INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

HOW TO USE THIS REPORT

This report represents the Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2022. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from August to November, 2020.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

This report is broadly structured as follows:

1. Overarching Community District Needs

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

2. Policy Area-Specific District Needs

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

3. Community Board Budget Requests

The final section includes the two types of budget requests submitted to the City for the FY22 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

Disclaimer

This report represents the Statements of Community District Needs and Community Board Budget Requests of this Community District for Fiscal Year 2022. This report contains the formatted but otherwise unedited content provided by the community board.

Budget Requests: Listed for informational purposes only. OMB remains the definitive source on budget requests and budget request responses.

Budget Priorities: Priority numbers apply to expense and capital Budget requests from all policy areas. A complete list of expense and capital budget requests by this Board sorted by priority can be found in Section 7 of this document.

3. OVERVIEW OF COMMUNITY DISTRICT

Bronx Community District 3 encompasses parts of the Morrisania, Melrose, Claremont, Crotona Park East, Bathgate and Woodstock neighborhoods in Bronx County. The boundaries for Bronx Community District Three are north by the Cross Bronx Expressway and Crotona Park North; east by the Sheridan Expressway, E. 169 St., E. 167 St. and Prospect Avenue; south by E. 159 St. and E. 161 St. and west by Park and Webster Avenues. Due to varying socio-economic factors during the period 1970-1980, Community District 3 experienced the most significant population decline compared to all districts within the borough (64%). Between 2000 and 2010, the district led the borough in new population growth (16.3% change), exceeding the 4.8% cumulative increase in population for Bronx County as a whole, during this period. Overall, the district has experienced a 50% increase in its population from 1980, largely the result of an unprecedented increase of 8,457 units of new residential housing, and the preservation of an additional 9,036 units, since FY'1990. In accordance with Bronx Community District 3's Neighborhood Development Plan-Partnership For the Future, adopted by the NYC Council in November of 1992 as New York City's first community based planning initiative submitted in accordance with Sect. 197a of the NYC Charter, the NYC Department of City Planning has determined that the goals of Community District 3 to "increase the district population as well as provide for mixed-income housing", has been met substantially. Recent district and borough profile reports published by the NYC Department of City Planning for 2015, also indicate that while Bronx County experienced a decline in death rates per 1,000 persons of 0.7% for the period 2005-2012, the rate of decline within Community District 3 was more significant at 1.1%. Similarly, while Bronx County as a whole, experienced a decline in the rate of infant mortality for the period 2005-2012 of .6%, the rate of decline in Community District 3 was significantly higher at 3.9%. The percent of decline in birth rates for Community District Three vis-à-vis Bronx County as a whole for the period 2005-2012, was comparable at 1.2% per 1,000 persons. Based on 2010 U.S. census demographics, Community District 3 is comprised primarily of individuals of Hispanic origin (57.7%), followed by Black/African Americans (39.4%). The percent of change from 2000-2010 for individuals of Hispanic origin was 26.9% compared to 3.9% for Black/African Americans for the same period. For the period 2000-2010, the percent of individuals over 18 years of age totaled 25% compared to 0.3% for those under 18 years of age. General Areas of Concern: With the growth in population over the years attributable to increased new housing unit production and US immigrant migration patterns, the district continues to be faced with challenges in the areas of unemployment, insufficient job development/training programs, insufficient youth and after-school program services, inadequate educational attainment for youth/young adults, insufficient English Learning Language (ELL) programs for new immigrant groups, insufficient education services related to public health disparities and nutrition and the ever increasing demands placed on its communities by the city administration, related to disproportionate siting of temporary homeless and special needs housing. NYS Dept. of Labor unemployment rate for Bronx county - 7.0% (June 2015); NYS average- 5.3% NYC DOE (2013-2014) School Quality Report results for CD 3 (primarily School Districts 9 and 12) show below average ratings in attendance and achievement on NYS standardized tests. NYCDOHMH Community Health profiles and vital statistics summaries show CD 3 as having the highest age adjusted death rate of 8.7 % per 1,000 persons (2013). Bronx Community District Three contains approximately 5% (2,717) of NYC's total homeless population based on the September 2014 estimate of 56,000 persons; approximately 18 facility sites. This figure represents three times (3X) what the average estimate, per district, would be (1.7%), should NYC Fair Share siting requirements have been strictly implemented. This land-use and facility planning decision by the NYC DHS, independent of and in consideration of the provision of ample supportive services for the populations in question, is singularly the largest factor which would undermine balanced planning and quality of life achievements made throughout the years, in the district.

4. TOP THREE PRESSING ISSUES OVERALL

Bronx Community Board 3

The three most pressing issues facing this Community Board are:

Health care services

Based on information provided in DOHMH Community Health Profiles and Characteristics, second edition-2006, the following represents Bronx CB 3 neighborhoods data for Morrisania, Bathgate and Crotona and general conclusions provided by DOHMH. This information may also be indicative of health indices in other communities within CD 3. - More than 1 in 3 adults consider themselves to be in fair or poor health. - More than 1 in 5 adults in the Central Bronx and Morrisania, smokes. - More than 1 in 4 adults in the Central Bronx and Morrisania are obese. - The self-reported asthma rates in the Central Bronx (10%) and Morrisania (7%), are above the rate in NYC overall (5%). - the rate of individuals with diabetes in the Central Bronx and Morrisania range between 11-16%, compared to 9% in NYC overall. - Avoidable hospitalization rates in the Central Bronx and Morrisania communities rank poorly; 40th and 39, respectively. - Deaths related to HIV (17%), Cancer (14-16%) and Heart disease (13-14%) are the primary causes of death in the Central Bronx and Morrisania communities. The annual death rate for people younger than 75 in the Central Bronx and Morrisania, rank 34th and 42nd among the city's 42 neighborhoods, respectively. - Despite a decrease in death rates in CD 3 communities, death rates remain consistently higher than in other parts of the Bronx and NYC as a whole (15-20%). - CD 3 neighborhoods rank below average on most indicators compared to NYC as a whole. Indicators with below average rankings include having a regular doctor, being heart healthy, getting help for depression, living alcohol and drug free, having a healthy baby and making your home safe and healthy. Indicators in which the CD 3 communities ranked average or above average, include knowing your HIV status, being checked for cancer and being tobacco free.

Unemployment

The unemployment rate for Bronx county is 7% or greater (June 2015) compared to NYS (5.3%). Bronx CB 3 continues to be challenged as a result of insufficient and locally accessible job development and training program services, in growth industries of tomorrow.

Youth and children's services

Bronx CB 3 is also challenged to provide sufficient after school tutorial, recreational and family support programs for students in primary and secondary school. The lack thereof, has resulted in chronic school absenteeism and academic performance at all grade level

5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

HEALTH CARE AND HUMAN SERVICES

Bronx Community Board 3

Most Important Issue Related to Health Care and Human Services

Services for low-income and vulnerable New Yorkers

Despite NYC DOHMH health indices which speak to adverse health conditions affecting residents in the communities of Morrisania, Melrose, Claremont, Crotona Park East, Bathgate and Woodstock related to Asthma, Obesity, HIV/AIDs, Diabetes, Cancer and Heart disease, residents within the district are continually challenged in areas related to income support, rental housing subsidy needs, food and medical assistance, based on HRA caseload statistics as of June 2015.

Community District Needs Related to Health Care and Human Services

Needs for Health Care and Facilities

It is clear from the 2013 NYC DOHMH Summary of Vital Statistics Report, that Bronx CD 3 is faced with the need to become a more health conscious community, individually, through education and improved choices related to nutrition and healthy eating options; as well as environmentally by reducing human behavioral factors which contribute to area dumpout conditions, unsanitary street and sidewalk cleanliness conditions and the proliferation of vermin within our neighborhoods. The NYC DOHMH, Bureau of Pest Control Services, must increase its community education and awareness campaigns and outreach efforts, in collaboration with the local community board, the NYC Dept. of Consumer Affairs, the NYC Dept. of Education, the NYC Dept. of Sanitation, local community based organizations, tenant and homeowners associations and merchant groups and associations, in these areas.

Needs for Older NYs

According to information provided by DFTA (CENSUS 2010), the elderly population (60 yrs.+) represents 17.2% of NYC's population. The decade 2000-2010, had shown an uptick of 12.4% in the elderly population after a decline since 1980. Approximately 30% of persons 60 and over are between the ages 60 and 64; one in three are 75 and over and one in ten are 85 and over. In contrast to the 12.4% increase in the elderly population since 1980, the total population of NYC grew by 2.1% only. The population under 60, was almost unchanged due to a decline in the number of young persons age 14 and under, during the past decade. It is clear that CENSUS 2010 demographics in this area, support the need of the city administration to increase funding to address the needs of the city's growing elderly population. DFTA records show that Bronx CD 3 is home to 4 senior centers but serviced by 11 in areas related to arts, congregate lunch, health mgmt., telephone assurance, physical health/exercise, case assistance and case assistance medicaid, education/recreation, information, nutrition education, transportation, home delivered alternative meals, technology, visiting, etc.. Bronx CB 3 advocates for continued citywide budgetary increases in all programs, particularly the meals on wheels program, evidenced by the city administration's efforts to increase the agency's budget in FY' 17 by 5% (\$1.8m) in this area. Bronx CB 3 also advocates for increased funding for transportation/escort services, case management, nutrition education, physical health/exercise, geriatric mental health and technology training, in an effort to support the nutritional, physical, emotional and technological needs of its growing senior population.

Needs for Homeless

Citywide, Bronx Community District Three is at the forefront as a district, in its representation of the social consciousness and sensitivity, born by local governance, in meeting the ever growing needs and demands of the city's homeless population. Needless to say, the city administration, through its NYC Dept. of Homeless Services, must re-evaluate the application of the NYC Fair Share Siting criteria, in determining the basis for future facility sitings in Bronx Community District Three.

Needs for Low Income NYs

Bronx Community Board Three supports increased funding for the following program services for low income and vulnerable residents within Bronx Community District Three: Increased job training/development and educational programs for adults with enhanced job search and placement

support. These program services should assist young adults out of school, as well, in obtaining certifications in skilled trades or occupations with future local and regional employment growth opportunities. Provide additional or expanded programs for youth (under 18); i.e. recreation, tutorial and guidance counseling services. Provide increased funding to HRA for the Cash Assistance population as well as the Supplemental Nutrition Assistance/Food Stamps Program, and programs to assist in the payment of utility service bills for low income persons.

Capital Requests Related to Health Care and Human Services

YOUTH, EDUCATION AND CHILD WELFARE

Bronx Community Board 3

Most Important Issue Related to Youth, Education and Child Welfare

Educational attainment

Educational Attainment with After School Programs and Services for Youth are of paramount importance in the Area of Youth, Education and Child Welfare. In line with a baseline report provided under the CAS/Phipps South Bronx Rising Together initiative (CD 3 focus area for study - NYC DOE), it was determined that the percentage of students in CD 3 had a third grade reading proficiency of 19.3%, when the citywide proficiency rating was 30.1%. While the CD 3 8th grade proficiency in Math(15.4%) exceeded the Bronx as a whole(14.8%), the NYC average was 21.9%. Other issues affecting educational attainment were chronic absenteeism(35.5%); 25.4% at-risk and 39.1% with good attendance, based on a 2012-2013 study. The CD 3 SBRT zone showed 17.7% of students in 4 year cohort who were college ready.

Community District Needs Related to Youth, Education and Child Welfare

Needs for Youth Education

Bronx Community Board Three has worked with the Childrens Aid Society and Phipps Neighborhoods through a grant they received from CHASE in 2013, to develop a cradle through college and career pathway for all children and youth in the Crotona Park East, Melrose and Morrisania neighborhoods of CD 3. Bronx CB 3 embraced this undertaking coined "South Bronx Rising Together "(SBRT), based on statistical data which show these and other communities within the district area, as academically challenged and part of the poorest congressional district in the nation (CD 15). The focus of this Collective Impact approach was to knit together institutions within the community focused on youth success . The purpose of the Collective Impact strategy would be to create a community that is college and career ready, by leveraging the expertise of a network of families, schools, business leaders, community advocates and service providers, to support the lifelong success of children and youth within Bronx Community District Three. The purpose of this initiative is to ensure that all children are healthy, all enter kindergarten ready to succeed, all succeed academically, all stakeholders in this endeavor contribute positively to the community, all graduate from high school-college ready, all attain a degree or post secondary credential and all begin a career.

PUBLIC SAFETY AND EMERGENCY SERVICES

Bronx Community Board 3

Most Important Issue Related to Public Safety and Emergency Services

General crime

NYPD COMPSTAT figures over the past 22 years have shown a significant overall reduction in the seven major crime categories for CD 3- BRONX (-70%change). The recent increase in the NYPD patrol officer count (approx. 12) for the 42 Pct., should assist in curtailing increased trends in crime related to murder, rape, robbery, burglaries and GLAs (2015-2014). Attention is also needed at the local level in focusing on youth on youth crime which has surfaced related to robberies of electronic devices and in overall education of youth in the area of youth crime prevention at district schools.

Community District Needs Related to Public Safety and Emergency Services

Needs for Public Safety

Bronx CD 3 urges the appropriation of additional NYPD expense resources to address increased criminal activities, particularly related to Grand Larceny and GLA Auto, within the NYCHA PSA 7 Union Consolidated, Butler, Forest, McKinley, Eagle Avenue, East 163 St., Morris Houses, Webster and Morrisania NYCHA developments in the district. Bronx Community Board Three further requests the assignment of additional patrol officers based on US census demographics which show CD 3 has having the most significant gain in population compared to other Bronx communities between 2000-2010. Recent statistical information provided by NYPD Patrol Bronx command for criminal activity in parks/playgrounds, shows CD 3 as having the most arrests due to criminal activity occurring within the parks/playgrounds. This information supports the need for additional patrol officer assignments in all Bronx CD 3 sectors for FY'17 and baselined.

CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

Bronx Community Board 3

Most Important Issue Related to Core Infrastructure, City Services and Resiliency.

Cleanliness/trash collection

Street and Sidewalk cleanliness is a reflection of the quality of the district in all respects including public perception of safety and security. Adverse street and sidewalk cleanliness including environmental issues and illegal dumping practices, contribute to other community environmental health concerns.

Community District Needs Related to Core Infrastructure, City Services and Resiliency.

Needs for Water, Sewers, and Environmental Protection

Due to increased population counts as a result of new multi-family residential housing and mixed-use development in the community from 1980 to present, the core infrastructure (water/trunk mains and sewers) have been challenged and are in need of repair/replacement.

Needs for Sanitation Services

Since 1990, Bronx Community District Three has received increasingly higher DOS scorecard ratings (50(+)% to 80(+)%), as provided through the Office of the Mayor. In the interest of ensuring that CD 3 obtains similarly high ratings for street and sidewalk cleanliness in FY'17 and into the out years, Bronx CD 3 seeks a new garage facility for improved management based on increased population demographics and new multi-family residential construction (FY 90'-FY 15'; 8,457 units), new and improved cleaning equipment and added police enforcement personnel, for district locations which are high profile sites for illegal dumping.

HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

Bronx Community Board 3

Most Important Issue Related to Housing, Economic Development and Land Use

Unemployment/Underemployment

Bronx Community District Three is located in the poorest congressional district in the nation (CD 15). The NYS Department of Labor unemployment rate for Bronx County is 7% as of June 2015; NYS average - 5.3%. The NYC administration via the Economic Development Corporation, must promote increased measures to foster economic development initiatives within the existing industrial and IBZ zones within the Community District Three, while offering business tax incentives to attract new and growing industries into the future. This, along with additional job development and training programs, will result in increased local employment opportunities for area residents in CD 3 .

Needs for Housing

Between 2000 and 2010, Bronx CD 3 led the borough in new population growth (16.3% change), exceeding the 4.8% cumulative increase in population for Bronx County as a whole, during this period. Based on information provided by the NYC Department of Housing Preservation and Development, the district has experienced a 50% increase in its population from 1980, largely the result of an unprecedented increase of 8,457 units of new residential housing, and the preservation of an additional 9,036 units, since FY'1990. Despite the gains in increased "affordable" housing and preservation efforts on the part of the city administration, Bronx Community Board Three recognizes that the city administration through HPD and HDC, must re-establish AMI eligibility indexes for affordable housing and moderate income housing models for applicants, to be more reflective of AMI indexes specific to Bronx county and local census tracts in the areas the residential developments are being constructed. This approach to eligibility will serve as a more realistic and effective approach by the city administration, in offering housing opportunities to the residents of Bronx Community District Three and other areas throughout the city. Apart from this re-evaluation of AMI eligibility indexes, Bronx CB 3 urges city, state and federal efforts to promote added long term housing subsidy programs, as a result of severe unemployment and under-employment and wage issues, which exist in the communities of Bronx CD 3. Bronx CB 3 also supports efforts on the part of the city administration to streamline the processing and compliance, on the part of NYCHA, to address longstanding apartment housing code violations, grounds conditions and common area violations within the city's public housing developments; particularly at the nation's largest public housing assemblage in Claremont Village - CD 3 (Butler, Webster/Morrisania, and Morris Houses).

Needs for Economic Development

Bronx Community Board Three recommends that the city administration provide increased funding to increase the number of Workforce I career centers to service the residents of Congressional District 15, while providing and/or expanding existing occupational skills training programs. Bronx Community Board Three also recommends increased efforts on the part of the city administration to promote a commercial district needs assessment for the Southern Boulevard, E. 174 St., Boston Road and Third Avenue retail corridors in Community District Three. The results of the assessment might address or support funding for retail façade improvements, business improvement plans and merchant organizing efforts.

2/28	NYCHA	Other expense budget request for NYCHA	<i>Install security surveillance cameras at NYCHA Butler and Webster/Morrisania Houses in Claremont Village. FY'16 priority 4; FY'17 priority 3; Tracking Code 103200503E. Federal CIAP and/or modernization funds were secured for the purpose of installing high tech security surveillance cameras at Morris Houses in 2000. These funding appropriations allowed for installation of cameras in and around building perimeters and has significantly reduced crime based on COMPSTAT crime indexes within PSA 7. As a result, Bronx Community Board Three is requesting similar fiscal appropriations for camera installations at Butler and Webster/Morrisania Houses.</i>	
3/28	NYCHA	Improve public housing maintenance and cleanliness	<i>FY'16 priority request #13; FY'17 priority request #11; Tracking Code 103198511E. Purchase containers for storage of solid waste at NYCHA developments in Community District Three-Bronx. Allocations of compactor containerization units are requested for placement at NYCHA sites to contain large amounts of refuse which remain on the street attracting dogs and vermin. Placement of the containerization units at NYCHA sites, will allay adverse mayoral scorecard ratings for street and sidewalk cleanliness issued by the Office of the Mayor to DOS Bronx West Three district.</i>	

13/28	DOB	Assign additional building inspectors (including expanding training programs)	<i>FY' 16 Priority request 5; FY' 17 priority request 4; Tracking Code 103199402E. Provide additional DOB inspectors Bronxwide to address issues of owner non-compliance with the NYC Administrative code and zoning requirements. Added funding for additional DOB inspectors will support the needs of each specific community district in addressing DOB violations relating to illegal property uses, work without permits, illegal SRO conversions and many other problematic building and zoning code conditions.</i>	
19/28	SBS	Provide or expand occupational skills training programs	<i>Provide funding for development of year round home health aide training program at existing ground floor commercial space located at 584 E. 163 St. This location is a mixed use property owned by Morrisania Revitalization Corporation, a local development corporation within Bronx Community District Three.</i>	584 E. 163 St.
27/28	SBS	Other workforce development requests	<i>Provide funding for workforce development programs related to job training/development for the formerly incarcerated and youth aging out of foster care(14-25 years of age), aimed at preventing incarceration and increased rates of recidivism of the formerly incarcerated. Efforts should be undertaken to create incentives for prospective employers to hire formerly incarcerated adults and offenders.</i>	

TRANSPORTATION

Bronx Community Board 3

Most Important Issue Related to Transportation and Mobility

Street lighting

This issue directly affects the safety of motorists and pedestrians and speaks to the broader issue involving the liability of NYC in personal injury cases and insurance claims. Additionally, this issue affects the ease of traffic mobility/flow and safety, in general.

Community District Needs Related to Transportation and Mobility

Needs for Traffic and Transportation Infrastructure

Since 1980, the population of Bronx Community District Three has grown by 50%. An analysis by the NYC Department of Housing Preservation and Development has further shown that since 1990, there have been 8,457 new residential housing units constructed with over 9,036 units preserved. Despite DOT efforts to address street maintenance and repair, as well as intersection control studies and other engineering analyses, which have significantly enhanced overall traffic flow, safety and the viability of the district's infrastructure; Bronx Community Board Three encourages funding to allow DOT to initiate traffic and parking studies in meeting with the increased district population count since FY' 1990.

PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

Bronx Community Board 3

Most Important Issue Related to Parks, Cultural and Other Community Facilities

Other

Bronx Community Board Three has focused its capital priorities on improvements to its parks and recreational facilities, in the interest of supporting an improved recreational infrastructure to encourage youth and young adults to enjoy open space/recreational activities, thus improving overall health indices and disparities of the district, compared to NYC at-large.

Community District Needs Related to Parks, Cultural and Other Community Facilities

Needs for Parks

Bronx CB 3 in collaboration with the NYC Dept. of Parks and Recreation, working with the Friends of Crotona Park and numerous local community based organizations and residents groups, have developed a "Crotona Park Master Plan 2034". This plan includes recommendations for park improvements, park design/network changes and capital and expense budget requests(2034; proposed maturity year). This plan was developed recognizing Crotona Park as a major natural resource in District Three, for which long range community planning efforts were of paramount importance. Local funding efforts of the NYC Council and Bronx Borough President have framed parks and recreational support over the years.

Needs for Library Services

Bronx Community Board Three supports the increase of \$18m (+) in operating funds for the NYPL in FY'16; nevertheless, requests that this funding be baselined in FY'17 in order to preserve system wide enhancements, including additional librarians, hours, programs and books. Bronx Community Board Three is advocating for a new boiler and electrical upgrade at the Morrisania library (\$1.5 million), as well as an ADA elevator (\$725k).

Expense Budget Requests

Priority	Agency	Request	Explanation	Location
1/28	NYPD	Assign additional housing police officers	<i>Increase Housing Police Officers at PSA 7 and assign to Forest Houses, Butler Houses, Webster/Morrisania Houses and Morris Houses developments, within Bronx Community District Three. FY'16 priority request #3; FY'17 priority request #2; Tracking Code 103198509E</i>	
2/28	NYCHA	Other expense budget request for NYCHA	<i>Install security surveillance cameras at NYCHA Butler and Webster/Morrisania Houses in Claremont Village. FY'16 priority 4; FY'17 priority 3; Tracking Code 103200503E. Federal CIAP and/or modernization funds were secured for the purpose of installing high tech security surveillance cameras at Morris Houses in 2000. These funding appropriations allowed for installation of cameras in and around building perimeters and has significantly reduced crime based on COMPSTAT crime indexes within PSA 7. As a result, Bronx Community Board Three is requesting similar fiscal appropriations for camera installations at Butler and Webster/Morrisania Houses.</i>	
3/28	NYCHA	Improve public housing maintenance and cleanliness	<i>FY'16 priority request #13; FY'17 priority request #11; Tracking Code 103198511E. Purchase containers for storage of solid waste at NYCHA developments in Community District Three-Bronx. Allocations of compactor containerization units are requested for placement at NYCHA sites to contain large amounts of refuse which remain on the street attracting dogs and vermin. Placement of the containerization units at NYCHA sites, will allay adverse mayoral scorecard ratings for street and sidewalk cleanliness issued by the Office of the Mayor to DOS Bronx West Three district.</i>	

4/28	DPR	Provide better park maintenance	<i>Increase Personnel in CD Three for Effective Operations; Bronx CB 3 expense budget request # 6; Tracking Code: 103198904E; Provide the following additional personnel for effective parks maintenance and operation of our parks and playgrounds: a.
