September 22, 2025

Dear Mayor Adams & Mayoral Agencies,

The time has come to request more and improved police services and resources from our city government. We are experiencing significant increases in violent crime. As of this writing and over a 2-year period, we are witnesses am 166% increase in murder, an125% increase in rape, an 11% increase in robbery, a 24.9% increase in felony assault, a 19.2% increase in grand larceny and a 37% increase in grand larceny auto. For many years, each summer our 45<sup>th</sup> Precinct headcount is lessened and shared between higher crime precincts and the New York Yankees Stadium seasonal detail. It has exposed our largest vulnerability. We cannot adequately protect our own precinct service area and respond to the quality of life concerns we prioritize. We cannot be safe if we simply do not have the manpower to patrol. The City of New York Police Department has reduced our resources to a point where it is reflected in our higher crime rate and the lessening of our quality of life. In addition to the violence we are experiencing, because of low personnel at our precinct, response times to 311 complaints have increased. Residents are waiting longer for emergency service units, according to the Mayor's most recent Mayor's Manager Report (MMR). Since the Covid 19 Pandemic, our community has been flooded with commercial cars, trucks and trailers in our residential streets and along our highway service roads. We can no longer afford the quality of life we have with the low-level headcount with which our precinct is operating. Our highest priority is that our 45<sup>th</sup> Precinct is made whole and replete with the resources that every other precinct uses at its disposal.

Sincerely,

Joseph Russo, Chairman

Matthew, Cruz District Manager

# INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

## HOW TO USE THIS REPORT

This report represents the Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2027. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from June to November, 2025.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

If you have questions about this report or suggestions for changes please contact:

This report is broadly structured as follows:

### 1. **Overarching Community District Needs**

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

### 2. **Policy Area-Specific District Needs**

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

### 3. **Community Board Budget Requests**

The final section includes the two types of budget requests submitted to the City for the FY24 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

## Disclaimer

## Statement on Data Accuracy

Under Title 13 of the U.S. Code, the Census Bureau is legally bound to protect the privacy of individuals participating in the decennial census. To adhere to the law and to avoid the disclosure of information about individual respondents, the Census Bureau has historically applied a host of techniques, such as top- and bottom-coding, imputation, table- and cell-suppression, and data swapping. The Census Bureau is employing a new technique with the 2020 Census, referred to as the Disclosure Avoidance System (DAS), based on differential privacy. With this approach, the Census Bureau “infuses noise” systematically across census data and sets a quantified disclosure risk, referred to as the Privacy Loss Budget (PLB).

While the new DAS approach may diminish the risk of disclosure concerns, it comes at a cost to data accuracy. Consequently, 2020 Census data users should be aware that all sub-state counts, except for housing units (which are unaffected by the DAS), may be adjusted to protect the privacy of Census participants and may be subject to reduced accuracy. Because DAS noise infusion is randomized, it is impossible for data users to know the degree to which any individual statistic is altered. However, it is possible to say that in general the relative size of errors decreases as counts increase. Consequently, data users should have greater confidence in the accuracy of the data as counts get larger. Further, an evaluation of a Privacy-Protected Microdata File (PPMF), treated with a Disclosure Avoidance System like the one applied to 2020 redistricting data, showed that counts of 300 or more rarely have sizable errors (error beyond +/- 10% of the count). Therefore, while data users need to be cognizant of data accuracy limitations, they should have confidence in conclusions based on sizable counts, which are relatively unaffected by the Census Bureau’s latest disclosure avoidance method.

### 3. OVERVIEW OF COMMUNITY DISTRICT

Bronx Community Board #10 is one of the largest geographic Community Board Districts in the borough of The Bronx. The Board serves the communities of Pelham Bay, City Island, Country Club, Throggs Neck, Co-op City, Westchester Square and Zerega. We are experiences challenges as any other community district in the City of New York. We are a community district that does not receive the resources it deserves. We need more manpower at our 45th Precinct. We are experiencing significant increases in violent crime and grand larceny auto. According to the Mayor's Management Report, response times to emergencies have increased for both Emergency Medical Services and police. The Department of Sanitation needs more resources to empty litter baskets on a daily basis. The City of New York Department of Buildings needs more inspectors to dampen the illegal construction that is occurring on our commercial corridors and residential communities. The City of New York Department of Transportation is unable to install more street lighting. Current, light-emitting diode (LED) lighting has proven to dark for our communities. Moreover, we are all collectively noticing more sink holes on our streets. This spring and summer we saw that the Department of Parks and Recreation needs additional manpower for cleaning as our area parks, walks and bicycle paths were neglected. The Department of Education is not providing enough for seats for after-school programming. We need more attention from city government.

## 4. TOP THREE PRESSING ISSUES OVERALL

### Bronx Community Board 10

---

The three most pressing issues facing this Community Board are:

#### **Crime and Public Safety**

We are experiencing significant increases in violent crime. Publicly reported data, such as the NYPD Compstat for the week of September 22nd, 2025 shows double digit percentages, over a two year span, in all the major categories. Our residents are ardent supporters of the NYPD and we have had to operate with lower manpower for over a decade. It is finally materializing in a higher crime rate. Additionally, there is a plague of commercial cars, trucks and tractor trailers parking illegally and overnight at all of our highway service roads and residential streets. Our residential streets are full of out-of-state vehicles that park more than seven days without movement. Most importantly, we are experiencing gun violence in communities such as Waterbury Lasalle, Westchester Square and Co-op City, communities where there was hardly any at all. Our precinct service area is too large for our small headcount and for us to only have three sectors operating as of our Quality of Life Team is not enough.

#### **Land use trends**

Our land use and zoning protections are an an asset. Every Mayoral Administration after Mayor Michael Bloomberg has clawed back some of the zoning protections and requirements that make living in an outer-borough worth it. We are producing our fair share of market rate multiple dwelling housing in Pelham Bay. These new development trends often rent units to City of New York voucher holders helping to increase the affordable housing stock in the City of New York. However, this data point does not show itself in any study the City of New York or housing organization produces. Because of our increase in population, we have seen little to no increase in any uniformed services within our community district. Our current zoning protection, Lower Growth Management Area (G, should remain intact as we remain a transit desert outside of Pelham Bay. We will vote accordingly on any measure that harms or rolls back our district specific zoning requirements.

#### **Street flooding**

We have not seen any plan from any Mayoral Administration to address our constant street flooding. Our community, largely surrounded by water, benefits from having permeable pavement, more capital reconstruction, new and updated sewer and storm drains. However, we have hardly had any projects to-date. Our residents are curious to have more rain gardens but the City of New York Department of Environmental Protection does not accept requests. Our community district requires innovative storm protection technologies as street flooding is a given during a simple rainstorm.

## 5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

### HEALTHCARE AND HUMAN SERVICES

#### Bronx Community Board 10

##### Most Important Issue Related to Healthcare and Human Services

##### **Access to healthy food and lifestyle programs**

We have little to no lifestyle programming in Bronx Community Board 10. We have many public school buildings that can help foster programming and education on lifestyle changes.

##### Community District Needs Related to Healthcare and Human Services

##### **Needs for Older NYs**

According to City Planning, Bronx Community Board #10's is home to a sizeable aging population. Co-op City is a Naturally Occurring Retirement Community, or NORC. With this in mind, Bronx Community Board #10 asks that the City, through DFTA and its corresponding senior centers, invest in more case management and transportation services for seniors. The City of New York My Ride program offered by the Department for the Aging was successful and popular. The program must return.

##### **Needs for Homeless**

Bronx Community Board #10 is located in the northeast Bronx. Its business services are concentrated in several commercial areas: E. Tremont Avenue, Crosby Avenue, Westchester Square, Bartow Avenue and City Island Avenue. DHS placed a shelter for 95 women and children in a former hotel, on the outskirts of our Board area. It has no laundry facilities on site, so the women must take two buses to reach the nearest laundry mat. There are no cooking facilities (microwaves in the rooms) flouting the requirements of the Comptroller's Memorandum governing Emergency Contracts that states such facilities must be located in rooms where women with children or pregnant women are domiciled. There is anecdotal evidence from the community at large, that the meals offered to the clients at the shelter are unappetizing and that they are often discarded. One of the contractual goals of the shelter operators is to provide the clients with opportunities for job training, employment and enhanced social services. Bronx Community Board #10 is home to three City of New York-operated shelters. We ask that the City bear in mind that under the Fair Share Criteria, Bronx Community Board #10 has met its requirement.

##### **Needs for Low Income NYs**

Our low-income New Yorkers need help in their own communities. Our Board Office benefits from having a NYCHRA liaison help New Yorkers to access benefits and resources. We request the same from DFTA to help older New Yorkers.

## HEALTHCARE AND HUMAN SERVICES

*Note: Please see Section 7 for the full content of each request. Requests are prioritized by agency.*

### CAPITAL BUDGET REQUESTS

Agency	Priority	Title
DHS	1 / 2	Upgrade existing facilities for the homeless
DHS	2 / 2	Upgrade existing facilities for the homeless

### EXPENSE BUDGET REQUESTS

Agency	Priority	Title
DFTA	1 / 1	Other senior center program requests
DOHMH	1 / 1	Animal and pest control requests including reducing rat and mosquito populations
HRA	1 / 1	Assist low income households in paying for energy costs

# YOUTH, EDUCATION AND CHILD WELFARE

## Bronx Community Board 10

### Most Important Issue Related to Youth, Education and Child Welfare

#### **School and educational facilities (Maintenance)**

Our public school buildings still have no air conditioning. After school programs are administered by lottery. Parents and guardians request for more 3PK and UPK facilities in our district. These are some of many requests that our communities ask of us. We must expand after school programming to any child that needs one. We must expand beacon programming. We must equip our schools with air conditioning and 21st Century technologies.

### Community District Needs Related to Youth, Education and Child Welfare

#### **Needs for Youth Education**

The return to phonics is laudatory. We must equip every school with a library and librarian. If not, we must encourage school visits to our public libraries.

#### **Needs for Youth and Child Welfare**

The City of New York should invest in all youth community facility in Co-op City and throughout our community district.

## YOUTH, EDUCATION AND CHILD WELFARE

*Note: Please see Section 7 for the full content of each request. Requests are prioritized by agency.*

### CAPITAL BUDGET REQUESTS

Agency	Priority	Title
DOE	1 / 1	Other capital budget request for DOE
DYCD	1 / 1	Other capital budget request for DYCD

### EXPENSE BUDGET REQUESTS

Agency	Priority	Title
DOE	1 / 5	Other expense budget request for DOE
DOE	2 / 5	Other educational programs requests
DOE	3 / 5	Other expense budget request for DOE
DOE	4 / 5	Other expense budget request for DOE
DOE	5 / 5	Other expense budget request for DOE
DYCD	1 / 2	Provide, expand, or enhance Cornerstone and Beacon programs (all ages, including young adults)
DYCD	2 / 2	Provide, expand, or enhance after school programs for elementary school students (grades K-5)

# PUBLIC SAFETY AND EMERGENCY SERVICES

## Bronx Community Board 10

### Most Important Issue Related to Public Safety and Emergency Services

#### **General crime**

Unfortunately, over a two year period our crime rate has increased. Simply put, our 45th Precinct does not have enough manpower and hasn't in over a decade. Grand larceny auto crimes have exploded in our Country Club and Throggs Neck section. Violent crime and burglaries have increased substantially in our commercial corridors in Pelham Bay. Response times since FY21 have increased over three minutes according to the newly released Mayor's Management Report. Our treatment is unacceptable. We cannot afford to lose officers to parade, sporting event and other details when our own statistics show that violent crime is only increasing.

### Community District Needs Related to Public Safety and Emergency Services

#### **Needs for Public Safety**

The entirety of the 45th Precinct is surrounded by highways. We have unique challenges because of it. We are experiencing an increase in crimes in nearly every category. Because we are the largest geographic precinct and community district, we need more quality of life teams and more targeted foot patrol.

## PUBLIC SAFETY AND EMERGENCY SERVICES

*Note: Please see Section 7 for the full content of each request. Requests are prioritized by agency.*

### CAPITAL BUDGET REQUESTS

Agency	Priority	Title
NYPD	1 / 3	Provide a new NYPD facility, such as a new precinct house or sub-precinct
NYPD	2 / 3	Provide a new NYPD facility, such as a new precinct house or sub-precinct
NYPD	3 / 3	Other NYPD facilities and equipment requests

### EXPENSE BUDGET REQUESTS

Agency	Priority	Title
FDNY	1 / 1	Provide more firefighters or EMS workers
NYPD	1 / 2	Hire additional traffic enforcement agents
NYPD	2 / 2	Hire additional community affairs officers

# CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

## Bronx Community Board 10

### Most Important Issue Related to Core Infrastructure, City Services and Resiliency

#### **Preparedness for extreme weather events (incl. coastal flooding, heat waves, cold snaps, heavy wind and rain)**

As of this report, we have seen little to no investment from the City of New York to address our constant street and coastal flooding. Our roadways flood constantly. We are not seeing enough sewer and storm drain replacement.

### Community District Needs Related to Core Infrastructure, City Services and Resiliency

#### **Needs for Water, Sewers, and Environmental Protection**

Bronx Community Board #10 would like to see a joint DEP/DOT program to survey our areas and install sea walls and catch basins. Neighborhoods like City Island would experience flooding on streets like Tier, Bay, Fordham, Hawkins, Carroll, Centre, Winter, Early, Pell, Reynolds, Pilot, Marine, Buckley, Horton, Schofield, Rochelle, Beach, Kilroe, Sutherland and Terrace Streets; King Avenue and Fordham Place are inadequately protected. In Edgewater Park, which has a sea wall, 1st, 2nd and 4th Avenue, Pennyfield Avenue and Soundview Drive are vulnerable; Silver Beach, which also has a sea wall, is also prone to flooding. Acorn, Beach, Ceder, Daisy, Elm, Fern, Geranium, and Hazel Streets, Ivy, Jasmine, Edgar, Dare, Casler, Bevy, Alan, Schuyler Places, Indian Terrace, and the campus of SUNY Maritime College, are all prone to flooding. Within Locust Point, Locust Point Avenue, Tierney Place, Longstreet Avenue and Hatting Avenue, the Hammond Cove and Locust Point Marina area, and Calhoun and Schurz Avenues in Throggs Neck will be badly affected, as well as Clarence and Randall Avenues and the Country Club section. The end of Lafayette Avenue in Ferry Point and all of Ferry Point Park will be flooded. The Board would like to see that both agencies develop a plan to stop the storm water surges and to provide a newer sewers and storm drains that will be able to handle it.

#### **Needs for Sanitation Services**

We need better and routine maintenance of our street-side highway service roads. Often, our service roads are neglected and become areas for illegal dumping.

## CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

*Note: Please see Section 7 for the full content of each request. Requests are prioritized by agency.*

### CAPITAL BUDGET REQUESTS

Agency	Priority	Title
DEP	1 / 7	Other capital budget request for DEP
DEP	2 / 7	Move a planned capital project into the budget for the next fiscal year
DEP	3 / 7	Other capital budget request for DEP
DEP	4 / 7	Other capital budget request for DEP
DEP	5 / 7	Develop a capital project for specific street segments currently lacking sanitary sewers
DEP	6 / 7	Inspect sanitary sewer on specific street segment and repair or replace as needed
DEP	7 / 7	Develop a capital project for specific street segments currently lacking sanitary sewers

### EXPENSE BUDGET REQUESTS

Agency	Priority	Title
DEP	1 / 2	Inspect storm sewer on specific street segment and service, repair or replace as needed
DEP	2 / 2	Evaluate a street segment or intersection for green infrastructure, e.g. rain gardens, stormwater greenstreets, and plan for construction if feasible
DSNY	1 / 4	Other enforcement requests
DSNY	2 / 4	Provide more on-street trash cans and recycling containers
DSNY	3 / 4	Increase enforcement of illegal dumping laws
DSNY	4 / 4	Increase cleaning of dump-out/drop-off locations

# HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

## Bronx Community Board 10

### Most Important Issue Related to Housing, Economic Development and Land Use

#### **Land use and zoning**

Our land use differs from many parts of the city. Our zoning protects side yard and parking requirements. We will defend any changes to our zoning vigorously. We will oppose any top down citywide text amendment approach that does not complement our Lower Growth Management Area designation. Housing development may rightfully occur where it complies with and satisfies current zoning.

We will oppose any topdown citywide text amendment approach that does not complement our Lower Growth Management Area designation. Housing development may rightfully occur where it complies with and satisfies current zoning.

#### **Needs for Housing**

We ask that the City of New York remove any and all lead in the Throggs Neck Houses apartments. We ask that the City provide adequate heat and hot water through the winter months. Bronx Community Board #10 received complaints on both matters. We stand ready to assist in identifying residents that are in danger and how the City can improve their living space in an expeditious manner.

## HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

*Note: Please see Section 7 for the full content of each request. Requests are prioritized by agency.*

### CAPITAL BUDGET REQUESTS

Agency	Priority	Title
NYCHA	1 / 2	Renovate or upgrade public housing developments
NYCHA	2 / 2	Renovate or upgrade NYCHA community facilities or open space

### EXPENSE BUDGET REQUESTS

Agency	Priority	Title
EDC	1 / 2	Expand programs to support MWBE-owned firms and businesses
EDC	2 / 2	Other expense budget request for EDC

# TRANSPORTATION AND MOBILITY

## Bronx Community Board 10

### Most Important Issue Related to Transportation and Mobility

#### **Traffic safety and enforcement (cars, scooters, ebikes, etc.)**

Traffic congestion worsened because of programs and initiatives that have taken away parking lanes and spaces from the public. These initiatives are e-scooters, which are often ridden by young people and on the sidewalk, outdoor dining and carshare to name a few. Little to no enforcement is done to encourage e-scooter riders to ride on the street. NYCDOT installed four-to-three conversions throughout Throgs Neck which have done little to curb speeding. The Community Board office has requested study after study for traffic calming measures only to be met with NYCDOT's denial. Traffic enforcement is lacking in our community.

### Community District Needs Related to Transportation and Mobility

#### **Needs for Traffic and Transportation Infrastructure**

The Board seeks several capital reconstruction projects and light surveys.

#### **Needs for Transit Services**

We still await the long promised Metro North stations that projections now indicate will not reach completion until 2029.

# PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

## Bronx Community Board 10

### Most Important Issue Related to Parks, Cultural and Other Community Facilities

#### **Quality of parks and park facilities**

The NYC Parks Department is grossly underfunded. Bronx Community Board #10 wishes to see area parks repaired and updated. Enhancing the experience at our parks goes a long way toward fostering community development and improving our quality-of-life. Pelham Bay Park is the largest park in New York City. Bronx Community Board #10 requests that the city hire the appropriate amount of staffing for its maintenance. Ferry Point Park is a popular destination for families and sports leagues. It requires additional PEP enforcement all year.

### Community District Needs Related to Parks, Cultural and Other Community Facilities

#### **Needs for Parks**

Community Board #10 has several playgrounds and parks in desperate need of renovation. We ask that the Parks Department provide cost estimates for each park listed in this statement.

#### **Needs for Library Services**

The Westchester Square Library is scheduled for a new building. It is an innovative design that the Board supports and the community welcomes. Funding is in place and the Board looks forward to its construction. The Board expects that the library will be a state of the art facility that will offer innovative and popular programs. The Board is home to several other fine libraries and we have always advocated for their funding. It is hoped that they will receive the needed resources to carry on its great work.

## EXPENSE BUDGET REQUESTS

### New York Police Department (NYPD)

**1 of 2 Hire additional traffic enforcement agents**  
Hire additional traffic enforcement agents

**NYPD**

In addition to steady Harbor Patrol throughout the year, a neighborhood coordination officer program should be established for the Bronx Harbor Patrol. This will help facilitate communication between waterfront communities and the NYPD.

**2 of 2 Hire additional community affairs officers**  
Hire additional community affairs officers

**NYPD**

The Neighborhood Coordination Officers program is successful. However, our district covers a large swath and needs the allocation of at least 3 more NCOs.

### Fire Department of New York (FDNY)

**1 of 1 Provide more firefighters or EMS workers**  
Provide more firefighters or EMS workers

**FDNY**

The current amount of Neighborhood Coordination Officers is inadequate since Community Board #10 is one of the largest geographic districts in the City. Our current program has six. We ask that the NYPD assign at least three (3) additional officers to the program. We ask for that the communities of Co-op City and City Island have its own Neighborhood Coordination Officers.

### Economic Development Corporation (EDC)

**1 of 2 Expand programs to support MWBE-owned firms and businesses**  
Expand programs to support MWBE-owned firms and businesses

**2 of 4 Provide more on-street trash cans and recycling containers****DSNY**

Provide more on-street trash cans and recycling containers

Our district can be better served by more baskets and more baskets pick-up. We ask that the Department work with us on selecting intersections within our commercial corridors.

**3 of 4 Increase enforcement of illegal dumping laws****DSNY**

Increase enforcement of illegal dumping laws

The following locations are where illegal dumping occurs the most and where cameras should be installed: Givan Avenue, Hutchinson River Parkway Service Roads and Bruckner Boulevard Service Roads.

**4 of 4 Increase cleaning of dump-out/drop-off locations****DSNY**

Increase cleaning of dump-out/drop-off locations

This desperately needed resource should have more manpower and additional funding. NYCDOT often abandons its own property which is where illegal dumping may occur. This is in addition to privately owned vacant lot where garbage and litter pile.

**Department of Health and Mental Hygiene (DOHMH)****1 of 1 Animal and pest control requests including reducing rat and mosquito populations****DOHMH**

Animal and pest control requests including reducing rat and mosquito populations

More mosquito spraying is needed. The City needs to also expand services for rodent control.

**Department for the Aging (DFTA)****1 of 1 Other senior center program requests****DFTA**

Other senior center program requests

All senior center programming in our community district must include resources for computer and social media training to allow for seniors to participate remotely.

**Department of Youth and Community Development (DYCD)****1 of 2 Provide, expand, or enhance Cornerstone and Beacon programs (all ages, including young adults)****DYCD**

Provide, expand, or enhance Cornerstone and Beacon programs (all ages, including young adults)

There is a need in our district for more teen programming. BEACON and Cornerstone programming has been successful and should have the resources necessary to expand to all of our middle schools.

<b>2 of 2</b>	<b>Provide, expand, or enhance after school programs for elementary school students (grades K-5)</b>	<b>DYCD</b>
Provide, expand, or enhance after school programs for elementary school students (grades K-5)		

After school program expansion is sorely needed for all of our district schools. Every school should have a successful non-profit running after school program for all parents that need it for their children.

## Department of Transportation (DOT)
