## 2. Community District Land Use

### **3. Overview of Community District**

Community Board 14 encompasses the Rockaway Peninsula and Broad Channel. It has at least 13 distinct communities, each with its own name, neighborhoods, interests and problems bound together by a common geography and history, which is both written and hidden. From a westerly to easterly direction, we point to Breezy Point, Rockaway Point, Neponsit, Belle Harbor, Rockaway Park, Rockaway Beach, Arverne/Sommerville, Edgemere, Arverne by the Sea, Bayswater , Wavecrest and Far Rockaway and Broad channel Island. The Rockaways is some eleven miles in length and is three quarters of a mile wide. With its multi-ethnic, multi-religious groupings, the concerns of the poor, the aged, the young and needy is often termed a microcosm of New York City. Patterns of housing are equally diverse with evidence of affluence in the western and most eastern sections of the district. And large concentrations of public housing and publicly assisted housing in between. While our District is still recovering from hurricane SANDY it is our belief that with government assistance our many devastated communities will recover and thrive. The board looks forward to an amended "Downtown Far Rockaway" Plan. The board looks forward to improving the plan by reducing density , the height of the proposed buildings and including more parking.

#### 4. Top Three Pressing Issues Overall

The three most pressing issues facing Queens Community Board 14 are:

- *Resiliency*
- *Schools*
- *Unemployment*

Flooding -It's has become clear that after Hurricane SANDY, that protection from Flooding is a major concern. The communities in our district that face Jamaica Bay are in constant jeopardy from high tides, storm surge and heavy rains. Bulk heads, street raising and storm sewers must be installed along Rockaways northern boarder and through out Broad Channel. Groins/jetties and Beach sand replenishment must be funded. Public Health- With the closing of Peninsula Hospital, St johns hospital has become over crowded and unable to handle the load . A typical wait in the emergency room exceeds 5 hours and a wait for a bed can be over a day this must be delt with . We also have been deeply disappointed in the NYC Dept of health's refusal to implement a program of the spraying/fogging of adulticide to deal with summer mosquito problem. Street Conditions- CB14 has experienced an large increase in summer tourism. This has caused traffic problems through out the district. Our roads remain in poor condition after hurricane SANDY. The expansion of Rockaway Beach blvd from Beach 62-Beach 32/Seagirt Blvd MUST be designed and funded this road way remain dangerous and over used. We also look forward to more Police officers during the summer beach season.

#### Main Issue Related to Health Care and Human Services

*Chronic diseases (diabetes, heart disease, etc.)*

With the closing of Peninsula hospital health care for the many low income residents has become difficult.

#### Community District Needs Related to Health Care Facilities and Programming

The Board would like additional funding for expansion and staffing for primary health care and emergency health care. Ideally the re-opening of Peninsula Hospital in some way would be greatly beneficial to our community

#### Community District Needs Related to Facilities and Programming for Older New Yorkers

Our community board has a large Senior population- The need for more senior centers through out the district is evident

#### Community District Needs Related to Facilities and Services for the Homeless

Community board 14 has over 3000 units of public housing and we have the largest amount of section 8 voucher placements in the Borough of Queens. We have over 5000 nursing and Adult home beds. The Mayor recently opened a homeless shelter as well in our community. We request that the shelter be closed and that the city share the burden of housing our cities unfortunate poor and needy in other Community boards. The City is placing Homeless in the new local Hotel in addition to the shelter that the city opened . We also have the highest section 8 voucher placements in Queens the City must stop placing those in need in our communities it is destabilizing our neighborhoods

#### Community District Needs Related to Services and Programming for Low-Income and Vulnerable New Yorkers

Our biggest needs in this category is primary health care and job training and economic development to create jobs in our district.

*Youth workforce development and summer youth employment*

The public schools in our district for the most part have under preformed for decades. For our communities youth to compete in the job world they need a good education. More needs to be done to improve our schools and the education they provide. The opportunity for after school programs is also a need for our youth.

**Community District Needs Related to Educational Facilities and Programs**

Modernization of schools in District is necessary - Computers, smart boards in every classroom

**Community District Needs Related to Youth and Community Services and Programs**

After school programs and Job training and job opportunities would be helpful

#### Main Issue Related to Public Safety and Emergency Services

##### *Emergency and disaster preparedness*

With a drastic increase in tourism during late spring and summer and over 5,000 units of Public housing the need for more Police officers in both 100 and 101 precincts has become a great need. Summer detail during the beach season must be increased.

#### Community District Needs Related to Policing and Crime
