# Letter from DCP Director Daniel Garodnick

To my fellow New Yorkers:

Every year, each of New York City's 59 community boards advocate for the needs of its residents and stakeholders by preparing a Statement of Community District (CD) Needs and Community Board Budget Requests. Through this process, community boards share the top issues impacting their neighborhoods and propose capital and expense requests to address those identified needs. I'd like to thank the volunteer members of our community boards and the District Managers who work so hard in leading this essential process and in preparing these reports.

The annual CD Needs process is the product of months of collaboration and public input and is a valuable tool for New Yorkers to participate in neighborhood planning. At the broadest levels, CD Needs offers a critical window into the challenges faced by New Yorkers, and how those challenges may differ across neighborhoods. At a granular level, it provides a forum through which community leaders specify those needs and make recommendations for spending -- which in turn are used by City agencies, elected officials, advocacy groups, and non-profit service providers, among others, to better understand and meet the individual needs of each community board.

Through this year's submissions, we heard the stories of our communities' biggest challenges, such as the human impacts of our housing crisis. In that vein, community boards again selected affordable housing as the most pressing issue citywide, followed by crime and public safety, and parks and open space. Through our online form, community boards generated more than 3,700 budget requests, and for each, one of 28 City agencies responded to indicate whether the request could be accommodated within the upcoming annual budget. This year, in line with our commitment to increasing transparency across the CD Needs process, we are publishing agency responses to these requests in the final section of these reports.

DCP deeply values our partnership with community boards. We remain committed to supporting them by increasing participation in, and improving the transparency of, the CD Needs process. We have received valuable feedback from our community board partners, and we are excited to work with them to continue improving our online submission form, to connect boards with agencies to advance budget request proposals, and to open the form earlier in the calendar year to allow more time for public input and preparation. We look forward to advancing this work with both community boards and City agencies to ensure this is a valuable and productive way to improve our City's neighborhoods and to respond to local community needs.

Sincerely,

## INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

## HOW TO USE THIS REPORT

This report represents the Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2024. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from July to November, 2022.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

This report is broadly structured as follows:

### 1. Overarching Community District Needs

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

### 2. Policy Area-Specific District Needs

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

### 3. Community Board Budget Requests

The final section includes the two types of budget requests submitted to the City for the FY24 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

## Disclaimer

This report represents the Statements of Community District Needs and Community Board Budget Requests of this Community District for Fiscal Year 2024. This report contains the formatted but otherwise unedited content provided by the community board.

*Budget Requests:* Listed for informational purposes only. OMB remains the definitive source on budget requests and budget request responses.

### Statement on Data Accuracy

Under Title 13 of the U.S. Code, the Census Bureau is legally bound to protect the privacy of individuals participating in the decennial census. To adhere to the law and to avoid the disclosure of information about individual respondents, the Census Bureau has historically applied a host of techniques, such as top- and bottom-coding, imputation, table- and cell-suppression, and data swapping. The Census Bureau is employing a new technique with the 2020 Census, referred to as the Disclosure Avoidance System (DAS), based on differential privacy. With this approach, the Census Bureau “infuses noise” systematically across census data and sets a quantified disclosure risk, referred to as the Privacy Loss Budget (PLB).

While the new DAS approach may diminish the risk of disclosure concerns, it comes at a cost to data accuracy. Consequently, 2020 Census data users should be aware that all sub-state counts, except for housing units (which are unaffected by the DAS), may be adjusted to protect the privacy of Census participants and may be subject to reduced accuracy. Because DAS noise infusion is randomized, it is impossible for data users to know the degree to which any individual statistic is altered. However, it is possible to say that in general the relative size of errors decreases as counts increase. Consequently, data users should have greater confidence in the accuracy of the data as counts get larger. Further, an evaluation of a Privacy-Protected Microdata File (PPMF), treated with a Disclosure Avoidance System like the one applied to 2020 redistricting data, showed that counts of 300 or more rarely have sizable errors (error beyond +/- 10% of the count). Therefore, while data users need to be cognizant of data accuracy limitations, they should have confidence in conclusions based on sizable counts, which are relatively unaffected by the Census Bureau’s latest disclosure avoidance method.

### 3. OVERVIEW OF COMMUNITY DISTRICT

## **Queens Community Board 3 FY2024 District Needs Statement**

The community continues to change but our basic priorities remain the same. Community Board 3's goal is to enhance the quality of life for all its residents from our very young to seniors. Community Board 3 is comprised of the neighborhoods of East Elmhurst, Jackson Heights, and North Corona bounded by the Brooklyn- Queens Expressway to the west, Grand Central Parkway to the north, Flushing Meadow Corona Park to the east, and Roosevelt Avenue to the south.

The district encompasses zip codes 11368, 11369, 11370, and 11372. CB3's land area is 3.0 square miles and is serviced by the 115th Police Precinct; Sanitation Queens West 3; Fire Engine Company 307/Ladder 154 and Engine Company 316; 23 Public schools; 11 private and parochial schools; 2 post-secondary degree-granting institutions; 4 public libraries; 1 private library; 28 Day Care/ Head Start facilities; 11 known mental health facilities; 12 residences that provide services for individuals with developmental disabilities; 11 shelters; 9 park/playgrounds; 1 vest-pocket park; 7 sitting areas; 8 park strips, 2 Dog Parks, Diversity Plaza, Travers Park has incorporated 78th Street Play Street in its expansion of the facility, Fisher Pool and Malcolm X Promenade.

The District lies in the shadow of La Guardia Airport, where some of its residents are employed. Airport-related uses along a portion of its northernmost street Ditmars Boulevard, are evident with the presence of hotels such as the Marriott Hotel, La Guardia Plaza, National Car Rental maintains a major facility, and the Vaughn College- School of Aeronautics is located in the vicinity.

Our major shopping districts and commercial corridors are located along Roosevelt Avenue on the southern boundary of the District; Astoria Boulevard on the northern boundary; 37th Avenue, Northern Boulevard, 73 Street; 74th Street, 82nd Street, 90th Street, Junction Boulevard, 103rd Street. The District's showplaces within the M-1 zone are the Bulova Corporate Center, Home Depot, and Bed Bath and Beyond. Nearby in Flushing Meadow Corona Park, CITIFIELD New York Mets, and USTA. Willets Point is a stone's throw away from our borders.

The housing stock is very diversified encompassing brick apartment houses and Tudor-style row and two-family homes. Some of the finest, architecturally distinctive dwellings in Queens County and the City can be found in Community Board3, particularly in East Elmhurst and the Jackson Heights neighborhoods. Just to mention a few notable sites; the Jackson Heights Historic District, America's first planned "garden city" and the Louis Armstrong House/Museum, a national landmark in North Corona.

Community Board 3 is densely populated and probably the most diverse community on the planet. According to NYU Furman Center, 62.8% of our population is foreign-born and the majority of our citizens originate from Latin America. Over Forty-Eight percent (48.8 %) of these residents have limited English proficiency in contrast to the Borough which is at 28.89% and the City of New York at 23.1%. More services for these constituents are critically needed. The Census reports that our population is 171,576, which means that our numbers have increased by 1.5%-(2,493) since the 2000 census. It is widely known, however, that New York was severely under-counted in the last census. We, therefore, believe that NYU Furman Center's single-year indicator which projects our population to be at 185,815 is probably a more accurate count.

While there are three distinct neighborhoods, North Corona, East Elmhurst, and Jackson Heights, we are all working towards a common goal to improve the quality of life for our families and community.

We, therefore, continue to advocate for our top priorities:

Construct a New Hospital in East Elmhurst, North Corona, or Willets Point

Build a New High School at Willets Point

Clean-Up Flushing Bay and Implement the Army Core of Engineers Recommendations

Expand the Capacity of the Jackson Heights Library

Expand Corona Library

Construct a Library north of Northern Blvd. within Jackson Heights & East Elmhurst.

- Create Affordable Housing

- Reconstruct/Repair Sewers to Alleviate Backups and Flooding -

- Construct an Intergenerational Facility in Jackson Heights

Increase Youth Programs

Increase Senior Programs - I

- Expand Medical Services at the Corona Health Center

Increase Police Personnel at the 115th Precinct

Conduct a Commercial District Needs Assessment

Construct a Performance Arts Center

Increase the Capacity of Elmhurst Hospital.

## 4. TOP THREE PRESSING ISSUES OVERALL

### Queens Community Board 3

The three most pressing issues facing this Community Board are:

#### **Affordable housing**

**Affordable Housing** It is very difficult to narrow down our pressing issues to only three. Two thousand twenty and twenty-one has had a devastating impact on our district. With the onset of Covid-19, the virus revealed what we already knew about the lack of affordable housing and its impacts. We are in a housing crisis, it is widely known that there are very few affordable housing units in Community Board 3. While there is housing construction all over the district, very few of the developments are intended for low to middle-income families. To add to the mix, some unscrupulous landlords are forcing poor families out of their apartments. These residents have fixed incomes and cannot afford high rents. Many are seniors and disabled individuals who are part of that impacted group. Further, some of the participating property owners are opting out of the rent stabilization program. The New York Furman Center reports that Community Board 3 ranks number 2 for rent-burdened households and 3rd highest for severe crowding of rental units citywide. According to the report, more than 53.3% of our population pay 35% or more of their income for rent. In addition, 25.5% of our residents live below the poverty level and for some permanent housing is not a given. The pandemic has also exacerbated the problem as unemployment has significantly increased due to the health crisis. For many of these families, it is a struggle each month. They have to make the difficult decision as to whether to pay the rent or forgo other essential needs. They are always at risk to be evicted and homeless. Our housing courts tell the story; there is a disproportionate number of minority low-income and at-risk individuals in the housing court. Many cannot afford an attorney and end up losing their homes. Affordable housing is one of our top concerns. We believe that housing is a right and a fundamental need that must be addressed. We, therefore, call upon the City of New York to do more to keep our most vulnerable populations in their homes. Put systems in place to encourage private developers to construct affordable housing. Set a plan to encourage landlords to remain in the rent stabilization program. Develop incentives to attract new property owners to participate in rent stabilization. Keep the rent moratorium in place until the economy and employment levels improve. The City should continue to advocate for more federal dollars and programs that help to keep a roof over the heads of our most vulnerable. We ask that urgent attention be given to this critical issue.

#### **Economic recovery and development**

**Economic Recovery and Development** The pandemic has had a devastating effect on our economy. Reports indicate that there has never been such a major change in business activity since the Great Depression. The QCB3 business community reports that the decline of business is due to several factors the pandemic, and limited access to financial resources, particularly for minority businesses. These establishments were hit hardest by Covid-19. Minority businesses were disproportionately negatively affected, they encountered the greatest losses. Our small minority businesses have had difficulty rebounding and are at a higher risk for closure. Minority small businesses do not have the resources nor access to capital and lending institutions. If these losses continue for a protracted period, they stand the risk of permanent closure. The immediate impact of the closure of these businesses would be job loss and the demise of vital services to the community. During 2020/ 2021 the federal government issued PPP loans, grants, and funding as part of the stimulus package for business owners. Unfortunately, many small businesses particularly minority establishments did not qualify or were not able to take advantage of the resource. Our minority businesses still need support and assistance in navigating through the process. We request that programs and funding tailored for minority and women entrepreneurs be available, particularly for startups and Mom and Pop operations. Funds must be set aside for these small operations as they did not receive financial support the first go-round.

#### **Public health facilities**

**Increase the Capacity and the Number of Public Health Facilities** In Community Board 3 Jackson Heights and Elmhurst were the epicenters of the pandemic. Elmhurst Hospital nurses and doctors did a herculean job saving the lives of Covid-19 victims. Elmhurst Hospital reports that in the last 7 years the emergency department volumes have increased by 33%. Patient wait time has considerably increased. Expanding the facility would be beneficial and

positively enhance service delivery. Additional hospital beds and the expansion of the emergency room are sorely needed. Increase Hospital Beds at Elmhurst Hospital and construct the additional facility. It is important to note that Elmhurst Hospital is the only remaining medical facility in western Queens. Four hospitals closed their doors over twenty years. Elmhurst Hospital is now accommodating many of the patients of the closed facilities. Kindly note that Urgent Care facilities are opening around the board area and borough, it does not diminish the fact that more hospitals and the services that they provide are still needed.

## 5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

### HEALTH CARE AND HUMAN SERVICES

#### Queens Community Board 3

##### Most Important Issue Related to Health Care and Human Services

##### **Other**

##### **Explanation**

##### Community District Needs Related to Health Care and Human Services

##### **Needs for Health Care and Facilities**

##### **Health Care and Facilities**

As per the Department of Health, community health profiles indicate that 38% of adults that reside in Community Board 3 do not have health insurance. We have the highest rate within the city. That is why the Corona Health Center's services must be enhanced. Upgrade and expand services at the Corona Health Center. The majority of the residents in the catchment area of the center are either under or uninsured and in dire need of medical assistance. Reinststate the dental clinic and expand services to include primary care, and free screenings for eye, ear, sickle cell anemia, asthma, diabetes, cholesterol, prostate, and breast cancer. Promote education and awareness on nutrition, smoking cessation, mental health, and treatment. A full-service clinic is urgently needed in North Corona. Constituents residing in this section of the district do not have the means to travel to the health center that is located in Brooklyn; it is the only city-operated facility that is offering these critical services. Increase Hospital Beds at Elmhurst Hospital and Borough-Wide Since 2008, five hospitals have closed in the Borough of Queens. Our area hospital is feeling the impact. Elmhurst Hospital is now accommodating many of the patients who used to go to the now-closed hospitals. Elmhurst Hospital reports that in the last 7 years the emergency department volumes have gone up 33% which is very significant. Patient wait time has considerably increased. Additional hospital beds and an expansion of the emergency room are sorely needed. Although Urgent Care facilities are opening around the board area and borough, it does not diminish the fact that more hospitals and the services they provide are still needed.

##### **Needs for Older NYs**

##### **Senior Services**

The senior residents of our district make up nearly 10% of our population. In addition to home care, escort services, transportation and mental health services, seniors need assistance with legal and benefit services. Funding levels for DFTA and related agencies that provide these critical services must be increased.

##### **Needs for Homeless**

Services for the unhoused must be substantially improved. Essential services must be provided such as permanent housing, employment, training, and financial assistance to ensure success.

##### **Needs for Low Income NYs**

## Capital Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
1/36	HHC	<b>Provide a new or expanded health care facility</b>	<i>Construct a new Hospital in Corona/East Elmhurst. Elmhurst Hospital is the only medical facility in QCB3 area. The hospital serves over a million patients annually. Our area during the pandemic was hit more than any area in the country. The hospital was heroic in saving lives during the health crisis but like many hospitals, was seriously challenged. Our hospital needs to expand its footprint by building on its existing campus or creating an annex to save East Elmhurst and North Corona. An additional facility is needed without question.</i>	

## Expense Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
3/33	DOHMH	<b>Other programs to address public health issues requests</b>	<i>Increase funding for rodent abatement. Complaints regarding rodent infestation has increased.</i>	
7/33	DOHMH	<b>Other programs to address public health issues requests</b>	<i>Increase funding for food pantry program. Since the pandemic, our community's greatest challenge is food insecurity.</i>	
24/33	DOHMH	<b>Increase health and safety inspections, e.g. for restaurants and childcare programs</b>	<i>Request: Hire additional Department of Health Inspectors to conduct night inspections. Explanation: Unlicensed food vending along Roosevelt Ave, Broadway, 74th and 37th Avenues are increasing. The community would benefit from having more inspections conducted particularly at night where the problem is most prevalent.</i>	

**Enhance NORC  
programs and  
health services**

*Request: Provide funding to increase NORC (Naturally Occurring Retirement Community) Programming in CB3. Explanation: Seniors are the second largest population within CB3. It is important that senior programming such as NORC be made available to our elder residents. Providing health and social services within the confines of their coop/apartment complex would significantly improve their quality of life.*

## YOUTH, EDUCATION AND CHILD WELFARE

### Queens Community Board 3

#### Most Important Issue Related to Youth, Education and Child Welfare

##### **Youth workforce development and summer youth employment**

Youth Work Force Development The summer youth program is essential for the development of our young people. These annual experiences help to develop character, expand the young person's horizons, and put them on their career track.

#### Community District Needs Related to Youth, Education and Child Welfare

##### **Needs for Youth Education**

Community Board3's highest priority is to provide a first-class education for our children. Before Covid-19 districts 24 and 30 had the highest incidence of overcrowding in our neighborhood schools. Both districts report that currently there has been less overcrowding since the pandemic . We expect that students will return to school. We hope to be ready to receive them by ensuring that every student will have a seat and the necessary tools for their success Education remains our top priority.

##### **Needs for Youth and Child Welfare**

Affordable Child Care Affordable child care services are vital to working families. Parents who have children under the age of four rely on these hard to find services. In order to support our moderate income families; fully fund and open up additional day care facilities.

## Capital Requests Related to Youth, Education and Child Welfare

Priority	Agency	Request	Explanation	Location
2/36	SCA	<b>Provide a new or expand an existing elementary school</b>	<p><i>Request: Construct a new high school at Willets point and the former DiBlasi Ford site.</i></p> <p><i>Explanation: The construction of a high school remains our first priority. An ideal location for a high school is Willets Point. Another potential site would be the former DeBlasi Ford car dealership located on Northern Boulevard and 114th Street.</i></p>	

## Expense Requests Related to Youth, Education and Child Welfare

Priority	Agency	Request	Explanation	Location
9/33	DYCD	<b>Other youth workforce development requests</b>	<p><i>Request: Restore and Increase funding for youth, adult and senior programming in Jackson Heights, North Corona and East Elmhurst.</i></p> <p><i>Explanation: There is a severe shortage of programs in CD3 that cater to the recreational needs of our youth and seniors. Our community deserves quality facilities and programming that will enrich our lives.</i></p>	
15/33	DOE	<b>Provide, expand, or enhance funding for Child Care and Head Start programs</b>	<p><i>Request: Restore Day Care Slots and after school programs. Explanation: Our Community's population has increased. Many of our young working families require day care services &amp; after school programs. Working parents deserve programs that will serve the needs of their pre-school children ages three months to five years old.</i></p>	
27/33	DOE	<b>Other educational programs requests</b>	<p><i>Provide and increase funding for the STEAM program within CB3. STEAM is a method of instruction that incorporates Science, Technology, Engineering, the Arts, and Mathematics and helps to promote student critical thinking. Explanation

#### Community District Needs Related to Public Safety and Emergency Services

##### **Needs for Public Safety**

##### **Police Department**

Community Board 3 continues to support the Roosevelt Avenue Task Force. Keep the Roosevelt Avenue Task Force and Impact Zone initiatives in place. Our local precinct is doing an outstanding job but could benefit from increased personnel and resources. Hire civilians to cover administrative duties so that police officers can be freed up to address crime and quality of life complaints. School Crossing Guards. Hire additional school crossing guards to cover all of our area schools. The NCO program was recently implemented in Community Board 3. We see the program's value and its potential to significantly impact the quality of life of our residents. That is why we support the proposal to have additional NCO personnel so there will be coverage for 24 hours/seven days per week. We hope that serious consideration is given to our request.

##### **Needs for Emergency Services**

Fund FDNY's Smoke and Carbon Monoxide Detectors Distribution Program Community Board 3 supports this life saving program.

## CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

### Queens Community Board 3

Most Important Issue Related to Core Infrastructure, City Services and Resiliency.

#### **Other**

Explanation

Community District Needs Related to Core Infrastructure, City Services and Resiliency.

#### **Needs for Water, Sewers, and Environmental Protection**

##### **Provide Funding for The Installation of a Dedicated Sewer System and Implement the Army Corp of Engineers Recommendations**

For decades residents have complained about the flooding that occurs whenever there is heavy rainfall. It was thought that these storms used to occur once in a hundred years. However, due to climate change, the incidence of flooding and sewer backups have become more frequent. We call upon the City of New York to invest in upgrading our combined sewer to a dedicated system. In light of the devastation that the City of New York has experienced with Hurricane Ida, it would be wise to provide funding to construct a dedicated sewer system, for doing so, will help to reduce the possibility of any further loss. We ask DEP to give serious consideration to our request.

#### **Needs for Sanitation Services**

Increase Litter Basket Collections Along Our Commercial Strips In order to improve the level of cleanliness throughout the district, increase litter basket collection to three times per day. Urgent attention is needed along 37th Ave.; Junction Blvd.; Roosevelt Ave.; Northern Blvd.; 103rd St. and 74th Streets; Astoria Blvd, 73rd Street and 72nd Street in Jackson Heights. Providing these additional services will have a positive impact on the affected businesses and overall community.

3/36	DEP	<b>Other capital budget request for DEP</b>	<i>Request: Dredge Flushing Bay to reduce odor and improve water flow. Explanation: Construct additional holding tanks in Flushing Bay in order to reduce the amount of waste entering into the bay. The holding tanks must be put in place before the Bay is dredged and the Army Corp of Engineers recommendations are implemented.</i>	
18/36	DEP	<b>Other capital budget request for DEP</b>	<i>Employ interim measures to control floatables going into Flushing Bay and restore the wetlands</i>	
36/36	DEP	<b>Other capital budget request for DEP</b>	<i>Due to severe flooding caused by hurricane Ida, it is important that CB3's combined sewer system be upgraded to a dedicated sewer system to ensure that the incidence of flooding will be reduced.</i>	
CS	DEP	<b>Other capital budget request for DEP</b>	<i>Request: Fund a Study For The Construction of a Separate Sewer System for 103rd &amp; Northern Blvd., 25th Avenue &amp; 81st Street, 77th Street &amp; 30th Avenue, 25th Avenue and 77th Street and 25th Avenue and 76th Street. Explanation: Neighborhoods that were once comprised of one &amp; two family homes have been replaced with units of six to ten families. These changes have increased the demand on our infrastructure &amp; sewer system. Before 1996, conditions were confined to East Elmhurst or North of Northern Blvd. Sewer backup conditions are now district-wide.</i>

10/33	DSNY	<b>Other garbage collection and recycling requests</b>	<i>Increase funding to provide additional cleaning services to Roosevelt Ave from 69th to 114th Streets. The mayor has allocated additional funding. We hope some of these monies will come our way.</i>
12/33	DSNY	<b>Other cleaning requests</b>	<i>Increase funding for sanitation MLP service in section 31. Explanation: The monies would allow sanitation to provide additional services to the areas that are mostly in need within our district.</i>
18/33	DEP	<b>Inspect sanitary sewer on specific street segment and repair or replace as needed</b>	<i>Increase DEP inspectorial personnel to address dumping and other environmental infractions in Flushing Bay.</i>
30/33	DSNY	<b>Increase enforcement of illegal posting laws</b>	<i>Increase funding for illegal posting personnel.</i>

## HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

### Queens Community Board 3

#### Most Important Issue Related to Housing, Economic Development and Land Use

##### **Affordable housing preservation**

Explanation

#### Community District Needs Related to Housing, Economic Development and Land Use

##### **Needs for Land Use**

: Increase staffing levels for Administrative & Community Outreach Units. Additional administrative and community personnel is needed to improve the agency's ability to disseminate information and work with property owners.

##### **Needs for Housing**

Construct Affordable Housing for Middle, Low Income Families and Seniors Around the district new buildings are going up, but nearly none of are affordable. A recent survey reported that "49 % of Queens residents shell out as much as 48% of their income on housing." In CB3, the average rental rate for apartments is approximately \$1600 a month for one bedroom, which is far out of range for most working families. Young people who were born and raised in our community and seniors on fixed incomes cannot afford to live in the District. There is a urgent need for mid-low income housing facilities. We have noted that in order to pay expensive rents families are doubling and tripling up in apartments and houses. We need affordable housing that will fit in and support the needs of the existing community. Strategies and programs must be developed to stimulate the production of affordable housing facilities. Employ programs such as No property taxes for 5 years to encourage the development of affordable housing.

##### **Needs for Economic Development**

Conduct a Commercial District Needs Assessment- Last winter Community Board 3 conducted a forum for our area businesses. There was a good turnout, many of the operator's questions centered around gaining access to capital, taxes, high rental rates, marketing, doing business with the City of New York and merchant organizing. CB3 requests that funding be provided to conduct a Commercial District Needs Assessment to support our local businesses.

**Other business  
regulatory  
assistance requests**

*Implement Economic Development programs which would include entrepreneurial training, loan packaging, micro Loan Program, management training, export assistance.. Assistance is needed to coordinate neighborhood redevelopment, marketing & anti-graffiti programs. Funding these programs would make a significant difference for the business community in CB3..*

### Queens Community Board 3

#### Most Important Issue Related to Transportation and Mobility

##### **Parking operations**

Revisit, Review Recent Traffic Modifications. DOT has implemented several initiatives within QCB3 that businesses have requested review. Modifications on Northern Boulevard, 34th Avenue, and Roosevelt Avenue has resulted in the loss of parking spaces. Establishments complain that due to limited parking fewer customers are patronizing their businesses. Customers are opting to go to Long Island and locations where there is onsite parking. Some of these traffic changes have seriously impacted our small businesses' bottom line. A few suggestions are to remove unused outdoor seating structures and install parking meters. We call upon the agency to look into these concerns. Speak with the area entrepreneurs to get a better understanding of the impacts these changes have made on their businesses.

#### Community District Needs Related to Transportation and Mobility

##### **Needs for Traffic and Transportation Infrastructure**

Upgrade street lights located along Roosevelt Avenue from 72nd to 114th Streets. The recently installed streetlights are directed towards the street leaving the sidewalks very dark. Residents including NYPD are concerned about the unsafe conditions that could be caused due to poor or no lighting on the sidewalks. The illumination of the street lights are blocked by the elevated number 7 subway line. Enhance street lighting by installing pedestrian lights on Roosevelt Avenue at the aforementioned locations as expeditiously as possible.

##### **Needs for Transit Services**

Community Board 3 was recently made aware of MTA's plan to modify the route for the Q32 bus line. The route will be shorten, instead of terminating at 32 Street and 7th Avenue in Manhattan the last stop will be 52nd Street and Fifth Avenue. The change will pose a major hardship for the users of this bus route. The Q32 is the only bus in our district that goes to 34th Street in Manhattan. Our seniors and mobility challenged residents are the primary users of the service. Having to transfer twice to other buses, pay an additional fare or use the subway system to continue their trip to 34th Street is not feasible. If this one stop service to Macy's, Amtrak and the 7th Avenue shopping district is curtailed our vulnerable residents will have no other means to get to their destination short of paying for an expensive cab ride. We call upon the MTA to reevaluate their plan and come up with a workable solution that will serve all of its customers.

## PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

### Queens Community Board 3

#### Most Important Issue Related to Parks, Cultural and Other Community Facilities

##### **Other**

##### **Explanation**

#### Community District Needs Related to Parks, Cultural and Other Community Facilities

##### **Needs for Parks**

Open Space/Recreational Facilities and Programs Our community needs and deserves more park space. It is well documented that CB3.Queens comes in second citywide as to having the least amount of park space. PlanNYC indicates that Community Board3's open space is at .04 acres per 1000 residents, particularly in Jackson Heights. Combining the acreage of our athletic fields, courts, passive open spaces and community gardens totals .16 per 1000 resident. CB3 is woefully below the open space requirements set by NYC Neighborhood Standards. We are committed to finding creative ways in which to increase public spaces and recreational programming within our district. We have supported expanding our public space by converting local streets into temporary playstreets/plazas and purchased private property to enlarge a local park, i.e. 78th Street Playstreet, Diversity Plaza and Rory Staunton Field. While we are grateful for what has been accomplished thus far additional park space is sorely needed. We ask that funding be provided so that new sites can be identified and developed.

##### **Needs for Cultural Services**

Louis Armstrong House Museum- Education Visitor Center The Louis Armstrong House Museum is a National Historic Landmark and a New York City landmark. It is the only landmark located within the confines of Community Board3 LAMH is located in the heart of North Corona. It is reported that the museum hosts over 12,500 visitors each year. The Visitor's Center is in its final stages of development. The new addition will allow the institution to accommodate more visitors; large groups, provide housing for the storage of the Louis Armstrong Archives, and expand programming to include concerts and forums. The current space is too small to conduct the aforementioned activities. Community Board 3 fully supports this project. We request that the construction of the n Visitor's Center be fully funded; that work commences expeditiously and opened before the close of 2023.

##### **Needs for Library Services**

Libraries Community Board 3 has four libraries and all are well utilized. The Center for Urban Future indicates that visitors to the Jackson Heights branch exceeded 445,970, North Corona 240,466., Langston Hughes 168,849, and East Elmhurst 66,595. Our residents both adults and children rely on our local libraries for employment information, cultural and educational programs, and general access to the internet. Libraries have always been one of our top priorities. We are pleased to see that our local facilities will be opened six days a week. We now look forward to the advancement of the following projects: The expansion of the Jackson Heights Library, the children's center is extremely overcrowded; consideration should be given to constructing an annex that will be located close to the existing facility. The Jackson Heights facility is the most heavily utilized branch in North West Queens. Residents who live north of Northern Boulevard must travel a distance. Constituents complain that they would use library services more frequently if there were a facility closer to their neighborhood. We ask that the QPL System seriously consider our requests and move the aforementioned projects forward.

##### **Needs for Community Boards**

Increase Funding Levels for Community Boards

Provide Community Boards with Access to 311 Data Specific to Each Board Area .

Explanation:

Community Boards are understaffed, and underfunded and have always worked with less even during times of prosperity. An increase in funding levels for Community Boards would be in order. In addition, the advent of Hurricane Sandy and Irene underscored the need for improved communications with 311. We need the ability to retrieve information from the 311 databases in order to analyze conditions that impact our community.

Community Boards are now required to Live Stream meetings as per the Comptroller's Office. We do not have the financial wherewithal to pay for consultant fees or equipment. In order for community boards to meet the mandate additional funding must be allocated.

### Capital Requests

PRIORITY	AGENCY	CB REQUEST	REASON	AGENCY RESPONSE
01/41	HHC	Provide a new or expanded health care facility	<i>Construct a new Hospital in Corona/East Elmhurst. Elmhurst Hospital is the only medical facility in QCB3 area. The hospital serves over a million patients annually. Our area during the pandemic was hit more than any area in the country. The hospital was heroic in saving lives during the health crisis but like many hospitals, was seriously challenged. Our hospital needs to expand its footprint by building on its existing campus or creating an annex to save East Elmhurst and North Corona. An additional facility is needed without question.</i>	In recent years, HHC has expanded patient care services in the borough of Queens to accommodate increased demand as a result of hospital closures in Queens.
02/41	DOE	Provide a new or expand an existing elementary school	<i>Request: Construct a new high school at Willets point and the former DiBlasi Ford site.</i>  <i>Explanation: The construction of a high school remains our first priority. An ideal location for a high school is Willets Point. Another potential site would be the former DeBlasi Ford car dealership located on Northern Boulevard and 114th Street.</i>	Limited seat need has been identified in the area specified. Location for a school will be based on site availability.
03/41	DEP	Other capital budget request for DEP	<i>Request: Dredge Flushing Bay to reduce odor and improve water flow.</i>  <i>Explanation: Construct additional holding tanks in Flushing Bay in order to reduce the amount of waste entering into the bay. The holding tanks must be put in place before the Bay is dredged and the Army Corp of Engineers recommendations are implemented.</i>	Further study by the agency of this request is needed.
04/41	QPL	Create a new, or renovate or upgrade an existing public library (QL)	<i>Construct a new building and expand the capacity of the Jackson Heights Regional Library - keep allocation in place.</i> <i>Explanation: The Jackson Heights Branch is the most heavily utilized library facility in Northwest Queens. The library is the home to the most ethnically diverse population in the City. Space for expansion is available behind the present structure. A new facility will significantly reduce overcrowding.</i>	This project was funded in a prior fiscal year and the scope is now underway.
05/41	HPD	Provide more housing for extremely low and low income households	<i>Construct affordable housing for middle and low-income families. Explanation: Strategies and programs must be developed to stimulate the production of new/affordable housing facilities. There is a severe shortage of housing for the aforementioned income groups.</i>	The agency will accommodate this issue within existing resources.
06/41	HPD	Other affordable housing programs requests	<i>Request: Construct Affordable Housing for Middle &amp; Low-Income seniors. Explanation: Strategies and programs must be developed to stimulate the production of new/affordable housing facilities. We recommend this request be brought to the attention of your Council Members.
20/41	FDNY	Rehabilitate or renovate existing fire houses or EMS stations	<i>FDNY Station 307/154 - Upgrade kitchen.</i>	Repairs and upgrades to facilities must be scheduled carefully so overall (and local/neighborhood) emergency response operations are not negatively impacted. Additionally, these requests must be prioritized so more critical issues (e.g., health and safety or operational response issues) are addressed first. We repair all facilities as resources and priorities allow.
21/41	DOT	Repair or provide new street lights	<i>Add Street Lights from Junction Boulevard to Roosevelt Avenue.</i>	Please contact the Borough Commissioner's office to discuss this request.
22/41	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Restore bathrooms near the marina restaurant located on the Malcolm X Promenade. Construct additional facilities along the promenade.</i>	Parks Department funds are insufficient for this purpose. We recommend this request be brought to the attention of your Council Members.
23/41	DOT	Other transportation infrastructure requests	<i>Study the intersection of Junction Blvd. and 34th Ave up to 103rd Street between 31st Ave &amp; Astoria Blvd.</i>	Please contact the Borough Commissioner's office to discuss this request.
24/41	DOT	Other transportation infrastructure requests	<i>Re-evaluate traffic conditions along 75th to 78th Streets and 31st Ave.</i>	Please contact the Borough Commissioner's office to discuss this request.
25/41	DCLA	Other cultural facilities and resources requests	<i>Construct a Community Performance Arts Center in Jackson Heights that will accommodate seating for 300. The new facility would host local and international artists and could be the home of the Jackson Heights Orchester.</i>	The Department of Cultural Affairs recommends this project be brought to the attention of your local elected official, i.e. Borough President or City Council member.
26/41	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Upgrade Gorman Park. Explanation: Gorman Park has received funding for the rehab of the playground. In FY2021 provide funding for phase 2. Upgrading the volleyball, basketball, and handball courts.</i>	Parks Department funds are insufficient for this purpose. We recommend this request be brought to the attention of your Council Members.

27/41	DOT	Repair or construct new curbs or pedestrian ramps	<i>Request: Provide funding for curb repair. Explanation: While the property owner is responsible for the repair of sidewalks and encouraged to replace curbs, all too often, violations go unaddressed because of financial difficulties or neglect. Unsafe conditions are left to the city to be corrected. It is therefore important that funding to hire more outside contractors to perform sidewalk and curb repairs be increase.</i>	The agency will try to accommodate this issue within existing resources.
28/41	DPR	Reconstruct or upgrade a building in a park	<i>Upgrade Northern Playground (Including play equipment, restrooms, and sitting area). Make it more attractive and user-friendly.</i>	Parks Department funds are insufficient for this purpose. We recommend this request be brought to the attention of your Council Members.
29/41	FDNY	Provide new emergency vehicles, such as fire trucks or ambulances	<i>Purchase a Medical Service Vehicle - FDNY/EMS for the Borough of Queens (for 10 patients at a time can be attended to on this mobile vehicle) Existing vehicle is over 29 years old.</i>	Further study by the agency of this request is needed.

Whether expansion entails building up or acquiring adjacent property, the new addition would be welcomed.</i>	This project was funded in a prior fiscal year and the scope is now underway.

## Expense Requests

PRIORITY	AGENCY	CB REQUEST	REASON	AGENCY RESPONSE
01/33	DEP	Investigate air quality complaints at specific location	<p><i>Request: Install Air Monitors in the Neighborhoods of Jackson Heights and East Elmhurst that are located near LaGuardia Airport.</i></p> <p><i>Explanation: CB3 is surrounded by Laguardia Airport, BQE and The Grand Central Parkway. Our residents are concerned about the impact of fumes emanating from motor vehicles and planes in the community. There is a high incidence of asthma &amp; respiratory disease in our district. The need to install air monitors in our area is clear.</i></p>	DOHMH partners with Queens College to conduct the New York City Community Air Survey (NYCCAS), which measures air pollution at roughly 150 locations in New York City. This program studies how pollutants from traffic, buildings boilers and furnaces, and other sources impact air quality. NYCCAS monitors pollutants that cause health problems such as fine particles, nitrogen oxides, elemental carbon (a marker for diesel exhaust particles), sulfur dioxide, and ozone. This effort helps the City improve air quality policies and enforcement.
02/33	HPD	Other expense budget request for HPD	<i>Make the pilot program to bring basement apartments up to code Citywide.</i>	HPD lacks adequate funds to undertake this budget request.
03/33	DOHMH	Other programs to address public health issues requests	<p><i>Increase funding for rodent abatement.</i></p> <p><i>Complaints regarding rodent infestation has increased.</i></p>	The agency will try to accommodate this issue within existing resources.

Hire additional personnel for 11am- 7pm shift in order to increase litter basket patrol truck service particularly during weekends.</i>	DSNY will evaluate this request.
05/33	NYPD	Hire additional uniformed officers	<p><i>Request: Restore our full complement of NYPD personnel, NCO (s), administrative aides, custodial services, and school safety guards.</i></p> <p><i>Explanation: QCB3 has lost Police Officers due to retirement, sick leave and reassignments. While the 115 Precinct is doing a great job with current resources, our community deserves replacement of loss personnel.</i></p> <p><i>Hire additional custodial personnel for the 115 precinct. The additional staff will improve the precinct's day-to-day operations.</i></p>	NYPD total staffing levels depend on decisions made in the Preliminary and Executive budget process. Allocation of uniformed personnel is scheduled by the NYPD only after graduation of Police classes from the Academy. Availability of civilian personnel is limited due to reductions to the civilian headcount.
06/33	QPL	Extend library hours or expand and enhance library programs (QL)	<i>Request: Keep Queens Libraries Open 7 Days a week with one late night closing at 10:00pm. Explanation: Our libraries are heavily utilized and do not meet the needs of CB3 constituents. Provide funding to restore our libraries to full operational capacity.</i>	The Queens Public Library received funding to provide six-day service and will continue to request additional funding to open all libraries seven days per week.

07/33	DOHMH	Other programs to address public health issues requests	<i>Increase funding for food pantry program.</i>  <i>Since the pandemic, our community's greatest challenge is food insecurity.</i>	This is not within DOHMH jurisdiction
08/33	NYPD	Hire additional traffic enforcement agents	<i>Increase funding to hire additional traffic enforcement agents to address double parking and other traffic infractions.</i>	Based on the latest budget, the NYPD has a specific budgeted headcount. The agency is working on filling vacancies in order to get to that headcount.
09/33	DYCD	Other youth workforce development requests	<i>Request: Restore and Increase funding for youth, adult and senior programming in Jackson Heights, North Corona and East Elmhurst. Explanation: There is a severe shortage of programs in CD3 that cater to the recreational needs of our youth and seniors. Our community deserves quality facilities and programming that will enrich our lives.</i>	Presently, there are a variety of agency-funded programs in the district for this target population. Additional programs are contingent upon available funding and will be distributed through an RFP process. Organizations are encouraged to apply.
10/33	DSNY	Other garbage collection and recycling requests	<i>Increase funding to provide additional cleaning services to Roosevelt Ave from 69th to 114th Streets. The mayor has allocated additional funding. We hope some of these monies will come our way.</i>	This program is currently funded and the Department of Sanitation recommends its continued support.
