# INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

This report is broadly structured as follows:

## 1. **Overarching Community District Needs**

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

## 2. **Policy Area-Specific District Needs**

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

## 3. **Community Board Budget Requests**

The final section includes the two types of budget requests submitted to the City for the FY24 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

**Statement on Data Accuracy**

Under Title 13 of the U.S. Code, the Census Bureau is legally bound to protect the privacy of individuals participating in the decennial census. To adhere to the law and to avoid the disclosure of information about individual respondents, the Census Bureau has historically applied a host of techniques, such as top- and bottom-coding, imputation, table- and cell-suppression, and data swapping. The Census Bureau is employing a new technique with the 2020 Census, referred to as the Disclosure Avoidance System (DAS), based on differential privacy. With this approach, the Census Bureau “infuses noise” systematically across census data and sets a quantified disclosure risk, referred to as the Privacy Loss Budget (PLB).

While the new DAS approach may diminish the risk of disclosure concerns, it comes at a cost to data accuracy. Consequently, 2020 Census data users should be aware that all sub-state counts, except for housing units (which are unaffected by the DAS), may be adjusted to protect the privacy of Census participants and may be subject to reduced accuracy. Because DAS noise infusion is randomized, it is impossible for data users to know the degree to which any individual statistic is altered. However, it is possible to say that in general the relative size of errors decreases as counts increase. Consequently, data users should have greater confidence in the accuracy of the data as counts get larger. Further, an evaluation of a Privacy-Protected Microdata File (PPMF), treated with a Disclosure Avoidance System like the one applied to 2020 redistricting data, showed that counts of 300 or more rarely have sizable errors (error beyond +/- 10% of the count). Therefore, while data users need to be cognizant of data accuracy limitations, they should have confidence in conclusions based on sizable counts, which are relatively unaffected by the Census Bureau’s latest disclosure avoidance method.

### 3. OVERVIEW OF COMMUNITY DISTRICT

Bronx Community District #6 covers 1.5 square miles in the central Bronx, serving the communities of Belmont, Bathgate, Tremont, and West Farms. These neighborhoods contain renown locations including the Bronx Zoo, Fordham University, NY Botanical Garden, St. Barnabas Hospital, Bronx Little Italy, East Tremont Avenue, West Farms Square, and Walter Gladwin Park. Census data indicates 85,206 residents live in CB 6. The District's housing stock consists of many rent-stabilized and project-based Section 8 housing. Furman Center data indicates our District has high levels of Section 8 enrollment, SNAP benefit usage, and a large rent-burdened population. Our District is home to significant real estate development, as CB6 added 11,003 units of housing (+19%) from 2010 to 2021.

Bronx CB 6 had a 2019 unemployment rate of 11.5% and poverty rate of 40.3% (among the highest in the city). Median household income in 2021 is \$31,990. Comparing to other districts citywide in 2019, Bronx CB6 2nd highest private residential eviction filing rate, 3rd highest housing code violation rate, 7th highest crime rate in New York City. Bronx CB6 is home to a high number of homeless and supportive housing facilities.

## 4. TOP THREE PRESSING ISSUES OVERALL

### Bronx Community Board 6

---

The three most pressing issues facing this Community Board are:

#### **Homelessness**

Community Board 6 is in dire need of resources and services to for tenants and homeowners. Eviction case filings against one in five residents every year indicates the underlying poverty, employment and housing characteristics predispose tenants to housing court involvement. Community Board 6 has insufficient social and legal services to help residents avoid housing court. Community Board 6 has done its fair share in contributing to adding to the city's housing stock, and more than its fair share in providing housing for at-needs populations. The over-concentration of these facilities creates a significant transient population in our District.

#### **Crime and Public Safety**

Community Board 6 has disproportionately high rates of crime and violent crime. Community Board 6 encourages the city to develop public-health and economic approaches to reducing crime in our District.

#### **Economic recovery and development**

Community Board 6 leads the city in unemployment, and only 56% of residents participate in the labor market. Despite two Workforce One sites and one Business Solution Center in our District, businesses and jobseekers continue to be underserved by the city. The economic conditions of Community Board 6 contribute to and interact with the other issues our District faces.

---

## 5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

### HEALTHCARE AND HUMAN SERVICES

#### Bronx Community Board 6

##### Most Important Issue Related to Healthcare and Human Services

###### **Services for low-income and vulnerable New Yorkers**

Life expectancy in Bronx CB6 is 78 years old, while many other districts have a life expectancy in the mid 80s. This indicates the various subpar health outcomes in our district. Despite an increasing percentage of seniors, there are only two DFTA funded senior centers in Community District 6. Despite having the city's 2nd highest eviction rate, there is only one eviction-prevention social service program in Community District 6 (with one staff person). The concentration of DHS facilities in a community (while desperately needed) without sufficient resources to lift shelter residents out of poverty is a clear lack of planning on behalf of New York City and a detriment to the lives of residents in shelter and in Community District 6.

##### Community District Needs Related to Healthcare and Human Services

###### **Needs for Health Care and Facilities**

According to the Community Health Profiles 2022 report, there were 421 child asthma hospitalizations; 25% of adults in our district are obese; 35% of residents suffer from hypertension; 16% suffer from diabetes; all of the stats mentioned were above the Bronx and the City's average. Community District 6 is in dire need of additional health care services to improve health outcomes.

###### **Needs for Older NYs**

Bronx Community District 6 has limited resources for seniors, with only two senior centers.

###### **Needs for Homeless**

Community Board 6 houses roughly 24 shelter facilities and multiple organizations that provide services for the homeless population. The board has had more than its fair share of shelters. We advocate for more permanent housing and rent assistance rather than shelters. We also advocate that NYC Department of Homeless Services develop a policy for shelter siting, beyond allowing the real estate industry to simply build shelters in the cheapest locations possible, which concentrates shelters in low income neighborhoods. Our repeated requests to DHS on this topic have been ignored.

## YOUTH, EDUCATION AND CHILD WELFARE

### Bronx Community Board 6

---

#### Most Important Issue Related to Youth, Education and Child Welfare

##### **Educational attainment**

Many schools in Community District 6 are significantly underperforming, with less than a third of students scoring at grade level in ELA and math.

---

#### Community District Needs Related to Youth, Education and Child Welfare

##### **Needs for Youth Education**

More support is needed for the underperforming schools in Community District 6, as well as additional services for students such as enrichment programs so they do not fall further behind.

### Bronx Community Board 6

---

#### Most Important Issue Related to Public Safety and Emergency Services

##### **Crime prevention programs**

Investing in economic development programs and job training for those most vulnerable is the best investment to prevent crime.

---

#### Community District Needs Related to Public Safety and Emergency Services

##### **Needs for Public Safety**

CB6 asks that NYPD use existing funding to direct more officers to local precincts, moving resources from executive staff, counterterror, and gang database programming.

## CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

### Bronx Community Board 6

---

#### Most Important Issue Related to Core Infrastructure, City Services and Resiliency

##### **Preparedness for extreme weather events (incl. coastal flooding, heat waves, cold snaps, heavy wind and rain)**

Areas around the Bronx River are increasingly prone to flooding. DEP does not seem to have a plan for building sewer capacity to meet the 3-4 inch per hour rainstorms we are experiencing in NYC.

---

#### Community District Needs Related to Core Infrastructure, City Services and Resiliency

##### **Needs for Water, Sewers, and Environmental Protection**

The neighborhood of West Farms has had a significant increase in density due to numerous new housing developments. CB6 requests an evaluation of sewer capacity in this neighborhood to gauge future capacity to meet need.

##### **Needs for Sanitation Services**

Residents often complain of dirty sidewalks and overflowing trash. More frequent cleaning is needed.

Priority	Agency	Title
16 / 26	DSNY	DSNY Personnel

## Bronx Community Board 6

---

### Most Important Issue Related to Housing, Economic Development and Land Use

#### **Unemployment/Underemployment**

Bronx CB6 has a high unemployment rate, and board members are dissatisfied with the quality of services provided by the city to address this issue. Board members are concerned that the Workforce 1 program has proven ineffective in improving the social mobility of residents in our District. Residents are looking for career training, and Workforce 1 centers only seem to connect residents to entry-level jobs, with no skill-building offered.

---

### Community District Needs Related to Housing, Economic Development and Land Use

#### **Needs for Housing**

Bronx CB6 needs increased funding for eviction prevention services, to both keep residents in place and help landlords afford mortgages when rents are unpaid. CB6 has among the highest C code violation rate in NYC, requiring more funding for housing organizing and code enforcement.

25 / 26	HPD	Emergency Repairs

## TRANSPORTATION AND MOBILITY

### Bronx Community Board 6

---

#### Most Important Issue Related to Transportation and Mobility

##### **Bus service and quality (frequency, access, crowding, etc.)**

Community Board 6 only has two subway stations, (West Farms-East Tremont and E 180th) and they are both on the eastern border of the district. Thus residents rely on bus service which is often delayed and crowded. Bus service needs to be improved especially since the neighborhood's population is increasing with new housing developments. Historically, Third Avenue was home to an elevated train line, removed roughly 50 years ago. This loss in subway access has never been restored for our District, as the north-south bus service on Third Avenue does not provide the same access to downtown.

## PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

### Bronx Community Board 6

---

#### Most Important Issue Related to Parks, Cultural and Other Community Facilities

##### **Quality of parks and park facilities**

Bronx Community District 6 contains numerous park spaces, and the Board regularly receives complaints about trash, park cleanliness, facilities, and overall quality due to the cuts to the Parks Department's budget. There are some renovation projects in progress; more park renovations are needed in addition to increased upkeep in order to improve the existing parks.

---

#### Community District Needs Related to Parks, Cultural and Other Community Facilities

##### **Needs for Parks**

Further renovations of park facilities such as play spaces are needed as well as additional park personnel for cleaning, pruning, monitoring, enforcing social distancing, and other upkeep.
