## INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

## HOW TO USE THIS REPORT

This report represents Brooklyn Community Board 15's *Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2020*. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from June to November 2018.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

This report is broadly structured as follows:

### **a) Overarching Community District Needs**

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

### **b) Policy Area - Specific District Needs**

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

### **c) Community Board Budget Requests**

The final section includes the two types of budget requests submitted to the City for the FY20 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

## 2. Community District Land Use

### 3. Overview of Community District

#### District Overview

Community Board 15 is a vibrant mixed-use community. The District is bordered to the North by the large commercial strip of Kings Highway, to the West by the industrial area of McDonald Avenue, to the South by the beachfront community of Manhattan Beach and to the East by the year round recreational community of Gerritsen Beach, other residential areas include Gravesend, Homecrest, Madison, Midwood and Plumb Beach.

It is the policy of Community Board 15 to see to the needs of the local residents it serves and ensure the delivery of services to the District. Open communication between residents and the Community Board is an essential part of maintaining public safety, development and prosperity for all.

#### POPULATION

According to current statistics supplied by New York University Furman Center conducted in 2016, the overall population of Community Board 15 (Brooklyn) as 159,700. Population 65+ 18.7%, foreign born population 48.9%, households with children under 18 years old 28.4%, racial diversity index 0.54%, income diversity ration 5.0%, the median household income for 2017 projected \$61,330, poverty rate 16.2%, unemployment rate, 7.5%, population aged 25+ with a bachelor's degree or higher 40.5% and population 25+ without a high school diploma 16.2%.

The District is ethnically diverse including but not limited to: African-American, Chinese, Hispanic, Irish, Italian, Israeli, Japanese, Korean, Pakistani, Russian and Turkish.

#### LAND USE

According to current statistics supplied by the New York University Furman Center the population density (1000 persons per square mile) 36.8, units authorized by new residential building permits 180, units issued new certificates of occupancy 489, the median rent burden 31.3%, homeownership rates 46.0%, rental vacancy rate 2.6%, median asking rent \$1800, median sales price per unit, 2-4 unit building projected 2017 \$419,000 and housing choice vouchers 6.1%.

According to the Department of City Planning (current), the total land area of Community Board 15 is 4.7 square miles, 33,968 persons per square mile. The District includes: one and two-family residential units (50.69%), multi-family residential units (18.6%) and mixed residential-commercial units (4.18%). Non-residential land use in the District includes: commercial-and-office units (5.72%), industrial regions (0.48%), transportation/facility (2.46%), institutions (8.2%), open-space recreation (2.55%), parking facilities (0.82%) and vacant land (6.34%).

#### 4. Top Three Pressing Issues Overall

The three most pressing issues facing Brooklyn Community Board 15 are:

- *Traffic*
- *Transit (buses & subways)*
- *Trash removal & cleanliness*

**Traffic:** Every single one of our Commercial areas Kings Highway - from Ocean Avenue to Ocean Parkway, Sheepshead Bay Road - from East 14th Street to Emmons Avenue, Avenue U from Gerritsen Avenue to McDonald Avenue are congested with double parking, truck deliveries and illegal parking. Coney Island Avenue from Avenue P through Guider Avenue, is inundated with double parked cars and people making illegal U-Turns. Most of these Avenues are also major transit hubs causing illegal TLC parking. We need better Traffic Enforcement, improved policing and DOT input on how to keep the traffic flowing through these congested areas. Because parking is at a premium, the biggest 311 complaints in the district are, blocked driveways with people desperate to park and illegal parking. Response times are high because they are not deemed emergencies, so we need a dedicated unit to focus on these quality of life traffic issues. Lastly, there is an issue throughout the community with people selling multiple cars on our streets taking up valuable parking spaces, in Sheepshead Bay - on Jerome Avenue and Avenue Z and along McDonald Avenue from Avenue V to Avenue X these pop up street car dealers can be found utilizing our much needed parking spaces.

**Transit:** In recent years, our transit system has been failing. The infrastructure isn't being properly maintained and very often our train lines B, Q, F and N have been faltering with electrical problems, derailments and being put out of service for long periods of time. We are in a remote area, the southern most terminus of Brooklyn and our community relies heavily on our mass transportation system to get to and from work. Many of our train lines are elevated and because our community has one of the largest concentration of seniors, most of our stations are not ADA compliant. We need transit to take a look into correcting this by making more stations accessible. In particular, we would like to see the Sheepshead Bay station at Sheepshead Bay Road and East 15th Street equipped with an elevator.

**Trash:** Our bustling commercial corridors don't have the basket pick-ups or sanitation maintenance they require to keep the areas thriving, vital, clean and healthy for our constituents. Sheepshead Bay Road, from East 14th Street to Emmons Avenue, Avenue U from Ocean Avenue to Ocean Parkway, Coney Island Avenue from Avenue Z to Avenue P on any given day will have baskets overflowing as well as trash strewn along the streets. Our office is inundated with calls on a daily basis complaining how filthy and uninviting these shopping corridors are. We also have a problem with illegal dumping under the underpasses of our elevated B & Q train lines on East 16th Street and F train line on McDonald Avenue, as well as our service road Shore Parkway which runs parallel to the Belt Parkway.

### Health Care and Human Services

#### Main Issue Related to Health Care and Human Services

##### *Services to reduce or prevent homelessness*

We have seen an influx of homeless people throughout our district, they can be found by our elevated train lines the Q and B begging for money. They can be found by the following train stations Sheepshead Bay, Avenue U and Kings Highway. Our underpass at Ocean Avenue and Shore Parkway, our municipal parking lot on East 17th Street and Avenue Z. By our movie theater on Knapp Street. Pan handling along our roadways, like Ocean Parkway between Avenue U and Brighton Beach Avenue. We need more assistance and resources to help provide them affordable housing, access to the necessary medications they need, treatment programs and any other social services we can provide them.

#### Community District Needs Related to Health Care Facilities and Programming

Coney Island Hospital, after Super Storm Sandy, has come back to its previous state. But, funding has been allocated by FEMA to construct a new tower which would be flood resistant. During Hurricane Irene, Coney Island Hospital was evacuated putting many lives in danger. During the height of Sandy, patients were being moved from the flooding main tower to an alternate location. This new tower would make Coney Island Hospital a state of the art health care facility. That is the reason to implement a Level 1 Trauma Center at this time. Valuable time is wasted transporting patients to other trauma centers when we could have one in our community now. Planning this at this time is imperative.

#### Community District Needs Related to Facilities and Programming for Older New Yorkers

With people living longer, thanks to modern medical breakthroughs, Community Board 15 is concerned about its growing aging population. Senior residents who may be home bound and on limited fixed incomes, especially during the winter months, must have access to the nutrition they need. The Meals on Wheels program is a beneficial resource seeing to that growing need and should be properly funded. These visits are some of the only social interaction seniors receive on a daily basis. They also act as the eyes and ears in our senior community. Should a senior who regularly receives meals suddenly not respond they are able to alert the proper authorities that something may indeed be amiss. Many a life has been saved by quick acting meal providers.

#### Community District Needs Related to Facilities and Services for the Homeless

New York City is facing a homeless epidemic. With affordable housing becoming more of a rarity in the city many are priced out of their homes. Community Board 15 has seen an influx of homeless in the community and believes there should be more outreach from the Department of Homeless Services, to actively seek to permanently shelter the displaced and bring them the social programs they need, such as drug rehabilitation, mental illness counseling and job skills training with placement. We have a concentration of people under the train station at Sheepshead Bay Road and East 15th Street, Voorhies Avenue and East 16th Street (right next to the Municipal Parking Lot), Ocean Avenue & Shore Parkway underpass, the Municipal Parking lot on East 17th Street and Avenue Z, Kings Highway and Ocean Avenue in the green street parks.

## Capital Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
2/41	HHC	Renovate or upgrade an existing health care facility	Coney Island Hospital located at 2601 Ocean Parkway is the closest Hospital to our district, it is near every major road artery in the community, the Belt Parkway and Ocean Parkway. Severely affected by Super Storm Sandy, the hospital is currently under renovations and is in the process of constructing a new flood-proof tower. With the new tower underway, Coney Island Hospital should be given the additional funding it needs to become a Level 1 Trauma Center, they currently don't have the equipment needed to designate them as such. Community Board 15 would like to see them properly funded to achieve this trauma care designation.	Coney Island Hospital
CS	HHC	Renovate or upgrade an existing health care facility	Coney Island Hospital, located at 2601 Ocean Parkway is in need of upgrading its existing equipment. To be specific: Ten (10) Ventilators at a cost of \$397,823, Replacement of BrainLab Equipment for Neurosurgery at a cost of \$250,000 and a FibroScan System for GI at a cost of \$198,000.	Coney Island Hospital 2601 Ocean Parkway

## Expense Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
13/55	DHS	Expand street outreach	Community Board 15 has seen a major increase of homeless people on our streets, underpasses, parks and train stations. We would like to see more money allocated to do community outreach and get these people the help and services they need and return these public areas back to the community. We have a concentration of people under the train station at Sheepshead Bay Road and East 15th Street, Voorhies Avenue and East 16th Street -(Near the Municipal Parking Lot), Ocean Avenue & Shore Parkway under the overpass of the Belt Parkway and in our green street parks located on Ocean Avenue and Kings Highway.	Community Wide
14/55	DFTA	Increase home delivered meals capacity	Additional funding needs to be allocated to DFTA to provide more Meals on Wheels services to homebound seniors on fixed incomes. With an aging population the demand for healthy meals has also increased and we want to make sure that no one in our community is left hungry. The Meals on Wheels program, not only provides food but also acts as a safeguard for Seniors alerting the proper authorities if a senior is not responding or allowing them access. It is a vital lifesaving program on many levels and needs to be appropriately funded to carry on its good work.	Community Wide
29/55	DOHMH	Increase health inspections, e.g. for restaurants	Increase the amount of health inspectors to shorten the process of receiving a restaurant grade.	Community Wide

### Main Issue Related to Youth, Education and Child Welfare

#### *After school programs*

With both parents working in today's economy, many children of Elementary and Junior High School age in our community return to empty homes after school. It is imperative that we offer our young people interesting after school programming, that not only monitors our children and keeps them safe and off our streets, but provides them with the educational tools they will need to be successful in life.

### Community District Needs Related to Educational Facilities and Programs

Community Board 15 has several schools in our district with an overcrowding problem. Overcrowded classrooms are not conducive to our children receiving an excellent education. We need to create additional classrooms or develop new schools to provide our students with the best education available, so they will one day have the tools to competently compete in tomorrow's job markets. PS 254, PS 153 and PS 206 are prime examples of schools over capacity.

### Community District Needs Related to Youth and Community Services and Programs

With both parents working most children come home to empty apartments and houses. We feel it is important to keep children safe, off the streets and provide them with the tools they will need to go on to live successful lives. Afterschool programs offer our children, homework help, interesting and stimulating programming, social engagement and a well rounded education in a safe and secure environment. We need to fund these programs to assure that our future generations have the learning aptitude and the ability to succeed.

### **Capital Requests Related to Youth, Education and Child Welfare**

Priority	Agency	Request	Explanation	Location
CS	SCA	Provide a new or expand an existing elementary school	Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. We have several schools in the district that are overcrowded and resources are stretched to the seams. We need to take a good hard look at these schools and seek solutions to either expand classrooms when possible or create a new school to accommodate these very real and growing needs. Our children are our future and they deserve the best education possible and overcrowded classrooms can not provide that. PS 254, PS 153 and PS 206 are prime examples of schools at capacity.	Community Wide

## Expense Requests Related to Youth, Education and Child Welfare

Priority	Agency	Request	Explanation	Location
11/55	DYCD	Provide, expand, or enhance after school programs for elementary school students (grades K-5)	After school programs provide a safe, social and educational experience for our children giving them the ability to learn and grow into successful adults.	PS 153 1970 Homecrest Avenue
12/55	DYCD	Provide, expand, or enhance after school programs for middle school students (grades 6-8)	After school programs provide a safe, social and educational experience for our children giving them the ability to learn and grow into successful adults.	Bay Academy I.S. 98 1401 Emmons Avenue

### Public Safety and Emergency Services

#### Main Issue Related to Public Safety and Emergency Services

##### *Other/Increase in Row Tow Capabilities*

This office is inundated with calls regarding vehicles parking for months at a time due to the fact that alternate side does not exist on many of our streets, or they simply ignore the parking regulations. Many people in our community use our public streets to run their used auto sales businesses usurping our valuable curbside parking. We are requesting additional NYPD funding to allow 24/7 row-tow capabilities throughout the district. We currently have one officer assigned, with a list that is mounting on a daily basis, so waiting times to remove these nuisance vehicles are extremely long. The Borough of Brooklyn does not have a tow truck that can move a tractor trailer, so we have to wait for one to become available from Manhattan. We need a larger capacity tow vehicle to service Brooklyn. We also need to acquire a second tow pound in Southern Brooklyn. The Northern Brooklyn location makes it difficult to tow more than a few vehicles from Southern Brooklyn because traveling times also impede the time it takes to tow in a day.

#### Community District Needs Related to Policing and Crime

With the District being almost 6 square miles in size there is an immediate need for additional Police Officers to adequately patrol the District. The 61st Precinct is under staffed and at times many of our Officers are reassigned to work the beach patrol, at the 60th Precinct, or larger events throughout the City. Community Board 15 has received numerous complaints from residents on how low-priority crimes, such as car break-ins or traffic accidents are taking hours for a police response.

#### Community District Needs Related to Emergency Services

All Firehouses in the District are aging and in need of electrical upgrades. These firehouses should also be outfitted with emergency back-up generators in the event of a power outage. .

## Public Safety and Emergency Services

## Capital Requests Related to Public Safety and Emergency Services

Priority	Agency	Request	Explanation	Location
5/41	NYPD	Other NYPD facilities and equipment requests	Currently, Brooklyn does not have the capability to tow a heavy vehicle such as a semi-truck. We have to wait and rely on a tow truck being sent from Manhattan. We would like Brooklyn to have its own designated heavy load tow truck.	Community Wide
7/41	NYPD	Provide surveillance cameras	Cameras placed at potential target areas such as schools and religious institutions would be a deterrent to possible incidents.	Community Wide
8/41	NYPD	Renovate or upgrade existing precinct houses	We are requesting that the 61st Precinct be made ADA compliant. They are in need of a new men's room and a unisex restroom and elevator.	61st Precinct 2575 Coney Island Avenue
11/41	FDNY	Provide new emergency vehicles, such as fire trucks or ambulances	We would like to make sure our EMS has the best response times and the equipment they need to respond and having an upgraded, fully functioning ambulance is critical in this endeavor.	Community Wide
12/41	FDNY	Rehabilitate or renovate existing fire houses or EMS stations	We are requesting any additional funding necessary in the rebuilding of a EMS station in our neighboring area by Coney Island Hospital.	FDNY EMS Station 43 2600-2698 East 6th Street
33/41	NYPD	Provide additional patrol cars and other vehicles	The 61st Precinct has a shortage of marked patrol cars and we are requesting additional cars be allocated.	61st Precinct 2575 Coney Island Avenue
38/41	NYPD	Add NYPD parking facilities	Currently Brooklyn has only one police tow pound in Northern Brooklyn and it's almost at full capacity. Southern Brooklyn needs a tow pound to expedite the tow needs of our communities. The current pound being so far away allows for limited ability to remove illegally parked or abandoned cars in any given day from southern Brooklyn because of long travel times. This is a growing problem in our community.	Community Wide
CS	FDNY	Rehabilitate or renovate existing fire houses or EMS stations	Engine 276/Ladder 156/Battalion 33 : 1635 East 14th Street 2 New Commercial Dishwashers Washing Machine Clothes Dryer (Gas) Engine 254/Ladder 153 901 Avenue U New Intercom system in firehouse Back-up Generator 1 inch yellow forestry hose to help at brush fire operations Forcible entry training door Low profile floor jack Metal studs and plywood to build a search training course in the basement. Engine 321: 2165 Gerritsen Avenue New Apparatus (Truck Room) Floor Dishwasher Engine 246/Ladder 169 2731 East 11th Street Electrical Upgrades to Firehouse including Back-up Generator New Refrigerator Commercial range hood for outdoor grill	Community Wide

## Public Safety and Emergency Services

## Expense Requests Related to Public Safety and Emergency Services

Priority	Agency	Request	Explanation	Location
2/55	NYPD	Assign additional uniformed officers	Community Board 15 is in need of additional police officers at our 61st Precinct, located at 2575 Coney Island Avenue. Although our crime rates are low, issues such as minor traffic accidents, car break-ins and mischief in our school yards and parks can go hours before an officer is able to respond because the department is currently spread too thin handling more urgent calls.	61st Precinct 2575 Coney Island Avenue
4/55	FDNY	Provide more firefighters or EMS workers	Currently Kingsborough Community College at 2001 Oriental Blvd, during the Summer Months from May through October houses an FDNY fireboat. This fireboat is currently not manned 24/7 and we believe it would be in the best interest of the community if it could be. With a dry season, brush fires seem to have been more prevalent this year. Being a beach and boating community, rescues on the water are another challenge that a 24/7 fireboat would be well equipped to assist in. Pulling a boat from further away can be critical when time is of the essence. Being that this is a strategic location, we feel keeping it staffed and accessible 24/7 during the summer months would be a true asset to saving our residents and visitors lives.	Kingsborough Community College 2001 Oriental Blvd
5/55	NYPD	Assign additional crossing guards	All the schools in the District are in need of additional crossing guards. With the severe traffic around schools at dismissal, crossing guards are imperative. Currently when a crossing guard is out sick, a uniformed officer is pulled away to take their place, taking an officer away from other critical policing work.	Community Wide
8/55	NYPD	Assign additional traffic enforcement officers	All of our commercial corridors are backed up with traffic due to illegal double parking. Additional traffic enforcement is needed along Coney Island Avenue from Avenue P to Avenue Z, on Avenue U from McDonald Avenue to Nostrand Avenue, on Sheepshead Bay Road from East 14th Street to Emmons Avenue and on Kings Highway from McDonald Avenue to Ocean Avenue.	Community Wide
9/55	FDNY	Provide more firefighters or EMS workers	Brush Fire Unit #6 in Gerritsen Beach, Brooklyn, NY needs additional manpower during brush fire season.	52 Seba Ave
25/55	NYPD	Other NYPD staff resources requests	We are requesting that an allowance be allocated to help the 61st Pct Auxiliary Patrol Officers get the uniforms they require to do their job. Including bullet proof vests.	61st Precinct 2575 Coney Island Avenue

## Public Safety and Emergency Services

## Expense Requests Related to Public Safety and Emergency Services

Priority	Agency	Request	Explanation	Location
27/55	NYPD	Other NYPD programs requests	The stations along the B and Q train lines are inundated with illegal merchants outside the train stations. Whether Sheepshead Bay Road, Avenue U or Kings Highway, illegal vendors block the station entrances causing safety issues as well as sanitation problems.	Community Wide
36/55	FDNY	Provide more firefighters or EMS workers	We are in need of additional EMS workers. We are an aging community with a large and growing senior population and want to make sure our EMS staff is at full capacity.	Community Wide

#### Main Issue Related to Core Infrastructure, City Services and Resiliency

##### *Water pollution control*

Community Board 15's District as a Waterfront Community has two major waterways that have been severely impacted by run-off from the Coney Island Treatment Plant located at 3002 Knapp Street, Brooklyn, NY 11235. The system has had some major breakdowns this year, releasing a horrible stench into the air which lingered for weeks. Our main concern is how the runoff from this plant is negatively impacting on our waters in both Gerritsen Beach and Sheepshead Bay. After Superstorm Sandy when the electricity was cut off stopping any safeguards that were in place, the amount of toxins released from our overflowing sewage system has never been fully addressed. We are still feeling its affects. The stench of both Gerritsen Creek (located on Knapp Street across from the plant) and Sheepshead Bay Outfall on Ocean Avenue and Emmons Avenue, during high tides is unbearable. An environmental impact study should be conducted on these bodies of water and work should be done to restore these once thriving waterways back to the people of the community to safely enjoy for recreation. Many of our storm drains are heavily impacted with sludge or are backed up with debris having never been properly cleaned and don't flow the way they should causing major flooding on our roadways. These aging storm sewers do not seem capable of handling the impact of heavy rain storms and often back up causing flooding on our streets. This is most evident along our low-lying areas Shore Boulevard in Manhattan Beach between Ocean Avenue and Irwin Street and all along Gerritsen Avenue in Gerritsen Beach and along many of the streets in the old section of Gerritsen Beach.

#### Community District Needs Related to Water, Sewers and Environmental Protection

Community Board 15 is advocating for additional funding required to create an entirely new sewer system in low-lying Gerritsen Beach which was severely compromised by Super Storm Sandy back in 2012. The Coney Island Water Treatment Plant located at 3002 Knapp Street is in need of a 15% increase in overall plant budget for on-going maintenance of the water treatment plant. We need funding for force main repair and additional funding for odor control equipment for repairs and improvements. We would also like a dedicated skimmer vessel for Sheepshead Bay due to the CSO containment site.

#### Community District Needs Related to Sanitation Services

. Our main concern is that our Brooklyn 15 Sanitation garage has been operating out of a temporary location on Knapp Street in trailers for over a decade. Recently, we have learned due to an emergency the secondary lot used by Sanitation for equipment has been taken back by DEP, who owns the land for their equipment. We would like to see the proposed joint Sanitation garage for Community Board 13 and 15 expeditiously come together at 2731 West 12th Street.

19/41	DEP	Investigate and address water quality complaints at an address or on specific street segments	Community Board 15 would like DEP to be able to purchase an additional Skimmer Boat to be able to properly clean Sheepshead Bay, Gerritsen Beach and Manhattan Beach.	Community Wide
32/41	DSNY	Provide new or upgrade existing sanitation garages or other sanitation infrastructure	Sanitation 15 is currently in temporary housing on Knapp Street in trailers. They require additional trailers to better serve the staff they currently have.	Sanitation 15 2501 Knapp Street
CS	DSNY	Provide new or upgrade existing sanitation garages or other sanitation infrastructure	Community Board 15's Sanitation garage is a temporary structure of trailers located on Knapp Street. We are requesting a permanent location to house Sanitation 15, Brooklyn.	Community Wide
CS	DEP	Inspect storm sewer on specific street segment and service, repair or replace as needed	In Gerritsen Beach, a new sewer system is needed. The streets in Gerritsen do not have proper storm drainage. They are on an antiquated system that no longer works for this community. It was a seasonal bungalow community that has grown over the decades into a larger yearly occupied neighborhood. The infrastructure never followed suit, particularly south of Bartlett Avenue to the dead end.	Bartlett Avenue Gerritsen Avenue Plumb Beach Avenue

## Expense Requests Related to Core Infrastructure, City Services and Resiliency

Priority	Agency	Request	Explanation	Location
1/55	DEP	Inspect sanitary sewer on specific street segment and repair or replace as needed	Community Board 15 is requesting the installation of back-flow preventors throughout the district. This community experienced many sewer back up issues after Sandy and these preventors would help with the back-ups. The neighborhoods of Manhattan Beach, Sheepshead Bay and Gerritsen Beach are the areas most affected. On Avenue Y from McDonald Avenue to Ocean Avenue going south the area was inundated with sewer back-ups and back-flow preventers would prevent that from happening again.	Community Wide
7/55	DEP	Clean catch basins	Community Board 15 is prone to flooding during rain events. Periodical cleaning of our storm sewers is desperately needed. Specifically Shore Blvd., between Pembroke and West End Avenue. Oriental Avenue between Oxford and West End Avenue. On Gerritsen Avenue from Channel Avenue to Seba Avenue.	Community Wide
15/55	DSNY	Increase enforcement of illegal posting laws	Our community is inundated with illegal advertising on every upright structure. Signs for moving men and lately "Cash for Cars" signs have appeared everywhere. There must be severe penalties for such acts. These illegal postings are defacing our entire community.	Community Wide
17/55	DSNY	Increase vacant lot cleaning	2633 Ocean Avenue at the corner of Avenue V is an abandoned property neglected for years, overgrown, filled with debris and becoming a breeding grounds for vermin.	2633 Ocean Avenue
21/55	DSNY	Provide more on-street trash cans and recycling containers	Our heavily utilized commercial shopping district along Avenue U from Ocean Parkway to Ocean Avenue requires additional trash receptacles. Garbage is filling the streets and curbs due to the lack of trash cans on the corners.	Avenue U Ocean Parkway Ocean Avenue
22/55	DEP	Investigate and address water pressure complaint at specific address or on specific street segment	In both Sheepshead Bay and Gerritsen Creek we are asking for periodic maintenance to remove all floatables in the Bay and in the Creek. This pollution is a severe health hazard, as well as making these heavily visited locations undesirable and unsightly for the community to fully enjoy.	Community Wide
23/55	DSNY	Increase enforcement of illegal dumping laws	Our underpasses which are dimly lit attract chronic illegal dumpers. If cameras could be placed at these locations to catch them in the act, we would deter this illegal activity from occurring. East 16th Street from Avenues U thru Z, contain, tires, furniture, e-waste, construction materials and household trash strewn about each week by illegal dumpers. We need to stop this. #### Expense Requests Related to Core Infrastructure, City Services and Resiliency

Priority	Agency	Request	Explanation	Location
30/55	DEP	Investigate noise complaints at specific location	We are requesting more inspectors to address the onslaught of complaints pertaining to noise and air complaints we have been receiving. More inspectors will cut down on response times.	Community Wide
31/55	DSNY	Other cleaning requests	To keep up with the demands of our district, like many we need more manpower.	Community Wide
32/55	DSNY	Provide more on-street trash cans and recycling containers	Emmons Avenue is our waterfront strip with commercial fishing boats, party boats and a variety of dining establishments, attracting many patrons. It is an area heavily visited and requires more trash receptacles than it presently has been given to keep up with the demand.	Emmons Avenue Sheepshead Bay Road Knapp Street
34/55	DSNY	Improve snow removal	Requesting funding to hire additional temporary hourly workers during snow events to help clean out bus stops, bridges and crosswalks.	Community Wide
35/55	DSNY	Other garbage collection and recycling infrastructure requests	Sanitation 15 requires additional manpower for their derelict vehicle unit. Our area is inundated with calls about abandoned cars and having the additional manpower would decrease response times in removing these vehicles.	Sanitation 15 2501 Knapp Street
42/55	DSNY	Provide more on-street trash cans and recycling containers	Sheepshead Bay is a major transit hub for people who come visit to dine on our waterfront, shop our stores and visit our area beaches. The trash cans are few and far between and are always over flowing. We would like additional trash cans to help ease the burden of our existing trash cans for our commuters and visitors to keep our streets cleaner.	Sheepshead Bay Road East 14th Street Emmons Avenue
44/55	DSNY	Increase vacant lot cleaning	The sidewalk and property abutting the B & Q train line by Homecrest Avenue, between Shore Parkway and Neptune Avenue has become overgrown and utilized as an illegal dumping ground.	Homecrest Avenue Shore Parkway Neptune Avenue
46/55	DSNY	Provide more frequent litter basket collection	Coney Island Avenue from Avenue P to Guider Avenue is a mixed use area, with both commercial and residential buildings. Because it is so heavily trafficked it is in dire need of additional basket pick-ups to keep up with the demands placed on that bustling corridor.	Coney Island Avenue Avenue P Guider Avenue
48/55	DSNY	Provide more on-street trash cans and recycling containers	Coney Island Avenue with its many retail stores and restaurants is a heavily used shopping corridor and yet has very few trash baskets. We would like additional baskets to deter people from throwing their personal litter on our streets.	Community Wide
50/55	DSNY	Increase vacant lot cleaning	1882 East 12th, an overgrown, unmaintained lot which is an eyesore and blight on the community.	1882 East 12th

Priority	Agency	Request	Explanation	Location
51/55	DSNY	Increase vacant lot cleaning	1610 Avenue S, is an overgrown, abandoned lot in our district, in which our office receives numerous complaints.	1610 Avenue S
52/55	DSNY	Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws	We need more officers along Avenue U to enforce these commercial businesses to keep the areas in front of their businesses clean. Over grown tree pits, illegal dumping and filthy sidewalks exist all along this corridor.	Avenue U Coney Island Avenue Ocean Avenue
54/55	DSNY	Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws	Sheepshead Bay Road a once thriving retail corridor has become a neighborhood eyesore. Very few merchants maintain in front of their stores. We receive numerous complaints from residents who walk along that road.	Sheepshead Bay Road East 14th Street Emmons Avenue

#### Main Issue Related to Housing, Economic Development and Land Use

##### *Zoning review and enforcement*

Our district is faced with an "over building" crisis, we have numerous illegal rear yard extensions, limited green spaces because of illegally paved parking pads and properties that are built beyond zoning or special permit requests. The Department of Buildings doesn't have the authority outside of issuing a violation to make the homeowner restore the property to its original footprint. Sometimes these blatant violations of the law impact negatively on our residents and neighborhoods. We have lost on street parking due to illegal curb cuts and parking pads. While illegal rear yard extensions have affected homeowners who once enjoyed their own backyards that are now thrust into shadows by infringed upon yard space. Our office receives calls on a daily basis from frustrated homeowners who don't understand why our zoning laws aren't better enforced. Penalties need to be stronger as well as enforcement to deter these illegal practices. Legislation must be put forth to mandate illegal extensions be restored to current zoning regulations and illegal curb cuts and parking pads be replaced with green space.

#### Community District Needs Related to Land Use

Throughout Community Board 15 there are many stop work orders that are being violated. Many homes are being converted illegally from 1-2 family dwellings to multi-family dwellings without the proper permits. It is our hope that with additional inspectors, inspections can be done in a more timely fashion. Many of the violations we have reported have been backlogged for months helping illegal construction to be completed.

#### Community District Needs Related to Housing Needs and Programming

We have been receiving an influx of calls emanating from The Sheepshead / Nostrand Houses located in our district because of long waits for repairs, from broken front doors, broken ovens, other broken appliances, plumbing issues and unsanitary living conditions. One particular resident from 3004 Avenue V has been waiting over a month to be able to use her refrigerator. The maintenance system in public housing is broken, the prolonged waits are unacceptable and perhaps additional maintenance crews are need to expedite the warrant of habitability.

#### Community District Needs Related to Economic Development

We have a large number of small commercial areas in our district, Avenue U, Sheepshead Bay Road, Avenue P, Gravesend Neck Road and Avenue X with rents escalating to ludicrous heights, these storefronts either turn over rapidly, or sit vacant not enticing or attracting anyone to invest in opening a new business. Empty store fronts don't entice consumers. The City needs to offer Small Business owners more incentives and assistance in creating businesses, or offer store owners some incentives to attract and retain businesses. Outrageous rents are keeping many of our small commercial areas bleak and depressed.

## Capital Requests Related to Housing, Economic Development and Land Use

Priority	Agency	Request	Explanation	Location
20/41	DOB	Assign additional building inspectors (including expanding training programs)	We are requesting money be allocated for additional vehicles to get building inspectors and personnel to locations quicker to speed up the time on responding to complaints.	Community Wide
26/41	HPD	Provide more housing for medium income households	Our middle class has extremely diminished. Real Estate prices have sky-rocketed in our community and it's becoming impossible for people who grew up here or raised a family here to remain in our community. Home ownership is now a pipe dream, only affordable for the very wealthy. Rents are becoming so high, that families are taken up residence in illegally created apartments.	Community Wide

## 5. Summary of Community District Needs and Budget Requests

### Housing, Economic Development and Land Use

#### Expense Requests Related to Housing, Economic Development and Land Use

Priority	Agency	Request	Explanation	Location
6/55	DOB	Address illegal conversions and uses of buildings	Many properties in our district have been illegally converted, turning one or two family homes into 6 family homes, with people residing in basements and attics causing hazardous living conditions. Department of Buildings need the necessary man power and take a proactive role in stopping these conversions from taking place and once in place violating the property owners before something tragic occurs.	Community Wide
19/55	NYCHA	Improve public housing maintenance and cleanliness	We have been receiving an influx of calls emanating from The Sheepshead / Nostrand Houses located in our district because of long waits for repairs, from broken front doors, broken appliances, plumbing issues and unsanitary living conditions. One particular resident from 3004 Avenue V has been waiting over a month to be able to use her refrigerator. The maintenance system in public housing is broken, the prolonged waits are unacceptable and perhaps additional maintenance crews are need to be added to expedite the warrant of habitability.	Sheepshead / Nostrand Houses 3004 Avenue V
24/55	SBS	Conduct a commercial district needs assessment	Sheepshead Bay Road, a once thriving commercial district took a large hit after super storm Sandy and never truly recovered. Many of the stores are lying vacant and are still in ruins.	Sheepshead Bay Road East 14th Street Emmons Avenue
38/55	DOB	Assign additional building inspectors (including expanding training programs)	Department of Buildings needs money to allocate additional inspectors to hasten the inspection process especially when stop work orders are violated. We need to have more inspections during evenings and weekends, when a lot of these violations occur.	Community Wide
40/55	DOB	Address illegal conversions and uses of buildings	We have a shortage of affordable middle class apartments, so unscrupulous homeowners create illegal subdivided units in their homes to rent. These illegal apartments are a danger to the renters, neighbors and first responders should a fire occur. Illegal basements apartments are also prevalent throughout our flood prone community. We need more inspectors to enforce code violations and vacate these properties before a tragedy such as loss of life occurs.	Community Wide
43/55	DOB	Assign additional building inspectors (including expanding training programs)	We would like money allocated to expanding Department of Building's IT equipment to update their website more efficiently so information is streamlined as close to real time as possible.	Community Wide

## Expense Requests Related to Housing, Economic Development and Land Use

Priority	Agency	Request	Explanation	Location
45/55	DOB	Expand code enforcement	We are losing on street parking spaces to illegal curb cuts and we are losing front lawns and green spaces to cemented illegal parking pads. We need more enforcement as well as stricter regulations to force homeowners to restore their properties back to current regulations.	Community Wide
49/55	DCP	Other zoning and land use requests	Zoning regulations are difficult to understand for the layman. Community Board 15 is home to many foreign born. The Department of City Planning as well as the Department of Buildings must have educational materials on zoning regulations and building regulations available in several languages. Informing the public with informational material is an important step in the process.	Community Wide
55/55	SBS	Provide disaster and resiliency preparation for small businesses	Many of the businesses in the district were devastated after Super Storm Sandy. Some never reopened due to the fact that there were no emergency plans in place. Business owners need to be supplied with back-up generators to get their business up and running to serve the community. In areas such as Gerritsen Beach and Sheepshead Bay residents had no place to buy simple things such as milk or bread because the stores were flooded so severely.	Community Wide

### Transportation

#### Main Issue Related to Transportation

##### *Accessibility (ADA related compliance and infrastructure enhancements)*

Our community has a large and growing senior population. Our train lines, B & Q and the F & N trains lines are elevated train lines. Outside of the Kings Highway station servicing the B & Q train line, we do not have ADA compliant stations. Our seniors and our disabled struggle to be able to access these lines and are often forced to seek another means of transportation. We have one of the largest mass transportation operations in the city and yet we can not provide proper transportation for the most vulnerable in our community. MTA in this day and age needs to be more mindful and come into the next century of transportation by upgrading these facilities to accommodate all our residents by making them ADA compliant.

#### Community District Needs Related to Traffic and Transportation Infrastructure

The old section of Gerritsen Beach is plagued with flooding after a minor rain event. The streets must be repaved with the proper drainage. The DOT must assign an additional speed hump installation crew to expedite installation of speed humps, two years is too long to wait for the installations. Community Board 15 is crumbling with broken curbs and sidewalks. We must have an additional contract to repair these trip hazards.

#### Community District Needs Related to Transit Services

Due to Community Board 15's large senior population we would like to see an elevator constructed at the Sheepshead Bay Station. Sheepshead Bay station is a large transit hub and seniors find navigating the large amount of steps to reach the elevated train line very difficult. Also, our stations are filthy!! They smell like urinals, the staircases are lined with debris and graffiti is everywhere both inside and outside the stations.

## Transportation

## Capital Requests Related to Transportation

Priority	Agency	Request	Explanation	Location
1/41	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	We are in need of an elevator at the Sheepshead Bay Station which services the Q and B lines. Many elderly or disabled are forced to travel to either Stillwell Avenue or Kings Highway to access a train station. Sheepshead Bay is a heavily traveled station and in dire need of an elevator.	Sheepshead Bay Train Station Sheepshead Bay Road and East 15
9/41	DOT	Repair or construct new curbs or pedestrian ramps	The time to repair sidewalks and curbs is years. DOT must have an in house repair crew to address these safety issues caused by cracked and broken sidewalks and missing and broken curbs in a timely fashion.	Community Wide
16/41	DOT	Improve traffic and pedestrian safety, including traffic calming	Kings Highway between McDonald Avenue and Nostrand Avenue is a large commercial shopping area and is constantly inundated with traffic because of double parked cars and illegally parked vehicles. The congestion makes it nearly impossible for buses to get through and complete their routes on time. We would like to fund plans that would reduce traffic and create safer bus medians for pedestrians entering and exiting the bus along this route.	Kings Highway McDonald Avenue Nostrand Avenue
21/41	DOT	Other transportation infrastructure requests	The waiting list to put in a requested and approved speed hump is very excessive. With the hiring of additional crews to perform this necessary task we can expedite the time of installation and save lives.	Community Wide
35/41	DOT	Improve parking operations	Our community is in need of on street parking. We are in desperate need of additional municipal lots or to expand on the ones we have. With so much construction increasing our population density we are in need of parking. This community has households with up to 3 or 4 cars and we are in desperate need of parking. We have 2 municipal lots in Sheepshead Bay, Voorhies Avenue and East 15th Street and East 17th Street and Avenue Z, which would benefit greatly by building more levels.	Community Wide
37/41	DOT	Repair or provide new street lights	Throughout Community Board 15, we would like to see the addition of solar lighting on street lights and traffic signals in case of storm related outages.	Community Wide
41/41	DOT	Repair or build new seawalls or bulkheads	The Bulkheads along Manhattan Beach from Corbin Place to Ocean Avenue have been compromised due to years of erosion. In case of another major storm, such as a Sandy, there are no resiliency measures in place to protect the community.	Manhattan Beach Park Oriental Blvd and Ocean Avenue

## Transportation

## Capital Requests Related to Transportation

Priority	Agency	Request	Explanation	Location
CS	DOT	Reconstruct streets	Gerritsen Beach was a heavily damaged area during Super Storm Sandy. Flooding and Ponding have been an issue in the old section of Gerritsen, (South of Bartlett Avenue), for many years, during the aftermath of Sandy it is critical these upgrades be made. We are requesting a new sewer system to be installed and in doing so it is imperative that DOT works hand in hand with DEP to reconstruct the streets of this community with each installation of a new sewer system.	Gerritsen Avenue Bartlett Avenue Plumb Beach Avenue

## Expense Requests Related to Transportation

Priority	Agency	Request	Explanation	Location
10/55	DOT	Conduct traffic or parking studies	On Ocean Parkway several years ago a Traffic Study was conducted and left turning signals were installed successfully alleviating traffic problems. Community Board 15 would like to see a study conducted of Coney Island Avenue from Avenue Z to Avenue P and see the installations of left turning signal installed there to alleviate the traffic on this heavily traveled commercial strip.	Coney Island Avenue Avenue P Avenue Z
16/55	NYCTA	Improve bus cleanliness, safety or maintenance	Transit should have a designated maintenance crew responsible for cleaning the exterior entrances of all transit stations. Our underpass at Sheepshead Bay is a chronic mess, as is Avenue U and Kings Highway. Avenue X and McDonald Avenue is extremely filthy.	Community Wide
18/55	DOT	Address traffic congestion	We need to address traffic congestion on Coney Island Avenue from Guider Avenue to Avenue P to figure the proper way to alleviate the constant traffic snarls.	Coney Island Avenue Guider Avenue Avenue P
28/55	NYCTA	Expand bus service frequency or hours of operation	When the SBS B-44 was added, the local service diminished. Local service south of Avenue U has increased causing severe delays in travel time. There needs to be more frequent local service along the B-44 line.	Community Wide

### Parks, Cultural and other Community Facilities

#### Main Issue Related to Parks, Cultural and other Community Facilities

##### *Forestry services, including street tree maintenance*

The biggest complaints we receive are from residents complaining about city trees. We need funding for additional staff in the forestry division to improve pruning, replanting and removal of stumps. Waiting times have tremendously increased in tree maintenance throughout the district.

#### Community District Needs Related to Parks and Recreational Facilities and Programming

The Parks in Community Board 15 are in desperate need of maintenance and upgrades. Parks need to hire additional staff to meet the maintenance needs these parks require on a daily basis. Whether, its trimming the weeds, trimming the trees, collecting garbage or making sure play equipment is safe and functioning. In addition, when planning a park or making upgrades to an existing park, comfort stations need to be made a priority, not an after thought. Homecrest Park located at Williams Court bet. E. 12 St. and Homecrest Avenue desperately needs a comfort station. It's a well utilized park for both the very young and old and bathroom facilities need to be addressed. In the planning of Brigham Park, located on Emmons Avenue by Brigham Street and Knapp Street, a rather remote area, a comfort station should be included. Bill Brown Park on Bedford Avenue by Avenue X to Avenue Y has its park building upgrade in limbo for several years, due to the contractor defaulting. However, its the residents who suffer and calls to our office to complain they need the comfort station replaced and as soon as possible. McDonald Park located at McDonald Avenue and Avenue S is in need of having it's main ball field repaved.

#### Community District Needs Related to Cultural and other Community Facilities and Programming

Our community is vibrant and alive yet we are lacking in the arts. Our children need to travel to other communities to enjoy the fine arts. We need traveling art shows to enhance the waterfront of Emmons Avenue. We need our area parks to host science fairs and allow our young to experience hands on projects.

#### Community District Needs Related to Library Facilities and Programming

Our community (BPL) has seen an increase in library use whether for reading or for the many programs these libraries offer. Many children attend the after school programs offered and seniors avail themselves to the many senior programs available. In recent times library access has become more important than ever before.

#### Community District Needs Related to Community Boards

Community Board 15 is in need of an upgraded internet service. We are still working with a antiquated DSL line, which we are told will no longer be supported and the service will cease to exist by the end of the year.

## Parks, Cultural and other Community Facilities

## Expense Requests Related to Parks, Cultural and other Community Facilities

Priority	Agency	Request	Explanation	Location
3/55	DPR	Forestry services, including street tree maintenance	Community Board 15 receives numerous complaints about trees not being pruned, maintained or planted in a timely fashion. More money needs to be allocated to provide better forestry services to our community, waiting 4 or 5 years is a ridiculously long time to have a tree planted and tree pruning can take 7 - 10 years, allowing it to become a hazard. We need to expedite this procedure, so adequately funding this division with additional trained staff and equipment would help to streamline this too long a process.	Community Wide
20/55	DPR	Plant new street trees	After Super Storm Sandy many trees in the district died and were removed. The new tree planting is taking too long. Tree requests are not being addressed in our community.	Community Wide
26/55	BPL	Extend library hours or expand and enhance library programs	The library offers programs for both young and old but, the hours of operation must support the community. The branches must be open when it is convenient to the community. The Homecrest branch needs to service a religious community that needs Sunday hours while the Gravesend branch needs later hours for all the working families in the area.	Homecrest Library Coney Island Avenue
33/55	DPR	Other street trees and forestry services requests	We have many sidewalk flags in our community in need of major repairs due to city trees uprooting them. The current funding is not adequate enough to get to all the sidewalks in need of repair, we are requesting additional funding to combat this growing sidewalk hazard.	Community Wide
37/55	DPR	Provide better park maintenance	Our parks need more personnel to maintain them on a daily basis.	Community Wide

1/41	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	We are in need of an elevator at the Sheepshead Bay Station which services the Q and B lines. Many elderly or disabled are forced to travel to either Stillwell Avenue or Kings Highway to access a train station. Sheepshead Bay is a heavily traveled station and in dire need of an elevator.	Sheepshead Bay Train Station Sheepshead Bay Road and East 15	
2/41	HHC	Renovate or upgrade an existing health care facility	Coney Island Hospital located at 2601 Ocean Parkway is the closest Hospital to our district, it is near every major road artery in the community, the Belt Parkway and Ocean Parkway. Severely affected by Super Storm Sandy, the hospital is currently under renovations and is in the process of constructing a new flood-proof tower. With the new tower underway, Coney Island Hospital should be given the additional funding it needs to become a Level 1 Trauma Center, they currently don't have the equipment needed to designate them as such. Community Board 15 would like to see them properly funded to achieve this trauma care designation.	Coney Island Hospital	
3/41	DPR	Provide a new, or new expansion to, a building in a park	Brigham Park, a new park being constructed in the next year, located on Emmons Avenue and Brigham Street does not have adequate funding to provide a comfort station. Given it's remote location, for seniors and children in our community a comfort station would be a necessity.	Emmons Avenue Brigham Street	
4/41	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Homecrest Park is in need of a comfort station, it serves a large community of both children and seniors, and public urination at that park has become a health hazard.	Homecrest Park Williams Court	
5/41	NYPD	Other NYPD facilities and equipment requests	Currently, Brooklyn does not have the capability to tow a heavy vehicle such as a semi-truck. We have to wait and rely on a tow truck being sent from Manhattan. We would like Brooklyn to have its own designated heavy load tow truck.	Community Wide

CS	SCA	Provide a new or expand an existing elementary school	Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. We have several schools in the district that are overcrowded and resources are stretched to the seams. We need to take a good hard look at these schools and seek solutions to either expand classrooms when possible or create a new school to accommodate these very real and growing needs. Our children are our future and they deserve the best education possible and overcrowded classrooms can not provide that. PS 254, PS 153 and PS 206 are prime examples of schools at capacity. CS	DEP	Inspect storm sewer on specific street segment and service, repair or replace as needed	In Gerritsen Beach, a new sewer system is needed. The streets in Gerritsen do not have proper storm drainage. They are on an antiquated system that no longer works for this community. Brooklyn Community Board 15 submitted 55 expense budget requests, organized by priority.

Priority	Agency	Request	Explanation	Location	Supporters
1/55	DEP	Inspect sanitary sewer on specific street segment and repair or replace as needed	Community Board 15 is requesting the installation of back-flow preventors throughout the district. This community experienced many sewer back up issues after Sandy and these preventors would help with the back-ups. The neighborhoods of Manhattan Beach, Sheepshead Bay and Gerritsen Beach are the areas most affected. On Avenue Y from Mcdonald Avenue to Ocean Avenue going south the area was inundated with sewer back-ups and back-flow preventers would prevent that from happening again.	Community Wide	
2/55	NYPD	Assign additional uniformed officers	Community Board 15 is in need of additional police officers at our 61st Precinct, located at 2575 Coney Island Avenue. Although our crime rates are low, issues such as minor traffic accidents, car break- ins and mischief in our school yards and parks can go hours before an officer is able to respond because the department is currently spread too thin handling more urgent calls.	61st Precint 2575 Coney Island Avenue	
3/55	DPR	Forestry services, including street tree maintenance	Community Board 15 receives numerous complaints about trees not being pruned, maintained or planted in a timely fashion. More money needs to be allocated to provide better forestry services to our community, waiting 4 or 5 years is a ridiculously long time to have a tree planted and tree pruning can take 7 - 10 years, allowing it to become a hazard. We need to expedite this procedure, so adequately funding this division with additional trained staff and equipment would help to streamline this too long a process.	Community Wide

4/55	FDNY	Provide more firefighters or EMS workers	Currently Kingsborough Community College at 2001 Oriental Blvd, during the Summer Months from May through October houses an FDNY fireboat. This fireboat is currently not manned 24/7 and we believe it would be in the best interest of the community if it could be. With a dry season, brush fires seem to have been more prevalent this year. Being a beach and boating community, rescues on the water are another challenge that a 24/7 fireboat would be well equipped to assist in. Pulling a boat from further away can be critical when time is of the essence. Being that this is a strategic location, we feel keeping it staffed and accessible 24/7 during the summer months would be a true asset to saving our residents and visitors lives.	Kingsborough Community College 2001 Oriental Blvd	
5/55	NYPD	Assign additional crossing guards	All the schools in the District are in need of additional crossing guards. With the severe traffic around schools at dismissal, crossing guards are imperative. Currently when a crossing guard is out sick, a uniformed officer is pulled away to take their place, taking an officer away from other critical policing work.	Community Wide	
6/55	DOB	Address illegal conversions and uses of buildings	Many properties in our district have been illegally converted, turning one or two family homes into 6 family homes, with people residing in basements and attics causing hazardous living conditions. Department of Buildings need the necessary man power and take a proactive role in stopping these conversions from taking place and once in place violating the property owners before something tragic occurs.	Community Wide	
7/55	DEP	Clean catch basins	Community Board 15 is prone to flooding during rain events. Periodical cleaning of our storm sewers is desperately needed. 13/55	DHS	Expand street outreach	Community Board 15 has seen a major increase of homeless people on our streets, underpasses, parks and train stations. We would like to see more money allocated to do community outreach and get these people the help and services they need and return these public areas back to the community. We have a concentration of people under the train station at Sheepshead Bay Road and East 15th Street, Voorhies Avenue and East 16th Street - (Near the Municipal Parking Lot), Ocean Avenue & Shore Parkway under the overpass of the Belt Parkway and in our green street parks located on Ocean Avenue and Kings Highway.	Community Wide	
14/55	DFTA	Increase home delivered meals capacity	Additional funding needs to be allocated to DFTA to provide more Meals on Wheels services to homebound seniors on fixed incomes. With an aging population the demand for healthy meals has also increased and we want to make sure that no one in our community is left hungry. The Meals on Wheels program, not only provides food but also acts as a safeguard for Seniors alerting the proper authorities if a senior is not responding or allowing them access. It is a vital lifesaving program on many levels and needs to be appropriately funded to carry on its good work.	Community Wide	
15/55	DSNY	Increase enforcement of illegal posting laws	Our community is inundated with illegal advertising on every upright structure. Signs for moving men and lately "Cash for Cars" signs have appeared everywhere. There must be severe penalties for such acts. These illegal postings are defacing our entire community.	Community Wide	
16/55	NYCTA	Improve bus cleanliness, safety or maintenance	Transit should have a designated maintenance crew responsible for cleaning the exterior entrances of all transit stations. 18/55	DOT	Address traffic congestion	We need to address traffic congestion on Coney Island Avenue from Guider Avenue to Avenue P to figure the proper way to alleviate the constant traffic snarls.	Coney Island Avenue Guider Avenue Avenue P	
19/55	NYCHA	Improve public housing maintenance and cleanliness	We have been receiving an influx of calls emanating from The Sheepshead / Nostrand Houses located in our district because of long waits for repairs, from broken front doors, broken appliances, plumbing issues and unsanitary living conditions. One particular resident from 3004 Avenue V has been waiting over a month to be able to use her refrigerator. The maintenance system in public housing is broken, the prolonged waits are unacceptable and perhaps additional maintenance crews are need to be added to expedite the warrant of habitability.	Sheepshead / Nostrand Houses 3004 Avenue V	
20/55	DPR	Plant new street trees	After Super Storm Sandy many trees in the district died and were removed. The new tree planting is taking too long. Tree requests are not being addressed in our community.	Community Wide	
21/55	DSNY	Provide more on-street trash cans and recycling containers	Our heavily utilized commercial shopping district along Avenue U from Ocean Parkway to Ocean Avenue requires additional trash receptacles. Garbage is filling the streets and curbs due to the lack of trash cans on the corners.	Avenue U Ocean Parkway Ocean Avenue	
22/55	DEP	Investigate and address water pressure complaint at specific address or on specific street segment	In both Sheepshead Bay and Gerritsen Creek we are asking for periodic maintenance to remove all floatables in the Bay and in the Creek. This pollution is a severe health hazard, as well as making these heavily visited locations undesirable and unsightly for the community to fully enjoy.	Community Wide

28/55	NYCTA	Expand bus service frequency or hours of operation	When the SBS B-44 was added, the local service diminished. Local service south of Avenue U has increased causing severe delays in travel time. There needs to be more frequent local service along the B-44 line.	Community Wide	
29/55	DOHMH	Increase health inspections, e.g. for restaurants	Increase the amount of health inspectors to shorten the process of receiving a restaurant grade.	Community Wide	
30/55	DEP	Investigate noise complaints at specific location	We are requesting more inspectors to address the onslaught of complaints pertaining to noise and air complaints we have been receiving. More inspectors will cut down on response times.	Community Wide	
31/55	DSNY	Other cleaning requests	To keep up with the demands of our district, like many we need more manpower.	Community Wide	
32/55	DSNY	Provide more on-street trash cans and recycling containers	Emmons Avenue is our waterfront strip with commercial fishing boats, party boats and a variety of dining establishments, attracting many patrons. It is an area heavily visited and requires more trash receptacles than it presently has been given to keep up with the demand.	Emmons Avenue Sheepshead Bay Road Knapp Street	

## 7. Summary of Prioritized Budget Requests

### Brooklyn Community Board 15 Expense Requests

Brooklyn Community Board 15 submitted 55 expense budget requests, organized by priority.

Priority	Agency	Request	Explanation	Location	Supporters
33/55	DPR	Other street trees and forestry services requests	We have many sidewalk flags in our community in need of major repairs due to city trees uprooting them. The current funding is not adequate enough to get to all the sidewalks in need of repair, we are requesting additional funding to combat this growing sidewalk hazard.	Community Wide	
34/55	DSNY	Improve snow removal	Requesting funding to hire additional temporary hourly workers during snow events to help clean out bus stops, bridges and crosswalks.	Community Wide	
35/55	DSNY	Other garbage collection and recycling infrastructure requests	Sanitation 15 requires additional manpower for their derelict vehicle unit. Our area in inundated with calls about abandoned cars and having the additional manpower would decrease response times in removing these vehicles.	Sanitation 15 2501 Knapp Street	
36/55	FDNY	Provide more firefighters or EMS workers	We are in need of additional EMS workers. We are an aging community with a large and growing senior population and want to make sure our EMS staff is at full capacity.	Community Wide	
37/55	DPR	Provide better park maintenance	Our parks need more personnel to maintain them on a daily basis.	Community Wide	
38/55	DOB	Assign additional building inspectors (including expanding training programs)	Department of Buildings needs money to allocate additional inspectors to hasten the inspection process especially when stop work orders are violated. We need to have more inspections during evenings and weekends, when a lot of these violations occur.	Community Wide	
39/55	DPR	New equipment for maintenance	We are requesting small beach equipment such as ATV that can better navigate and reach remote areas of our beach. Smaller rakes and tools that can clean crevices and are less cumbersome to traverse the difficult beach terrain.	Manhattan Beach Park	
40/55	DOB	Address illegal conversions and uses of buildings	We have a shortage of affordable middle class apartments, so unscrupulous homeowners create illegal subdivided units in their homes to rent. These illegal apartments are a danger to the renters, neighbors and first responders should a fire occur. Illegal basements apartments are also prevalent throughout our flood prone community. We need more inspectors to enforce code violations and vacate these properties before a tragedy such as loss of life occurs.	Community Wide	

## 7. Summary of Prioritized Budget Requests

### Brooklyn Community Board 15 Expense Requests

Brooklyn Community Board 15 submitted 55 expense budget requests, organized by priority.

Priority	Agency	Request	Explanation	Location	Supporters
41/55	DPR	New equipment for maintenance	We are requesting additional front end loaders to assist in cleaning.	Community Wide	
42/55	DSNY	Provide more on-street trash cans and recycling containers	Sheepshead Bay is a major transit hub for people who come visit to dine on our waterfront, shop our stores and visit our area beaches. The trash cans are few and far between and are always over flowing. We would like additional trash cans to help ease the burden of our existing trash cans for our commuters and visitors to keep our streets cleaner.	Sheepshead Bay Road East 14th Street Emmons Avenue	
43/55	DOB	Assign additional building inspectors (including expanding training programs)	We would like money allocated to expanding Department of Building's IT equipment to update their website more efficiently so information is streamlined as close to real time as possible.	Community Wide	
44/55	DSNY	Increase vacant lot cleaning	The sidewalk and property abutting the B & Q train line by Homecrest Avenue, between Shore Parkway and Neptune Avenue has become overgrown and utilized as an illegal dumping ground.	Homecrest Avenue Shore Parkway Neptune Avenue	
45/55	DOB	Expand code enforcement	We are losing on street parking spaces to illegal curb cuts and we are losing front lawns and green spaces to cemented illegal parking pads. We need more enforcement as well as stricter regulations to force homeowners to restore their properties back to current regulations.	Community Wide	
46/55	DSNY	Provide more frequent litter basket collection	Coney Island Avenue from Avenue P to Guider Avenue is a mixed use area, with both commercial and residential buildings. Because it is so heavily trafficked it is in dire need of additional basket pick-ups to keep up with the demands placed on that bustling corridor.	Coney Island Avenue Avenue P Guider Avenue	
47/55	DPR	New equipment for maintenance	We are requesting funding for packers for garbage removal.	Community Wide	
48/55	DSNY	Provide more on-street trash cans and recycling containers	Coney Island Avenue with its many retail stores and restaurants is a heavily used shopping corridor and yet has very few trash baskets. We would like additional baskets to deter people from throwing their personal litter on our streets.	Community Wide

### Brooklyn Community Board 15 Expense Requests

Brooklyn Community Board 15 submitted 55 expense budget requests, organized by priority.

Priority	Agency	Request	Explanation	Location	Supporters
49/55	DCP	Other zoning and land use requests	Zoning regulations are difficult to understand for the layman. Community Board 15 is home to many foreign born. The Department of City Planning as well as the Department of Buildings must have educational materials on zoning regulations and building regulations available in several languages. Informing the public with informational material is an important step in the process.	Community Wide	
50/55	DSNY	Increase vacant lot cleaning	1882 East 12th, an overgrown, unmaintained lot which is an eyesore and blight on the community.	1882 East 12th Street	
51/55	DSNY	Increase vacant lot cleaning	1610 Avenue S, is an overgrown, abandoned lot in our district, in which our office receives numerous complaints.	1610 Avenue S	
52/55	DSNY	Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws	We need more officers along Avenue U to enforce these commercial businesses to keep the areas in front of their businesses clean. Over grown tree pits, illegal dumping and filthy sidewalks exist all along this corridor.	Avenue U Coney Island Avenue Ocean Avenue	
53/55	DPR	Enhance park safety through more security staff (police or parks enforcement)	Manhattan Beach Park is a remote location in a quiet residential area often trespassed upon after hours by young people who can be mischievous. We have had fires, loud music and noise complaints emanating from the park late at night and would like to see more regular patrols of this area to discourage this behavior.	Manhattan Beach Park Oriental Blvd and Ocean Avenue	
54/55	DSNY	Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws	Sheepshead Bay Road a once thriving retail corridor has become a neighborhood eyesore. Very few merchants maintain in front of their stores. We receive numerous complaints from residents who walk along that road.	Sheepshead Bay Road East 14th Street Emmons Avenue	
55/55	SBS	Provide disaster and resiliency preparation for small businesses	Many of the businesses in the district were devastated after Super Storm Sandy. Some never reopened due to the fact that there were no emergency plans in place. Business owners need to be supplied with back-up generators to get their business up and running to serve the community. In areas such as Gerritsen Beach and Sheepshead Bay residents had no place to buy simple things such as milk or bread because the stores were flooded so severely.	Community Wide
