

Statements of Community District Needs

and

Community Board Budget Requests

for

Brooklyn Community District 10 Fiscal Year 2019

Submitted to the Department of City Planning
January 2018

INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

HOW TO USE THIS REPORT

This report represents Brooklyn Community Board 10's *Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2019*. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from June to November 2017.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

If you have questions about this report or suggestions for changes please contact:

CDNEEDS_DL@planning.nyc.gov

This report is broadly structured as follows:

a) Overarching Community District Needs

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

b) Policy Area - Specific District Needs

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

c) Community Board Budget Requests

The final section includes the two types of budget requests submitted to the City for the FY19 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

Disclaimer

This report represents the Statements of Community District Needs and Community Board Budget Requests of Brooklyn Community Board 10 for Fiscal Year 2019. This report contains the formatted but otherwise unedited content provided by the community board.

Budget Requests: Listed for informational purposes only. OMB remains the definitive source on budget requests and budget request responses.

Budget Priorities: Priority numbers apply to expense and capital Budget requests from all policy areas. A complete list of expense and capital budget requests by this Board sorted by priority can be found in Section 7 of this document.

Supporting Materials: Some community boards provided substantive supplemental information. This supportive material can be accessed by clicking on the links provided in the document or by copying and pasting the links provided in the Appendix into a browser.

PUMAs are geographic approximations of community districts. ⁵NYC Dept of City Planning Facilities Database (2017); ⁶Differences of less than 3 percentage points are not statistically meaningful. ⁷NYC Dept of Parks and Recreation (DPR) (2016). DPR considers walking distance to be 1/4 mile for parks less than 6 acres, and 1/2 mile for larger parks and pools. ⁸Differences of less than 2 minutes are not statistically meaningful. ⁹NYPD CompStat, Historic Complaint Data (2017); ¹⁰Differences of less than 2 percentage points are not statistically meaningful. ¹¹2011-2015 NYCgov Poverty Measure by PUMA. This metric from the Mayor's Office for Economic Opportunity accounts for NYC's high cost of housing, as well as other costs of living and anti-poverty benefits.

2. Community District Land Use

3. Overview of Community District

The geographic district of Community Board Ten of Brooklyn encompasses the three neighborhoods of Bay Ridge, Dyker Heights and Fort Hamilton, which are situated along the southwestern tip of Brooklyn. Defining the southern and western borders of our district are the waters of the Verrazano Narrows. To the North, the L.I.R.R./MTA railroad cut from the shoreline at 65th Street, proceeds eastward to 62nd Street, where our district merges with our eastern border at 14th Avenue. The Fort Hamilton area, which follows the southern shoreline, is comprised of historic Fort Hamilton, located near the magnificent span of the Verrazano Bridge and overlooking New York Harbor.

Community District Ten parkland totals 352.51 acres spread across 17 parks. Parks within Community District Ten provide a multitude of diversified athletic and passive recreational facilities to thousands of residents and visitors throughout the year.

It is home to several commercial corridors including Bay Ridge Avenue, 3rd Avenue, 4th Avenue, 5th Avenue, Fort Hamilton Parkway, 11th Avenue, 13th Avenue and the bustling 86th Street strip. These commercial corridors are mostly comprised of street level retail stores that provide needed goods, services and employment opportunities for the community. There are currently two Business Improvement Districts operating within Community District 10. They include the Fifth Avenue BID which runs along 5th Avenue from 65th Street to 85th Street and the 86th Street Business Improvement District which includes the area of 86th Street from 4th Avenue to Fort Hamilton Parkway; 5th Avenue from 85th Street to 88th Street; 4th Avenue from 85th Street to 87th Street. The 86th Street BID offers a mix of small mom and pop businesses and a growing number of larger retail chain stores.

One and two family homes comprise the major portion of the housing composition and aging multiple dwellings together with some new structures, line Shore Road, Ridge Boulevard and 4th Avenue, while smaller clusters of four to six story structures are randomly situated in other areas of the district. Community District 10 has limited vacant land and the NYU Furman Center report lists CD10 among the five lowest Community Districts in the City of New York in its category “Unused Capacity Rate” (percentage of land area).

A comprehensive zoning analysis of Bay Ridge was completed and presented to the New York City Department of City Planning in December of 2003. The Special Bay Ridge District was rezoned using lower density contextual districts on March 23, 2005. Dyker Heights and Fort Hamilton were also rezoned using the lower density contextual districts on July 25, 2007.

The total population in Community District Ten as reported by the US Census Bureau, American Community Survey 2013, amounts to 140,007 rising steadily from the 2010 Brooklyn Community District Profile which reported population at 137,599 up from 124,491 in the 2000 Census. Community District Ten is located in Southwest Brooklyn – an area of Brooklyn cited by the New York City Department of City Planning as being undercounted in the 2010 Census.

The demographic profile indicates the total population category of residents ages 45 to 64 years grew from 27,633 or 22.5 percent of the overall population in 2000 to 32,821 or 26.4 percent. The number of residents 65 years or older changed slightly from 19,850 or 16.2 percent of population to 18,054 or 14.5 percent of our population reported in 2010 census. The District is ethnically diverse with early Norwegian, Italian, Irish, Greek, Middle Eastern settlers embracing newer ethnic residents from China, Middle East, Mexico and Central America.

The ethnic and racial mix of the district’s population continues to shift with the out-migration of earlier established ethnic groups and the influx of Asian settlers with the largest change in growing Chinese population amounting to a 46.8 percentage increase from 2000 to 2010. The 2000 Census reports Asian or Pacific Islander Non Hispanic residents at 17,546 or 14.3% of population and in 2010 at 25,766 or 20.7 % of the population.

The U.S. Census Bureau American Community Survey 2013 now reports total Asian population at 22 %. This growth category was followed by 33.4 percent increase change in those of Hispanic Origin. Census data shows in 2000 residents identifying as being of Hispanic Origin was 13,396 or 10.9% of population as compared to an increase in 2010 to 17,868 or 14.4% of the population and in 2013 increasing to 15% of the total population .

3. Overview of Community District

Community Board Ten continues to proactively advocate preserving and strengthening our community by monitoring service related complaints and discussing budgetary needs and community requests with appropriate city agencies to ensure responsiveness and effective service delivery.

4. Top Three Pressing Issues Overall

The three most pressing issues facing Brooklyn Community Board 10 are:

- *Neighborhood preservation (development trends)*
- *Parks*
- *Schools*

SCHOOLS- Community School District 20 serves Community Board Ten. It is ranked as the most overcrowded district in the City of NY. Overcrowded schools is a top priority of this Board. Its schools rank among the best in the city - overcrowding must be addressed. In addition, the quality of our educational facilities has a direct bearing on the stability of our community. Much needed capital improvements commenced but more improvements need to be addressed. Alleviating overcrowding is a top priority. Early childhood center space is critically needed throughout Community District Ten. We will continue our commitment to support the school's capital improvement programs for our district and to advocate for equitable funding for our schools.

NEIGHBORHOOD PRESERVATION - Community Board Ten has worked closely this past year with the Brooklyn Housing Preservation Alliance to tackle the ever growing problem of the illegal conversions of one and two family homes into multiple dwellings or Single Room Occupancies. Illegal conversion impacts to infrastructure put a strain on municipal services, water, sewer, electricity, refuse, and overcrowding at local school.

PARKS - Twenty - two of Thirty One-Seven CB10 Capital Priorities are requests for improvements to local parks. Community District Ten parkland totals 352.51 acres spread across 17 parks. Parks within Community District Ten provide a multitude of diversified athletic and passive recreational facilities to thousands of residents and visitors throughout the year.

Main Issue Related to Health Care and Human Services

Programs, services or facilities for seniors

Members of Community Board Ten continue to advocate for community based funding to provide needed services to help our senior population age in place. Additionally, the need to increase senior support services including access to Supplementary Nutrition Assistance Program, meals on wheels, homecare assistance and recreational services is of growing concern to local senior residents within Community District 10. It has been reported to our office that there is currently a waiting list of 40 residents seeking to receive meals on wheels service in Community District Ten. With 25 % of Community District 10 population over 60, the demand for services is constant. At present our community is served by three senior centers, a few senior clubs that meet weekly and one satellite cen

Community District Needs Related to Health Care Facilities and Programming

There continues to be great concern following the closing Victory Memorial Hospital in 2008, the only general hospital located within Community District 10. Local neighboring emergency rooms at Maimonides Medical Center and NYU Langone Hospital are grappling with extremely overcrowded Emergency Rooms daily. The growing population of Community Board 10 requires additional access to emergency room care and inpatient facilities. For this reason, we remain optimistic about the expansion of NYU Langone Facilities opening in Community District 10 which will address this urgent need. The recently purchased outpatient, medical offices and ambulatory care at the former HRA offices at 6740 4th Avenue is a welcomed addition to Community District 10. Additionally, Board Members continue to advocate for health services our aging population especially Alzheimer related services. Finally, we continue to advocate for resources to assist with drug addiction in our community especially opioid, heroin, ketamine and synthetic drug usage and overdoses. A recent satellite intake office was opened within District 10 to provide needed counseling and referral services.

Community District Needs Related to Facilities and Programming for Older New Yorkers

Members of Community Board Ten continue to advocate for community based funding to provide needed services to help our senior population age in place. Additionally, the need to increase senior support services including access to Supplementary Nutrition Assistance Program, meals on wheels, home-care assistance and recreational services is of growing concern to local senior residents within Community District 10. It has been reported to our office that there are currently 40 residents waiting to receive meals on wheels service in Community District Ten. With 25 % of Community District 10 population over 60, the demand for services is constant. At present our community is served by three senior centers, a few senior clubs that meet weekly and one satellite center in a senior housing complex. This year, local residents advocated for the development of Senior Housing at the former site of the Angel Guardian Home. The Community Board District Office received over 200 letters from local and nearby district residents expressing the need for the development of affordable senior housing. Our Senior Issues/Housing/Health and Welfare Committee of Community Board 10 will be reaching out this year to update its report on its vision of future needs of senior residents in Community District 10. Currently, the Committee is focused on the development of centers to meet the changing needs of the older population. CB10 recognizes the diverse needs of the growing elder population which spans several subgroups. The senior groups are defined as follows: 1. Newly retired 60 + senior who is active and still working or volunteering. 2. The established and healthy older person who is fully enjoying retirement and interested in leisure activities 3. The "aging in place" frailer elder who may need care services and supports to remain independent in the community. 4. The home bound and impaired elderly who needs daily home care and personal care service. Seniors in our community are not a monolithic group. The young active senior needs innovative programs. The seniors in the middle need to be comfortable and maybe give some of their experience away as mentors to the community youth. Finally the frail elderly need "hands on" care and support. These are diverse needs for a truly diverse population. Community Board 10 will continue to advocate for funding that supports the future needs of its seniors who live in within the district. The Bay Ridge Age Friendly project continues to meet regularly to identify initiatives that will impact seniors in significant ways and consider how best to serve and benefit from Bay Ridge's growing senior population. In June 2017, Community Board Ten partnered with the Bay Ridge Center to host a Senior Tech event where over 300 local seniors participated. The event showcased vendors to assist seniors on how technology can improve their quality of life and help with everyday tasks. Community Board 10 is working alongside Bay Ridge Center and local business leaders in hopes to assist with the expansion of Age Friendly NYC goals locally by reaching out to city government agencies involved in the Age Friendly effort. Funding and cooperation is required to address the already identified transportation, quality of life issues, senior health, increased housing options, and senior safety concerns in areas of focus.

Capital Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
3/36	DFTA	<i>Renovate or upgrade a senior center</i>	<i>Capital Funding for the relocation of Bay Ridge Center for Older Adults Senior Center. The Bay Ridge Center for Older Adults is in need of a new ADA compliant senior center for the over 1,000 seniors who attend and obtain a multitude of services provided by the center. Its current location is not adequate for its service delivery needs.</i>	<i>Bay Ridge Center for Older Adult 411 Ovington Avenue</i>

5. Summary of Community District Needs and Budget Requests

Health Care and Human Services

Expense Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
5/25	DFTA	<i>Increase home delivered meals capacity</i>	<i>The number of seniors receiving home delivered meals continues to rise in Community District 10.</i>	<i>Community Wide</i>
12/25	DOHMH	<i>Reduce mosquito populations</i>	<i>Increase staffing levels for mosquito control efforts. This is needed in areas of high mosquito concentration to curtail spread of West Nile Virus.</i>	<i>Community Wide</i>
15/25	DOHMH	<i>Reduce rat populations</i>	<i>Increase staffing levels for inspection and baiting services for rodent control. Proliferating problems created by rodent infestation along lots and highway properties and other pest related problems must be addressed by enhancing the workforce for pest control.</i>	<i>Community Wide</i>
19/25	DOHMH	<i>Other animal and pest control requests</i>	<i>To provide and implement a long term plan to eradicate bed bugs. Bed bug infestation is a growing citywide problem. In Community District 10 area residents are concerned about the growing problem of bed bug infestation, specifically new infestations in the subways. We are also concerned about the economic toll it places on local families who are struggling to make ends meet. Extermination of an average two bedroom apartment can cost over \$1,000 with additional cost to replace mattresses, furniture and clothing. Members would like to see a citywide forum with a goal of providing and implementing a long term plan to deal with bedbugs.</i>	<i>Community Wide</i>

Main Issue Related to Youth, Education and Child Welfare

School and educational facilities (Capacity)

Community District Ten is located within Community School District 20. We are the most overcrowded school district in the City of NY. There is currently an 11,000 seat deficit. Since 2000 four new public school buildings have increased the total number of elementary seats in Community District 10. The newly constructed schools include P.S. 69, P.S. 264, P.S. 310 and PS/IS 30. Large scale capital additions to existing schools to address overcrowding include projects at P.S. 170, P.S. 185 and I.S. 259. A new addition at P.S. 127 is currently under design. Overcrowding is a problem in many schools within Community District 10. All elementary schools within Community District 10 are vastly exceeding enrollment targets in Community District 10. P.S.176 with an enrollment of 1414 students exceeds its target population of 808 students. The School Construction Authority continue to search for sites to construct needed seats.

Community District Needs Related to Educational Facilities and Programs

There is funding in the School Construction Capital Plan for School District 20 for 4,000 additional seats. Projects in CD 10 include: PS 127, Pre-K Center @ 8501 5th Avenue, Pre-K Center @ 369 93rd Street, Prek-K Center @ 1423 62nd Street, Pre-K Center @ 1355 84th Street, and Pre-K Center @ 7401 Fort Hamilton Parkway.

Public Safety and Emergency Services

Main Issue Related to Public Safety and Emergency Services

Emergency service delivery (including rapid response)

Community Board Ten is coterminous with the 68th Police precinct. While crime statistics are among the lowest in New York City within the top CompStat categories, quality of life complaints and other police enforcement issues continues to require police attention. The decline in the number of police officers assigned to the 68th Police Precinct has impacted response time and many residents would like to see a better service delivery response to daily police related needs. Examples include, disorderly groups, noise complaints, commercial vehicle parking on the sidewalk and street – other routine illegal parking habits. Open Data demonstrates increase calls to 311 for non-police emergencies. 311 total calls in 2010 – 2,383; 2011 – 2,771; 2012 – 3,514; 2013 – 4,129; 2014 – 6,911; 2015 – 8,889; 2016 – 11,526.

Community District Needs Related to Policing and Crime

Community Board Ten continues to advocate for increases in patrol strength in the 68th Police Precinct. While the 68 Precinct is among the safest in New York City, they respond to growing numbers of quality of life issues. Quality of life matters are very important to the residents of Bay Ridge, Dyker Heights and Fort Hamilton. We also advocate for supplemental services for assistance with specific problems relating to an increase of heroin, opioid, ketamine, synthetic drugs and marijuana street level sales. Enforcement includes assistance from VICE and other investigative units like Brooklyn South Narcotics. Also, proliferation of unlicensed Day Spas - with some engaged in illegal prostitution and possible human trafficking requires specific investigative resources. We also have additional needs for more school crossing guards, School Security and Traffic Control Agents to assist our NYPD staff with Vision Zero initiatives. Currently, CB10 is requesting an additional five crossing guards be included to address local needs.

Capital Requests Related to Public Safety and Emergency Services

Priority	Agency	Request	Explanation	Location
CS	NYPD	<i>Provide surveillance cameras</i>	<i>Several new surveillance cameras were installed due to funding from local Council Member Vincent Gentile. Resident requests for additional surveillance cameras along commercial corridors and problematic locations is warranted.</i>	<i>Community Wide</i>

Public Safety and Emergency Services

Expense Requests Related to Public Safety and Emergency Services

Priority	Agency	Request	Explanation	Location
2/25	NYPD	Assign additional uniformed officers	Increase patrol strength at 68th Police Precinct as well as civilian personnel levels.	Community Wide
3/25	FDNY	Provide more firefighters or EMS workers	Maintain personnel funding levels for firefighting personnel. Funding levels must be sustained to maintain effective firefighting and prevention services and to overcome attrition.	Community Wide
6/25	NYPD	Assign additional crossing guards	Additional school crossing guards needed within Community District Ten.	Community Wide
10/25	NYPD	Assign additional traffic enforcement officers	In keeping with the Mayor's Vision Zero initiative, additional traffic control agents are needed at high crash and heavily travelled commercial corridors. These include near entrance of Brooklyn Queens Expressway and to handle Verrazano Narrows Bridge traffic disruptions and summer volume. 86th Street at 4th Avenue and 5th Avenue 65th Street at 6th, 7th and 8th Avenues and Fort Hamilton Parkway Additional agents needed to handle Verrazano Narrows Bridge traffic disruptions at 92nd Street corridor; 86th Street at Gatling Place	Community Wide

Main Issue Related to Core Infrastructure, City Services and Resiliency

Other/Aging water/combined sewer system

An important infrastructure issue facing Community District 10 is an aging water/combined sewer system- and other underground utilities that were installed over 100 years ago. There is no longer a proactive capital improvement program for District 10, all sewer breaks and recurring street depressions are handled as emergency repairs. Data is not available for Corrective Action Reports submitted to the DEP. CB10 had a major collapse of a tunnel requiring costly emergency repair work that lasted over one year in 2012 and currently has 10 recurring street depressions that may be caused by aged infrastructure. Failure to proactively maintain and plan for sewer line replacement can have devastating effects on any community. In 2012 Community Board Ten notified DEP of a sinkhole that was first observed when a newly planted tree caved into below the ground. The cause was a break in an 11-foot diameter sewer tunnel on 92nd Street between 3rd Avenue and Ridge Boulevard in Community District 10. The sewer was built in 1902, and carries 15 to 28 million gallons of wastewater daily to the Owls Head wastewater treatment plant. Failure to maintain this sewer tunnel and our aged sewer/water main infrastructure can have dangerously serious impact on businesses, residents and property. Repairs to the tunnel took well over one year. Community District Ten notes recurring street level sink holes caused by water main/sewer main breaks stressing the importance of a proactive capital investment in our aging infrastructure.

Community District Needs Related to Water, Sewers and Environmental Protection

A proactive capital plan is needed for upgrades of a very aged sewer/water main infrastructure in Community District Ten. In addition, Community District Ten is home to the Owl's Head Wastewater Treatment Plant which opened in 1952. This plant treats up to 120 million gallons of wastewater per day for the 758,007 New Yorkers it serves. Complaints about odors emanating from the plant are a top priority for CD10 and upgrades to ensure odor control are critical.

Community District Needs Related to Water, Sewers and Environmental Protection

[Bay Ridge Avenue Recurring Street Cave-in \(2\)](#)

Community District Needs Related to Sanitation Services

Essential to the viability of any community are effective sanitation services. In Community District Ten, we are in critical need of an increase to clean team forces and Mobile Litter Patrol which maintain our many overpasses, pedestrian walkways and sidewalks near/adjacent to city properties. We were not made aware of the changes that immediately impacted several services in CD 10 following the district-wide expansion of Organics Recycling Program in October 2016. These services specifically impacted:

1. Bulk Collection- The transition of the BK10 collection fleet to all dual bin loader trucks required an additional bulk collection truck for items larger than 3 feet by 4 feet as these items do not fit in the hopper of a dual bin truck. Weekly bulk collection lists are created based on visual block inspections by DSNY officers. Local residents have filed hundreds of complaints to our office and 311 about missed bulk collection. Despite efforts to educate the public on placing bulk out on the evening prior to their second collection date, many complain that bulk can be out for well over one week on the sidewalk. Also frustrating residents is that 311 operators often refuse to take missed bulk collection reports creating situations where bulk items can be out on sidewalks for 2 complete collection cycles. Bulk that is stored on the public sidewalk for days or weeks attract additional littering. Additionally, some frustrated residents have resorted to dumping bulk at various locations throughout the district. Prior to district-wide organics collection, bulk items were picked up the same day with regular trash on either collection day. The new bulk collection system is simply not working as our streets and sidewalks according to residents are “beginning to look like a dumping ground”. We are concerned about the environmental impact of additional trucks traversing residential streets within CB10 that are now needed to supplement bulk collection.
2. Loss of bi-weekly Motorized Litter Patrol (MLP) service: There are 30 locations in Community District 10 that prior to District Wide Organics Recycling receives bi-weekly MLP cleaning. This routine bi-weekly service was discontinued immediately following district-wide implementation of the Organics Program. DSNY now sporadically assigns MLP service to the District. This has resulted in numerous complaints from the public and has created unsanitary conditions and rat sightings.
3. Collection Policy Change on Wogan Terrace, Barwell Terrace, Hamilton Walk and Lafayette Walk: For over 80 years DSNY workers picked up refuse at the aforementioned locations with sanitation workers walking to collect trash with rolling receptacles. This was routinely performed by MLP staff because of the uniqueness of the four streets with narrow sidewalks that are nestled off the main public street at a common area. Over 100 residents attended a Community Board Ten Environmental Committee meeting on March 27, 2017 to discuss problems associated with this 80-year-old policy shift. Although the members of Community Board Ten fully support the merits of the Organics Recycling Program and all efforts to maximize diversion rates from landfills, the service reductions that have resulted following its district-wide roll out has led to negative feedback from residents and requests to withdraw from the pilot. Further, it is our opinion that before organics recycling is added to neighboring community districts, the aforementioned issues must be reviewed to determine the efficacy of the program and/or the need for improvements to ensure its success.

5. Summary of Community District Needs and Budget Requests

Core Infrastructure, City Services and Resiliency

Capital Requests Related to Core Infrastructure, City Services and Resiliency

Priority	Agency	Request	Explanation	Location
4/36	DEP	Build new, expand or repair sanitary sewers	Requests to initiate design for new and larger sewers with greater capacity including new catch basins to address flooding issues on Narrows Avenue and Colonial Road from Bay Ridge Parkway to 85th Street.	Narrows Avenue/Colonial Road Bay Ridge Parkway 85 Street
6/36	DEP	Replace or upgrade water mains	Sewer Reconstruction Capital Project - The Department of Environmental Protection does not have a proactive capital plan in Brooklyn. Mounting complaints about recurring depressions/sewer back ups - aging sewer system require further study at several locations within Community District 10. 12th Avenue from Bay Ridge Avenue to 74th Street; 3rd Avenue from 68th to 78th Streets; 11th Avenue from 62 to 72 Streets; 13th Avenue from Bay Ridge Avenue to 79th Street; Bay Ridge Avenue from Shore Road to 7th Avenue	Community Wide
15/36	DEP	Build new, expand, or repair wastewater treatment or water pollution control facilities	Owls Head Wastewater Treatment Plant - requires a complete modernization to ensure that odors are kept under control.	Owls Head Wastewater Treatment 6700 Shore Road
16/36	DEP	Provide new or expand green infrastructure, e.g. greenbelts, bio swales	Provide Funding to establish an Oyster Garden alongside shoreline adjacent to Owls Head Sewage Treatment Facility	6700 Shore Rd
32/36	DEP	Build new, expand, or repair wastewater treatment or water pollution control facilities	Request to initiate study of Combined Sewer Outfalls (CSOs) Infrastructure inspection along the Shore Road Promenade from the 69th Street Pier to Bay 8th Street to determine if upgrades are needed in wake of Superstorm Sandy AND sinkholes that have developed along the Shore Road Promenade. Functionality of these CSOs is critical to the maintenance of the Shore Road Promenade and the adjacent Belt Parkway.	Shore Road Promenade Bay Ridge Avenue Bay 8th Street

5. Summary of Community District Needs and Budget Requests

Core Infrastructure, City Services and Resiliency

Expense Requests Related to Core Infrastructure, City Services and Resiliency

Priority	Agency	Request	Explanation	Location
7/25	DSNY	<i>Provide more frequent litter basket collection</i>	<i>Request to provide sufficient funding to maintain additional basket collection trucks in the commercial corridors within CD10. Commercial sectors generate excessive loads. Sunday cleaning and collection services are needed to remove heavy weekend overflow. Also, a critical need exists to expand MLP staffing.</i>	<i>Community Wide</i>
22/25	DSNY	<i>Increase enforcement of canine waste laws</i>	<i>Frequent complaints are received by the District Office regarding canine waste. It is a quality of life issue that frustrates residents concerned about street cleanliness.</i>	<i>Community Wide</i>
24/25	DSNY	<i>Increase enforcement of illegal dumping laws</i>	<i>CD 10 has recurring illegal dumping on commercial corridors and at corner baskets. There is also illegal dumping along the sidewalks adjacent to the MTA 62nd railroad tracks.</i>	<i>Community Wide</i>

5. Summary of Community District Needs and Budget Requests

Land Use, Housing and Economic Development

Main Issue Related to Land Use, Housing and Economic Development

Zoning review and enforcement

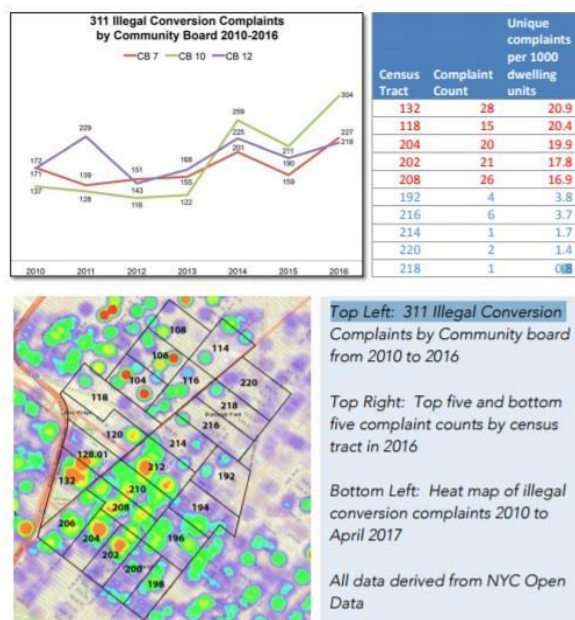

Zoning review and enforcement and code enforcement are needed to maintain safety in building construction and community character. A complete zoning review of CD 10 was adopted in 2005 for Bay Ridge and 2007 for Dyker Heights following years of work. Zoning compliance of these adoptions are critical. The growing problem with illegal conversions in one and two family dwellings and the blatant disregard of the zoning resolution needs to be addressed. Community District 10 is also currently working on a study to examine the efficacy of the Streetscape Text Amendment.

Community District Needs Related to Land Use

Additional staffing including inspectors is needed to address enforcement of illegal conversions in one and two family homes in Community District Ten as well as conversions of commercial properties to nonconforming uses.

Since 2010 the number of complaints from area residents of single family and two family homes being converted and occupied as SROs and transient housing is on the rise. From 2010 to the present, the 311 Open Data portal shows that there have been 1842 complaints filed with 311 for illegal conversion of residential building space within Community District 10. 2010 242 2011 207 2012 230 2013 250 2014 480 2015 423 2016 559 2017 to date 448	Community Wide

Transportation

Main Issue Related to Transportation

Traffic safety

Traffic and roadway safety are a paramount concern to the members of Community Board Ten. Currently, Community Board Ten's Committee on Traffic and Transportation is working on several projects relating to the Mayor's Vision Zero objectives to improve pedestrian safety on local streets. In FY 2016, CB 10 with the assistance of DOT approved several safety initiatives including improvements to the 65th Street and the 4th Avenue corridors, school zones as well as a district wide bicycle network. We continue to work on safety concerns along the 65th Street corridor and will be reviewing newly implemented roadway redesign projects.

Community District Needs Related to Traffic and Transportation Infrastructure

Community Board Ten Traffic and Transportation committee annually reviews the condition of local roadways and reports its findings to the New York City Department of Transportation. It recently submitted a list of locations of infrastructure concerns where the roadbed cave-ins and depressions reoccur. Following the elimination of the DEP Trench Restoration contract, many street beds in CD 10 need to be studied to determine if they require capital infrastructure improvements. 72nd street between Shore Road & 4th Avenue is in serious need of restoration. In recent years, street resurfacing is on a yearly cycle but only thirty percent of requested roadways in Community District Ten are expected to be paved during the next cycle. Funding must be allocated for there to be a curb replacement project.

[77th Street Recurring Street Cave-ins](#)

[13th Avenue Street Condition](#)

Community District Needs Related to Transit Services

Improving public transportation is a top priority within Community District 10. From 2011 through 2016, the R line that runs along 4th Avenue has seen ridership increases from Bay Ridge Avenue (3.32%); 77th Street (10.39%); 86th Street (8.9%); and 95th Street (4.72%). Expanding service on both the R and N lines is a top priority. The modernization and rehabilitation of the R lines is needed. Handicapped accessibility of the 86th street Station is being planned. Although this is a significant step, the location in which they chose to place the handicapped accessible elevator is a safety concern to the members of CB10. R Train maintenance, improved service, cleanliness and safety is of importance at all local stations which include Bay Ridge Avenue, 77th Street, 86th Street and 95th Street within Community District 10. The N lines at both 8th Avenue and Fort Hamilton Parkway had service reductions affecting service and no longer provide express service into Manhattan. Local residents continue to advocate for the restoration of N Express service in Manhattan. Both N stations, located within Community District 10 at 8th Avenue and Fort Hamilton Parkway, are in the final phase of the renovation project. From 2011 through 2016 the N line stations in CD 10 have seen ridership increase at 8th Avenue (31.6%) and from 2011 through 2015 Fort Hamilton Parkway (3.2%). Additionally, members for Community Board Ten have urged NYC Transit to reopen the 7th Avenue entrance to better serve commuters at the heavily traveled 8th Avenue. From 2011 through 2016, ridership increase can also be seen on several bus lines including the B1 (5.52%); B64 (3.33%); S79 (25%); and S93 (123%). Current service is at capacity and surveys to extend service into portions of Dyker Heights, Bay Ridge and Fort Hamilton should be reviewed. Growing demand to the College of Staten Island, Staten Island Mall and Staten Island commuters affected by rising toll costs has resulted in the expansion of Staten Island bus service lines. The expansion of bus stops at the intermodal connection point along 4th Avenue at 86th to 88th Streets is affecting both pedestrian and traffic impacts along this area located within the busy 86th Street Business Improvement District. A restoration of Express Bus Service X27/28 and X37/38 was made to assist weekend commuters. Express Bus Weekend Service, specifically the X- 27 and X-28 remains a valuable form of transportation to scores of commuters including the disabled, seniors, students, and local residents. Efforts are in place to extend a Bay Ridge Stop to the Staten Island X17 bus on the weekend; however, a full restoration is warranted.

Parks, Cultural and other Community Facilities

Main Issue Related to Parks, Cultural and other Community Facilities

Quality of parks and park facilities

The quality of parks and park facilities is of paramount concern to the residents of Community District Ten. A significant amenity for our community's urban environment is provided by the quality and viability of our district's parklands. The parks within our district have an advantageous geographic proximity to magnificent natural vistas and offer the availability of numerous athletic and recreational facilities, which provide local families and provide residents great enjoyment. As these parklands are among the most highly utilized in our city, the ever-increasing demand for the use of these facilities is commensurable to the increasing need for their expeditious restoration and maintenance.

Community District Needs Related to Parks and Recreational Facilities and Programming

Our concerns for the restoration and preservation of our parks are annually emphasized through the high capital improvement priorities we award to park projects. These indicators of our concerns have initiated funding for major restoration of several playgrounds and athletic facilities. However, restoration projects to many of our playgrounds and parklands have been deferred because of funding constraints. While the citizens of our community have endeavored to address the need for improvements in our parks through their efforts to organize volunteer clean-up programs and ambitious fund raising campaigns; these initiatives cannot replace the urgent need to enhance the ongoing daily maintenance service in our parks. The provisions of the needed resources will improve the maintenance operations and productivity levels to restore the parks to their former viability. This past summer season, Community Board 10 received an increase in the number of service request for the removal of stored refuse at the entry way of several parks in the district, These include Dyker Beach Park, Owls Head Park, Shore Road Park at 79th street & 95th street, JJ Carty Park, Leif Erickson Park, and McKinley Park. In part this new quality of life problem stems from illegal dumping and misuse of parks receptacles. It also reflects a need for additional pickups which may require more staffing and vehicles to pick up the increase in refuse that is produced during the summer. Community District 10 Parks have seen an increase in use of local parks for special events both small and large. This increase also requires additional resources to address maintenance and refuse pick up. Maintenance operations is critical to preserving refurbished parks in the Community District 10 area. Recreational programs expansion is needed and recreational staffing levels as well as security staffing levels must be increased to provide for the needs of youngsters, adults, and senior citizens. The provisions of security personnel for the Parks Enforcement Patrols is needed to deter vandalism and criminal activity so that our capital investments are protected. CB 10 has identified the increasing number of cave-ins along the Shore-Road Promenade and Bicycle Path as our top Parks concern. There are over forty potholes that need funding to make the area safe. The new concession bicycle path was well received; however, the recurring potholes and sinkholes is a safety concern. Forty-eight sinkholes were repaired in an emergency contract. The restoration costed over \$20 million; however, following coastal storms including Super-storm Sandy and Hurricane Irene breaches along the entire Shore Road Promenade threaten its stability as well as that of the adjacent Belt Parkway. The interior paths inside Shore Road Park are crumbling and in dire need of refurbishment. McKinley Park, John Paul Jones Park, Dyker Beach park, JJ Carty Park, Vinland Playground, and Dyker Beach Park Asphalt Playground are all recommended for capital funding

Community District Needs Related to Library Facilities and Programming

Our libraries provide a multitude of services within the community. In addition to special programs geared toward special groups, these facilities furnish a myriad of educational, cultural, recreational, business and social needs for countless citizens. It is therefore imperative that our library system be supported and enhanced by maintaining the staffing levels for operational efficiency and providing continuous book and other inventory materials, expansion of computerization and programming restoration to assure that the Brooklyn Public Library receives its fair share of the citywide allocated funds. The six day service will be maintained.

Community District Needs Related to Community Boards

The role of Community Boards has broadened over recent years. Community Boards have greater responsibilities and serve as an essential component of city government. Combined with their charter-mandated responsibilities, they act as a catalyst between agencies and the community. In recent years, land use review, planning and related requisite reviews of New York State Liquor Authority and other municipal applications have placed additional demands of staff. Adequate funding should be made available for Community Boards so that they can fulfill their charter-mandated responsibilities including funding for additional staff to assist with daily responsibilities.

Parks, Cultural and other Community Facilities

Capital Requests Related to Parks, Cultural and other Community Facilities

Priority	Agency	Request	Explanation	Location
1/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Request: Initiate Immediate Engineering Study of Shore Road Promenade/Bicycle Path Infrastructure/ to address serious recurring cave- ins threatening public safety. This study must include complete investigation of the infrastructure of the adjacent Combined Sewer Outfalls to determine source of water breaches. Explanation: There are currently 30 recurring cave-ins along the Shore Road Promenade/Bicycle Path within the confines of Community District 10. The source of the undermining needs to be examined and a resiliency redesign be put into place. The recurring cave-ins pose an immediate safety risk to bicyclists and pedestrians. The engineering study needs to protect this vital waterfront recreational space as well as protect adjacent Belt Parkway.</i>	Shore Road Promenade
7/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Request: Rehabilitate Owls Head Park Lower Path Erosion with full Landscaping Plan and Drainage System Explanation: Owls Head Park located at 68th Street at Shore Road is in dire need of rehabilitation of its lower path. It is at a critical state as dirt is drifting onto the sidewalk along 68th Street and clogging catch basins. All park refurbishments to be compliant with ADA specifications. The clogged catch basins impact the Owls Head Sewage Treatment Plant.</i>	Owls Head Park
9/36	DPR	Reconstruct or upgrade a building in a park	<i>Request: Fort Hamilton Senior Center Expansion Including parking lot repaving Explanation: Fort Hamilton Senior Center has grown in recent years and an expansion of the building can address growing programmatic needs. This should include repaving of its parking lot which is filled with large pot holes and depressions. Refurbish to ADA specifications.</i>	Fort Hamilton Senior Center 9941 Fort Hamilton Parkway
10/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Request: Renovation of Shore Road Park. Restoration of Shore Road perimeter and drainage by sections of blocks to include Department of Environmental Protection and Department of Transportation. Explanation: Reconstruct and rehabilitate Shore Road Park adjacent to Shore Road from 72nd Street to 84th Street and on 86th Street to 97th Street. Missing hexagon pavement blocks creating hazardous pedestrian conditions. Untended brush and foliage has proliferated to such an extent that only restoration of the landscaping can restore the area.</i>	Shore Road Park
11/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Request: JJ Carty Park Refurbishment of Basketball Courts. Explanation: The basketball courts are in dire need of reconstruction. Refurbishments to meet ADA</i>	JJ Carty Park

22/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Complete rehabilitation of Shore Road Park Ball field at 74th Street. Explanation: This heavily utilized field needs drainage system and new dugouts that are able to be secured from vandalism in PM hours. Refurbish to ADA specifications.	Shore Road Park Ballfield
23/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Reconstruction of Vinland Playground located at Shore Road and 95th Street. Explanation: This playground is in poor condition and needs to be refurbished. Refurbish to ADA specifications.	Vinland Playground 7420 Shore Rd
24/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Complete Rehabilitation of Shore Road Park Field 4	Shore Road Park Field 4
25/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Complete Renovation of Shore Road Park at 3rd Avenue. Explanation: Refurbish to ADA Specifications. There is a small gated unused area of parkland that needs to be developed for community use.	Shore Road Park at 3rd Avenue
26/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Dyker Beach Park Asphalt Field Refurbish Explanation: Refurbish to ADA specifications. This asphalt field is underutilized. This request is for the development of a multi-use recreational field.	Dyker Beach Park
27/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Refurbish Russell Pederson Playground - Russell Pederson Playground is in need of restoration work including new play equipment and spray showers. Separate adult exercise area from children play equipment. Refurbish to ADA specifications.	Russell Pederson Playground
28/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Russell Pederson Basketball Court Explanation: Basketball Court utilized by Fort Hamilton High School and local residents are in poor condition and dire need of restoration work. Refurbish to ADA specifications.	Russell Pederson Playground
30/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Refurbish Leif Ericson Park Ball fields 67th Street at 6th Avenue. Synthetic turf. Explanation: The ball fields at Leif Ericson Park are in poor condition. The Fields are well utilized by local leagues and in dire need of refurbishment to ADA specifications.	Leif Ericson Park

Parks, Cultural and other Community Facilities

Capital Requests Related to Parks, Cultural and other Community Facilities

Priority	Agency	Request	Explanation	Location
31/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Tennis Courts need to be refurbished in Bay 8th Street; Leif Ericson Park; and Shore Road Park. Explanation: Local Junior High Schools and High Schools utilize these tennis courts that are in need of refurbishment. All refurbishments to be ADA compliant.	Community Wide
33/36	DPR	Provide a new, or new expansion to, a building in a park	Initiate Engineering Study for Placement for a comfort station on the Shore Road Promenade. Residents especially seniors have requested an accessible comfort station along the Shore Road Promenade. An engineering feasibility study is being asked to determine if a comfort station could be installed along the bicycle path or promenade.	Shore Road Park
34/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Shore Road Park - Narrows Botanic Gardens - Installation of a 10 foot bear claw security fence to prevent recurring vandalism at park.	Narrows Botanical Garden 464 Bay Ridge Ave
35/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Complete Rehabilitation of Shore Road Park Field 3	Shore Road Park Field 3
36/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Complete Refurbishment of Dyker Beach Park Playground including play equipment, water fountains, sprinklers and infrastructure. Refurbish to ADA specifications.	Dyker Beach Park Playground
CS	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Complete Rehabilitation of Shore Road Park Staircase at 95th Street Explanation: The staircase at 95th Street is completely crumbled and in need of complete replacement.	Shore Road Park

Parks, Cultural and other Community Facilities

Expense Requests Related to Parks, Cultural and other Community Facilities

Priority	Agency	Request	Explanation	Location
1/25	OMB	Other community board facilities and staff requests	Maintain/Enhance funding to Community Boards - Community Board budget increases have been minimal and cuts sustained to staffing in the 1990s have not been restored.	Community Wide
8/25	DPR	Forestry services, including street tree maintenance	Restore forestry contract appropriations for tree pruning, removal and maintenance including stump removal. Restored allocations for forestry's tree maintenance contracts are needed. Years of deferred maintenance of street and park trees have created a severe back log of much needed attention. Stump removal is of great concern as larger stumps can take up to three years for removal.	Community Wide
9/25	DPR	Enhance park safety through more security staff (police or parks enforcement)	Increase PS Funding allocations to expand parks enforcement patrols and security services. Additional parks enforcement personnel are needed to patrol the numerous parks throughout District 10 for vandalism, traffic violations, dog litter violations, barbecuing in non designated areas, illegal vending, using permitted fields without a permit and related violations to parks regulations.	Community Wide
11/25	BPL	Extend library hours or expand and enhance library programs	Increase funding to keep library branches open additional hours within the boundaries of Community District 10 and purchase additional computers and books. Working people and students need access to libraries when the work/school day ends. Weekend hours are essential.	Community Wide
13/25	DPR	Other park maintenance and safety requests	Increase personnel to keep park restrooms open beyond 3pm. Many parents and children utilize the parks after 3:00pm. Facilities need to be available for use.	Community Wide
14/25	DPR	Provide more programs in parks or recreational centers	Funds to support five playground associates who will provide maintenance and recreational programs at McKinley Park; Dyker Beach Park; Shore Road Park at 79 Street; JJ Carty Park, Owls Head Skate Park and Leif Ericson Park	Community Wide
16/25	DPR	Other park maintenance and safety requests	Increase funding to hire additional gardeners and grass cutting crews. All parks within Community Board Ten need year round grass cutting and field maintenance. Currently, these are seasonal positions which is not adequate for our year round needs.	Community Wide
17/25	DPR	Forestry services, including street tree maintenance	Increased funding for forestry inspectors. Current inspection times have increased due to growing tree population. The average response time for tree inspection request is 10 days which is not adequate especially in cases of immediate need.	Community Wide
18/25	DPR	Other park maintenance and safety requests	Increase PS funding allocations to hire additional maintenance operation staff to do rodent abatement. Additional personnel is needed to address the neglected parkland in the district due to the deferred maintenance in recent years. At least ten additional maintenance personnel are needed within Community District 10.	Community Wide

Parks, Cultural and other Community Facilities

Expense Requests Related to Parks, Cultural and other Community Facilities

Priority	Agency	Request	Explanation	Location
21/25	DPR	<i>Provide better park maintenance</i>	<i>Erosion control and maintenance of local parks. Funding for erosion control of local parks needs to be increased as the erosion problem at some of our local parks puts them in jeopardy of losing trees and valuable landscaping.</i>	<i>Community Wide</i>
25/25	DCLA	<i>Provide more public art</i>	<i>Murals and art work add to public spaces. Recently mural work at Russell Pederson Playground and the overpass at Fort Hamilton Parkway and 62nd Street promise to deter graffiti and beautify both areas. Funding is needed to expand such efforts.</i>	<i>Community Wide</i>

6/36	DEP	Replace or upgrade water mains	Sewer Reconstruction Capital Project - The Department of Environmental Protection does not have a proactive capital plan in Brooklyn. Mounting complaints about recurring depressions/sewer back ups - aging sewer system require further study at several locations within Community District 10. 12th Avenue from Bay Ridge Avenue to 74th Street; 3rd Avenue from 68th to 78th Streets; 11th Avenue from 62 to 72 Streets; 13th Avenue from Bay Ridge Avenue to 79th Street; Bay Ridge Avenue from Shore Road to 7th Avenue	Community Wide	
7/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Rehabilitate Owls Head Park Lower Path Erosion with full Landscaping Plan and Drainage System Explanation: Owls Head Park located at 68th Street at Shore Road is in dire need of rehabilitation of its lower path. It is at a critical state as dirt is drifting onto the sidewalk along 68th Street and clogging catch basins. All park refurbishments to be compliant with ADA specifications. The clogged catch basins impact the Owls Head Sewage Treatment Plant.	Owls Head Park	
8/36	DOT	Repair or build new step streets	Request complete restoration of 76th Street Step Street at Colonial Road including landscaping. This Step Street is at the dead end and is in poor condition with broken steps and inadequate/broken railing. Minor repairs were made but complete restoration is needed.	76 Street Colonial Road Ridge Blvd.	
9/36	DPR	Reconstruct or upgrade a building in a park	Request: Fort Hamilton Senior Center Expansion Including parking lot repaving Explanation: Fort Hamilton Senior Center has grown in recent years and an expansion of the building can address growing programmatic needs. This should include repaving of its parking lot which is filled with large pot holes and depressions. Refurbish to ADA specifications.	Fort Hamilton Senior Center 9941 Fort Hamilton Parkway	
10/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Renovation of Shore Road Park. Restoration of Shore Road perimeter and drainage by sections of blocks to include Department of Environmental Protection and Department of Transportation. Explanation: Reconstruct and rehabilitate Shore Road Park adjacent to Shore Road from 72nd Street to 84th Street and on 86th Street to 97th Street. Missing hexagon pavement blocks creating hazardous pedestrian conditions. Untended brush and foliage has proliferated to such an extent that only restoration of the landscaping can restore the area.	Shore Road Park

19/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Rehabilitation of the interior path inside Shore Road Park from 79 Street to 95th Street. Explanation: The interior path is in dire need of restoration with crumbling pathways. Additionally, there are erosions alongside the paths. It is very dangerous and difficult to walk on this path	Shore Road Park	
20/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: John Paul Jones Park 101st Street and 4th Avenue. Reconstruction of paths and benches. Explanation: This park is enjoyed by young and old. The paths and benches in this park have deteriorated and are in need of replacement. Also water service needs to be repaired. There are no operating water fountains. Refurbish to ADA specifications.	John Paul Jones Park	
21/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Rehabilitate 3 remaining ball fields at Dyker Beach Park. Explanation: Our baseball fields in this district need to be rehabilitated. The fields are in total disrepair. Refurbish to ADA specifications.	Dyker Beach Park	
22/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Complete rehabilitation of Shore Road Park Ball field at 74th Street. Explanation: This heavily utilized field needs drainage system and new dugouts that are able to be secured from vandalism in PM hours. Refurbish to ADA specifications.	Shore Road Park Ballfield	
23/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Reconstruction of Vinland Playground located at Shore Road and 95th Street. Explanation: This playground is in poor condition and needs to be refurbished. Refurbish to ADA specifications.	Vinland Playground 7420 Shore Rd	
24/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Complete Rehabilitation of Shore Road Park Field 4	Shore Road Park Field 4	
25/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Complete Renovation of Shore Road Park at 3rd Avenue. Explanation: Refurbish to ADA Specifications. There is a small gated unused area of parkland that needs to be developed for community use.	Shore Road Park at 3rd Avenue

26/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Dyker Beach Park Asphalt Field Refurbish Explanation: Refurbish to ADA specifications. This asphalt field is underutilized. This request is for the development of a multi-use recreational field.	Dyker Beach Park	
27/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Refurbish Russell Pederson Playground - Russell Pederson Playground is in need of restoration work including new play equipment and spray showers. Separate adult exercise area from children play equipment. Refurbish to ADA specifications.	Russell Pederson Playground	
28/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Russell Pederson Basketball Court Explanation: Basketball Court utilized by Fort Hamilton High School and local residents are in poor condition and dire need of restoration work. Refurbish to ADA specifications.	Russell Pederson Playground	
29/36	DOT	Other transportation infrastructure requests	Request: Refurbish pedestrian overpasses within Community District Ten and include the installation of bicycle ramps. Explanation: There are several overpasses within Community District Ten that are in poor condition. They are located at 92nd Street, 82nd Street and 4th Avenue. The Shore Road Promenade is highly used for bicycle riding and bicycle access is needed.	Community Wide	
30/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Refurbish Leif Ericson Park Ball fields 67th Street at 6th Avenue. Synthetic turf. Explanation: The ball fields at Leif Ericson Park are in poor condition. The Fields are well utilized by local leagues and in dire need of refurbishment to ADA specifications.	Leif Ericson Park	
31/36	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Request: Tennis Courts need to be refurbished in Bay 8th Street; Leif Ericson Park; and Shore Road Park. Explanation: Local Junior High Schools and High Schools utilize these tennis courts that are in need of refurbishment. All refurbishments to be ADA compliant.	Community Wide	
32/36	DEP	Build new, expand, or repair wastewater treatment or water pollution control facilities	Request to initiate study of Combined Sewer Outfalls (CSOs) Infrastructure inspection along the Shore Road Promenade from the 69th Street Pier to Bay 8th Street to determine if upgrades are needed in wake of Superstorm Sandy AND sinkholes that have developed along the Shore Road Promenade. Functionality of these CSOs is critical to the maintenance of the Shore Road Promenade and the adjacent Belt Parkway.	Shore Road Promenade Bay Ridge Avenue Bay 8th Street

Support (CS)	Agency	Request	Explanation	Location	Supporters
33/36	DPR	<i>Provide a new, or new expansion to, a building in a park</i>	<i>Initiate Engineering Study for Placement for a comfort station on the Shore Road Promenade. Residents especially seniors have requested an accessible comfort station along the Shore Road Promenade. An engineering feasibility study is being asked to determine if a comfort station could be installed along the bicycle path or promenade.</i>	<i>Shore Road Park</i>	
34/36	DPR	<i>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</i>	<i>Shore Road Park - Narrows Botanic Gardens - Installation of a 10 foot bear claw security fence to prevent recurring vandalism at park.</i>	<i>Narrows Botanical Garden 464 Bay Ridge Ave</i>	
35/36	DPR	<i>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</i>	<i>Complete Rehabilitation of Shore Road Park Field 3</i>	<i>Shore Road Park Field 3</i>	
36/36	DPR	<i>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</i>	<i>Complete Refurbishment of Dyker Beach Park Playground including play equipment, water fountains, sprinklers and infrastructure. Refurbish to ADA specifications.</i>	<i>Dyker Beach Park Playground</i>	
CS	DPR	<i>Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</i>	<i>Request: Complete Rehabilitation of Shore Road Park Staircase at 95th Street Explanation: The staircase at 95th Street is completely crumbled and in need of complete replacement.</i>	<i>Shore Road Park</i>	
CS	DOT	<i>Roadway maintenance (i.e. pothole repair, resurfacing, trench restoration, etc.)</i>	<i>Support the need to increase contract funding appropriations for expansion of milling, resurfacing and repaving programs to improve local streets and throughways. There are several roadways in need of resurfacing within Community District Ten.</i>	<i>Community Wide</i>	
CS	NYPD	<i>Provide surveillance cameras</i>	<i>Several new surveillance cameras were installed due to funding from local Council Member Vincent Gentile. Resident requests for additional surveillance cameras along commercial corridors and problematic locations is warranted.</i>	<i>Community Wide</i>	

6. Summary of Prioritized Budget Requests

Brooklyn Community Board 10 Expense Requests

Brooklyn Community Board 10 submitted 25 expense budget requests, organized by priority.

Priority	Agency	Request	Explanation	Location	Supporters
1/25	OMB	Other community board facilities and staff requests	Maintain/Enhance funding to Community Boards - Community Board budget increases have been minimal and cuts sustained to staffing in the 1990s have not been restored.	Community Wide	
2/25	NYPD	Assign additional uniformed officers	Increase patrol strength at 68th Police Precinct as well as civilian personnel levels.	Community Wide	
3/25	FDNY	Provide more firefighters or EMS workers	Maintain personnel funding levels for firefighting personnel. Funding levels must be sustained to maintain effective firefighting and prevention services and to overcome attrition.	Community Wide	
4/25	DOB	Address illegal conversions and uses of buildings	Inspectors are needed to address this growing number of complaints from area residents. Since 2010 the number of complaints from area residents of single family and two family homes being converted and occupied as SROs and transient housing is on the rise. From 2010 to the present, the 311 Open Data portal shows that there have been 1842 complaints filed with 311 for illegal conversion of residential building space within Community District 10. 2010 242 2011 207 2012 230 2013 250 2014 480 2015 423 2016 559 2017 to date 448	Community Wide	
5/25	DFTA	Increase home delivered meals capacity	The number of seniors receiving home delivered meals continues to rise in Community District 10.	Community Wide	
6/25	NYPD	Assign additional crossing guards	Additional school crossing guards needed within Community District Ten.	Community Wide	
7/25	DSNY	Provide more frequent litter basket collection	Request to provide sufficient funding to maintain additional basket collection trucks in the commercial corridors within CD10. Commercial sectors generate excessive loads. Sunday cleaning and collection services are needed to remove heavy weekend overflow. Also, a critical need exists to expand MLP staffing.	Community Wide	
8/25	DPR	Forestry services, including street tree maintenance	Restore forestry contract appropriations for tree pruning, removal and maintenance including stump removal. Restored allocations for forestry's tree maintenance contracts are needed. Years of deferred maintenance of street and park trees have created a severe back log of much needed attention. Stump removal is of great concern as larger stumps can take up to three years for removal.	Community Wide	
9/25	DPR	Enhance park safety through more security staff (police or parks enforcement)	Increase PS Funding allocations to expand parks enforcement patrols and security services. Additional parks enforcement personnel are needed to patrol the numerous parks throughout District 10 for vandalism, traffic violations, dog litter violations, barbecuing in non designated areas, illegal vending, using permitted fields without a permit and related violations to parks regulations.	Community Wide	

6. Summary of Prioritized Budget Requests

Brooklyn Community Board 10 Expense Requests

Brooklyn Community Board 10 submitted 25 expense budget requests, organized by priority.

Priority	Agency	Request	Explanation	Location	Supporters
10/25	NYPD	Assign additional traffic enforcement officers	In keeping with the Mayor's Vision Zero initiative, additional traffic control agents are needed at high crash and heavily travelled commercial corridors. These include near entrance of Brooklyn Queens Expressway and to handle Verrazano Narrows Bridge traffic disruptions and summer volume. 86th Street at 4th Avenue and 5th Avenue 65th Street at 6th, 7th and 8th Avenues and Fort Hamilton Parkway Additional agents needed to handle Verrazano Narrows Bridge traffic disruptions at 92nd Street corridor; 86th Street at Gatling Place	Community Wide	
11/25	BPL	Extend library hours or expand and enhance library programs	Increase funding to keep library branches open additional hours within the boundaries of Community District 10 and purchase additional computers and books. Working people and students need access to libraries when the work/school day ends. Weekend hours are essential.	Community Wide	
12/25	DOHMH	Reduce mosquito populations	Increase staffing levels for mosquito control efforts. This is needed in areas of high mosquito concentration to curtail spread of West Nile Virus.	Community Wide	
13/25	DPR	Other park maintenance and safety requests	Increase personnel to keep park restrooms open beyond 3pm. Many parents and children utilize the parks after 3:00pm. Facilities need to be available for use.	Community Wide	
14/25	DPR	Provide more programs in parks or recreational centers	Funds to support five playground associates who will provide maintenance and recreational programs at McKinley Park; Dyker Beach Park; Shore Road Park at 79 Street; JJ Carty Park, Owls Head Skate Park and Leif Ericson Park	Community Wide	
15/25	DOHMH	Reduce rat populations	Increase staffing levels for inspection and baiting services for rodent control. Proliferating problems created by rodent infestation along lots and highway properties and other pest related problems must be addressed by enhancing the workforce for pest control.	Community Wide	
16/25	DPR	Other park maintenance and safety requests	Increase funding to hire additional gardeners and grass cutting crews. All parks within Community Board Ten need year round grass cutting and field maintenance. Currently, these are seasonal positions which is not adequate for our year round needs.	Community Wide	
17/25	DPR	Forestry services, including street tree maintenance	Increased funding for forestry inspectors. Current inspection times have increased due to growing tree population. The average response time for tree inspection request is 10 days which is not adequate especially in cases of immediate need.	Community Wide	
18/25	DPR	Other park maintenance and safety requests	Increase PS funding allocations to hire additional maintenance operation staff to do rodent abatement. Additional personnel is needed to address the neglected parkland in the district due to the deferred maintenance in recent years. At least ten additional maintenance personnel are needed within Community District 10.	Community Wide	

6. Summary of Prioritized Budget Requests

Brooklyn Community Board 10 Expense Requests

Brooklyn Community Board 10 submitted 25 expense budget requests, organized by priority.

Priority	Agency	Request	Explanation	Location	Supporters
19/25	DOHMH	<i>Other animal and pest control requests</i>	<i>To provide and implement a long term plan to eradicate bed bugs. Bed bug infestation is a growing citywide problem. In Community District 10 area residents are concerned about the growing problem of bed bug infestation, specifically new infestations in the subways. We are also concerned about the economic toll it places on local families who are struggling to make ends meet. Extermination of an average two bedroom apartment can cost over \$1,000 with additional cost to replace mattresses, furniture and clothing. Members would like to see a citywide forum with a goal of providing and implementing a long term plan to deal with bedbugs.</i>	<i>Community Wide</i>	
20/25	DOT	<i>Rehabilitate bridges</i>	<i>Maintain PS allocations to hire additional bridge maintenance personnel. CB10 is home to a large number of bridge overpasses that require regular maintenance.</i>	<i>Community Wide</i>	
21/25	DPR	<i>Provide better park maintenance</i>	<i>Erosion control and maintenance of local parks. Funding for erosion control of local parks needs to be increased as the erosion problem at some of our local parks puts them in jeopardy of losing trees and valuable landscaping.</i>	<i>Community Wide</i>	
22/25	DSNY	<i>Increase enforcement of canine waste laws</i>	<i>Frequent complaints are received by the District Office regarding canine waste. It is a quality of life issue that frustrates residents concerned about street cleanliness.</i>	<i>Community Wide</i>	
23/25	DOT	<i>Roadway maintenance (i.e. pothole repair, resurfacing, trench restoration, etc.)</i>	<i>Maintain personnel to resurface roads and repair pot holes</i>	<i>Community Wide</i>	
24/25	DSNY	<i>Increase enforcement of illegal dumping laws</i>	<i>CD 10 has recurring illegal dumping on commercial corridors and at corner baskets. There is also illegal dumping along the sidewalks adjacent to the MTA 62nd railroad tracks.</i>	<i>Community Wide</i>	
25/25	DCLA	<i>Provide more public art</i>	<i>Murals and art work add to public spaces. Recently mural work at Russell Pederson Playground and the overpass at Fort Hamilton Parkway and 62nd Street promise to deter graffiti and beautify both areas. Funding is needed to expand such efforts.</i>	<i>Community Wide</i>
