3. Overview of Community District

Community Board 14 encompasses the Rockaway Peninsula and Broad Channel. It has at least 13 distinct communities, each with its own name, neighborhoods, interests and problems bound together by a common geography and history, which is both written and hidden. From a westerly to easterly direction, we point to Breezy Point, Rockaway Point, Neponsit, Belle Harbor, Rockaway Park, Rockaway Beach, Arverne/Sommerville, Edgemere, Arverne by the Sea, Bayswater, Wavecrest and Far Rockaway and Broad channel Island. The Rockaways is some eleven miles in length and is three quarters of a mile wide. With its multi-ethnic, multi-religious groupings, the concerns of the poor, the aged, the young and needy is often termed a microcosm of New York City. Patterns of housing are equally diverse with evidence of affluence in the western and most eastern sections of the district. And large concentrations of public housing and publicly assisted housing in between. While our District is still recovering from hurricane SANDY it is our belief that with government assistance our many devastated communities will recover and thrive. The board looks forward to an amended "Downtown Far Rockaway" Plan. The board looks forward to improving the plan by reducing density, the height of the proposed buildings and including more parking.

4. Top Three Pressing Issues Overall

The three most pressing issues facing Queens Community Board 14 are:

- *Resiliency*
- *Transit (buses & subways)*
- *Unemployment*

Flooding -It's become clear that after Hurricane SANDY, that protection from Flooding is a major concern. The communities in our district that face Jamaica Bay are in constant jeopardy from high tides, storm surge and heavy rains. Bulk heads, street raising and storm sewers must be installed along Rockaways northern boarder and through out Broad Channel. Groins/jetties and Beach sand replenishment must be funded. Public Health- With the closing of Peninsula Hospital, St Johns hospital has become over crowded and unable to handle the load . A typical wait in the emergency room exceeds 5 hours and a wait for a bed can be over a day this must be delt with . We also have been deeply disappointed in the NYC Dept of health's refusal to implement a program of the spraying/fogging of adulticide to deal with summer mosquito problem. Street Conditions- CB14 has experienced an large increase in summer tourism. This has caused traffic problems through out the district. Our roads remain in poor condition after hurricane SANDY. The expansion of Rockaway Beach blvd from Beach 62-Beach 32/Seagirt Blvd MUST be designed and funded this road way remain dangerous and over used. We also look forward to more Police officers during the summer beach season.

5. Summary of Community District Needs and Budget Requests

Health Care and Human Services

Main Issue Related to Health Care and Human Services

Services for low-income and vulnerable New Yorkers

With the closing of Peninsula hospital health care for the many low income residents has become difficult.

Community District Needs Related to Health Care Facilities and Programming

The Board would like additional funding for expansion and staffing for primary health care and emergency health care. Ideally the re-opening of Peninsula Hospital in some way would be greatly beneficial to our community

Community District Needs Related to Facilities and Programming for Older New Yorkers

Our community board has a large Senior population- The need for more senior centers through out the district is evident

Community District Needs Related to Facilities and Services for the Homeless

Community board 14 has over 3000 units of public housing and we have the largest amount of section 8 voucher placements in the Borough of Queens. We have over 5000 nursing and Adult home beds. The Mayor recently opened a homeless shelter as well in our community. We request that the shelter be closed and that the city share the burden of housing our cities unfortunate poor and needy in other Community boards. The City is placing Homeless in the new local Hotel in addition to the shelter that the city opened. We also have the highest section 8 voucher placements in Queens the City must stop placing those in need in our communities it is destabilizing our neighborhoods

Our community is becoming over built and over crowded Traffic is becoming an issue and the lack of public infrastructure to handle the increase in population is becoming a burden- Low density housing should be a priority for the City of New York, new high rise, high density housing should be controlled

Parks, Cultural and other Community Facilities

Main Issue Related to Parks, Cultural and other Community Facilities

Park care and maintenance

The city must fund the remaining projects in the Rockaway Parks conceptual plan. The City must also fund sand replenishment in the areas along the beach that have suffered from erosion until the Army Corps plan has been completed. Closed beaches this past summer have led to overcrowding and loss of income for local business owners.

Our community hosts over 8 million visitors every year during the summer beach season- we require more PEP officers, better maintenance support

Community District Needs Related to Cultural and other Community Facilities and Programming

Community District Needs Related to Community Boards

Community board budgets should be held harmless in city wide budget cuts as a matter of Policy much like the Independent Budget Office. The City budget should also provide additional funding for new Phone and computer needs as well as any technological needs that the boards may need in addition to the regular budget.
