Letter from DCP Director Daniel Garodnick

To my fellow New Yorkers:

Every year, each of New York City's 59 community boards advocate for the needs of its residents and stakeholders by preparing a Statement of Community District (CD) Needs and Community Board Budget Requests. Through this process, community boards share the top issues impacting their neighborhoods and propose capital and expense requests to address those identified needs. I'd like to thank the volunteer members of our community boards and the District Managers who work so hard in leading this essential process and in preparing these reports.

The annual CD Needs process is the product of months of collaboration and public input and is a valuable tool for New Yorkers to participate in neighborhood planning. At the broadest levels, CD Needs offers a critical window into the challenges faced by New Yorkers, and how those challenges may differ across neighborhoods. At a granular level, it provides a forum through which community leaders specify those needs and make recommendations for spending -- which in turn are used by City agencies, elected officials, advocacy groups, and non-profit service providers, among others, to better understand and meet the individual needs of each community board.

Through this year's submissions, we heard the stories of our communities' biggest challenges, such as the human impacts of our housing crisis. In that vein, community boards again selected affordable housing as the most pressing issue citywide, followed by crime and public safety, and parks and open space. Through our online form, community boards generated more than 3,700 budget requests, and for each, one of 28 City agencies responded to indicate whether the request could be accommodated within the upcoming annual budget. This year, in line with our commitment to increasing transparency across the CD Needs process, we are publishing agency responses to these requests in the final section of these reports.

DCP deeply values our partnership with community boards. We remain committed to supporting them by increasing participation in, and improving the transparency of, the CD Needs process. We have received valuable feedback from our community board partners, and we are excited to work with them to continue improving our online submission form, to connect boards with agencies to advance budget request proposals, and to open the form earlier in the calendar year to allow more time for public input and preparation. We look forward to advancing this work with both community boards and City agencies to ensure this is a valuable and productive way to improve our City's neighborhoods and to respond to local community needs.

Sincerely,

INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

Statement on Data Accuracy

Under Title 13 of the U.S. Code, the Census Bureau is legally bound to protect the privacy of individuals participating in the decennial census. To adhere to the law and to avoid the disclosure of information about individual respondents, the Census Bureau has historically applied a host of techniques, such as top- and bottom-coding, imputation, table- and cell-suppression, and data swapping. The Census Bureau is employing a new technique with the 2020 Census, referred to as the Disclosure Avoidance System (DAS), based on differential privacy. With this approach, the Census Bureau “infuses noise” systematically across census data and sets a quantified disclosure risk, referred to as the Privacy Loss Budget (PLB).

While the new DAS approach may diminish the risk of disclosure concerns, it comes at a cost to data accuracy. Consequently, 2020 Census data users should be aware that all sub-state counts, except for housing units (which are unaffected by the DAS), may be adjusted to protect the privacy of Census participants and may be subject to reduced accuracy. Because DAS noise infusion is randomized, it is impossible for data users to know the degree to which any individual statistic is altered. However, it is possible to say that in general the relative size of errors decreases as counts increase. Consequently, data users should have greater confidence in the accuracy of the data as counts get larger. Further, an evaluation of a Privacy-Protected Microdata File (PPMF), treated with a Disclosure Avoidance System like the one applied to 2020 redistricting data, showed that counts of 300 or more rarely have sizable errors (error beyond +/- 10% of the count). Therefore, while data users need to be cognizant of data accuracy limitations, they should have confidence in conclusions based on sizable counts, which are relatively unaffected by the Census Bureau’s latest disclosure avoidance method.

3. OVERVIEW OF COMMUNITY DISTRICT

Community Board No. 9 consists of four communities, Woodhaven, Ozone Park, Richmond Hill and Kew Gardens (WORK). Each is very distinct, yet all the residents have similar concerns and needs. Community Board No. 9 is truly a microcosm of the borough of Queens where our diversity is our strength. The Covid 19 pandemic, the uncertainty of additional waves of infection and the adverse impact on the economy is of great concern. Like many New Yorkers, the constituents of Community Board 9 want safe streets, great schools, senior services, economic opportunity for local businesses, mobile rapid Covid testing in our communities and access to quality parks and recreation. Additionally, we must take care of our most vulnerable citizens. During this pandemic poverty, homelessness, hunger and mental health issues have increased. It is important to fund programs that will assist these individuals as they struggle through difficult times. Many City agencies have experienced severe budget cuts and they are struggling each day to deliver essential services. NYPD, Sanitation, Transportation, Parks and Department of Education are being asked to do more with less. Community Board 9 is still facing the construction of a community-based jail in Kew Gardens, a problematic hotel that is a haven for criminal activity and operational homeless shelter in Ozone Park. These facilities will impact our infrastructure and ability to deliver city services. Community Board 9 requests that the 102nd Police Precinct be considered for additional officers to combat the rise in crime and keep the growing diverse population of residents safe. We ask that Department of Sanitation's budget be restored so they can service litter baskets, address illegal dumping and keep local streets clean. The City must ensure that DOT has the resources to continue paving our streets and conduct traffic studies. Our educators, students and parents continue to adjust to the new remote educational model. They must be provided with the technology and equipment to succeed in the virtual classroom. School Safety protocols should be followed daily and Personal Protective Equipment (PPE) must be readily available to all. We owe our seniors a great debt of gratitude. We have an important responsibility to ensure they have access to effective programs. Seniors also need technology and equipment so they participate in programs or seminars that are offered remotely. Our senior centers should be fully funded and equipped to protect their members while providing important services. Community Board 9 has strong retail corridors comprised of small business owners. These businesses have been financially destroyed during that pandemic. However, through true grit and determination businesses are making a comeback. The City must provide grants, low interest loans, consulting services and clear guidelines to get these business back on solid ground. It is equally important that we make these retail corridors clean, attractive and safe for customers. We encourage a Green Streets program along Woodhaven Boulevard and improve lighting along Jamaica and Liberty Avenues. During the pandemic, our parks provided a much-needed outlet for residents. Forest Park is an incredible asset to the borough of Queens. Community Board 9 requests that funding be allocated for pruning, fencing and more Park Enforcement Patrol officers for Forest Park. Additionally, we need Forestry continue their effective pruning schedule of trees that adorn our residential streets. Libraries provide access to technology, information and are a great gathering place for residents of all ages. It's a place to access computers, it is all-inclusive, safe and friendly environment, and a unique forum for social networking and reading groups. We request that the Woodhaven and Richmond Hill Libraries remain fully funded and the projects move forward in a timely manner. A multi-cultural Community Center would be a welcomed edition to the Community Board 9 community. We hope to work with the Queens Economic Development Corporation and interested non-for-profits to make this a reality. Although we are aware that the economic outlook FY2022 is bleak, our budget priority Capital and Expense Priority List targets many of the community needs and concerns. Community Board 9 respectfully calls on our esteemed elected officials to consider each request during their budget deliberations.

4. TOP THREE PRESSING ISSUES OVERALL

Queens Community Board 9

The three most pressing issues facing this Community Board are:

Crime and public safety

Public safety and quality of life issues continue to be a major concern for the residents of Community Board 9. These crimes include but are not limited to gun violence, assaults, robberies, speeding ATV's and motorcycles. Our local precinct constantly responds to 311 quality of life complaints. Noise, drag racing, double parked cars, and menacing electric bicycles are impacting the tranquility of our quiet neighborhood streets. We do however, recognize that the police do an outstanding job but they need the resources, personnel and community support to keep our streets safe.

Land use trends (zoning, development, neighborhood preservation, etc.)

The preservation of our neighborhood is of paramount importance. Overdevelopment, Illegal conversions and unsafe basement apartments continue to put undue pressure on city services and present a danger to tenants. During Hurricane, 12 people who died in New York City. Eleven of those people, were in basements when they perished. The City must do a better job ensuring that all tenants live in a safe and secure apartment. The looming construction of a borough based jail in Kew Gardens is a top issue. Residents are concerned that the jail will put undue stresses on infrastructure, traffic, parking and public safety. Community Board 9 is committed to working with elected officials and the Department of City Planning to create developments projects that are a benefit to the community.

Trash removal & cleanliness

Our district is plagued with illegal dumping, trash accumulation along our retail corridors, and overall cleanliness on our streets. There must be a multi-agency approach to stop illegal dumping. The installation of surveillance cameras, the deployment of additional sanitation inspectors coupled with aggressive prosecution would help in stopping illegal dumping. Additionally, along our retail corridors litter baskets are being abused by some residents who drop their household garbage. The Department of Sanitation does an outstanding job responding to our numerous complaints, however we need to do a better job in preventing behavior that adversely impacts the cleanliness of our streets.

5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

HEALTH CARE AND HUMAN SERVICES

Queens Community Board 9

Most Important Issue Related to Health Care and Human Services

COVID-19 management (incl. vaccination, testing, outreach, education, etc.)

According to the NYC department of Health there is still COVID-19 transmission in New York City and around the U.S. This is largely due to the spread of the more contagious delta variant and the large number of people who are still unvaccinated. NYC must ensure that everyone has immediate access to testing and vaccinations. Additionally, there must be comprehensive outreach and education so residents can make informed judgments of how to keep safe.

Community District Needs Related to Health Care and Human Services

Needs for Health Care and Facilities

In CB9Q one in five adults has no health insurance and one in Eight go without medical care. 21% have no Health Insurance. 12% went without needed medical care. 8.2% had late or no prenatal care. During the Covid pandemic we had a few 'hot spots' identified in our community. We want to see an improved outreach, and more rapid mobile testing sites. Additionally, all our schools, hospitals, agencies should have access to PPE supplies, including hand sanitizers and cleaning disinfectants.

Needs for Older NYs

We currently have two thriving Senior Centers one in Kew Gardens and one in Ozone Park. They are in need of programs such as: computer programs and new computers. Need for programs for immigrants & seniors in general to learn new skills. We have a Senior Center in Ozone Park Address: 103-02 101st Avenue Ozone Park, NY 11416 the Center in Kew Gardens Address: 88-02 Kew Gardens Rd. Kew Gardens, Ny 11415

Needs for Homeless

Needs for Low Income NYs

The Human Resources Administration is dedicated to fighting poverty and income inequality with essential programs that help families and individuals with economic and social service needs. Constituents can apply or recertify for Supplemental Nutrition Assistance Program (SNAP) benefits online and check if you are eligible for Cash Assistance and many other programs at New York City's front door for benefit access, ACCESS HRA.

Needs for Youth Education

We need Adequate funding for Universal Pre-K Programs in all Public Elementary Schools as well as home based Pre K (3K). We need to ensure that all who apply for Pre- k have enough seats for all. CB9Q continues to advocate for increased funding to Our Beacon Program at JHS 210 and to fund all Beacon programs in NYC. Beacon program provide students with homework help, test preparation, recreation, Physical Fitness, nutritional programs, etc. CB9Q is also in desperate need for the construction of new schools in District 27,28 & 24 as many of our children who live in the district go to schools in Dist 24. Our board needs more School Crossing Guards. There are very dangerous conditions at our schools during morning arrival and afternoon dismissal. Many people have no regard for traffic rules and there is chaos when irresponsible drivers, etc. speed and don't abide my traffic laws For our growing Communities there is: 1) complete absence of any complete community center to serve the needs of Indo-Caribbean and South Asian children and families. 2) Lack of legal affordable housing options 3) Not enough youth and academic programs for children from ages 6-18 especially when the drop out rate at high sch total disregard for our children & residents safety.

PUBLIC SAFETY AND EMERGENCY SERVICES

Queens Community Board 9

Most Important Issue Related to Public Safety and Emergency Services

General crime

Gun violence remains a pervasive issue in small pockets of neighborhoods around New York City. The data shows that a limited number of communities have accounted for roughly 50% of NYC's shooting incidents. Community Board 9 had multiple shooting incidents in the district. The Police do an outstanding job protecting the community, however Public safety is a shared responsibility and to build stronger relations between community, anti-violence groups and police.

Community District Needs Related to Public Safety and Emergency Services

Increase Resources for domestic violence prevention programs as this is a serious issue and incidents are on the rise.

Needs for Emergency Services

Need to contact the agencies to see exactly know where this is needed.

CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

Queens Community Board 9

Most Important Issue Related to Core Infrastructure, City Services and Resiliency.

Sewer capacity

During recent severe storms it was clear that our current sewer and storm drainage infrastructure is antiquated and not able to mitigate flooding. It is imperative that the city install new sewers, catch basins, and storm drains that function to avoid over flowing water & flooding to protect residents and their properties.

Community District Needs Related to Core Infrastructure, City Services and Resiliency.

Needs for Water, Sewers, and Environmental Protection

We need Catch basins that will help to keep water flowing properly. Maintain and clean catch basins on a regular basis.

Needs for Sanitation Services

The Department of Sanitation experienced severe budget cuts and are being asked to do more with less. However, the Community Board has witness the adverse impact of these cuts to delivery of sanitation services. We are asking the funding be restores to litter basket service, cleaning services, center mall service, vacant lot cleaning weekly recycling, curbside organinc collection, curbeside E-waste pick-up and daily public school collection. These programs are vitally important to the clealiness of or neighborhoods.

HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

Queens Community Board 9

Most Important Issue Related to Housing, Economic Development and Land Use

Land use and zoning

Community Board 9 wants to strengthen its partnership with NYC City Planning. There must be a mutual respect for the ULURP process and the important role community boards play in the decision making process. Some large scale developments can have a beneficial impact and others can have negative effects on the district. Consequently, it is imperative that the process remain transparent, fair and scrupulous.

Community District Needs Related to Housing, Economic Development and Land Use

Needs for Land Use

Queens Community District 9 is very concerned with NYC "Affordable Housing". It seems that many residents are unable to reach their dream of home ownership as prices of Homes, Condo's etc. are out of reach for many.

TRANSPORTATION

Queens Community Board 9

Most Important Issue Related to Transportation and Mobility

Parking operations

In Community Board 9, finding a parking spot can be a daunting task. Derelict vehicles are parked in the same spot for months frustrating residents as they drive around for hours looking for a legal parking spot. DOT is expanding the carshare program which will take away even more parking. We need to find ways to increase parking to alleviate residents' frustration.

Community District Needs Related to Transportation and Mobility

Needs for Traffic and Transportation Infrastructure

The Department of Transportation's Select Bus Service (SBS) has been a controversial issue in CB9Q as residents are upset that DOT has not listened to their constituents and have reconfigured where people get on buses, i.e. middle median on Woodhaven Blvd. Routes would reconfigure lanes and eliminate left turns at major intersections as well as install bus stops in the median of Woodhaven Boulevard, which opponents fear will create unsafe conditions along the corridor and interrupt flow of traffic. Local Elected officials, i.e. State Sen. Joe Addabbo (D-Howard Beach), State Assemblyman Mike Miller (D-Woodhaven), and the Woodhaven Residents' Block Association, the Business Improvement District, the Greater Woodhaven Development Corporation, and a Task Force for a Better Woodhaven gathered on Woodhaven Blvd to express their frustrations and concerns regarding the SBS Plan.

Anyone of any race, age, sexual orientation, religion or gender can be a victim ? or perpetrator ? of domestic violence. It can happen to people who are married, living together or who are dating. It affects people of all socioeconomic backgrounds and education levels. We need programs to help these victims</i>	HRA continues to maintain funding for Domestic Violence clients.
19/24	NYPD	Other senior center program requests	<i>Assign Additional School Crossing Guards. Assign additional school crossing guards in all schools in Community Board 9.</i>	Based on the latest budget, the NYPD has a specific budgeted headcount. The agency is working on filling vacancies in order to get to that headcount.
20/24	NYPD	Other NYPD facilities and equipment requests	<i>Welcome Signs for Community Board 9. Signs for Woodhaven, Ozone Park, Richmond Hill, and Kew Gardens.</i>	This is not a budget request.
21/24	DPR	Enhance park safety through design interventions, e.g. better lighting	<i>Install plank fencing along Freedom Drive in Forest Park . This fence will provide safety for pedestrian and also help control litter accumulation</i>	The agency recommends funding this expense budget request in FY 2024, but at this time the availability of funds is uncertain.

22/24	DPR	Enhance park safety through more security staff (police or parks enforcement)	<i>Fund Park Enforcement Patrol Unit for Forest Park. Forest Park is host to many athletic facilities, recreational programs, and special events. It also has 543 acres of forest, which feature numerous hiking trails and a 4-mile equestrian path. Our park has a high volume of events and activities. Problems such as user conflicts permit violations, crowd control, vandalism, deviant behavior and other enforcement issues are in need of attention. Often, PEP nits are not available to respond to Forest Parks needs due to citywide distribution of their staff, and summer staffing of pools and beaches. This has created a rise in misuse of and vandalism to park facilities, damage to the landscape, criminal activity and mischief.</i>	The agency recommends funding this expense budget request in FY 2024, but at this time the availability of funds is uncertain.
23/24	DPR	Forestry services, including street tree maintenance	<i>Fund Pruning Contract for Forest Park This is now a safety issue. Branches have fallen during park concerts and events. It is only a matter of time before someone is seriously injured or killed. The 543-acre park has large mature trees that are 150 years plus. We desperately need a PIP (Parks Inspection Project) funded along with pruning dollars.</i>	The agency recommends funding this expense budget request in FY 2024, but at this time the availability of funds is uncertain.
24/24	DPR	Provide better park maintenance	<i>Fund Maintenance Workers & Equipment. Maintenance workers are funded for eight months only. During the winter they are laid off. When they return they have a backlog of winter work, i.e. painting, cement work, repairs etc., that can be done during the winter.</i>	The agency recommends funding this expense budget request in FY 2024, but at this time the availability of funds is uncertain.
