INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

HOW TO USE THIS REPORT

This report represents Brooklyn Community Board 16's *Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2020*. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from June to November 2018.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

If you have questions about this report or suggestions for changes please contact:

CDNEEDS_DL@planning.nyc.gov

This report is broadly structured as follows:

a) Overarching Community District Needs

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

b) Policy Area - Specific District Needs

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

c) Community Board Budget Requests

The final section includes the two types of budget requests submitted to the City for the FY20 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

This metric from the Mayor's Office for Economic Opportunity accounts for NYC's high cost of housing, as well as other costs of living and anti-poverty benefits.

2. Community District Land Use

3. Overview of Community District

Bordered on the north by Broadway, on the east by Van Sinderen Avenue, on the south by L.I.R.R. and on the west by East 98th Street, East New York Avenue, Ralph Avenue, Atlantic Avenue and Saratoga Avenue, Community District #16 is located in East Brooklyn and encompasses the neighborhoods of Ocean Hill and Brownsville.

According to the American Community Survey, Ocean Hill-Brownsville has a population of 125,747 which is an increase from the 2010 census that recorded the population at 86,468. Approximately 76% of the population is Black/African American, 20% of Hispanic Origin, 1% White, 1% Asian, and 2% other.

There are 29.1% of households with children under 18 years old, and 10% of the population is age 65 years and older.

Many of our residents are disadvantaged from an early age, due to a lack of support and resources in our local schools. Our students have some of the lowest attendance rates in the City and the overwhelming majority are not proficient in reading and math. This translates into low graduation rates, leaving many residents in our community unprepared for the job market. More than half of the population receives income support.

Unemployment is an acute problem in our community where 18.3% of the civilian labor force was unemployed on average (ACS 2016).. The issue is severely impacting our young people, with unemployment rates for 20 to 24 years old at 28 percent. Males are experiencing higher unemployment rates in the district than females, with rates of 19 and 11 percent respectively. Job training and placement programs are needed to combat this problem.

High poverty creates a host of other issues related to affordable housing, health, childcare and crime.

As we move forward to address the issue of homelessness, permanent housing is needed, not homeless shelters. The housing must be affordable to residents of the community where the median household income is \$27,512.

According to the New York City Department of Health and Mental Hygiene, residents of Ocean Hill-Brownsville experience more barriers to health care access than those in New York City overall, with nearly 3 in 10 without a regular doctor.

Many of our residents are not eating healthy meals because they lack the income and access to healthy foods. Heart disease, hypertension, diabetes, obesity, asthma, HIV and AIDS, mental health, and maternal and infant health are prevalent in our community.

Gun violence involving young adults is an increasing problem in our community. Unreported crimes and injuries from street justice continue to negatively impact on our district.

Many of the obstacles our community face are interrelated and cannot be solved in isolation.

We need collaboration of both the public and private sectors to address the many issues our community residents have.

4. Top Three Pressing Issues Overall

The three most pressing issues facing Brooklyn Community Board 16 are:

- *Affordable housing*
- *Health care services*
- *Youth and children's services*

Our three most important issues are youth and children's services, health care services, and affordable housing.

Residents under the age of 18 represent 29.1% of Community District #16's population (ACS 2016). During the 2018 testing period, results on the New York State ELA test for 4,625 students in grades 3 to 8 in School District #23 reveal that 37.8% are on Level 1, 36% on Level 2, 19.2% on Level 3 and 7.1% on Level 4. Results of the Math test for 4,509 students in grades 3 to 8 in School District #23 reveal that 49.9% are on Level 1, 29.6% on Level 2, 13.9% on Level 3 and 6.6% on Level 4.

Ocean Hill-Brownsville is part of the Central Brooklyn community where, according to the Department of Health and Mental Hygiene, its residents experience more barriers to health care access than those in New York City overall, with nearly 3 in 10 without a regular doctor.

According to the New York City Department of Health and Mental Hygiene's Community Health Profiles 2015, 37% of Community District #16's residents live below the Federal Poverty level and it is the poorest neighborhood in Brooklyn and the seventh-poorest in neighborhood in New York City. In Community District #16, the rate of preterm births, a key driver of infant death, is the second highest in the city, the teen birth rate of 13.3% is higher than the Brooklyn rate of 8.8% and the citywide rate of 9%.

We need the New York City Department of Health and Mental Hygiene to continue its partnership with the various community-based agencies to stem the tide of maladies that are consuming our community and expand obstetric, pediatric, geriatric, mental health, HIV and AIDS services, mental health, and maternal and infant health services.

Permanent and affordable housing, not homeless shelters, are needed to meet the increasing needs of our senior citizens, families, and single adults with minimum wage jobs. We also need permanent and affordable housing for young adults whose income is below or above a certain income threshold - too much for subsidized housing but not enough for market rate housing.

The price of a house is unaffordable to many of our residents. Even with government subsidies, many of our hardworking families find it difficult to attain the American dream of owning their own home because their income has not advanced with the cost of living. Rental housing costs are also skyrocketing, thus making it difficult for families and single adults to maintain permanent housing.

Main Issue Related to Health Care and Human Services

Services for low-income and vulnerable New Yorkers

Poverty is a severe issue facing our community that impacts health and a host of other quality of life measures. Approximately 29% of residents have incomes below the New York City government poverty threshold (Source:PUMA). Poverty rates in Community District #16 are particularly severe among families with children where 43.5 percent are living in poverty. These rates rise even further for single mothers with children where poverty rates are 51.7 percent. It is important to note that this family type accounts for nearly 60 percent of the families within the district (Source: 2016 ACS). Living in poverty limits healthy lifestyle choices and makes it difficult to access health care and resources that can promote health and prevent illness. It is imperative that these families receive the much needed income support services such as cash assistance, medicaid and SNAP benefits; as well as job training and job placement.

Community District Needs Related to Health Care Facilities and Programming

Community District #16, which is located in Central Brooklyn and includes the neighborhoods of Ocean Hill and Brownsville, has for many decades been marginalized in receiving much needed health care and wellness services which has perpetuated the inability of local residents in improving their overall health. According to the 2015 Community District Health Profile released by the New York City Department of Health and Mental Hygiene, some of these challenges include low income attainment, compromised housing quality, air pollution, preterm births, absenteeism, violence, incarceration, substance abuse, chronic illnesses such as stroke, diabetes, hypertension, HIV and AIDS, and a lack of physical activity and access to health foods , and require intervention by New York City and health care institutions. The United States Office of Disease Prevention and Health Promotion - Healthy People 2020 report lists economic stability as a social determinant of health and the Center for Disease Control (CDC) reports that anti-poverty programs such as the Earned Income Tax Credit (EITC) help keep children and families above the poverty rate. The main purpose of the EITC is to incentivize people to work while also helping to reduce poverty, and also contributes to positive health outcomes for infants and mothers; and which impacts physical and mental health, infant mortality and low-birth weight rates. Community District #16 has the 2nd highest rate of pre-term births and infant mortality. Furthermore, preventative health care services and outreach increase education and reduce emergency room visits amongst our pediatric, adult and geriatric health care populations in Community District #16. In Central Brooklyn, 3 out of 10 residents are without a regular doctor and many of our residents are underinsured. According to the US Census Bureau's American Community Survey 5 year estimates for 2012-2016, zip codes 11212 and 11233 respectively, approximately 11% of individuals have no health insurance. Other services such as mental health, physical activity and nutrition are important in keeping these residents in the community well. Income, housing, education, violence and access to health care have been adversarial issues in Community District #16 for decades and all are factors of the social determinants of health which continue to impact the lives of our residents. We need the New York City Department of Health and Mental Hygiene to continue its partnership with other levels of government, health care institutions, and the various community-based organizations to expand access to obstetrics and education to promote prenatal care, Lamaze, breastfeeding, and doulas which are positive interventions to maternal and infant health. We need health insurance companies to continue their outreach in the community to enroll individuals and families in health plans. We need assistance for adults who are experiencing financial hardship due to escalating costs of prescription medication. Our senior citizens, in particular, are finding it most difficult to pay out-of-pocket costs for prescriptions. We need nutrition education outreach in the community to identify and assist persons who are not eating properly and are at-risk of becoming obese and developing circulatory and respiratory conditions. We need services to combat these health challenges such as asthma and diabetes which are on the rise in our community. We also need programs to outreach to our adolescents and teenage residents to educate them about reproductive health and services; consequences of engaging in premarital sex, teenage pregnancy prevention, and awareness, safety and services regarding increased cases of human trafficking. It is important that the New York City Department of Health and the Brownsville Neighborhood Health Action Center continue its work and support the residents of Community District #16 to achieve neighborhood health equity.

Community District Needs Related to Facilities and Programming for Older New Yorkers

According to the American Community Survey, approximately 12% of our population is over the age of 62. A large number of our seniors are low-income, live alone, and reside in public housing for the elderly. For older persons at risk of losing self-sufficiency, senior centers are an entry point to an array of services that will assist them as they age in place. We need continued funding of our senior centers to enable them to offer a wide range of health, education, recreation, volunteer and other social interaction opportunities for their participants that enhance dignity, support independence, and encourage community involvement. Most importantly, the centers provide a social environment conducive to the development of a social support system reducing loneliness and depression. Expansion of the Meals-on-Wheels Program is needed for many of our seniors who live alone and whose income is insufficient to purchase ingredients for nutritional meals. Many of our elderly and infirm adults who live alone need escort services to accompany them to medical appointments and grocery shopping. They also need assistance with personal care, housekeeping, and financial management as they strive to live independently in their own homes.

Community District Needs Related to Facilities and Services for the Homeless

Community District #16 is over saturated with homeless housing. There are 12 homeless shelters funded by the Department of Homeless Services, several shelters for victims of domestic violence, and a number of three quarter houses. In addition, rooms are being rented in 4 hotels in the district to temporarily house homeless individuals and families. Families and individuals become homeless due to a variety of circumstances, including loss of job, instances of substance abuse, domestic violence, eviction, or unsafe building conditions. Because the shelter system should never be considered a home, programs such as CITYFHEPS and HRA HOME-Tenant-Based Rental Assistance (TBRA) are needed to assist this population to move into permanent housing. Homeless prevention programs such as Homebase are also needed to assist those at risk of losing affordable permanent housing by providing monetary assistance and linking them to needed resources such as job training, childcare, and substance abuse programs. Community-based social service agencies and health care organizations must receive sufficient funding to give individuals and families the long term support that they need.

Community District Needs Related to Services for Low-Income and Vulnerable New Yorkers

According to our district profile published by the Department of City Planning, 29% of our residents have incomes below the NYC government poverty threshold. Our low-income and vulnerable residents have less assets and often face major challenges meeting daily living expenses for housing, food, clothing, and health care. It is imperative that resources be provided to this group to enhance their quality of life. Low-income families experience severe hardships whether they rely on cash assistance, work or a combination of both. These families need institutional support in the form of education, financial literacy job training, fair wages, child care, parenting skills, and health care.

Expense Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
9/25	DOHMH	Other programs to address public health issues requests	According to the New York City Department of Health and Mental Hygiene, the rate of preterm births in Community District #16, a key driver of infant death, is the second highest in the city. Maternal and infant health services are needed to promote healthy pregnancies, positive birth outcomes, and healthy infant growth and development. The long-term goal of maternal and infant health programs is to reduce maternal and infant morbidity and mortality.	Community Wide
16/25	DOHMH	Create or promote programs to de-stigmatize mental health problems and encourage treatment	Gun violence is very prevalent in our community. When gun violence ends a life, it also impacts the lives of survivors (families and friends) who struggle to cope with the lose of a loved one. Preventive and treatment programs are needed for all ages.	Community Wide
17/25	DOHMH	Create or promote programs for education and awareness on nutrition, physical activity, etc.	Eating well is important for good health. A healthy diet helps prevent many chronic diseases and conditions, such as obesity, type 2 diabetes, hypertension, stroke, some cancers, and heart disease. Expansion of outreach and educational programs such as Healthy Living is needed to improve nutrition and physical activity for all ages. In addition, programs such as Shop Healthy NYC are needed to increase access to healthy foods in the neighborhood retailers. Outreach programs such as the Newborn Visiting Program provides vital resources to the community and needs expansion.	Community Wide
18/25	DFTA	Increase transportation services capacity	Many of our elderly and homebound residents live alone. Without this service, they would not be able to get to their medical appointments and shop for groceries.	Community Wide
19/25	DFTA	Enhance home care services	Many of our seniors live alone and are in need of assistance to perform activities of daily living in their home such as bathing, feeding, and or housekeeping.	Community Wide
20/25	HRA	Other homelessness prevention program request	According to the American Community Survey, about a third of families in Community District #16 are facing poverty. Many of these families are at risk of losing affordable housing for a variety of reasons, such as minimum wage jobs, temporary unemployed due to illness, and lost of job. Programs such as Homebase are needed to provide families with monetary assistance and resources to remain in permanent housing.	Community Wide

Expense Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
21/25	DFTA	Increase home delivered meals capacity	Many of our low-income elderly residents who live alone do not have sufficient income to shop for groceries and prepare daily nutritional meals. An expansion of the Meals-on-Wheels program will enable this population to eat more healthy and frequently.	Community Wide

Main Issue Related to Youth, Education and Child Welfare

Youth workforce development and summer youth employment

Residents under the age of 18 represent 29.1% of Community District #16. Presently, the unemployment rate in the district is approximately 13.5% and has been higher at other times. Youth workforce development is extremely important to the Ocean Hill-Brownsville community where poverty is prevalent and the rate is 35.3%. During their formative years, youths can benefit a great deal from workforce development programs that help to reinforce classroom learning, offer exposure to new knowledge, technical and social skills, and help youths develop an attitude toward participation, teamwork and productivity. Summer Youth Employment Programs are early introductions to the world of work and help youth gain valuable work experience with transferrable skills that our youth need to develop good work habits and sustain employment. By developing good work habits and skills at an early age, our youth are more likely to continue this trend as they progress toward adulthood.

Community District Needs Related to Educational Facilities and Programs

School District #23 has one of the lowest attendance record in the city. We are requesting that the Department of Education provide additional resources to address the truancy problem. The Department of Education should work with community members to determine the root cause of truancy in the district and develop innovative solutions that serve our students before they become truant. During the 2018 testing period, results on the New York State ELA test for 4,625 students in grades 3 to 8 in School District #23 reveal that 37.8% are on Level 1, 36% on Level 2, 19.2% on Level 3 and 7.1% on Level 4. Results of the Math test for 4,509 students in grades 3 to 8 in School District #23 reveal that 49.9% are on Level 1, 29.6% on Level 2, 13.9% on Level 3 and 6.6% on Level 4. Nearly a third of the district's young people (18 to 24 years old) lack a high school diploma or equivalency, 50 percent more than Brooklyn as a whole. Another third have obtained a high school diploma or GED. Only five percent have completed a four year college degree. As New York City's economy becomes increasingly specialized, it is crucial for our residents to be prepared to compete for quality jobs. We are requesting that the New York City Department of Education further its investment in career and technical education and college readiness programs. Our schools will require highly skilled teachers, guidance counselors, and curricula incorporating STEM which will help place students on a college bound educational path. School children also need an environment that is conducive to learning, therefore, we need facility upgrades to our school buildings to support the use of technology, elevators for ADA compliance, and electrical wiring to support the use of air conditions. To ensure that youth in Community District #16 have the greatest opportunities for a comprehensive education, we also need funding to support civic engagement, financial literacy learning, and music and arts in our schools, and youth programs. It is important that the City of New York and the New York City Department of Education support the educational needs of our young residents in Community District #16 to achieve neighborhood equity in education..

Community District Needs Related to Services for Children and Child Welfare

Approximately 16 percent of the district's population are children. Day care and headstart programs play a crucial role in supporting young children's development, learning and preparation for both school and life success. Early care and education programs foster children's healthy and positive cognitive, physical, social and emotional development. Early childhood education programs are also critical to parental employment stability. A number of grandparents and other relatives find themselves serving as parents for children whose own parents are unable to care for them because of substance abuse or incarceration. Many of these relatives need financial support to provide food, shelter and clothing to these children. Poverty, parental alcoholism, family instability, overcrowding and abusive conditions in the home, incarceration of a parent, or death of a parent render many of our children at-risk of juvenile delinquency. We need programs for at-risk youth and preventive services; i.e., juvenile justice, health education, sports, technology, cultural arts and design, workforce and entrepreneurship.

Community District Needs Related to Youth and Community Services and Programs

If it weren't for afterschool programs, many of our children would go home to an empty house and many others would hang out on the streets until their parents return home from work. Children left unsupervised after school often fall prey to deviant behavior that is harmful to them, to their school and to the community. Afterschool programs provide a safe place for our children, academic support for help with homework, exploring new ways to learn and enhance motivation for learning and tutoring to help "catch up". For our youth, afterschool programs provide a rich array of opportunities for social contacts and enrichment activities, especially related to sports, arts and student directed projects. For families, afterschool programs provide low or no cost care for children and youth. They also provide enrichment opportunities for families who might not be able to afford them otherwise. For the community, afterschool programs provide opportunities to integrate community resources and programs with the school during non peak hours when space and students are more accessible. They also provide safe and supervised recreation and enrichment opportunities to reduce juvenile crime and victimization of unsupervised children and youth.

Capital Requests Related to Youth, Education and Child Welfare

Priority	Agency	Request	Explanation	Location
4/40	SCA	Renovate or upgrade a middle or intermediate school	Air circulation in the auditorium at Mott Hall Bridges Academy is poor and it is extremely uncomfortable during warm weather. Installation of an air condition unit in the auditorium is much needed to improve air circulation.	Mott Hall Bridges Academy 210 Chester Street
5/40	SCA	Renovate or upgrade a middle or intermediate school	Upgrade student bathrooms, library and auditorium (curtains, sound system and air condition) to provide a safe and healthy environment for students and staff at Kappa V.	Kappa V 985 Rockaway Avenue
30/40	SCA	Renovate or upgrade an elementary school	Renovate all bathrooms at the Riverdale Community School, located at 76 Riverdale Avenue to provide a safe and healthy environment for students and staff.	
33/40	SCA	Renovate or upgrade a middle or intermediate school	Renovate all bathrooms at Brownsville Collaborative Middle School, located at 85 Watkins Street to provide a safe and healthy environment for students and staff.	
37/40	SCA	Renovate interior building component	School District #23 Resource Center, located at 1784 Park Place, occupies a former facility used by elementary school children. the bathrooms are in need of renovation to accommodate adults who now use this facility.	District #23 Resource Center 1784 Park Pl
38/40	SCA	Renovate interior building component	Renovate all school buildings in District #23 to make them ADA compliant.	Community Wide
40/40	SCA	Renovate interior building component	Upgrading of electrical wiring will allow for safer and more efficient use of electrical power with the ever increasing use of electrical equipment such as air condition units, computers and other equipment..	Community Wide

Expense Requests Related to Youth, Education and Child Welfare

Priority	Agency	Request	Explanation	Location
1/25	SCA	Renovate interior building component	During hot weather, there is little or no air circulation in the classrooms which affect the learning ability of students. Air condition units are needed in all schools in District #23 to provide a safe and healthy environment for students and staff.	Community Wide
4/25	DYCD	Provide, expand, or enhance the Summer Youth Employment Program	Summer youth employment programs are early introductions to the world of work and help to build skills that our youth need to develop good work habits and sustain employment.	Community Wide
11/25	DOE	Other educational programs requests	For various reasons, not every student is prepared to attend college. Therefore, they should have the option to learn a skilled trade while in high school that will equip them to compete in the job market. Career and Technical Education Programs will prepare our high school students for entry level employment in a specific occupation and is aligned with business/industry standards.	Community Wide
12/25	DYCD	Provide, expand, or enhance Cornerstone and Beacon programs (all ages, including young adults)	Many of our impoverished families lack financial resources to provide structured activities for their children. We need continued funding of our Cornerstone and Beacon programs which provide a range of free educational, cultural and recreational resources to our children and youth.	Community Wide
15/25	SCA	Provide technology upgrade	To bridge the digital divide and provide current and relevant resources to the students at Brooklyn Collegiate High School, we request funding to outfit their library and classrooms with computers, equipment and books. Many students do not have computer accessibility at home and library books are often limited in quantity, outdated or not relevant to the lives of the students. We also request additional funding for STEM.	2021 Bergen Street

Public Safety and Emergency Services

Main Issue Related to Public Safety and Emergency Services

Youth crime

Youth violence is a growing concern in our community where poverty, family instability and unemployment provide fertile ground for its growth. Gangs are perpetuating youth on youth violence that result in injury and death. Far too many young lives are lost from street justice. Collateral damage inflicted by gun violence impacts the victim's family, friends and community.

Community District Needs Related to Policing and Crime

Community District #16 has historically been known as an area of New York City with high rates of crime and incidents of violence. As a result, the New York Police Department and the 73rd Precinct have participated in anti-crime programs such as "Stop and Frisk" and "Operation IMPACT" to help mitigate incidents of crime and violence to improve overall safety within the community. In the years following the launch of these programs, they were criticized for being divisive and lacking proper supervision for assigned officers who were new police academy graduates. The New York Police Department has taken steps to phase out these programs and return to "Neighborhood-Based Policing" with a program known as "Build the Block" which is a comprehensive crimefighting strategy that assigns Neighborhood Coordination Officers (NCO) to specific areas of the community for better community engagement with local residents. Community District #16 was a pilot community and has been participating in this program since 2016. In the last several years, the New York Police Department and the 73rd Precinct have reported reduced incidents of crimes and more recently some historic lows. Although crimes are decreasing, we continue to need police presence on our streets, in subways, along commercial corridors, around our schools, and in our New York City Housing Authority buildings to combat incidents of crime, and support the Police Department continuing to connect with the community and building relationships. However, as a result of prior experiences with the Police Department, there are still some unreported incidents of crimes from street justice. In addition, some law-abiding citizens are reluctant to report crimes because they are distrustful of the police and their ability to reduce crimes. Therefore, we are asking that police officers continue to receive frequent training in community engagement, cultural sensitivity and mental health first aid response to incidents of opioid overdose. In addition, we request that police officers be equipped with body cameras for better transparency of incidents of policing. According to the most recent data from the New York City Police Department's CompStat report (10/22/18 - 10/28/18), crimes in the seven (7) major categories in Ocean Hill-Brownsville increased slightly (0.85%) over the same period in 2017. It is important that the New York City Police Department continue to make improvements in policing that respect the humanity of our residents and visitors, and deploy resources efficiently to achieve neighborhood equity.

Community District Needs Related to Emergency Services

Community District #16 has a large concentration of New York City Housing Authority buildings as well as privately-owned elevated buildings which house many families in close proximity to each other. It is imperative that an adequate number of well trained firefighters are assigned to the firehouses in Community District #16 and they be provided with the necessary firefighting equipment to respond to fires, medical and other emergencies.

Public Safety and Emergency Services

Expense Requests Related to Public Safety and Emergency Services

Priority	Agency	Request	Explanation	Location
7/25	NYPD	Provide resources to train officers, e.g. in community policing	It is imperative that police officers assigned to the 73rd Precinct continue to receive frequent training in community engagement, cultural sensitivity, and mental health first aid to better equip them to patrol the community.	Community Wide
14/25	FDNY	Other FDNY facilities and equipment requests	A Forcible Entry Door is requested for Battalion 44 which will enable ongoing training of firefighters in the method of opening locked doors in the event of a fire, especially in multiple dwelling buildings.	FDNY EMS STATION 44

Main Issue Related to Core Infrastructure, City Services and Resiliency

Cleanliness/trash collection

Ongoing housing construction is bringing new families to the community. We need more Sanitation personnel to pick up garbage and clean our streets. Because of limited onsite storage, garbage from several of our schools and New York City Housing Authority buildings is placed on the sidewalks daily. We need daily pick up of this garbage which is unsightly and attracts rodents. Community District #16 continues to remain at the bottom for recycling. We need ongoing community outreach to educate our residents about the benefits of recycling.

Community District Needs Related to Water, Sewers and Environmental Protection

During heavy rainfall, flooding and ponding conditions are common at a number of heavily trafficked locations throughout the district. We need regular maintenance of our catch basins to remove obstructions and ensure that water continues to flow freely and not create ponding conditions. In 2015, the Department of Environmental Protection began installing over 200 bioswales, also known as rain gardens, throughout the district to reduce combined sewer overflow discharges into New York City's waterbodies. We encourage these green infrastructure improvements which are intended to reduce flooding, environmental and health impacts; however, because of the dimensions of the rain gardens, they also collect windblown litter and electronic and other illegally dumped debris. Furthermore, when the greenery is not properly maintained and pruned, they obstruct street view and pose a safety concern. We are in need of regular maintenance of our catch basins to remove obstructions and ensure that water continues to flow, and regular pruning and cleaning of rain gardens. We need ongoing community outreach to educate our residents about the benefits of rain gardens and the residents' assistance with maintenance. It is important that the NYC Department of Sanitation and Department of Environmental Protection make service level improvements as a result of these adverse concerns and deploy resources efficiently to achieve neighborhood equity and not overburden area residents..

Community District Needs Related to Sanitation Services

As new housing construction bring new families to the community, we need more Sanitation personnel to pick up garbage and clean our streets. The most recent scorecard ratings state that our streets are 86% acceptably clean. However, areas in the vicinity of New York City Housing Authority buildings and schools continue to be problematic because garbage is placed on the sidewalks on a daily basis after the collection truck makes its regular pick up. When this occurs, litter is strewn about the sidewalk and streets. Illegal dumping in vacant lots and on sidewalks in front of vacant buildings create unsightly, unhealthy and hazardous conditions. We need regular Sanitation patrol of chronic dumping locations to apprehend violators. According to the Department of Sanitation, recycling of metal, glass and plastic was at 9.3% in August 2017 in Community District #16. This was the lowest in Brooklyn. We need ongoing community outreach to educate our residents about the benefits of recycling.

Expense Requests Related to Core Infrastructure, City Services and Resiliency

Priority	Agency	Request	Explanation	Location
13/25	DEP	Clean catch basins	Windblown litter as well as household electronics and furniture are deposited in our many rain gardens on a daily basis. Additional manpower is needed to clean the rain gardens more frequently.	Community Wide
24/25	DEP	Clean catch basins	When litter and debris clog our catch basins, flooding and ponding occur during heavy rainfall at heavily trafficked locations which makes it difficult and unsafe for pedestrian crossing. Periodic cleaning of our catch basins is required.	Community Wide

Main Issue Related to Housing, Economic Development and Land Use

Affordable housing new creation

Households that pay more than 30% of their income for housing, including utilities are considered cost burdened because they may have difficulty paying non-housing needs such as food, clothing, transportation, child care and medical care. According to the American Community Survey 2011-2016 five year estimates, 51% of households in Community District #16 spend 35% or more of their income on rent. Decent housing that is affordable to working and low income families and seniors is in short supply in our community. As the cost of housing continues to soar and income remains stagnant, residents are being pushed out of their homes and onto the streets. We need affordable housing and rent subsidy programs to provide stability for this vulnerable population.

Community District Needs Related to Housing Needs and Programming

The availability of quality housing in Community District #16 is continuing to diminish due to the age and condition of our public housing buildings and upgrades needed to keep these units available to low income families. For residents not residing in public housing, the need for permanent affordable housing, not homeless shelters, continues to be a high priority for our community to meet the increasing needs of our senior citizens, families, and single adults with income that ranges from fixed and/or minimum wage and above, but is not sufficient to afford other housing opportunities. There is a growing need for affordable housing for young adults whose income is below or above certain thresholds - not enough for market rate housing but too much for subsidized housing. The lack of availability of these units forces these young adults out of the community and away from their families. The price of a house is unaffordable for many of our residents. Even with government subsidies, many of our hardworking families find it difficult to attain the American dream of owning their own home because their income has not increased with the cost of living. Rental housing costs are also skyrocketing, thus making it difficult for families and single adults to maintain permanent housing within New York City or Community District #16. We need the New York City Department of Housing Preservation and Development to provide funding to build truly affordable housing on City-owned land inclusive of a distribution of units that can house our seniors, young adults and families at affordable income levels; and also to the greatest extent possible offer equitable features through mixed use spaces and facilities to replace neighborhood conveniences that have been lost due to the high costs of real estate and taxes, but are needed in order to sustain a good quality of life for residents. In addition, we need the City to continue providing assistance to residents who are interested in homeownership and/or need to make repairs to their homes to make the homes livable into the foreseeable future.

Community District Needs Related to Economic Development

Since the early 1970s, Ocean Hill-Brownsville has experienced extreme disinvestment along its commercial corridors of Pitkin Avenue, Mother Gaston Boulevard, Saratoga Avenue, Fulton Street, Rockaway Avenue, and Belmont Avenue. The most glaring impact is along Belmont Avenue where there are a number of vacant storefronts or marginal month-to-month tenants. We need both private and public investments in these commercial corridors where our local residents can purchase healthy foods, clothing, furniture, dine out, and engage in cultural enrichment activities. We need the New York City Department of Small Business Services to support our local residents with workforce placements, small business development, and Minority and Women-Owned Business (M/WBE) certifications to address the issues of commercial vacancies, availability of diverse goods and services, and contracting with city agencies. Additionally, we appeal to the New York City Department of Consumer Affairs to help with small business outreach and education. We need the New York City Department of Housing Preservation and Development and the New York City Economic Development Corporation to market City-owned parcels and work with private owners who are in need of financial assistance to develop their properties to better serve the community. Given that small businesses are essential to local employment, support from these City agencies will help stimulate investment which will create economic opportunities for local residents and begin to address a persistent and acute problem of unemployment in Community District #16 across all demographics. This issue is severely impacting our young people with unemployment rates for 20-24 years old at 28 percent, compared with 20 percent for Brooklyn. Males in the district are experiencing higher unemployment rates in the district than females, with rates at 19 and 11 percent respectively. In order to achieve neighborhood equity, we call on the City to implement and expand job training and placement programs to combat high unemployment rates and concentrate resources available through the Summer Youth Employment Program, Workforce 1 and other programs that provide workforce development services. Furthermore, making improvements to the district's schools and incorporating Career and Technical Education will also help to address this problem by insuring that our young people are prepared for opportunities in the job market..

Capital Requests Related to Housing, Economic Development and Land Use

Priority	Agency	Request	Explanation	Location
3/40	NYCHA	Install security cameras or make other safety upgrades	Residents of Howard Houses have reported that crimes in the buildings and on the grounds have been increasing in recent years. Installation of CCTV cameras will help to deter crime and enhance the quality of life for its residents.	Howard Houses
26/40	NYCHA	Install recycling facilities at NYCHA developments	NYCHA developments in Community District #16 generate a large volume of recyclables. However, these developments are not properly recycling their waste. We request that NYCHA install recycling facilities on their properties and educate their tenants on the benefits of recycling.	Community Wide

5. Summary of Community District Needs and Budget Requests

Housing, Economic Development and Land Use

Expense Requests Related to Housing, Economic Development and Land Use

Priority	Agency	Request	Explanation	Location
2/25	HPD	Provide more housing for extremely low and low income households	The supply of decent affordable housing for extremely low and low income households is decreasing. As a result, many reside in substandard housing that impacts their health. Others are forced into homeless shelters.	Community Wide
3/25	HPD	Provide more housing for medium income households	Maintaining permanent housing is becoming more difficult for low wage working individuals and families. Medium income housing will enable them to become less rent burden and remain in the community	Community Wide
5/25	SBS	Other workforce development requests	A comprehensive one stop small business center to include M/WBE programs and technical assistance to support local businesses and entrepreneurs is needed. .	Community Wide
6/25	EDC	Expand programs to support local businesses and entrepreneurs	M/WBE resources and technical assistance are needed within the district for small business owners who are struggling to compete with more established businesses in the City of New York.	Community Wide
8/25	HPD	Expand loan programs to rehabilitate multiple dwelling buildings	Many of our multi family housing stock are in need of roof replacement, heating and electrical upgrades. Financing programs such as the Participation Loan Program and Multifamily Housing Rehabilitation Program are needed to facilitate the physical and financial sustainability and affordability of privately-owned multifamily buildings.	Community Wide
22/25	SBS	Support development of local Storefront / Facade Improvement Program	There are a number of vacant storefronts along our commercial corridors where property owners need financial support to renovate.	Belmont Ave Rockaway Ave Mother Gaston Blvd
23/25	SBS	Support development of local Storefront / Facade Improvement Program	There are a number of stores that need facade improvement and property owners are in need of financial assistance.	Pitkin Ave Howard Ave Mother Gaston Blvd

Transportation

Main Issue Related to Transportation

Accessibility (ADA related compliance and infrastructure enhancements)

Community District #16 is a transit rich community with no accessible subway stations for persons with physical disabilities in the district. Public transportation is the only source of transportation for many of our residents who are economically disadvantaged and lack the resources to access alternative modes of transportation to travel outside of the community. Many of these individuals are single mothers with infants, handicapped and elderly residents who require an elevator to access the platform. This lack of compliance with the American Disability Act threatens the quality of life for these vulnerable residents who seek independence. This disparity adds to the amount of time it takes to travel and/or may increase travel costs for these already economically disadvantaged individuals to travel by an alternative mode; i.e., car service. There are 11 elevated and one subterranean (Rockaway Avenue on the "IND") train stations that are not accessible to the physically challenged, including the Broadway Junction station on the "IND" line, Atlantic Avenue, Sutter Avenue, Livonia Avenue and New Lots Avenue on the "L" line, and the Sutter-Rutland Road, Saratoga Avenue, Rockaway Avenue and Junius Street on the "IRT" line. We call upon the New York City Metropolitan Transit Authority to appropriate needed funds to install elevator access to stations throughout Community District #16 and construct a connecting passageway between the "L" and "IRT" lines at Junius Street and Livonia Avenue to enable commuters to freely transfer between stations. The Broadway Junction station has a very high volume of traffic because of its connections to 3 train lines and 5 bus lines. The station has a series of steps that prevent the physically challenged from using this facility. The East New York station on the Long Island Railroad is in need of updating. Cameras are in place on the platforms and should also be placed in the tunnel connecting the stairwells leading to the service roads of Atlantic Avenue, and additional lighting is also needed. Presently, there is no wheelchair access on the westbound platform. We are requesting that a permanent ramp be installed to provide access for wheelchair bound passengers who now must travel to the Atlantic Avenue terminal to disembark. Community District #16 is becoming increasingly denser and there are more people using the subway. Several of our transit stations have multiple entrances that could be used by commuters but are not currently accessible. As a result, residents have unnecessarily longer travel distances from home to the nearest train station entrance and this is an impediment to their quality of life. We are requesting that NYC Transit make these entrances accessible to alleviate commuter congestion at train entrances, increase safety, offer neighborhood conveniences, and add to the quality of life for residents. It is important that these transit improvements be made to comply with federal law, achieve neighborhood equity, and respect for the humanity of our residents and visitors.

Community District Needs Related to Traffic and Transportation Infrastructure

Potholes and depressions continue to imperil traffic in Community District #16. The Departments of Transportation and Environmental Protection need to jointly inspect locations that frequently depress and eventually cave-in to identify the origin of the roadway condition and repair them in a timely fashion. A number of our streets are dimly lit and create an atmosphere conducive to criminal activities. The intensity of street lights need upgrading, especially underneath the elevated train lines along Broadway and Livonia Avenue, and along the bus routes. Truck traffic is increasing throughout the district. Residential blocks, instead of designated truck routes, are being used by 18-wheelers which are destroying our streets and creating congestion. More designated truck route signs are needed. With new housing construction, the volume of traffic is increasing. It is imperative that the Department of Transportation conduct a districtwide survey to determine locations for new traffic lights and stop signs.

Community District Needs Related to Transit Services

There are no accessible subway stations for persons with physical disabilities in the district. The Rockaway Avenue and Broadway Junction stations on the "IND" line, the Atlantic Avenue, Sutter Avenue, Livonia Avenue, and New Lots Avenue stations on the "L" line, and the Sutter Avenue-Rutland Road, Saratoga Avenue, Rockaway Avenue, and Junius Street stations on the "IRT" line are not accessible to the physically challenged due to them being subterranean and elevated.. We call upon the Metropolitan Transit Authority to appropriate needed funds to construct a connecting passageway between the "L" line and the "IRT" line at Junius Street and Livonia Avenue to enable commuters to freely transfer between stations. The Broadway Junction station has a very high volume of traffic because of its connections to 3 train lines and 5 bus lines. The station has a series of steps that prevent the physically challenged from using this facility. We urge the Transit Authority to make the station handicap accessible. The East New York Avenue station on the Long Island Railroad is in need of updating. Cameras are in place on the platforms and should also be placed in the tunnel connecting the stairwells leading to the service roads of Atlantic Avenue. Presently, there is no wheelchair access on the westbound platform. We are requesting that a permanent ramp be installed to provide access for wheelchair bound passengers who now must travel to the Atlantic Avenue terminal to disembark.

Transportation

Capital Requests Related to Transportation

Priority	Agency	Request	Explanation	Location
8/40	DOT	Roadway maintenance (i.e. pothole repair, resurfacing, trench restoration, etc.)	Due to heavy traffic, salting of our roadways, and ongoing excavations to repair our infrastructure and install utility lines, numerous potholes and cave-ins result which creates hazardous conditions for motorists and pedestrians. Ongoing repairs are needed on streets throughout the district.	Community Wide
9/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Rockaway Avenue station on the IRT line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station.	Rockaway Ave station
10/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Sutter-Rutland Road station on the IRT line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station.	Sutter-Rutland Road station
11/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Saratoga Avenue station on the IRT line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station.	Saratoga Ave station
12/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Sutter Avenue station on the "L" line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station.	Sutter Ave Station

21/40	DOT	Install streetscape improvements	Broken sidewalks and curbs are in need of repair, as well as pedestrian ramps.	Pitkin Ave Howard Ave Mother Gaston Blvd
22/40	DOT	Repair or construct new curbs or pedestrian ramps	Broken sidewalks, curbs and pedestrian ramps are in need of repair along our commercial strip.	Pitkin Ave Howard Ave Mother Gaston Blvd

Transportation

Capital Requests Related to Transportation

Priority	Agency	Request	Explanation	Location
29/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Chauncey Street station on the "J" line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station	
36/40	NYCTA	Other transit service requests	The tunnel that accesses the East New York Station on the LIRR is dimly lit and isolated. Upgrading lights and installing cameras will provide better security for commuters who use this tunnel to access trains at the East New York Station on the LIRR.	
CS	DOT	Repair or provide new street lights	The IRT subway line runs along Livonia Avenue between Junius Street and East 98th Street. Additional lights are needed along Livonia Avenue to brighten the street and make it less conducive to criminal activities.	Livonia Ave Junius St East 98th St

Parks, Cultural and other Community Facilities

Main Issue Related to Parks, Cultural and other Community Facilities

Quality of parks and park facilities

Our playgrounds and parks provide the only recreation for many of our residents who are economically disadvantaged and are unable to travel outside of the community. Several of these parks are located adjacent to public schools where hundreds of children use them on a daily basis during school hours. We need regular maintenance to keep them clean and prevent their deterioration from normal wear and tear. The Brownsville Recreation Center is an indoor facility that is used on a daily basis by hundreds of patrons. Additional maintenance staff is needed to keep the facility clean.

Community District Needs Related to Parks and Recreational Facilities and Programming

Community District #16 has 23 parks and playgrounds and 65 community facilities, including the Brownsville Recreation Center, 3 branches of the Brooklyn Public Library, Betsy Head Park and Pool (which is a New York City landmark built during the WPA era), and several other community facilities located throughout our 20 New York City Housing Authority developments. All of these parks, playgrounds, and community facilities serve residents of all ages on a daily basis and must comply with the American Disability Act and be properly maintained and upgraded regularly to ensure that the infrastructure and facilities continue to meet the needs of our residents into the foreseeable future. Our playground, parks, and community facilities provide the only source of recreation for many of our residents who are economically disadvantaged and lack the resources to travel outside of the community to recreation facilities. It is important that these open spaces and community facilities be maintained, upgraded and programmed to achieve neighborhood equity, and respect the cultural sensitivity of the community with regard to sports and other recreation activities that are in high demand in comparison to other communities across New York City with greater income and access. Our playground, parks and community facilities are used by hundreds of residents on a daily basis. They offer much needed recreation facilities for at-risk youths, low-income children and families; and in general improves the overall quality of life for residents which makes the Ocean Hill-Brownsville neighborhood more livable. Several of these parks and playgrounds are located adjacent to public schools and are used by students during school hours. According to research, green spaces, public parks, and recreation facilities have been strongly linked to reductions in crime and in particular reduction in juvenile delinquency. During the summer months, playground assistants are needed to provide structured activities in our playgrounds and parks. Community District #16 has 29 community gardens which are critically important to the historical narrative of the community and provide additional community and open space for residents, and most importantly fresh vegetables and fruits for our residents. Resources and support to maintain community gardens are equally important and much needed. To ensure that all facilities are properly maintained and the greatest amount of community benefit can be derived, additional maintenance and recreation staff are needed in our playground, parks, and community facilities, especially in the Brownsville Recreation Center.

Community District Needs Related to Library Facilities and Programming

The Saratoga Library Branch and the Stone Avenue Library Branch are in need of interior and exterior repairs to improve the environment for their patrons and staff. The heating and cooling system at the Saratoga Library branch needs upgrading, safety and security enhancements are needed, in addition to new furniture and equipment to better serve the needs of the patrons. New windows, doors, repointing and rehab of the limestone, roof and side entry steps are needed at the Stone Avenue branch library.

Parks, Cultural and other Community Facilities

Capital Requests Related to Parks, Cultural and other Community Facilities

Priority	Agency	Request	Explanation	Location
1/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Reconstruction of Floyd Paterson Field with synthetic turf for multi purpose use such as baseball, football, soccer, and cricket will improve the condition of the field and make it more conducive for recreational activities for all ages.	Floyd Paterson Field
2/40	DPR	Provide a new, or new expansion to, a building in a park	A comfort station is needed at Powell Street Playground. Construction of a comfort station will also service users of Houston Playground which is located across the street.	Powell Street Playground
6/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Rehabilitate Osborn Playground to include new play equipment and safety surface. The comfort station is also in need of renovation.	Osborn Playground
19/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Years of use without adequate maintenance has taken its toll on Betsy Head Park, a major recreation facility in the community. The running track is badly deteriorated and is subject to trip hazards. The ball field is more sand than grass. The handball courts and basketball courts need resurfacing. The comfort station also needs renovation.	Betsy Head Park
20/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Chester Playground is located adjacent to PS/IS 327. Rehabilitation of the playground equipment and basketball courts are needed.	Chester Playground
23/40	DPR	Provide a new, or new expansion to, a building in a park	Nehemiah Park and Floyd Paterson Field are located diagonally from each other. Construction of a comfort station at Nehemiah Park will service both Nehemiah Park and Floyd Paterson Field which are heavily used by residents of neighboring housing developments.	Nehemiah Park
24/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Livonia Park is adjacent to a senior citizen complex. New benches, checkers and chess tables are needed.	Livonia Park

Parks, Cultural and other Community Facilities

Capital Requests Related to Parks, Cultural and other Community Facilities

Priority	Agency	Request	Explanation	Location
25/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	New and updated play equipment is needed at Fish Playground to provide recreation for children in the adjacent school as well as the community.	Fish Playground
27/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Dr. Richard Greene Playground is adjacent to a public school and several NYCHA buildings which is the only source of recreation for hundreds of children. The play equipment needs upgrading as well as the comfort station.	Dr Richard Green Playground
28/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	P.S. 125 Playground is located adjacent to Brownsville Houses which is a NYCHA development that houses hundreds of small children. Due to wear and tear, the play equipment in this playground needs replacement.	P.S. 125 Playground
31/40	BPL	Create a new, or renovate or upgrade an existing public library	Renovation of the interior of the Saratoga Library Branch is needed to include the heating and cooling system and safety and security enhancements.	Saratoga Library Branch
32/40	BPL	Create a new, or renovate or upgrade an existing public library	Repointing and rehabilitation of the limestone are needed to prevent further deterioration of exterior of the Stone Avenue Library Branch which is also in need of a new roof and side entry steps. In addition, new windows and doors are also needed.	Stone Ave Branch Library
34/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Due to many years of use, the swimming pool is in need of renovation as well as the bath house.	Betsy Head Park
35/40	DPR	Other requests for park, building, or access improvements	Renovate public locker rooms at the Brownsville Recreation Center to provide better security for belongings of patrons.	Brownsville Recreation Center
39/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Installation of a dome over the Betsy Head Park will enable use of the facility year round during inclement weather.	

**Parks, Cultural and other Community Facilities****Expense Requests Related to Parks, Cultural and other Community Facilities**

Priority	Agency	Request	Explanation	Location
25/25	DPR	Forestry services, including street tree maintenance	Street trees throughout the district are in need of pruning. Tree limbs are covering streetlights and creating a condition conducive to criminal activities.	Community Wide

6. Additional Information and Other Budget Requests

Other Capital Requests

Priority	Agency	Request	Explanation	Location
7/40	HRA	Renovate the Brownsville Multi Service Center	The Brownsville Multi Service Center is a city-owned building, located at 444 Thomas S. Boyland Street. Since its construction in the early 1970s, there has been no major renovation of this facility. The bathrooms, elevators, heating and ventilation system, electrical wiring and lighting need upgrading to better service the needs of its occupant agencies that provide an array of services to residents of Community District #16. In addition, the concrete walkways in the front and rear of the building are cracked and present trip hazards. Complete replacement of the concrete walkways are needed.	Brownsville Multi Service Center 444 Thomas S. Boyland St

7. Summary of Prioritized Budget Requests

Brooklyn Community Board 16 Capital Requests

Brooklyn Community Board 16 submitted 40 capital budget requests, organized by priority.

Priority / Continued

Support (CS)	Agency	Request	Explanation	Location	Supporters
1/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Reconstruction of Floyd Paterson Field with synthetic turf for multi purpose use such as baseball, football, soccer, and cricket will improve the condition of the field and make it more conducive for recreational activities for all ages.	Floyd Paterson Field	
2/40	DPR	Provide a new, or new expansion to, a building in a park	A comfort station is needed at Powell Street Playground. Construction of a comfort station will also service users of Houston Playground which is located across the street.	Powell Street Playground	
3/40	NYCHA	Install security cameras or make other safety upgrades	Residents of Howard Houses have reported that crimes in the buildings and on the grounds have been increasing in recent years. Installation of CCTV cameras will help to deter crime and enhance the quality of life for its residents.	Howard Houses	
4/40	SCA	Renovate or upgrade a middle or intermediate school	Air circulation in the auditorium at Mott Hall Bridges Academy is poor and it is extremely uncomfortable during warm weather. Installation of an air condition unit in the auditorium is much needed to improve air circulation.	Mott Hall Bridges Academy 210 Chester Street	
5/40	SCA	Renovate or upgrade a middle or intermediate school	Upgrade student bathrooms, library and auditorium (curtains, sound system and air condition) to provide a safe and healthy environment for students and staff at Kappa V.	Kappa V 985 Rockaway Avenue	
6/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Rehabilitate Osborn Playground to include new play equipment and safety surface. The comfort station is also in need of renovation.	Osborn Playground

Support (CS)	Agency	Request	Explanation	Location	Supporters
7/40	HRA	Renovate the Brownsville Multi Service Center	The Brownsville Multi Service Center is a city-owned building, located at 444 Thomas S. Boyland Street. Since its construction in the early 1970s, there has been no major renovation of this facility. The bathrooms, elevators, heating and ventilation system, electrical wiring and lighting need upgrading to better service the needs of its occupant agencies that provide an array of services to residents of Community District #16. In addition, the concrete walkways in the front and rear of the building are cracked and present trip hazards. Complete replacement of the concrete walkways are needed.	Brownsville Multi Service Center 444 Thomas S. Boyland St	
8/40	DOT	Roadway maintenance (i.e. pothole repair, resurfacing, trench restoration, etc.)	Due to heavy traffic, salting of our roadways, and ongoing excavations to repair our infrastructure and install utility lines, numerous potholes and cave-ins result which creates hazardous conditions for motorists and pedestrians. Ongoing repairs are needed on streets throughout the district.	Community Wide	
9/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Rockaway Avenue station on the IRT line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station.	Rockaway Ave station	
10/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Sutter-Rutland Road station on the IRT line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station.	Sutter-Rutland Road station	
11/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Saratoga Avenue station on the IRT line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station.	Saratoga Ave station

Support (CS)	Agency	Request	Explanation	Location	Supporters
12/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Sutter Avenue station on the "L" line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station.	Sutter Ave Station	
13/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The New Lots Avenue station on the "L" line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station	New Lots Ave station	
14/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Rockaway Avenue station on the IND line is subterranean and is not ADA compliant. An elevator or escalator is needed to enable persons who cannot walk down the series of steps to access the subway system.		
15/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Livonia Avenue station on the "L" line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station.	Livonia Ave Station	
16/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Junius Street station on the IRT line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station. We're also requesting the construction of a passageway between the "Junius Street" station on the IRT-3 and the "Livonia Avenue" station on the IND-L to enable commuters to transfer between stations without descending to the street to re-enter the transit system.	Junius St station

Brooklyn Community Board 16 Capital Requests

Brooklyn Community Board 16 submitted 40 capital budget requests, organized by priority.

Priority / Continued

Support (CS)	Agency	Request	Explanation	Location	Supporters
17/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Broadway Junction station has a very high volume of pedestrian traffic because of its connection to 3 train lines and 5 bus lines. The station has a series of stairs that prevent the physically challenged from using this facility. We are requesting that the station be made handicap accessible.	Broadway Junction station	
18/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Atlantic Avenue station on the "L" line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station.	Atlantic Ave station	
19/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Years of use without adequate maintenance has taken its toll on Betsy Head Park, a major recreation facility in the community. The running track is badly deteriorated and is subject to trip hazards. The ball field is more sand than grass. The handball courts and basketball courts need resurfacing. The comfort station also needs renovation.	Betsy Head Park	
20/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Chester Playground is located adjacent to PS/IS 327. Rehabilitation of the playground equipment and basketball courts are needed.	Chester Playground	
21/40	DOT	Install streetscape improvements	Broken sidewalks and curbs are in need of repair, as well as pedestrian ramps.	Pitkin Ave Howard Ave Mother Gaston Blvd	Pitkin Avenue Management Association
22/40	DOT	Repair or construct new curbs or pedestrian ramps	Broken sidewalks, curbs and pedestrian ramps are in need of repair along our commercial strip.	Pitkin Ave Howard Ave Mother Gaston Blvd	
23/40	DPR	Provide a new, or new expansion to, a building in a park	Nehemiah Park and Floyd Paterson Field are located diagonally from each other. Construction of a comfort station at Nehemiah Park will service both Nehemiah Park and Floyd Paterson Field which are heavily used by residents of neighboring housing developments.	Nehemiah Park	

7. Summary of Prioritized Budget Requests

Brooklyn Community Board 16 Capital Requests

Priority / Continued

Support (CS)	Agency	Request	Explanation	Location	Supporters
24/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Livonia Park is adjacent to a senior citizen complex. New benches, checkers and chess tables are needed.	Livonia Park	
25/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	New and updated play equipment is needed at Fish Playground to provide recreation for children in the adjacent school as well as the community.	Fish Playground	
26/40	NYCHA	Install recycling facilities at NYCHA developments	NYCHA developments in Community District #16 generate a large volume of recyclables. However, these developments are not properly recycling their waste. We request that NYCHA install recycling facilities on their properties and educate their tenants on the benefits of recycling.	Community Wide	
27/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Dr. Richard Greene Playground is adjacent to a public school and several NYCHA buildings which is the only source of recreation for hundreds of children. The play equipment needs upgrading as well as the comfort station.	Dr Richard Green Playground	
28/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	P.S. 125 Playground is located adjacent to Brownsville Houses which is a NYCHA development that houses hundreds of small children. Due to wear and tear, the play equipment in this playground needs replacement.	P.S. 125 Playground	
29/40	NYCTA	Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.	The Chauncey Street station on the "J" line is an elevated structure and is not handicap accessible. An elevator or escalator is needed to enable persons who cannot walk up the stairway to use the station		
30/40	SCA	Renovate or upgrade an elementary school	Renovate all bathrooms at the Riverdale Community School, located at 76 Riverdale Avenue to provide a safe and healthy environment for students and staff.		

7. Summary of Prioritized Budget Requests

Brooklyn Community Board 16 Capital Requests

Support (CS)	Agency	Request	Explanation	Location	Supporters
39/40	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	Installation of a dome over the Betsy Head Park will enable use of the facility year round during inclement weather.		
40/40	SCA	Renovate interior building component	Upgrading of electrical wiring will allow for safer and more efficient use of electrical power with the ever increasing use of electrical equipment such as air condition units, computers and other equipment..	Community Wide	CEC of School District #23
CS	DOT	Repair or provide new street lights	The IRT subway line runs along Livonia Avenue between Junius Street and East 98th Street. Additional lights are needed along Livonia Avenue to brighten the street and make it less conducive to criminal activities.	Livonia Ave Junius St East 98th St	

7. Summary of Prioritized Budget Requests

Brooklyn Community Board 16 Expense Requests

Brooklyn Community Board 16 submitted 25 expense budget requests, organized by priority.

Priority	Agency	Request	Explanation	Location	Supporters
1/25	SCA	Renovate interior building component	During hot weather, there is little or no air circulation in the classrooms which affect the learning ability of students. Air condition units are needed in all schools in District #23 to provide a safe and healthy environment for students and staff.	Community Wide	
2/25	HPD	Provide more housing for extremely low and low income households	The supply of decent affordable housing for extremely low and low income households is decreasing. As a result, many reside in substandard housing that impacts their health. Others are forced into homeless shelters.	Community Wide	
3/25	HPD	Provide more housing for medium income households	Maintaining permanent housing is becoming more difficult for low wage working individuals and families. Medium income housing will enable them to become less rent burden and remain in the community	Community Wide	
4/25	DYCD	Provide, expand, or enhance the Summer Youth Employment Program	Summer youth employment programs are early introductions to the world of work and help to build skills that our youth need to develop good work habits and sustain employment.	Community Wide	
5/25	SBS	Other workforce development requests	A comprehensive one stop small business center to include M/WBE programs and technical assistance to support local businesses and entrepreneurs is needed. .	Community Wide	
6/25	EDC	Expand programs to support local businesses and entrepreneurs	M/WBE resources and technical assistance are needed within the district for small business owners who are struggling to compete with more established businesses in the City of New York.	Community Wide	
7/25	NYPD	Provide resources to train officers, e.g. in community policing	It is imperative that police officers assigned to the 73rd Precinct continue to receive frequent training in community engagement, cultural sensitivity, and mental health first aid to better equip them to patrol the community.	Community Wide	
8/25	HPD	Expand loan programs to rehabilitate multiple dwelling buildings	Many of our multi family housing stock are in need of roof replacement, heating and electrical upgrades. Financing programs such as the Participation Loan Program and Multifamily Housing Rehabilitation Program are needed to facilitate the physical and financial sustainability and affordability of privately-owned multifamily buildings.	Community Wide	

7. Summary of Prioritized Budget Requests

Brooklyn Community Board 16 Expense Requests

Brooklyn Community Board 16 submitted 25 expense budget requests, organized by priority.

Priority	Agency	Request	Explanation	Location	Supporters
9/25	DOHMH	Other programs to address public health issues requests	According to the New York City Department of Health and Mental Hygiene, the rate of preterm births in Community District #16, a key driver of infant death, is the second highest in the city. Maternal and infant health services are needed to promote healthy pregnancies, positive birth outcomes, and healthy infant growth and development. The long-term goal of maternal and infant health programs is to reduce maternal and infant morbidity and mortality.	Community Wide	
10/25	ACS	Provide, expand, or enhance funding for Child Care and Head Start programs	Early care and education programs provided by day care and headstart centers are important to working parents and parents attending school and job training programs. These programs foster children's healthy and positive cognitive, physical, social and emotional development.	Community Wide	
11/25	DOE	Other educational programs requests	For various reasons, not every student is prepared to attend college. Therefore, they should have the option to learn a skilled trade while in high school that will equip them to compete in the job market. Career and Technical Education Programs will prepare our high school students for entry level employment in a specific occupation and is aligned with business/industry standards.	Community Wide	
12/25	DYCD	Provide, expand, or enhance Cornerstone and Beacon programs (all ages, including young adults)	Many of our impoverished families lack financial resources to provide structured activities for their children. We need continued funding of our Cornerstone and Beacon programs which provide a range of free educational, cultural and recreational resources to our children and youth.	Community Wide	
13/25	DEP	Clean catch basins	Windblown litter as well as household electronics and furniture are deposited in our many rain gardens on a daily basis. Additional manpower is needed to clean the rain gardens more frequently.	Community Wide	
14/25	FDNY	Other FDNY facilities and equipment requests	A Forcible Entry Door is requested for Battalion 44 which will enable ongoing training of firefighters in the method of opening locked doors in the event of a fire, especially in multiple dwelling buildings.	FDNY EMS STATION 44	

7. Summary of Prioritized Budget Requests

Brooklyn Community Board 16 Expense Requests

Brooklyn Community Board 16 submitted 25 expense budget requests, organized by priority.

Priority	Agency	Request	Explanation	Location	Supporters
15/25	SCA	Provide technology upgrade	To bridge the digital divide and provide current and relevant resources to the students at Brooklyn Collegiate High School, we request funding to outfit their library and classrooms with computers, equipment and books. Many students do not have computer accessibility at home and library books are often limited in quantity, outdated or not relevant to the lives of the students. We also request additional funding for STEM.	2021 Bergen Street	
16/25	DOHMH	Create or promote programs to de-stigmatize mental health problems and encourage treatment	Gun violence is very prevalent in our community. When gun violence ends a life, it also impacts the lives of survivors (families and friends) who struggle to cope with the loss of a loved one. Preventive and treatment programs are needed for all ages.	Community Wide	
17/25	DOHMH	Create or promote programs for education and awareness on nutrition, physical activity, etc.	Eating well is important for good health. A healthy diet helps prevent many chronic diseases and conditions, such as obesity, type 2 diabetes, hypertension, stroke, some cancers, and heart disease. Expansion of outreach and educational programs such as Healthy Living is needed to improve nutrition and physical activity for all ages. In addition, programs such as Shop Healthy NYC are needed to increase access to healthy foods in the neighborhood retailers. Outreach programs such as the Newborn Visiting Program provides vital resources to the community and needs expansion.	Community Wide	
18/25	DFTA	Increase transportation services capacity	Many of our elderly and homebound residents live alone. Without this service, they would not be able to get to their medical appointments and shop for groceries.	Community Wide	
19/25	DFTA	Enhance home care services	Many of our seniors live alone and are in need of assistance to perform activities of daily living in their home such as bathing, feeding, and or housekeeping.	Community Wide	

7. Summary of Prioritized Budget Requests

Brooklyn Community Board 16 Expense Requests

Brooklyn Community Board 16 submitted 25 expense budget requests, organized by priority.

Priority	Agency	Request	Explanation	Location	Supporters
20/25	HRA	Other homelessness prevention program request	According to the American Community Survey, about a third of families in Community District #16 are facing poverty. Many of these families are at risk of losing affordable housing for a variety of reasons, such as minimum wage jobs, temporary unemployed due to illness, and lost of job. Programs such as Homebase are needed to provide families with monetary assistance and resources to remain in permanent housing.	Community Wide	
21/25	DFTA	Increase home delivered meals capacity	Many of our low-income elderly residents who live alone do not have sufficient income to shop for groceries and prepare daily nutritional meals. An expansion of the Meals-on-Wheels program will enable this population to eat more healthy and frequently.	Community Wide	
22/25	SBS	Support development of local Storefront / Facade Improvement Program	There are a number of vacant storefronts along our commercial corridors where property owners need financial support to renovate.	Belmont Ave Rockaway Ave Mother Gaston Blvd	
23/25	SBS	Support development of local Storefront / Facade Improvement Program	There are a number of stores that need facade improvement and property owners are in need of financial assistance.	Pitkin Ave Howard Ave Mother Gaston Blvd	Pitkin Avenue Management Association.
24/25	DEP	Clean catch basins	When litter and debris clog our catch basins, flooding and ponding occur during heavy rainfall at heavily trafficked locations which makes it difficult and unsafe for pedestrian crossing. Periodic cleaning of our catch basins is required.	Community Wide	
25/25	DPR	Forestry services, including street tree maintenance	Street trees throughout the district are in need of pruning. Tree limbs are covering streetlights and creating a condition conducive to criminal activities.	Community Wide
