Community District**

INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

HOW TO USE THIS REPORT

This report represents the Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2025. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from June to November, 2023.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

This report is broadly structured as follows:

1. Overarching Community District Needs

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

2. Policy Area-Specific District Needs

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

3. Community Board Budget Requests

The final section includes the two types of budget requests submitted to the City for the FY24 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

Disclaimer

This report represents the Statements of Community District Needs and Community Board Budget Requests of this Community District for Fiscal Year 2025. This report contains the formatted but otherwise unedited content provided by the community board.

Budget Requests: Listed for informational purposes only. OMB remains the definitive source on budget requests and budget request responses.

Budget Priorities: Priority numbers apply to expense and capital Budget requests from all policy areas. A complete list of expense and capital budget requests by this Board sorted by priority can be found in Section 7 of this document.

Supporting Materials: Some community boards provided substantive supplemental information. This supportive material can be accessed by clicking on the links provided in the document or by copying and pasting the links provided in the Appendix into a browser.

Statement on Data Accuracy

Under Title 13 of the U.S. Code, the Census Bureau is legally bound to protect the privacy of individuals participating in the decennial census. To adhere to the law and to avoid the disclosure of information about individual respondents, the Census Bureau has historically applied a host of techniques, such as top- and bottom-coding, imputation, table- and cell-suppression, and data swapping. The Census Bureau is employing a new technique with the 2020 Census, referred to as the Disclosure Avoidance System (DAS), based on differential privacy. With this approach, the Census Bureau “infuses noise” systematically across census data and sets a quantified disclosure risk, referred to as the Privacy Loss Budget (PLB).

While the new DAS approach may diminish the risk of disclosure concerns, it comes at a cost to data accuracy. Consequently, 2020 Census data users should be aware that all sub-state counts, except for housing units (which are unaffected by the DAS), may be adjusted to protect the privacy of Census participants and may be subject to reduced accuracy. Because DAS noise infusion is randomized, it is impossible for data users to know the degree to which any individual statistic is altered. However, it is possible to say that in general the relative size of errors decreases as counts increase. Consequently, data users should have greater confidence in the accuracy of the data as counts get larger. Further, an evaluation of a Privacy-Protected Microdata File (PPMF), treated with a Disclosure Avoidance System like the one applied to 2020 redistricting data, showed that counts of 300 or more rarely have sizable errors (error beyond +/- 10% of the count). Therefore, while data users need to be cognizant of data accuracy limitations, they should have confidence in conclusions based on sizable counts, which are relatively unaffected by the Census Bureau’s latest disclosure avoidance method.

3. OVERVIEW OF COMMUNITY DISTRICT

Queens Community Board 13 is in East/Southeast Queens with the Grand Central Parkway as its northern border, Francis Lewis Boulevard going to Springfield Boulevard as its western border, JFK Airport as its southern border and the Nassau County line as its eastern border. It is made up primarily of one- and two-family homes, with three large clusters of garden coop apartments and a scattering of apartment buildings. The district encompasses sixteen distinct communities, which includes: Bellaire, Bellerose, Brookville, Cambria Heights, Floral Park, Glen Oaks, Laurelton, Meadowmere, New Hyde Park, North Shore Towers, Parkside Terrace, Queens Village, Rosedale, Springfield Gardens, Warnerville and Wayanda. There is a strong sense of neighborhood identification in each of these communities. First and foremost, the 116 Precinct is presently being constructed. Communities on both sides of the district are pleased that additional law enforcement with increased personnel will soon become the norm, which will help alleviate the random criminal activity and quality of life issues always popping up. The other changes happening are major development occurring in two distinct locations on the edges of the district.

On the southwest border, an Amazon distribution facility has been built and is now operating, with a new milk distribution plant beginning construction. Adding to that, four new terminals at JFK Airport are being redeveloped and expanded while presently under construction. These projects will certainly increase the already overburdened roadways with additional traffic. NYC DOT has done some studies, but as these facilities become fully operational, will it be able to assess the full impact on the surrounding communities.

The overwhelming number of complaints received relate to speeding on residential streets. Requests for traffic mitigations including STOP signs, traffic signals and speed humps to make these side-streets safe for residents and pedestrians.

The other major issue affecting the board is the Humanitarian Emergency Response and Relief Center (HERRC) constructed in August near Hillside Avenue on the Creedmoor Campus with accommodations for 1000 men. Its presence has created major concerns for the public school and athletic fields across the street, the senior center immediately adjacent, and the YMCA a block away. These migrants – understandably – wander around the communities frightening residents necessitating an increased police presence.

Other issues affecting the entire board are the proliferation of homeless shelters. Being located next to an airport, many smaller hotels existed to serve travelers. Yet, with state legislation requiring all NYC residents to have a right to shelter, and the lack of affordable housing, the city has taken advantage of using these smaller hotels to house the homeless. Service providers and hotel owners' contract for use with the surrounding community being notified shortly before these new residents move in. This community district seems to have more than its fair share of these shelters which often negatively affect quality of life in the immediate area.

There are many dead trees and tree branch complaints, sidewalks uplifted because of tree roots, and residential yards and driveways being used as auto repair facilities. The many beautiful parks and playgrounds in the district need more staff and equipment for the tremendous maintenance demands. Illegal dumping occurs wherever there is open land – on a road that transverses our park wetlands, and all along the highway service roads. The paving over of front and backyards (losing permeable land area) is another issue as homeowners attempt to create additional parking for their vehicles. Enforcement by DOB is spotty and ineffective which thereby creates conditions for additional water going into the sewer system in areas that have historically had flooding problems.

"Smoke Shops" are proliferating throughout the district on our commercial strips, in many cases selling cannabis without a license. Yet, a slew of applications for legal cannabis dispensaries have been received by the board to review. As this process is rolled out; and with the uncertainty of the role the community boards will play in the siting of those given licenses, there is a tremendous amount of concern how these businesses will affect quality-of-life in these areas.

4. TOP THREE PRESSING ISSUES OVERALL

Queens Community Board 13

The three most pressing issues facing this Community Board are:

Land use trends (zoning, development, neighborhood preservation, etc.)

New York City has an affordable housing shortage that has garnered a tremendous amount of attention from our local elected officials. Many use this issue as a policy they will prioritize as they run for office. QCB13 is a semi-suburban, bedroom community whose residents move here for the "lack of density" and bucolic neighborhoods, away from those areas of the city so densely populated. A huge priority for this district is neighborhood preservation without being imposed upon with issues affecting other areas of the city. It is of the utmost importance for this district to keep the zoning policies that have been fought for and put in place over many years of planning and struggle.

Parks and open space

The district has enormous amount of parkland including three big parks (Brookville, Springfield and Idlewild Parks) and many playgrounds. Additionally, there are parks properties including center medians, wetlands and grassy areas parallel to the highways. The Department of Parks and Recreation needs more equipment and personnel to respond to the level of activity at these areas, as well as the numerous maintenance requests from the community during the warm weather months when the grass grows high so quickly. In the two big parks volunteer groups also look for gardeners to assist in their beautification efforts.

Traffic

QCB13 receives an unending stream of requests for speed humps. Many of our ancillary streets are wide and parallel to primary arteries; consequently, they are used as alternative routes to get past traffic. Possibly these requests reflect that many motorists simply do not respect the speed limit of 25 mph and speed down residential streets posing safety concerns for everyone, especially older people and children. More funding is needed for DOT so more studies can be conducted and mitigation measures implemented more quickly.

5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

HEALTH CARE AND HUMAN SERVICES

Queens Community Board 13

Most Important Issue Related to Health Care and Human Services

Environmental health issues (noise, lead, respiratory illness, moisture, mildew, mold, etc.)

The southwestern part of the district borders the runways at JFK Airport. As such, residents are exposed to huge jets landing right above their homes and the noise and possible remnants of fuel dumping occurring immediately on them - day and night. In addition, many of the jets are bringing cargo to freight businesses located in the same area which bring trucks - 53 foot tractor trailers constantly coming and going with their noise and air pollution, not to mention the struggle to keep these enormous vehicles from illegally parking on local streets.

Needs for Health Care and Facilities

No comments

Needs for Older NYs

Expediting the capital funding for Services Now for Adult Persons (SNAP) new building on Union Turnpike. Presently, this organization is located on the Creedmoor Campus which is dilapidated and otherwise unoccupied. This agency serves many seniors in the distict with outstanding services and urgently needs to get into this new facility. The funding stream has been mired in beaurocratic red tape with allocations from governmental agencies at all three levels. It is imperative that things get worked out to allow for this building, easily accessible by both car and bus, and in the central part of this eastern Queens community, before this not-for-profit organization has to leave its present deteriorating building with nowhere to go and its valuable services cut to so many seniors in need. The issues here have been compounded by the installation of a city-operated HERCC which houses 100 migrant men.

Needs for Homeless

The migrant crisis has superceded the homeless issues in NYC. Having a HERCC on the Creedmoor Campus adds an additional burden to our communities. It remains to be seen how long the city can continue to undertake this enormous Federal responsibility. Yet, support services from the city - especially with security - are required to keep a sense of safety and coordination for our communities.

Understanding that homelessness is a citywide issue, we support the City identifying abandoned properties and converting them into affordable housing through various programs that are already underway. With respect to those sheltered in hotels located within the Board area, we would like DHS to look at other communities as this Board has more has more than its fair share.

Needs for Low Income NYs

There are families with "special needs" individuals within this district that would like to see programming and education for both teenagers and adults that will lead to job opportunities allowing them a level of independence.

YOUTH, EDUCATION AND CHILD WELFARE

Queens Community Board 13

Most Important Issue Related to Youth, Education and Child Welfare

Educational attainment

Since students are still trying to make gains in their educational achievement, the focus continues to be in that area. Chancellor Banks is looking to revise the way reading is taught; and as a result, students will need more assistance learning the new methods. It is our hope that the Chancellor's policies take this into account and fund whatever enhanced teaching techniques will elicit better performance in learning reading from the schools in our district. We also continue to be concerned about student's mental health and request an expansion of mental health services in schools in our district.

Community District Needs Related to Youth, Education and Child Welfare

Needs for Youth Education

In past years we have made specific requests on behalf of individual schools only to discover that any capital improvements are ultimately decided by the CEO of that individual school, the Principal. Community boards normally do not have regular contact with principals, and only with parent leaders if they happen to be board members or volunteer as committee members. District 29 has notoriously been laden with under-achievement among its students. Many schools do not have the sports teams and other extra-curricula activities that create a rich learning environment. We request sufficient funding for the in-person learning with the requisite measures needed to keep students, teachers, administration and staff safe.

After-school enrichment programming, along with mental health services, are needed so these students can perform at least at their grade level and be prepared to compete when they reach high school.</i>	

PUBLIC SAFETY AND EMERGENCY SERVICES

Queens Community Board 13

Most Important Issue Related to Public Safety and Emergency Services

Traffic violations and enforcement

In alignment with another priority in the district - the unending requests for traffic mitigations - more enforcement against speeding. Understanding that we are presently in a random violent crime epidemic, the priority of the NYPD is for addressing these heinous crimes seemingly occurring every day and being highly publicized. But there is another, less lethal and less publicized need for public safety in this district with cars speeding wherever they can without consequence. Speed cameras work but are limited in amount and location. Periodic traffic enforcement blitzes at strategic locations will go a long way in having the residents our communities feel safer. Local laws and recent court decisions have hamstrung the police's ability to respond and mitigate quality of life issues that seem endlessly to occur when people are not comfortable speaking to their neighbors.

Community District Needs Related to Public Safety and Emergency Services

Needs for Public Safety

Historically, community policing has reduced crime and promoted better relations with residents. The program of Neighborhood Coordinating Officers (NCOs) has worked incredibly well in the 105 Precinct, and so far has been quite effective in solving the many quality of life issues that occur on a daily basis. Unfortunately, the community is using the NCOs so much that they are becoming weary. In light of the precinct size and many distinct neighborhoods, additional police assigned to the NCO Program is requested. Illegal truck parking on some of our larger streets remains a problem. There is enforcement by the 105 Precinct with summonses, and a special focus from Patrol Borough Queens South , but the fine amount is clearly not a deterrent. The problem with "booting" is there is no lot to tow the booted vehicle if it remains in the same spot for more than 3 days. It would be helpful if the City located a place to tow these illegally parked and booted trucks, and to raise the fines for tickets.

Finally, given the requirement to have two officers on-site near the migrant HERRC, additional police officers assigned to the 105 Precinct.

Needs for Emergency Services

The Fire Safety Education Unit's programming have been very successful in raising awareness in our communities. Over the past few years there have been some catastrophic fires with lives lost. This had occurred as the wood framed houses had too many people and no plan for escape. The program of free alarm installations in conjunction with the Red Cross is quite popular and provides an added layer of safety for many homes. In addition, making young people aware of fire safety through various events on different media platforms will reap untold safety rewards. This programming needs to remain and must be robust.

Capital Requests Related to Public Safety and Emergency Services

Priority	Agency	Request	Explanation	Location
CS	NYPD	Provide a new NYPD facility, such as a new precinct house or sub-precinct	<i>116 Precinct is presently under construction.</i>	

Expense Requests Related to Public Safety and Emergency Services

Priority	Agency	Request	Explanation	Location
1/16	NYPD	Hire additional staff to address specific crimes (e.g. drug, gang-related, vice, etc.)	<i>The city has constructed a HERCC facility on the Creedmoor Campus housing 1000 male migrants which requires a 24-hour police presence. Additional officers need to be assigned to the 105 Precinct to account for this increased responsibility to assure adequate personnel for public safety.</i>	

CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

Queens Community Board 13

Most Important Issue Related to Core Infrastructure, City Services and Resiliency

Cleanliness/trash collection

On the major commercial strips garbage accumulates rapidly. Whenever there is a public trash can it becomes a magnet for bags of [uncollected] residential waste. This problem is so bad many store owners do not want waste baskets in front of their businesses because of the inevitable sanitation ticket that gets issued though most times they are not at fault. Along the service roads that abut the four highways bordering the district (Grand Central Parkway east; Cross Island Parkway north and south; Laurelton Parkway north and south; Belt Parkway east and west), there is a lot of dumping of construction waste and general garbage both inside and outside of the highway barrier fence. There is also dumping on wetlands and grassy areas, specifically, the area of Brookville Boulevard known as "Snake Road" (between 149 Avenue & Rockaway Boulevard). These "dumping grounds" are managed by DOT and Parks, respectively. Neither of these two agencies have the capacity to keep up with the necessary cleaning which then requires coordination with DSNY on a periodic basis. Finally, and unfortunately, too many people litter and there needs to be a public campaign vilifying those who randomly drop their trash on the ground.

Community District Needs Related to Core Infrastructure, City Services and Resiliency

Needs for Water, Sewers, and Environmental Protection

No comments

Needs for Sanitation Services

- Routine cleaning of vacant lot locations where frequent dumping occurs. - Public outreach at transit hubs and along commercial strips about not littering. - Outreach to schools and community centers on not littering.

The Community Board did not submit any Budget Requests in this category.

Expense Requests Related to Core Infrastructure, City Services and Resiliency

Priority	Agency	Request	Explanation	Location
7/16	DSNY	Increase cleaning of dump-out/drop-off locations	<i>Community Board 13 is surrounded by highways. The grassy areas adjacent, and exit/entrance ramps collect garbage as vehicles constantly throw garbage out of their vehicles. The garbage builds up; we are requesting a big cleanup and maintenance going forward.</i>	
9/16	DSNY	Increase enforcement of illegal dumping laws	<i>There are many grassy areas, as well as wetlands that are in the district. Some areas are notorious for the dumping of construction materials. Additional Sanitation Enforcement could act as a deterrent.</i>	

HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

Queens Community Board 13

Most Important Issue Related to Housing, Economic Development and Land Use

Neighborhood preservation

Neighborhood preservation in terms of keeping in place the zoning that maintains these communities as primarily one-family houses with low density. Understanding NYC has an affordable housing shortage, the residents in QCB13 have left these densely populated areas specifically to live in neighborhoods with yards, trees, homeowners and peace and quiet. It is the reason our communities look and sound the way they do. This impetus for Accessory Dwelling Units (ADUs), basement apartments, and other ideas for creating more housing is totally anathema to our residents. What might work in one community does not necessarily work in another. The city should not have a "one size fits all" policy when it comes to the affordable housing crunch.

Community District Needs Related to Housing, Economic Development and Land Use

Needs for Land Use

A prevalent issue is homeowners creating their own parking by paving over front yards and creating illegal curb cuts. Providing a budget for more inspectors can assist in addressing this growing problem.

Needs for Housing

- More funding to be proactive in sealing up abandoned "zombie" houses. - Maintaining construction fences around the abandoned properties. - Maintaining the yards of abandoned properties. - Support programs that convert properties into affordable housing. - The removal of squatters from abandoned properties. - Maintain support of foreclosure legal services.

Needs for Economic Development

Our commercial strips are not nearly as vibrant with many stores - both mom& pop and chain - boarding up. The only new businesses seem to be a proliferation of smoke shops and many applications to open up Cannabis Dispensaries. Some restaurants are hanging on - but things remain tough. Small businesses are going to need assistance learning how to compete with online shopping through making their stores more attractive, diversification and partnering with other businesses on their strip to capture more foot traffic.

Capital Requests Related to Housing, Economic Development and Land Use

The Community Board did not submit any Budget Requests in this category.

Expense Requests Related to Housing, Economic Development and Land Use

Priority	Agency	Request	Explanation	Location
5/16	DOB	Expand code enforcement	<i>More inspectors are needed to enforce building code violations; illegal construction; paved over yards, illegal conversions; work without permits; and unenclosed construction sites.</i>	

TRANSPORTATION

Queens Community Board 13

Most Important Issue Related to Transportation and Mobility

Traffic safety and enforcement (cars, scooters, ebikes, etc.)

QCB13 is inundated with requests for traffic mitigation measures. Speeding along residential streets has become a huge problem. More funding is needed so studies may be quickly completed, and more crews are available for the installation of speed humps, STOP signs and potentially, traffic signals. In addition, with the opening of the UBS Arena in the east and an Amazon Distribution facility in the southwest, we will need to monitor the increased vehicular traffic and how it affects the neighboring communities.

Community District Needs Related to Transportation and Mobility

Needs for Traffic and Transportation Infrastructure

- Many of our neighborhoods are requesting traffic calming, specifically speed humps and stop signs. These traffic calming methods will slow traffic and provide more pedestrian safety. - General maintenance along the grassy areas next to the highways is a problem. On one side of the fence is DOT, the other DPR oftentimes working with DSNY. Managing or coordinating between the two often is not very efficient.

Needs for Transit Services

PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

Queens Community Board 13

Most Important Issue Related to Parks, Cultural and Other Community Facilities

Park care and maintenance

The staff presently assigned to the Board's parks do an excellent job. During the summer when the parks are used more extensively, additional staff and equipment for both maintenance and safety would vastly increase the overall enjoyment of these recreational areas. There are equipment needs for this area that need to be addressed to keep up with the usage.

Community District Needs Related to Parks, Cultural and Other Community Facilities

Needs for Parks

The parks and playgrounds in the district have varying needs as detailed below. Many of the MPAA areas need resurfacing, as these areas need some creativity in determining what sporting activities can be encouraged with the decline in the play of asphalt softball. In addition, better scheduling for use of grass fields with baseball, soccer and cricket. In addition, the district has a large number of trees the city is responsible to maintain. Every week there are numerous requests for either tree pruning or repairs for sidewalks uplifted by tree roots. More funding is needed to address these safety issues.

Needs for Community Boards

Community Boards have moved forward 10 years technologically in having to meet virtually and utilizing new equipment and software to do things differently. There will be occasions when we meet in-person when community boards may need to hire outside contractors. Additional funding for these new needs is necessary going forward to keep up with the increasing technological demands.

Capital Requests Related to Parks, Cultural and Other Community Facilities

Priority	Agency	Request	Explanation	Location
5/13	DPR	New equipment for maintenance	<i>Queens District 13 needs one or more of the following: Mini dump truck; pickup truck. This will allow our parks personnel to address the maintenance needs of the heavily used parks, especially Brookville and Springfield Parks.</i>	
CS	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Gunn Playground needs its MPAA repaved and adjacent property purchased for park expansion. (Land swap) In addition, the playground needs an upgrade. This is partially funded.</i>	
CS	DPR	Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)	<i>Construction of the The Reading Garden.</i>	

Expense Requests Related to Parks, Cultural and Other Community Facilities

Priority	Agency	Request	Explanation	Location
3/16	DPR	Other expense budget request for DPR	<i>Additional contractors engaged to go along with the funding for the "Tree & Sidewalk Program" which repairs uplifted sidewalks resultant to tree roots.</i>	
4/16	DPR	Forestry services, including street tree maintenance	<i>As "Climate Change" has increased the severity of storms, it has also increased the anxiety of our residents with swinging trees and tree branches. QCB13 receives a large number of calls with concern about damaged trees and overhanging tree branches. The contract for tree pruning needs to be increased before there is excessive property damage or personal injury.</i>	
8/16	DPR	Provide better park maintenance	<i>QCB 13 has lots of parks, playgrounds, center medians and grassy areas that are the responsibility of this agency. Adequate numbers of workers need to be assigned during the warm weather months.</i>	

12/16	DPR	Enhance park safety through more security staff (police or parks enforcement)	<i>Increase security staff at Springfield Park Brookville Park and other parks within the district (PEP) during warm weather months when these two parks are heavily used</i>
16/16	DPR	Other park maintenance and safety requests	<i>The waterways in Brookville Park need dredged and the overgrown phragmites need to be removed. This invasive species limits visibility and gives visitors concerns about their safety because they cannot be seen.</i>

5/16	DOB	Expand code enforcement	<i>More inspectors are needed to enforce building code violations; illegal construction; paved over yards, illegal conversions; work without permits; and unenclosed construction sites.</i>	
6/16	DOE	Other educational programs requests	<i>Elementary schools in Districts 26 & 29 are under-performing. After-school enrichment programming, along with mental health services, are needed so these students can perform at least at their grade level and be prepared to compete when they reach high school.</i>	
7/16	DSNY	Increase cleaning of dump-out/drop-off locations	<i>Community Board 13 is surrounded by highways. The grassy areas adjacent, and exit/entrance ramps collect garbage as vehicles constantly throw garbage out of their vehicles. The garbage builds up; we are requesting a big cleanup and maintenance going forward.</i>	

8/16	DPR	Provide better park maintenance	<i>QCB 13 has lots of parks, playgrounds, center medians and grassy areas that are the responsibility of this agency. Adequate numbers of workers need to be assigned during the warm weather months.</i>	
9/16	DSNY	Increase enforcement of illegal dumping laws	<i>There are many grassy areas, as well as wetlands that are in the district. Some areas are notorious for the dumping of construction materials. Additional Sanitation Enforcement could act as a deterrent.</i>	
10/16	DFTA	Enhance educational and recreational programs	<i>Alpha Phi Alpha Senior Center - increase funding for this heavily used center.</i>	
11/16	DFTA	Enhance educational and recreational programs	<i>Services Now for Adult Persons (SNAP) needs increased funding for programming.</i>

FY25 Community Board Budget Requests with Agency Responses - Capital

PRIORITY	AGENCY	CB REQUEST	REASON	AGENCY RESPONSE
01/16	DOT	Other traffic improvement requests	<i>This exit needs a "dedicated" left turn lane, which directs traffic eastbound on to Hillside Avenue, expanded one lane so the traffic does not back up to the Cross Island southbound. This will be particularly important as the UBS Arena is now open for Islander home games, concerts and other large events.</i>	Further study by the agency of this request is needed.
02/16	DFTA	Renovate or upgrade a senior center	<i>Completion of funding for the renovation of the new building of Services Now for Adult Persons (SNAP) on Union Turnpike.</i>	Approval of this request depends on sufficient Federal/State funds.
03/16	DOT	Reconstruct streets	<i>Reconstruct & repave this heavily used portion of Brookville Boulevard</i>	This project is in design by DDC.
04/16	NYCTA	Other transit infrastructure requests	<i>A bus shelter at the southbound stop at the western corner (in front of the Dollar Store) of Guy R. Brewer Boulevard (where it intersects with Farmers Boulevard). Four (4) buses stop at this location: Q3; Q111; Q113; Q114.</i>	Please contact the Agency directly and promptly for more information.
05/16	DPR	New equipment for maintenance	<i>Queens District 13 needs one or more of the following: Mini dump truck; pickup truck. This will allow our parks personnel to address the maintenance needs of the heavily used parks, especially Brookville and Springfield Parks.</i>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.
06/16	DOT	Roadway maintenance (resurfacing, trench restoration, etc.)	<i>Repave bumpy roadway.</i>	Funds are unavailable for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President, Council/Assemblymember, or State Senator.
07/16	DOT	Other transportation infrastructure requests	<i>Construction of a barrier - possibly bollards - on the flat center median on Springfield Boulevard to prevent cars from illegally crossing over from 119 Avenue to go north on Springfield Boulevard or south on Francis Lewis Boulevard.</i>	The agency will accommodate this issue within existing resources.
08/16	DOT	Reconstruct streets	<i>Repair and reconstruct roadway</i>	Further study by the agency of this request is needed.
09/16	DOT	Other transportation infrastructure requests	<i>Upgrade Center Median curbs</i>	Funds are unavailable for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President, Council/Assemblymember, or State Senator.
10/16	DOT	Reconstruct streets	<i>Repave roadway</i>	This project was funded in a prior fiscal year and the construction contract has been let.
11/16	DOT	Roadway maintenance (resurfacing, trench restoration, etc.)	<i>Repave Roadway.</i>	Resurfacing and milling requests should be directed to the respective NYCDOT Borough Directors of Maintenance. Each year, the boroughs plan the next season's resurfacing.

12/16	DOT	Repair or construct sidewalks, curbs, or pedestrian ramps	<i>The center median curb where people park is crumbling and presents a trip hazard that is dangerous for those getting into and out of their cars.</i>	This type of request should be entered into ARTS rather than the community budget process.
13/16	DOT	Repair or construct sidewalks, curbs, or pedestrian ramps	<i>The center median needs curbing to protect the garden and irrigation system local residents have worked very hard to keep clean and beautify.</i>	Please contact the Borough Commissioner's office to discuss this request.
CS/16	NYPD	Provide a new NYPD facility, such as a new precinct house or sub-precinct	<i>116 Precinct is presently under construction.</i>	Funding for construction of the 116th Precinct has been restored and construction kick off occurred in the summer of 2021.
CS/16	DPR	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	<i>Gunn Playground needs its MPAA repaved and adjacent property purchased for park expansion. (Land swap) In addition, the playground needs an upgrade. This is partially funded.</i>	This request is partially funded. Contact the Department of Parks and Recreation for specifics.
CS/16	DPR	Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)	<i>Construction of the The Reading Garden.</i>	This project was funded in a prior fiscal year and the project is currently under construction.
