

***Statements of Community  
District Needs  
and  
Community Board  
Budget Requests***

**Fiscal Year  
2026**

**Bronx  
Community District  
12**

November 2024

# INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

## HOW TO USE THIS REPORT

This report represents the Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2026. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from June to November, 2024.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

If you have questions about this report or suggestions for changes please contact:  
[CDNEEDS\\_DL@planning.nyc.gov](mailto:CDNEEDS_DL@planning.nyc.gov)

This report is broadly structured as follows:

### 1. **Overarching Community District Needs**

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

### 2. **Policy Area-Specific District Needs**

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

### 3. **Community Board Budget Requests**

The final section includes the two types of budget requests submitted to the City for the FY24 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

## Disclaimer

This report represents the Statements of Community District Needs and Community Board Budget Requests of this Community District for Fiscal Year 2026. This report contains the formatted but otherwise unedited content provided by the community board.

*Budget Requests:* Listed for informational purposes only. OMB remains the definitive source on budget requests and budget request responses.

*Budget Priorities:* Priority numbers apply to expense and capital Budget requests from all policy areas. A complete list of expense and capital budget requests by this Board sorted by priority can be found in Section 7 of this document.

*Supporting Materials:* Some community boards provided substantive supplemental information. This supportive material can be accessed by clicking on the links provided in the document or by copying and pasting the links provided in the Appendix into a browser.

# TABLE OF CONTENTS

Introduction

How to Use This Report

1. Community Board Information

2. 2020 Census Data

3. Overview of Community District

4. Top Three Pressing Issues Overall

5. Summary of Community District Needs and Budget Requests

Health Care and Human Services

Youth, Education and Child Welfare

Public Safety and Emergency Services

Core Infrastructure, City Services and Resiliency

Housing, Economic Development and Land Use

Transportation

Parks, Cultural and Other Community Facilities

6. Other Budget Requests

7. Summary of Prioritized Budget Requests

Population Division, New York City Department of City Planning

**Statement on Data Accuracy**

Under Title 13 of the U.S. Code, the Census Bureau is legally bound to protect the privacy of individuals participating in the decennial census. To adhere to the law and to avoid the disclosure of information about individual respondents, the Census Bureau has historically applied a host of techniques, such as top- and bottom-coding, imputation, table- and cell-suppression, and data swapping. The Census Bureau is employing a new technique with the 2020 Census, referred to as the Disclosure Avoidance System (DAS), based on differential privacy. With this approach, the Census Bureau “infuses noise” systematically across census data and sets a quantified disclosure risk, referred to as the Privacy Loss Budget (PLB).

While the new DAS approach may diminish the risk of disclosure concerns, it comes at a cost to data accuracy. Consequently, 2020 Census data users should be aware that all sub-state counts, except for housing units (which are unaffected by the DAS), may be adjusted to protect the privacy of Census participants and may be subject to reduced accuracy. Because DAS noise infusion is randomized, it is impossible for data users to know the degree to which any individual statistic is altered. However, it is possible to say that in general the relative size of errors decreases as counts increase. Consequently, data users should have greater confidence in the accuracy of the data as counts get larger. Further, an evaluation of a Privacy-Protected Microdata File (PPMF), treated with a Disclosure Avoidance System like the one applied to 2020 redistricting data, showed that counts of 300 or more rarely have sizable errors (error beyond +/- 10% of the count). Therefore, while data users need to be cognizant of data accuracy limitations, they should have confidence in conclusions based on sizable counts, which are relatively unaffected by the Census Bureau’s latest disclosure avoidance method.

### 3. OVERVIEW OF COMMUNITY DISTRICT

The greatest joy of serving our friends and neighbors at Community Board 12, The Bronx is that of meeting them and being able to assist them in a variety of ways. Whether it involves solving a difficulty arising between local residents, rectifying a problem relative to the delivery of government services, or just lending an open and understanding ear to one who is looking to be heard, it is a blessing to get to know people and have the opportunity to work on their behalf. These sentiments are shared, we know, by all who work at our Town Hall Headquarters. Over our many years of service at Town Hall, we have strived to make local government effective and truly accessible to neighborhood citizens. The ongoing refurbishment and renovation of Town Hall and of our Carriage House, with the aid and the support of our elected officials, is a significant accomplishment in this regard. Important as well are our engagement in innumerable meetings, frequent telephone calls, and copious correspondence that cause the hours of a typical day at the Community Board to fly by so quickly. Our objective is to keep in touch with our community and to make them aware of how much we value hearing from them. Community Board 12 is composed of several distinct neighborhoods, each one unique and vibrant in its own way. Community Board 12 is an extremely diverse community welcoming both newly arrived Irish immigrants into Woodlawn and West Indian immigrants into Baychester. This rich diversity of cultures makes Community Board 12 a desirable community. Baychester is located in the eastern part of the district, consists of low and flat land that used to be marshland and valleys. Its boundaries are East 222nd Street to the north, Pelham Parkway to the south and Bronxwood Avenue to the west. Eastchester Road is the main commercial thoroughfare. The local subway is the IRT Dyre Avenue number 5 line. Eastchester covers roughly half a square mile. Its boundaries are the Bronx-Westchester County border to the north, the New England thruway to the east, Baychester Avenue to the south, and the intersection of East 233 Street and Baychester Avenue to the west. Boston Road is the primary thoroughfare, and Dyre Avenue is the main commercial strip. The neighborhood includes an industrial district and one New York City Housing Authority development, Boston Sector Houses. It is also home to Seton Falls Park, known as the "Grand Canyon" of the Bronx. Situated on more than 30 acres of land, this nature preserve offers a respite from its urban surroundings with a waterside walking trail, a manmade waterfall, and a bird sanctuary. Also boasting several playgrounds, Seton Falls Park offers recreation options for the whole family. Edenwald is located north of Baychester, south of Wakefield, east of Bronxwood Avenue, and west of Boston Post Road. It is home to the 47th precinct of the New York City Police Department, and to two NYCHA public developments, Baychester Houses and Edenwald Houses. Fishbay is a small, quaint neighborhood which covers approximately one-fifth of a square mile, and has a population of just under 8,000. The community is bounded by Laconia Ave. to the west and Boston Road to the east. Haffen Park, at the intersection of Gunther and Burke Avenues, has frequently been praised as a "kid-friendly playground" and has a pool. Olinville is today considered part of the Williamsbridge neighborhood, and shares the 10467 zip code. It is situated west of White Plains Road between Allerton Avenue and Gun Hill Road, and is served by the IRT White Plains Road number 2 and 5 subway lines. Wakefield was once woods and farmland like the rest of the northern Bronx. The boundaries of the 1.3 square mile neighborhood are the Westchester County border at East 243rd Street the north, East 222nd Street to the south, and the Bronx River, the Bronx River Parkway and the Metro-North Railroad tracks to the west. Wakefield is home to a number of parks, the most popular of which is Shoelace Park, the northern section of Bronx Park. Shoelace Park hugs the banks of the Bronx River, and includes a kayak launch at East 219th Street. The neighborhood, is served by the IRT White Plains Road number 2 and 5 subway lines, MetroNorth's Harlem Line, and the BxM11 express bus line. White Plains Road is the main shopping district, popular for its many fresh produce markets and Spanish, West Indian, and East Indian specialty food shops. Williamsbridge is located in the northeast section of the Bronx, and covers roughly a mile and a half. Its boundaries are East 222 Street to the north, Boston Road to the east, East Gun Hill Road to the south, and the Bronx River to the west. White Plains Road is the primary thoroughfare of Williamsbridge. The local subways are the IRT White Plains Road number 2 and 5 lines, and MetroNorth's Harlem Line also provides service to the neighborhood. Woodlawn is at the very north end of the Bronx. Its boundaries are McLean Avenue to the north -- which is also the New York/Westchester County Line -- the Bronx River to the east, Woodlawn Cemetery to the south, and Van Cortlandt Park to the west. The main commercial thoroughfare is Katonah Avenue, which runs north-south through the

heart of Woodlawn, and is a popular destination for its many fine restaurants and specialty shops. Woodlawn Cemetery is known as the resting place of many of history's greats and has been designated a National Historic Landmark.

## 4. TOP THREE PRESSING ISSUES OVERALL

### Bronx Community Board 12

The three most pressing issues facing this Community Board are:

#### **Parks and open space**

BxCB12 is requesting more resources for the Parks Department to deal with the many complaints we receive regarding trees. Our Parks can always be made better, but our request would direct monies to maintenance; specifically street tree maintenance. Our Community Board is besieged by phone calls from residents concerned about street trees. Our complaints range from requests for tree pruning to the removal of dead trees or branches that constituents worry will do them harm or their properties. It is our understanding after discussing many of our concerns with the Parks Department that they do not have the monies necessary to increase routine maintenance. It is our understanding that the tree pruning program is now done on a seven-year rotation. We would like that time frame shortened to a three-year rotation as it used to be many years ago. Additionally, we understand that there is no budget for stump removal. Tree stumps are only removed when a new tree is being planted in its place. The concern is that tree stumps can remain for several years before being addressed. Moreover, the Parks Department implemented a rating system used to assess the risk a dangerous tree poses to the public. Similarly, they also have a system to assess sidewalks damaged by tree roots. Both systems assign a rating and the Parks Department fixes the worst rated trees and sidewalks. The concern is that the program runs out of money before they can get to all the damaged trees or sidewalks. The request would be for the administration to adequately fund these programs to zero out the pool of damaged sidewalks and trees.

#### **Quality of life issues (noise, graffiti, petty crime, etc.)**

Like most communities our biggest complaints come in a variety of Quality of Life concerns aimed at neighbor to neighbor noise complaints, street cleaning, parking and public safety. Some of these issues we address by asking agencies for specific items like asking the NYPD to equip each patrol car with a sound meter to appropriately deal with noise complaints. It is our understanding that while the NYPD responds to these types of complaints enforcement is very rare since each precinct is only outfitted with one noise meter. Moreover, there is usually a limited number of officers that are trained properly to use it. Another concern regarding the NYPD is the enforcement of speeding. Our Board has a large number of requests before DOT for speed reducers called speed humps. It can take up to two years for DOT to study the request for a speed hump due to backlog of request. While speed humps are installed to slow vehicles down it is not a failsafe and we need more enforcement from the NYPD. The last issue we need more help on is the illegal truck parking on our streets. We understand parking can be a sensitive issue for many but we have tractor trailers parking on our residential streets. We work very closely with the Precinct to conduct tow efforts but the NYPD limits what they can do monthly. We need a coordinated and sustained effort to get these trucks off our streets. These trucks can be seen parked near our schools cutting off visibility when children are crossing the street. Additionally, many of these trucks are carrying municipal waste which poses other problems with the stench it creates attracting rodents and wildlife. We need the NYPD to invest. Finally, another concern for BxCB12 is the cleanliness of our district but I will deal with that in our next bullet. in more heavy tow vehicles to deal with this ongoing problem.

#### **Trash removal and cleanliness**

The cleanliness of our commercial districts is a major Quality of Life concern for Community Board. Our commercial businesses on White Plains Road, Dyre Avenue, Boston Road, East 233rd Street, Webster Avenue and East Gun Hill Road must do a better job of keeping their sidewalks and streets clean. We have asked the Department of Sanitation to step up their enforcement efforts in addition to asking for more liter basket pick-ups. Our elected officials have been very helpful in trying to address our concerns. Assembly Member Carl Heastie is funding the Doe Fund to keep White Plains Road clean. We need more of these types of clean-up initiatives to keep these corridors clear of debris especially on the weekends.

## 5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

### HEALTHCARE AND HUMAN SERVICES

#### Bronx Community Board 12

##### Most Important Issue Related to Healthcare and Human Services

###### **Services to reduce or prevent homelessness**

Our concern is not with services for the homeless but rather the siting of these facilities in communities like ours. The Department of Social Services (DHS/HRA) has not been forthright with our Board regarding these facilities. The previous administration released Turning the Tide to address homelessness and a plan to site 90 new shelter facilities in a more equitable manner. We view this statement and goal as being at odds with itself. The Bloomberg administration, in an effort to curb homelessness, greatly expanded the Cluster Site program in the Bronx. In other boroughs, there was a combination of using hotels as transient housing for homeless individuals. The current administration no longer publishes the Turning the Tide Map on its website that indicated the placement of these facilities throughout the City. Our concern is the leadership of DHS continues to be less than forthright on the placement of these sites. Like the previous administration the Adam's administration has not been honest in their dealings with local communities in the Bronx. The Bronx continues to shoulder the burden of housing homeless individuals. Moreover, the Bronx has the most permanent shelters built under the "Master Lease Program." Community Boards are not often notified in a timely manner. In the last year, the Department of Homeless Services, the Office of Emergency Management, and the Department of Housing and Preservation have opened 10 shelters, including migrant shelters. There is no standard approach to the siting of these facilities. The Wakefield community is a small, tight vibrant community that was overwhelmed with five shelters in three months. This strategy burdens communities already saddled with clusters sites. I use this terminology loosely to say this strategy also employs private 1-2 family homes in my district and converts them into illegal Single Room Occupancy housing using City monies to house homeless individuals. My Community Board was never given notification on the siting of these SRO's or where the cluster sites were located before turning them into permanent housing for homeless people. This Board and the Bronx has done its Fair Share. It is high time that the rest of the City do what is required and shoulder the burden of homelessness equitable. It is incumbent upon this administration to be forthright with its citizens and engage all communities to do their fair share. The current trajectory is unsustainable and has already brought resentment towards immigrants looking for the American dream.

##### Community District Needs Related to Healthcare and Human Services

###### **Needs for Homeless**

There are 59 Community Boards in the City of New York and there more than a dozen that will never deal with the siting of a homeless facility within its neighborhoods. Equitably this is unfair and goes against what this administration said it would do. In the last eight years this administration sought to add three new shelters within the borders of BxCB12; increasing the total number of shelters within our community.

## HEALTHCARE AND HUMAN SERVICES

*Note: Please see Section 7 for the full content of each request*

### CAPITAL BUDGET REQUESTS

The Community Board did not submit any Budget Requests in this category.

### EXPENSE BUDGET REQUESTS

Priority	Agency	Title
/ 6	HRA	Provide, expand, or enhance food assistance, such as Food Stamps / SNAP

### Bronx Community Board 12

---

#### Most Important Issue Related to Youth, Education and Child Welfare

##### **Youth workforce development and summer youth employment**

Increased funding is needed for the SYEP program to meet the demand of the youth that apply for these jobs. Summer jobs are a primary and effective means in developing skills in our youth. We encourage DYCD and the City to find meaningful internships that take advantage of New York City's stature as the greatest City on Earth. The City is the media capital of the world in addition to Wall Street, high-end law firms and any number of unique small businesses. The City should partner with these firms to target all children that might not otherwise get a foot in the door. Recent gains in the number of SYEP jobs is great but barely addresses the need. we must continue to do better.

---

## YOUTH, EDUCATION AND CHILD WELFARE

*Note: Please see Section 7 for the full content of each request*

### CAPITAL BUDGET REQUESTS

The Community Board did not submit any Budget Requests in this category.

### EXPENSE BUDGET REQUESTS

Priority	Agency	Title
/ 6	DYCD	Provide, expand, or enhance the Summer Youth Employment Program

## PUBLIC SAFETY AND EMERGENCY SERVICES

### Bronx Community Board 12

---

#### Most Important Issue Related to Public Safety and Emergency Services

##### **Traffic violations and enforcement**

We need better enforcement of speeding laws. Community Board 12 has been littered with speed cameras and safety corridors. Yet with all these safety measures put in place residents still complain of vehicles speeding in the district. Residents of BxCB12 requests Speed Humps in order to reduce this public nuisance. DOT cannot keep up with the demand in the Bronx. It takes two years for a request to be approved. We would not have to go through this if the NYPD enforced the speeding laws.

---

## PUBLIC SAFETY AND EMERGENCY SERVICES

*Note: Please see Section 7 for the full content of each request*

### CAPITAL BUDGET REQUESTS

Priority	Agency	Title
/ 5	NYPD	Other NYPD facilities and equipment requests

### EXPENSE BUDGET REQUESTS

The Community Board did not submit any Budget Requests in this category.

## CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

### Bronx Community Board 12

---

Most Important Issue Related to Core Infrastructure, City Services and Resiliency

**Preparedness for extreme weather events (incl. coastal flooding, heat waves, cold snaps, heavy wind and rain)**

In the last several years BxCB12 has experienced an increase in the number of flooding complaints. These rain events are impacting neighborhoods like BxCB12 that did not see these types of flooding situations. It is our understanding that these rain events will only increase in frequency. DEP needs to look at the current infrastructure to see if it is adequate to handle these rain events.

---

## CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

*Note: Please see Section 7 for the full content of each request*

### CAPITAL BUDGET REQUESTS

The Community Board did not submit any Budget Requests in this category.

### EXPENSE BUDGET REQUESTS

Priority	Agency	Title
/ 6	DSNY	Provide more frequent litter basket collection
/ 6	DSNY	Other cleaning requests

### Bronx Community Board 12

---

#### Most Important Issue Related to Housing, Economic Development and Land Use

##### **Commercial district revitalization**

CB12 has several commercial districts with many vacant storefronts. Moreover, there is no diversification of the types of services in those storefronts that are occupied. Many of our retail establishments are of the food services type; restaurants or convenience stores. We would like to see more offerings from retailers. Considering the number of national retailers leaving Manhattan zip codes because of the high rents we would suggest EDC or SBS create a strategy to encourage these retailers to move to districts like the Bronx. The rents are cheaper and people who shop there live in these neighborhoods rather than living in Manhattan. With the Work From Home becoming more of a fixture in our everyday lives it would behoove the City to encourage these retailers to move to where the people live.

---

## HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

*Note: Please see Section 7 for the full content of each request*

### CAPITAL BUDGET REQUESTS

Priority	Agency	Title
/ 5	NYCHA	Install security cameras or make other safety upgrades

### EXPENSE BUDGET REQUESTS

The Community Board did not submit any Budget Requests in this category.

## TRANSPORTATION AND MOBILITY

### Bronx Community Board 12

---

#### Most Important Issue Related to Transportation and Mobility

##### **Open space & street activation (Open Streets, Open Restaurants, plazas, etc.)**

BxCB12 DOT to fund more traffic engineers for the Bronx Office. It currently takes two years for traffic studies to be completed due to the volume of requests. It is my understanding that there are no lag times for studies for some other boroughs like Manhattan.

---

## TRANSPORTATION AND MOBILITY

*Note: Please see Section 7 for the full content of each request*

### CAPITAL BUDGET REQUESTS

The Community Board did not submit any Budget Requests in this category.

### EXPENSE BUDGET REQUESTS

The Community Board did not submit any Budget Requests in this category.

## PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

### Bronx Community Board 12

---

#### Most Important Issue Related to Parks, Cultural and Other Community Facilities

##### **Park care and maintenance**

Our number one priority on the Capital side of the budget is for the Parks Department to fund the Master Plan for Shoelace Park. Parks needs an increase in funding that this administration promised before getting into office, 1% for Parks. Irreparable harm would be done if the Parks Department were not allowed to maintain the Parks in our Borough due to insufficient funds. Many of our Parks are new and need constant care for upkeep.

---

#### Community District Needs Related to Parks, Cultural and Other Community Facilities

##### **Needs for Community Boards**

We would like to see the \$42,500 distributed by the City Council to each Community Board citywide base lined in the budget so we could hire more staff to sustain our operations.

---

## PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

*Note: Please see Section 7 for the full content of each request*

### CAPITAL BUDGET REQUESTS

Priority	Agency	Title
/ 5	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)
/ 5	DCAS	Renovate, upgrade or provide new community board facilities and equipment
/ 5	DPR	Enhance park safety through design interventions, e.g. better lighting

### EXPENSE BUDGET REQUESTS

Priority	Agency	Title
/ 6	OMB	Other community board facilities and staff requests
/ 6	DPR	Enhance park safety through more security staff (police or parks enforcement)

## 6. OTHER BUDGET REQUESTS

*Note: Please see Section 7 for the full content of each request*

### CAPITAL BUDGET REQUESTS

The Community Board did not submit any Budget Requests in this category.

### EXPENSE BUDGET REQUESTS

The Community Board did not submit any Budget Requests in this category.

## 7. SUMMARY OF PRIORITIZED BUDGET REQUESTS

### CAPITAL BUDGET REQUESTS

Title	Priority Agency	Request	Explanation
Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	1 / 5 DPR	<b>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</b>	<i>Reconstruct or upgrade Shoelace Park and the Bronx River Greenway. The Parks Department has a Master Plan for the reconstruction and modernization of Shoelace Park. Many of the playgrounds and facilities lie in the flood plane of the Bronx River. CB12 is asking for a plan on how best to implement the Master Plan. Considering the project cannot begin unless it is fully funded is it best to parcel the Master Plan into more project ready phases.</i>
Renovate, upgrade or provide new community board facilities and equipment	2 / 5 DCAS	<b>Renovate, upgrade or provide new community board facilities and equipment</b>	<i>Community Board 12 is an incredible resource to the community at large. We are fortunate to be a building that has an open space. For the last several years CB12 has poured money into upgrading our technology and facilities. We still require more funding to upgrade our windows and lighting in the Carriage House. We are also asking for DCAS to make the Carriage House a Public Assembly space with the proper DOB permits.</i>
Other NYPD facilities and equipment requests	3 / 5 NYPD	<b>Other NYPD facilities and equipment requests</b>	<i>Community Board 12 requests that the NYPD equip each patrol vehicle with a sound meter to better facilitate noise complaints. It is our understanding that usually there is only one sound meter assigned to each precinct. Additionally it is often calibrated and cannot be used during this lengthy process. Finally, we understand that each officer should be trained to handle these meters to respond to 311 complaints.</i>
Install security cameras or make other safety upgrades	4 / 5 NYCHA	<b>Install security cameras or make other safety upgrades</b>	<i>Provide funding for cameras throughout Edenwald, Boston Secor, Baychester, NYCHA Developments in order to deter crime. Crime in our N.Y.C.H.A. Housing Developments persists as a major problem and concern. The installation of cameras has only partially taken place in some projects. A complete monitoring system must be installed in each of our N.Y.C.H.A. Developments for the safety</i>

of the tenants. It is our understanding that the monies for these projects were allocated. We would like a detailed explanation on when NYCHA plans on getting these cameras installed. The monies were allocated several budget cycles in the past. We want to ensure that these monies are not redirected to other projects.

Enhance park safety through design interventions, e.g. better lighting	5 / 5 DPR	<b>Enhance park safety through design interventions, e.g. better lighting</b>	<i>Request: Provide Funding for cameras in Seton Falls Park, Shoelace Park and Haffen Park in order to deter crime. Explanation: Community Board 12 believes that installing cameras can act as a deterrent to crimes and provide evidence that could aid law enforcement officials in the prosecution of crime in these parks. The Board asks that the Department of Parks and Recreation purchase these cameras in order to address this significant public safety issue.</i>

## EXPENSE BUDGET REQUESTS

<b>Title</b>	<b>Priority Agency</b>	<b>Request</b>	<b>Explanation</b>
Other community board facilities and staff requests	1 / 6 OMB	<b>Other community board facilities and staff requests</b>	<i>Please increase funding for Community Boards. We ask that the City baseline the City Council funding. We would go so far as to request that the Boards budget be increased to \$350,000 so that Boards will have the adequate resources to provide the Charter-mandated services to their Districts.</i>
Provide more frequent litter basket collection	2 / 6 DSNY	<b>Provide more frequent litter basket collection</b>	<i>Request for additional funding for more services like additional Mobile Litter Patrols and Basket Service pick-ups.</i>
Other cleaning requests	3 / 6 DSNY	<b>Other cleaning requests</b>	<i>Community Board 12 is asking for increased enforcement of our dirty streets and sidewalks especially around our commercial districts. We are asking for increased services from not for profits like the Doe Fund or FedCap that focus on litter pick up and waste basket patrol all week long including weekends.</i>
Provide, expand, or enhance the Summer Youth	4 / 6 DYCD	<b>Provide, expand, or enhance the Summer Youth</b>	<i>Increase funding for SYEP and look to end the yearly budget dance. Base line the increases so that those participating</i>

Employment Program		<b>Employment Program</b>	<i>in the program can build upon their programs to offer better outcomes and services for our youth. We should look to models used in other City's like Philadelphia and work with the private sector to offer more meaningful summer jobs to youth. Use the SYEP program as the doorway to internships that would otherwise not be available to those of us that do not have someone advocating on their behalf. Offer multi-year placements so that our youth have an opportunity to grow with one particular employer. End the lottery system to make sure that once a youth enters the SYEP program they can stay in it. Incentivize the hiring of youth similar to what SBS does.</i>
Provide, expand, or enhance food assistance, such as Food Stamps / SNAP	5 / 6 HRA	<b>Provide, expand, or enhance food assistance, such as Food Stamps / SNAP</b>	<i>CB12 has served as a satellite facility for HRA's outreach efforts on Food Stamps/SNAP. Every Tuesday and Wednesday CB12's offices become a hub of activity of those seeking HRA's assistance for Food Stamps/SNAP benefits. We encourage an expansion of these services to five days a week and that additional services are offered like APS. In years past HRA has said that further study was required of the agency. We met with officials from HRA and thought we were close to negotiating an expansion of services at our office. Unfortunately, those conversations ended with no change or expansion to the current services. We would like to know what happened.</i>
Enhance park safety through more security staff (police or parks enforcement)	6 / 6 DPR	<b>Enhance park safety through more security staff (police or parks enforcement)</b>	<i>Request: Provide Funding for Additional PEP Officers or Transfer money to the NYPD so that they take the roll of the PEP Officers in all NYC Parks. Explanation: Additional PEP officers are needed to patrol our parks and playgrounds. Vandalism has increased and there is a need for additional PEP officers to patrol the parks. It is inconceivable that year after year, park patrons in Community Board #12 have to endure numerous quality of life issues because existing PEP officers are not present. We request that the Department hire more officers in order to protect our parks and their patrons.</i>
