Statements of Community District Needs and Community Board Budget Requests

Fiscal Year
2026

**Queens
Community District
1**

November 2024

INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

HOW TO USE THIS REPORT

This report represents the Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2026. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from June to November, 2024.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

If you have questions about this report or suggestions for changes please contact:

This report is broadly structured as follows:

1. **Overarching Community District Needs**

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

2. **Policy Area-Specific District Needs**

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

3. **Community Board Budget Requests**

The final section includes the two types of budget requests submitted to the City for the FY24 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

Disclaimer

This report represents the Statements of Community District Needs and Community Board Budget Requests of this Community District for Fiscal Year 2026. This report contains the formatted but otherwise unedited content provided by the community board.

Budget Requests: Listed for informational purposes only. OMB remains the definitive source on budget requests and budget request responses.

Statement on Data Accuracy

Under Title 13 of the U.S. Code, the Census Bureau is legally bound to protect the privacy of individuals participating in the decennial census. To adhere to the law and to avoid the disclosure of information about individual respondents, the Census Bureau has historically applied a host of techniques, such as top- and bottom-coding, imputation, table- and cell-suppression, and data swapping. The Census Bureau is employing a new technique with the 2020 Census, referred to as the Disclosure Avoidance System (DAS), based on differential privacy. With this approach, the Census Bureau “infuses noise” systematically across census data and sets a quantified disclosure risk, referred to as the Privacy Loss Budget (PLB).

While the new DAS approach may diminish the risk of disclosure concerns, it comes at a cost to data accuracy. Consequently, 2020 Census data users should be aware that all sub-state counts, except for housing units (which are unaffected by the DAS), may be adjusted to protect the privacy of Census participants and may be subject to reduced accuracy. Because DAS noise infusion is randomized, it is impossible for data users to know the degree to which any individual statistic is altered. However, it is possible to say that in general the relative size of errors decreases as counts increase. Consequently, data users should have greater confidence in the accuracy of the data as counts get larger. Further, an evaluation of a Privacy-Protected Microdata File (PPMF), treated with a Disclosure Avoidance System like the one applied to 2020 redistricting data, showed that counts of 300 or more rarely have sizable errors (error beyond +/- 10% of the count). Therefore, while data users need to be cognizant of data accuracy limitations, they should have confidence in conclusions based on sizable counts, which are relatively unaffected by the Census Bureau’s latest disclosure avoidance method.

3. OVERVIEW OF COMMUNITY DISTRICT

NEEDS STATEMENT FY 2026 INTRODUCTION- Community Board 1, Queens is bounded by Bowery Bay on the north, on the south by Queens Plaza North, Northern Boulevard and the LIRR Tracks, on the west by the East River, and on the east along the west bound curve of the Brooklyn Queens Expressway to the Grand Central Parkway and 82nd Street. We service the communities of Astoria and portions of East Elmhurst, Long Island City, Woodside and Jackson Heights. Our zoning is mixed with residential, manufacturing, industrial and commercial areas, two (2) Industrial Zones, and two (2) Business Improvement Districts. Our district is home to four (4) NYCHA housing developments. We have major shopping, dining and business areas along Broadway, Ditmars Boulevard, Steinway Street, 30th and 36th Avenues and Northern Boulevard. CD1 has seen a boom in development and studies to prepare for the future of land use in our boundaries is necessary. The District abuts LaGuardia Airport, along with several major roads that provide access through our community to and from Manhattan via the Queens Borough Bridge, Brooklyn via the BQE and the Bronx via the RFK/Triborough Bridge. CD1, Queens also provide the only land access to Rikers and Roosevelt Islands. District 1, Queens is home to the largest number of energy power plants that provide electricity to all of New York City. We have genuine concerns regarding respiratory health in our district and advocate for air monitoring. We are also concerned due to the recent installation of 5G antennas and the possible health ramifications and are requesting monitoring within our boundaries of (EMF) electro-magnetic frequency. We are the most culturally diversified District in New York City with 119 different nationalities and counting. Our community has many desirable qualities, including the beautiful waterfront, cultural establishments such as the Museum of the Moving Image, the Noguchi Museum, Socrates Sculpture Park and a replica of an ancient Greek Amphitheater at Athens Square. We are home to the Kaufman Astoria Studios, the Arts District and one of the largest film and television production centers on the east coast. We will soon be welcoming an additional film studio complex, Wildflower, into our district. Programming for the arts and culture is important to our community. In May of 2016, District 1 welcomed the opening of Mount Sinai Hospital of Queens' additional building. This is the only hospital serving our community including the areas of Roosevelt Island and Rikers Island in critical, life saving time. Funding for life saving programs and equipment are always welcome and necessary for the quality patient care of our ever-growing community the pandemic proved this fact. Our District has the greatest number of Enclosed and Unenclosed Sidewalk Cafes in Queens. The Board appreciates the ambiance that these cafes bring to our community and we realize that the quality-of-life of our residents must be maintained. We look to NYC Agency support for proper enforcement of rules and regulations. Currently, Queens County has the greatest number of trees of all the boroughs. Our District has numerous parks and recreation areas with Astoria Park being the crown jewel of our community. At the present time, CD1,Q is in an upward transition and development of new housing is at an all-time high and the infrastructure will soon require upgrades at all levels. We require affordable housing with supporting infrastructure and maintenance of green space. Furthermore, we require the area median income (AMI) to reflect the incomes of our District to avoid displacement in the future. Truly deeply affordable housing is needed for our residents. Our Board has seen the addition of Citi Bike, the NYC Ferry, Revel Mopeds, Lime Electric Scooters and Car-Share programs to our districts transportation system. We have had elevators installed by MTA at the Astoria Boulevard train station for access to the elevated train line. We anticipate the addition of other elevators locally. In addition, we look forward to the benefits from the modernization of LaGuardia Airport and the opportunities Cornell Tech Center will provide to our community. Employment opportunities and training are essential to residents. We look forward to a "silicon alley" within our boundaries. We also look forward to the employment opportunities this addition could provide due to the proximity of the Tech Center. Respectfully submitted, Evie Hantzopoulos, Chairperson & Florence Koulouris, District Manager

4. TOP THREE PRESSING ISSUES OVERALL

Queens Community Board 1

The three most pressing issues facing this Community Board are:

Affordable Housing

AFFORDABLE HOUSING- The need for affordable housing in our district has produced a market for illegal apartment conversion. It has long been the Board's opinion that legislation should be considered to legalize apartments that meet all safety regulations. This will provide safe affordable housing and add to the City's tax base. Increased rents for those living on a fixed income are forcing many seniors and disable residents to move from their homes and out our community. A community that they have lived in for many years, some a lifetime. Truly affordable housing needs to be an option. With development the Area Median Income (AMI) needs to be re-evaluated so residents may stay within their communities. A realistic look at the income of our residents verses the projected AMI requires a study. Additional senior housing is necessary with the exponential growth of the senior population. There is simply not enough housing for those in need of senior residents.

Police-community relations

POLICE-COMMUNITY RELATIONS- Residential development has increased tremendously in our District impacting on all services, particularly the Police. We have an increase in night life, with approximately 160 establishments in our District and growing, that impacts on the quality of life in each neighborhood and in the surrounding communities. We urge the enforcement of regulations pertaining to clubs, lounges and bars i.e.: excessive noise, drugs and alcohol service to minors. The MARCH Program (Multi Agency Response to Club Hotspots) must be continued. Businesses and residents deserve the opportunity of peaceful enjoyment in their community. Nightlife should not dominate our police officers' services. Quality of life matters for residents.

Other - Write In (Required)

Transit & Traffic - CD1Q acknowledges the need for safe passages of cyclists through the City which we support. We also have serious concerns regarding the elimination of parking spaces, particularly in our commercial and professional areas. This creates a hardship for the business that need parking to accommodate patrons and supplies. New developments have brought more residents who depend on public transportation. In addition, many commuters from outside the area drive to Astoria and park their cars to board the train to Manhattan and other boroughs because they do not have service. This brings individuals into our district where inevitably spend money in our various establishment and creates economic stimulus. There is now extreme over crowding in our district. We have had the installation of Cars to go, Citi Bike, the Ferry service, and Revel Vespa's to aid in transportation options. However, the mass transportation system requires massive service upgrades to accommodate today's magnitude of travelers. We require a better plan to accommodate our districts diverse needs and volume which will provide opportunity to all our residents. Transportation should not cause the hardship it does to so many. Our district requires a solid mass transportation plan that will provide safe, accessible and affordable travel to all of our neighbors. Transportation promotes economic stability. Bicycle racks at transit hubs for easy access is needed along with sidewalk bulb outs for pedestrian safety.

5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

HEALTHCARE AND HUMAN SERVICES

Queens Community Board 1

Most Important Issue Related to Healthcare and Human Services

Other - Write In (Required)

"All of the listed items are important to our environment and quality of life for the residents and businesses of our district: Access to healthy food and lifestyle programs Animal and pest control services Chronic diseases prevention and management (diabetes, heart disease, etc.) COVID-19 management (incl. vaccination, testing, outreach, education, etc.) Environmental health issues (noise, lead, respiratory illness, moisture, mildew, mold, etc.) Health code enforcement Health facilities (existing conditions, capacity, new facilities, etc.) Infectious diseases prevention and management (HIV/AIDS, Hepatitis, etc.) Mental health and substance abuse treatment and prevention programs Programs, services or facilities for seniors (incl. remote programming, cooling centers) Services and communication for New Yorkers who are homebound/have disabilities Services for domestic violence victims Services for low-income and vulnerable New Yorkers Services to reduce or prevent homelessness"

Community District Needs Related to Healthcare and Human Services

Needs for Health Care and Facilities

Our request in the past has been to provide senior center staffing. The services for elderly and disabled including homecare, Meals on Wheels, and medical transportation are critically needed as our population is increasingly older and their funds are limited. Our Board experienced a DFTA Pilot Program, Taxi Smart Card. The program didn't have funding for advertising, so in turn, the community didn't have the opportunity to participate to its fullest ability. However, residents who did participate are urging our Board to advocate to have this program reinstated. Transportation for our elder population is in dire need as this portion of our community grows.

Needs for Older NYs

There is an increase in Seniors Citizens residing in CD1, which has resulted in a higher demand of all types of services such as; housing, specialized health care facilities, medical transportation services in addition to an expanded meal delivery system to the home bound. This birth population is the fastest growing population of seniors in history. Our district being proactive advocating for the necessity of these services for our residents.

Needs for Homeless

Any necessary services to improve the quality of life should be provided.

Needs for Low Income NYs

Any necessary services to improve the quality of life should be provided.

PUBLIC SAFETY AND EMERGENCY SERVICES

Queens Community Board 1

Most Important Issue Related to Public Safety and Emergency Services

Other - Write In (Required)

All of the listed items are important to our environment and quality of life

Community District Needs Related to Public Safety and Emergency Services

Needs for Public Safety

Increased Uniform Personnel for the 114 Precinct. This is required to address all of the issues outlined in all sections of this Budget Submission. (item-1)

Needs for Emergency Services

Our District has a high density of people. Our district is centrally located and has easy access to/from other boroughs. We have an incredibly high amount of cafes, lounges, bar/taverns and night life establishments. We also have an incredibly large amount of construction and renovation happening which includes up-zoning. CD1 provides services to Roosevelt Island due to the only land access from our district. Providing Emergency Services to all the people who reside, neighbor and transverse our district is paramount.

CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

Queens Community Board 1

Most Important Issue Related to Core Infrastructure, City Services and Resiliency

Other - Write In (Required)

"All of the listed items are important to our environment, quality of life, core infrastructure, city services, and resiliency: Air quality and pollution Cleanliness/trash collection Environmental concerns affecting citizens Hazardous materials Noise pollution Organic waste collection and composting programs Preparedness for extreme weather events (incl. coastal flooding, heat waves, cold snaps, heavy wind and rain) Protective Infrastructure (sea walls, flood walls, etc.) Recycling facilities and services Sewer capacity Snow clearing Water runoff and flooding Water pollution control Water supply"

Community District Needs Related to Core Infrastructure, City Services and Resiliency

Needs for Water, Sewers, and Environmental Protection

Increase man power for catch basin maintenance throughout CD1.

Needs for Sanitation Services

The increase of sanitation police is necessary. Graffiti removal is essential, particularly in the commercial strips through out CD1. Increase sanitation levels of operation. It is extremely necessary to relocate the Queens West 1 Sanitation Garage. D.O.S- QW1 requires a facility designed to house additional workers and equipment as soon as possible. Our community has grown and continues to grow. With the added population, the garage requires the ability to service our districts diverse sanitation needs now and into the future. (Priority 11)

Community District Needs Related to Transportation and Mobility

Needs for Traffic and Transportation Infrastructure

CD1, Queens is redeveloping in every corner of the district. Our District is (5) minutes outside Manhattan and has access to all additional boroughs, it is transportation hub. We have the BQE, GCP, Northern Blvd. RFK/ Triboro and LaGuardia Airport, Queens Borough Bridge and additional arteries through our district. Our roadways require constant maintenance due to the high demand placed on them. Pothole, sidewalk and curb repairs must be addressed along with bridge and overpass maintenance. Poor road conditions pose a danger to our bike traffic, pedestrians and automobiles. Because Queens is a transportation desert, people flock to our district to use mass transportation. We have recently acquired alternate forms of transportation such as Citi Bike, the Ferry and Revel Vespas. However, the lack of parking in our district has caused an extreme hardship on businesses, residents and visitors alike. We seek an improvement to provide additional parking within our boundaries to facilitate the community. We do not want to lose the socioeconomic benefits to the community from transient traffic, due to the lack of space.

Needs for Transit Services

All services should be evaluated on a regular basis and any improvements should be made to enhance the travelers experiences. Frequency on trains and busses is essential to the communities travel experience.

Community District Needs Related to Parks, Cultural and Other Community Facilities

Needs for Parks

Create New expanded Comfort Station in North Side of Astoria Park. Astoria Park Track: Reconstruct & Paint lines, Upgrade Infield for sports Use, using the artificial turf. Whitney Ford Field: Renovate Ball field and create Waterfront Access. Community Cultural Facilities need greater support for their activities. Community Offices need additional staff and upgraded equipment, to provide services to the community.

Needs for Cultural Services

Arts and Culture are very important to our District . We have the Museum of Moving Image, Kaufman Arts District, Nogucchi Museum, Socrates Sculpture Park, Astoria Performing Arts (APAC), the Chocolate Factory, Rioult Dance to name a few. We always welcome funding for the arts and cultural establishment in our boundaries. With better tolerance, improved health and learning, opportunities to unite with each other, art and culture advance the quality of life and boost well-being for communities and individuals. Arts and Culture bring people together.

Needs for Library Services

Our libraries require technology access for all the users in our district. Programing is essential to the diverse community we serve. Availability of access to the library is needed. Staffing and funding is a necessity.

Needs for Community Boards

As our community grows we require more full time and part time staffing in the Community Board Office to assist the residents of our district in responding to the many needs and complaints the office receives on a daily basis. Preparation for the board meeting requires special attention due to the documents intense sensitivity, staffers are required to dedicate time and effort in exacting work on a timely basis.

7. SUMMARY OF PRIORITIZED BUDGET REQUESTS

CAPITAL BUDGET REQUESTS

1 of 50 **Repair or provide new street lights**

DOT

Repair or provide new street lights

Location: Main Avenue between Vernon Blvd - 8th Street-27th Avenue North & 8th Street-27th Avenue North

The area of Hallet's Point is a developing area in our community. With the addition of the NYC Ferry access to transportation has generated immense foot traffic. At a recent town-hall community members voiced a large concern regarding visibility. Installation of lighting to improve safety and improve street usage is being requested at Main Avenue between Vernon Boulevard and 8th Street; Green Park on Main Avenue-North side of Astoria Boulevard from 8-31 to 8th Street-27th Avenue North side from 8th Street; Hallet's Point Playground; Astoria Houses.

Agency Response: Agency supports and can accommodate. Please submit a webform request here:

<https://www.nyc.gov/html/dot/html/contact/contact-form.shtml>. The unit will inspect the area for feasible lighting additions.

2 of 50 **Extremely low income housing**

HPD

Provide more housing for extremely low and low income households

CB1, Queens acknowledges the intense need for extremely low cost housing for low-income individuals and families. The rate of housing increases has priced individuals out of homes and the need to provide shelter for neighbors is a dire need. Permanently extremely low cost housing must be provided to assist our neighbors.

Agency Response: Agency supports and can accommodate. Thank you for this request. We agree that your district need additional affordable housing. HPD will continue to use all tools available, including but not limited to subsidy, tax exemptions, and Low Income Housing Tax Credits (LIHTC) to fund the construction of affordable housing from the development pipeline to maximize available resources.

3 of 50 **NYCHA Section 9 Housing**

NYCHA

Create more housing on NYCHA properties

Dedicated section 9 housing is essential to provide affordable housing to our community, With in our boundaries we have Astoria Houses, Ravenswood, Woodside and Queensbridge. The section 9 housing would promise homes to individuals who are struggling in this intense housing market. CD1 requires Section 9 housing dedicated to our NYCHA housing developments.

Agency Response: Agency supports but cannot accommodate. As the largest public housing authority in North America, NYCHA shares your commitment to providing affordable housing for low- and moderate-income New Yorkers.

4 of 50 **Other capital budget request for DEP**

DEP

Other capital budget request for DEP

On 32 Street off Ditmars Blvd. to Dead End of 32 St. there exists a combined sewer that has been failing for in-numerous years, some complaints go back 45 to 50 years. With the influx of new residents and the historic failing system the combined sewer cannot handle the wastewater and run-off. The residents are suffering with perpetual flooding of wastewater in their homes. This unsanitary condition need be repaired immediately. After consultation with DEP this reconstruction has been the prescribed remedy. We are seeking an expedited repair on 32 Street due to the detrimental conditions our residents face.

Agency Response: Agency does not support and cannot accommodate. Please contact the agency directly and promptly for more information.

5 of 50 Reconstruct streets Reconstruct streets	DOT
<p>Location: 32 Street A Full Street Reconstruction of 32 Street off Ditmars Blvd. to dead end of 32 Street is required due to the innumerable years of underlying issues related to the combined sewer system below. This street has drainage issues that need to be rectified by the pitch and grade of the street. The road surface has deteriorated and requires the full attention of DOT.</p>	<p><i>Agency Response: Agency does not support and cannot accommodate. Please contact the agency directly and promptly for more information.</i></p>
6 of 50 Provide new or upgrade existing sanitation garages or other sanitation infrastructure Provide new or upgrade existing sanitation garages or other sanitation infrastructure	DSNY
<p>Expand QW1 Sanitation Garage size and move from location. The Existing Structure was Built in 1937 and is Dilapidated. In Order to Provide Full Sanitation Services to our Community in an Effective Manor this Action must be taken Immediately. The Community has Grown and the Services Necessary to Keep Up with the Community can not be Provided from the Existing Space. The Community Requires a Garage that can Provide Services now and into the Future Taking into Consideration the Changing Dynamics of Sanitation.</p>	<p><i>Agency Response: Agency supports but cannot accommodate. No alternate site has been identified to support the proposed action.</i></p>
7 of 50 Provide new facilities such as a firehouse or EMS station Provide new facilities such as a firehouse or EMS station	FDNY
<p>We Request to Re-open Firehouse 261, Ladder 116 at 29th Street Between 37th & 38th Avenues Due to the Immense Building in Our District. With the Influx of Thousands of Residents, Students and Visitors, We Require the Firehouse to be Reopened for Community Safety. In this Area We have 47 Hotels and Quite a Few Large Developments in Progress. The Current Local Residents Safety Must be Addressed as Well as the People on Roosevelt Island.</p>	<p><i>Agency Response: Agency does not support and cannot accommodate. Please contact the agency directly and promptly for more information.</i></p>
8 of 50 Renovate or upgrade existing precinct houses Renovate or upgrade existing precinct houses	NYPD
<p>Due to multiple issues with the old structure our officers require a larger, cleaner/healthier & efficient space to work in. In past years, our officers have had numerous floods in their locker rooms from sewage backup during rain. The building was scaffold for approximately 5 years due to deterioration. Our current structure is too small for the number of officers our district requires. The 5x5 rooms must be share with multiple users. The building itself is out dated and it would cost more to update versus a reconstruction. With the massive increase in residents and expansion in night life our district requires more manpower. There is no space in the building as it exists to accommodate additional staff we need. When this structure is built parking needs to be considered in the plan.</p>	<p><i>Agency Response: Agency does not support and cannot accommodate. Please contact the agency directly and promptly for more information.</i></p>
9 of 50 Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field) Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)	DPR
<p>Renovation of Complex Area at Astoria Park Including the Terrace & Electric upgrades and locker room renovation this space requires updating and repairs it is necessary due to the amount of use by the district and City of NY residents alike. It is know and loved City wide.</p>	<p><i>Agency Response: Agency supports but cannot accommodate. There is currently no capital funding for this request. Please continue to advocate for these improvements.</i></p>

10 of 50 Daylighting all intersections in CD1**DOT**

Improve traffic and pedestrian safety, including traffic calming

CB1 Queens membership voted and sent a letter to NYC DOT in June of 2023. This letter to the agency described the need for daylighting at all intersections and the benefits to the community to transverse our local roadways. Bicyclists, drivers and pedestrians will benefit from the safer roadways by this implementation in CD1Q.

Agency Response: Agency supports and can accommodate. The initial list of locations that have received daylighting is available on our website. Locations were selected based on a variety of factors, including crash data, cycling and micro-mobility demand, equity, and study testing conditions. NYC DOT's construction period falls between mid-April and mid-November, with much of the work happening in the fall. Work is weather dependent, and the agency is ahead of pace to meet or exceed the committed target.

11 of 50 IS 141 and IS126 Auditoriums Renovations**SCA**

Renovate other site component

Renovation for the auditoriums of IS 141 and IS 126 are necessary. IS 126 is located at 31-51 21 Street, Astoria, NY 11106. IS 141 is located at 37-11 21 Avenue, Astoria, NY 11105. These two intermediate schools require auditorium renovations as the areas are antiquated and the students require a modernization for educational benefit. Both facilities are in urgent need of renovation to be utilized to their full potential for the students curriculum.

Agency Response: Agency does not support and cannot accommodate. Please contact the agency directly and promptly for more information.

12 of 50 Other capital budget request for DOT**DOT**

Other capital budget request for DOT

Improved street & sidewalk lighting is needed surrounding Astoria Houses for residents traversing NYC street. The existing lighting is not sufficient for our community safety.

Agency Response: Agency supports and can accommodate. Please submit street lighting requests to the webform here: <https://www.nyc.gov/html/dot/html/contact/contact-form.shtml>. The unit will inspect the location and determine what is feasible.

13 of 50 New Homeless Shelter & existing upgrades**DHS**

Provide new homeless shelters or SROs

In CD1Q we have a shelter under construction it has not yet completed the build out. We have a large number of hotels in our boundaries being utilized. Permanent shelters for housing with services is necessary to meet basic needs, provide support, reduce crime, build community and improve public health standings.

Agency Response: The agency does not understand the request as written and requires more clarification. Contact the agency, Office of Intergovernmental Affairs, for further discussion.

14 of 50 New/Expanded Healthcare Facility**HHC**

Provide a new or expanded health care facility

Provide a new or expanded health care facility. Our district is in dire need of attention to a trauma center within our boundaries as there is no access to the necessary services provided by a trauma center locally. Health services are limited and implementing a new healthcare facility would facilitate human services as we saw the impact during the Pandemic (Covid 19, 2019) where our area was part of the epicenter and our only in-district hospital was impacted dramatically.

Agency Response: Agency supports but cannot accommodate. NYC Health + Hospitals/ Elmhurst has developed a master plan for the existing campus that we feel would adequately accommodate all current and future needs. Currently, we are in the process of renovating many services and modernizing infrastructure, while we assess the cost of the proposed master plan and advocate for the capital funding needed. Outside the main campus, a community needs assessment would need to be conducted to determine the viability of a secondary facility or campus. Any Annex in an area outside of the current campus would require further study.

15 of 50 Mandatory Senior Center upgrades/renovations in CD1Q**DFTA**

Renovate or upgrade a senior center

Through out CD1, Queens the senior centers are older and require modernization post Covid 19. These facilities provide essential services to our older population. Kitchens in centers are antiquated. Floors in the centers require replacement and /or upgrading. Structures require maintenance and reimagining for multi-use. High speed technology installation and other items have been noted for during renovations through out the districts centers. Our elder population relies on the services and as our senior population expands (post baby-boomer) these facilities are highly utilized in our district,

Agency Response: Agency supports but cannot accommodate. NYC Aging will seek additional funding for this request.

16 of 50 Socrates Sculpture Park Upgrades**DPR**

Other capital budget request for DPR

Socrates Sculpture Park requires climate adaption capital improvements including drainage improvements, additional new elevated waterways, also an elevated lawn at Vernon Boulevard to mitigate the effects of storm surge and native plantings at the site. These upgrades will protect the park and provide the critical art and nature services the CD1Q residents enjoy for generations to come.

Agency Response: Agency supports but cannot accommodate. There is currently no capital funding to address this request. There is a capital project that will be starting shortly to upgrade the shoreline at Socrates.

17 of 50 Astoria Heights Tennis Courts**DPR**

New equipment for maintenance

Location: 30th Road - 45th Street & 46 Street
Astoria Height Playground is highly utilized by the community. The tennis area is extremely popular and has fallen into disrepair. These courts are an asset to our community and require renovation with upgrades. Adults and youth enjoy the access to tennis which provides beneficial health aspects such as lower blood pressure and cardiovascular impact. Bone health, muscle health weight loss and mental health are attributed to the sport of tennis. Our community utilizes the courts regularly and the repairs are necessary allow continued use and to prevent injury to our residents. <https://www.nycgovparks.org/parks/astoria-heights-playground/facilities/tennis>

Agency Response: The agency does not understand the request as written and requires more clarification. Is this a request to upgrade the tennis courts or new equipment? Based on the description included, we support upgrading the tennis courts but there is currently no capital funding. If it's equipment purchase, not all of these purchases are capital eligible.

18 of 50 Increase Commercial Loading Zones in CD1Q**DOT**

Improve traffic and pedestrian safety, including traffic calming

Greatly increase the number of loading zones in commercial corridors with in CD1Q. Areas such as upper Steinway Street see immense double parking for commercial vehicles. Other areas within the district see a massive uptick in home delivery such as Ditmars Blvd. With apartments above the businesses these deliveries are a real impact. In adding commercial corridor loading zones it will reduce double parking allowing the passage of bicycles, cars, motorcycles and other trucks in a more efficient way lowering volume traffic delays. Additionally this change will provide safe roadways.

Agency Response: Agency supports and can accommodate. DOT has installed over 500 new loading zones that address public feedback on where they commonly see double parking and blocked bike and bus lanes due to vehicle loading and unloading. In 2023, NYC DOT launched a new web platform where New Yorkers can report problem areas. Double-parking and blocked bike and bus lanes create safety hazards and contribute to traffic congestion. These efforts complement other recent and ongoing NYC DOT initiatives to reduce the negative impacts of truck deliveries and make deliveries safer and smoother for everyone. More info available here: <https://www.nyc.gov/html/dot/html/pr2024/nyc-dot-loading-zones.shtml>

19 of 50 District wide STEM Programs elementary through High School in CD1**DOE**

Other capital budget request for DOE

STEM (Science, Technology, Engineering & Math) Programs and platforms including but not limited to Microsoft Suite, Adobe, Google, and other platforms and programs should be taught for internships and work/employment. Students are entering the workforce inadequately prepared in the knowledge of basic word processing, design or internet skills which are crucial to entering and succeeding in the workforce today. Each and every school within the boundaries Elementary, Middle and High School throughout the district should be able to provide training to our children for the life skills necessary to achieve.

Agency Response: Agency does not support and cannot accommodate. Please contact the agency directly and promptly for more information.

20 of 50 Reconstruct or upgrade a building in a park**DPR**

Reconstruct or upgrade a building in a park

Ditmars Playground: Upgrade and Repair Comfort Station (Steinway Street between Ditmars & 23rd Avenue) as these Repairs are Required and Necessary for our Community Use. The Park is old and requires updates for community safety and comfort.

Agency Response: Agency supports but cannot accommodate. There is currently no capital funding to address this request. Please continue to advocate for restroom renovations at Ditmars.

21 of 50 Improve traffic and pedestrian safety, including traffic calming**DOT**

Improve traffic and pedestrian safety, including traffic calming

Location: Steinway Street - 30th Avenue & 30th Avenue
Steinway Street is the longest outdoor Shopping Center in the country. The blocks are disproportionally longer than city blocks. Steinway Street requires streetscape improvements. With these improvements, it will enhance connectivity to the local merchants. These improvements will also provide safe passage through out the business district for shoppers. Streetscape improvements should include concrete curb extensions Steinway St, Newtown Rd & 30 Ave at mid block signals and corners. A build out of green spaces is also required to create a healthier environment locations are Municipal Parking Lot #2 and Steinway Landmark Clock. This has been started and a portion completed. The project must be fully completed.

Agency Response: Agency supports and can accommodate. NYC has invested \$12 million through the Strategy for Equity and Economic Development (SEED) Fund for public realm and streetscape improvements along Steinway Street in Astoria, Queens. <https://www.nyc.gov/site/planning/about/press-releases/pr-20231122.page>

22 of 50 Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field) Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	DPR
Provide a Power Supply on the West-side of the Great Lawn between the Pool & Hell Gate Bridge for music and shows. Astoria Park Great Lawn provides a huge number of events for our community. This provision will eliminate the overall negativity caused by generator use. This is a very important improvement to the park because of the environmental impact.	<i>Agency Response: Agency does not support and cannot accommodate. Please contact the agency directly and promptly for more information.</i>

Dutch Kills Playground Requires the Tennis Courts and Multi-Purpose Hockey Rink be renovated. The Community Feels Strongly about this Project and Requires these Facilities to be in Safe Repair for the High Community Use of this Facility. The Hockey area has been used for practice and the residents have been disappointed by the maintenance and repairs this facility requires and the length of time it takes to provide a better rink.	<i>Agency Response: Agency supports but cannot accommodate. There is currently no capital funding for this request. Please continue to advocate for these improvements.</i>
24 of 50 Request Senior, Domestic Abuse, Neurodiverse individuals Other capital budget request for HPD	HPD
In our District we require the provision of supportive adaptive housing for seniors, domestic violence, and neurodiverse individuals. Services are lacking citywide and having district centric housing within CD1Q is absolutely needed. Our community has seen an uptick in migration and homeless population some of which require these sensitive services.	<i>Agency Response: Agency supports and can accommodate. HPD will continue to fund the construction of supportive housing from the development pipeline to maximize available resources.</i>
25 of 50 Provide a new, or new expansion to, a building in a park Provide a new, or new expansion to, a building in a park	DPR
Construct a Comfort Station @ Whitey Ford Field for Community Use. The lack of a Comfort Station causes a hardship to park goers. This Facility Is Highly utilized by Baseball Clubs and the lack of a facility causes a hardship. There is no surrounding facility for support/use for the public. Provisions must be made for the community. This is a sanitary issue.	<i>Agency Response: Agency supports but cannot accommodate. There is currently no capital funding for this request.</i>
26 of 50 Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field) Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	DPR
Sixteen Oaks Grove (Pacella Park): Improve Drainage and Renovate Park (14th to 21st Streets bet. 36th and 37th Aves.) The Water Ponding Inhibits the use of the Facility, will create further Damage and Encourages Mosquitoes. Our community requires the park to be in "usable" condition. With the health hazards mosquitoes present, the ponding must be addressed.	<i>Agency Response: Agency supports but cannot accommodate. There is currently no capital funding allocated for this request. Please continue to advocate for this request.</i>
27 of 50 Reconstruct or upgrade a building in a park Reconstruct or upgrade a building in a park	DPR
Enhance Lighting at Skateboard Park & North Astoria Park for the safety of skateboarders. Skateboarding is an excellent opportunity for exercise and we want to encourage a healthy, safe use for the people of our community.	<i>Agency Response: Agency supports but cannot accommodate. 30 of 50 Invest in capital projects to improve access to waterfront Invest in capital projects to improve access to waterfront	EDC
<p>Hallets Cove Piers: Reconstruct for Waterfront Recreational Use at 31 Avenue and Vernon Boulevard for Community Recreation. This is a vital area to the community which is growing. This reconstruction could provide access that is desperately needed. With a lack of green space upgrades for community use are always sought out and welcomed.</p>	<p><i>Agency Response: Agency supports but cannot accommodate. Hallets Cove's reconstruction was completed in 2021. The Department of Parks oversees recreational uses at Hallets Cove and currently offers kayaking/canoeing in partnership with the LIC Boathouse.</i></p>
31 of 50 Provide a new, or new expansion to, a building in a park Provide a new, or new expansion to, a building in a park	DPR
<p>Astoria Park Field House and Comfort Station require upgrading. These facilities are highly utilized by both the Park Staff and the community as well as park visitors. As our community grows with construction the number of residents increases and with all the various hosted events in the park annually people also visit from citywide. The field house and comfort station are a necessity and should be in optimal working order for the jewel of our community Astoria Park.</p>	<p><i>Agency Response: Agency supports but cannot accommodate. Department of Transportation - 401202018E - Increase manpower for Street Repair. The quality of the roads surface is paramount for resident and visitors alike. Potholes, sink holes and hummocks are conditions that must be addressed in a swift manner. Additional manpower is necessary due to the size of our district and the heavy use of its roads.

Agency Response: Agency supports and can accommodate. In Fiscal 2024, DOT repaired a total of 154,898 potholes (local streets and arterials), a 12 percent decrease from Fiscal 2023. Local street pothole repairs dropped 17 percent due to the continued investment in street resurfacing and a mild winter resulting in less infrastructure damage. Pothole repairs on arterial roads, or highways, rose 24 percent in response to the increase in NYC311 complaints, along with the impact of day-to-day operations such as special Citywide events, sporting events, and heavy vehicle traffic. The average time to close a work order improved slightly by 2.5 days, along with an eight percent drop in pothole work orders, mainly due to more available Agency personnel. DOT's in-house crews resurfaced 1,177 lanes miles of roadway in Fiscal 2024, a two percent decrease from Fiscal 2023.

Hire additional uniformed officers

Increase uniformed personnel for 114 Precinct. As Our district grows due to the recent construction uptick, we require more officers to meet the demand of calls/incidents to serve our residents and visitors keeping our neighborhoods safe. Our dining and nightlife has grown by three fold. We are also a transportation hub which has visitors passing through our boundaries increasing the population served. Therefore, additional officers are needed to service the public.

Provide, expand, or enhance funding for Child Care and Head Start programs

Expand Day Care Programs to assist working families and enhance the education of all children to provide them with better life opportunities. Education has been proven to provide well rounded individuals. Children learn how to interact with others and reach their full potential as individuals. In addition according to some studies, children enrolled in these type of programs are more behaved and have higher IQ scores upon enrolling kindergarten than their peers without a formal education.

Other expense budget request for DYCD

Expand After School Programs in CD 1 for the educational and emotional growth of the students. After school programs will provide the children with a safe place to embrace topics they may not touch upon during the school day and develop a passion for learning. Also, athletic opportunities become accessible to students that are not part of the daily curriculum which enhance their health and well being. These programs reduce risky behavior and provide a safe place for children with working parents.

Agency Response: Agency supports but cannot accommodate. Presently, there are a variety of agency-funded programs in the district for this target population. Additional programs are contingent upon available funding and will be distributed through an RFP process. Organizations are encouraged to apply.

Study land use and zoning to better match current use or future neighborhood needs

Our District has seen unprecedented growth. Land Use and Zoning changes have had a tremendous impact on the residents. City Planning can provide our district with a snap shot of what the Ravenswood area of CD1 could possibly look like in the future. A comprehensive framework study of the area would provide the community with an ability to plan for the future. It defines legal rights and constraints regarding land use, and regulates use, size and coverage of lots, height, bulk and siting of buildings, parking requirements and density of development for each parcel of land. Boundaries are Broadway to North 39th Ave. to South 32 to East and Vernon Blvd. to West.

Agency Response: Agency supports but cannot accommodate. DCP's goals in this district have not changed and will continue to work with the CB and further discuss this request, following our completion of OneLIC Study. Back in 2019, the Queens office has started to work on a preliminary framework for Ravenswood, and can use that as a starting point. DCP supports planning for housing production and affordability in resilient sustainable communities, and will resume discussions with the completion of the two neighborhood studies in the borough.

41 of 54 Conduct traffic or parking studies**DOT**

Conduct traffic or parking studies

Location: Astoria Blvd - 31st Street Triangle & 31st Street Triangle
Columbus Triangle is where a tremendous amount of traffic merge. The vehicles and trucks traversing the GCP and JFK Bridge use this area to meet other options such as the BQE. Local residents are at a loss. The amount of time it takes to transverse this area is overwhelming to the residents of this community as well as to those passing through. We require a comprehensive study that will rectify the traffic flow and reduce the time of transportation.

Agency Response: Agency supports but cannot accommodate. Please contact the Borough Office to discuss this issue.

Parks Department hires Parks Enforcement Patrol (PEP) officers regularly. Our district has a large number of parks and they are routinely used. Often you have heard the term used "our parks are our backyards." Due to multi unit dwellings the traditional backyard does not always exist. We require PEP officers to be dedicated to our district due to the immensely high use of our parks. We have everything from carnivals, concerts, films, fireworks, puppet shows, multi-cultural events, multi-holiday events just to name a few. Some of parks have even seen their fair share of weddings. This dedication will be beneficial to the community and also free up NYPD to handle other pressing issues through out the district.

Agency Response: Agency supports but cannot accommodate. Funding cannot be determined at this time
