December 2021

## INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

## HOW TO USE THIS REPORT

This report represents the Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2023. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from July to November, 2021.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

If you have questions about this report or suggestions for changes please contact:

[CDNEEDS\\_DL@planning.nyc.gov](mailto:CDNEEDS_DL@planning.nyc.gov)

This report is broadly structured as follows:

### 1. Overarching Community District Needs

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

### 2. Policy Area-Specific District Needs

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

### 3. Community Board Budget Requests

The final section includes the two types of budget requests submitted to the City for the FY23 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

## Disclaimer

This report represents the Statements of Community District Needs and Community Board Budget Requests of this Community District for Fiscal Year 2023. This report contains the formatted but otherwise unedited content provided by the community board.

*Budget Requests:* Listed for informational purposes only. OMB remains the definitive source on budget requests and budget request responses.

*Budget Priorities:* Priority numbers apply to expense and capital Budget requests from all policy areas. A complete list of expense and capital budget requests by this Board sorted by priority can be found in Section 7 of this document.

*Supporting Materials:* Some community boards provided substantive supplemental information. This supportive material can be accessed by clicking on the links provided in the document or by copying and pasting the links provided in the Appendix into a browser.

## TABLE OF CONTENTS

Introduction

1. Community Board Information

2. 2020 Census Data

3. Overview of Community District

## 2. 2020 CENSUS DATA

The following two pages contain data from the most recent 2020 Decennial Census, which includes basic demographic and housing characteristics for New York City, the borough, and this community district. The data also includes a view of change over time since 2010.

## New York City

	2010		2020		Change, 2010-2020		
	Number	Percent	Number	Percent	Number	Percent	Percentage Point
<b>AGE</b>

### Statement on Data Accuracy

Under Title 13 of the U.S. Code, the Census Bureau is legally bound to protect the privacy of individuals participating in the decennial census. To adhere to the law and to avoid the disclosure of information about individual respondents, the Census Bureau has historically applied a host of techniques, such as top- and bottom-coding, imputation, table- and cell-suppression, and data swapping. The Census Bureau is employing a new technique with the 2020 Census, referred to as the Disclosure Avoidance System (DAS), based on differential privacy. With this approach, the Census Bureau “infuses noise” systematically across census data and sets a quantified disclosure risk, referred to as the Privacy Loss Budget (PLB).

While the new DAS approach may diminish the risk of disclosure concerns, it comes at a cost to data accuracy. Consequently, 2020 Census data users should be aware that all sub-state counts, except for housing units (which are unaffected by the DAS), may be adjusted to protect the privacy of Census participants and may be subject to reduced accuracy. Because DAS noise infusion is randomized, it is impossible for data users to know the degree to which any individual statistic is altered. However, it is possible to say that in general the relative size of errors decreases as counts increase. Consequently, data users should have greater confidence in the accuracy of the data as counts get larger. Further, an evaluation of a Privacy-Protected Microdata File (PPMF), treated with a Disclosure Avoidance System like the one applied to 2020 redistricting data, showed that counts of 300 or more rarely have sizable errors (error beyond +/- 10% of the count). Therefore, while data users need to be cognizant of data accuracy limitations, they should have confidence in conclusions based on sizable counts, which are relatively unaffected by the Census Bureau’s latest disclosure avoidance method.

### **3. OVERVIEW OF COMMUNITY DISTRICT**

Community Board 2 Manhattan ("CB2") has been dramatically impacted by the onset of COVID -19 in early 2020 and since the shutdown that began in March 2020, has been struggling across many fronts. Amid protests, economic instability, and a permanently changed physical landscape (permanent roadbed outdoor dining), the District is bracing for more changes ahead.

In addition to our standing Committees, two working groups were created by CB2 in 2020. In May, the Reopening Working Group was created to respond quickly to the fast moving events of reopening non-essential businesses, the advent of new outdoor dining programs that crossed multiple licensing agencies, and to address issues as they relate to impacts caused by COVID-19 and reopening of our community from the almost total shutdown implemented in March. In June, the Equity Working Group was created to foster conversation and cultivate solutions to social justice issues in our neighborhoods in light of the movement that swept our City and nation following the murder of George Floyd, with the commitment to making racial equity a primary focus and to encourage an organizational culture that is viable and sustainable within a world of changing demographics and unrelenting racial disparities. In 2021, due to the importance of its work, the Equity Working Group was upgraded to full committee status and is now called the Equity, Race and Justice Committee.

Throughout this Statement and in our work over this year, CB2 highlights and reflects on some of the changes necessary to bridge the gap in the process of stabilizing our community in an equitable manner. COVID-19 has brought forth a confluence of issues surrounding racial inequities, public health, housing insecurity, job insecurity, and income inequality. As these challenges are also ongoing and evolving rapidly, sometimes monthly and even weekly, we also point those interested to CB2's monthly resolutions on these topics which can be found on our website. The impacts of COVID-19 have not yet been fully realized and we are still in the midst of profound impact on our education system, local economy, businesses, housing, social services, residents, workplaces, arts and cultural institutions, and transportation. We are experiencing an upheaval in our community with no predictable end, yet our community heavily relies on an opening and functioning local economy that depends heavily on office workers, visitors and tourists both local, regional, national and international. Under such unprecedented circumstances, our budget priorities signal the areas of highest concern amid an anticipated deficit that could lead to a decline in services for our residents and businesses.

#### **I. DISTRICT OVERVIEW**

##### **A. Geography**

Community Board 2 is a diverse district, bounded on the north by 14<sup>th</sup> Street, the south by Canal Street, the east by the Bowery/Fourth Avenue, and the west by the Hudson River. It is a unique and rapidly expanding community that includes the vibrant neighborhoods of Little Italy, part of Chinatown, SoHo, NoHo, Greenwich Village, the West Village, Gansevoort Market, the South Village and Hudson Square.

##### **B. Population**

The population of Community Board 2 has been steadily rising since 2010, with an estimated population of 92,445, according to the 2020 Census, which is an increase of 2.7% since 2010. While there was some concern that the COVID-19 pandemic would result in a decrease in population, the 2020 Census indicates those concerns may have been unfounded. However, as the pandemic continues into 2021, future Census data could still show a decline in population, at least in the short term. It should also be noted that the five major universities in the district - New York University, the New School, the Cooper Union, Hebrew Union College, and Cardozo Law School typically add a substantial non-permanent population to our neighborhoods, but were mostly empty during the majority of 2020 while students were studying virtually from home. However, as NYU and The New School continue to expand, we expect the student populations to grow further in the years ahead. While the students that join us every year are welcome, it is clear that the city needs to consider their numbers when looking to allocate services to Community District 2.

##### **C. Income structure**

Much of the architecture and history of our district has been maintained by residents who are determined to preserve the middle class, live-work, merchant and artisan atmosphere of our neighborhoods, past and future, but socioeconomic patterns are changing drastically. According to the 2015 – 2019 American Community Survey (ACS), the median income for District 2 for was \$127,116, while the poverty rate was 8.0% and the unemployment rate was 2.8%. It is yet to be determined how dramatically the COVID-19 pandemic will affect these numbers, but it seems clear that these numbers will be worse once we have more data over the next few years.

#### **D. Housing**

In recent years, the median monthly rent in District 2 increased to the highest in the City at \$2,311, according to the 2015 – 2019 ACS with 39% of renters in Community District 2 considered rent burdened (spent at least 30% of household income on rent) and 18.5% of renters in Community District 2 considered severely rent burdened (spent more than 50% of household income on rent). We anticipate these numbers to increase when we have data for 2020 and 2021 at the Community District level as result of the COVID-19 pandemic.

#### **E. Tourism/Visitors**

The covid-19 pandemic has had a brutal impact on the district's tourism industry, but as more and more people get vaccinated, museums and theaters re-opening, and travel to and from the United States resuming in recent months, we are already seeing tourists returning to the district. While the current numbers are deflated, we are hopeful that we can return to pre-pandemic numbers as things continue to improve. This applies to the local workforce, too, as businesses have begun to reopen. However, not all employees have returned in person as many businesses are allowing their employees to continue to work remotely, which will surely impact our local economy. The question remains as to how severe the impact will be as the pandemic is still ongoing, even though things have improved overall.

## 4. TOP THREE PRESSING ISSUES OVERALL

### Manhattan Community Board 2

The three most pressing issues facing this Community Board are:

#### **Parks and open space**

(1) Preserve Elizabeth Street Garden and Build More Affordable Housing at Alternative Site. Since 2013, CB 2 has held four public hearings and passed four resolutions in support of the permanent preservation of Elizabeth Street Garden in its entirety as public open, green space and urges the City to transfer jurisdiction over this lot to the Parks Department. CB 2 also supports the development of affordable housing at an alternative city-owned site at Hudson and Clarkson Streets, but only if the Elizabeth Street Garden is preserved. Neighborhood Underserved by Open Space. The neighborhood around Elizabeth Street Garden lacks open space. Little Italy and SoHo account for 23% of CB 2's population but have only 3% of its open space, virtually 100% paved, for an open space ratio of only 0.07 acres per 1,000 residents, as compared with the City planning goal of 2.5 acres per 1,000 residents. Furthermore, the majority of CB 2's open space is in Washington Square and Hudson River Parks, nearly a mile and 1.2 miles from the Garden, respectively. Residents in Little Italy and SoHo are less likely to use these spaces with frequency. Furthermore, Elizabeth Street Garden is located in the only downtown Manhattan neighborhood that the NYC Parks Department defines as "underserved" by open space. About the Garden. Elizabeth Street Garden is a unique community park and green space with open lawn, majestic trees, flowering garden beds, and sculptural artworks located in the Little Italy neighborhood of Manhattan, between Prince and Spring streets. City-owned and privately leased, the Garden attracts more than 100,000 visitors each year, including local elementary students, families and seniors, as well as residents from around the city and tourists from around the world, who learn about the Garden from several travel websites and guidebooks. The Garden is open to the public seven days a week, weather permitting and volunteers provide free public and educational programming. The Garden's design, size and configuration make it ideally suited for movies, music, yoga, community festivals, arts performances, educational programs, gardening and quiet meditation that are not offered in any other nearby public community space.

#### **Schools**

The NYC School Construction Authority (SCA) has the option to build a 100,000 square foot school at 509 LaGuardia Place in Greenwich Village on New York University-owned land (the Bleecker School Option), under a July 24, 2012 Restrictive Declaration by New York University (NYU) and amended by a letter from NYU to Councilmember Chin on October 21, 2014. Without action by our elected officials and NYU, the Bleecker School Option will expire on December 31, 2018 and will result in the transfer of \$65+ million of value from NYC taxpayers to NYU, based on a real estate market where the price per buildable square foot in Manhattan averages more than \$650, and arguably higher due to the lack of vacant land in Greenwich Village, either city-owned or city-optioned. Please also note, if the option expires, NYU would allocate no less than 25,000 square feet of above grade space for a community facility, when and if it decides to build the Bleecker Building. However, if for any one-year period NYU is unable to rent this space, 100% of the site reverts to NYU permanently. Bleecker School Key Community Benefit in 2012 NYU Rezoning: As part its 2012 rezoning, NYU made a good faith promise to our community for the Bleecker School, committing to a 100,000 square foot public school and a 2025 option date. As part ULURP, CB 2, the Manhattan Borough President and the NYC Department of City Planning all reviewed a rezoning package that included NYU's commitment for a 100,000 square foot public school and a 2025 option date. However, the final rezoning approved by the NYC City Council included an option, that expired 11 years earlier on December 31, 2014. Need for Bleecker School: CB 2 recognizes the need for 600 public school seats at the Bleecker School, based on our June 2017 demographic analysis and the following drivers of demand: 1. Current elementary schools remain over capacity and overcrowded; 2. Continued development, rezoning and future zoning changes; 3. Unmet programmatic needs, such as dual-language programs, language based learning programs and inadequate space for physical education, arts, science and other non- math/ELA academic subjects; 4. Need to modernize 19th century school facilities throughout District 2 to meet 21st century education needs and comply with ADA standards for accessible design; 5. Expansion of Pre-K and 3K programs; 6. Inclusion of District 75 seats; 7. CEQR flawed methodology in estimating demand for public school seats, and growth of family-sized apartments; and, 8. Reduction in class size to

comply with Contract for Excellence laws; Reinstate 2025 Option Date. To ensure that the SCA exercises its option to build the Bleecker School, NYU must reinstate the School Election Notice to 2025. Not only is 2025 the date NYU originally promised, it also will a) give the DOE enough time to fund the school, which is currently unfunded in the DOE's Capital Plan for FY 2020-2024; b) new school planning takes time -- 75 Morton took 12 years from advocacy to opening and NYU's own 181 Mercer Building remains under construction; c) downtown schools at Trinity Place and Duarte Square are delayed; and, d) allows more time to consider educational needs in a dynamically changing residential environment. Duarte Square School in Hudson Square Public School & Gym. As part of the 2013 Hudson Square rezoning, Trinity Church will build the core and shell of a 444-seat elementary school, the Duarte Square School, under a March 20, 2013 Restrictive Declaration by The Rector, Church-Wardens and Vestrymen of Trinity Church in the City of New York. The DOE would fund the remaining cost, the majority of which is funded in the DOE's Capital Plan for FY 2020-2024, released in November 2018. In addition, in a March 12, 2013 letter from the Department of Education to the Speaker of the New York City Council, the DOE has the option to build expanded recreation facilities in the Duarte Square site, including a) a double-height, 6,300 square foot gym, b) a 3,500 square foot multipurpose assembly space and c) 2,100 square foot multipurpose space. Trinity Church is exploring leasing or selling the Duarte Square School site and CB 2 want to ensure that the public school and gym commitments are not further delayed by a potential sale or lease. CB 2's priorities for Duarte Square are to ensure that: 1. Trinity Church, or the new owner, and the SCA establish a timeframe for developing the school, 2. The SCA funds the additional recreation facilities and that these are designed with a separate entrance to allow for community use during non-school hours, 3. No charter school claims the site, and, 4. The school is designed and built with a separate gym and auditorium, not a "gymatorium," as well as an outdoor playground. Funding Needs at Existing CB 2 Schools Underfunding = Overcrowding. Public schools in CB 2 are overcrowded and underfunded, resulting in large class sizes as principals attempt to stretch funding allocated on a per-student basis. To reduce class size, New York State needs to allocate additional funding and the DOE would need to increase capacity – one more reason to fund and build the Bleecker School. Technology. CB 2 supports additional funding for technology for MS 297, P751, PS 3, PS 41, PS 130, City-As-School High School and Broome Street Academy to ensure that all children have access to technology, a critical equity issue in education. Other Capital Projects. CB 2 also supports funding new water fountains at PS 3, air conditioning at PS 130, flexible classroom seating to build the literacy program at City-As-School High School and funding a green wall to augment the hydroponics program at City-As-School High School. After School Programming. 75 Morton will be expanding enrollment through the 2020-21 school year, requiring additional funding for on-site after school programming, through the Department of Youth and Community Development's School's Out New York City. Arts Education. CB 2 wants to ensure that the DOE allocates funds for increased arts education, faculty and classrooms in our service area's public schools. Funding, Siting and Building New Public Schools The City Environment Quality Review (CEQR) process is flawed for analyzing how new development impacts public schools and overcrowding. Most development projects do not trigger an analysis of their impact on school seats and even when a new development triggers an Environmental Impact Analysis, the CEQR Technical Manual and EIS guidelines to do not accurately estimate the need for new public school seats. CB 2 recommends that: 1. The Department of City Planning develop new and better formulas, based upon current demographics, that more accurately represent the percentage of families with school age children that comprise our local population, and considers the number of families who can be expected to move into new residential development; 2. The Department of City Planning to institute a policy that would require a school impact study, using local data as required under the 2014 law, on all new residential construction and conversion, regardless of size; and, The City develop a mechanism that would require developers of all new residential buildings to contribute to a capital fund for public schools, and/or include new school seats within their projects.

## Other

The City's lack of enforcement in making outdoor dining a success brings concern as the program transitions into a permanent one at the end of September 2021, with the potential to severely impact the quality of life for residents in the community amid permanent decisions being made during a pandemic with unknown long term consequences. Covid-19 has dramatically increased the pressure on sidewalk access and usage. The existing sidewalk café regime that existed prior to Covid-19 that was administered by the Department of Consumer and Worker Protection was suspended during the onset of the pandemic. In June, CB2 provided a comprehensive set of recommendations to both the Mayor and City Council with an extensive set of suggestions related to exploring new outdoor dining options. In the summer of 2019 with the advent of several outdoor dining initiatives under the

auspices of the Department of Transportation, new semi-permanent build outs were created in roadbeds and to some extent on the sidewalk. As we enter the first winter with Covid-19 in resurgence, the dramatic proliferation in a short period of time of full structures on both the sidewalk and in roadbeds where none had previously existed has significantly changed and impacted the use of sidewalks in our community with rampant illegal uses allowed to proliferate as a result of a lack of any enforcement or clear guidance. CB2 is in the process of reviewing these programs on an ongoing basis as they change monthly and even weekly and current up to date guidance and recommendations from CB2 are expected on an ongoing basis throughout the next year with the hope that at some point that guidance and recommendations will be heeded by the City of New York.

---

## 5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

### HEALTH CARE AND HUMAN SERVICES

#### Manhattan Community Board 2

##### Most Important Issue Related to Health Care and Human Services

###### **Programs, services or facilities for seniors (incl. remote programming, cooling centers)**

While our district ranks high in nearly every indicator, including income, we feel that measures of the median fail to tell an accurate narrative, especially where seniors are concerned. Greenwich Village has gone through a dramatic economic shift over the last twenty years or so. However, our senior residents arrived long before, when this community was less affluent, when the cost of living was less expensive, and when rents were lower and more units were rent-stabilized. We worry that misleading data threatens the funding allocated by DFTA to Greenwich House, which is the primary provider of senior services in our district. Greenwich House is expanding its program to meet increased need at West Village Houses and at Westbeth, where Greenwich House calculates approximately 50% of its 640 units now have residents growing increasingly frail and at-risk. Greenwich House works mostly under the constraint of government contracts, which can be inflexible, byzantine in their stipulations, and out-of-step with current costs. The result is that Greenwich House's programs are unable to provide all that our curious, artistic, intellectually vibrant seniors desire. Contract reimbursements have also failed to compensate for inflation, placing increased strain on Greenwich House's budget. Greenwich House relies on others to provide complementary services. One of these is Visiting Neighbors – a volunteer-based organization that operates what appears to be a cost-effective program aimed at improving quality of life, enhancing health indicators, and reducing hospital stays for older residents. Visiting Neighbors has been receiving discretionary City Council funds since DFTA cancelled its contract, forcing it to significantly reduce its scope. We urge DFTA to contract with Visiting Neighbors again.

##### Community District Needs Related to Health Care and Human Services

###### **Needs for Health Care and Facilities**

No comments

###### **Needs for Older NYs**

Many elders in our district have decided to "age in place", but services for our older residents have been cut drastically. The meal program at one of our centers (First Presbyterian) was eliminated a few years ago, and our other centers are overcrowded, with multiple seatings. An important part of the meal program, social contact, seems to be ignored completely. We would like to understand the goals of the Department for the Aging because they do not seem to be in accord with our understanding of the needs. We note that several cost-effective programs for seniors – Visiting Neighbors is the most obvious – have lost funding. Again, we are joining our elected officials to work to solve this problem, but we need the City to support Visiting Neighbors, as well as adult day care facilities, in order to allow seniors to live independently in their own homes. Our elderly are vulnerable to the rampant building boom in our community, when landlords seek to push seniors out. New building permits must accommodate the elderly. Many of our seniors continue to live in rent-regulated walk-up apartments. Renovation, not removal, is needed.

## Capital Requests Related to Health Care and Human Services

The Community Board did not submit any Budget Requests in this category.

## Expense Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
14/51	HHC	<b>Other expense budget request for HHC</b>	<i>Allocate funds to the Health &amp; Hospitals Corporation for a follow-up Community Health Assessment to examine the success of the Lenox Hill Greenwich Village stand-alone emergency department model to understand the impact of the hospital's closing; and to survey the general experience of accessing medical services.</i>	
20/51	DHS	<b>Other request for services for the homeless</b>	<i>Allocate funds to address issues of homelessness misuse of the space within Golden Swan Park. This request may require a partnership between DHS and the Parks Department. For much of the past year, the Parks Department has struggled to deter individuals from defecating in some of the hidden areas in this little gem of a park.</i>	6th Avenue & West 4th Street
33/51	DFTA	<b>Allocate funds for outreach services to homebound older adults and for programs that allow the elderly to age in place</b>	<i>These programs result in happier and healthier seniors, as well as save hospital and nursing home costs. Current cuts have short-changed the needs of our elderly. Reorganization and strategic prioritizing of city/state/federal agencies may be needed.</i>	
35/51	DOHMH	<b>Other programs to address public health issues requests</b>	<i>Allocate funds to provide outreach and treatment that targets individuals who are using drugs on NYC streets. We support the work of Greenwich House as our local provider of needed substance abuse treatment to New Yorkers within our district and without. However, we also support DOHMH initiating an outreach program that targets individuals openly using drugs on public streets, so they can get the help they need.</i>	

## YOUTH, EDUCATION AND CHILD WELFARE

### Manhattan Community Board 2

#### Most Important Issue Related to Youth, Education and Child Welfare

##### **School and educational facilities (Capacity)**

Bleecker School: NYC's \$65 million Option to Build New Public School New York City has the option to build a new Department of Education public school in Greenwich Village – the Bleecker School. For this to happen, the NYC Department of Education (DOE) must fund the school before the option expires on December 31, 2021 or extend the option date. • What is the Bleecker School: As part of the New York University 2012 up-zoning, NYU's key community giveback was the option to build a 100,000 sq. ft. public school on NYU-owned land, "the Bleecker School." If the Bleecker School is not built, 100,000 square feet of school space reverts to NYU for university use and option expires on December 31, 2021, \$65+ million in value transfers from NYC taxpayers to NYU, based on the average price per buildable square foot in Manhattan and arguably higher, due to the lack of vacant land in Greenwich Village. Please note, if the option expires, NYU would allocate no less than 25,000 square feet of above grade space for a community facility, when and if it decides to build the Bleecker Building. However, if for any one-year period NYU is unable to rent this space, 100% of the site reverts to NYU permanently. • What Needs to Happen: The DOE must fund the Bleecker School in its FY 2020 – FY 2024 Capital Plan before December 32, 2021. Alternatively, the city and NYU can extend the option expiration date to 2025 – the date originally proposed by NYU. While this allow the city more time to fund the Bleecker School, NYU has publicly stated that it will not agree to further extensions. • What Kind of School Can Built at the Bleecker School Site. The Bleecker School can serve public school students from pre-kindergarten to 8th grade, i.e. PK-5, 6-8 or PK 8, but a high school would require NYU consent. The Bleecker School can serve general education students, Students with Disabilities, such as students with dyslexia, or other learning disabilities and/or District 75 students. • CB 2's Position. CB 2's September 2019 Resolution – Dyslexia Education: A Critical Equity Issue for NYC Students – supports 1) the implementation of early screening, curriculum development, teacher training, programs and schools to support and teach children with dyslexia in NYC public schools and 2) the creation of a DOE public school program for dyslexic students at the Bleecker School Site. Currently, there are no DOE public schools or programs for students with dyslexia and language-based learning disabilities, even though there are several private special education schools and a newly opened charter school specifically designed to address the learning needs of these students. • For Updates: Visit [bit.ly/BleeckerFAQ](http://bit.ly/BleeckerFAQ).

#### Community District Needs Related to Youth, Education and Child Welfare

##### **Needs for Youth Education**

Bleecker School: Under a July 24, 2012 Restrictive Declaration by New York University (NYU) and amended by a letter from NYU to Councilmember Chin on October 21, 2014, the NYC Department of Education has an option to build a 100,000 square foot public school at 509 LaGuardia Place in Greenwich Village on New York University-owned land. To exercise this option, the DOE must fund the school by December 31, 2018 and start construction by July 31, 2020. The DOE may build a school to serve students through 8th grade (not high school students.) If the DOE does not exercise this option, the buildable rights revert to NYU and NYU would allocate no less than 25,000 square feet of above grade space for a community facility. In addition, under the Restrictive Declaration, NYU has the right to build up to 70,000 square feet of below grade space. Currently, the Bleecker School is not funded in the DOE Capital Plan for 2015-2019, updated in February 2017. Need for School Seats: CB 2 recognizes the need for 600 public school seats at the Bleecker School, based on our June 2017 analysis that shows: 1. 148 to 337 seat shortfall from overcrowding at all three CB 2 elementary schools for 2015-2016, based on outdated Blue Book figures that underestimate overcrowding, at 112% at PS 3, 109% at PS 41 and 109% at PS 130 as well as 114% at PS 11, 2. 88 seat shortfall at the Duarte Square School, based on a CEQR multiplier of 0.16, 3. 169 to 225 seat shortfall resulting from the 550 Washington rezoning – approved with out any school seats – based on a CEQR multipliers of 0.12 and 0.16 respectively, 4. 100+ seats to reduce kindergarten class size to comply with Contract for Excellence class size reductions (and 650+ seats for grades K-5), 5. 69 seats to expand pre-kindergarten seats to 50% of the kindergarten

cohort, 6. 131 seats to expand 3K programs to 25% of the kindergarten cohort, 7. 44 seats for District 75 students at Duarte Square, 8. 60 seats for District 75 students at Bleecker, and, 9. Additional square footage and seats to comply with physical education requirements, Next Steps: Community Board 2 is committed to ensuring that the NYC School Construction Authority exercises its option to build a school on the Bleecker Street site. To ensure that this happens, NYU needs to reinstate the School Election Notice to 2025, which was NYU's original proposal. CB 2 also urges the SCA and the DOE to take into account the demographic analysis and projections developed by CB 2 and fund the Bleecker School in the SCA's next five year Capital Plan. Existing Elementary Schools All three of our current primary schools (P.S. 3, 41, and 130) are overcrowded and in need of regular capital investment to maintain the adequacy of the physical plant. For us, excellent public schools are a priority. In FY 2017, the near term capital needs are for improved technology and new water fountains. Funding, Siting and Building New Public Schools The City Environment Quality Review (CEQR) process is flawed for analyzing how new development impacts public schools and overcrowding. Most development projects do not trigger an analysis of their impact on school seats and even when a new development triggers an Environmental Impact Analysis, the CEQR Technical Manual and EIS guidelines to do not accurately estimate the need for new public schools seats. CB 2 recommends that: 1. The Department of City Planning develop new and better formulas, based upon current demographics, that more accurately represent the percentage of families with school age children that comprise our local population, and considers the number of families who can be expected to move into new residential development; 2. The Department of City Planning to institute a policy that would require a school impact study, using local data as required under the 2014 law, on all new residential construction and conversion, regardless of size; and, 3. The City develop a mechanism that would require developers of all new residential buildings to contribute to a capital fund for public schools, and/or include new school seats within their projects.

## Capital Requests Related to Youth, Education and Child Welfare

Priority	Agency	Request	Explanation	Location
1/19	SCA	<b>Provide a new or expand an existing elementary school</b>	<i>Allocate funds for the 100,000 square foot Bleecker Street School. As part of the New York University 2012 up-zoning, NYU's key community giveback was the option to build the Bleecker School, a 100,000 square foot public school that would serve approximately 600 students. If the Bleecker School is not built, 100,000 square feet of school space reverts to NYU for university use. If the Bleecker School option expires on December 31, 2021, \$65+ million in value transfers from NYC taxpayers to NYU, based on the average price per buildable square foot in Manhattan and arguably higher, due to the lack of vacant land in Greenwich Village. P</i>	
7/19	DOE	<b>Other capital budget request for DOE</b>	<i>Allocate funds for technology improvements, including smartboards, laptops and computers for PS 3, PS 41, PS 130, MS 297, P721, P751, Broome Street Academy, Chelsea Career and Technical Education High School, City-As-School High School, Harvest Collegiate High School, Harvey Milk High School and the NYC iSchool. CB 2 supports additional funding for technology at these schools to ensure that all children have access to technology, a critical equity issue in education.</i>	
9/19	SCA	<b>Renovate exterior building component</b>	<i>Allocate funds to P.S. 3 for gymateria dividers to increase flexibility and use, as well as weatherproofing of the rooftop playground.</i>	490 Hudson Steet
11/19	DOE	<b>Other capital budget request for DOE</b>	<i>Allocate funds to build STEAM and Literacy programs, including a Wet Lab, Maker Space, Literacy Lab and Library / Media Center, as well as to add water bottle refilling stations at City-as-School High School.</i>	16 Clarkson Street, Manhattan, New York, NY

## Expense Requests Related to Youth, Education and Child Welfare

Priority	Agency	Request	Explanation	Location
----------	--------	---------	-------------	----------

9/51	DOE	<b>Other expense budget request for DOE</b>	<i>Allocate more funding for certified licensed trained social workers for emotional support for teacher and students.</i>
10/51	DOE	<b>Other expense budget request for DOE</b>	<i>Allocate funds for the NYC Men Teach to recruit, train and retain talented non-traditional public school educators in order to close the representation gap between our students and those that teach them.</i>
15/51	DOE	<b>Other expense budget request for DOE</b>	<i>Allocate funds for teacher training and reading and writing curricula that use a structured literacy approach.</i>
16/51	DOE	<b>Other educational programs requests</b>	<i>Reinstate pre-pandemic funding for arts education. In 2014, a report by Comptroller Scott Stringer acknowledged the widely accepted benefits of arts education and its positive influence on children, including but not limited to: academic attainment, social emotional development and future employment. Chancellor Carranza's Arts School Report for 2017-2018 announced a record spending on arts education. This included the administration's \$23 million investment to expand programming, renovate arts spaces, and hire new teachers. However, for FY22, the City slashed arts education funding by 70% due to shortfalls in tax revenue related to the loss of tax revenue resulting from the shutdown. CB2 strongly supports reinstating pre-pandemic funding for arts education in our public schools.</i>
28/51	DOE	<b>Provide more funds for teaching resources such as classroom material</b>	<i>Allocate funds for a washing machine and dryer to give students access at MS 297 and City-as-School High School. Because students who lack access to laundry facilities tend to have higher absentee rates, CB 2 supports funding the installation of washers and dryers at schools that serve students in temporary or transitional housing.</i>
51/51	DOE	<b>Other expense budget request for DOE</b>	<i>Allocate funding to retrofit school buildings to make public space safer and have that information publicly accessible.</i>

## PUBLIC SAFETY AND EMERGENCY SERVICES

### Manhattan Community Board 2

#### Most Important Issue Related to Public Safety and Emergency Services

##### **Public Nuisance (noise, other disturbances)**

The most frequent quality of life complaints relate to noise from various sources, including bars, clubs and restaurants that generate unruly crowds, produce excessively loud amplified sound, and/or have exterior HVAC systems that generate noise levels in excess of code limits. Another source is construction activity, especially when the Department of Buildings authorizes extended daytime hours and weekend hours for projects that are adjacent to residential uses in violation of the department's own rules for issuing such permits. Yet another is unregulated engines, on vehicles like food trucks, which produce noxious fumes as well as excessive noise.

## Capital Requests Related to Core Infrastructure, City Services and Resiliency

Priority	Agency	Request	Explanation	Location
4/19	DEP	<b>Other capital budget request for DEP</b>	<i>Allocate funds for resiliency efforts to shore up the west side of Community District 2 along the Hudson River Park. In the aftermath of Hurricane Sandy, it became clear that the Hudson River waterfront was dangerously vulnerable. After making this request last year, the agency response was that further study of the request was needed. We would like to know if any study has been done and, if so, what were the findings and recommendations.</i>	

## Expense Requests Related to Core Infrastructure, City Services and Resiliency

Priority	Agency	Request	Explanation	Location
8/51	DSNY	<b>Other expense budget request for DSNY</b>	<i>Allocate funds for the DSNY to evaluate the quantity and condition of trash and recycling containers, evaluate pick-up schedules and adjust them as necessary, design rat-resistant trash containers, and improve trash removal by providing more frequent litter basket collection, especially on weekends and around spaces that attract a large volume of people.</i>	

## HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

### Manhattan Community Board 2

#### Most Important Issue Related to Housing, Economic Development and Land Use

##### **Affordable housing preservation**

CB2 remains committed to protecting and preserving the affordable housing that we have and supporting opportunities to build affordable housing where practicable and appropriate. We urge the city to increase direct city investment in 100%-affordable housing construction, adaptive reuse of existing buildings, and revise requirements that mandate far greater numbers of affordable housing units with lower median incomes and fewer loopholes than currently under the city's Mandatory Inclusionary Housing program Current Affordable Housing Stock in CB2. We are already home to thousands of affordable housing units of various types. Among them are traditional rent stabilized units, Joint Live-Work Quarters for Artists (JLWQA) units in rent stabilization, Interim Multiple Dwelling (IMD) units currently under the supervision of the Loft Board, previous IMD loft units that are now rent stabilized, Mitchell Lama housing units and project-based Section-8 buildings. Rent stabilized units can be found in great numbers throughout CB2 in almost all of our neighborhoods including in Greenwich Village, the West Village, South Village, SoHo, NoHo, Little Italy, Nolita and Chinatown, and to a lesser extent in the Meatpacking District, Union Square South, and Hudson Square. The passage of the Housing Stability and Tenant Protections Act of 2019 strengthened existing rent stabilization laws and included provisions to end high-rent vacancy deregulation, narrowed the preferential rent loophole, and put in place more protections against unnecessary major capital improvements (MCIs) and individual apartment improvements (IAI). A recent report derived from tax bills indicates that between 2007 and 2020 there was an increase of 1,975 rent stabilized units in CB2. During that same time period, 6,407 units were removed from rent stabilization yielding a net loss of 4,432 affordable units. CB2 supports anti-displacement provisions that: a) prohibit upzoning of any site that has rent-regulated or loft law units because this will create financial incentives for demolition; b) eliminate sites where additional FAR can only be used to add vertical enlargements because this will result in penthouse additions and no affordable housing; and c) include Certification of No Harassment provisions before applying for a permit for a change in use or demolition. Reliance on legal remedies that can take years to work their way through the courts to cure displacement by construction, neglect or harassment requires tenants to take often-unavailable time to find and consult with attorney and take off from work to provide testimony and attend related appointments--all while the tenants and their families experience dangerous, sometimes barely livable conditions.

#### Community District Needs Related to Housing, Economic Development and Land Use

##### **Needs for Land Use**

No comments

##### **Needs for Housing**

CB2 has few undeveloped sites left that are appropriate for large-scale development. Exceptions include St. John's Terminal and the Special Hudson Square District. In 2013, the City approved the Special Hudson Square District in the southwestern portion of our district. This rezoning created a mixed-use district by incentivizing residential development in combination with affordable/inclusionary housing, expanded community facility uses, ground-floor retail, and limiting as-of-right hotel development, while at the same time ensuring that commercial and manufacturing uses are retained. The proposal also included height limits and set-back regulations that will help to preserve the unique identity of the district. We are starting to see applications for conversions to residential from this neighborhood, many of which include affordable units under the auspices of the Inclusionary Housing program. Our goal is to not only encourage projects that provide affordable housing, but also encourage a sense of community and social interactions. Developer amenity packages pose a significant challenge in this regard. Another challenge is the loss of affordable units due to luxury and vacancy decontrols as well as tenant harassment, illegal landlord behavior especially with respect to construction and false DOB filings. In light of the mayor's mandate to add affordable units, the community has been encouraging consideration of a large site that provides access and

repair of the underground water infrastructure at 388 Hudson Street (next to a park) as a possible and appropriate affordable housing development site. We had strongly urged the City to consider this site in lieu of the tiny site in Little Italy known as the Elizabeth Street Garden. Our preference has gone unheeded and we continue to pursue the protection of a vital and much-loved garden in a neighborhood starved for open space.

#### **Needs for Economic Development**

## Capital Requests Related to Housing, Economic Development and Land Use

Priority	Agency	Request	Explanation	Location
3/19	HPD	<b>Other capital budget request for HPD</b>	<i>Allocate funds to develop affordable housing at 2 Howard St. once the site is transferred to the City. This underused, federally-owned parking garage would make an ideal location for affordable housing. During a recent conversation with a representative of the U.S. General Services Administration, we were told that the transfer of this property to NYC was a real possibility. CB2 is a strong supporter of affordable housing and believes money allocated to purchase this property from the federal government would be a big win for the community.</i>	2 Howard Street Lafayette Street Howard Street

## Expense Requests Related to Housing, Economic Development and Land Use

Priority	Agency	Request	Explanation	Location
3/51	DOB	<b>Other expense budget request for DOB</b>	<i>Allocate funds for an inventory of Interim Multiple Dwellings in CD2 that includes a complete count of not only the current units but also all units created since the inception of their enabling legislation, including how many have been converted to other uses and how many such units exist today.</i>	
4/51	HPD	<b>Other expense budget request for HPD</b>	<i>Allocate funds to correct the deficiencies in the Certificate of No Harassment pilot program that expires on October 31, 2021 in light of the results of the report issued by The Coalition Against Tenant Harassment in December 2020.</i>	
5/51	SBS	<b>Provide or expand access to capital</b>	<i>Allocate funds from the SBS LMI (Low-to-Moderate Income) Storefront Loan Program to include Census Tract 00041.00 (Chinatown in CB2 and Little Italy) as an eligible Census Tract for the next phase of the SBS LMI Storefront Loan Program.</i>	

12/51	DCP	<b>Other zoning and land use requests</b>	<i>Allocate funds for a study of “soft” sites (i.e., sites with less than 50% of current FAR) in CD2 that have the potential for redevelopment. This could be for voluntary inclusionary housing or for standard development. This inventory should include all parts of the district and be organized by subdistrict and by current zoning.</i>
17/51	SBS	<b>Provide or expand business education to businesses and entrepreneurs</b>	<i>Allocate funds to support BE NYC implementation to support entrepreneurship throughout CB2.</i>
38/51	HPD	<b>Other expense budget request for HPD</b>	<i>Allocate funds to identify all government-owned properties where affordable housing might be constructed (including sites such as police and fire stations).</i>

### Manhattan Community Board 2

#### Most Important Issue Related to Transportation and Mobility

##### **Traffic congestion**

One of the District's major traffic and transportation problems is with vehicular congestion around the entrance and exit to the Holland Tunnel. The tunnel brings in great volumes of private vehicles visiting the city from out of state. In addition, trucks make many local commercial deliveries, and use our narrow streets to travel from the Hudson River to the F.D.R. Drive, south to the Financial District and to the outer boroughs. Our fragile network of narrow streets is vulnerable to the heavy impact to our infrastructure, and our population is endangered by the constant threat of vehicular conflicts to our safety as well as to our health by vehicular emissions that pollute our air. Every year in our budget requests, we ask that the City work with the Port Authority to consider new approaches to dealing with the traffic back-ups that are caused by the Holland Tunnel. We are pleased to note that some of these problems have now been examined by DOT's Hudson Square/West Village Transportation Study to identify and address longstanding transportation challenges as well as challenges and opportunities anticipated in the near future, and we look forward to implementation of the proposals that have resulted from this study. We also ask for enforcement strategies to help keep traffic from "blocking the box" at intersections, as well as to control honking, especially now that "No Honking" signs are no longer used, and to curtail reckless driving done to circumvent congestion. We continue to work with the Hudson Square Business Improvement District to address many of these Holland Tunnel problems, and look to continue to work with them and the relevant agencies, to find and implement long lasting solutions, with hopes that these agencies will respond to our needs and recommendations. Community District 2 has several internationally known tourist destinations that encourage heavy nighttime and weekend usage of the district's streets, by both cars and pedestrians. New York City Transit should be initiating a major effort to increase the use of public transportation in this context as well as in general by making it more comfortable, convenient, accessible and frequent, and making transit access points more user friendly for both visitors and residents. With the advent of the Covid-19 pandemic and its impact on transit use and the MTA budget, we understand that improvements we sorely need for a faster, more accessible, reliable system have been delayed, but we look forward to such improvements once operations are back to normal.

#### Community District Needs Related to Transportation and Mobility

##### **Needs for Traffic and Transportation Infrastructure**

Disabled access in our subway stations is greatly lacking, with not even a handful of stations in the CB2 District providing either elevators and/or escalators to enable the many physically challenged in our area to use the subways. Although the Capital Plan is providing for installation of more elevators and escalators throughout the city, many, many stations where such ADA accessibility is needed will still go without, including most of those in CB2. Our goal is to have every one of the subway stations in CB2 be furnished with the elevators and escalators that will give all of our citizens the rightful access they need to get around. In addition, every effort needs to be made to repair and rehabilitate our deteriorating subway stations for users' comfort and safety. In particular, the West 4th Street station has been severely deteriorating over many years of neglect to the point that current conditions are not only off-putting, but also a threat to people's health and safety. All of the platforms and surrounding areas are plagued with moldy, leaky and peeling walls and ceilings, and a full rehabilitation is long overdue.

##### **Needs for Transit Services**

Community District 2 has several internationally known tourist destinations that encourage heavy nighttime and weekend usage of the district's streets, by both cars and pedestrians. New York City Transit should be initiating a major effort to increase the use of public transportation in this context as well as in general by making it more comfortable, convenient, accessible and frequent, and making transit access points more user friendly for both visitors and residents. The removal of many of our subway station agents compromises our safety and takes away our source for vital information and orientation. We vehemently oppose these cuts that are completely counter to

the sustainability goals of PlaNYC and Vision Zero. Public transportation makes more efficient use of space and energy, significantly reduces air and noise pollution, and minimizes pedestrian/vehicular conflicts. Therefore, instead of imposing these destructive cuts on a population that already depends so strongly on transit and its benefits, opportunities must be explored and followed through in providing new transit access and routes in areas of need, and sources of funding for our suffering transit system must be pinpointed and secured. CB2 has passed at different times at least three resolutions in support of congestion pricing, both to raise funds for transit improvements and to curtail the ever-growing congestion that disrupts our streets. One major transit deprivation impact has resulted from the removal of the M6 bus route and the diversion of the M1, M3, and M5 buses from the routes they followed for many years in District 2. The new route locations are difficult, if not impossible, to reach for CB2's sizable and growing senior and disabled populations who have depended on convenient bus service to access important destinations, such as medical facilities and food shopping. They have resulted in distances, timing, stop locations, and reduced frequencies that severely penalize the entire District's residents, workers, parents and children because of the long waits, crowded buses, far apart stops and lack of needed accessibility. These routes need to be restored to their former locations that provide the service the community needs although with every passing year, the likelihood of this happening becomes more doubtful, but we're hopeful that the remaining existing routes can be modified for the comfort and convenience of our seniors and all our citizens who depend on these buses for transportation. In addition, every effort needs to be made to repair and rehabilitate our deteriorating subway stations for users' comfort and safety. In particular, the West 4th Street station has been severely deteriorating over many years of neglect to the point that current conditions are not only off-putting, but also a threat to people's health and safety. All of the platforms and surrounding areas are plagued with moldy, leaky and peeling walls and ceilings, and a full rehabilitation is long overdue. L-train stations along 14th Street are also in need of upgrades, and their 15-month closing during the Canarsie Tunnel Project presents a perfect opportunity for carrying out needed improvements, including ADA accessibility, at all three CB2 L-train stations. At this point, agreement has been reached for renovations to be done that make our 6th Avenue 14th Street station ADA accessible. We are hoping that not only CB2's other two stations on 14th Street along the L line can be made accessible in the very near future, but that all the subway stations in our district can be converted into ADA-accessible ones very quickly, something that is very needed and long overdue.

---

## Capital Requests Related to Transportation and Mobility

Priority	Agency	Request	Explanation	Location
CS	DOT	<b>Roadway maintenance (i.e. pothole repair, resurfacing, trench restoration, etc.)</b>	<i>Allocate funds to reconstruct Clarkson St. from West St. to Greenwich St. including repair &amp; replacement of Belgian blocks and installation of a granite bicycle lane. The Belgian block street bed on Clarkson St. bet. West and Greenwich Sts. is in great need of repair with loose, broken, scattered and missing blocks, large uncovered spaces, exposed manholes, and deep ridges, posing a major hazard to pedestrians, those in wheelchairs and with strollers, bicyclists and drivers. Bicyclists opt to use the sidewalk instead, endangering people walking there. A granite strip bike lane will provide comfortable, direct bike access and keep bike riders off the sidewalk.</i>	Clarkson Street Greenwich Street Greenwich Street
CS	DOT	<b>Reconstruct streets</b>	<i>Allocate funds to install a granite strip bicycle lane on Morton Street between West Street and Washington Street. The Belgian block surface is unsuitable for bikes, resulting in cyclists riding on the sidewalks, hazardous for pedestrians. Morton Street is a main thoroughfare from the Hudson River Park (West St) going east, calling for an eastbound bicycle lane, granite between West and Washington Streets and striped eastward from Washington. The new 75 Morton Street school makes it even more urgent to keep bicycles safely off the sidewalks and provide for safe bicycling for all.</i>	Morton Street West Street West Street
CS	DOT	<b>Roadway maintenance (i.e. pothole repair, resurfacing, trench restoration, etc.)</b>	<i>Allocate funds to repair and replace Belgian blocks on Bond St., between Broadway and the Bowery, on Wooster St. between Houston and Canal Streets., on Gansevoort and Little West 12th Streets between 9A and 8th Ave., and on 14th St. between 9th Ave. and Route 9A. Belgian Blocks are either badly damaged, missing or both and need to be restored and/or replaced. In some cases the structural base is so deteriorated, reconstruction is needed. Current poor condition is hazardous to pedestrians and a blight to the historic districts. The restoration of these streets with Belgian blocks is essential in keeping with the nature of these historically important areas</i>	

## Expense Requests Related to Transportation and Mobility

Priority	Agency	Request	Explanation	Location
2/51	DOT	<b>Other traffic improvement requests</b>	<i>Allocate funds to extend the protected bicycle lane on 6th Ave. (Ave. of the Americas) from 8th St./Greenwich Ave. to Canal St. A northbound bike lane on Church St. connects to 6th Ave. at Franklin St. continuing to Canal St.; a protected bike lane on 6th Ave. from Greenwich Ave./8th St. goes to 59th St. A protected bike lane extension bet. Canal St. and Greenwich Ave./8th St. would provide a much needed continuous bike route from downtown to uptown.</i>	
13/51	DOT	<b>Other traffic improvement requests</b>	<i>Allocate funds for traffic safety improvements at the intersection of Waverly Pl., Christopher and Grove Sts., including neckdowns, sidewalk extensions, daylighting, stop signs, improved directional signage. Lack of visibility, wide crossings, illegal parking, and multiple pedestrian crossings create danger and confusion for both pedestrians and drivers at this complex, irregular intersection. now encompassing the Stonewall Natl. Monument, attracting increased crowds, pedestrian activity, tour buses and other vehicular movement, requiring more safety measures.. The nearby s.w. side of Christopher St. and Greenwich Ave. (the major approach to the Stonewall area) needs traffic signal changes, like split phase with a dedicated green pedestrian light or flashing arrow, and daylighting to....</i>	Waverly Place Christopher Street Grove Street
24/51	DOT	<b>Conduct traffic or parking studies</b>	<i>Allocate funds to install a fully continuous shared street on University Pl. from 14th St. to W. 4th St., considering provision for deliveries, drop-offs/pickups, emergency and other necessary access. In Phase 2, conduct a study to install a greenway on University Pl. from 14th to W. 4th St. University is now a shared street btw. 13th and 14th streets resulting in reduced vehicular traffic on University, already a quiet street oriented to community life. A fully shared street would create a calm and safe neighborhood environment that further enhances the street's use and enjoyment, which could be even more enhanced by a subsequent greenway.</i>	University Place 14th Street West 4th Street

25/51	DOT	<b>Address traffic congestion</b>	<i>Allocate funds to address continuing congestion problems on E. 12th St., focusing on 12th bet. Broadway and 5th Ave. problem areas and placard parking abuses on 12th bet. University Pl. and Broadway. E. 12th St. is an essential ambulance route from Lenox Health Greenwich Village on 7th Ave. to hospitals on the east side.</i>	East 12th Street Broadway Broadway
26/51	DOT	<b>Conduct traffic or parking studies</b>	<i>Allocate funds for a study, including test applications and evaluations of curbside access, for package deliveries by commercial vehicles, taxi and car service pick-up and drop-off, and loading and unloading of personal vehicles in CB2M with selection of test areas through community consultation. Increases in e-commerce deliveries on residential streets and in for hire vehicles have led to additional demands on streets and curb space but not enough available curb space to accommodate this demand, resulting in double parking, traffic congestion, increased air and noise pollution, time costs, wasted fuel and other negative impacts, calling for more loading zones</i>	
29/51	DOT	<b>Conduct traffic or parking studies</b>	<i>Conduct a study and create a traffic safety plan for Canal St. to analyze and remedy its long-lived hazardous walking, bicycling and driving conditions that endanger people's lives (2016-2020: traffic crashes injured at least 54 cyclists (one killed), 109 pedestrians (one killed) and 229 motorists (one killed) on Canal btw. Hudson St. and Manhattan Bridge). Examine traffic calming, road design, modal changes, signalization improvements, curbside reform, and other solutions to address untenable conditions such as the snarled flow of traffic, overly crowded sidewalks (forcing pedestrians to walk in the street), excessive curb-to-curb street widths (creating difficult, unsafe crossings), and misuse of curbside space</i>	

30/51	DOT	<b>Other traffic improvement requests</b>	<i>Allocate funds for traffic safety improvements at Cooper Sq. Plaza crossing (4th Ave. to Bowery at E. 6th St.) including speed humps, signage, signalization changes. The roadway winding around and through Cooper Sq. Plaza bet 4th Avenue at E. 7th St. and the Bowery at E. 6th St. presents numerous crossing hazards to pedestrians and potential vehicular conflicts, such as buses, taxis, livery vehicles, trucks and private cars entering from the Bowery at excessive speeds, obstruction of drivers' visibility at the 4th Ave. bend in the roadway, lack of coordinated traffic light signals at the Bowery with a constant "Walk" light misleading pedestrians, and pedestrians crossing every which way, for lack of information on where to cross.</i>	Cooper Square Bowery Bowery
34/51	DOT	<b>Other traffic improvement requests</b>	<i>Allocate funds to install temporary protective barriers to the bike lane on West Houston St. bet. Washington and West Sts. to provide safer access to the Hudson River Park greenway until more permanent safety improvements can be added. The bike lane at this location is wedged between right and left turn lanes, and cyclists are often caught between trucks at great hazard.</i>	West Houston Street West Street West Street
40/51	DOT	<b>Improve traffic and pedestrian safety, including traffic calming</b>	<i>Allocate funds to reduce speeding and directional impacts at the pedestrian crossing on the east side of W. 8th St. at 6th Ave. and at the intersection of W. 8th St., 6th and Greenwich Aves, considering solutions such as installation of a traffic diverter on the northern lane of Greenwich Ave. at 6th Ave. and/or continuing the 6th Ave. protected bike lane south with an extended median. The exceptionally wide open and irregularly angled intersection creates confusion, causes turning conflicts, facilitates speeding and hinders visibility, putting pedestrians in grave danger, exemplified by the recent horrific pedestrian fatality.</i>	

45/51	DOT	<b>Other traffic improvement requests</b>	<i>Allocate funds to conduct a study of the blocks impacted by design changes related to dangerous traffic conditions on Jane St. btw. Greenwich and 8th Aves. and at the W. 13th St./Greenwich Ave./Horatio St. intersection, including Jane btw. Greenwich and 8th Aves., Greenwich btw. 8th Ave. &amp; Jane, Horatio btw. W. 4th St. and 8th Ave. and W. 13th approaching Greenwich Ave./Horatio St. Recent design, operational and regulatory changes related to increasing pedestrian safety at the Mobil gas station at Horatio St. and 8th Ave. have led to westbound traffic from W. 13th St. having to turn either north or south on Greenwich Ave. resulting in unforeseen increases in vehicular activity and speeding on Greenwich btw. W. 13th and W. 14th Sts. and on Jane St. btw. Greenwich and 8th St.</i>
50/51	DOT	<b>Expand the frequency or hours of operation of ferries</b>	<i>Allocate funds to investigate the potential for ferry service from the west side (more accessible to our community) to Governors Island.</i>

## **PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES**

### **Manhattan Community Board 2**

#### Most Important Issue Related to Parks, Cultural and Other Community Facilities

##### **Insufficient park or open space**

Preserve Elizabeth Street Garden and Build More Affordable Senior Housing at Alternative Site. Since 2013, CB2 has held seven public hearings and passed five resolutions in support of the permanent preservation of Elizabeth Street Garden in its entirety as public open, green space and urges the City to transfer jurisdiction over this lot to the Parks Department. CB2 also supports the development of affordable housing at an alternative city-owned site at Hudson and Clarkson Streets where up to five times as much senior housing can be built, but only if Elizabeth Street Garden is preserved in its entirety. Neighborhood Underserved by Open Space. The neighborhood around Elizabeth Street Garden lacks open space. Little Italy and SoHo account for 23% of CB2's population but have only 3% of its open space, virtually 100% paved, for an open space ratio of only 0.07 acres per 1,000 residents, as compared with the City Planning goal of 2.5 acres per 1,000 residents. Furthermore, the majority of CB2's open space is in Washington Square and Hudson River Parks, nearly a mile and 1.2 miles from the Garden, respectively. Residents in Little Italy and SoHo are less likely to use these spaces with frequency. Furthermore, Elizabeth Street Garden is located in the only downtown Manhattan neighborhood that the NYC Parks Department defines as "underserved" by open space. About the Garden. Elizabeth Street Garden is a unique community park and green space with open lawn, majestic trees, flowering garden beds, and sculptural artworks located in the Little Italy neighborhood of Manhattan, between Prince and Spring Streets. City-owned and privately leased, the Garden attracts more than 100,000 visitors each year, including local elementary students, families and seniors, as well as residents from around the city and tourists from around the world, who learn about the Garden from several travel websites and guidebooks. The Garden is open to the public, weather permitting and volunteers provide free public and educational programming. The Garden's design, size and configuration make it ideally suited for movies, music, yoga, community festivals, arts performances, educational programs, gardening and quiet meditation that are not offered in any other nearby public community space.

#### Community District Needs Related to Parks, Cultural and Other Community Facilities

##### **Needs for Parks**

With only about .58 acres of parkland per 1000 residents, our district has one of the lowest ratios of public open space in the city, and with its fully built up high-value land, the City standard of 2.5 acres is an unobtainable goal. But important progress has been made in recent years. Along with the development of the Hudson River Park and the Highline, there has been a steady and ongoing stream of improvements to the quality and condition of our parks with recently completed renovations at Washington Square and JJ Walker and the Jane Street Triangle, along with needed repairs at the Tony Dapolito Recreation Center. Last year, the new park at St. Vincent's Triangle finally opened to the public and the community looks forward to the ribbon-cutting for the AIDS Memorial at the northwest corner of the site. In addition, funding is in place for open space at Duarte Square, and for streetscapes within Hudson Square. Funding and design work has progressed for upgrades at Father Fagan Park and DeSalvio Playground. Funding has been obtained from a variety of sources for improvements at Pier 40, Little Red Square, Jackson Square, and SoHo Square. These initiatives will make our parks more attractive and safer, thereby providing more people a better park experience. These additions and improvements are critical, but they have not been sufficient because the population of families with young children continues to rise in our district, increasing the overcrowding of our active play spaces. In addition, several large-scale development projects and major rezoning proposals have been approved during the last year, which will add to the pressure on our parks and the need for more open space, particularly those in which active recreation will be possible. Whereas the focus of our efforts over the last few years has been on the preservation and improvement of the existing parks, we now see a need to strive to take advantage of every opportunity to create new open space. We thank our elected officials and City agencies for their support and we urge them to continue to help us protect, preserve and improve the public open space while we ask that they work with us to pursue every opportunity for creating new open space in our district.

Continuing Upgrade of Parks and Playgrounds and Facilities While most of our parks are in good condition, there are still some that need renovation. DeSalvio Playground, at the corner of Prince and Mulberry Streets, was last renovated in 1996. The park is now run down, uninteresting, and underused despite its location in an area with no other parks and a growing population of families with young children. An energetic group of parents has launched a drive to get the park rebuilt and the council member has allocated some of the required funds. Father Fagan Square is also in the process of being renovated. An active group of local residents has been engaged for several years, funds have been allocated by the City Council, a design has been created, reviewed, revised and recently presented to the community. It received a warm response, so we urge all involved parties to proceed with this project. Trees As an area with very few large parks and burdened by high vehicular traffic, our district greatly values the benefits of streets trees. We support the citywide effort to plant one million new trees. We passed a resolution urging the Parks Department to make the replacement of trees the highest priority for tree plantings in our district and we have seen some replacements. We also requested a policy change whereby tree and stump removals automatically generate a high priority request for a new tree without the need for a second 311 request.

## **Needs for Cultural Services**

Community Board 2 is delighted by the arts and culture that the Whitney Museum of American Art in the Gansevoort Market district has infused into our district since opening its doors in May 2015, and also appreciates the institution's regular communications with and support of our board. This important institution, which was originally founded in our district, is a great asset to the Far West Village and has begun to help re-focus the neighborhood as an art and design district. The Museum is an exciting center of art, with exterior exhibition spaces as well the traditional interior spaces. Integrated with the High Line Park that runs along the eastern face of the building, the museum offers restaurants, gathering places, and other public areas as part of its overall design. In addition, our district has several other fine museums, including the NYC Fire Museum, the Children's Museum of the Arts, the Museum of Chinese in America, the Leslie Lohman Museum of Gay and Lesbian Art, the Merchant's House Museum, and The Drawing Center, among others. CB2 is also excited about the Jackie Robinson Museum, which is scheduled to open in our district within the next couple of years. Community District 2 is also home to a unique array of performance spaces, Off-Broadway and independent theaters, film centers, and dance organizations. We take tremendous pride in the vibrant cultural scene that these organizations provide our community. These cultural organizations include: HB Playwrights; Cherry Lane Theatre; HERE; Rattlestick Playwrights Theater; Greenwich House & Greenwich House Pottery; The Gym at Judson; IRT Theater; IFC Center; Film Forum; Angelika; Cinema Village; Quad Theater; Actors Playhouse ; 13th Street Rep; Minetta Lane Theater; Westbeth Center; New Ohio; The Public Theater; Joe's Pub; Ars Nova; Axis Theater; The Duplex; Cornelia Street Café; Peridance; Martha Graham Dance Studio; Soho Playhouse; The Greene Space (WNYC Radio); Tenri Cultural Institute; New York Studio School of Drawing, Painting and Sculpture; Lucille Lortel Theater; Village Vanguard; Institutional theaters of NYU and The New School, among others. While we have a vibrant arts and culture scene in our area, we continue to be concerned about the impact on the downtown arts scene due to the closure of so many of the district's Off-Broadway and small theaters and other cultural spaces. The main causes are the exponential increase in rents and ongoing funding challenges faced by non-profits. Some years ago, we supported a proposal to use tax incentives that would encourage landlords to retain live performance space. In addition, CB2 strongly supports funding for the arts both in our area and citywide, and increased arts education in public schools, as a growing body of studies presents compelling evidence connecting student learning in the arts to a wide array of academic and social benefits. Namely, these various studies continue to indicate that the arts help to improve visual analysis skills and critical judgments, inspire creativity and improve motivation, collaboration, attitudes and attendance. B. Arts Advocacy Advocating for arts organizations and artists located within CB2 and for those that produce, program or present arts and culture within CB2 has been, and remains, a top priority for our board. For one, our committee has a history of writing resolutions and letters of support for non-profit arts organizations located within our district that are seeking funding or restoration of funding from grant organizations and city agencies. We were also the first community board City-wide to write a letter of support for New York City's first comprehensive cultural plan. In addition, we speak out against entities and agencies that seek to utilize our local parks and public spaces for arts-related projects that do not have wide community support, while strongly supporting public arts projects that are in alignment with the spirit of our community and neighborhoods. We also strive to foster connections amongst arts organizations located within our district to forge stronger cultural alliances. Finally, as is widely known, CB2 has

historically been the home of a wide array of talented artists and, as such, our committee remains dedicated to advocating that the work of these local artists is a part of planned arts programming within our district whenever possible.

### **Needs for Library Services**

We are happy that long-awaited renovations and upgrades to the Jefferson Market Library are under way. On that note, we also think it is time for a master plan to renovate the Hudson Park branch to make its amenities more available. It is an amazing, albeit, somewhat inaccessible facility that has great potential if it was more readily used by the community-at-large. Finally, we are continue to be concerned that budget cuts have resulted in a reduction in staff and in the hours of operation at the libraries in our district. These reductions impact young children and the elderly most of all. We continue to request that additional funds be allocated to keep the libraries and their community rooms open for as many hours as possible. We also ask that the New York Public Library provide a dedicated staff to create special youth programming.

### **Needs for Community Boards**

## Capital Requests Related to Parks, Cultural and Other Community Facilities

Priority	Agency	Request	Explanation	Location
5/19	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Allocate funds for the complete renovation the Tony Dapolito Recreation Center. The Dapolito Center is a hub of activity and is well-used by young and old alike. Rather than partial measures to address recurring problems, Community Board 2 requests that funds be allocated to repair, renovate and re-imagine uses for the center.</i>	
6/19	NYPL	<b>Create a new, or renovate or upgrade an existing public library (NYPL)</b>	<i>Allocate funds for a full branch renovation of the Hudson Park Library. The public health, social, and economic challenges of the current moment have rendered NYPL's work more essential than ever. During the COVID-19 pandemic the Library expanded its online presence to ensure access to information, resources, and programs for all New Yorkers through webinars, classes, book clubs, live tutoring, and career/financial counseling that supported schools, job-seekers, and students, among others. Due to the digital divide, NYPL also supplemented these offerings with limited in-person services, maintenance of its WiFi networks, and the distribution of thousands of reading materials.</i>	66 Leroy Street
8/19	DPR	<b>Other capital budget request for DPR</b>	<i>Allocate funds for the development of the Water Tunnel site on Hudson Street at Clarkson Street for recreation, including community scoping sessions. This vacant lot, which is home to a DEP shaft connecting to the water tunnel has long been promised as open space for the residents of CB2.</i>	Hudson Street Clarkson Street West Houston Street
10/19	DCLA	<b>Other cultural facilities and resources requests</b>	<i>Allocate funds to create signage/markers/public art acknowledging and celebrating the rich history and contributions of the African diaspora within CB2.</i>	
12/19	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Allocate funds to install an irrigation system to the planted area in Seravalli Playground.</i>	Gansevoort Street, Manhattan, New York, NY

13/19	DCLA	<b>Support nonprofit cultural organizations</b>	<i>Allocate \$1 million for Greenwich House Music School. Since 1905, GHMS has provided high-quality, affordable arts education for New Yorkers of all ages. The school provides scholarships based on need and merit for their classes, public school outreach programs, as well as affordable rehearsal and performance space for local musicians, among a number of other community benefits. The building hasn't had any major work done on it in many decades and anticipates beginning a large capital project that will need \$5 million to complete, The school has \$4 million in City funding secured and the school needs an additional \$1 million in funding in the City's FY23 budget. Some of the major renovations in this project will include: accessibility, fire safety and securing a crumbling foundation</i>	44-46 Barrow Street
14/19	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Allocate funds for the complete renovation of Vesuvio Playground. The number of children using Vesuvio Playground continues to grow. The current design was completed in 2006 and was not really adequate to meet the needs of the surrounding community even at the time of opening. Further, the current design does not maximize the possibilities in the envelope of the square footage available to the public and much of it is worn down and not functioning.</i>	
15/19	DPR	<b>Other capital budget request for DPR</b>	<i>Allocate funds for the Horatio Greenstreet West 4th Street and 8th Avenue wall (to have the wall removed and have the garden match the design of the greenstreet across 8th Avenue).</i>	Horatio Street 8th Avenue 8th Avenue
16/19	DPR	<b>Other capital budget request for DPR</b>	<i>Allocate funds for replacing the fence at the Time Landscape.</i>	LaGuardia Place & West Houston Street.
17/19	DPR	<b>Reconstruct or upgrade a building in a park</b>	<i>Allocate funds for the update and renovation of Minetta Playground. This very popular playground has become worn down over the years and suffers from an ongoing rat infestation problem.</i>	
18/19	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Allocate funds for the completion of Desalvio Playground (which at this point may be to take legal action against the developer who built on the adjacent lot and has not removed all remnants of their construction).</i>	Spring and Mulbarry Streets

19/19	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Allocate funds to find and develop appropriate space for additional dog parks. There is an ongoing need for more recreational space for dogs within Community District 2 and dog owners have been making these requests for years.</i>
-------	-----	--	---

#### Expense Requests Related to Parks, Cultural and Other Community Facilities

Priority	Agency	Request	Explanation	Location
6/51	NYPL	<b>Other expense budget request for NYPL</b>	<i>Allocate funds to maintain FY22 expense funding for all CB2 libraries. In FY22 libraries received a full restoration of expense funding from the City to FY20 levels. This funding will help maintain library services, collections, and programs. The FY22 expense funding allows the City's three library systems to fully restore library services post-COVID and to continue to improve its facilities. Prior to the pandemic, in FY19, programming at CB2's three libraries saw a combined total of well over 73,000 attendees. Jefferson Market Library was closed for renovations for a full quarter during this period, and so this total would have been even higher. Thus, the need for our local libraries is clear and maintaining the FY22 levels is essential.</i>	
18/51	DPR	<b>Other expense budget request for DPR</b>	<i>Allocate funds for effective rat control throughout Community District 2 parks, especially now as open restaurant programs have increased vermin complaints and the DOHMH has confirmed that rat infestation is well beyond pre-pandemic levels.</i>	
19/51	DPR	<b>Improve the quality/staffing of existing programs offered in parks or recreational centers</b>	<i>Allocate funds for staffing of gates and expanded hours at Jefferson Market Garden. This garden is one of the truly special gems in CD2. The City should increase funding to it so its hours can be increased and the garden can be enjoyed by more residents in our district.</i>	
21/51	DPR	<b>Other expense budget request for DPR</b>	<i>Allocate funding for Washington Square Association Music Fund.</i>	

22/51	DPR	<b>Improve trash removal and cleanliness</b>	<i>Allocate funds for more frequent trash removal, and/or for larger-capacity, sanitary, trash bins in Parks.</i>
23/51	DPR	<b>Provide more athletic programming (i.e. league, aquatic)</b>	<i>Allocate funds to increase the number of Learn to Swim programs. Learn to Swim offerings for young children especially are very limited in the neighborhood and would be very popular if offered in a heated and indoor pool at Vesuvio. EVERYONE NEEDS TO KNOW HOW TO SWIM!</i>
36/51	DPR	<b>Plant new street trees</b>	<i>Allocate funds to plant new street trees throughout Community District 2.</i>
37/51	DCLA	<b>Other cultural facilities and resources requests</b>	<i>Increase arts and cultural funding for CB2 community centers, such as Greenwich House (which stepped up during the height of the pandemic with summer camps and remains an essential resource for families in need), The LGBT Community Center, Center on the Square Neighborhood Senior Center, and Our Lady of Pompeii Senior Center.</i>
43/51	DPR	<b>Other expense budget request for DPR</b>	<i>Allocate funds from the Parks Department to add benches at Minetta Triangle Park.</i>
44/51	DPR	<b>Other expense budget request for DPR</b>	<i>Allocate funds from the Parks Department for a re-imagining of the Playground of the Americas. This often overlooked and underused playground needs a redesign to make it more attractive to the children in Community District 2.</i>
46/51	DPR	<b>Other expense budget request for DPR</b>	<i>Allocate funds to repair the drainage problem apparently resulting from the installation of new fences at the LaGuardia Garden. Following the renovation of LaGuardia Garden, there appears to be a drainage problem resulting in ponding at the site. Several area residents contend that the problem did not exist before the renovation.</i>
47/51	DPR	<b>Other expense budget request for DPR</b>	<i>Allocate funds for resurfacing and leveling of surface at William F. Passanante Ballfield at W Houston and 6th Ave.</i>

---

48/51	DCLA	<b>Other expense budget request for DCLA</b>	<i>Funding request for long-term furniture and technical equipment at the new Gansevoort Rehearsal Space. The West Village Rehearsal Co-Op (a partnership between HERE, IndieSpace, New Ohio Theatre and Rattlestick Theater), requests a grant of \$15,000 to outfit the new rehearsal space at 60-74 Gansevoort. Funds will go towards furniture and theatrical sound and lighting equipment at this crucial moment to create a well-equipped, welcoming home for a diverse membership of artists and companies. Expected usefulness of these items will go beyond five years. This space and equipment will be available for free or below market rental rates for countless performing arts organizations and independent performing artists that would otherwise not be able to afford this kind of quality space and equipment.</i>
49/51	DPR	<b>Other park programming requests</b>	<i>Allocate funding for the Washington Square Conservancy Community Arts Grant program.</i>

---

## 6. OTHER BUDGET REQUESTS

### Other Capital Requests

Priority	Agency	Request	Explanation	Location
2/19	Other	<b>Other capital budget request</b>	<i>Allocate funds for the permanent preservation of Elizabeth Street Garden, in its entirety, on land owned by NYC Department of Housing Preservation &amp; Development, on a through lot on Elizabeth Street and Mott Streets, between Prince and Spring Streets. CB2 urges HPD to transfer jurisdiction over this lot to the Parks Dept. without further delay. The neighborhood around Elizabeth St. Garden lacks open space. Little Italy and SoHo account for 23% of CB 2's population, but have only 3% of its open space, virtually 100% paved, for an open space ratio of only 0.07 acres per 1,000 residents. The Elizabeth St. Garden is located in the only downtown Manhattan neighborhood that the NYC Parks Department defines as underserved by open space.</i>	Elizabeth St. bet. Prince & Spring Sts.

### Other Expense Requests

Priority	Agency	Request	Explanation	Location
1/51	Other	<b>Other expense budget request</b>	<i>Allocate funds to hire additional DOT inspectors to work nights and weekends to conduct enforcement and compliance of Temporary Open Restaurant guidelines. Since the commencement of the Open Restaurant initiative under DOT, there has been an abdication of enforcement responsibility by the agency. Consequently, there has been an explosion of restaurants operating contrary to Open Restaurant guidelines. Additional inspectors are needed to address this imbalance and give some relief to residents and rule-abiding competing businesses. (More than one year into this program and the flouting of the guidelines by food establishments is worse than ever.)</i>	

7/51	Other	<b>Other expense budget request</b>	<i>Allocate funds to the Mayor's Office of Climate Resiliency to conduct an in-depth study on coastal flood protection within Community District; explore funding and building green infrastructure within Community District 2.</i>
11/51	LPC	<b>Other expense budget request for LPC</b>	<i>Allocate additional funding for LPC staff and the agency operating budget to increase capacity. Sufficient funding is needed for staff and capacity to ensure: 1) prompt calendaring of buildings and districts that are proposed for designation to ensure that modifications are not made that would render the consideration moot, 2) monitoring of approved applications to ensure that the work is carried out in accordance with the approved plans and that the final work conforms to the approved application, 4) identification by staff of buildings with violations for work done without commission approval and those brought to the attention of the Commission by the public and that steps are taken to correct the violations.</i>
27/51	CECM	<b>Other expense budget request for CECM</b>	<i>Allocate funds to enable the Street Activity Permit Office (SAPO) to conduct a study on the effects that full street closures for commercial events have on neighboring businesses and residents. Community Board 2 remains disturbed by the endless proliferation of promotional and commercial events, some permitted and some not, which are occurring regularly in SoHo and, to a lesser extent, in NoHo. These events clog sidewalks and streets and often result in chaotic street scenes costing the City money and resources as it struggles to bring order to the mayhem. Residents are inconvenienced and neighboring businesses are hurt as temporary "pop-up" shops commandeer the sidewalks, close streets and often blast music that illegally impacts the quality of life of the neighbors.</i>

31/51	MOME	<b>Other expense budget request for MOME</b>	<i>Allocate funds to enable the Mayor's Office of Media and Entertainment (MOME) to conduct enforcement and compliance of film and television permits. As the number of film shoots in CD2 continues to proliferate, as does the number of complaints we receive from our residents and businesses. We feel strongly that MOME needs to have enforcement staff that tracks film shoots in real time and proactively to ensure that all permits are being adhered to.</i>
32/51	Other	<b>Other expense budget request</b>	<i>Allocate funds to the Mayor's Office of Climate Resiliency to explore funding and building green infrastructure within Community District 2.</i>
39/51	Other	<b>Other expense budget request</b>	<i>Allocate funds to the Sanitation Department to educate residents on compost recycling and drop-off locations and possibly reinstitute residential composting in CB2</i>
41/51	Other	<b>Other expense budget request</b>	<i>Allocate funds to the Mayor's Office for People with Disabilities to provide or expand ADA accessibility education, specifically to mitigate the ADA non-compliance lawsuit trend targeting small businesses in CB2, particularly, in landmarked districts. The funding for this ADA accessibility education should 1. increase awareness of the litigation and 2. provide proactive tactics for businesses to navigate the situation including how a business can efficiently demonstrate "readily achievable" compliance for small businesses in landmarked districts.</i>
42/51	Other	<b>Other expense budget request</b>	<i>Allocate funds to the Mayor's Office for People with Disabilities to create an ADA Compliance Pilot Program (Greenwich Village and parts of Chinatown/Little Italy in CB2) that offers complimentary accessibility audits to businesses by licensed architects and offers low-cost/no-cost loans to make the changes.</i>

## 7. SUMMARY OF PRIORITIZED BUDGET REQUESTS

### Capital Budget Requests

Priority	Agency	Request	Explanation	Location
1/19	SCA	<b>Provide a new or expand an existing elementary school</b>	<i>Allocate funds for the 100,000 square foot Bleecker Street School. As part of the New York University 2012 up-zoning, NYU's key community giveback was the option to build the Bleecker School, a 100,000 square foot public school that would serve approximately 600 students. If the Bleecker School is not built, 100,000 square feet of school space reverts to NYU for university use. If the Bleecker School option expires on December 31, 2021, \$65+ million in value transfers from NYC taxpayers to NYU, based on the average price per buildable square foot in Manhattan and arguably higher, due to the lack of vacant land in Greenwich Village. P</i>	
2/19	Other	<b>Other capital budget request</b>	<i>Allocate funds for the permanent preservation of Elizabeth Street Garden, in its entirety, on land owned by NYC Department of Housing Preservation &amp; Development, on a through lot on Elizabeth Street and Mott Streets, between Prince and Spring Streets. CB2 urges HPD to transfer jurisdiction over this lot to the Parks Dept. without further delay. The neighborhood around Elizabeth St. Garden lacks open space. Little Italy and SoHo account for 23% of CB 2's population, but have only 3% of its open space, virtually 100% paved, for an open space ratio of only 0.07 acres per 1,000 residents. The Elizabeth St. Garden is located in the only downtown Manhattan neighborhood that the NYC Parks Department defines as underserved by open space.</i>	Elizabeth St. bet. Prince & Spring Sts.

3/19	HPD	<b>Other capital budget request for HPD</b>	<i>Allocate funds to develop affordable housing at 2 Howard St. once the site is transferred to the City. This underused, federally-owned parking garage would make an ideal location for affordable housing. During a recent conversation with a representative of the U.S. General Services Administration, we were told that the transfer of this property to NYC was a real possibility. CB2 is a strong supporter of affordable housing and believes money allocated to purchase this property from the federal government would be a big win for the community.</i>	2 Howard Street Lafayette Street Howard Street
4/19	DEP	<b>Other capital budget request for DEP</b>	<i>Allocate funds for resiliency efforts to shore up the west side of Community District 2 along the Hudson River Park. In the aftermath of Hurricane Sandy, it became clear that the Hudson River waterfront was dangerously vulnerable. After making this request last year, the agency response was that further study of the request was needed. We would like to know if any study has been done and, if so, what were the findings and recommendations.</i>	
5/19	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Allocate funds for the complete renovation the Tony Dapolito Recreation Center. The Dapolito Center is a hub of activity and is well-used by young and old alike. Rather than partial measures to address recurring problems, Community Board 2 requests that funds be allocated to repair, renovate and re-imagine uses for the center.</i>	
6/19	NYPL	<b>Create a new, or renovate or upgrade an existing public library (NYPL)</b>	<i>Allocate funds for a full branch renovation of the Hudson Park Library. The public health, social, and economic challenges of the current moment have rendered NYPL's work more essential than ever. During the COVID-19 pandemic the Library expanded its online presence to ensure access to information, resources, and programs for all New Yorkers through webinars, classes, book clubs, live tutoring, and career/financial counseling that supported schools, job-seekers, and students, among others. Due to the digital divide, NYPL also supplemented these offerings with limited in-person services, maintenance of its WiFi networks, and the distribution of thousands of reading materials.</i>	66 Leroy Street

7/19	DOE	<b>Other capital budget request for DOE</b>	<i>Allocate funds for technology improvements, including smartboards, laptops and computers for PS 3, PS 41, PS 130, MS 297, P721, P751, Broome Street Academy, Chelsea Career and Technical Education High School, City-As-School High School, Harvest Collegiate High School, Harvey Milk High School and the NYC iSchool. CB 2 supports additional funding for technology at these schools to ensure that all children have access to technology, a critical equity issue in education.</i>	
8/19	DPR	<b>Other capital budget request for DPR</b>	<i>Allocate funds for the development of the Water Tunnel site on Hudson Street at Clarkson Street for recreation, including community scoping sessions. This vacant lot, which is home to a DEP shaft connecting to the water tunnel has long been promised as open space for the residents of CB2.</i>	Hudson Street Clarkson Street West Houston Street
9/19	SCA	<b>Renovate exterior building component</b>	<i>Allocate funds to P.S. 3 for gymateria dividers to increase flexibility and use, as well as weatherproofing of the rooftop playground.</i>	490 Hudson Steet
10/19	DCLA	<b>Other cultural facilities and resources requests</b>	<i>Allocate funds to create signage/markers/public art acknowledging and celebrating the rich history and contributions of the African diaspora within CB2.</i>	
11/19	DOE	<b>Other capital budget request for DOE</b>	<i>Allocate funds to build STEAM and Literacy programs, including a Wet Lab, Maker Space, Literacy Lab and Library / Media Center, as well as to add water bottle refilling stations at City-as-School High School.</i>	16 Clarkson Street, Manhattan, New York, NY
12/19	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Allocate funds to install an irrigation system to the planted area in Seravalli Playground.</i>	Gansevoort Street, Manhattan, New York, NY

13/19	DCLA	<b>Support nonprofit cultural organizations</b>	<i>Allocate \$1 million for Greenwich House Music School. Since 1905, GHMS has provided high-quality, affordable arts education for New Yorkers of all ages. The school provides scholarships based on need and merit for their classes, public school outreach programs, as well as affordable rehearsal and performance space for local musicians, among a number of other community benefits. The building hasn't had any major work done on it in many decades and anticipates beginning a large capital project that will need \$5 million to complete, The school has \$4 million in City funding secured and the school needs an additional \$1 million in funding in the City's FY23 budget. Some of the major renovations in this project will include: accessibility, fire safety and securing a crumbling foundation</i>	44-46 Barrow Street
14/19	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Allocate funds for the complete renovation of Vesuvio Playground. The number of children using Vesuvio Playground continues to grow. The current design was completed in 2006 and was not really adequate to meet the needs of the surrounding community even at the time of opening. Further, the current design does not maximize the possibilities in the envelope of the square footage available to the public and much of it is worn down and not functioning.</i>	
15/19	DPR	<b>Other capital budget request for DPR</b>	<i>Allocate funds for the Horatio Greenstreet West 4th Street and 8th Avenue wall (to have the wall removed and have the garden match the design of the greenstreet across 8th Avenue).</i>	Horatio Street 8th Avenue 8th Avenue
16/19	DPR	<b>Other capital budget request for DPR</b>	<i>Allocate funds for replacing the fence at the Time Landscape.</i>	LaGuardia Place & West Houston Street.
17/19	DPR	<b>Reconstruct or upgrade a building in a park</b>	<i>Allocate funds for the update and renovation of Minetta Playground. This very popular playground has become worn down over the years and suffers from an ongoing rat infestation problem.</i>	
18/19	DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Allocate funds for the completion of Desalvio Playground (which at this point may be to take legal action against the developer who built on the adjacent lot and has not removed all remnants of their construction).</i>	Spring and Mulbarry Streets

19/19	DPR	<b>Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Allocate funds to find and develop appropriate space for additional dog parks. There is an ongoing need for more recreational space for dogs within Community District 2 and dog owners have been making these requests for years.</i>	
CS	DOT	<b>Roadway maintenance (i.e. pothole repair, resurfacing, trench restoration, etc.)</b>	<i>Allocate funds to reconstruct Clarkson St. from West St. to Greenwich St. including repair &amp; replacement of Belgian blocks and installation of a granite bicycle lane. The Belgian block street bed on Clarkson St. bet. West and Greenwich Sts. is in great need of repair with loose, broken, scattered and missing blocks, large uncovered spaces, exposed manholes, and deep ridges, posing a major hazard to pedestrians, those in wheelchairs and with strollers, bicyclists and drivers. Bicyclists opt to use the sidewalk instead, endangering people walking there. A granite strip bike lane will provide comfortable, direct bike access and keep bike riders off the sidewalk.</i>	Clarkson Street Greenwich Street Greenwich Street
CS	DOT	<b>Reconstruct streets</b>	<i>Allocate funds to install a granite strip bicycle lane on Morton Street between West Street and Washington Street. The Belgian block surface is unsuitable for bikes, resulting in cyclists riding on the sidewalks, hazardous for pedestrians. Morton Street is a main thoroughfare from the Hudson River Park (West St) going east, calling for an eastbound bicycle lane, granite between West and Washington Streets and striped eastward from Washington. The new 75 Morton Street school makes it even more urgent to keep bicycles safely off the sidewalks and provide for safe bicycling for all.</i>	Morton Street West Street West Street

---

CS	DOT	<b>Roadway maintenance (i.e. pothole repair, resurfacing, trench restoration, etc.)</b>	<i>Allocate funds to repair and replace Belgian blocks on Bond St., between Broadway and the Bowery, on Wooster St. between Houston and Canal Streets., on Gansevoort and Little West 12th Streets between 9A and 8th Ave., and on 14th St. between 9th Ave. and Route 9A. Belgian Blocks are either badly damaged, missing or both and need to be restored and/or replaced. In some cases the structural base is so deteriorated, reconstruction is needed. Current poor condition is hazardous to pedestrians and a blight to the historic districts. The restoration of these streets with Belgian blocks is essential in keeping with the nature of these historically important areas</i>
----	-----	---	--

## Expense Budget Requests

Priority	Agency	Request	Explanation	Location
1/51	Other	<b>Other expense budget request</b>	<i>Allocate funds to hire additional DOT inspectors to work nights and weekends to conduct enforcement and compliance of Temporary Open Restaurant guidelines. Since the commencement of the Open Restaurant initiative under DOT, there has been an abdication of enforcement responsibility by the agency. Consequently, there has been an explosion of restaurants operating contrary to Open Restaurant guidelines. Additional inspectors are needed to address this imbalance and give some relief to residents and rule-abiding competing businesses. (More than one year into this program and the flouting of the guidelines by food establishments is worse than ever.)</i>	
2/51	DOT	<b>Other traffic improvement requests</b>	<i>Allocate funds to extend the protected bicycle lane on 6th Ave. (Ave. of the Americas) from 8th St./Greenwich Ave. to Canal St. A northbound bike lane on Church St. connects to 6th Ave. at Franklin St. continuing to Canal St.; a protected bike lane on 6th Ave. from Greenwich Ave./8th St. goes to 59th St. A protected bike lane extension bet. Canal St. and Greenwich Ave./8th St. would provide a much needed continuous bike route from downtown to uptown.</i>	
3/51	DOB	<b>Other expense budget request for DOB</b>	<i>Allocate funds for an inventory of Interim Multiple Dwellings in CD2 that includes a complete count of not only the current units but also all units created since the inception of their enabling legislation, including how many have been converted to other uses and how many such units exist today.</i>	
4/51	HPD	<b>Other expense budget request for HPD</b>	<i>Allocate funds to correct the deficiencies in the Certificate of No Harassment pilot program that expires on October 31, 2021 in light of the results of the report issued by The Coalition Against Tenant Harassment in December 2020.</i>	

5/51	SBS	<b>Provide or expand access to capital</b>	<i>Allocate funds from the SBS LMI (Low-to-Moderate Income) Storefront Loan Program to include Census Tract 00041.00 (Chinatown in CB2 and Little Italy) as an eligible Census Tract for the next phase of the SBS LMI Storefront Loan Program.</i>
6/51	NYPL	<b>Other expense budget request for NYPL</b>	<i>Allocate funds to maintain FY22 expense funding for all CB2 libraries. In FY22 libraries received a full restoration of expense funding from the City to FY20 levels. This funding will help maintain library services, collections, and programs. The FY22 expense funding allows the City's three library systems to fully restore library services post-COVID and to continue to improve its facilities. Prior to the pandemic, in FY19, programming at CB2's three libraries saw a combined total of well over 73,000 attendees . Jefferson Market Library was closed for renovations for a full quarter during this period, and so this total would have been even higher. Thus, the need for our local libraries is clear and maintaining the FY22 levels is essential.</i>
7/51	Other	<b>Other expense budget request</b>	<i>Allocate funds to the Mayor's Office of Climate Resiliency to conduct an in-depth study on coastal flood protection within Community District; explore funding and building green infrastructure within Community District 2.</i>
8/51	DSNY	<b>Other expense budget request for DSNY</b>	<i>Allocate funds for the DSNY to evaluate the quantity and condition of trash and recycling containers, evaluate pick-up schedules and adjust them as necessary, design rat-resistant trash containers, and improve trash removal by providing more frequent litter basket collection, especially on weekends and around spaces that attract a large volume of people.</i>
9/51	DOE	<b>Other expense budget request for DOE</b>	<i>Allocate more funding for certified licensed trained social workers for emotional support for teacher and students.</i>
10/51	DOE	<b>Other expense budget request for DOE</b>	<i>Allocate funds for the NYC Men Teach to recruit, train and retain talented non-traditional public school educators in order to close the representation gap between our students and those that teach them.</i>

11/51	LPC	<b>Other expense budget request for LPC</b>	<i>Allocate additional funding for LPC staff and the agency operating budget to increase capacity. Sufficient funding is needed for staff and capacity to ensure: 1) prompt calendaring of buildings and districts that are proposed for designation to ensure that modifications are not made that would render the consideration moot, 2) monitoring of approved applications to ensure that the work is carried out in accordance with the approved plans and that the final work conforms to the approved application, 4) identification by staff of buildings with violations for work done without commission approval and those brought to the attention of the Commission by the public and that steps are taken to correct the violations.</i>	
12/51	DCP	<b>Other zoning and land use requests</b>	<i>Allocate funds for a study of “soft” sites (i.e., sites with less than 50% of current FAR) in CD2 that have the potential for redevelopment. This could be for voluntary inclusionary housing or for standard development. This inventory should include all parts of the district and be organized by subdistrict and by current zoning.</i>	
13/51	DOT	<b>Other traffic improvement requests</b>	<i>Allocate funds for traffic safety improvements at the intersection of Waverly Pl., Christopher and Grove Sts., including neckdowns, sidewalk extensions, daylighting, stop signs, improved directional signage. Lack of visibility, wide crossings, illegal parking, and multiple pedestrian crossings create danger and confusion for both pedestrians and drivers at this complex, irregular intersection. now encompassing the Stonewall Natl. Monument, attracting increased crowds, pedestrian activity, tour buses and other vehicular movement, requiring more safety measures.. The nearby s.w. side of Christopher St. and Greenwich Ave. (the major approach to the Stonewall area) needs traffic signal changes, like split phase with a dedicated green pedestrian light or flashing arrow, and daylighting to....</i>	Waverly Place Christopher Street Grove Street
14/51	HHC	<b>Other expense budget request for HHC</b>	<i>Allocate funds to the Health &amp; Hospitals Corporation for a follow-up Community Health Assessment to examine the success of the Lenox Hill Greenwich Village stand-alone emergency department model to understand the impact of the hospital's closing; and to survey the general experience of accessing medical services.</i>	

15/51	DOE	<b>Other expense budget request for DOE</b>	<i>Allocate funds for teacher training and reading and writing curricula that use a structured literacy approach.</i>	
16/51	DOE	<b>Other educational programs requests</b>	<i>Reinstate pre-pandemic funding for arts education. In 2014, a report by Comptroller Scott Stringer acknowledged the widely accepted benefits of arts education and its positive influence on children, including but not limited to: academic attainment, social emotional development and future employment. Chancellor Carranza's Arts School Report for 2017-2018 announced a record spending on arts education. This included the administration's \$23 million investment to expand programming, renovate arts spaces, and hire new teachers. However, for FY22, the City slashed arts education funding by 70% due to shortfalls in tax revenue related to the loss of tax revenue resulting from the shutdown. CB2 strongly supports reinstating pre-pandemic funding for arts education in our public schools.</i>	
17/51	SBS	<b>Provide or expand business education to businesses and entrepreneurs</b>	<i>Allocate funds to support BE NYC implementation to support entrepreneurship throughout CB2.</i>	
18/51	DPR	<b>Other expense budget request for DPR</b>	<i>Allocate funds for effective rat control throughout Community District 2 parks, especially now as open restaurant programs have increased vermin complaints and the DOHMH has confirmed that rat infestation is well beyond pre-pandemic levels.</i>	
19/51	DPR	<b>Improve the quality/staffing of existing programs offered in parks or recreational centers</b>	<i>Allocate funds for staffing of gates and expanded hours at Jefferson Market Garden. This garden is one of the truly special gems in CD2. The City should increase funding to it so its hours can be increased and the garden can be enjoyed by more residents in our district.</i>	
20/51	DHS	<b>Other request for services for the homeless</b>	<i>Allocate funds to address issues of homelessness misuse of the space within Golden Swan Park. This request may require a partnership between DHS and the Parks Department. For much of the past year, the Parks Department has struggled to deter individuals from defecating in some of the hidden areas in this little gem of a park.</i>	6th Avenue & West 4th Street

21/51	DPR	<b>Other expense budget request for DPR</b>	<i>Allocate funding for Washington Square Association Music Fund.</i>	
22/51	DPR	<b>Improve trash removal and cleanliness</b>	<i>Allocate funds for more frequent trash removal, and/or for larger-capacity, sanitary, trash bins in Parks.</i>	
23/51	DPR	<b>Provide more athletic programming (i.e. league, aquatic)</b>	<i>Allocate funds to increase the number of Learn to Swim programs. Learn to Swim offerings for young children especially are very limited in the neighborhood and would be very popular if offered in a heated and indoor pool at Vesuvio. EVERYONE NEEDS TO KNOW HOW TO SWIM!</i>	
24/51	DOT	<b>Conduct traffic or parking studies</b>	<i>Allocate funds to install a fully continuous shared street on University Pl. from 14th St. to W. 4th St., considering provision for deliveries, drop-offs/pickups, emergency and other necessary access. In Phase 2, conduct a study to install a greenway on University Pl. from 14th to W. 4th St. University is now a shared street btw. 13th and 14th streets resulting in reduced vehicular traffic on University, already a quiet street oriented to community life. A fully shared street would create a calm and safe neighborhood environment that further enhances the street's use and enjoyment, which could be even more enhanced by a subsequent greenway.</i>	University Place 14th Street West 4th Street
25/51	DOT	<b>Address traffic congestion</b>	<i>Allocate funds to address continuing congestion problems on E. 12th St., focusing on 12th bet. Broadway and 5th Ave. problem areas and placard parking abuses on 12th bet. University Pl. and Broadway. E. 12th St. is an essential ambulance route from Lenox Health Greenwich Village on 7th Ave. to hospitals on the east side.</i>	East 12th Street Broadway Broadway

26/51	DOT	<b>Conduct traffic or parking studies</b>	<i>Allocate funds for a study, including test applications and evaluations of curbside access, for package deliveries by commercial vehicles, taxi and car service pick-up and drop-off, and loading and unloading of personal vehicles in CB2M with selection of test areas through community consultation. Increases in e-commerce deliveries on residential streets and in for hire vehicles have led to additional demands on streets and curb space but not enough available curb space to accommodate this demand, resulting in double parking, traffic congestion, increased air and noise pollution, time costs, wasted fuel and other negative impacts, calling for more loading zones</i>
27/51	CECM	<b>Other expense budget request for CECM</b>	<i>Allocate funds to enable the Street Activity Permit Office (SAPO) to conduct a study on the effects that full street closures for commercial events have on neighboring businesses and residents. Community Board 2 remains disturbed by the endless proliferation of promotional and commercial events, some permitted and some not, which are occurring regularly in SoHo and, to a lesser extent, in NoHo. These events clog sidewalks and streets and often result in chaotic street scenes costing the City money and resources as it struggles to bring order to the mayhem. Residents are inconvenienced and neighboring businesses are hurt as temporary “pop-up” shops commandeer the sidewalks, close streets and often blast music that illegally impacts the quality of life of the neighbors.</i>
28/51	DOE	<b>Provide more funds for teaching resources such as classroom material</b>	<i>Allocate funds for a washing machine and dryer to give students access at MS 297 and City-as-School High School. Because students who lack access to laundry facilities tend to have higher absentee rates, CB 2 supports funding the installation of washers and dryers at schools that serve students in temporary or transitional housing.</i>

29/51	DOT	<b>Conduct traffic or parking studies</b>	<i>Conduct a study and create a traffic safety plan for Canal St. to analyze and remedy its long-lived hazardous walking, bicycling and driving conditions that endanger people's lives (2016-2020: traffic crashes injured at least 54 cyclists (one killed), 109 pedestrians (one killed) and 229 motorists (one killed) on Canal btw. Hudson St. and Manhattan Bridge). Examine traffic calming, road design, modal changes, signalization improvements, curbside reform, and other solutions to address untenable conditions such as the snarled flow of traffic, overly crowded sidewalks (forcing pedestrians to walk in the street), excessive curb-to-curb street widths (creating difficult, unsafe crossings), and misuse of curbside space</i>	
30/51	DOT	<b>Other traffic improvement requests</b>	<i>Allocate funds for traffic safety improvements at Cooper Sq. Plaza crossing (4th Ave. to Bowery at E. 6th St.) including speed humps, signage, signalization changes. The roadway winding around and through Cooper Sq. Plaza bet 4th Avenue at E. 7th St. and the Bowery at E. 6th St. presents numerous crossing hazards to pedestrians and potential vehicular conflicts, such as buses, taxis, livery vehicles, trucks and private cars entering from the Bowery at excessive speeds, obstruction of drivers' visibility at the 4th Ave. bend in the roadway, lack of coordinated traffic light signals at the Bowery with a constant "Walk" light misleading pedestrians, and pedestrians crossing every which way, for lack of information on where to cross.</i>	Cooper Square Bowery Bowery
31/51	MOME	<b>Other expense budget request for MOME</b>	<i>Allocate funds to enable the Mayor's Office of Media and Entertainment (MOME) to conduct enforcement and compliance of film and television permits. As the number of film shoots in CD2 continues to proliferate, as does the number of complaints we receive from our residents and businesses. We feel strongly that MOME needs to have enforcement staff that tracks film shoots in real time and proactively to ensure that all permits are being adhered to.</i>	
32/51	Other	<b>Other expense budget request</b>	<i>Allocate funds to the Mator's Office of Climate Resiliency to explore funding and building green infrastructure within Community District 2.</i>	

33/51	DFTA	<b>Allocate funds for outreach services to homebound older adults and for programs that allow the elderly to age in place</b>	<i>These programs result in happier and healthier seniors, as well as save hospital and nursing home costs. Current cuts have short-changed the needs of our elderly. Reorganization and strategic prioritizing of city/state/federal agencies may be needed.</i>	
34/51	DOT	<b>Other traffic improvement requests</b>	<i>Allocate funds to install temporary protective barriers to the bike lane on West Houston St. bet. Washington and West Sts. to provide safer access to the Hudson River Park greenway until more permanent safety improvements can be added. The bike lane at this location is wedged between right and left turn lanes, and cyclists are often caught between trucks at great hazard.</i>	West Houston Street West Street West Street
35/51	DOHMH	<b>Other programs to address public health issues requests</b>	<i>Allocate funds to provide outreach and treatment that targets individuals who are using drugs on NYC streets. We support the work of Greenwich House as our local provider of needed substance abuse treatment to New Yorkers within our district and without. However, we also support DOHMH initiating an outreach program that targets individuals openly using drugs on public streets, so they can get the help they need.</i>	
36/51	DPR	<b>Plant new street trees</b>	<i>Allocate funds to plant new street trees throughout Community District 2.</i>	
37/51	DCLA	<b>Other cultural facilities and resources requests</b>	<i>Increase arts and cultural funding for CB2 community centers, such as Greenwich House (which stepped up during the height of the pandemic with summer camps and remains an essential resource for families in need), The LGBT Community Center, Center on the Square Neighborhood Senior Center, and Our Lady of Pompeii Senior Center.</i>	
38/51	HPD	<b>Other expense budget request for HPD</b>	<i>Allocate funds to identify all government-owned properties where affordable housing might be constructed (including sites such as police and fire stations).</i>	
39/51	Other	<b>Other expense budget request</b>	<i>Allocate funds to the Sanitation Department to educate residents on compost recycling and drop-off locations and possibly reinstitute residential composting in CB2</i>	

40/51	DOT	<b>Improve traffic and pedestrian safety, including traffic calming</b>	<i>Allocate funds to reduce speeding and directional impacts at the pedestrian crossing on the east side of W. 8th St. at 6th Ave. and at the intersection of W, 8th St., 6th and Greenwich Aves, considering solutions such as nstallation of a traffic diverter on the northern lane of Greenwich Ave. at 6th Ave. and/or continuing the 6th Ave. protected bike lane south with an extended median. The exceptionally wide open and irregularly angled intersection creates confusion, causes turning conflicts, facilitates speeding and hinders visibility, putting pedestrians in grave danger, exemplified by the recent horrific pedestrian fatality.</i>
41/51	Other	<b>Other expense budget request</b>	<i>Allocate funds to the Mayor's Office for People with Disabilities to provide or expand ADA accessibility education, specifically to mitigate the ADA non-compliance lawsuit trend targeting small businesses in CB2, particularly, in landmarked districts. The funding for this ADA accessibility education should 1. increase awareness of the litigation and 2. provide proactive tactics for businesses to navigate the situation including how a business can efficiently demonstrate "readily achievable" compliance for small businesses in landmarked districts.</i>
42/51	Other	<b>Other expense budget request</b>	<i>Allocate funds to the Mayor's Office for People with Disabilities to create an ADA Compliance Pilot Program (Greenwich Village and parts of Chinatown/Little Italy in CB2) that offers complimentary accessibility audits to businesses by licensed architects and offers low-cost/no-cost loans to make the changes.</i>
43/51	DPR	<b>Other expense budget request for DPR</b>	<i>Allocate funds from the Parks Department to add benches at Minetta Triangle Park.</i>
44/51	DPR	<b>Other expense budget request for DPR</b>	<i>Allocate funds from the Parks Department for a re-imagining of the Playground of the Americas. This often overlooked and underused playground needs a redesign to make it more attractive to the children in Community District 2.</i>

45/51	DOT	<b>Other traffic improvement requests</b>	<i>Allocate funds to conduct a study of the blocks impacted by design changes related to dangerous traffic conditions on Jane St. btw. Greenwich and 8th Aves. and at the W. 13th St./Greenwich Ave./Horatio St. intersection, including Jane btw. Greenwich and 8th Aves., Greenwich btw. 8th Ave. &amp; Jane, Horatio btw. W. 4th St. and 8th Ave. and W. 13th approaching Greenwich Ave./Horatio St. Recent design, operational and regulatory changes related to increasing pedestrian safety at the Mobil gas station at Horatio St. and 8th Ave. have led to westbound traffic from W. 13th St. having to turn either north or south on Greenwich Ave. resulting in unforeseen increases in vehicular activity and speeding on Greenwich btw. W. 13th and W. 14th Sts. and on Jane St. btw. Greenwich and 8th St.</i>
46/51	DPR	<b>Other expense budget request for DPR</b>	<i>Allocate funds to repair the drainage problem apparently resulting from the installation of new fences at the LaGuardia Garden. Following the renovation of LaGuardia Garden, there appears to be a drainage problem resulting in ponding at the site. Several area residents contend that the problem did not exist before the renovation.</i>
47/51	DPR	<b>Other expense budget request for DPR</b>	<i>Allocate funds for resurfacing and leveling of surface at William F. Passanante Ballfield at W Houston and 6th Ave.</i>
48/51	DCLA	<b>Other expense budget request for DCLA</b>	<i>Funding request for long-term furniture and technical equipment at the new Gansevoort Rehearsal Space. The West Village Rehearsal Co-Op (a partnership between HERE, IndieSpace, New Ohio Theatre and Rattlestick Theater), requests a grant of \$15,000 to outfit the new rehearsal space at 60-74 Gansevoort. Funds will go towards furniture and theatrical sound and lighting equipment at this crucial moment to create a well-equipped, welcoming home for a diverse membership of artists and companies. Expected usefulness of these items will go beyond five years. This space and equipment will be available for free or below market rental rates for countless performing arts organizations and independent performing artists that would otherwise not be able to afford this kind of quality space and equipment.</i>

49/51	DPR	<b>Other park programming requests</b>	<i>Allocate funding for the Washington Square Conservancy Community Arts Grant program.</i>
50/51	DOT	<b>Expand the frequency or hours of operation of ferries</b>	<i>Allocate funds to investigate the potential for ferry service from the west side (more accessible to our community) to Governors Island.</i>
51/51	DOE	<b>Other expense budget request for DOE</b>	<i>Allocate funding to retrofit school buildings to make public space safer and have that information publicly accessible.</i>
