redesign and reconstruct the playground including new play equipment, safety surface, greenery, etc.</i>	Contact the Community Board Unit at OMB for information regarding this request.
23/27	DPR	Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)	<i>New play equipment, safety surface, and spray showers are needed, the multi-purpose play area needs renovation, one-full size and three half-size basketball courts need renovation, and handball courts need renovation.</i>	Contact the Community Board Unit at OMB for information regarding this request.
24/27	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Funding is needed to redesign and renovate children's playground and water play area. Current playground only has one old, small play set for younger kids. Water area is non-functional with bad drainage.</i>	Contact the Community Board Unit at OMB for information regarding this request.
25/27	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Play equipment, safety surface, spray shower area, and greenery needs renovation.</i>	Contact the Community Board Unit at OMB for information regarding this request.
26/27	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Restoration of the historic Schiff Fountain includes the replacement of missing granite and bronze elements, the cleaning and repointing of the existing granite, and the repair or replacement of the plumbing to make the foundation operable.</i>	Contact the Community Board Unit at OMB for information regarding this request.
27/27	NYCHA	Renovate or upgrade NYCHA community facilities or open space	<i>New elevator needed for LES Infill I, which has 9 floors.</i>	In order to fund this initiative contact local elected officials for appropriations.

## Expense Requests

PRIORITY	AGENCY	CB REQUEST	REASON	AGENCY RESPONSE
01/25	OMB	Other community board facilities and staff requests	<i>Increase baseline funding for community boards Community Boards have not had a significant baseline budget expansion since 2014. The community boards need a significant budget increase to maintain their Charter-mandated duties which have become more technologically complex and costly since COVID. Boards need funding for consistent access to technology, functional office space, and expertise in land use and zoning. Most importantly, Boards need baseline funding for salaries both to hire staff with appropriate expertise and to retain staff in the competitive environment with other city agencies.</i>	As of the FY 2024 Preliminary Budget, each Community Board's budget is \$257,507.
02/25	DHS	Other request for services for the homeless	<i>Increase funding for more Manhattan Outreach Consortium homeless outreach workers and supervisors (5 additional staff). These trained specialists develop trusting relationships with homeless people. The teams connect people in need of services such as medical and psychiatric care, food and shelter, while helping them transition into permanent housing. The increase in the number of people who are homeless on CD 3 streets along with the need to have some teams expanded to 3 people for safety require additional staff.</i>	Street outreach services are available 24/7, 365 days a year. By calling 311 or using the 311 app when a homeless individual appears to be in need of assistance, any New Yorker can dispatch an outreach team to that person and help them move indoors. Funding for street outreach has more than doubled in recent years.
03/25	DYCD	Other runaway and homeless youth requests	<i>Runaway and Homeless Youth programs serve youth holistically, enabling them to obtain the services needed to place them on a path to independent living and stability. The three types of services include residential services, drop-in centers, and street outreach.</i>	DYCD has increased funding in this service area.
04/25	DHS	Other facilities for the homeless requests	<i>Increase funding for more Safe Haven and stabilization beds. (CB 3 is currently experiencing a crisis with the street homeless population. Safe Haven beds are low-threshold housing that enable street homeless to transition to housing and have proven effective. Currently there are not always beds available, especially in home neighborhoods, and people who are living on the street have had to wait for this form of shelter. Single-person units are needed to accommodate those who are not prepared to accept beds in 2-person units.</i>	Street outreach services are available 24/7, 365 days a year. By calling 311 or using the 311 app when a homeless individual appears to be in need of assistance, any New Yorker can dispatch an outreach team to that person and help them move indoors. Funding for street outreach has more than doubled in recent years.
05/25	DYCD	Other expense budget request for DYCD	<i>Increase funding to expand access to after school programs for elementary and high schools. CB 3 is home to more than 17,000 children under 18 years of age, many of whom attend after school programs through Comprehensive After School System of NYC (COMPASS a), which is made up of over 800 programs serving K-12 and SONYC serving grades 6-8. Many of these much-needed programs in the Lower East Side have waitlists.</i>	Presently, there are a variety of agency-funded programs in the district for this target population. Additional programs are contingent upon available funding and will be distributed through an RFP process. Organizations are encouraged to apply.

06/25	ACS	Other foster care and child welfare requests	<i>Fair Futures Program</i> <i>Explanation: this is a public-private partnership that provides dedicated coaches, tutors and education, employment and housing specialists for youth in foster care ages 11 to 26.</i>	The Adams administration increased funding for Fair Futures so that it is available for youth in and leaving foster care until age 26 (was 21) and for youth in/leaving the juvenile justice system.
07/25	DOE	Other educational programs requests	<i>Increased funding for Bridging the Gap program. This program focuses investments to add social worker and support staff to schools with high homeless population</i>	Contact the Community Board Unit at OMB for information regarding this request.
08/25	DOE	Other educational programs requests	<i>Increase funding for school nurses.</i> <i>At the beginning of the pandemic less than 40% of schools had a full-time nurse on staff. Funding should be increased to ensure a full-time nurse at every school.</i>	Contact the Community Board Unit at OMB for information regarding this request.
09/25	DFTA	Provide additional senior center staffing	<i>Increase funding for senior meals and kitchen staff salaries in senior centers and home- delivered meals. No seniors are denied a meal through this program, which means some senior centers must dig deeper than others to keep up with demand, therefore more funding would help meet this need.</i>	Approval of this request depends on sufficient Federal/State funds.
10/25	DFTA	Increase home delivered meals capacity	<i>Increase funding for home-delivered meals, which provide access to nutritious and balanced meals, promote overall health, and support their ability to live independently in their communities. As NYC is ending COVID emergency meals, it is necessary to ensure funding for home-delivered meal program.</i>	The agency will try to accommodate this issue within existing resources.
11/25	DSNY	Provide more frequent garbage or recycling pick-up	<i>DSNY has reduced collection services in rat mitigation zones. CD 3 is a rat mitigation zone because it has one of the most serious rodent problems in NYC. Outdoor dining has exacerbated the need for more extensive mitigation as well as more pick-ups needed. and loss of collection services will have rat mitigation back on track.</i>	DSNY will evaluate this request.
12/25	DSNY	Other expense budget request for DSNY	<i>Increased Sanitation pick-ups for NYCHA developments.</i> <i>Some NYCHA developments, especially those without compactors, have bags of garbage sitting on the campus or at the curb for several days. This attracts other garbage and feeds rats. DSNY needs increased funding to add necessary additional pick-ups.</i>	This is not a budget request. The matter in question is an issue of service delivery and/or agency policy. Contact the Department of Sanitation to determine how best to resolve this issue.
13/25	DFTA	Enhance NORC programs and health services	<i>NORCs in CD 3, of which there are six, provide Supportive Services Programs to maximize and support the successful aging in place of older residents. Many of the City's NORCs can access health and social services in their own buildings, building complexes or locally within their neighborhoods. These programs are a model for bringing necessary care and support to seniors living in age-integrated buildings or neighborhoods.</i>	Approval of this request depends on sufficient Federal/State funds.

14/25	DSNY	Provide or expand community composting programs	<p><i>Curbside composting.</i></p> <p><i>Leftover food and yard scraps make up roughly a third of the city's residential waste stream. Composting greatly reduces the amount of garbage. Currently the vast majority of organic waste gets carted out of the city to landfills, where it emits methane. Garbage left on the street also attracts rats, and CD 3 was one of 3 original rat reduction neighborhoods because of the number of rats. Curb side composting is available throughout Queens because the largest share of composting material is yard scraps. CD 3 needs composting extended to our district to reduce the rodent problem and the amount of garbage in bags on our streets.</i></p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.
15/25	DPR	Other expense budget request for DPR	<p><i>Parks Maintenance Staff</i></p> <p><i>Additional funds are needed to increase year-round workforce for parks maintenance so that there is less of a need to rely on temporary or seasonal staff.</i></p>	Contact the Community Board Unit at OMB for information regarding this request.
16/25	DPR	Other park programming requests	<p><i>Recreation Programs.</i></p> <p><i>Explanation: Playground Associates provide seasonal recreation activities for children and also maintain facilities and grounds and organize events.</i></p>	Contact the Community Board Unit at OMB for information regarding this request.
17/25	DYCD	Provide, expand, or enhance the Summer Youth Employment Program	<p><i>Increase funding for Summer Youth Employment Program. This is the nation's largest youth employment program. Increasing and baselining funding will make sure more applicants are connected with job placements. The program was canceled in summer 2020 and reinstated at reduced level after demand from community and service.</i></p>	DYCD has increased funding in this service area.
18/25	NYCHA	Other public housing maintenance, staffing and management requests	<p><i>Increase funding for staffing for grounds maintenance and building maintenance at NYCHA.</i></p> <p><i>The Manhattan staffing has not been adequate to meet the needs of building maintenance and grounds maintenance, which are crucial staff positions needed to support our NYCHA buildings.</i></p>	The agency will accommodate this issue within existing resources.
19/25	NYCHA	Other public housing maintenance, staffing and management requests	<p><i>Increase funding for waste management staff and operations at NYCHA buildings.</i></p> <p><i>Waste management staff and operations funding will help to combat waste and rodent issues and support important physical improvements, which address these problems but are below the capital project funding threshold. Bridge Training.</i></p>	In order to fund this initiative contact local elected officials for appropriations.
20/25	DYCD	Other expense budget request for DYCD	<p><i>The WorkLearnGrow program builds off the experiences gained in SYEP. WLG provides SYEP participants who are between the ages of 16-19 and currently in-school with career readiness training and paid employment opportunities for up to 25 weeks from October to March.</i></p>	DYCD has increased funding in this service area.

21/25	DYCD	Provide, expand, or enhance Cornerstone and Beacon programs (all ages, including young adults)	<i>Increase funding for Cornerstone programs, which serve students and their families year-round in NYCHA community centers.</i>	DYCD has increased funding in this service area.
22/25	DPR	Forestry services, including street tree maintenance	<i>Need for additional Forestry Staff. Funding would go towards keeping up with demand for pruning and stump removal requests.</i>	Contact the Community Board Unit at OMB for information regarding this request.
23/25	DPR	Other expense budget request for DPR	<i>Increased funding for Green Thumb staff was not baselined. The increase will allow Parks to maintain current level of staffing.</i>	Contact the Community Board Unit at OMB for information regarding this request.
24/25	DPR	Enhance park safety through more security staff (police or parks enforcement)	<i>Additional Parks Enforcement Police - they provide a uniformed presence where they safeguard Parks properties and facilities and enforce rules and regulations regarding quality-of-life.</i>	Contact the Community Board Unit at OMB for information regarding this request.
25/25	DSNY	Provide more frequent litter basket collection	<i>Litter Basket service must be expanded as CD 3 is a rat mitigation zone and also has many restaurants resulting in more visitors/ overflowing litter baskets. Open Restaurants have increased the amount of garbage and cessation of curbside composting has also increased garbage for pickup. Especially on weekends baskets are overflowing. CD 3 streets have become are filthy and have piles of garbage between sheds and sidewalk seating and residential garbage is places in whatever space available due to traditional locations now taken up with restaurant sheds.</i>	This is not a budget request. The matter in question is an issue of service delivery and/or agency policy. Contact the Department of Sanitation to determine how best to resolve this issue.
