## INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

## HOW TO USE THIS REPORT

This report represents Brooklyn Community Board 17's *Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2019*. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from June to November 2017.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

This report is broadly structured as follows:

### a) Overarching Community District Needs

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

### b) Policy Area - Specific District Needs

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

### c) Community Board Budget Requests

The final section includes the two types of budget requests submitted to the City for the FY19 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

### STATEMENT OF COMMUNITY DISTRICT NEEDS FISCAL YEAR 2019

#### BROOKLYN OVERVIEW

Community District 17 (CD17) hereby submits the following Statement of Community District Needs in accordance with §2800-d (10) of the Charter of the City of New York for Fiscal Year 2019. The contents of the statement result from local citizen complaints and testimony given at public hearings, as well as long-standing and, yet unmet needs and priorities.

CD17 is comprised of the following neighborhoods: East Flatbush, Northeast East Flatbush, Rugby, Farragut/Hyde Park, Remsen Village, Ditmas Village and the Erasmus area. The geographic district encompasses East New York Avenue from East 98 Street to Utica Avenue, south on Utica Avenue to Clarkson Avenue, West on Clarkson Avenue to Bedford Avenue, South on Bedford Avenue, to the Long Island Railroad/Glenwood Road East along the Long Island Railroad to East 98 Street, then North on East 98 Street to East New York Avenue.

Based on the New York City Department of City Planning report, the area and density is 3.4 Square miles, with 52.6% foreign born residents. The Population breakdown by race: White (Non-Hispanic) | 2.0 %, Black (Non-Hispanic) | 88.3 %, Asian (Non-Hispanic) | 1.3 %, Other Race (Non-Hispanic) | 1.7 %, Hispanic (of any race) | 6.7 %.

As noted, 1-2 Family Residential - 44.6%, Multi-Family walk-up - 18.52%, Mixed Residential/Commercial - 5.2%, Public Facilities and Institutions 7.2%, Multi Family elevators 5.72%, Open Space Outdoor Recreation 5.71%, Commercial and Office 3.62%, Industrial and Manufacturing 3.61%, Parking Facilities 2.19%, Transportation and Utilities 2.04%, Vacant Land 1%, Other .58%. A total composite of Zoning Areas in District 17: Residence 88.81%, Manufacturing 7.05%, Commercial 3.53% and Park 0.61%.

The industrial area is located adjacent to the Bay Ridge line of the Long Island Railroad but threatens to spill over onto abutting property. The commercial strips consist primarily of small shops, fruits and vegetable stores, medical offices, few large dry goods stores, used car dealerships, one senior day care center, private day care and pre-school centers, restaurants and auto repair shops.

## 2. Community District Land Use

### **3. Overview of Community District**

Community District 17 is a culturally diverse community. Between 2000 and 2015 there was a -2% change in total population. According to the New York City Neighborhood Economic profiles 2017 edition, the total population in 2000 was 146,623 compared to 143,004 in 2015.

Population Breakdown by Race: In 2000, Whites - 2,954 Compared to 4,297 in 2015, a 45% change. Blacks - 128,995 in 2000 compared to 125,436 in 2015, a -3% change. Hispanic- 8,019 in 2000 compared to 9,732 in 2015, a 21% change and Asian - 2,029 compared to 857 in 2015 a -58% change.

The New York City Neighborhood Economic profiles also highlighted a decrease in total population for Youth (Ages 0-18). In 2000, there were 41,764 compared to 32,865 in 2015.

And, working Age population (age 19-65) in 2000 was 92,679 compared to 89,591 which is a -3% change. As for the senior population ages 66+ in 2000, there were 12,180 compared to 20,548 in 2015 , a 69% change.

#### 4. Top Three Pressing Issues Overall

The three most pressing issues facing Brooklyn Community Board 17 are:

- *Cultural facilities & programs*
- *Schools*
- *Senior services*

Senior Services:

Our population continues to age like the rest of the country; the frail and elderly are growing more numerous. The elderly age 65 and older stands at 69% according to the Neighborhood Economic profiles 2017 edition. . We need the services provided by the programs funded by the Department for the Aging more than ever. There is a desperate need for C2 housing, and additional centers throughout the district and the installation of a kitchen at the present center.

Schools: In CD17, enrollment in public schools has increased. We now have Universal Pre-K. The benefits of early education for children are clearly backed by research, and there is a great need for reliable and affordable child care for New York families. However, the universal aspect of 3-K for All is perhaps its boldest and best feature, and it could be the key to creating a high-quality, sustainable program.

We also need to increase graduation rate and College readiness and decrease the drop-out rate.

Community Board 17 continues to advocate for smaller classrooms, resource availability for teachers and all the amenities to ensure all students are college and career ready in addition to vocational and technical training for students to be able to compete in the world of technology.

Additionally, there is a need for the implementation of an "Out of School Time" (OST) Program at P.S. 198. The Board strongly supports the Borough Field Support Centers (BFSC's) to review this request and provide a favorable response. This program will provide a safe and nurturing environment for children whose parents have to work on non-school days and cannot afford the added expense of paying for child care services.

Cultural Facilities and Programs are much needed in District 17. Presently, Councilmember Jumaane Williams has embarked on a feasibility study and allocation of funding to build the Shirley Chisholm Community Center on Tilden Avenue between East 48th and East 49th Streets, to be utilized by the youths and seniors. This Multiuse facility will not be dedicated to one form of discipline, there will be a cluster of art activities such as but not limited to dance studios, theaters, galleries and classrooms. There will also be recreational activities as part of its use.

Community Board 17 supports this project and encourages the appropriation of adequate funding for the programs and to complete the facility.

Main Issue Related to Health Care and Human Services*Access to healthy food and lifestyle programs*

Other/Healthy Food option remains an issue in the community. CB17 advocates to protect and expand government programs that provide meals to children and help families purchase food, such as SNAP (food stamps) WIC (Women infant and Children), and emergency food programs. Efforts must be made to increase the number of eligible children who participate in free and reduced-price School and Summer Meals programs. We advocate for healthy lifestyle programs that are community based initiated and managed by family and group based organization to effectively improve diet, increase physical activities and reduce chronic diseases. We need facilities that offer programs such as indoor and outdoor activities. Increase Outreach to Seniors - Meals on Wheels Program in CB17. A small percentage of our seniors are enrolled in the Meals-on-Wheels program. We believe there are a number of seniors in our district eligible for this program but due to the lack of information cannot apply. With increased outreach, seniors 60 years and older who meets the criteria could take advantage of this service. Sincere efforts must be made to promote greater outreach to the shut-ins who depends on the Meals on Wheels program. Additionally, The Elder Abuse Program should be enhanced to accommodate the growing senior population. Seniors are living longer, most elders live alone and are sometimes emotionally, financially and physically abused by their caretakers and sometimes strangers. We request enhanced funding to organizations and programs that participate in the Elder Abuse program.

Community District Needs Related to Health Care Facilities and Programming

Although Kings County Hospital is located at the border line of District 17, the hospital serves a large population of District 17's residents. The replacement of the Operating Room Microscope in Ophthalmology at Kings County Hospital Center is an essential tool for illumination and image quality in the operating room. Also, the replacement of the Nurse Call System in the Patient Care Service and the prioritization of funding for the neonatal Intensive Care Unit-NICU Transport Unit will continue a continuum of medical care to infants during their first month of birth. Although, the response from the Office of Management and Budget (OMB) stated "The agency will accommodate this issue within existing resources", the Board emphasizes the need for these requests to be prioritize.

Community District Needs Related to Facilities and Programming for Older New Yorkers

We request that the Department For The Aging implement funded programs. There is a need for C2 housing to meet the needs of our aging population, namely: assisted living, independent living and dependent living. Our population continues to age like the rest of the country; the frail and elderly are growing more numerous

Community District Needs Related to Facilities and Services for the Homeless

Provide rental assistance/vouchers for permanent housing. The gap between affordability and unaffordable continues to rise. CB17 requests that programs are implemented to accommodate families and singles who due to their income range fall within the borders of unaffordability thus deeming them unable to apply for the affordable units. We believe the income range is a disadvantage to a large number of residents in our district.

Community District Needs Related to Services and Programming for Low-Income and Vulnerable New Yorkers

Other Work Experience Program Requests: With the phasing out of the Work Experience Program, it is imperative that participants seeking independence and self-support are provided with the alternatives that continues to improve the skills they already possess and allow them opportunities to develop new abilities that increases their chances of employment.

### Capital Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
1/18	DFTA	<i>Renovate or upgrade a senior center</i>	<i>The Board supports the funding and installation of a kitchen at the Senior Center located at 3304 Clarendon Road. 4/30	DOHMH	Create or promote programs for education and awareness on nutrition, physical activity, etc.	<i>The Board advocates for programs that provide opportunities for community residents to engage in healthy eating and physical activity behaviors. Such programs would assist in developing the knowledge, skills, and attitudes necessary to adopt and maintain these behaviors. Additionally, integrate school-based physical activity and nutrition programs with family and community life will promote Healthy Eating and Physical Activity for a Healthier Community.</i>	Community Wide
5/30	HHC	Other health care facilities requests	<i>Prioritize funding for the Neonatal Intensive Care Unit-NICU Transport Unit at Kings County Hospital Center. Funding for this unit will enable Kings County Hospital Center to provide a continuum of medical care to infants during their first month of birth. Community Board 17 supports this much needed service to local community.</i>	Kings County Hospital
6/30	HRA	Enhance cash assistance programs	<i>Enhance The Adult Protective Service that provides cash assistance for single individuals without children and those who have children but have already received cash assistance. Continue funding of the Adult Protective Service Program (APS) that assist adults who are physically and/or mentally inpaired, so they can get the much needed service.</i>	Community Wide
7/30	HRA	Provide, expand, or enhance educational programs for adults	<i>All programs funded by HRA are sorely needed in CB17. HIV/AIDS Services Administration (HASA), Office of Domestic Violence &amp; Emergency Intervention Services (ODVESIS), Family Independence Administration (FIA), Home Care Services Program (HCSP), Office of Child Support Enforcement (OCSE), Medical Assistance Programs (MAP) and Adult Protective Services (APS). Funding must be continuoulsy increased and expanded where needed. Increased awareness to clients by posting multi-lingual signs at their sites advising clients of free interpretation services, aslo the distribution of revised multi-lingual cards at sites that provides first-contact language support to clients.</i>	Community Wide

Main Issue Related to Youth, Education and Child Welfare*After school programs*

There is a need for Youth Centers and publicly funded recreational facilities. Funding and efforts must be doubled to provide more job training, Youth Education, After School tutoring. In addition to the expansion of Music Outreach Programs and the Beacon programs operating in schools throughout District 17. The children in our district, some from one-parent families, most from families where both parents are wage-earners, and many for whom English is a second language, all need after school and serious meaningful year round youth and after school programs.

Community District Needs Related to Educational Facilities and Programs

We request expanded fundings for CAMBA and Sesame Flyers programs. CAMBA provides thousands of low income youth from pre-school through high school with academic assistance, counseling, tutoring, art, drama, music, sports, SAT and Regents help, opportunities to serve their community, internships and employment. CAMBA encourages older youth who are disconnected from either school or work to further their education and employment opportunities and serve their community. Sesame Flyers offer tutoring, safe and nurturing spaces for children to play during the summer, youth-led community service activities, job readiness programs, case management and counseling for families in crisis, GED and computer technology programs, along with celebrations of the rich traditions of Caribbean culture.

Community District Needs Related to Services for Children and Child Welfare

Adequate funding for child welfare: Community Board 17 supports Federal and State child welfare financing, increase in funding which allows agencies to better protect, care for and provide services to at risk children or those who were abused or neglected. We also advocate for competitive salaries, opportunities for career advancement, adequate compensation and manageable caseload sizes for caseworkers. There should be adequate child abuse and neglect prevention services for every family in need to ensure children have safe and stable permanent families.

Community District Needs Related to Youth and Community Services and Programs

District 17 is in dire need of Youth Centers. The City of New York and the Department of Youth and Community Development must double its funding and efforts to provide for more Youth Education, after school tutoring and Youth Job Training. There is no doubt that effective youth service programs prepare young people to meet the challenges of adolescence and adulthood through structured, youth-centered activities that positively impact their development. Additional service programs are needed to provide youth development and enrichment opportunities during the school day, after school, and during the summer. Community Board 17 supports the increase in the number of youth employed through the Summer Youth Employment Program (SYEP). Employing more youth, allows them an opportunity to gain work experience and wages during the summer months. We also support and advocate for resources to the Beacon programs, and programs and initiatives that promotes youth's social, emotional cognitive, and physical development such as athletic programs, internships, tutoring, relationship violence prevention programs (such as Teen RAPP), the Fatherhood Initiative that engages young fathers in their children's lives, and services for runaway and homeless youth.

### Expense Requests Related to Youth, Education and Child Welfare

Priority	Agency	Request	Explanation	Location
3/30	ACS	Other child care requests	Community Board 17 request continued funding of Head Start delegate agencies, Child Care sponsors and Family Child Care networks that provides care to children whose families are defined as low income or receiving public assistance. These services have proven positive based on agency budget consultation.	Community Wide

Main Issue Related to Public Safety and Emergency Services*Crime prevention programs*

The Board believes that crime prevention programs are most effective when they operate within the community and involve community residents actively working with their local government agencies to address issues contributing to crime, delinquency, and disorder in their communities. We applaud the implementation of the Neighborhood Coordinating Officers, an initiative that engages community members and officers. This form of community policing, or community-oriented policing is a proven evident based model of police building ties and working closely with members of the communities. The Board also supports the Advocates Intervene Mentor (AIM) program and request the program be expanded to more communities, hire more mentores and resource specialist to work with youth facing a violation of probation due to chronic absenteeism and/or chronic unresponsiveness to interventions and engagement strategies.

Community District Needs Related to Policing and Crime

We believe it's impossible for the 67th Precinct to respond to all calls made by the community based on the cars available. Both marked and unmarked cars and if possible, motor bikes and bicycles must be allocated to the precinct as means of transportation to help combat crime in the community. Deployment of officers after training must adequately address the safety needs in our District especially on the Merchant Strips. The 67th Precinct is also in desperate need of additional detectives to help solve crimes in the community.

Community District Needs Related to Emergency Services

Community Board 17 is overly concerned about the on-going vague response to issues of concerns to the community. As noted in our Expense Request, it is imperative that funding be allocated for emergency generators for the engine companies in District 17. Generators off-set that critical need that comes with the loss of electricity during a power outage. We also reiterate the importance of prioritizing for funding, the FDNY programs and staffing as noted: Fire Prevention Inspection Team, Juvenile Fire Setter Intervention program, carbon monoxide and smoke detectors for distribution to seniors and other residents unable to afford the purchase.

**Capital Requests Related to Public Safety and Emergency Services**

Priority	Agency	Request	Explanation	Location
1/18	NYPD	Add NYPD parking facilities	<i>Double and triple parking remains a MAJOR issue in the vicinity of the 67th Precinct. The Board was informed due to budget constraints, NYPD could not lease the vacant property across from the precinct. We once again request that NYPD officials and DOT conduct a feasibility study to determine which short streets, and/or one side of a long street can be converted to a parking space for service vehicles.</i>	2820 Snyder Avenue
CS	NYPD	Renovate or upgrade existing precinct houses	<i>For the past four years, the facade of the 67th Precinct has been under repairs with scaffolding in the front entrance of the Precinct building. The scaffolding has now become an eyesore to the community. This project needs to be completed along with the repairs of the sidewalk which will make it safe for both officers and residents.</i>	2820 Snyder Avenue

Main Issue Related to Core Infrastructure, City Services and Resiliency*Cleanliness/trash collection*

On weeks when there are holidays, a regular two-day a week pickup becomes a one day scheduled pick-up. This diminution of service is even worse for recyclable materials and the problems of vermin and rodent infestation multiplies. Based on the Department of Sanitation, to date, there has been 1,204 violations issued for dirty sidewalk, 868 for failure to clean 18 inches into the street and 780 for dirty area. Sanitation should coalesce with the Department of Consumer Affairs to improve cleanliness compliance by homeowners and businesses.

Community District Needs Related to Water, Sewers and Environmental Protection

Environmental concerns ranges from complaints about clogged catch basins, many of which are imploding due to lack of repairs and the need for DEP and DOT to collaborate and resolve Trench Restoration work in the community. Funding for trench restoration projects in District 17 would address the increased number of sink holes, East 40th Street between Foster Avenue and Avenue D and (2) East 40th and Farragut. The community is also saturated with auto repair shops which discharge large amounts of volatile organic solvents and volatile organic compounds into the air which could contribute to respiratory diseases.

Community District Needs Related to Sanitation Services

The New York City Department of Sanitation, via My Neighborhood Statistics recorded an average of 2.4 pounds of garbage and recycling collected per person each day in CD17. The District's average of 12.8% of recycling and 87.2% garbage is equivalent to approximately 174 Tons of garbage and recycling collected per day for disposal. The District needs all the necessary tools to ensure the cleanliness of our neighborhood on a daily basis.

### Main Issue Related to Land Use, Housing and Economic Development

#### *Zoning review and enforcement*

The Mayor is devoting much of his planning resources to the production of affordable housing. Community Board 17 believes it is important for the Community to offer City Planning consensus driven opportunities to upzone according to mandatory affordable housing. The Board supports affordable housing and voted in the affirmative during a more recent General meeting on the Zoning for Quality and Affordability Text Amendment and Mandatory Inclusionary Housing Text Amendment.

#### Community District Needs Related to Land Use

There is a need to identify as many corridors/clusters that are considered worth investigating for rezoning. Such corridors might be zoned to permit residential development and /or to maximize areas for housing where appropriate. Proximity to the Nostrand Avenue subway stations or the Livonia Avenue 3 line stations along 98th street should also be given consideration.

#### Community District Needs Related to Housing Needs and Programming

Community Board 17 recommends funding for non-for-profit organizations engaged in Foreclosure Prevention, Financial Literacy and Mortgage Modification. It is imperative that funding be provided for the current calendar year and beyond. Neighborhood Housing Services CDC Inc. must be funded for Foreclosure Prevention through HPD's Neighborhood Preservation Consultant Contract. Also, such contracts should be awarded to organizations with the most experience and record of actual accomplishments that are engaged in the communities where their needs are. CB 17 supports Flatbush East Community Development Corporation, Neighborhood Housing Services CDC Inc. and Erasmus Neighborhood Federation in their request for funding to implement some much needed programs in our district. Annual funding is necessary to support all housing programs in District 17. With the present state of the economy, these programs are necessary to assist homeowners who are experiencing financial difficulties.

#### Community District Needs Related to Economic Development

There is a need to implement more BIDs in CB 17 business areas such as, but not limited to, Utica and East New York Avenue, going south bound on Utica Avenue to Clarendon Road and Utica Avenue and Church Avenue east bound on Church Avenue to Remsen Avenue. The implementation of a BID would promote goodwill between the association members and the residents of the immediate adjacent areas. It will also promote businesses, improve shopping in the community through merchants and civic action projects and foster a stronger relationship between merchants, residents, service agencies and law enforcement for the betterment of the community.

4/30	DOB	<i>Assign additional building inspectors (including expanding training programs)</i>	<i>There is a need for inspection of new and in-progress construction, and violation removal throughout the district. Bi-annual and timely inspections of multiple dwellings and commercial properties must continue, including timely inspections due to complaints. Expanding the Building Inspector Training Program will assist in the enforcement of building and zoning codes.</i>	Community Wide
5/30	HPD	<i>Other affordable housing programs requests</i>	<i>Extend Funding for the Multifamily Preservation Loan Program (MPLP) which guarantees the rehabilitation of distressed vacant and/or occupied multi-family properties and thus give housing opportunities to low-to-moderate income households.</i>	Community Wide

**Transportation**Main Issue Related to Transportation*Accessibility (ADA related compliance and infrastructure enhancements)*

We have requested construction of curb cuts throughout Community District 17. Curb cuts are needed throughout the district to meet the needs of our young children, seniors, the disabled and physically challenged. This is a top priority and one that will bring the city into compliance with the American with Disabilities Act passed by Congress.

Community District Needs Related to Traffic and Transportation Infrastructure

Community Board 17 supports the change of time in the select bus service lanes on Utica Avenue to accommodate motorist during non- rush hours and on weekends, Saturdays and Sundays. With the installation of the bus lanes, it has not remedy the situation. The Board continue to receive complaints regarding congestions on Utica Avenue.

Community District Needs Related to Transit Services

The Newkirk Avenue station has experienced significant deterioration over the years. Rehabilitation will greatly enhance the aesthetic of the station and provide safety and quality service to the commuters. Although parts of this project was approved for funding, CB17 request that the total rehabilitation of this subway station be considered.

### Main Issue Related to Parks, Cultural and other Community Facilities

#### *Library facilities and access*

Community Board 17 supports increased funding for the Brooklyn Public Library's to purchase supplies and equipment for our Branch libraries to meet the needs of our students and adult population. The three branches in CD 17, Rugby Branch, Clarendon Branch and East Flatbush Branch offer programs such as Homework help, Tutoring, Computer Classes and Games, Internet/Email Classes among other. We request funds be allocated to complete the following Capital requirements: Interior renovations at the Clarendon Branch Approximately : \$1,500,000. the Rugby Branch - Exterior Fence and Site work estimated at \$500,000 and East Flatbush Branch, fund the exterior rehabilitation, Windows and the modern interior renovation.

### Community District Needs Related to Parks and Recreational Facilities and Programming

Community Board 17 supports the increase in funding to employ a gardener to trim and maintain the garden at Paerdegat Park.

### Community District Needs Related to Cultural and other Community Facilities and Programming

There is a urgent need for collaborative efforts to bring together various private and government funds to support, strengthen and expand arts and cultural nonprofits in Community District 17. The Board believes that cultural facilities and programs will promote and contribute to the culture and economic lives of the community, by creating jobs, cultural tourism, expand access and education in the arts, humanities and sciences, while improving the quality of life for community residents at large.

### Community District Needs Related to Library Facilities and Programming

Community Board 17 supports increased funding for the Brooklyn Public Library to provide the much needed services, supplies and equipment for our Branch libraries so that the needs of our students and adult population can be met. The three branches in CD 17, Rugby Branch, Clarendon Branch and East Flatbush Branch offer programs such as Homework help, Tutoring, Computer Classes and Games, Internet/Email Classes among other.

### Community District Needs Related to Community Boards

The role of the Community Boards has expanded throughout the years which requires more staffing to satisfy the needs of the office and assist with the required service delivery needs of the community. Adequate funding is requested to fulfill the Charter-mandated responsibilities of the Board.
