INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

HOW TO USE THIS REPORT

This report represents the Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2022. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from August to November, 2020.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

If you have questions about this report or suggestions for changes please contact: <u>CDNEEDS DL@planning.nyc.gov</u>

This report is broadly structured as follows:

1. Overarching Community District Needs

Sections 1-4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

2. Policy Area-Specific District Needs

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

3. Community Board Budget Requests

The final section includes the two types of budget requests submitted to the City for the FY22 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

Disclaimer

This report represents the Statements of Community District Needs and Community Board Budget Requests of this Community District for Fiscal Year 2022. This report contains the formatted but otherwise unedited content provided by the community board.

Budget Requests: Listed for informational purposes only. OMB remains the definitive source on budget requests and budget request responses.

3. OVERVIEW OF COMMUNITY DISTRICT

Community Board 14 encompasses the Rockaway Peninsula and Broad Channel. It has at least 13 distinct communities, each with its own name, neighborhoods, interests and problems bound together by a common geography and history, which is both written and hidden. From a westerly to easterly direction, we point to Breezy Point, Rockaway Point, Neponsit, Belle Harbor, Rockaway Park, Rockaway Beach, Arverne/Sommerville, Edgemere, Arverne by the Sea, Bayswater, Wavecrest and Far Rockaway and Broad channel Island. The Rockaways is some eleven miles in length and is three quarters of a mile wide. With its multi-ethnic, multi-religious groupings, the concerns of the poor, the aged, the young and needy is often termed a microcosm of New York City. Patterns of housing are equally diverse with evidence of affluence in the western and most eastern sections of the district. And large concentrations of public housing and publicly assisted housing in between.

While our District is close to recovering from hurricane SANDY it is our belief that with government assistance our many devastated communities will recover and thrive. With the start of the "Downtown Far Rockaway" Plan and other new housing projects it is clear that two new schools will be needed in 11691/92 to meet the needs of the over 7500 units of new affordable housing, the board would also like to see a gifted and talented school created. The board also strongly feels that the Clty of NY needs to do more to prevent drownings on our beaches. The creation of a water safety and swim program for ALL school age children would help save lives. We are deeply concerned that with all the new housing to be built, Downtown Far Rockaway, Arverne East, Peninsula hospital housing development site among others with over 7,500 new units- the flow of traffic will be rendered to a stand still- we only have two east-west roadways and currently traffic during rush hour or summer weekends is difficult. With the anticipated housing development and an additional 3500-5000 new cars on the road every day. The Department of transportation needs to look at the whole district to assure better flow of traffic. The Clty/HPD must keep its commitment made in 1997 to widen Edgemere ave/Rockaway Beach Blvd to two lanes in each direction with turning lanes from Beach 62-Seagirt Blvd. This important roadway improvement is need to deal with the estimated 5000 new cars on this road daily as well as it is one of two evacuation routes.

Finally the need for more police officers in both the 100 and 101 Pcts is needed to provide adequate protection considering the projected 20% increase in our population in the next 3 years .Our beach season has seen a major increase every year , a larger summer police detail in both 100 and 101 Pcts is needed as well as additional PEP officers assigned to CB14 to deal with the record breaking beach crowds every summer. We also request more summer Parks maintainance staff to deal with large summer crowds. Our district remains as having the highest unemployment rate in the borough of Queens. Much more needs to be done to create entry and mid level jobs locally.Better mass transportation service is a must. The MTA must construct more ADA accessible A train stops with the installation of elevators.

4. TOP THREE PRESSING ISSUES OVERALL

Queens Community Board 14

The three most pressing issues facing this Community Board are:

Crime and public safety

With ever increasing beach crowds and tourism and the approval of over 7,500 new affordable housing units and over 20,000 new residents more Police officers, EMS, Parks PEP and Fire personnel will be needed.

Infrastructure resiliency

Flooding-It has become clear that after hurricane SANDY that protection from flooding is a major concern .communities in our district that face Jamaica Bay are in constant jeopardy from high tides, storm surge and heavy rains. Bulk heads, street raising and storm sewers must be installed along Rockaways northern boarder and through out Broad Channel. Public Health- With the closing of Peninsula Hospital, St johns hospital has become over crowded and unable to handle the load . A typical wait in the emergency room exceeds 5 hours and a wait for a bed can be over a day this must be dealt with A tier 2 or 3 trauma center needs to be located in CB14 . We also have been deeply disappointed in the NYC Dept of health's refusal to implement a program of the spraying/fogging of adulticide to deal with summer mosquito problem. Street Conditions- CB14 has experienced an large increase in summer tourism. This has caused traffic problems through out the district. Our roads remain in poor condition after hurricane SANDY. The expansion of Rockaway Beach blvd/Edgemere Ave from Beach 62-Beach 32/Seagirt Blvd MUST be designed and funded this road way remains dangerous and over used and is one of two main east-west roadways used for hurricane evacuation- This vital roadway must be widened to two lanes in each direction with turning lanes.

Transit (buses & subways)

Getting to and from Community board 14 is a Transportation nightmare - We are poorly served by mass transportation- the ferry has helped but does not serve the residents on the East end of the district- we request a AM/PM rush hour express train on the A- 3-4 Rockaway rush express trains to and from Manhattan would drastically reduce the over 1 hour commute. the re opening of the Rockaway rail line would also be a great help. Access for the disabled at more subway stops must be constructed- additional elevators for A line stops is vital for our residents and visitors

5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

HEALTH CARE AND HUMAN SERVICES

Queens Community Board 14

Most Important Issue Related to Health Care and Human Services

Services for low-income and vulnerable New Yorkers

With the closing of Peninsula hospital Primary health care for the many low income residents has become difficult. Our Emergency room at St Johns is over crowed. The need for a Tier 2 or 3 trauma center located in CB14 is dire to meet emergency needs the nearest trauma center is Jamaica hospital which is to far away to meet urgent medical conditions.

Community District Needs Related to Health Care and Human Services

Needs for Health Care and Facilities

The Board would like additional funding for expansion and staffing for primary health care and emergency health care. Ideally the creation of a tier 2 or 3

trauma center to accomodate our over crowed emergancy room.

Needs for Older NYs

Our community board has a large Senior population- The need for more senior centers through out the district is evident

Needs for Homeless

Community board 14 has over 3000 units of public housing and we have the largest amount of section 8 voucher placements in the Borough of Queens. We have over 5000 nursing and Adult home beds. The Mayor recently opened a homeless shelter as well in our community. We request that the shelter be closed and that the city share the burden of housing our cities unfortunate poor and needy in other Community boards. The City is placing Homeless in the new local Hotel in addition to the shelter that the city opened . We also have the highest section 8 voucher placements in Queens the City must stop placing those in need in our communities it is destabilizing our neighborhoods

Needs for Low Income NYs

Our biggest needs in this category is primary health care and job training and economic development to create jobs in our district.

Capital Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location
CS	HHC	Provide a new or expanded health care facility	Provide funding for the expansion of St Johns Hospital	

Expense Requests Related to Health Care and Human Services

Priority	Agency	Request	Explanation	Location

YOUTH, EDUCATION AND CHILD WELFARE

Queens Community Board 14

Most Important Issue Related to Youth, Education and Child Welfare

Juvenile justice and services for at-risk youth

CB14 has 5 large housing developments and high youth unemployment the need for helping our local youth stay out of the criminal justice system is a priority

Community District Needs Related to Youth, Education and Child Welfare

Needs for Youth Education

Modernization of schools in District is necessary - Computers, smart boards in every classroom. College prep and Job training in high schools is a must.

26/27	NYPD	Assign additional uniformed officers	With our population increasing and summer beach crowds larger more Police are need	

CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

Queens Community Board 14

Most Important Issue Related to Core Infrastructure, City Services and Resiliency

Protective Infrastructure (sea walls, flood walls, etc.)

All our neighborhoods directly adjacent to Bay and Ocean need storm protection- on the bayside bulkhead replacement and street raising with proper drainage is a must. Check valves and tide gates on all storm water outflow locations is a must

Community District Needs Related to Core Infrastructure, City Services and Resiliency

Needs for Water, Sewers, and Environmental Protection

The installation of tide gates on all storm water out falls and the installation of storm sewers in parts of the district that do not have or have poorly functioning storm sewers

Needs for Sanitation Services

During summer season additional commercial basket pick up is necessary in and along shopping areas Lot cleaning also is a need

HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

Queens Community Board 14

Most Important Issue Related to Housing, Economic Development and Land Use

Neighborhood preservation

The board is the site of over 7500 mid and high rise new affordable units to be built over next 3-5 years the district can not handle any more large scale development- mid and higher density housing must be stopped. The city must put a moratorium all new mid and high rise projects from this point on

Community District Needs Related to Housing, Economic Development and Land Use

Needs for Land Use

Our community is becoming over built and over crowded .Traffic is becoming a major issue and the lack of public infrastructure to handle the increase in population is becoming a burden- The improvement and widening of Rockaway Beach blvd/Edgemere ave is vital to public safety. Only low scale housing should be approved for our district

Needs for Housing

CB14 has had an explosion in population over the last 10 years because of a housing boom we request that The unit count in Arverne East be drastically reduced and that a more economic development/jobs /Recreation based project be supported . While the board has supported thousand of new affordable housing units in the last few years, the cretions of new market rate units should be a priority now

Needs for Economic Development

Government must help fund and develop the Greater Far Rockaway Shopping Area and assist our merchants on Rockaway Beach Blvd in Rockaway Beach on Beach 116 street and along Rockaway Beach Blvd from Beach 116 street to Beach 112 street

Capital Requests Related to Housing, Economic Development and Land Use

TRANSPORTATION

Queens Community Board 14

Most Important Issue Related to Transportation and Mobility

Accessibility (ADA related compliance and infrastructure enhancements)

The MTA and city government- must fund more ADA accessible subway stops. Currently along the A line we have only two location that are accessible- Beach 67 street and Beach 36 street stops should be a priority to better serve two new major development sites

Community District Needs Related to Transportation and Mobility

Needs for Traffic and Transportation Infrastructure

Rockaway Beach Blvd/ Edgemere ave capital reconstruction This section must be improved and widened to two lanes in each direct from Beach 62 street to Seagirt Blvd Seagirt blvd from Beach 9th street to Nassau county line must be reconstructed with raised median ,crosswalks and traffic lights installed at some point between beach 6 and beach 3 streets

PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

Queens Community Board 14

Most Important Issue Related to Parks, Cultural and Other Community Facilities

Community board resources (offices, staff and equipment)

The Mayor and City council must restore the Community boards budget

Community District Needs Related to Parks, Cultural and Other Community Facilities

Needs for Parks

Our community hosts over 8 million visitors every year during the summer beach season- we require more PEP officers, better maintenance support during summer and off season

Needs for Cultural Services

additional funding for our Libraries and the Arts

Needs for Library Services

increase local funding for our libraries and fund the construction of new Far rockaway Library, provide more services for our youth

Needs for Community Boards

Community board budgets should be held harmless in city wide budget cuts as a matter of Policy much like the Independent Budget Office. the City budget should also provide additional funding for new Phone and computer needs as well as any technological needs that the boards may need in addition to the regular budget The board needs a new telephone system ours is 20 years old and at times does not work and cannot be repaired
