

***Statements of Community
District Needs
and
Community Board
Budget Requests***

**Fiscal Year
2025**

**Brooklyn
Community District
15**

November 2023

INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

HOW TO USE THIS REPORT

This report represents the Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2025. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from June to November, 2023.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

If you have questions about this report or suggestions for changes please contact:
CDNEEDS_DL@planning.nyc.gov

This report is broadly structured as follows:

1. Overarching Community District Needs

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

2. Policy Area-Specific District Needs

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

3. Community Board Budget Requests

The final section includes the two types of budget requests submitted to the City for the FY24 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

Disclaimer

This report represents the Statements of Community District Needs and Community Board Budget Requests of this Community District for Fiscal Year 2025. This report contains the formatted but otherwise unedited content provided by the community board.

Budget Requests: Listed for informational purposes only. OMB remains the definitive source on budget requests and budget request responses.

Budget Priorities: Priority numbers apply to expense and capital Budget requests from all policy areas. A complete list of expense and capital budget requests by this Board sorted by priority can be found in Section 7 of this document.

Supporting Materials: Some community boards provided substantive supplemental information. This supportive material can be accessed by clicking on the links provided in the document or by copying and pasting the links provided in the Appendix into a browser.

TABLE OF CONTENTS

Introduction

How to Use This Report

1. Community Board Information

2. 2020 Census Data

3. Overview of Community District

4. Top Three Pressing Issues Overall

5. Summary of Community District Needs and Budget Requests

Health Care and Human Services

Youth, Education and Child Welfare

Public Safety and Emergency Services

Core Infrastructure, City Services and Resiliency

Housing, Economic Development and Land Use

Transportation

Parks, Cultural and Other Community Facilities

6. Other Budget Requests

7. Summary of Prioritized Budget Requests

8. Community Board Budget Requests with Agency Responses

1. COMMUNITY BOARD INFORMATION

Brooklyn Community Board 15

Address: 2001 Oriental Boulevard, C124

Chair: Theresa Scavo

Phone: (718) 332-3008

District Manager: Laura Singer

Population Division, New York City Department of City Planning

Statement on Data Accuracy

Under Title 13 of the U.S. Code, the Census Bureau is legally bound to protect the privacy of individuals participating in the decennial census. To adhere to the law and to avoid the disclosure of information about individual respondents, the Census Bureau has historically applied a host of techniques, such as top- and bottom-coding, imputation, table- and cell-suppression, and data swapping. The Census Bureau is employing a new technique with the 2020 Census, referred to as the Disclosure Avoidance System (DAS), based on differential privacy. With this approach, the Census Bureau “infuses noise” systematically across census data and sets a quantified disclosure risk, referred to as the Privacy Loss Budget (PLB).

While the new DAS approach may diminish the risk of disclosure concerns, it comes at a cost to data accuracy. Consequently, 2020 Census data users should be aware that all sub-state counts, except for housing units (which are unaffected by the DAS), may be adjusted to protect the privacy of Census participants and may be subject to reduced accuracy. Because DAS noise infusion is randomized, it is impossible for data users to know the degree to which any individual statistic is altered. However, it is possible to say that in general the relative size of errors decreases as counts increase. Consequently, data users should have greater confidence in the accuracy of the data as counts get larger. Further, an evaluation of a Privacy-Protected Microdata File (PPMF), treated with a Disclosure Avoidance System like the one applied to 2020 redistricting data, showed that counts of 300 or more rarely have sizable errors (error beyond +/- 10% of the count). Therefore, while data users need to be cognizant of data accuracy limitations, they should have confidence in conclusions based on sizable counts, which are relatively unaffected by the Census Bureau’s latest disclosure avoidance method.

3. OVERVIEW OF COMMUNITY DISTRICT

Brooklyn Community Board 15 (CB15) is a vibrant mixed-use community. The community district is bordered to the north by the Kings Highway commercial corridor, to the west by the industrial area of McDonald Avenue, to the south by the beachfront community of Manhattan Beach and to the east by the coastal community of Gerritsen Beach. Other residential areas include the neighborhoods of Gravesend, Homecrest, Madison, Midwood and Plumb Beach. It is the policy of CB15 to attend to the needs of our local residents and ensure they are given not only a voice, but also receive timely, quality and efficient delivery of municipal services. Ongoing dialogue between our residents and the community board is an essential part of maintaining public safety and encouraging development and prosperity for all. According to the Department of City Planning, the total land area of CB15 is 4.7 square miles. Population statistics supplied by New York City Planning's Census 2020 Data reports the overall population of CB15 is 169,632 of which 36,851 (21.7%) are under the age of 18. Racially, the community district breaks down as follows: Hispanic 15,688 (9.2%), White 105,734 (62.3%), Black 6,649 (3.9%), Asian 34,358 (20.3%), Other/Non-Hispanic 1,296 (0.8%) and Multi-Racial 5,907 (3.5%). In terms of Housing Occupancy, the community district includes 67,322 total housing units of which 63,097 (93.7%) are occupied and 4,225 (6.3%) are vacant.

4. TOP THREE PRESSING ISSUES OVERALL

Brooklyn Community Board 15

The three most pressing issues facing this Community Board are:

Crime and public safety

Staffing levels at our local precinct are down and are of a great concern to our community. We attribute the shortage to a few significant factors, their inability to fill positions trickled down from an attrition of those retiring from the force, and the department's struggle to attract qualified candidates to pursue careers in law enforcement. It is critically important to our community that patrol strength be restored. Resources are needed for recruitment, updated vehicles and capital funding to modernize precincts and make them fully ADA compliant to better serve everyone. We are experiencing spikes in crimes across the board which we attribute to a diminished police presence in our communities. Fewer incoming police officers translates to a drop in uniform strength. We cannot allow that to happen. We must fund a campaign to recruit and retain qualified police officers.

Traffic

Traffic: All of our commercial corridors, including Sheepshead Bay Road (between East 14th Street and Emmons Avenue) and Avenue U (between Gerritsen Avenue and McDonald Avenue), are congested from double parking, truck deliveries, illegal parking and the never-ending search for parking spaces. Coney Island Avenue (between Avenue P and Guider Avenue) is inundated with double parked cars, people making illegal U-turns and auto-intensive commercial uses which encroach on the roadway. Most of these avenues are also major transit hubs attracting more and more TLC vehicles which usurp parking spaces. Dedicated bus lanes have been implemented, but drivers do not seem to pay much attention to such changes, so they are not working as intended. We need effective Traffic Enforcement, enhanced Police attention and an active and ongoing dialogue with DOT to develop strategies to keep the traffic flowing through these congested areas. Because parking is at a premium, the most frequent 311 reports in our community district include complaints of illegal parking and blocked driveways of constituents who are desperate to park. Response times are lengthy because these complaints are not emergencies. We could use a dedicated unit to focus on these traffic infractions affecting the community's quality of life. Lastly, there is an issue throughout the community with people illegally selling cars on our streets. In Sheepshead Bay (around Jerome Avenue and Avenue Z), and in Gravesend (along McDonald Avenue between Avenue V and Avenue X) these pop-up car dealerships on our streets are illegally usurping much-needed parking spaces.

Trash removal & cleanliness

Trash: The Department of Sanitation needs more personnel, particularly in Sanitation Enforcement. This additional manpower is essential to assure that collections and enforcement divisions have sufficient resources to properly service our district. Our bustling commercial corridors no longer have the maintenance resources or enforcement presence they require to keep our shopping areas thriving, vital, clean and healthy for our constituents and visitors to the district. On any given day, Sheepshead Bay Road (between East 14th Street and Emmons Avenue), Avenue U (between Ocean Avenue and Ocean Parkway), and Coney Island Avenue (between Avenue Z and Avenue P) have overflowing litter baskets from improper uses such as household trash, illegal commercial waste and the illegal dumping of construction materials, as well as trash and loose litter strewn along the streets. Our district office is inundated with complaints about filthy and uninviting conditions on our commercial corridors. We continue to have a serious problem with illegal dumping under the underpasses of our elevated B/Q train lines along East 16th Street and F train line along McDonald Avenue, as well as our Shore Parkway service road which runs parallel to the Belt Parkway between Knapp Street and Coney Island Avenue. More special events, convenient drop-off locations and dedicated curbside collections for e-waste, hazardous household waste, paper shredding, leaf/yard waste, food scraps, etc. will increase the likelihood of discarded waste being properly disposed of. Smaller vehicles and equipment are needed to service the Gerritsen Beach neighborhood in our district which is characterized by narrower streets. And even after more than a decade BK15 still lacks a proper district garage while our personnel continues to report to inadequate temporary trailers that offer substandard work conditions as morale and productivity suffer.

5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

HEALTH CARE AND HUMAN SERVICES

Brooklyn Community Board 15

Most Important Issue Related to Health Care and Human Services

Animal and pest control services

Conditions necessitating pest control services are at an all-time high. The changing landscape of our post-pandemic city has left us with an abundance of outdoor eating establishments which provide shelter and food to rodents and other vectors. With the city intent on maintaining outdoor eating as a new standard, more resources and attention must be paid to their maintenance and ongoing use including preventive and reactive pest control services. New construction in the district, which is generally above average for the borough, has also led to the disruption of rodents en masse forcing them to search for new places to nest. Between the new construction generating more household waste for collection and the increase in nightlife and street activity, the availability of garbage placed out for collection on our sidewalks has provided a veritable feast for rodents which show no sign of subsiding anytime soon. In addition, the new rules for the collection of compostable trash have us concerned.

Community District Needs Related to Health Care and Human Services

Needs for Health Care and Facilities

Valuable time is wasted transporting critical patients to other distant trauma centers when we could be planning one for our community right now. Planning a new Level 1 Trauma Center for Coney Island Hospital at this time is imperative.

Needs for Older NYs

Many of our seniors, live in isolation with family members living out of state. They have come to rely more than ever on home delivered meals. Having that brief interaction can be a life saver. Meal providers are trained to check up on seniors and when they are not responding critical steps are then taken to assure our older New Yorkers are doing well. Capacity for meals along with new replacement fleet vehicles should be expanded at this time.

Needs for Homeless

New York City is facing a homeless epidemic. With affordable housing becoming more of a rarity in the city many are priced out of their homes. Community Board 15 has seen an influx of homeless in the community and believes there should be more outreach from the Department of Homeless Services to actively seek to permanently shelter the displaced and bring them the social programs they need, such as drug rehabilitation, mental illness counseling and job skills training with placement. We have concentrations of people living under the Sheepshead Bay subway station (at East 15th Street), adjacent to the municipal parking lot at 1602 Voorhies Avenue (at East 16th Street), in Holocaust Park (at Shore Boulevard), at the Ocean Avenue & Shore Parkway underpass, at the municipal parking lot at 2602 East 17th Street (at Avenue Z), and at the Corporal Wiltshire Square triangle park (at Kings Highway and Ocean Avenue). It should be noted that some of these locations are seasonal in nature.

Needs for Low Income NYs

Living in New York has become a costly affair. Rents are rising each year and the cost of living increases exponentially. Salaries don't appear to keep up with the rent demands. Our seniors and disabled are on fixed incomes and struggle to pay rent. We need a way to keep our lower income residents safely in their homes and off the streets with some sort of voucher system to aide them. Hotels and shelters aren't permanent housing, they often prove to be a temporary fix and in the long run are not cost efficient. The existing rental assistance programs, such as Section 8, which need better policing are over-saturated and closed.

Capital Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
2/32	HHC	Renovate or upgrade an existing health care facility	<i>Coney Island Hospital (at 2601 Ocean Parkway) is the closest hospital to our community district, located on Ocean Parkway and near the Belt Parkway. Coney Island Hospital needs additional funding to become a Level 1 Trauma Center. They currently do not have the equipment needed to designate them as such. Brooklyn Community Board 15 would like to see them properly funded to be eligible for this important trauma care designation.</i>	2601 Ocean Parkway, Brooklyn, New York, NY

Expense Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
12/33	DOHMH	Animal and pest control requests including reducing rat and mosquito populations	<i>Large-scale evidence of rodent harborage exists along the waterfront areas of Sheepshead Bay on Emmons Avenue where feeding the waterfowl is a popular activity and there are many restaurants having outdoor eating facilities. To a lesser degree evidence exists along the Shore Boulevard promenade in Manhattan Beach as well. Other commercial corridors throughout the district (such as Avenue U and Kings Highway) have concentrations of harborage where there are outdoor eating facilities and unmaintained tree pits, in addition to land adjacent to the subway tracks and stations (East 16th Street).</i>	

19/33	HRA	Provide, expand, or enhance rental assistance programs/vouchers for permanent housing	<i>Living in New York has become a costly affair. Rents are rising each year and the cost of living increases exponentially. Salaries don't appear to keep up with the rent demands. Our seniors and disabled are on fixed incomes and struggle to pay rent. We need a way to keep our lower income residents safely in their homes and off the streets with some sort of voucher system to aide them. Hotels and shelters aren't permanent housing, they often prove to be a temporary fix and in the long run are not cost efficient. The existing rental assistance programs, such as Section 8, which need better policing are over-saturated and closed.</i>
23/33	DFTA	Increase home delivered meals capacity	<i>Many of our seniors, live in isolation with family members living out of state. They have come to rely more than ever on home delivered meals. Having that brief interaction can be a life saver. Meal providers are trained to check up on seniors and when they are not responding critical steps are than taken to assure our older New Yorkers are doing well. Capacity for meals along with new replacement fleet vehicles should be expanded at this time.</i>

YOUTH, EDUCATION AND CHILD WELFARE

Brooklyn Community Board 15

Most Important Issue Related to Youth, Education and Child Welfare

After school programs

After school programs provide a safe, social and educational experience for our children, while giving them the tools they will need to develop into successful motivated adults. It's important we make sure there is proper funding in place to maintain and expand these important programs.

Community District Needs Related to Youth, Education and Child Welfare

Needs for Youth Education

Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. We have several schools in the district that are overcrowded and resources are stretched to the seams. We need to take a good hard look at these schools and seek solutions to either expand classrooms when possible or create a new school to accommodate these very real and growing needs. Our children are our future and they deserve the best education possible and overcrowded classrooms cannot provide that. PS 254, PS 153 and PS 206 are prime examples of schools at capacity.

Needs for Youth and Child Welfare

After school programs provide a safe, social and educational experience for our children, while giving them the tools they will need to develop into successful motivated adults. It's important we make sure there is proper funding in place to maintain and expand these important programs.ments

Capital Requests Related to Youth, Education and Child Welfare

Priority	Agency	Request	Explanation	Location
21/32	SCA	Renovate exterior building component	<i>The school's playground floods following every rain event. Heavy rains cause mini-lakes, attracting mosquitoes during the warmer months and ice hazards during the winter. Funding is required for remediation to return the playground safely to the community's children, who use it.</i>	1925 Stuart Street, Brooklyn, New York, NY
25/32	SCA	Renovate other site component	<i>Sufficient funds are requested for a complete resurfacing of the PS 195 schoolyard located at 131 Irwin Street, along with a sidewalk replacement at the entrance of the school.</i>	131 Irwin Street, Brooklyn, New York, NY
31/32	SCA	Provide a new or expand an existing elementary school	<i>Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. We have several schools in the district that are overcrowded and resources are stretched to the seams. We need to take a good hard look at these schools and seek solutions to either expand classrooms when possible or create a new school to accommodate these very real and growing needs. Our children are our future, and they deserve the best education possible and overcrowded classrooms cannot provide that. PS 153 is a prime example of a school at capacity.</i>	1970 Homecrest Avenue, Brooklyn NY 11229
32/32	SCA	Provide a new or expand an existing elementary school	<i>Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. We have several schools in the district that are overcrowded and resources are stretched to the seams. We need to take a good hard look at these schools and seek solutions to either expand classrooms when possible or create a new school to accommodate these very real and growing needs. Our children are our future, and they deserve the best education possible and overcrowded classrooms cannot provide that. PS 254 is a prime example of a school at capacity.</i>	1801 Avenue Y, Brooklyn NY 11235

CS	SCA	Provide a new or expand an existing elementary school	<i>Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. ----	-----	--	--	--

Expense Requests Related to Youth, Education and Child Welfare

Priority	Agency	Request	Explanation	Location
30/33	DYCD	Provide, expand, or enhance after school programs for elementary school students (grades K-5)	<i>After school programs provide a safe, social and educational experience for our children, while giving them the tools they will need to develop into successful motivated adults. It's important we make sure there is proper funding in place to maintain and expand these important programs.</i>	
31/33	DYCD	Provide, expand, or enhance after school programs for middle school students (grades 6-8)	<i>After school programs provide a safe, social and educational experience for our children, while giving them the tools they will need to develop into successful motivated adults. It's important we make sure there is proper funding in place to maintain and expand these important programs.</i>	

PUBLIC SAFETY AND EMERGENCY SERVICES

Brooklyn Community Board 15

Most Important Issue Related to Public Safety and Emergency Services

General crime

Our community has been plagued with increased incidents ranging from violent unprovoked attacks preying on our elderly, to burglaries and a variety of quality of life infractions, like illegal parking, illegal fireworks and excessive noise. We need increased police presence through a combination of increasing patrol strength and enhancing police visibility.

Community District Needs Related to Public Safety and Emergency Services

Needs for Public Safety

With the community district being nearly five square miles in area there is an immediate need for additional police officers to provide sufficient patrol coverage. The 61st Precinct is understaffed and many of our officers are pulled away and reassigned to work the seasonal tour at the 60th Precinct or larger events throughout the city. Brooklyn Community Board 15 has received numerous complaints on how response times to low priority events, such as car break-ins or non-fatal traffic crashes, have suffered. We attribute this to diminished staffing levels. Another example of a frustrating low priority event are complaints from homeowners about blocked driveways from drivers losing patience hunting for legal on-street parking. We also have vehicles that are not moved for alternate side street cleaning and vehicles that are either abandoned or being sold on our streets usurping valuable parking real estate. The Police Department's Rotational Towing (Row Tow) capabilities are limited in that they have insufficient space to store vehicles. There is only one Tow Pound located across the borough in Northern Brooklyn and the time it takes to tow across the borough limits how many vehicles they can capture in a work shift. Something needs to change. Either fines need to be increased on an escalating scale as a more effective deterrent, or the capacity at the existing Tow Pound needs to be expanding with the addition of car lifts (stackers), or an entirely new tow pound facility be created in Southern Brooklyn to expand the department's holding capacity and reduce the turnaround time for Row Tow operators.

Needs for Emergency Services

Currently, our EMS training facility is too small and insufficient to accommodate and train a larger sized class. We need to find a larger location, that is more modernized to adequately recruit, train and retain our EMS personnel/

Capital Requests Related to Public Safety and Emergency Services

Priority	Agency	Request	Explanation	Location
3/32	FDNY	Provide new facilities such as a firehouse or EMS station	<i>EMS is working with a training center that is too small to accommodate a larger class size. We need a more modern facility that is larger to help recruit, retain and sufficiently train our EMS personnel.</i>	
4/32	NYPD	Add NYPD parking facilities	<i>Currently, Brooklyn has only one police Tow Pound in Northern Brooklyn and it's often at full capacity. This is a growing problem for our community. Additional car lifts (stackers) at the existing Tow Pound would increase holding capacity and permit more vehicles to be stored as an immediate interim measure. The current pound being located across the borough results in long travel times. It limits the turnaround time resulting in diminished productivity per work shift for Row Tow operators serving Southern Brooklyn. Ideally, we would like the short-term addition of car lifts at the existing Tow Pound until a new pound can be sited and constructed in Southern Brooklyn to expedite Row Tow operations enhancing their capacity and increasing their productivity.</i>	
5/32	NYPD	Other NYPD facilities and equipment requests	<i>Currently, Brooklyn does not have the capability to regularly tow heavy vehicles such as a semi-truck or a bus. Instead we have to rely on a special tow truck to be dispatched from Manhattan periodically. Brooklyn must have its own designated heavy load tow truck.</i>	

Expense Requests Related to Public Safety and Emergency Services

Priority	Agency	Request	Explanation	Location
----------	--------	---------	-------------	----------

1/33	NYPD	Hire additional uniformed officers	<i>With the significant cuts to our Police Department, including the loss of personnel from deferred incoming classes and a higher-than-usual rate of attrition, we are experiencing diminished patrol coverage and a rise in crime. Without an influx of new cadets as we lose more seasoned officers to retirement we lack the means to replace them. Our patrol force will be severely diminished, leaving our community unacceptably vulnerable in especially challenging times.</i>	2575 Coney Island Avenue
2/33	NYPD	Other NYPD programs requests	<i>Sufficient resources are requested to develop and launch a successful marketing and outreach campaign designed to attract and recruit talented individuals who have an interest in joining our police department and pursuing a career in law enforcement.</i>	
4/33	NYPD	Hire additional crossing guards	<i>All of the schools in our community district would benefit from additional crossing guards. With the severe traffic around many of our schools particularly at dismissal times, crossing guards provide an essential service to ensure the safety of our students and community members as they navigate these congested and often chaotic public spaces. Currently, when a crossing guard is out sick, a uniformed officer is pulled away to take their place, taking an officer away from other critical policing work. Having additional crossing guards available would provide enhanced coverage at schools without having to draw from our uniformed forces when replacements are needed.</i>	
5/33	NYPD	Hire additional traffic enforcement agents	<i>All of our commercial corridors are severely congested. Additional traffic enforcement is needed along Coney Island Avenue (between Avenue P and Avenue Z), on Avenue U (between McDonald Avenue and Nostrand Avenue), on Sheepshead Bay Road (between East 14th Street and Emmons Avenue) and on Kings Highway (between McDonald Avenue and Ocean Avenue).</i>	
7/33	NYPD	Other NYPD programs requests	<i>Currently, Explorers must pay a fee of \$24 a year to participate in this worthwhile Police program. Ideally, we would like to see that fee paid for or waived by the City of New York to encourage greater participation in the program.</i>	

15/33	FDNY	Provide more firefighters or EMS workers	<p><i>Currently Kingsborough Community College at 2001 Oriental Blvd from May through October houses an FDNY fireboat. This fireboat is not currently manned 24/7. We believe it would be in the best interest of the community if it could be. With a dry season, brush fires will be more frequent. Being a regional recreational beach and boating coastal community, rescues on the water are an additional challenge which a year-round manned fireboat would be well equipped to respond to. Pulling a rescue boat from further away can be critical when time is of the essence. Since this is a strategic location, we feel keeping it staffed and accessible 24/7 year-round is necessary to ensure public safety is protected.</i></p>	2001 Oriental Blvd
-------	------	---	--	--------------------

CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

Brooklyn Community Board 15

Most Important Issue Related to Core Infrastructure, City Services and Resiliency.

Cleanliness/trash collection

We need to make sure our Sanitation Department is fully funded. We are seeing an influx of complaints in our district office from residents regarding filthy sidewalks, illegal dumping, overflowing litter baskets and unsanitary conditions. DSNY is doing all they can do with the manpower and equipment they have, but it's impossible to keep up with the increasing demands. We need to provide them with the manpower they require, the vehicles and tools needed to see that our community remain clean, viable places to live, shop, work and visit. Above all, we need a new garage for BK15.

Community District Needs Related to Core Infrastructure, City Services and Resiliency.

Needs for Water, Sewers, and Environmental Protection

The Coney Island Wastewater Treatment Plant located at 3002 Knapp Street is in need of an increase in overall plant budget for on-going maintenance of the water treatment plant. We need funding for force main repair and additional funding for odor control equipment for repairs and improvements. We would also like a dedicated skimmer vessel for Sheepshead Bay to address floatables due to two CSO outfalls located in Sheepshead Bay and Gerritsen Beach.

Needs for Sanitation Services

Our main concern is that our Department of Sanitation's Brooklyn 15 garage has been operating out of a temporary location on Knapp Street in trailers for over a decade. Recently, we have learned that the secondary lot used by Sanitation for equipment storage has been reclaimed by the Department of Environmental Protection. Our Sanitation forces and equipment need a permanent home in our community district. Brooklyn Community Board 15 is also advocating for additional funding for our Sanitation Department. We need more manpower, more frequent litter basket service, cleaning services to address illegal drop-off and dump out conditions, vacant lot cleaning and curbside e-waste collection.

Capital Requests Related to Core Infrastructure, City Services and Resiliency

Priority	Agency	Request	Explanation	Location
20/32	DEP	Other capital budget request for DEP	<i>The Coney Island Water Treatment Plant located at 3002 Knapp Street is in need of an increase in overall plant budget for on-going maintenance of the water treatment plant. We need funding for force main repair and additional funding for odor control equipment for repairs and improvements.</i>	3002 Knapp Street
CS	DSNY	Provide new or upgrade existing sanitation garages or other sanitation infrastructure	<i>Brooklyn Community Board 15's Sanitation garage is a temporary structure of trailers located on Knapp Street. We are requesting a permanent home for our Sanitation garage and encourage more aggressive siting actions by the department.</i>	

Expense Requests Related to Core Infrastructure, City Services and Resiliency

Priority	Agency	Request	Explanation	Location
9/33	DEP	Clean catch basins	<i>Brooklyn Community Board 15 is prone to flooding during rain events. Periodical cleaning of our storm sewers is desperately needed. Specifically Shore Boulevard (between Pembroke and West End Avenue), Oriental Avenue (between Oxford and West End Avenue) and on Gerritsen Avenue (between Channel Avenue and Seba Avenue).</i>	Shore Boulevard Pembroke Street West End Avenue
10/33	DEP	Investigate and address water quality complaints at an address or on specific street segments	<i>In both Sheepshead Bay and Gerritsen Creek we are asking for periodic maintenance to remove floatables. This preventable pollution source (CSO outfalls) are a health and environmental hazard, as well as making these popular locations undesirable and unsightly for the community and its visitors to fully enjoy. We need a better plan to address these outfalls.</i>	

11/33	DSNY	Other garbage collection and recycling requests	<i>Our community district is inundated with calls about derelict vehicles being abandoned on our streets. We support the expansion of the Derelict Vehicle Unit which requires additional manpower to decrease response times, improve response rates and enhance productivity for removing these vehicles.</i>	2501 Knapp Street
13/33	DSNY	Other cleaning requests	<i>Additional Manual Litter Patrols (MLP) is needed to keep up with the demands of our district. The traffic medians along Emmons Avenue are constantly collecting debris.</i>	Emmons Avenue Ocean Avenue Knapp Street
17/33	DSNY	Provide more frequent garbage or recycling pick-up	<i>Our litter baskets throughout our commercial corridors are overflowing with household waste and illegal dumping creating health hazards and eyesores throughout the area. More frequent basket pickup should be properly funded. Including but not limited to Avenue U (between Coney Island Avenue and Nostrand Avenue), Kings Highway (between Ocean Parkway and Ocean Avenue) and Sheepshead Bay Road (between East 14h Street and Emmons Avenue).</i>	
18/33	DSNY	Expand opportunities for electronic waste collection and disposal	<i>Sufficient funds are requested for dedicated curbside e-waste collection days included with recycling schedules to assist our technologically growing community to properly dispose of e-waste and ensure it does not end up on our streets and in our landfills.</i>	
22/33	DSNY	Increase enforcement of illegal dumping laws	<i>Our underpasses which are dimly lit attract chronic illegal dumpers. If cameras could be placed at these locations to catch dumpers in the act, we would deter this illegal activity from occurring. East 16th Street (between Avenues R and Z), contains tires, furniture, e-waste, construction materials and household trash strewn about regularly by illegal dumpers. More effective enforcement strategies are needed.</i>	East 16th Street Avenue R Avenue Z

24/33	DSNY	Increase enforcement of illegal posting laws	<i>Our community is inundated with illegal advertising on all street hardware and public structures. Advertising signage for moving men, and lately "Cash for Cars" signs, have appeared everywhere. There must be more effective deterrents for such acts, such as escalating fines for repeat violators, etc. These illegal postings are defacing our entire community.</i>	
25/33	DSNY	Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws	<i>We need more officers along Avenue U to enforce these commercial businesses to keep the areas in front of their businesses clean. Overgrown tree pits, illegal dumping, excessive litter and filthy sidewalks exist perpetually along this corridor.</i>	Avenue U Ocean Parkway Bedford Avenue
26/33	DSNY	Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws	<i>Sheepshead Bay Road, a once thriving retail corridor, has become a neighborhood eyesore and a blight on the community. Very few merchants sufficiently maintain their storefront frontages. We receive numerous complaints from people who live, work and visit the area.</i>	Sheepshead Bay Road East 14th Street Emmons Avenue
27/33	DSNY	Increase vacant lot cleaning	<i>The sidewalk and property abutting the B/Q train line by Homecrest Avenue (between Shore Parkway and Neptune Avenue) has become overgrown and utilized as an illegal dumping ground.</i>	Homecrest Avenue Shore Parkway Neptune Avenue

HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

Brooklyn Community Board 15

Most Important Issue Related to Housing, Economic Development and Land Use

Affordable housing preservation

Our community is a naturally occurring retirement community (NORC) with many of our seniors aging in place. With fixed incomes and insufficient cost of living increases to their social security, aging in place has become increasingly challenging in Brooklyn with the rising costs of rent and other living expenses. We need programs which provide assistance to our seniors, especially those who helped build our communities and want to remain in their homes. If rental assistance is not possible then tax relief to landlords to allow seniors to spend their years with peace of mind securely with a roof over their head.

Community District Needs Related to Housing, Economic Development and Land Use

Needs for Land Use

We are seeing a surge in construction, now that the pandemic is over. We need proper inspections to make sure properties are following suit with their approved plans. We would like to see more inspectors trained and hired to keep up with the influx.

Needs for Housing

We have been receiving an influx of calls from NYCHA's Sheepshead-Nostrand Houses located in our district because of unreasonably long waits for repairs--including broken front doors, broken ovens and other appliances, plumbing issues and generally unsanitary living conditions. The maintenance system in public housing is broken, the prolonged waits are unacceptable. Additional on-site maintenance crews are needed to expedite the warrant of habitability.

Needs for Economic Development

We have a large number of small commercial corridors in our district (i.e.; Avenue U, Sheepshead Bay Road, Avenue P, Gravesend Neck Road and Avenue X) with rents sky-rocketing to ludicrous heights. These storefronts either turnover rapidly, or sit vacant warehoused without attracting new businesses or new investment in the community. Empty storefronts don't entice consumers. They reduce foot traffic to the corridors. Things have gone from bad to worse. The City needs to offer independent small business owners more incentives and assistance in creating businesses, or offer property owners some incentives to attract and retain businesses. Outrageous rents are keeping many of our small commercial areas bleak and depressed. Small businesses have been shown to be the backbone of a local community's economy. They are worthy of our support.

Capital Requests Related to Housing, Economic Development and Land Use

Priority	Agency	Request	Explanation	Location
19/32	HPD	Provide more housing for medium income households	<i>Our seniors can no longer afford to maintain their properties and stay in their homes. Rentals are too expensive on fixed incomes. With an increasing aging population we need to create affordable senior communities. New York City is way behind in that area. Our middle class numbers have decreased. Real estate prices have sky-rocketed in our community. It is becoming impossible for people who grew up here or raised a family here to remain in our community. Home ownership is now a pipe dream, only affordable for the very wealthy. Rents are becoming so high that families have taken up residence in illegally created apartments, sometimes overcrowded to the point of being unsafe.</i>	

Expense Requests Related to Housing, Economic Development and Land Use

Priority	Agency	Request	Explanation	Location
8/33	DOB	Assign additional building inspectors (including expanding training programs)	<i>Response times have improved but complaints deemed non-hazardous and assigned a C priority by the department still takes months to evaluate. We would like to see all complaints across the board be investigated in a timely manner.</i>	
21/33	NYCHA	Improve public housing maintenance and cleanliness	<i>We have been receiving an influx of calls from NYCHA's Sheepshead-Nostrand Houses located in our district because of unreasonably long waits for repairs--including broken front doors, broken ovens and other appliances, plumbing issues and generally unsanitary living conditions. The maintenance system in public housing is broken, the prolonged waits are unacceptable. Additional on-site maintenance crews are needed to expedite the warrant of habitability.</i>	3004 Avenue V

**Other commercial
district revitalization
requests**

We have a large number of small commercial corridors in our district (i.e.; Avenue U, Sheepshead Bay Road, Avenue P, Gravesend Neck Road and Avenue X) with rents skyrocketing to ludicrous heights. These storefronts either turnover rapidly, or sit vacant warehoused without attracting new businesses or new investment in the community. Empty storefronts don't entice consumers. They reduce foot traffic to the corridors. Things have gone from bad to worse. The City needs to offer independent small business owners more incentives and assistance in creating businesses, or offer property owners some incentives to attract and retain businesses. Outrageous rents are keeping many of our small commercial areas bleak and depressed.

Brooklyn Community Board 15

Most Important Issue Related to Transportation and Mobility

Traffic congestion

Our community is growing by leaps and bounds and with the amount of new construction, parking has not kept up with the development or demand. Where one house stood, now several apartments stand with families owning several cars. Because of the lack of parking, people are increasingly parking illegally, they double park and cause congestion throughout the community especially near our commercial districts, such as Sheepshead Bay Road, Avenue U, Kings Highway and Coney Island Avenue. Every school is inundated with parents waiting to pick up their children at dismissal causing congestion throughout the community. We need to develop traffic plans to alleviate the congestion and address the increasing demand for more parking.

Community District Needs Related to Transportation and Mobility

Needs for Traffic and Transportation Infrastructure

Gerritsen Beach is plagued with flooding, even after a minor rainfall event. The neighborhood received some funding to address the older area, but not Gerritsen Beach in its entirety. Gerritsen Avenue from Bartlett Avenue to the Dead End also needs to be studied and upgraded. Streets must be resurfaced and proper drainage provided. Also throughout our community, the Department of Transportation must assign an additional roadway construction crew to expedite the backlog of approved speed humps which must be installed within a matter of months not years. Trench restorations have emerged as a significant consideration given the ongoing dispute over responsibility between the Departments of Transportation and Environmental Protection. While agencies point fingers at each other, roadways are collapsing. Additional HIQA inspectors are needed to keep up with the growing demand for structural integrity and maintenance inspections related to the new class of outdoor eating facilities that were constructed during the pandemic.

Needs for Transit Services

Our stations are filthy! They smell like urinals, the staircases are lined with debris and graffiti is everywhere both inside and outside the stations. Illegal vendors can be found outside each of our large commercial shopping districts along the B/Q lines, Sheepshead Bay, Avenue U, and Kings Highway, blocking access to the station and leaving their garbage strewn about.

Capital Requests Related to Transportation and Mobility

Priority	Agency	Request	Explanation	Location
22/32	DOT	Repair or provide new street lights	<i>We would like to see the addition of solar-powered street lights and traffic signals throughout our community district as a resiliency measure in the event of future storm-related outages.</i>	
23/32	DOT	Repair or provide new street lights	<i>Sufficient funds are requested to upgrade the existing streetlights for improved lighting in response to increases in car break-ins and robberies in the area.</i>	Oriental Boulevard Corbin Place Pembroke Street
24/32	DOT	Other transportation infrastructure requests	<i>Sufficient funds are requested to relocate electrical and utility service lines from old wooden poles to below ground as a resiliency measure due to their frequent power and utility outages affecting the area.</i>	Oriental Boulevard Amherst Street Oxford Street
26/32	NYCTA	Other transit infrastructure requests	<i>Sufficient funds are requested for the upgrading and installation of wrought-iron fencing along the transit berms and properties adjacent to the B/Q subway lines including properties (1) across from 2750 Homecrest Avenue to 2735 E 13th Street; and (2) along East 15th Street between Avenue Z and Avenue Y.</i>	

Expense Requests Related to Transportation and Mobility

Priority	Agency	Request	Explanation	Location
20/33	DOT	Address traffic congestion	<i>We need to take another look at Sheepshead Bay Road and develop a plan that will alleviate the heavy flow of traffic compounded by illegally parked cars and trucks. The area suffers from extreme congestion and mobility challenges. NYC Transit buses can barely navigate the tightness of Sheepshead Bay Road. Our commercial area doesn't flow correctly.</i>	Sheepshead Bay Road Emmons Avenue East 14th Street

29/33	NYCTA	Improve subway station or train cleanliness, safety and maintenance	<i>Transit should have a designated maintenance crew responsible for cleaning the exterior entrances of all transit stations. Our underpass at Sheepshead Bay is a chronic mess, as is Avenue U and Kings Highway. Avenue X and McDonald Avenue is extremely filthy.</i>	
32/33	DOT	Address traffic congestion	<i>With the installation of the bike lane along Emmons Avenue, east-bound traffic moves at a snail's pace. Emergency service vehicles have reported issues traversing the area. Also, westbound traffic is snarled by Bay Academy JHS (at 1401 Emmons Avenue). A traffic study should be conducted when school is in full session.</i>	Emmons Avenue Shore Boulevard Knapp Street
33/33	DOT	Improve traffic and pedestrian safety, including traffic calming	<i>The waiting list to install an approved speed hump is excessive. With the hiring of additional crews to perform this necessary task we can expedite the installation time and reduce crashes and speeding violations.</i>	

PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

Brooklyn Community Board 15

Most Important Issue Related to Parks, Cultural and Other Community Facilities

Quality of parks and park facilities

Our parks serve as an oasis for both young and old to enjoy, but many are in dire need of upgrades. Throughout the district we need more inviting spaces with even pavement, ample seating, good lighting and more modern play equipment to serve all ages and all needs.

Community District Needs Related to Parks, Cultural and Other Community Facilities

Needs for Parks

Brooklyn Community Board 15's parks are in desperate need of maintenance and upgrades. The Department of Parks & Recreation needs to hire additional staff to meet the maintenance needs our parks require on a daily basis, whether it is trimming the weeds, pruning the trees, collecting garbage or making sure play equipment is safe and functioning. In addition, when planning a park or making upgrades to an existing park, comfort stations need to be made a priority, not an afterthought. Homecrest Park located at Williams Court between East 12th Street and Homecrest Avenue desperately needs a comfort station. It's a well-utilized popular park for both the very young and old and bathroom facilities need to be provided. Brigham Park, located on Emmons Avenue by Brigham Street and Knapp Street, is in a rather remote area. A comfort station must be included.

Needs for Cultural Services

Our community is vibrant and alive yet we are lacking in the arts. Our children need to travel to other communities to enjoy the fine arts. Traveling art shows would enhance the waterfront of Emmons Avenue. We need our area parks to host arts, cultural, recreational and educational events such as science fairs which would allow our youth to experience hands-on projects. We would also like to see funding go to the Percent for Art program that introduces art elements to Capital projects in our district.

Needs for Library Services

Our libraries are the heartbeats of our community providing invaluable tools and resources to our young and older residents. It's important we properly fund these institutions to keep them current with the times, safe and accesible to all our residents who heavily rely on them as an important community resoure.

Needs for Community Boards

Capital Requests Related to Parks, Cultural and Other Community Facilities

Priority	Agency	Request	Explanation	Location
1/32	DPR	Provide a new, or new expansion to, a building in a park	<i>Brigham Park, a newly constructed park located on Emmons Avenue and Brigham Street, does not have adequate funding to provide a comfort station. Given its remote location, for the seniors and children of our community, the inclusion of a comfort station would be a necessity.</i>	Brigham Park Brigham Street Emmons Avenue
6/32	DPR	Other requests for park, building, or access improvements	<i>Funding in the total amount of \$7 Million is needed to complete Mellet Playground. We require \$4.5 million for Phase 2 which will convert the dilapidated asphalt multipurpose play area with synthetic turf. Phase 3 requires \$2 million dollars to reconstruct single wall handball courts, and pavement.</i>	Avenue V East 13th Street to East 14th
7/32	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Homecrest Park is in need of a comfort station. It serves a large community of both children and seniors, and public urination at that park has become a health hazard and quality of life condition.</i>	Williams Court and East 12th Street
8/32	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Pat Parlato playground is in poor condition and in need of a total upgrade in recreational equipment.</i>	Falmouth St and Oriental Blvd
9/32	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Manhattan Beach Park's Baseball Field need \$9 Million to complete reconstruction of its baseball field, including new fencing, seating areas, drainage fixes, and filter water bottles.</i>	Ocean Avenue and Oriental Blvd.
10/32	DPR	Other capital budget request for DPR	<i>Many of our Parks are dimly lit and require additional lighting. Perhaps solar powered lighting is something that can be funded to efficiently and inexpensively light our parks.</i>	Belt Pkwy., Williams Court bet. E. 12 St. and Homecrest Ave Brooklyn

11/32	DPR	Other requests for park, building, or access improvements	<i>We need funding to replace the sidewalk adjacent to Holocaust Park on the Sheepshead Bay side. The sidewalk is broken up, a trip hazard and appears to be sinking in certain spots. Our main concern is that it's over water, so we need to locate the source of the sidewalk failure and correct and restore it as soon as possible.</i>	West End Avenue
12/32	DPR	Other capital budget request for DPR	<i>Many of our Parks are dimly lit and require additional lighting. Perhaps solar powered lighting is something that can be funded to efficiently and inexpensively light our parks.</i>	Avenue V, East 13th to East 14th Streets
13/32	DPR	Reconstruct or upgrade a building in a park	<i>Funding in the total amount of \$6.8 Million is requested for the Reconstruction of Bill Brown Playground. \$4.8 million for Phase 2 to completely reconstruct the playground with play equipment for older and younger children of all abilities, safety surfaces, spray shower, benches, fencing, chin-up bars, lighting, landscaping, water and draining systems. Phase 3 requires \$2 million to repave perimeter sidewalks, which are all in poor condition.</i>	Avenue X, East 24th Street, Bedford Avenue and Avenue Y
14/32	DPR	Other requests for park, building, or access improvements	<i>Pritchard Mall Green Space located on Corbin Place (between Brighton Beach Avenue and Oriental Boulevard) has become a broken up, hazardous looking eyesore. Crumbling cement surrounds the entire area and needs to be restored. All the dead brown hedges need to be replaced. It could be repurposed as a sitting area.</i>	Corbin Place btw BBA & Ortl Blvd
15/32	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Funding in the amount of \$4 Million is requested for the Reconstruction of Galapo Playground to completely reconstruct the playground with equipment for older and younger children of all abilities, safety surfaces, spray shower, benches, fencing, lighting, landscaping, water and drainage systems.</i>	Gravesend Neck Road, Bedford Avenue and Avenue V
16/32	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Total needed to upgrade \$9 million dollars. Phase 1 -\$5 million is needed to completely reconstruct the playground with all new play equipment, safety surfaces, spray shower, benches, fencing, lighting, landscape, water and drainage systems. Phase 2 requires \$4 million dollars to reconstruct asphalt multipurpose play area to synthetic turf play area, reconstruct handball and basketball courts.</i>	Avenue Y btw Brown & Haring Streets

17/32	DPR	Other requests for park, building, or access improvements	<i>Shore Boulevard Promenade is in need of a make-over. It needs repaving, new benches, landscaping and new refuse/garbage cans.</i>	Shore Boulevard Promenade West End Avenue Pembroke Street
18/32	DPR	Other requests for park, building, or access improvements	<i>The children's playground is in need of new equipment. The walkway leading to the playground is in disrepair. The ballfield is neglected and should be repurposed. The high fencing near the promenade is in poor shape and needs replacement. In regard to the Tennis Courts the community would like to see in addition to the renovation of these court that pickle ball courts are added as well. There is ample room to add them and would be a welcome addition.</i>	Oriental Boulevard and Falmouth Street
27/32	BPL	Create a new, or renovate or upgrade an existing public library (BPL)	<i>\$11,350,000 is needed to upgrade and enhance the Sheepshead Bay Library Branch. The breakdown is as follows: \$2 million - Acquisition currently leased. \$1 million ADA compliance for entire branch \$200, 000 for safety and security enhancements \$750,000 exterior work \$400.000 Site Drainage \$3 million for interior renovation 1 million for outfitting ff&e 2 million for heating and cooling 1 million for roof</i>	
28/32	BPL	Create a new, or renovate or upgrade an existing public library (BPL)	<i>Sufficient funds of \$1 million dollars needed for initial outfitting of FF&E,</i>	303 Avenue X, Brooklyn, New York, NY
29/32	BPL	Create a new, or renovate or upgrade an existing public library (BPL)	<i>Sufficient funding of \$6.2 million dollars is needed to upgrade Homecrest Library. The amount needed is as follows: \$3 million dollars for acquisition of leased branch \$2 million dollars Heating and Cooling \$1 million for roof \$200,000 for safety and security enhancements</i>	2525 Coney Is Avenue, Brooklyn, New York, NY
30/32	BPL	Create a new, or renovate or upgrade an existing public library (BPL)	<i>Sufficient funds \$3 million dollars is needed for Kings Bay Library for the following: \$1.2 million dollars for their roof and \$1.8 million for exterior and windows.</i>	3650 Nostrand Avenue, Brooklyn, New York, NY

CS	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>We need a total of \$5.9 million for Kelly Playground. \$2.9 million for Phase 2 to convert cracked asphalt field to synthetic turf for a multi-purpose field. Phase 3 requires \$3 million dollars to renovate the basketball courts and realign fewer handball courts and add an adult fitness area.</i>	Avenue S and East 17th Street
----	-----	---	---	-------------------------------

Expense Requests Related to Parks, Cultural and Other Community Facilities

Priority	Agency	Request	Explanation	Location
3/33	DPR	Forestry services, including street tree maintenance	<i>Brooklyn Community Board 15 receives numerous complaints about trees not being pruned, maintained or planted in a timely fashion. More money needs to be allocated to provide better forestry services to our community. New trees should be planted within two-three planting cycles; waiting 4 or 5 years is a ridiculously long time. Tree pruning can take 7-10 years, allowing overgrown and dead branches to become a public safety hazard. We need to expedite this process. Adequately funding this division with additional trained staff and equipment would streamline this vital function.</i>	
6/33	DPR	Other street trees and forestry services requests	<i>We have many defective sidewalk flags causing serious trip hazards in our community district in need of repair due to City trees uprooting them. Current funding levels is inadequate. We are requesting additional funding to address this growing sidewalk hazard.</i>	
14/33	DPR	Provide better park maintenance	<i>Our parks need more personnel to maintain them on a daily basis.</i>	
16/33	DPR	Enhance park safety through more security staff (police or parks enforcement)	<i>Manhattan Beach Park is a remote location in a quiet residential area often trespassed upon after hours by young people who can be mischievous. We have had fires, illegal fireworks, loud music and noise complaints about the park late at night and would like to see more regular patrols of this area to discourage these behaviors.</i>	Oriental Blvd and Ocean Avenue

6. OTHER BUDGET REQUESTS

Other Capital Requests

The Community Board did not submit any Budget Requests in this category.

Other Expense Requests

The Community Board did not submit any Budget Requests in this category.

7. SUMMARY OF PRIORITIZED BUDGET REQUESTS

Capital Budget Requests

Priority	Agency	Request	Explanation	Location
1/32	DPR	Provide a new, or new expansion to, a building in a park	<i>Brigham Park, a newly constructed park located on Emmons Avenue and Brigham Street, does not have adequate funding to provide a comfort station. Given its remote location, for the seniors and children of our community, the inclusion of a comfort station would be a necessity.</i>	Brigham Park Brigham Street Emmons Avenue
2/32	HHC	Renovate or upgrade an existing health care facility	<i>Coney Island Hospital (at 2601 Ocean Parkway) is the closest hospital to our community district, located on Ocean Parkway and near the Belt Parkway. Coney Island Hospital needs additional funding to become a Level 1 Trauma Center. They currently do not have the equipment needed to designate them as such. Brooklyn Community Board 15 would like to see them properly funded to be eligible for this important trauma care designation.</i>	2601 Ocean Parkway, Brooklyn, New York, NY
3/32	FDNY	Provide new facilities such as a firehouse or EMS station	<i>EMS is working with a training center that is too small to accommodate a larger class size. We need a more modern facility that is larger to help recruit, retain and sufficiently train our EMS personnel.</i>	
4/32	NYPD	Add NYPD parking facilities	<i>Currently, Brooklyn has only one police Tow Pound in Northern Brooklyn and it's often at full capacity. This is a growing problem for our community. Additional car lifts (stackers) at the existing Tow Pound would increase holding capacity and permit more vehicles to be stored as an immediate interim measure. The current pound being located across the borough results in long travel times. It limits the turnaround time resulting in diminished productivity per work shift for Row Tow operators serving Southern Brooklyn. Ideally, we would like the short-term addition of car lifts at the existing Tow Pound until a new pound can be sited and constructed in Southern Brooklyn to expedite Row Tow operations enhancing their capacity and increasing their productivity.</i>	

5/32	NYPD	Other NYPD facilities and equipment requests	<i>Currently, Brooklyn does not have the capability to regularly tow heavy vehicles such as a semi-truck or a bus. Instead we have to rely on a special tow truck to be dispatched from Manhattan periodically. Brooklyn must have its own designated heavy load tow truck.</i>	
6/32	DPR	Other requests for park, building, or access improvements	<i>Funding in the total amount of \$7 Million is needed to complete Mellet Playground. We require \$4.5 million for Phase 2 which will convert the dilapidated asphalt multipurpose play area with synthetic turf. Phase 3 requires \$2 million dollars to reconstruct single wall handball courts, and pavement.</i>	Avenue V East 13th Street to East 14th
7/32	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Homecrest Park is in need of a comfort station. It serves a large community of both children and seniors, and public urination at that park has become a health hazard and quality of life condition.</i>	Williams Court and East 12th Street
8/32	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Pat Parlato playground is in poor condition and in need of a total upgrade in recreational equipment.</i>	Falmouth St and Oriental Blvd
9/32	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Manhattan Beach Park's Baseball Field need \$9 Million to complete reconstruction of its baseball field, including new fencing, seating areas, drainage fixes, and filter water bottles.</i>	Ocean Avenue and Oriental Blvd.
10/32	DPR	Other capital budget request for DPR	<i>Many of our Parks are dimly lit and require additional lighting. Perhaps solar powered lighting is something that can be funded to efficiently and inexpensively light our parks.</i>	Belt Pkwy., Williams Court bet. E. 12 St. and Homecrest Ave Brooklyn
11/32	DPR	Other requests for park, building, or access improvements	<i>We need funding to replace the sidewalk adjacent to Holocaust Park on the Sheepshead Bay side. The sidewalk is broken up, a trip hazard and appears to be sinking in certain spots. Our main concern is that it's over water, so we need to locate the source of the sidewalk failure and correct and restore it as soon as possible.</i>	West End Avenue

12/32	DPR	Other capital budget request for DPR	<i>Many of our Parks are dimly lit and require additional lighting. Perhaps solar powered lighting is something that can be funded to efficiently and inexpensively light our parks.</i>	Avenue V, East 13th to East 14th Streets
13/32	DPR	Reconstruct or upgrade a building in a park	<i>Funding in the total amount of \$6.8 Million is requested for the Reconstruction of Bill Brown Playground. \$4.8 million for Phase 2 to completely reconstruct the playground with play equipment for older and younger children of all abilities, safety surfaces, spray shower, benches, fencing, chin-up bars, lighting, landscaping, water and draining systems. Phase 3 requires \$2 million to repave perimeter sidewalks, which are all in poor condition.</i>	Avenue X, East 24th Street, Bedford Avenue and Avenue Y
14/32	DPR	Other requests for park, building, or access improvements	<i>Pritchard Mall Green Space located on Corbin Place (between Brighton Beach Avenue and Oriental Boulevard) has become a broken up, hazardous looking eyesore. Crumbling cement surrounds the entire area and needs to be restored. All the dead brown hedges need to be replaced. It could be repurposed as a sitting area.</i>	Corbin Place btw BBA & Ortl Blvd
15/32	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Funding in the amount of \$4 Million is requested for the Reconstruction of Galapo Playground to completely reconstruct the playground with equipment for older and younger children of all abilities, safety surfaces, spray shower, benches, fencing, lighting, landscaping, water and drainage systems.</i>	Gravesend Neck Road, Bedford Avenue and Avenue V
16/32	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Total needed to upgrade \$9 million dollars. Phase 1 -\$5 million is needed to completely reconstruct the playground with all new play equipment, safety surfaces, spray shower, benches, fencing, lighting, landscape, water and drainage systems. Phase 2 requires \$4 million dollars to reconstruct asphalt multipurpose play area to synthetic turf play area, reconstruct handball and basketball courts.</i>	Avenue Y btw Brown & Haring Streets
17/32	DPR	Other requests for park, building, or access improvements	<i>Shore Boulevard Promenade is in need of a make-over. It needs repaving, new benches, landscaping and new refuse/garbage cans.</i>	Shore Boulevard Promenade West End Avenue Pembroke Street

18/32	DPR	Other requests for park, building, or access improvements	<i>The children's playground is in need of new equipment. The walkway leading to the playground is in disrepair. The ballfield is neglected and should be repurposed. The high fencing near the promenade is in poor shape and needs replacement. In regard to the Tennis Courts the community would like to see in addition to the renovation of these court that pickle ball courts are added as well. There is ample room to add them and would be a welcome addition.</i>	Oriental Boulevard and Falmouth Street
19/32	HPD	Provide more housing for medium income households	<i>Our seniors can no longer afford to maintain their properties and stay in their homes. Rentals are too expensive on fixed incomes. With an increasing aging population we need to create affordable senior communities. New York City is way behind in that area. Our middle class numbers have decreased. Real estate prices have sky-rocketed in our community. It is becoming impossible for people who grew up here or raised a family here to remain in our community. Home ownership is now a pipe dream, only affordable for the very wealthy. Rents are becoming so high that families have taken up residence in illegally created apartments, sometimes overcrowded to the point of being unsafe.</i>	
20/32	DEP	Other capital budget request for DEP	<i>The Coney Island Water Treatment Plant located at 3002 Knapp Street is in need of an increase in overall plant budget for on-going maintenance of the water treatment plant. We need funding for force main repair and additional funding for odor control equipment for repairs and improvements.</i>	3002 Knapp Street
21/32	SCA	Renovate exterior building component	<i>The school's playground floods following every rain event. Heavy rains cause mini-lakes, attracting mosquitoes during the warmer months and ice hazards during the winter. Funding is required for remediation to return the playground safely to the community's children, who use it.</i>	1925 Stuart Street, Brooklyn, New York, NY
22/32	DOT	Repair or provide new street lights	<i>We would like to see the addition of solar-powered street lights and traffic signals throughout our community district as a resiliency measure in the event of future storm-related outages.</i>	

23/32	DOT	Repair or provide new street lights	<i>Sufficient funds are requested to upgrade the existing streetlights for improved lighting in response to increases in car break-ins and robberies in the area.</i>	Oriental Boulevard Corbin Place Pembroke Street
24/32	DOT	Other transportation infrastructure requests	<i>Sufficient funds are requested to relocate electrical and utility service lines from old wooden poles to below ground as a resiliency measure due to their frequent power and utility outages affecting the area.</i>	Oriental Boulevard Amherst Street Oxford Street
25/32	SCA	Renovate other site component	<i>Sufficient funds are requested for a complete resurfacing of the PS 195 schoolyard located at 131 Irwin Street, along with a sidewalk replacement at the entrance of the school.</i>	131 Irwin Street, Brooklyn, New York, NY
26/32	NYCTA	Other transit infrastructure requests	<i>Sufficient funds are requested for the upgrading and installation of wrought-iron fencing along the transit berms and properties adjacent to the B/Q subway lines including properties (1) across from 2750 Homecrest Avenue to 2735 E 13th Street; and (2) along East 15th Street between Avenue Z and Avenue Y.</i>	
27/32	BPL	Create a new, or renovate or upgrade an existing public library (BPL)	<i>\$11,350,000 is needed to upgrade and enhance the Sheepshead Bay Library Branch. The breakdown is as follows: \$2 million - Acquisition currently leased. \$1 million ADA compliance for entire branch \$200,000 for safety and security enhancements \$750,000 exterior work \$400,000 Site Drainage \$3 million for interior renovation 1 million for outfitting ff&e 2 million for heating and cooling 1 million for roof</i>	
28/32	BPL	Create a new, or renovate or upgrade an existing public library (BPL)	<i>Sufficient funds of \$1 million dollars needed for initial outfitting of FF&E,</i>	303 Avenue X, Brooklyn, New York, NY
29/32	BPL	Create a new, or renovate or upgrade an existing public library (BPL)	<i>Sufficient funding of \$6.2 million dollars is needed to upgrade Homecrest Library. The amount needed is as follows: \$3 million dollars for acquisition of leased branch \$2 million dollars Heating and Cooling \$1 million for roof \$200,000 for safety and security enhancements</i>	2525 Coney Is Avenue, Brooklyn, New York, NY

30/32	BPL	Create a new, or renovate or upgrade an existing public library (BPL)	<i>Sufficient funds \$3 million dollars is needed for Kings Bay Library for the following: \$1.2 million dollars for their roof and \$1.8 million for exterior and windows.</i>	3650 Nostrand Avenue, Brooklyn, New York, NY
31/32	SCA	Provide a new or expand an existing elementary school	<i>Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. We have several schools in the district that are overcrowded and resources are stretched to the seams. We need to take a good hard look at these schools and seek solutions to either expand classrooms when possible or create a new school to accommodate these very real and growing needs. Our children are our future, and they deserve the best education possible and overcrowded classrooms cannot provide that. PS 153 is a prime example of a school at capacity.</i>	1970 Homecrest Avenue, Brooklyn NY 11229
32/32	SCA	Provide a new or expand an existing elementary school	<i>Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. We have several schools in the district that are overcrowded and resources are stretched to the seams. We need to take a good hard look at these schools and seek solutions to either expand classrooms when possible or create a new school to accommodate these very real and growing needs. Our children are our future, and they deserve the best education possible and overcrowded classrooms cannot provide that. PS 254 is a prime example of a school at capacity.</i>	1801 Avenue Y, Brooklyn NY 11235
CS	SCA	Provide a new or expand an existing elementary school	<i>Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. We have several schools in the district that are overcrowded and resources are stretched to the seams. We need to take a good hard look at these schools and seek solutions to either expand classrooms when possible or create a new school to accommodate these very real and growing needs. Our children are our future and they deserve the best education possible and overcrowded classrooms cannot provide that. PS 254, PS 153 and PS 206 are prime examples of schools at capacity.</i>	2200 Gravesend Neck Road, Brooklyn, New York, NY

CS	DSNY	Provide new or upgrade existing sanitation garages or other sanitation infrastructure	<i>Brooklyn Community Board 15's Sanitation garage is a temporary structure of trailers located on Knapp Street. We are requesting a permanent home for our Sanitation garage and encourage more aggressive siting actions by the department.</i>	
CS	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>We need a total of \$5.9 million for Kelly Playground. \$2.9 million for Phase 2 to convert cracked asphalt field to synthetic turf for a multi-purpose field. Phase 3 requires \$3 million dollars to renovate the basketball courts and realign fewer handball courts and add an adult fitness area.</i>	Avenue S and East 17th Street

Expense Budget Requests

Priority	Agency	Request	Explanation	Location
1/33	NYPD	Hire additional uniformed officers	<i>With the significant cuts to our Police Department, including the loss of personnel from deferred incoming classes and a higher-than-usual rate of attrition, we are experiencing diminished patrol coverage and a rise in crime. Without an influx of new cadets as we lose more seasoned officers to retirement we lack the means to replace them. Our patrol force will be severely diminished, leaving our community unacceptably vulnerable in especially challenging times.</i>	2575 Coney Island Avenue
2/33	NYPD	Other NYPD programs requests	<i>Sufficient resources are requested to develop and launch a successful marketing and outreach campaign designed to attract and recruit talented individuals who have an interest in joining our police department and pursuing a career in law enforcement.</i>	
3/33	DPR	Forestry services, including street tree maintenance	<i>Brooklyn Community Board 15 receives numerous complaints about trees not being pruned, maintained or planted in a timely fashion. More money needs to be allocated to provide better forestry services to our community. New trees should be planted within two-three planting cycles; waiting 4 or 5 years is a ridiculously long time. Tree pruning can take 7-10 years, allowing overgrown and dead branches to become a public safety hazard. We need to expedite this process. Adequately funding this division with additional trained staff and equipment would streamline this vital function.</i>	

4/33	NYPD	Hire additional crossing guards	<i>All of the schools in our community district would benefit from additional crossing guards. With the severe traffic around many of our schools particularly at dismissal times, crossing guards provide an essential service to ensure the safety of our students and community members as they navigate these congested and often chaotic public spaces. Currently, when a crossing guard is out sick, a uniformed officer is pulled away to take their place, taking an officer away from other critical policing work. Having additional crossing guards available would provide enhanced coverage at schools without having to draw from our uniformed forces when replacements are needed.</i>
5/33	NYPD	Hire additional traffic enforcement agents	<i>All of our commercial corridors are severely congested. Additional traffic enforcement is needed along Coney Island Avenue (between Avenue P and Avenue Z), on Avenue U (between McDonald Avenue and Nostrand Avenue), on Sheepshead Bay Road (between East 14th Street and Emmons Avenue) and on Kings Highway (between McDonald Avenue and Ocean Avenue).</i>
6/33	DPR	Other street trees and forestry services requests	<i>We have many defective sidewalk flags causing serious trip hazards in our community district in need of repair due to City trees uprooting them. Current funding levels is inadequate. We are requesting additional funding to address this growing sidewalk hazard.</i>
7/33	NYPD	Other NYPD programs requests	<i>Currently, Explorers must pay a fee of \$24 a year to participate in this worthwhile Police program. Ideally, we would like to see that fee paid for or waived by the City of New York to encourage greater participation in the program.</i>
8/33	DOB	Assign additional building inspectors (including expanding training programs)	<i>Response times have improved but complaints deemed non-hazardous and assigned a C priority by the department still takes months to evaluate. We would like to see all complaints across the board be investigated in a timely manner.</i>

9/33	DEP	Clean catch basins	<i>Brooklyn Community Board 15 is prone to flooding during rain events. Periodical cleaning of our storm sewers is desperately needed. Specifically Shore Boulevard (between Pembroke and West End Avenue), Oriental Avenue (between Oxford and West End Avenue) and on Gerritsen Avenue (between Channel Avenue and Seba Avenue).</i>	Shore Boulevard Pembroke Street West End Avenue
10/33	DEP	Investigate and address water quality complaints at an address or on specific street segments	<i>In both Sheepshead Bay and Gerritsen Creek we are asking for periodic maintenance to remove floatables. This preventable pollution source (CSO outfalls) are a health and environmental hazard, as well as making these popular locations undesirable and unsightly for the community and its visitors to fully enjoy. We need a better plan to address these outfalls.</i>	
11/33	DSNY	Other garbage collection and recycling requests	<i>Our community district is inundated with calls about derelict vehicles being abandoned on our streets. We support the expansion of the Derelict Vehicle Unit which requires additional manpower to decrease response times, improve response rates and enhance productivity for removing these vehicles.</i>	2501 Knapp Street
12/33	DOHMH	Animal and pest control requests including reducing rat and mosquito populations	<i>Large-scale evidence of rodent harborage exists along the waterfront areas of Sheepshead Bay on Emmons Avenue where feeding the waterfowl is a popular activity and there are many restaurants having outdoor eating facilities. To a lesser degree evidence exists along the Shore Boulevard promenade in Manhattan Beach as well. Other commercial corridors throughout the district (such as Avenue U and Kings Highway) have concentrations of harborage where there are outdoor eating facilities and unmaintained tree pits, in addition to land adjacent to the subway tracks and stations (East 16th Street).</i>	
13/33	DSNY	Other cleaning requests	<i>Additional Manual Litter Patrols (MLP) is needed to keep up with the demands of our district. The traffic medians along Emmons Avenue are constantly collecting debris.</i>	Emmons Avenue Ocean Avenue Knapp Street
14/33	DPR	Provide better park maintenance	<i>Our parks need more personnel to maintain them on a daily basis.</i>	

15/33	FDNY	Provide more firefighters or EMS workers	<i>Currently Kingsborough Community College at 2001 Oriental Blvd from May through October houses an FDNY fireboat. This fireboat is not currently manned 24/7. We believe it would be in the best interest of the community if it could be. With a dry season, brush fires will be more frequent. Being a regional recreational beach and boating coastal community, rescues on the water are an additional challenge which a year-round manned fireboat would be well equipped to respond to. Pulling a rescue boat from further away can be critical when time is of the essence. Since this is a strategic location, we feel keeping it staffed and accessible 24/7 year-round is necessary to ensure public safety is protected.</i>	2001 Oriental Blvd
16/33	DPR	Enhance park safety through more security staff (police or parks enforcement)	<i>Manhattan Beach Park is a remote location in a quiet residential area often trespassed upon after hours by young people who can be mischievous. We have had fires, illegal fireworks, loud music and noise complaints about the park late at night and would like to see more regular patrols of this area to discourage these behaviors.</i>	Oriental Blvd and Ocean Avenue
17/33	DSNY	Provide more frequent garbage or recycling pick-up	<i>Our litter baskets throughout our commercial corridors are overflowing with household waste and illegal dumping creating health hazards and eyesores throughout the area. More frequent basket pickup should be properly funded. Including but not limited to Avenue U (between Coney Island Avenue and Nostrand Avenue), Kings Highway (between Ocean Parkway and Ocean Avenue) and Sheepshead Bay Road (between East 14h Street and Emmons Avenue).</i>	
18/33	DSNY	Expand opportunities for electronic waste collection and disposal	<i>Sufficient funds are requested for dedicated curbside e-waste collection days included with recycling schedules to assist our technologically growing community to properly dispose of e-waste and ensure it does not end up on our streets and in our landfills.</i>	

19/33	HRA	Provide, expand, or enhance rental assistance programs/vouchers for permanent housing	<i>Living in New York has become a costly affair. Rents are rising each year and the cost of living increases exponentially. Salaries don't appear to keep up with the rent demands. Our seniors and disabled are on fixed incomes and struggle to pay rent. We need a way to keep our lower income residents safely in their homes and off the streets with some sort of voucher system to aide them. Hotels and shelters aren't permanent housing, they often prove to be a temporary fix and in the long run are not cost efficient. The existing rental assistance programs, such as Section 8, which need better policing are over-saturated and closed.</i>	
20/33	DOT	Address traffic congestion	<i>We need to take another look at Sheepshead Bay Road and develop a plan that will alleviate the heavy flow of traffic compounded by illegally parked cars and trucks. The area suffers from extreme congestion and mobility challenges. NYC Transit buses can barely navigate the tightness of Sheepshead Bay Road. Our commercial area doesn't flow correctly.</i>	Sheepshead Bay Road Emmons Avenue East 14th Street
21/33	NYCHA	Improve public housing maintenance and cleanliness	<i>We have been receiving an influx of calls from NYCHA's Sheepshead-Nostrand Houses located in our district because of unreasonably long waits for repairs--including broken front doors, broken ovens and other appliances, plumbing issues and generally unsanitary living conditions. The maintenance system in public housing is broken, the prolonged waits are unacceptable. Additional on-site maintenance crews are needed to expedite the warrant of habitability.</i>	3004 Avenue V
22/33	DSNY	Increase enforcement of illegal dumping laws	<i>Our underpasses which are dimly lit attract chronic illegal dumpers. If cameras could be placed at these locations to catch dumpers in the act, we would deter this illegal activity from occurring. East 16th Street (between Avenues R and Z), contains tires, furniture, e-waste, construction materials and household trash strewn about regularly by illegal dumpers. More effective enforcement strategies are needed.</i>	East 16th Street Avenue R Avenue Z

23/33	DFTA	Increase home delivered meals capacity	<i>Many of our seniors, live in isolation with family members living out of state. They have come to rely more than ever on home delivered meals. Having that brief interaction can be a life saver. Meal providers are trained to check up on seniors and when they are not responding critical steps are than taken to assure our older New Yorkers are doing well. Capacity for meals along with new replacement fleet vehicles should be expanded at this time.</i>	
24/33	DSNY	Increase enforcement of illegal posting laws	<i>Our community is inundated with illegal advertising on all street hardware and public structures. Advertising signage for moving men, and lately "Cash for Cars" signs, have appeared everywhere. There must be more effective deterrents for such acts, such as escalating fines for repeat violators, etc. These illegal postings are defacing our entire community.</i>	
25/33	DSNY	Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws	<i>We need more officers along Avenue U to enforce these commercial businesses to keep the areas in front of their businesses clean. Overgrown tree pits, illegal dumping, excessive litter and filthy sidewalks exist perpetually along this corridor.</i>	Avenue U Ocean Parkway Bedford Avenue
26/33	DSNY	Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws	<i>Sheepshead Bay Road, a once thriving retail corridor, has become a neighborhood eyesore and a blight on the community. Very few merchants sufficiently maintain their storefront frontages. We receive numerous complaints from people who live, work and visit the area.</i>	Sheepshead Bay Road East 14th Street Emmons Avenue
27/33	DSNY	Increase vacant lot cleaning	<i>The sidewalk and property abutting the B/Q train line by Homecrest Avenue (between Shore Parkway and Neptune Avenue) has become overgrown and utilized as an illegal dumping ground.</i>	Homecrest Avenue Shore Parkway Neptune Avenue

28/33	SBS	Other commercial district revitalization requests	<i>We have a large number of small commercial corridors in our district (i.e.; Avenue U, Sheepshead Bay Road, Avenue P, Gravesend Neck Road and Avenue X) with rents skyrocketing to ludicrous heights. These storefronts either turnover rapidly, or sit vacant warehoused without attracting new businesses or new investment in the community. Empty storefronts don't entice consumers. They reduce foot traffic to the corridors. Things have gone from bad to worse. The City needs to offer independent small business owners more incentives and assistance in creating businesses, or offer property owners some incentives to attract and retain businesses. Outrageous rents are keeping many of our small commercial areas bleak and depressed.</i>	
29/33	NYCTA	Improve subway station or train cleanliness, safety and maintenance	<i>Transit should have a designated maintenance crew responsible for cleaning the exterior entrances of all transit stations. Our underpass at Sheepshead Bay is a chronic mess, as is Avenue U and Kings Highway. Avenue X and McDonald Avenue is extremely filthy.</i>	
30/33	DYCD	Provide, expand, or enhance after school programs for elementary school students (grades K-5)	<i>After school programs provide a safe, social and educational experience for our children, while giving them the tools they will need to develop into successful motivated adults. It's important we make sure there is proper funding in place to maintain and expand these important programs.</i>	
31/33	DYCD	Provide, expand, or enhance after school programs for middle school students (grades 6-8)	<i>After school programs provide a safe, social and educational experience for our children, while giving them the tools they will need to develop into successful motivated adults. It's important we make sure there is proper funding in place to maintain and expand these important programs.</i>	
32/33	DOT	Address traffic congestion	<i>With the installation of the bike lane along Emmons Avenue, east-bound traffic moves at a snail's pace. Emergency service vehicles have reported issues traversing the area. Also, westbound traffic is snarled by Bay Academy JHS (at 1401 Emmons Avenue). A traffic study should be conducted when school is in full session.</i>	Emmons Avenue Shore Boulevard Knapp Street

Improve traffic and pedestrian safety, including traffic calming

The waiting list to install an approved speed hump is excessive. With the hiring of additional crews to perform this necessary task we can expedite the installation time and reduce crashes and speeding violations.

FY25 Community Board Budget Requests with Agency Responses – Capital

PRIORITY	AGENCY	CB REQUEST	REASON	AGENCY RESPONSE
01/35	DPR	Provide a new, or new expansion to, a building in a park	<i>Brigham Park, a newly constructed park located on Emmons Avenue and Brigham Street, does not have adequate funding to provide a comfort station. Given its remote location, for the seniors and children of our community, the inclusion of a comfort station would be a necessity.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.
02/35	HHC	Renovate or upgrade an existing health care facility	<i>Coney Island Hospital (at 2601 Ocean Parkway) is the closest hospital to our community district, located on Ocean Parkway and near the Belt Parkway. Coney Island Hospital needs additional funding to become a Level 1 Trauma Center. They currently do not have the equipment needed to designate them as such. Brooklyn Community Board 15 would like to see them properly funded to be eligible for this important trauma care designation.</i>	The costs and efforts needed to submit and operate a Trauma Center would make this an unsustainable proposition. The hospital administration appreciates the CB's support of the capital and expense requests being made annually and for its overall support of the Hospital's programs.
03/35	FDNY	Provide new facilities such as a firehouse or EMS station	<i>EMS is working with a training center that is too small to accommodate a larger class size. We need a more modern facility that is larger to help recruit, retain and sufficiently train our EMS personnel.</i>	Further study by the agency of this request is needed.
04/35	NYPD	Add NYPD parking facilities	<i>Currently, Brooklyn has only one police Tow Pound in Northern Brooklyn and it's often at full capacity. This is a growing problem for our community. Additional car lifts (stackers) at the existing Tow Pound would increase holding capacity and permit more vehicles to be stored as an immediate interim measure. The current pound being located across the borough results in long travel times. It limits the turnaround time resulting in diminished productivity per work shift for Row Tow operators serving Southern Brooklyn. Ideally, we would like the short-term addition of car lifts at the existing Tow Pound until a new pound can be sited and constructed in Southern Brooklyn to expedite Row Tow operations enhancing their capacity and increasing their productivity.</i>	The NYPD is working with the Mayor's Office of Management and Budget in order to secure additional towing facilities.
05/35	NYPD	Other NYPD facilities and equipment requests	<i>Currently, Brooklyn does not have the capability to regularly tow heavy vehicles such as a semi-truck or a bus. Instead we have to rely on a special tow truck to be dispatched from Manhattan periodically. Brooklyn must have its own designated heavy load tow truck.</i>	The Brooklyn Tow Pound is now equipped with a heavy duty tow truck.

06/35	DPR	Other requests for park, building, or access improvements	<i>Funding in the total amount of \$7 Million is needed to complete Mellet Playground. We require \$4.5 million for Phase 2 which will convert the dilapidated asphalt multipurpose play area with synthetic turf. Phase 3 requires \$2 million dollars to reconstruct single wall handball courts, and pavement.</i>	This request is partially funded. Contact the Department of Parks and Recreation for specifics.
07/35	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Homecrest Park is in need of a comfort station. It serves a large community of both children and seniors, and public urination at that park has become a health hazard and quality of life condition.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.
08/35	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Pat Parlato playground is in poor condition and in need of a total upgrade in recreational equipment.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.
09/35	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Manhattan Beach Park's Baseball Field need \$9 Million to complete reconstruction of its baseball field, including new fencing, seating areas, drainage fixes, and filter water bottles.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.
10/35	DPR	Other capital budget request for DPR	<i>Many of our Parks are dimly lit and require additional lighting. Perhaps solar powered lighting is something that can be funded to efficiently and inexpensively light our parks.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.
11/35	DPR	Other requests for park, building, or access improvements	<i>We need funding to replace the sidewalk adjacent to Holocaust Park on the Sheepshead Bay side. The sidewalk is broken up, a trip hazard and appears to be sinking in certain spots. Our main concern is that it's over water, so we need to locate the source of the sidewalk failure and correct and restore it as soon as possible.</i>	The Department of Parks and Recreation does not maintain this facility.
12/35	DPR	Other capital budget request for DPR	<i>Many of our Parks are dimly lit and require additional lighting. Perhaps solar powered lighting is something that can be funded to efficiently and inexpensively light our parks.</i>	This project is funded and is in the design phase.
13/35	DPR	Reconstruct or upgrade a building in a park	<i>Funding in the total amount of \$6.8 Million is requested for the Reconstruction of Bill Brown Playground. \$4.8 million for Phase 2 to completely reconstruct the playground with play equipment for older and younger children of all abilities, safety surfaces, spray shower, benches, fencing, chin-up bars, lighting, landscaping, water and draining systems. Phase 3 requires \$2 million to repave perimeter sidewalks, which are all in poor condition.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.

14/35	DPR	Other requests for park, building, or access improvements	<i>Pritchard Mall Green Space located on Corbin Place (between Brighton Beach Avenue and Oriental Boulevard) has become a broken up, hazardous looking eyesore. Crumbling cement surrounds the entire area and needs to be restored. All the dead brown hedges need to be replaced. It could be repurposed as a sitting area.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.
15/35	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Funding in the amount of \$4 Million is requested for the Reconstruction of Galapo Playground to completely reconstruct the playground with equipment for older and younger children of all abilities, safety surfaces, spray shower, benches, fencing, lighting, landscaping, water and drainage systems.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.
16/35	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Total needed to upgrade \$9 million dollars. Phase 1 - \$5 million is needed to completely reconstruct the playground with all new play equipment, safety surfaces, spray shower, benches, fencing, lighting, landscape, water and drainage systems. Phase 2 requires \$4 million dollars to reconstruct asphalt multipurpose play area to synthetic turf play area, reconstruct handball and basketball courts.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.
17/35	DPR	Other requests for park, building, or access improvements	<i>Shore Boulevard Promenade is in need of a make-over. It needs repaving, new benches, landscaping and new refuse/garbage cans.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.
18/35	DPR	Other requests for park, building, or access improvements	<i>The children's playground is in need of new equipment. The walkway leading to the playground is in disrepair. The ballfield is neglected and should be repurposed. The high fencing near the promenade is in poor shape and needs replacement. In regard to the Tennis Courts the community would like to see in addition to the renovation of these court that pickle ball courts are added as well. There is ample room to add them and would be a welcome addition.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.

19/35	HPD	Provide more housing for medium income households	<i>Our seniors can no longer afford to maintain their properties and stay in their homes. Rentals are too expensive on fixed incomes. With an increasing aging population we need to create affordable senior communities. New York City is way behind in that area. Our middle class numbers have decreased. Real estate prices have sky-rocketed in our community. It is becoming impossible for people who grew up here or raised a family here to remain in our community. Home ownership is now a pipe dream, only affordable for the very wealthy. Rents are becoming so high that families have taken up residence in illegally created apartments, sometimes overcrowded to the point of being unsafe.</i>	This is not a budget request.
20/35	DEP	Other capital budget request for DEP	<i>The Coney Island Water Treatment Plant located at 3002 Knapp Street is in need of an increase in overall plant budget for on-going maintenance of the water treatment plant. We need funding for force main repair and additional funding for odor control equipment for repairs and improvements.</i>	Please contact the Agency directly and promptly for more information.
21/35	DOE	Renovate exterior building component	<i>The school's playground floods following every rain event. Heavy rains cause mini-lakes, attracting mosquitoes during the warmer months and ice hazards during the winter. Funding is required for remediation to return the playground safely to the community's children, who use it.</i>	Please contact the Agency directly and promptly for more information.
22/35	DOT	Repair or provide new street lights	<i>We would like to see the addition of solar-powered street lights and traffic signals throughout our community district as a resiliency measure in the event of future storm-related outages.</i>	Further study by the agency of this request is needed.
23/35	DOT	Repair or provide new street lights	<i>Sufficient funds are requested to upgrade the existing streetlights for improved lighting in response to increases in car break-ins and robberies in the area.</i>	More information is needed from the community board before making a funding decision. The community board should contact the agency.
24/35	OMB	Other transportation infrastructure requests	<i>Sufficient funds are requested to relocate electrical and utility service lines from old wooden poles to below ground as a resiliency measure due to their frequent power and utility outages affecting the area.</i>	As of the FY 2025 Preliminary Budget, each Community Board's budget is being maintained.
25/35	DOE	Renovate other site component	<i>Sufficient funds are requested for a complete resurfacing of the PS 195 schoolyard located at 131 Irwin Street, along with a sidewalk replacement at the entrance of the school.</i>	Please contact the Agency directly and promptly for more information.
26/35	NYCTA	Other transit infrastructure requests	<i>Sufficient funds are requested for the upgrading and installation of wrought-iron fencing along the transit berms and properties adjacent to the B/Q subway lines including properties (1) across from 2750 Homecrest Avenue to 2735 E 13th Street; and (2) along East 15th Street between Avenue Z and Avenue Y.</i>	Please contact the Agency directly and promptly for more information.

27/35	BPL	Create a new, or renovate or upgrade an existing public library (BPL)	<i>\$11,350,000 is needed to upgrade and enhance the Sheepshead Bay Library Branch. The breakdown is as follows:\$2 million - Acquisition currently leased.\$1 million ADA compliance for entire branch\$200, 000 for safety and security enhancements\$750,000 exterior work\$400.000 Site Drainage\$3 million for interior renovation1 million for outfitting ff&e2 million for heating and cooling1 million for roof</i>	This BPL capital project is currently unfunded or not fully funded. BPL supports the City funding this need.
28/35	BPL	Create a new, or renovate or upgrade an existing public library (BPL)	<i>Sufficient funds of \$1 million dollars needed for initial outfitting of FF&E,</i>	This BPL capital project is currently unfunded or not fully funded. BPL supports the City funding this need.
29/35	BPL	Create a new, or renovate or upgrade an existing public library (BPL)	<i>Sufficient funding of \$6.2 million dollars is needed to upgrade Homecrest Library. The amount needed is as follows:\$3 million dollars for acquisition of leased branch\$2 million dollars Heating and Cooling\$1 million for roof\$200,000 for safety and security enhancements</i>	This BPL capital project is currently unfunded or not fully funded. BPL supports the City funding this need.
30/35	BPL	Create a new, or renovate or upgrade an existing public library (BPL)	<i>Sufficient funds \$3 million dollars is needed for Kings Bay Library for the following:\$1.2 million dollars for their roof and \$1.8 million for exterior and windows.</i>	The design phase of this BPL project has commenced.
31/35	DOE	Provide a new or expand an existing elementary school	<i>Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. We have several schools in the district that are overcrowded and resources are stretched to the seams. We need to take a good hard look at these schools and seek solutions to either expand classrooms when possible or create a new school to accommodate these very real and growing needs. Our children are our future, and they deserve the best education possible and overcrowded classrooms cannot provide that. PS 153 is a prime example of a school at capacity.</i>	Please contact the Agency directly and promptly for more information.
32/35	DOE	Provide a new or expand an existing elementary school	<i>Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. We have several schools in the district that are overcrowded and resources are stretched to the seams. We need to take a good hard look at these schools and seek solutions to either expand classrooms when possible or create a new school to accommodate these very real and growing needs. Our children are our future, and they deserve the best education possible and overcrowded classrooms cannot provide that. PS 254 is a prime example of a school at capacity.</i>	Please contact the Agency directly and promptly for more information.

CS/35	DOE	Provide a new or expand an existing elementary school	<i>Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. We have several schools in the district that are overcrowded and resources are stretched to the seams. We need to take a good hard look at these schools and seek solutions to either expand classrooms when possible or create a new school to accommodate these very real and growing needs. Our children are our future and they deserve the best education possible and overcrowded classrooms cannot provide that. PS 254, PS 153 and PS 206 are prime examples of schools at capacity.</i>	Please contact the Agency directly and promptly for more information.
CS/35	DSNY	Provide new or upgrade existing sanitation garages or other sanitation infrastructure	<i>Brooklyn Community Board 15's Sanitation garage is a temporary structure of trailers located on Knapp Street. We are requesting a permanent home for our Sanitation garage and encourage more aggressive siting actions by the department.</i>	No alternate site has been identified to support the proposed action.
CS/35	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>We need a total of \$5.9 million for Kelly Playground. \$2.9 million for Phase 2 to convert cracked asphalt field to synthetic turf for a multi-purpose field. Phase 3 requires \$3 million dollars to renovate the basketball courts and realign fewer handball courts and add an adult fitness area.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.

FY25 Community Board Budget Requests with Agency Responses – Expense

PRIORITY	AGENCY	CB REQUEST	REASON	AGENCY RESPONSE
01/33	NYPD	Hire additional uniformed officers	<i>With the significant cuts to our Police Department, including the loss of personnel from deferred incoming classes and a higher-than-usual rate of attrition, we are experiencing diminished patrol coverage and a rise in crime. Without an influx of new cadets as we lose more seasoned officers to retirement we lack the means to replace them. Our patrol force will be severely diminished, leaving our community unacceptably vulnerable in especially challenging times.</i>	NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.
02/33	NYPD	Other NYPD programs requests	<i>Sufficient resources are requested to develop and launch a successful marketing and outreach campaign designed to attract and recruit talented individuals who have an interest in joining our police department and pursuing a career in law enforcement.</i>	This project was funded in a prior fiscal year and the scope is now underway.
03/33	DPR	Forestry services, including street tree maintenance	<i>Brooklyn Community Board 15 receives numerous complaints about trees not being pruned, maintained or planted in a timely fashion. More money needs to be allocated to provide better forestry services to our community. New trees should be planted within two-three planting cycles; waiting 4 or 5 years is a ridiculously long time. Tree pruning can take 7-10 years, allowing overgrown and dead branches to become a public safety hazard. We need to expedite this process. Adequately funding this division with additional trained staff and equipment would streamline this vital function.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.
04/33	NYPD	Hire additional crossing guards	<i>All of the schools in our community district would benefit from additional crossing guards. With the severe traffic around many of our schools particularly at dismissal times, crossing guards provide an essential service to ensure the safety of our students and community members as they navigate these congested and often chaotic public spaces. Currently, when a crossing guard is out sick, a uniformed officer is pulled away to take their place, taking an officer away from other critical policing work. Having additional crossing guards available would provide enhanced coverage at schools without having to draw from our uniformed forces when replacements are needed.</i>	Based on the latest budget, the NYPD has a specific budgeted headcount. The agency is working on filling vacancies in order to get to that headcount.
05/33	NYPD	Hire additional traffic enforcement agents	<i>All of our commercial corridors are severely congested. Additional traffic enforcement is needed along Coney Island Avenue (between Avenue P and Avenue Z), on Avenue U (between McDonald Avenue and Nostrand Avenue), on Sheepshead Bay Road (between East 14th Street and Emmons Avenue) and on Kings Highway (between McDonald Avenue and Ocean Avenue).</i>	Based on the latest budget, the NYPD has a specific budgeted headcount. The agency is working on filling vacancies in order to get to that headcount.

06/33	DPR	Other street trees and forestry services requests	<i>We have many defective sidewalk flags causing serious trip hazards in our community district in need of repair due to City trees uprooting them. Current funding levels is inadequate. We are requesting additional funding to address this growing sidewalk hazard.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.
07/33	NYPD	Other NYPD programs requests	<i>Currently, Explorers must pay a fee of \$24 a year to participate in this worthwhile Police program. Ideally, we would like to see that fee paid for or waived by the City of New York to encourage greater participation in the program.</i>	Additional NYPD resources for this project are unavailable at this time due to funding constraints. However, the program will continue to operate within current funding levels.
08/33	DOB	Assign additional building inspectors (including expanding training programs)	<i>Response times have improved but complaints deemed non-hazardous and assigned a C priority by the department still takes months to evaluate. We would like to see all complaints across the board be investigated in a timely manner.</i>	More information is needed from the community board before making a funding decision. The community board should contact the agency.
09/33	DEP	Clean catch basins	<i>Brooklyn Community Board 15 is prone to flooding during rain events. Periodical cleaning of our storm sewers is desperately needed. Specifically Shore Boulevard (between Pembroke and West End Avenue), Oriental Avenue (between Oxford and West End Avenue) and on Gerritsen Avenue (between Channel Avenue and Seba Avenue).</i>	Please contact the Agency directly and promptly for more information.
10/33	DEP	Investigate and address water quality complaints at an address or on specific street segments	<i>In both Sheepshead Bay and Gerritsen Creek we are asking for periodic maintenance to remove floatables. This preventable pollution source (CSO outfalls) are a health and environmental hazard, as well as making these popular locations undesirable and unsightly for the community and its visitors to fully enjoy. We need a better plan to address these outfalls.</i>	Please contact the Agency directly and promptly for more information.
11/33	DSNY	Other garbage collection and recycling requests	<i>Our community district is inundated with calls about derelict vehicles being abandoned on our streets. We support the expansion of the Derelict Vehicle Unit which requires additional manpower to decrease response times, improve response rates and enhance productivity for removing these vehicles.</i>	The agency will try to accommodate this issue within existing resources.
12/33	DOHMH	Animal and pest control requests including reducing rat and mosquito populations	<i>Large-scale evidence of rodent harborage exists along the waterfront areas of Sheepshead Bay on Emmons Avenue where feeding the waterfowl is a popular activity and there are many restaurants having outdoor eating facilities. To a lesser degree evidence exists along the Shore Boulevard promenade in Manhattan Beach as well. Other commercial corridors throughout the district (such as Avenue U and Kings Highway) have concentrations of harborage where there are outdoor eating facilities and unmaintained tree pits, in addition to land adjacent to the subway tracks and stations (East 16th Street).</i>	DOHMH continues to increase the number of inspections performed annually. We also continue to respond to all 311 complaints and readily participate in walk-through events requested by the community in areas of concern. Feel free to contact us to request a walk-through. Additional services would be contingent upon available resources.

13/33	DSNY	Other cleaning requests	<i>Additional Manual Litter Patrols (MLP) is needed to keep up with the demands of our district. The traffic medians along Emmons Avenue are constantly collecting debris.</i>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.
14/33	DPR	Provide better park maintenance	<i>Our parks need more personnel to maintain them on a daily basis.</i>	The Parks Department would support this request for personnel.
15/33	FDNY	Provide more firefighters or EMS workers	<i>Currently Kingsborough Community College at 2001 Oriental Blvd from May through October houses an FDNY fireboat. This fireboat is not currently manned 24/7. We believe it would be in the best interest of the community if it could be. With a dry season, brush fires will be more frequent. Being a regional recreational beach and boating coastal community, rescues on the water are an additional challenge which a year-round manned fireboat would be well equipped to respond to. Pulling a rescue boat from further away can be critical when time is of the essence. Since this is a strategic location, we feel keeping it staffed and accessible 24/7 year-round is necessary to ensure public safety is protected.</i>	In the Preliminary Budget, Citywide personnel/program/ equipment funds are maintained in FY 2024. Allocations are scheduled by the agency only after budget adoption.
16/33	DPR	Enhance park safety through more security staff (police or parks enforcement)	<i>Manhattan Beach Park is a remote location in a quiet residential area often trespassed upon after hours by young people who can be mischievous. We have had fires, illegal fireworks, loud music and noise complaints about the park late at night and would like to see more regular patrols of this area to discourage these behaviors.</i>	The Parks Department would support this request for personnel.
17/33	DSNY	Provide more frequent garbage or recycling pick-up	<i>Our litter baskets throughout our commercial corridors are overflowing with household waste and illegal dumping creating health hazards and eyesores throughout the area. More frequent basket pickup should be properly funded. Including but not limited to Avenue U (between Coney Island Avenue and Nostrand Avenue), Kings Highway (between Ocean Parkway and Ocean Avenue) and Sheepshead Bay Road (between East 14h Street and Emmons Avenue).</i>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.
18/33	DSNY	Expand opportunities for electronic waste collection and disposal	<i>Sufficient funds are requested for dedicated curbside e-waste collection days included with recycling schedules to assist our technologically growing community to properly dispose of e-waste and ensure it does not end up on our streets and in our landfills.</i>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.

19/33	HRA	Provide, expand, or enhance rental assistance programs/vouchers for permanent housing	<i>Living in New York has become a costly affair. Rents are rising each year and the cost of living increases exponentially. Salaries don't appear to keep up with the rent demands. Our seniors and disabled are on fixed incomes and struggle to pay rent. We need a way to keep our lower income residents safely in their homes and off the streets with some sort of voucher system to aide them. Hotels and shelters aren't permanent housing, they often prove to be a temporary fix and in the long run are not cost efficient. The existing rental assistance programs, such as Section 8, which need better policing are over-saturated and closed.</i>	Homelessness prevention is one of the Agency's priorities. Funds have been allocated in the budget for these services.
20/33	DOT	Address traffic congestion	<i>We need to take another look at Sheepshead Bay Road and develop a plan that will alleviate the heavy flow of traffic compounded by illegally parked cars and trucks. The area suffers from extreme congestion and mobility challenges. NYC Transit buses can barely navigate the tightness of Sheepshead Bay Road. Our commercial area doesn't flow correctly.</i>	Further study by the agency of this request is needed.
21/33	NYCHA	Improve public housing maintenance and cleanliness	<i>We have been receiving an influx of calls from NYCHA's Sheepshead-Nostrand Houses located in our district because of unreasonably long waits for repairs-including broken front doors, broken ovens and other appliances, plumbing issues and generally unsanitary living conditions. The maintenance system in public housing is broken, the prolonged waits are unacceptable. Additional on-site maintenance crews are needed to expedite the warrant of habitability.</i>	The agency will accommodate this issue within existing resources.
22/33	DSNY	Increase enforcement of illegal dumping laws	<i>Our underpasses which are dimly lit attract chronic illegal dumpers. If cameras could be placed at these locations to catch dumpers in the act, we would deter this illegal activity from occurring. East 16th Street (between Avenues R and Z), contains tires, furniture, e-waste, construction materials and household trash strewn about regularly by illegal dumpers. More effective enforcement strategies are needed.</i>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.
23/33	DFTA	Increase home delivered meals capacity	<i>Many of our seniors, live in isolation with family members living out of state. They have come to rely more than ever on home delivered meals. Having that brief interaction can be a life saver. Meal providers are trained to check up on seniors and when they are not responding critical steps are than taken to assure our older New Yorkers are doing well. Capacity for meals along with new replacement fleet vehicles should be expanded at this time.</i>	Approval of this request depends on sufficient Federal/State funds.

24/33	DSNY	Increase enforcement of illegal posting laws	<i>Our community is inundated with illegal advertising on all street hardware and public structures. Advertising signage for moving men, and lately "Cash for Cars" signs, have appeared everywhere. There must be more effective deterrents for such acts, such as escalating fines for repeat violators, etc. These illegal postings are defacing our entire community.</i>	This is not a budget request. The matter in question is an issue of service delivery and/or agency policy. Contact the Department of Sanitation to determine how best to resolve this issue.
25/33	DSNY	Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws	<i>We need more officers along Avenue U to enforce these commercial businesses to keep the areas in front of their businesses clean. Overgrown tree pits, illegal dumping, excessive litter and filthy sidewalks exist perpetually along this corridor.</i>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.
26/33	DSNY	Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws	<i>Sheepshead Bay Road, a once thriving retail corridor, has become a neighborhood eyesore and a blight on the community. Very few merchants sufficiently maintain their storefront frontages. We receive numerous complaints from people who live, work and visit the area.</i>	This is not a budget request. The matter in question is an issue of service delivery and/or agency policy. Contact the Department of Sanitation to determine how best to resolve this issue.
27/33	DSNY	Increase vacant lot cleaning	<i>The sidewalk and property abutting the B/Q train line by Homecrest Avenue (between Shore Parkway and Neptune Avenue) has become overgrown and utilized as an illegal dumping ground.</i>	The agency will try to accommodate this issue within existing resources.
28/33	SBS	Other commercial district revitalization requests	<i>We have a large number of small commercial corridors in our district (i.e.; Avenue U, Sheepshead Bay Road, Avenue P, Gravesend Neck Road and Avenue X) with rents sky-rocketing to ludicrous heights. These storefronts either turnover rapidly, or sit vacant warehoused without attracting new businesses or new investment in the community. Empty storefronts don't entice consumers. They reduce foot traffic to the corridors. Things have gone from bad to worse. The City needs to offer independent small business owners more incentives and assistance in creating businesses, or offer property owners some incentives to attract and retain businesses. Outrageous rents are keeping many of our small commercial areas bleak and depressed.</i>	The agency will try to accommodate this issue within existing resources.
29/33	NYCTA	Improve subway station or train cleanliness, safety and maintenance	<i>Transit should have a designated maintenance crew responsible for cleaning the exterior entrances of all transit stations. Our underpass at Sheepshead Bay is a chronic mess, as is Avenue U and Kings Highway. Avenue X and McDonald Avenue is extremely filthy.</i>	Please contact the Agency directly and promptly for more information.
30/33	DYCD	Provide, expand, or enhance after school programs for elementary school students (grades K-5)	<i>After school programs provide a safe, social and educational experience for our children, while giving them the tools they will need to develop into successful motivated adults. It's important we make sure there is proper funding in place to maintain and expand these important programs.</i>	Presently, there are a variety of agency-funded programs in the district for this target population. Additional programs are contingent upon available funding and will be distributed through an RFP process. Organizations are encouraged to apply.

31/33	DYCD	Provide, expand, or enhance after school programs for middle school students (grades 6-8)	<i>After school programs provide a safe, social and educational experience for our children, while giving them the tools they will need to develop into successful motivated adults. It's important we make sure there is proper funding in place to maintain and expand these important programs.</i>	Presently, there are a variety of agency-funded programs in the district for this target population. Additional programs are contingent upon available funding and will be distributed through an RFP process. Organizations are encouraged to apply.
32/33	DOT	Address traffic congestion	<i>With the installation of the bike lane along Emmons Avenue, east-bound traffic moves at a snail's pace. Emergency service vehicles have reported issues traversing the area. Also, westbound traffic is snarled by Bay Academy JHS (at 1401 Emmons Avenue). A traffic study should be conducted when school is in full session.</i>	No study is recommended or planned at this time.
33/33	DOT	Improve traffic and pedestrian safety, including traffic calming	<i>The waiting list to install an approved speed hump is excessive. With the hiring of additional crews to perform this necessary task we can expedite the installation time and reduce crashes and speeding violations.</i>	The agency will try to accommodate this issue within existing resources.
