

### **INTRODUCTION**

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

### **HOW TO USE THIS REPORT**

This report represents the Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2026. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from June to November, 2024.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

If you have questions about this report or suggestions for changes please contact: CDNEEDS\_DL@planning.nyc.gov

This report is broadly structured as follows:

#### 1. Overarching Community District Needs

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

#### 2. Policy Area-Specific District Needs

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

#### 3. Community Board Budget Requests

The final section includes the two types of budget requests submitted to the City for the FY24 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

#### Disclaimer

This report represents the Statements of Community District Needs and Community Board Budget Requests of this Community District for Fiscal Year 2026. This report contains the formatted but otherwise unedited content provided by the community board.

Budget Requests: Listed for informational purposes only. OMB remains the definitive source on budget requests and budget request responses.

*Budget Priorities:* Priority numbers apply to expense and capital Budget requests from all policy areas. A complete list of expense and capital budget requests by this Board sorted by priority can be found in Section 7 of this document.

Supporting Materials: Some community boards provided substantive supplemental information. This supportive material can be accessed by clicking on the links provided in the document or by copying and pasting the links provided in the Appendix into a browser.

#### **Statement on Data Accuracy**

Under Title 13 of the U.S. Code, the Census Bureau is legally bound to protect the privacy of individuals participating in the decennial census. To adhere to the law and to avoid the disclosure of information about individual respondents, the Census Bureau has historically applied a host of techniques, such as top- and bottom-coding, imputation, table- and cell-suppression, and data swapping. The Census Bureau is employing a new technique with the 2020 Census, referred to as the Disclosure Avoidance System (DAS), based on differential privacy. With this approach, the Census Bureau "infuses noise" systematically across census data and sets a quantified disclosure risk, referred to as the Privacy Loss Budget (PLB).

While the new DAS approach may diminish the risk of disclosure concerns, it comes at a cost to data accuracy. Consequently, 2020 Census data users should be aware that all sub-state counts, except for housing units (which are unaffected by the DAS), may be adjusted to protect the privacy of Census participants and may be subject to reduced accuracy. Because DAS noise infusion is randomized, it is impossible for data users to know the degree to which any individual statistic is altered. However, it is possible to say that in general the relative size of errors decreases as counts increase. Consequently, data users should have greater confidence in the accuracy of the data as counts get larger. Further, an evaluation of a Privacy-Protected Microdata File (PPMF), treated with a Disclosure Avoidance System like the one applied to 2020 redistricting data, showed that counts of 300 or more rarely have sizable errors (error beyond +/- 10% of the count). Therefore, while data users need to be cognizant of data accuracy limitations, they should have confidence in conclusions based on sizable counts, which are relatively unaffected by the Census Bureau's latest disclosure avoidance method.

### 3. OVERVIEW OF COMMUNITY DISTRICT

Community Board 1 represents Staten Island's North Shore neighborhoods and the Board focuses its attention on economic and waterfront development; sensible zoning to increase housing along transit corridors; transportation infrastructure improvement, including the expansion of mass transit; youth and senior services; public safety; a substantial increase in public health services; quality of life improvements; and, attention to the recovery of the North Shore's business community following "Sandy" with a focus on the hardening of the infrastructure, wave attenuation, surface water management;, and reimbursement for losses the storm engendered. There is an increased vitality to the district engendered by the aggregation of one billion dollars in private investment coupled with the Mayor's Bay Street Corridor Affordable Housing Plan. However, unless the City commits to extensive infrastructure improvements the tax revenues from Lighthouse Point, the Navy Pier and Empire Outlets current tenancy will be at risk and the Bay Street Corridor Affordable Housing Plan will fail, especiall since building height will not give developers the returns needed to constuct such affordable units. The streets require massive reinvestment to prevent quick deterioration and to provide sensible access to the venues and to downtown St. George, including the new court complex. A new traffic timing algorithm needs to be written to make sense of the poorly configured current traffic light controls. The Wagner property at Howard Avenue and Clove Road must be purchased to create a turning lane, thus leaving two travel lanes and a left turn lane. Mass transit will be a must and has to consist of SIRTOA improvents, SBS and BRT service and a dedicated busway along Richmond Terrace. Zoning along the corridor from Snug Harbor to Stapleton needs to be amended from M to C4-2 which would allow the development of afordable housing in a larger part of the Board's district. The funds provided by DFTA and DYCD require a substantial increases to the S.I. allocation to meet the needs S.I.'s expanding senior population and the needs of our now very diverse population of youngsters with special attention focused on drug addiction prevention and on increased recreational programming for the young ones, and, especially, early identification of and treatment for children with disabilities. Since there is no HHC full service hospital in the borough, NYC needs to alocate a proportionally fair amount of tax levied funds to the two S.I. hospital systems. The Board has tasked our Health Committee with the job of working with the Borough President and our health care service providers to "create a culture of wellness." The Board is grateful to the HHC for building an "Urgi-care" facility in the underserved Clifton/Park Hill community; however, while this is a step in the right direction, it is not curative of the underlying lack of NYC support to the borough's hospital systems. The dramatic economic growth linked with the Bay Street Affordable Housing plan will make public safety more complex and will require an increase in NYPD staffing and construction of the new 120th precinct in Stapleton. This growth, and the growth in St. George will require a proximate siting of a fully staffed and equipped house for FDNY. The quality of life for SICB1's district will be enhanced by providing DPR with an equitable base line capital budget to improve and upgrade all the parks in SICB1, increase PEP staffing, provide restrooms in all DPR public facilities and develop the North Shore Greenway Trail. While the Board applauds and thanks our elected officials for providing funding to DPR, it is unfair these official have to use resources for an agency when other agencies have their own capital funding. Most importantly, Parks needs at least \$130 million to rebuild Cromwell Center over Lyon's Pool. The North Shore Bluebelt or its hard infrastructure alternative and the Victory Boulevard sewer need \$20-\$30 million to stop the endless flooding within the communities from Westerleigh to West New Brighton. Finally, the Board looks forward to the relocation of the DOS District 1 garage from the environmental justice community along Jersey and Brook Streets to the appropriate location within the old landfill. Thereafter, the Board will encourage adaptive reuse of the DS1 site.

### 4. TOP THREE PRESSING ISSUES OVERALL

### **Staten Island Community Board 1**

The three most pressing issues facing this Community Board are:

#### Land use trends

North Shore zoning neither reflects current land use nor wisely prepares for future land use. M zones abut R zones, parking requirements do not reflect the Borough's reality of auto use, C zones are poorly sited, affordable housing corridors do not exist, there are no transit corridors, there is no thought of preservation and, our open spaces are being obliterated and the waterfront is not being used for industrial, job creating, purposes

#### **Traffic**

The biggest impediment to the quality of life on Staten Island is traffic The DOT cannot keep pace with the increasing use of vehicles and contrary to Manhattan-centric thinking vehicles are the only way to get around out here. There is no grid system, the roads are in disrepair, commutes are endless, shopping is an ordeal, school buses are slow and there is only one small rail system.

#### Transit (buses & subways)

Commuting on SI is hell. Every bus has to trundle for miles on broken roads to deliver folks to work and children to school. Bus schedules do not meet commuters" needs, express service is inadequate, the BRT plan proposes to eliminate access to the ferry terminal and the SIRR only serves a small part of the Borough.

# 5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

### HEALTHCARE AND HUMAN SERVICES

### **Staten Island Community Board 1**

#### Most Important Issue Related to Healthcare and Human Services

#### Mental health and substance abuse treatment and prevention programs

Equitable Hospital Services and support. SI has no Municipal Hospital and there is no allowance made to help fiance the operations of the two hospital systems on the Island. This lack of funding either for a municipal hospital or to help the two systems is a disregard by leadership for the health and well being of the Staten Island community, especially in CB1 where there are more residents in medical distress than in other parts of the Island.

### Community District Needs Related to Healthcare and Human Services

#### **Needs for Homeless**

Any necessary services to improve the quality of life should be provided.

#### **Needs for Health Care and Facilities**

Again, as stated often in this section, the health care system on Staten Island does not receive equitable funding thus placing all residents at risk.

#### **Needs for Older NYs**

The two biggest needs in the district are affordable housing and abuse prevention programming.

#### **Needs for Homeless**

Although the homeless population has increased and diversified, the resources given to our one agency are inadequate to provide housing, shelter, prevention, referrals and counseling.

#### **Needs for Low Income NYs**

Job training and employment programming and domestic abuse prevention are the most significant programs the district needs.

2 / 14	DOHMH	Create or promote Programs for Mental Health Needs
4 / 14	HRA	Provide social services for domestic violence survivors (legal services, counseling, referral to supportive services, etc.)
13 / 14	DFTA	Other expense budget request for DFTA

### YOUTH, EDUCATION AND CHILD WELFARE

### **Staten Island Community Board 1**

### Most Important Issue Related to Youth, Education and Child Welfare

#### Remote learning and technology

The Hunan virus has devastated our youngsters ability to learn and grow. It especially harms those lacking resouces to technology and the D.O.E. must find a way to get working connectivity and equipment to those youngsters needing the same.

### Community District Needs Related to Youth, Education and Child Welfare

#### **Needs for Youth Education**

The increased economic and housing actifvity in our district and the closing of most parochial schools is causing and untoward burden on a public system that already has most schools at overcapacity.

#### **Needs for Youth and Child Welfare**

The district needs additional day care to allow parents the opportunity to work.

10 / 14	DYCD	Provide, expand, or enhance adult literacy programs services
12 / 14	DOE	Expand or improve nutritional programs, e.g., school meals

### PUBLIC SAFETY AND EMERGENCY SERVICES

### **Staten Island Community Board 1**

### Most Important Issue Related to Public Safety and Emergency Services

#### Public safety facilities (precinct, fire houses, etc.)

The current 120 Precinct is outmoded and an impediment to traffic access around downtown St. George. NYPD owns property on Hill Street and should locate the precinct there.

### Community District Needs Related to Public Safety and Emergency Services

#### **Needs for Public Safety**

Therre is a need fo vertical patrols in our housing comlexes and a need for CPOP-like patrols in our other residential and commercial communities,

#### **Needs for Emergency Services**

The redevelopment of St. George and Stapleton along with the implementation of the Affordable Housing program as well as the increased response times caused by the awful traffic conditions is creating an urgent need for a new FDNY facility.

### PUBLIC SAFETY AND EMERGENCY SERVICES

### CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

### **Staten Island Community Board 1**

Most Important Issue Related to Core Infrastructure, City Services and Resiliency

### Water runoff and flooding

Several areas need storm sewers to prevent property destruction and flooding.

Community District Needs Related to Core Infrastructure, City Services and Resiliency

### **Needs for Water, Sewers, and Environmental Protection**

The North Shore Bluebelt and the Victory Boulevard and the Forest Avenue drainage areas must be sewered to stop the endless flooding therein.

#### **Needs for Sanitation Services**

DoS service is excellent and the Board is thankful to Commissioner Garcia and Councilwoman Rose that District 1 will be relocating!

### **EXPENSE BUDGET REQUESTS**

The Community Board did not submit any Budget Requests in this category.

### HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

### **Staten Island Community Board 1**

Most Important Issue Related to Housing, Economic Development and Land Use

#### Land use and zoning

All your listed items are predicated upon appropriate zoning and the district is lacking in that regard. The zoning throughout Rosebank, Shore Acres and Fort Wadsworth needs amending and the zoning from Snug Harbor to the Ferry needs to be changed to C4-2. The Bay Street Corridor Affordable Housing Program will fail unless there is concurrent infrastructure development.

#### **Needs for Housing**

See budget requests.

Community District Needs Related to Housing, Economic Development and Land Use

#### **Needs for Land Use**

The district is an uneven collection of M zones within and beside R zones and the R zones are an uneven array of categories. Affordable housing, area stability and appropriate land use requires zoning reflective of good planning and careful needs assessment.

#### **Needs for Housing**

There is a great need for affordable housing and for senior housing.

#### **Needs for Economic Development**

The district is primed for about a one billion dollar private sector investment which will require the EDC to make corresponding investment to the infrastructure from the NY Wheel site to the Navy Pier site, including creating connectivty from Stapleton to the Homeport. Furthermore, the EDC will have to negotiate land swaps and ROW usages to create the North Shore Grenway Heritage Trail and to allow for the creation of an SBS or BRT dedicated route along the old ROW. The development of BID's and the support for small businesses, incubators and art oriented development will need to be a preeminent part of all future economic development plans.

### TRANSPORTATION AND MOBILITY

### **Staten Island Community Board 1**

Most Important Issue Related to Transportation and Mobility

#### Street lighting

Staten Island has congested unkempt roadways, poor signal coordination, poorly imagined bike lanes and too many vehicles. The result of these factors causes poor driving habits, accidents and danger to pedestrians and bike riders.

#### **Needs for Traffic and Transportation Infrastructure**

See budget requests.

Community District Needs Related to Transportation and Mobility

#### **Needs for Traffic and Transportation Infrastructure**

Street conditions, traffic flow, BRT lanes, smart lights and bulkhead improvents in St. George and Rosebank are required.

#### **Needs for Transit Services**

SBS and BRT services, local fleet increases and scheduling increases to the SIRTOA coupled with station reconstruction of the Stapleton station.

### PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

### **Staten Island Community Board 1**

Most Important Issue Related to Parks, Cultural and Other Community Facilities

#### Library facilities and access

Rosebank is a large and growing area without a library.

#### **Needs for Parks**

See budget requests.

Community District Needs Related to Parks, Cultural and Other Community Facilities

#### **Needs for Parks**

Along with Cromwell, the DPR should be allocated a dedicated base line budget of at least \$100 million and \$17 million to acquire the last phase of the Goodhue property.

#### **Needs for Cultural Services**

The base line funding for both small cultural groups and CIG's needs to be increase to allow service to keep up with population growth.

#### **Needs for Library Services**

The libraries have been heavily used and require not only facility repair and equipment purchases but also staff additions and program expansions. Moreover, the Rosebank community is in great need of a library.
