

Fiscal Year 2021

Queens Community District

INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

3. Community Board Budget Requests

The final section includes the two types of budget requests submitted to the City for the FY21 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. 3. OVERVIEW OF COMMUNITY DISTRICT

Community Board No. 9 consists of four communities, Woodhaven, Ozone Park, Richmond Hill and Kew Gardens (WORK). Each is very distinct yet all the residents have similar concerns and needs. Community Board No. 9 is truly a microcosm of the borough of Queens where our diversity is our strength.

Like many New Yorkers, the constituents of Community Board 9 want safe streets, great schools, senior services, economic opportunity, and access to quality parks and recreation. Our budget priority Capital and Expense List targets many of these areas and respectfully calls on our esteemed elected officials to consider each request.

Community Board 9 is facing the construction of a community jail in Kew Gardens and fully operational homeless shelter in Ozone Park. These two facilities will impact our infrastructure and ability to deliver city services. Community Board 9 requests that the 102 precinct be considered for additional officers to help monitor these locations and keep the growing population of residents safe.

Great schools are a primary concern not only of existing residents but of individuals looking to move into the great borough of Queens. Our schools continue to endure severe overcrowding and therefore we must build more classrooms here in our communities.

We owe our seniors a debt of gratitude. We have an important responsibility to ensure they have access to effective programs. Therefore, our senior centers should be fully funded along with the programs they offer our senior residents.

Community Board 9 has strong retail corridors comprised of small business owners. It is important that we make these retail corridors attractive and safe for customers. We encourage a Green Streets program along Woodhaven Boulevard and improve the lighting along Jamaica Avenue.

Our parks and cultural centers provide a much needed outlet for residents. Forest Park is an incredible asset to the borough of Queens. Community Board 9 requests that funding be allocated for pruning, fencing and more Park Enforcement Patrol officers for Forest Park.

Libraries are a great gathering place for residents of all ages. It's a place to access computers, it is all-inclusive, safe and friendly environment, and a unique forum for social networking and reading groups. We request that the Woodhaven and Richmond Hill Libraries remain fully funded and the projects move forward in a timely manner.

A multi-cultural Community Center would be a welcomed edition to the Community Board 9 community. We hope to work with the Queens Economic Development Corporation and interested non-for-profits to make this a reality.

4. TOP THREE PRESSING ISSUES OVERALL

Queens Community Board 9

The three most pressing issues facing this Community Board are:

Quality of life issues (noise, graffiti, petty crime, etc.)

Qualify of life issues are are extremely important in the district. These issues range from traffic, noise, lack of parking, safe street and cleanliness. Residents are concerned that city agencies meet the growing demand to address these issues. The looming construction of a community jail, proliferation of homeless shelters and over development are putting a strain on existing infrastructure and services.

Schools

Community Board 9 has many successful and high performing schools. However, like many districts over-crowding is an issue and we need the construction of more classrooms. Many schools are having trouble obtaining funding for capital improvements and programmatic funding

Senior services

Our seniors are living longer and need access to life enrichment programs. Many are still able to be productive members of the workforce and lack the training in current computer technologies. We need to expand and make accessible programs for our seniors.

HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

Queens Community Board 9

Most Important Issue Related to Housing, Economic Development and Land Use

Land use and zoning

Community Board 9 wants to strengthen its partnership with NYC City Planning. There must be a mutual respect for the ULURP process and the important role community boards play in the decision making process. Some large scale developments can have a beneficial impact and others can have negative effects on the district. Consequently, it is imperative that the process remain transparent, fair and scrupulous.

<u>Community District Needs Related to Housing, Economic Development and Land Use</u>

Queens Community District 9 is very concerned with NYC "Affordable Housing". It seems that many residents are unable to reach their dream of home ownership as prices of Homes, Condo's etc. are out of reach for many.

Accessibility (crowded or obstructed sidewalks and other public thoroughfares)

Community District Needs Related to Transportation and Mobility

Needs for Traffic and Transportation Infrastructure

The Department of Transportation's Select Bus Service (SBS) has been a controversial issue in CB9Q as residents are upset that DOT has not listened to their constituents and have reconfigured where people get on buses, i.e. middle median on Woodhaven Blvd. Routes would reconfigure lanes and eliminate left turns at major intersections as well as install bus stops in the median of Woodhaven Boulevard, which opponents fear will create unsafe conditions along the corridor and interrupt flow of traffic. Local Elected officials, i.e. State Sen. Joe Addabbo (D-Howard Beach), State Assemblyman Mike Miller (D-Woodhaven), and the Woodhaven Residents' Block Association, the Business Improvement District, the Greater Woodhaven Development Corporation, and a Task Force for a Better Woodhaven gathered on Woodhaven Blvd to express their frustrations and concerns regarding the SBS Plan.

This Park is utilized by many residents who use the ball fields for numerous sports activities (i.e. Cricket, baseball, football, soccer etc.) The current field is in poor condition and is need of immediate renovation. The installation of a Track will enhance the parks usage.	
10/22	DPR	Provide a new or expanded park or playground	The Trust for Public Land is working with Friends of the QueensWay, community members, and the City and State of New York to create the QueensWay. This elevated pedestrian and bicycle pathway would connect the communities of Rego Park, Forest Hills, Richmond Hill, Glendale, Woodhaven, and Ozone Park. Expense Requests Related to Parks, Cultural and Other Community Facilities

Priority	Agency	Request	Explanation	Location
9/14	DPR	Enhance park safety through design interventions, e.g. better lighting (Expense)	Install plank fencing along Freedom Drive in Forest Park . This fence will provide safety for pedestrian and also help control litter accumulation	Freedom Drive
12/14	DPR	Enhance park safety through more security staff (police or parks enforcement)	Fund Park Enforcement Patrol Unit for Forest Park. Forest Park is host to many athletic facilities, recreational programs, and special events. It also has 543 acres of forest, which feature numerous hiking trails and a 4-mile equestrian path. Our park has a high volume of events and activities. Problems such as user conflicts permit violations, crowd control, vandalism, deviant behavior and other enforcement issues are in need of attention. Often, PEP nits are not available to respond to Forest Parks needs due to citywide distribution of their staff, and summer staffing of pools and beaches. This has created a rise in misuse of and vandalism to park facilities, damage to the landscape, criminal activity and mischief.	

13/14	DPR	Forestry services, including street tree maintenance	Fund Pruning Contract for Forest Park This is now a safety issue. Branches have fallen during park concerts and events. It is only a matter of time before someone is seriously injured or killed. The 543-acre park has large mature trees that are 150 years plus. We desperately need a PIP (Parks Inspection Project) funded along with pruning dollars.
14/14	DPR	Provide better park maintenance	Fund Maintenance Workers & Equipment. Maintenance workers are funded for eight months only. During the winter they are laid off. When they return they have a backlog of winter work, i.e. painting, cement work, repairs etc., that can be done during the winter.

4/14	DOHMH	Create or promote programs to destigmatize mental health problems and encourage treatment	In this technologically advance environment and the use of various social media platforms can cause stress and anxiety in our children and young adults. There should access to mental health programs to help individuals cope with stress and depression.

Issues can be dealing with PTSD, substance abuse or difficulties returning to civilian life. It is important that we have programs to help our veteran population.	
6/14	NYPD	Assign additional uniformed officers	We must receive our fair share of Police Officers. Our district will be home to high-rise community jail and also includes Queens Borough Hall, Forest Park, and a number of churches, synagogues and temples that are in need of constant attention.	

7/14	NYPD	Increase resources for domestic violence prevention programs	Domestic violence does not discriminate. Anyone of any race, age, sexual orientation, religion or gender can be a victim — or perpetrator — of domestic violence. It can happen to people who are married, living together or who are dating. It affects people of all socioeconomic backgrounds and education levels. We need programs to help these victims

12/14	DPR	Enhance park safety through more security staff (police or parks enforcement)	Fund Park Enforcement Patrol Unit for Forest Park. Forest Park is host to many athletic facilities, recreational programs, and special events. It also has 543 acres of forest, which feature numerous hiking trails and a 4-mile equestrian path. Our park has a high volume of events and activities. Problems such as user conflicts permit violations, crowd control, vandalism, deviant behavior and other enforcement issues are in need of attention. Often, PEP nits are not available to respond to Forest Parks needs due to citywide distribution of their staff, and summer staffing of pools and beaches. This has created a rise in misuse of and vandalism to park facilities, damage to the landscape, criminal activity and mischief.

When they return they have a backlog of winter work, i.e. painting, cement work, repairs etc., that can be done during the winter.
