Statements of Community District Needs and Community Board Budget Requests

Fiscal Year
2027

**Queens Community
District
8**

*Prepared by the Community Board
December 2025*

NYC OpenData, New Jersey Office of GIS, Esri, TomTom, Garmin, SafeGraph,
METI/NASA, USGS, EPA, NPS, USDA, USFWS

INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

HOW TO USE THIS REPORT

This report represents the Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2027. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from June to November, 2025.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

If you have questions about this report or suggestions for changes please contact:
CDNEEDS_DL@planning.nyc.gov

This report is broadly structured as follows:

1. **Overarching Community District Needs**

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

2. **Policy Area-Specific District Needs**

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

3. **Community Board Budget Requests**

The final section includes the two types of budget requests submitted to the City for the FY24 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

Disclaimer

This report represents the Statements of Community District Needs and Community Board Budget Requests of this Community District for Fiscal Year 2027. This report contains the formatted but otherwise unedited content provided by the community board.

Budget Requests: Listed for informational purposes only. OMB remains the definitive source on budget requests and budget request responses.

Budget Priorities: Priority numbers apply to expense and capital Budget requests from all policy areas. A complete list of expense and capital budget requests by this Board sorted by priority can be found in Section 7 of this document.

Supporting Materials: Some community boards provided substantive supplemental information. This supportive material can be accessed by clicking on the links provided in the document or by copying and pasting the links provided in the Appendix into a browser.

TABLE OF CONTENTS

Introduction

How to Use This Report

1. Community Board Information

2. 2020 Census Data

3. Overview of Community District

4. Top Three Pressing Issues Overall

5. Summary of Community District Needs and Budget Requests

Health Care and Human Services

Youth, Education and Child Welfare

Public Safety and Emergency Services

Core Infrastructure, City Services and Resiliency

Housing, Economic Development and Land Use

Transportation

Parks, Cultural and Other Community Facilities

6. Other Budget Requests

7. Summary of Prioritized Budget Requests

1. COMMUNITY BOARD INFORMATION

Queens Community Board 8

Address: 197-15 Hillside Avenue

Population Division, New York City Department of City Planning

Statement on Data Accuracy

Under Title 13 of the U.S. Code, the Census Bureau is legally bound to protect the privacy of individuals participating in the decennial census. To adhere to the law and to avoid the disclosure of information about individual respondents, the Census Bureau has historically applied a host of techniques, such as top- and bottom-coding, imputation, table- and cell-suppression, and data swapping. The Census Bureau is employing a new technique with the 2020 Census, referred to as the Disclosure Avoidance System (DAS), based on differential privacy. With this approach, the Census Bureau “infuses noise” systematically across census data and sets a quantified disclosure risk, referred to as the Privacy Loss Budget (PLB).

While the new DAS approach may diminish the risk of disclosure concerns, it comes at a cost to data accuracy. Consequently, 2020 Census data users should be aware that all sub-state counts, except for housing units (which are unaffected by the DAS), may be adjusted to protect the privacy of Census participants and may be subject to reduced accuracy. Because DAS noise infusion is randomized, it is impossible for data users to know the degree to which any individual statistic is altered. However, it is possible to say that in general the relative size of errors decreases as counts increase. Consequently, data users should have greater confidence in the accuracy of the data as counts get larger. Further, an evaluation of a Privacy-Protected Microdata File (PPMF), treated with a Disclosure Avoidance System like the one applied to 2020 redistricting data, showed that counts of 300 or more rarely have sizable errors (error beyond +/- 10% of the count). Therefore, while data users need to be cognizant of data accuracy limitations, they should have confidence in conclusions based on sizable counts, which are relatively unaffected by the Census Bureau’s latest disclosure avoidance method.

3. OVERVIEW OF COMMUNITY DISTRICT

Community Board 8, Queens is bounded by the Long Island Expressway to the north, Hillside Avenue to the south, Van Wyck Expressway to the west and the Clearview Expressway to the east. It includes the communities of Briarwood, Flushing Suburban, Flushing Heights, Fresh Meadows, Hillcrest, Hillcrest Estates, Holliswood, Jamaica Estates, Jamaica Hills, Kew Gardens Hills, Utopia and West Cunningham Park. It also includes parts of Hollis and Queens Village (north of Hillside Avenue). These communities are overwhelmingly residential with several commercial strips. There were over 160,000 residents counted during the 2020 Census who reside in Community District 8. There has been a moderate but steady increase in population. Our residents are mostly middle income, multi-ethnic, multi-racial individuals who own their own homes, condos and co-ops or are renters. The residences consist of one and two-family homes, garden apartments, large apartment buildings such as the Fresh Meadows Development, co-ops such as Electchester, Hilltop Village and Parkway Village. Our district also houses the New York City Housing Authority complex - Pomonok. It is important to understand that our population, as counted by the census, does not accurately represent the need for services in our district. Queens College, St. John's University and Lander College for Men are located within our borders. Thousands of students who are not counted by the US Census reside in our community while attending college/university from the months of August through May. Hillside Avenue is also a major transportation hub. Thousands of residents come from eastern Queens and Long Island to board the E and F train to Manhattan. The services that we receive should reflect the needs of these individuals along with those of our permanent residents. Community Board 8 residents are concerned with quality of life issues, upgrading the infrastructure, personal safety and security, education and maintaining their fair share of City services.

TRANSPORTATION - Many of our roads are in poor condition. We continue to request an increase in asphalt allocation for street resurfacing. Some of our roads are sinking and need to be reconstructed. To this end, we are asking for increased funding for trench restoration. We request stand-alone funding for curb installation and replacement. There is a backlog of necessary curb repair and curb installation for over a decade. Currently, DOT replaces curbs only when the adjoining sidewalk is repaired. Homeowners choose to wait for DOT contractors to do the work instead of repairing their own sidewalks within 45 days of receiving the notice of violation. This is the only way to ensure that DOT replaces broken curbing. As a result, sidewalks remain damaged for a longer period of time and the danger to pedestrians is also prolonged. In addition, this will cost the City additional funds in case of lawsuits due to negligence.

BUILDINGS - Much of Community Board 8's housing stock is residential with many one-family and two-family dwellings. Additional Buildings Department inspectors are necessary to enforce existing regulations and address quality of life violations. DOB introduced the Development Challenge Process initiative many years ago. Additional plan examiners are needed to review and respond to these challenges and the many requests that we receive for audits. More plan examiners would eliminate the self-certification by architects and engineers. We receive our share of illegal conversion and illegal occupancy complaints. The lack of affordable, regulated housing is the root cause of the prevalence of illegal apartments. There are very few rent stabilized apartments within Community District 8.

SANITATION - Although Community Board 8 has relatively clean streets, we have issues that need attention. With the steady increase in population, our superintendent must receive the support necessary to address our sanitation issues:

- The paved center malls require year-round cleaning and more frequent seasonal weed-control.
- Retain the five day-a-week pick-ups at public schools and extra pick-ups at the Pomonok Houses.
- Sanitation Police are needed for night patrol to discourage illegal dumping especially on abandoned properties and entrances to and exits to Grand Central Parkway, Clearview Expressway, Long Island Expressway and Van Wyck Expressway.

- Additional agents for Sanitation Code Enforcement are needed to address the quality-of-life complaints that we receive. While the enforcement issues for residential properties are addressed, we noticed that enforcement of our commercial strips is insufficient (i.e. Hillside Avenue and Main Street). While we do not want to stifle business by fining our small business owners, some of them are repeat offenders who show a total disregard for the community. The issuance of a violation is the only way to receive cooperation.
 - Community Board 8 continues to support dedicated baskets for our commercial areas. We must be provided with seven-day service to ensure the cleanliness of our commercial strips. The Adopt-a-Basket program must be better promoted to encourage public and private sector partnerships. This should be promoted through public service announcements on television and radio.
- SENIORS/YOUTH/EDUCATION/LIBRARIES - A civilization is best judged by the way it treats its most vulnerable members (seniors and youth). There has been a marked increase in the youth population in CB8 and such an increase demands additional services. Increased funding for after school programs, summer youth employment, senior transportation and NORCs are needed. Twenty percent of our population is under 18 years of age. Our schools must have the necessary equipment (smart boards, computers, iPads, etc.) for our students to compete. The pandemic showed the inequities that exists with so many students that were unable to fully participate remotely due to the lack of equipment and internet connections. In today's world, our libraries have become multimedia centers that provide access to computers and the internet for adults and children. They serve thousands of New Americans and English learners who do not have access to home computers and/or the internet. It is vital that additional funds be provided to our libraries so that they may be open seven days a week and have up to date software and hardware for our residents.

4. TOP THREE PRESSING ISSUES OVERALL

Queens Community Board 8

The three most pressing issues facing this Community Board are:

Parks and open space

PARKS - One of the most attractive characteristics of Community Board 8 is its suburban nature. Our residents value the many parks and playgrounds that we have within our borders. All of them are heavily used and, as such, they must be well maintained. The quality of our parks and park facilities is one of the most important issues facing our district. Community District 8 is fortunate to be home to many parks and numerous playgrounds. This is in addition to over 50 greenstreets. All of these park facilities require regular maintenance. There is always a need for new irrigation systems, updated playground equipment and safety resurfacing on a rolling basis. Our major parks: Cunningham Park, Captain Tilly Park, and Flushing Meadows Corona Park are used by thousands of our residents, those of neighboring districts and Nassau County. Our parks host major events such as an annual performance of the Philharmonic Orchestra attended by thousands of people. For many, our parks and playgrounds are the destination for families with children who have staycations. Some of our smaller parks/playgrounds such as Hoover/Manton Playground and Vleigh Playground, Playground Seventy-Five are in need of upgraded play equipment and/or safety resurfacing. We must keep our parks well maintained and safe havens for all our residents. To this end, funding for parks personnel and park facilities is a must.

Street conditions (roadway maintenance)

STREET CONDITION - Many of our roads are in need of trench restoration. Each passing car, delivery truck and New York City bus add pressure to the roads and undermine the streets. We asked for funding for trench restoration for several locations which have been on our list for many years. Goethals Avenue needs to be reconstructed. It is half built with vegetation growing on half of the road. This road abuts St. John's University which services close to 20,000 students. Several of our roads are bus routes. They have broken bus pads that require replacement. For instance, a plethora of NYC Transit buses (i.e. Q36, Q43, Q77, Q76, Q1, etc.) and Nassau buses traverse Hillside Avenue. These items have also been on our list for many years.

Street flooding

SANITATION - Community Board 8 has many center medians along its major thoroughfare that are not properly maintained on a consistent basis. They are located along Hillside Avenue, Francis Lewis Boulevard, Union Turnpike, Queens Boulevard, Main Street, 164th Street, etc. Each year, we must request weeding and debris removal from these medians. Months pass before they are addressed. To make matters worse, the contract to spray them with herbicide has been suspended for several years which makes weed removal more difficult. This has been compounded by the reduction of funds and head count for the Lot Cleaning Unit that maintains them. With the return to organics collection, we noticed an increase in missed collection of regular garbage collection. The Leventhal Agreement that assigns responsibility for maintenance must be revisited. Medians that have grass and trees fall under the purview of the Department of Parks and Recreation. The concrete part of the median falls under the jurisdiction of the Department of Transportation. Concrete medians that have trees fall under the jurisdiction of the Department of Sanitation; unfortunately, this agency is not properly equipped to address weeds growing out of tree pits. Unless, they have a special division that has the funds, equipment, and the training to properly maintain these medians, we will continue to have these issues in our communities. Community Board 8 supports one percent of the overall New York City budget to go to the Department of Parks and Recreation. If these funds are added, maybe the responsibility to maintain all center medians may be better handled by that agency which has the equipment and experience to maintain tree pits/vegetation along center medians.

5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

HEALTHCARE AND HUMAN SERVICES

Queens Community Board 8

Most Important Issue Related to Healthcare and Human Services

Other - Write In (Required)

Community Board 8 supports funding for the expansion of access to primary healthcare services for those within CD8. We endorse the new paradigm of healthcare, not just sick care, which must include the traditional care provided by physicians and midlevel health providers plus efforts to encourage healthy living. Some examples would be: nutritional education, programs for smoking cessation, exercise as part of one's routine and many others. Special emphasis must be placed on managing chronic diseases. Care managers should be utilized to ensure that individuals receive transdisciplinary health care with a goal toward controlling chronic disease, prevention of acute incidents, emergency room visits, hospitalization and optimizing independence. In today's world, we must also encourage every adult and eligible child to receive COVID-19 vaccinations and subsequent boosters.

Community District Needs Related to Healthcare and Human Services

Needs for Homeless

Any necessary services to improve the quality of life should be provided.

Needs for Health Care and Facilities

Community Board 8 Queens supports funding for the expansion of access to primary healthcare services for those within CD8. We endorse the new paradigm of healthcare, not just sick care, which must include the traditional care provided by physicians and midlevel health providers plus efforts to encourage healthy living. Some examples would be: nutritional education, programs for smoking cessation, exercise as part of one's routine and many others. Special emphasis must be placed on managing chronic diseases. Care managers should be utilized to ensure that individuals receive transdisciplinary health care with a goal toward controlling chronic disease, prevention of acute incidents, emergency room visits, hospitalization and optimizing independence. In today's world, we must also encourage every adult and eligible child to receive COVID-19 vaccinations and subsequent boosters.

Needs for Older NYs

According to the US Census of 2020 our population continues to increase. We understand that there are many benefits to seniors aging in place: 1) Keeping a familiar environment 2) Fostering community continuity 3) Maintaining their social networks 4) Strengthening of family ties 5) Fostering both their physical and mental wellbeing. We do not have any NORCs for our residents who reside in apartment buildings nor NORCs (WOW) for our 1-2 family residences within our district. We want our seniors to remain in their neighborhoods and the NORCs facilitate the desire of many seniors to age in place. These are done through the multi-faceted services that they provide.

Needs for Homeless

Community Board 8 has one family shelter in Briarwood and it is in dire need of air conditioning. The Briarwood shelter, when built was considered the model shelter for the City of New York. Unfortunately, this model shelter only has air conditioning in the areas where the staff works. There is no air conditioning where the residents sleep. We have asked for almost two decades for air

conditioning to be provided for these families with children. The response received in FY 2016 was that DHS provides a cooling room in every shelter. When not available, the residents are given the location of other cooling rooms. How does that help families with young children who cannot sleep at night due to the heat? The agency later responded three years in a row that further study was necessary. Keep in mind that when we originally requested this in Fiscal Year 2010, the response was that this was being studied. How long does it take to study this before action is taken? This fiscal year, the agency stated that they can address this alternatively. How is that being addressed? In addition, the agency stated that providers can request new needs, these are evaluated on a case-by-case basis. Why should the providers be the ones to decide whether air conditioning is a need for these clients, while their offices are air conditioned? The residents of this shelter have been waiting a long time for this much needed accommodation, and we look forward to a real plan of action in Fiscal Year 2027. Heat kills people.

Needs for Low Income NYs

No comments

HEALTHCARE AND HUMAN SERVICES

Note: Please see Section 7 for the full content of each request. Requests are prioritized by agency.

CAPITAL BUDGET REQUESTS

Agency	Priority	Title
DHS	1 / 1	Upgrade existing facilities for the homeless

EXPENSE BUDGET REQUESTS

Agency	Priority	Title
DFTA	1 / 3	Increase Transportation services capacity
DFTA	2 / 3	Other senior center program requests
DFTA	3 / 3	Enhance NORC programs and health services
DOHMH	1 / 2	Rat Mitigation
DOHMH	2 / 2	Infectious Disease Prevention

Queens Community Board 8

Most Important Issue Related to Youth, Education and Child Welfare

After school programs

In today's world it is often vital that both parents have jobs to make ends meet. The two major problems that arise are access to affordable preschool child care and enough after-school programs to meet the needs of these parents. One in five youth in Community District 8 from kindergarten through 8th grade is obese. It is vital to provide athletic opportunities both in and out of schools to lower this outrageous number. We support the retention and expansion of Gifted and Talented Programs in our schools.

YOUTH, EDUCATION AND CHILD WELFARE

Note: Please see Section 7 for the full content of each request. Requests are prioritized by agency.

CAPITAL BUDGET REQUESTS

Agency	Priority	Title
SCA	1 / 5	Provide a new or expand an existing middle/intermediate school
SCA	2 / 5	Provide technology upgrade
SCA	3 / 5	Provide a new or expand an existing middle/intermediate school
SCA	4 / 5	Renovate or upgrade an elementary school
SCA	5 / 5	Renovate or upgrade a middle or intermediate school

EXPENSE BUDGET REQUESTS

Agency	Priority	Title
DYCD	1 / 2	Provide, expand, or enhance the Summer Youth Employment Program
DYCD	2 / 2	Provide, expand, or enhance Cornerstone and Beacon programs (all ages, including young adults)

PUBLIC SAFETY AND EMERGENCY SERVICES

Queens Community Board 8

Most Important Issue Related to Public Safety and Emergency Services

Other - Write In (Required)

Additional Equipment, Vehicle Maintenance and Additional Police Officers --- Please see explanation under Needs for Public Safety and Needs for Emergency Services.

Community District Needs Related to Public Safety and Emergency Services

Needs for Public Safety

We would greatly benefit from additional police officers, as every summer, many officers are reassigned from our precinct to beach duty. In recent years, a certain number of our officers has been assigned to do tasks normally assigned to corrections officers at Rikers Island and lock-up in Queens Courts. This leaves a shortage of officers to address safety and quality of life issues in our district.

Needs for Emergency Services

About 20% of individuals who reside in Community District 8 are obese; hence, we must have the proper equipment to address their needs, such as two bariatric ambulances with lifts and special wheelchairs for the Borough of Queens. We would also greatly benefit from a mobile emergency response vehicle (MERV), a rapid response vehicle and a mobile command vehicle for the borough. The MERV is to be used to shelter and treat individuals in one place in case of a disaster. The rapid response vehicle is needed to respond ahead with a liaison to coordinate during an emergencies. The ability to enhance or reestablish communication and coordination during emergency incidents is a must. It is best to be prepared by having the right equipment, as we do not know when emergencies or disasters will occur.

PUBLIC SAFETY AND EMERGENCY SERVICES

Note: Please see Section 7 for the full content of each request. Requests are prioritized by agency.

CAPITAL BUDGET REQUESTS

Agency	Priority	Title
FDNY	1 / 6	Rehabilitate or renovate existing fire houses or EMS stations
FDNY	2 / 6	Provide new emergency vehicles, such as fire trucks or ambulances
FDNY	3 / 6	Life-sized Mannequins
FDNY	4 / 6	Provide new emergency vehicles, such as fire trucks or ambulances
FDNY	5 / 6	Provide new emergency vehicles, such as fire trucks or ambulances
FDNY	6 / 6	FDNY Trailers
NYPD	1 / 2	Provide surveillance (Argus) cameras
NYPD	2 / 2	Technology Upgrade

EXPENSE BUDGET REQUESTS

Agency	Priority	Title
NYPD	1 / 1	Hire additional uniformed officers

CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

Queens Community Board 8

Most Important Issue Related to Core Infrastructure, City Services and Resiliency

Water runoff and flooding

Community Board 8Q's Sanitation & DEP Committee, in conjunction with the Area Chairs, have identified water runoff and flooding as the most important Core Infrastructure and City Services needed for CB8Q. In recent years, we have seen a surge of storms that have placed a great burden on our sewer system resulting in flooded streets. We have experienced serious flooding to our resident's and commercial establishment's basements and ponding of water on our streets throughout the Community District.

Some storms have created flooding where residents had to abandon their cars and take refuge on the roofs of their vehicles. Flooding is a threat to both human life and property. Ponding is increasingly a public health concern given the West Nile Virus and the possibility of future transmission of the Zika Virus. Given the trend toward warming climates, other mosquito transmitted viruses currently found further south may be an issue a few decades into the future. We choose water runoff and flooding as our most important issue; however, these are interrelated challenges that contribute to the city's capacity to handle increased rainfall.

Furthermore, we have several locations where water does not dissipate several days after regular rainfall. These locations have been on our list for capital funding for many years with no action taken by the Department of Environmental Protection to alleviate the problem.

Community District Needs Related to Core Infrastructure, City Services and Resiliency

Needs for Sanitation Services

SANITATION - Although Community Board 8 has relatively clean streets, we have issues that need attention. With the steady increase in population, our superintendent must receive the support necessary to address our sanitation issues. The paved center malls require year-round cleaning and more frequent seasonal weed-control. We must at least retain the five day-a-week pick-ups at public schools and extra pick-ups at the Pomonok Houses. Sanitation Police are needed for night patrol to discourage illegal dumping especially on abandoned properties and entrances to and exits to Grand Central Parkway, Clearview Expressway, Long Island Expressway and Van Wyck Expressway. In addition, there should be movable/portable cameras to catch illegal dumping. Additional agents for Sanitation Code Enforcement are needed to address the quality of life complaints that we receive. While we do not want to stifle business by fining our small business owners, some of them are repeat offenders who show a total disregard for the community. The issuance of a violation is the only way to receive cooperation. Community Board 8 continues to support dedicated baskets for our commercial areas. While the enforcement issues for residential properties are addressed, we noticed that enforcement of our commercial strips is insufficient (i.e. Hillside Avenue), especially due to the onslaught of illegal food vendor who litter and leave their cardboards and crates behind at the end of the day.

We must be provided with seven-day service to ensure the cleanliness of our commercial strips. The Adopt-a-Basket program must be better promoted to encourage public and private sector partnerships. This should be promoted through public service announcements on television and radio.

CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

Note: Please see Section 7 for the full content of each request. Requests are prioritized by agency.

CAPITAL BUDGET REQUESTS

Agency	Priority	Title
DEP	1 / 1	Develop a capital project for specific street segments currently lacking sanitary sewers

DSNY	1 / 6	Increase vacant lot cleaning
DSNY	2 / 6	Provide more frequent litter basket collection
DSNY	3 / 6	Weeds Removal Contract
DSNY	4 / 6	Other enforcement requests
DSNY	5 / 6	Other expense budget request for DSNY
DSNY	6 / 6	Other cleaning requests

Queens Community Board 8

Most Important Issue Related to Housing, Economic Development and Land Use

Building code and/or zoning enforcement

The Building/Housing Committee recommended a few years ago that Building Code Enforcement be a top priority since it will protect homeowners, coop/condo owners and renters alike. To further support this request for Building Code Enforcement, in recent years the Borough of Queens has had the second highest number of requests for code enforcement in the City making it vital that additional code enforcement be provided to Queens.

Community District Needs Related to Housing, Economic Development and Land Use

Needs for Housing

There is a need for affordable housing in Community District 8. There is a significant percentage of renters within our district who are rent burdened. According to the NYU Furman's Annual "State of the City's Housing and Neighborhoods," our median monthly rent in 2022 was \$1780. In addition, 26.0% of renter households in our community district were severely rent burdened (spent more than 50% of household income on rent). We are in dire need of affordable units set aside to address the great number of our rent burdened residents.

As of 2022, the homeownership rate in our district was 49.1%, which is higher than the citywide share of 32.7%; however, prices of residential properties have increased 74% since 2009, as per the Furman Annual "State of the City's Housing and Neighborhoods." This may negatively affect the ability of our residents to become property owners in the future.

Needs for Economic Development

Our commercial strips could use a facelift by improving cleanliness and adding streetscape. We support giving small business owners incentives to improve their businesses located within our community district. We welcome the establishment of Business Improvement Districts to help revitalize our commercial strips.

HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

Note: Please see Section 7 for the full content of each request. Requests are prioritized by agency.

CAPITAL BUDGET REQUESTS

Agency	Priority	Title
NYCHA	1 / 1	Fund Community Center Repairs

EXPENSE BUDGET REQUESTS

Agency	Priority	Title
DOB	1 / 1	Assign additional building inspectors (including expanding training programs)

Queens Community Board 8

Most Important Issue Related to Transportation and Mobility

Roadway maintenance

In looking at the traffic and transportation infrastructure in CB8, the Transportation Committee recognized that street maintenance is our highest priority. Our roadways are deteriorating. many have become hazardous to motorists, cyclist and pedestrians. Many of our streets have serious potholes, sinkholes and street depressions caused by motorists. Many of our streets have serious potholes, sinkholes and depressions caused by inadequate repairs after street excavations. Patchwork repairs are the norm where what is needed is a comprehensive plan to improve and maintain our streets and roadways. In addition, damage caused by oversized trucks and heavy vehicles on non-commercial streets have resulted in significant deterioration to the roadbeds and their substructure. The results of this have been the breaking of subterranean pipes which has caused street collapses. In our district resurfacing has raised roadbeds and reduced curbs on streets, center islands and malls. This causes surface water to overflow the sidewalks during heavy storms, curbs and properties in our community. Our City must focus on improving the streets and roads in Queens and stop deferring their maintenance. These improvements are sorely needed and can be visible proof to residents of Queens that our tax dollars are being used to improve our infrastructure and their quality of life.

Community District Needs Related to Transportation and Mobility

Needs for Traffic and Transportation Infrastructure

In addition to the stated needs for street resurfacing, sidewalk construction and street reconstruction, there has not been any funds allocated for separate curb repair in over a decade. When curbs are broken, this condition creates a trip hazard. This makes the City liable for tort claims. Water collects where there are missing curbs and ultimately undermines sidewalks. Pedestrian and traffic safety are items of concern, as well. We request adequate funding for the installation of stop signs, traffic lights, traffic signs and cameras.

Needs for Transit Services

The Metropolitan Transit Authority must revisit some of the changes following the implementation of the Bus Network Redesign. Local buses are now stopping at 188th Street and Union Turnpike blocking the intersection and causing traffic delays. The QM1 Express Bus Stop was eliminated at 75th Avenue and 188th Street. It currently stops at Union Turnpike and Chevy Chase Street then at 73rd Avenue and 188th Street, which is a very long walk. The 188th Street block between Union Turnpike and 73rd Avenue is equivalent to five to six city blocks. In addition, there must be posted bus schedules on all routes, which is a necessity for our seniors who are not technologically savvy and those who cannot use the MTA Bus Time App.

TRANSPORTATION AND MOBILITY

Note: Please see Section 7 for the full content of each request. Requests are prioritized by agency.

CAPITAL BUDGET REQUESTS

DOT	2 / 4	Other expense budget request for DOT

PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

Queens Community Board 8

Most Important Issue Related to Parks, Cultural and Other Community Facilities

Quality of parks and park facilities

One of the most attractive characteristic of Community Board 8 is its suburban nature. Our residents value the many parks and playgrounds that we have within our borders. All of them are heavily used and, as such, they must be well maintained. The quality of our parks and park facilities is one of the most important issues facing our district. Community District 8 is fortunate to be home to many parks and numerous playgrounds. This is in addition to over 50 greenstreets. All of these park facilities require regular maintenance. There is always a need for new irrigation systems, updated playground equipment and safety resurfacing on a rolling basis. Our major parks: Cunningham Park, Captain Tilly Park, and Flushing Meadows Corona Park are used by thousands of our residents, those of neighboring districts and Nassau County. Our parks host major events such as an annual performance of the Philharmonic Orchestra attended by thousands of people. For many, our parks and playgrounds are the destination for families with children who have staycations. Some of our smaller parks/playgrounds such as Hoover/Manton Playground, Vleigh Playground, Playground Seventy-Five are in need of upgraded play equipment and/or safety resurfacing. We must keep our parks well maintained and safe havens for all our residents. To this end, we support one percent of the general New York City budget set aside for the Department of Parks and Recreation to meet these demands.

Community District Needs Related to Parks, Cultural and Other Community Facilities

Needs for Parks

See our most important issue above.

Needs for Library Services

The Briarwood Branch Library must to be able to meet the needs of its residents. All the libraries would benefit from additional computers, books, bandwidth and bilingual materials due to the increase in our New American population. This would assist in their desire and ability to speak and write English.

Needs for Community Boards

We are requesting that the Office of Management and Budget Increase Community Board funding to facilitate merit raises, to keep our technology current and to maintain staffing levels. It is imperative to have well trained and experienced staff for the smooth operation of our Community Board office. In the past, the Community Boards have seen their budgets fluctuate. When this occurs, the staff believes that their jobs are insecure, they look for other opportunities. Once new staff is hired, this means that many working hours are now devoted to training. These hours could be better spent working to address the community's concerns. The COVID-19 pandemic showed that we must have hybrid meetings to reach most community members and make government more accessible. This adds to our technology cost. At present, to hold a hybrid meeting we must hire outside IT professionals in addition to paying for our meeting room rental. This costs our Board about \$600 more per meeting, which was unsustainable.

PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

Note: Please see Section 7 for the full content of each request. Requests are prioritized by agency.

CAPITAL BUDGET REQUESTS

DOT	4 / 4	Painting of DOT Infrastructure

7. SUMMARY OF PRIORITIZED BUDGET REQUESTS

CAPITAL BUDGET REQUESTS

1 of 1	Develop a capital project for specific street segments currently lacking sanitary sewers	DEP
Develop a capital project for specific street segments currently lacking sanitary sewers		

Location: Salerno Avenue - Keno Avenue & Keno Avenue
There is a ponding issue at this location. The street becomes icy during the winter. The ponding is conducive to breeding mosquitoes during the warm weather. Como Avenue (Pinto Street and and Keno Avenue), on Salerno Avenue (Keno and Clio Streets) and Highland Avenue (from Kingston Place to Dalny Road), 185th Street off 69th Ave - dead end.

Agency Response: Agency does not support and cannot accommodate. PLEASE CONTACT THE AGENCY DIRECTLY AND PROMPTLY FOR MORE INFORMATION.

1 of 1	Upgrade existing facilities for the homeless	DHS
Upgrade existing facilities for the homeless		

Location: 134th Street
Air conditioning is needed for the Briarwood Family Shelter. This can be achieved by upgrading the electrical system to facilitate window units. Electrical upgrades should be done automatically and not require a capital funding request from the Community Board. Cooling rooms are not sufficient. The residents should be afforded the same treatment as the staff who work in temperature controlled rooms.

Agency Response: Agency does not support but can address the need alternatively. Providers can request new needs; those requests are evaluated on a case by case basis.

1 of 7	Add Lighting to Pedesdrian Bridge	DOT
Repair or provide new street lights		

Lighting is needed on pedestrian bridge over the Van Wyck Expressway for safety.

Agency Response: Agency supports and can accommodate. Please submit via the agency webform so that the site can be investigated and jurisdiction confirmed.
<https://www.nyc.gov/html/dot/html/contact/contact-form.shtml>

2 of 7	Reconstruct streets	DOT
Reconstruct streets		

Reconstruction/trench restoration is needed to address street depression and sinkholes. 75th Avenue (186th St. to 188th St.) 181st Street (67th Ave. & 69th Ave.) Goethals Ave (168th Street to 170th Street) Asphalt pedestrian pathway of 73rd Terrace (136th to 137th Streets)

Agency Response: Agency supports and can accommodate. The agency will try to accommodate this issue within existing resources.

3 of 7	Repair or construct sidewalks, curbs, or pedestrian ramps	DOT
Repair or construct sidewalks, curbs, or pedestrian ramps		

Stand alone funding (separate from sidewalks) is needed to address the curb repair backlog for all locations within Community Board 8. Installation of new sidewalk and curbs: A) 170th Street (Goethals Ave and Union Turnpike) B) 171st Street (65th Avenue and 67th Avenue) C) Utopia Parkway (73rd Avenue to Horace Harding Expressway including center medians) D) Queens Blvd medians (84th Drive to 87th Avenue) E) Goethals Avenue (northside) from 168th Street to 170th Street F) East side of 185th Street from 67th Ave H) 199th Street from Peck Ave to Union Tpke.

Agency Response: Agency supports and can accommodate. The agency will try to accommodate this issue within existing resources.

4 of 7 Repair or construct sidewalks, curbs, or pedestrian ramps**DOT**

Repair or construct sidewalks, curbs, or pedestrian ramps

Install and/or repair bus pads. CB8 requested replacement of the cracked and broken bus pads since 2005. A) 188th Street & Union Turnpike B) 188th Street from Union Turnpike to 73rd Avenue C) Hillside Avenue (westbound lane) from Francis Lewis Boulevard to 205th Street. Hillside Avenue is the route for about 10 bus lines. The lack of bus pads makes it necessary for numerous requests for repairs of hummocks each year. Install bus pads to prevent the street from deteriorating.

Agency Response: Agency supports but cannot accommodate. The agency will try to accommodate this issue within existing resources.

5 of 7 Reconstruct streets**DOT**

Reconstruct streets

Location: Goethals Ave - 168 Street & 168 Street
Goethals Ave is partially built. As one travels eastbound along Goethals Avenue, the road narrows. It was not built to its fully mapped width and a portion of the street has vegetation instead of asphalt.

Agency Response: Agency supports but cannot accommodate. DOT supports this request however funding has not been identified for a capital reconstruction.

6 of 7 Repair or construct medians, or other street assets**DOT**

Repair or construct medians, or other street assets

Location: Utopia Parkway - 69th Avenue & 69th Avenue
Repair and/or create new concrete medians on Utopia Parkway. The medians are broken and many are at the same level as the roadway.

Agency Response: Agency supports but cannot accommodate. The agency will try to accommodate this issue within existing resources.

7 of 7 Upgrade or create new plazas**DOT**

Upgrade or create new plazas

Fund renovation of the Queens Boulevard Promenade bet. 84th Drive and 87th Avenue. Replace and/or repair perimeter fence. A number of the 100-year old trees have been lost to storms, fences and art ornaments have been damaged due to car accidents; benches have become worn out and unusable. The promenade has fallen behind the level of investment that the commercial district has made.

Agency Response: Agency supports but cannot accommodate. The agency will try to accommodate this issue within existing resources.

1 of 14 Tennis Court Renovation**DPR**

Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)

The existing Tennis Courts flood, have cracks, need new nets and new tennis court resurfacing. The existing courts do not meet tennis courts safety standards as per the NYC parks.

Agency Response: Agency supports but cannot accommodate. Parks understands this request but does not have capital funding allocated to this project. The board can reach out to its elected officials for a capital funding request.

2 of 14 Renovate P.S. 154 Playground**DPR**

Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)

Location: 75th Avenue - 160th Street & 162nd Street
Play equipment is damaged and appears unsafe for playing. Surfaces are rusty and have missing parts with screws visible that pose a hazard to small children.

Agency Response: Agency supports but cannot accommodate. Parks understands the request but there is no capital funding allocated for this project. The board can reach out to elected officials for a capital needs request.

3 of 14 Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)**DPR**

Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)

Redesign, address drainage and electrical issues at Briarwood Playground (JHS 217). Eliminate one basketball court and create a tennis court.

Agency Response: Agency supports but cannot accommodate. Parks understands and appreciates the support for this project but there is no capital funding for this project. The board can reach out to its elected officials for a capital needs request.

4 of 14 Other capital budget request for DPR**DPR**

Other capital budget request for DPR

Provide mobile/temporary bathrooms near ball fields in southern section of Flushing Meadows Corona Park. Needed for the youth and adults who use the Park, especially during large events.

Agency Response: Agency supports but cannot accommodate. Because the request is for temporary restrooms, this request is not capital eligible- this would likely need to be an expense request. There is no funding allocated for to implement this request.

5 of 14 Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)**DPR**

Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)

Renovate Vleigh Playground. The asphalt needs to be replaced. Additional lighting is needed. This park has not been upgraded for many years.

Agency Response: Agency supports but cannot accommodate. There is no capital funding allocated for this project. Parks appreciates the support. The Board can reach out to its elected officials for a capital needs request.

6 of 14 Other requests for park, building, or access improvements**DPR**

Other requests for park, building, or access improvements

Funds needed for the acquisition of the Klein Farm for use as an agricultural and/or horticultural center.

Agency Response: Agency supports but cannot accommodate. There is no capital funding allocated for this project. The board could reach out to its elected officials for a capital needs request.

7 of 14 Pickle Ball Courts**DPR**

Other capital budget request for DPR

Utopia Playground - Replace soccer field with pickle ball courts. There is a growing need for pickle ball courts in the community.

Agency Response: Agency does not support and cannot accommodate. If the board would like to replace one amenity with another, please call the Queens Parks Borough for further discussion.

8 of 14 New equipment for maintenance**DPR**

New equipment for maintenance

Funds are needed to purchase a packer (small garbage trucks), pick-up truck, and gator. to assist in maintaining our parks.

Agency Response: Agency supports but cannot accommodate. There is no capital funding allocated for the equipment. The board can reach out to its elected officials for a capital needs request.

9 of 14 Reconstruct or upgrade a building in a park**DPR**

Reconstruct or upgrade a building in a park

Renovate the park's building to include tempered glass windows. Add security system. The building is not secured. It was broken into in 2022 and the agency lost valuable equipment for maintenance.

Agency Response: Agency supports but cannot accommodate. There is no capital funding for this project.

10 of 14 Hoover-Manton Upgrade**DPR**

Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)

Install modern day play equipment, adult exercise equipment, lighting and add more benches.

Agency Response: Agency supports and can accommodate. There is a capital project for this park.

11 of 14 New trees and tree pits**DPR**

Other capital budget request for DPR

Location: Manton Street - Main Street & 140th Street
Trees are needed for an area that is barren.

*Agency Response: Agency supports and can accommodate. As part of our new Neighborhood Tree Planting approach, we will be planting trees in every viable location across the city on a predictable 9-year cycle, prioritizing the most heat-vulnerable neighborhoods first. Find out when we will be planting each neighborhood on the Parks website:
<https://www.nycgovparks.org/trees/street-tree-planting>.*

12 of 14 Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)**DPR**

Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)

Cunningham Park. - Add benches.

Agency Response: Agency supports but cannot accommodate. Depending on the scope of this request, this might not be capital eligible. The board can reach out to the Queens Parks Borough office to confirm the locations for benches.

13 of 14 Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)**DPR**

Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)

Renovate Cunningham Park's Ballfields #11, 12, 13, 14, 15, 16 & 17 to address drainage issues and add new benches.

Agency Response: Agency supports but cannot accommodate. There is no capital funding allocated for this project.

14 of 14 Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)**DPR**

Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)

Rehabilitate Flushing Meadow Corona Park and rebuild bridge over Flushing Creek at the south end of Willow Lake.

Agency Response: Agency supports but cannot accommodate. There's no funding allocated for this project.

1 of 2 Provide new or increase number of sanitation trucks and other equipment**DSNY**

Provide new or increase number of sanitation trucks and other equipment

Purchase additional garbage trucks to ensure enough capacity for organics recycling.

Agency Response: This request has already been completed. DSNY currently has sufficient trucks for curbside organics collection for every residence for once weekly collection.

2 of 2 Other capital budget request for DSNY**DSNY**

Other capital budget request for DSNY

Equip DSNY Enforcement with portable cameras to can catch vehicles that illegally dumping.

Agency Response: Agency supports but cannot accommodate. Vehicle mounted cameras for ticketing requires State legislation. DSNY is not currently able to accommodate this request. Stationary illegal dumping cameras are placed as funding is provided.

1 of 6 Rehabilitate or renovate existing fire houses or EMS stations**FDNY**

Rehabilitate or renovate existing fire houses or EMS stations

Provide the funds to complete all work orders from the fire houses within Community District 8 and add cameras. Install security cameras/system at every fire house in Community District 8 to prevent vandalism and theft. Engine 298 - Ladder 127 - 153-11 Hillside Avenue Engine 299 - Ladder 152 - 61-20 Utopia Parkway Engine 315 - Ladder 125 - 159-06 Union Turnpike. It has come to our attention that our fire houses have been vandalized and electronics were stolen.

Agency Response: Agency supports but cannot accommodate. FDNY will seek to accommodate within existing resources, although this will depend on availability of funding and overall agency prioritization. The Community Board should continue work with their relevant elected officials to allocate Council/BP capital funding at Budget Adoption.

2 of 6 Provide new emergency vehicles, such as fire trucks or ambulances**FDNY**

Provide new emergency vehicles, such as fire trucks or ambulances

Purchase MERV (Mobile Emergency Response Vehicle) This vehicle is used during disasters to treat individuals in one place.

Agency Response: Agency supports but cannot accommodate. FDNY will seek to accommodate within existing resources, although this will depend on availability of funding and overall agency prioritization. The Community Board should continue work with their relevant elected officials to allocate Council/BP capital funding at Budget Adoption.

3 of 6 Life-sized Mannequins**FDNY**

Other FDNY facilities and equipment requests

New life-sized mannequins [for the whole department] are needed for efficient training of firefighters. The mannequins are over several decades old and are outdated.

Agency Response: Agency supports but cannot accommodate. FDNY will seek to accommodate within existing resources, although this will depend on availability of funding and overall agency prioritization. The Community Board should continue work with their relevant elected officials to allocate Council/BP capital funding at Budget Adoption.

4 of 6 Provide new emergency vehicles, such as fire trucks or ambulances**FDNY**

Provide new emergency vehicles, such as fire trucks or ambulances

Two bariatrics ambulances - vehicle is designed with lifts and special wheelchairs to be used for individuals over 500 lbs.

Agency Response: Agency supports but cannot accommodate. FDNY will seek to accommodate within existing resources, although this will depend on availability of funding and overall agency prioritization. The Community Board should continue work with their relevant elected officials to allocate Council/BP capital funding at Budget Adoption.

5 of 6 Provide new emergency vehicles, such as fire trucks or ambulances**FDNY**

Provide new emergency vehicles, such as fire trucks or ambulances

A mobile command vehicle and a rapid response vehicle (Sierra Pick-up Truck) is needed to respond ahead with a liaison. This is used for coordination purposes for the Borough of Queens

Agency Response: Agency supports but cannot accommodate. FDNY will seek to accommodate within existing resources, although this will depend on availability of funding and overall agency prioritization. The Community Board should continue work with their relevant elected officials to allocate Council/BP capital funding at Budget Adoption.

6 of 6 FDNY Trailers**FDNY**

Other FDNY facilities and equipment requests

Two (2) FDNY Trailers are needed which are dedicated to the Borough of Queens.

Agency Response: Agency supports but cannot accommodate. FDNY will seek to accommodate within existing resources, although this will depend on availability of funding and overall agency prioritization. The Community Board should continue work with their relevant elected officials to allocate Council/BP capital funding at Budget Adoption.

1 of 1 Fund Community Center Repairs**NYCHA**

Other capital budget request for NYCHA

Funding to repair community center that are located in NYCHA Housing. These centers have programming funded by DYCD.

Agency Response: Agency supports and can accommodate. NYCHA will work with management to address any issues within the community center

1 of 1 Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.**NYCTA**

Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.

Construct a Briarwood subway station elevator extension from the mezzanine to platform for full access for people with disabilities.

Agency Response: Agency does not support and cannot accommodate. PLEASE CONTACT THE AGENCY DIRECTLY AND PROMPTLY FOR MORE INFORMATION.

1 of 2 Provide surveillance (Argus) cameras**NYPD**

Provide surveillance (Argus) cameras

Argus cameras are needed to assist in solving crime. There has been about 50% increase in crime within our district according to the Compstat report. Suggested locations: Pomonok Area, 188th Street and Horace Harding Expressway, Main Street Wall (Manton Street and 84th Avenue)

Agency Response: Agency supports but cannot accommodate. Argus cameras are funded via allocations from elected officials for use within their districts. Specific location recommendations should be provided to the local precinct commander for submission to the Information Technology Bureau once funding is allocated. The NYPD will attempt to accommodate specific location requests whenever funding is provided, but reserves the right to place cameras as appropriate due to current crime trends and operational needs.

2 of 2 Technology Upgrade**NYPD**

Other NYPD facilities and equipment requests

Funding for a robust IT infrastructure for the NYPD.

Agency Response: Agency supports and can accommodate. This project was funded in a prior fiscal year and the scope is now underway.

1 of 1 Provide more or better equipment to a library**QL**

Provide more or better equipment to a library

Funds are needed for smart boards for the conference rooms of the Queens Public Library at Hillcrest.

Agency Response: Agency supports but cannot accommodate. The agency agrees with this request, but funding cannot be determined at this time.

1 of 5 Provide a new or expand an existing middle/intermediate school**SCA**

Provide a new or expand an existing middle/intermediate school

Construct a design lab/classroom for woodworking and engineering classes at JHS 217, as per the design at Thomas Edison H.S. Construct a lab for Artificial Intelligence projects. Add AC units in the auditorium and gymnasium

Agency Response: This request has already been completed. PART OF THE REQUEST HAS BEEN FORWARDED TO THE LEGISLATOR FOR FUNDING COMMITMENT ON A PRODUCTION LAB PREFERABLY IN ROOM 201. THE AC UNITS MUST BE REQUESTED THROUGH SCHOOL MAINTENANCE FOR THE GYM AND AUDITORIUM OR DSF.

2 of 5 Provide technology upgrade**SCA**

Provide technology upgrade

Upgrade electrical wiring to 220 to support electrical needs of smart boards and air conditioners for P.S. 173. Electrical upgrades should be done automatically by the agency and they should not wait for capital funding requests by the Community Board.

Agency Response: Agency supports but cannot accommodate. RESO A ELECTRICAL UPGRADE IN SCOPE FOR PART.

3 of 5 Provide a new or expand an existing middle/intermediate school**SCA**

Provide a new or expand an existing middle/intermediate school

Replace temporary mini building located in the school yard with a permanent building for M.S. 217.

Agency Response: Agency supports but cannot accommodate. The agency does not/cannot give priority to funding this request.

4 of 5 Renovate or upgrade an elementary school**SCA**

Renovate or upgrade an elementary school

Replace tables in cafeteria; replace auditorium seats; install auditorium wall padding and renovate outdoor wooded area at P.S.26Q.

Agency Response: This request has already been completed. Auditorium seating completed. School has new cafeteria tables with extension. No wall padding in Auditorium.

5 of 5 Renovate or upgrade a middle or intermediate school**SCA**

Renovate or upgrade a middle or intermediate school

Upgrade school technology to use parent coordinator's office as a web-based resource at P.S. 178Q.

Agency Response: Agency does not support and cannot accommodate. CONTACT DOE.

CS Reconstruct or upgrade a building in a park**DPR**

Reconstruct or upgrade a building in a park

Replace play equipment at Freedom Square Playground including swings. Equipment is old and needs to be replaced.

Agency Response: Agency supports but cannot accommodate. Parks does not have capital funding allocated for this project. The Board can reach out to its elected officials for a capital funding request.

CS Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)**DPR**

Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)

Additional seating in the Utopia Playground for Children, parents and spectators, especially in the basketball court area.

Agency Response: Agency supports but cannot accommodate. This project might not meet capital threshold. The board can reach out to the Queens Parks Borough office to discuss the type of seating being requested. This project might require expense funding.

CS Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)**DPR**

Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)

Renovate the Hoover/Manton Playground. The project should include renovation of the playground and handball courts.

Agency Response: Agency supports and can accommodate. There is a capital project to renovate the playground. The handball courts are not part of the scope.

CS	Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field) Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)	DPR
Location: 165th Street - Highland Avenue & Highland Avenue Reconstruct pond. Add a new aerator system at Captain Tilly Park for the goose pond. [Part of FY 2023 tracking code 408202009C] Build new cement borders and/or add pavers,		<i>Agency Response: Agency supports and can accommodate. There is a capital project for the Pond.</i>

CS	Create a new, or renovate or upgrade an existing public library Create a new, or renovate or upgrade an existing public library	QL
The Briarwood Library needs to be expanded and renovated to meet with the increase in demand.		<i>Agency Response: Agency supports and can accommodate. This project is managed by the NYC Department of Design & Construction. The library will be renovated.</i>

CS	Create a new, or renovate or upgrade an existing public library Create a new, or renovate or upgrade an existing public library	QL
We continue to support funding for the rehabilitation of the Hollis Branch Library. Funds are also needed for upgrading equipment, increasing bandwidth to accommodate additional computers and for additional books.		<i>Agency Response: This request has already been completed. Construction of the Hollis Library is now underway. This project is managed by the NYC Department of Design & Construction.</i>

CS	Provide more or better equipment to a library Provide more or better equipment to a library	QL
Funds are needed for computers and smart boards for the conference rooms. Pomonok Branch - 158-21 Jewel Avenue [State Senator Toby Stavisky will fund this technology upgrade].		<i>Agency Response: This request has already been completed. Computers have been funded. We are unable to install smartboards at Pomonok Library. Further investigation into alternative technologies is needed.</i>

EXPENSE BUDGET REQUESTS

1 of 1	Clean catch basins Clean catch basins	DEP
Increase personnel for the maintenance of catch basins, sewers and water mains in CD8.		<i>Agency Response: Agency does not support and cannot accommodate. PLEASE CONTACT THE AGENCY DIRECTLY AND PROMPTLY FOR MORE INFORMATION.</i>

1 of 3	Increase Transportation services capacity Other senior center program requests	DFTA
Increase funding for car service for older adults.		<i>Agency Response: Agency supports but cannot accommodate. NYC Aging will need additional funding for this.</i>

2 of 3 Other senior center program requests**DFTA**

Other senior center program requests

Enhance funding for senior services. Funds are needed to meet the demands for services. (408202018E)

Agency Response: Agency supports but cannot accommodate. NYC Aging will need additional funding for this.

3 of 3 Enhance NORC programs and health services**DFTA**

Enhance NORC programs and health services

Provide funding to create NORCs in Community Board 8.

Agency Response: Agency supports but cannot accommodate. NYC Aging will need additional funding for this.

1 of 1 Assign additional building inspectors (including expanding training programs)**DOB**

Assign additional building inspectors (including expanding training programs)

Hire additional inspectors to address OSHA issues and a Buildings Marshall for Airbnb.

Agency Response: Agency does not support and cannot accommodate. Airbnb is under the jurisdiction of the Mayor's Office of Special Enforcement.

1 of 2 Rat Mitigation**DOHMH**

Animal and pest control requests including reducing rat and mosquito populations

Execute an extermination program to eliminate the nest of rodents from 83rd Avenue between Manton Street and Queens Blvd. in Briarwood.

Agency Response: This request has already been completed. Integrated pest management is considered to be more ideal approach which entails more education to property owners and their responsibilities in mitigating rodent activity and presence, trash containment

2 of 2 Infectious Disease Prevention**DOHMH**

Provide more information and services related to STIs, HIV/AIDS, and family planning

Additional funds for the prevention of all infectious diseases.

Agency Response: This request has already been completed. DOHMH appreciates the continued support on disease surveillance and overall public health

1 of 4 Other traffic improvement requests**DOT**

Other traffic improvement requests

Increase arterial highway forces for cleaning areas adjacent to highways and assign additional personnel for maintenance. Community District 8 is bordered by several arterial highways (LIE, GCP, Van Wyck and Clearview Expressway). These areas are often full of litter. They are only cleaned by DOT every three or four weeks. Cleaning is needed at least on a weekly basis.

Agency Response: Agency supports and can accommodate. The agency will try to accommodate this issue within existing resources.

2 of 4 Other expense budget request for DOT**DOT**

Other expense budget request for DOT

DOT - Increase yearly asphalt allocation of highway resurfacing for Community District 8. (408202009E)

Agency Response: Agency supports but cannot accommodate. The agency will try to accommodate this issue within existing resources.

3 of 4 Painting of DOT Infrastructure**DOT**

Other expense request for DOT

Location: Main Street - Manton Street & 84th Road
DOT Property is not being maintained. Main Street Wall requires painting.

Agency Response: Agency supports but cannot accommodate. The wall in question is not a DOT owned structure. Please raised with DOB over jurisdiction of this private retaining wall.

4 of 4 Painting of DOT Infrastructure**DOT**

Other expense request for DOT

DOT Infrastructure is not being maintained. The perimeter fence of the Queens Boulevard Promenade needs to be painted.

Agency Response: Agency supports and can accommodate. DOT will continue to maintain with existing resources.

1 of 6 Other park maintenance and safety requests**DPR**

Other park maintenance and safety requests

Fund /purchase of potable water trucks to water Million Trees NYC newly planted trees and Green Street gardens planted throughout CD8. Fund a Green Streets beautification program for (69th Avenue, 67th Avenue and 64th Avenue) center island malls in Fresh Meadows. In addition. The Department must consult on annual basis with the community about their plans.

Agency Response: Agency supports but cannot accommodate. Funding cannot be determined at this time

2 of 6 Forestry services, including street tree maintenance**DPR**

Forestry services, including street tree maintenance

Assign additional personnel to Parks and Forestry for street tree maintenance. Much funding has gone to planting new trees. With new trees the need for maintenance increases. It takes too long to have tree stumps removed. They pose a trip hazard to residents and liability for the City. No funding was allocated for FY 2021 and that is unacceptable.

Agency Response: Agency supports but cannot accommodate. Forestry contract funding has been restored to pre-COVID levels. We agree that additional resources would increase capacity and help reduce our existing backlog of tree work, but that funding cannot be determined at this time. NYC Parks has made strides to increase its in-house tree work capacity through the Climber & Pruner Training Program, an in-house training program that connects current entry-level Parks employees with the training to become Climber & Pruners. With this program, Parks expects to add 15-20 new Climber & Pruners to the workforce every 15 months to help mitigate recruitment and hiring challenges.

3 of 6 Other park programming requests**DPR**

Other park programming requests

Increase funding for DPR's enforcement personnel. Community Board 8 has many parks, playgrounds and sitting areas. Maintaining the safety of these areas of refuge for our residents is paramount. Personnel is needed to enforce infractions in the parks (i.e. dog walkers in restricted areas, smokers, etc...)

Agency Response: Agency supports but cannot accommodate. Funding cannot be determined at this time

4 of 6 Other park maintenance and safety requests**DPR**

Other park maintenance and safety requests

Horticultural Maintenance Program - Funding for this program will provide staffing to maintain park landscapes, gardens, lawns and other horticultural amenities.

Agency Response: Agency supports but cannot accommodate. Funding cannot be determined at this time

5 of 6 Other park programming requests**DPR**

Other park programming requests

Funding for maintenance of Brinkerhoff Memorial Cemetery. This site was acquired by DPR. We need funding to maintain and restore the 77 tombstones.

Agency Response: Agency supports but cannot accommodate. There is currently no funding allocated for this project. The board can reach out to its elected officials for a funding request.

6 of 6 Other park maintenance and safety requests**DPR**

Other park maintenance and safety requests

Provide an irrigation source for landscaped areas in Freedom Park.

Agency Response: Agency supports but cannot accommodate. Funding cannot be determined at this time

1 of 6 Increase vacant lot cleaning**DSNY**

Increase vacant lot cleaning

Increase funding for staffing of the Vacant Lot Unit. Due to lack of funding for adequate staffing, concrete center medians were not adequately maintained.

Agency Response: Agency supports but cannot accommodate. The agency supports this request, but funding is not available at this time.

2 of 6 Provide more frequent litter basket collection**DSNY**

Provide more frequent litter basket collection

Dedicated basket trucks are needed to empty street bins more frequently. Additional funds should be allocated to ensure that all commercial areas receive the same frequency of service.

Agency Response: Agency supports but cannot accommodate. The agency supports this request, but funding is not available at this time.

3 of 6 Weeds Removal Contract**DSNY**

Other cleaning requests

Funding for contract to spray weeds with non-toxic herbicide to assist with the maintenance of concrete center medians by the lot cleaning unit. These medians have been poorly maintained since the end of the prior spraying contract.

Agency Response: Agency supports but cannot accommodate. The agency supports this request, but funding is not available at this time.

4 of 6 Other enforcement requests**DSNY**

Other enforcement requests

Increase personnel for Sanitation Police to increase sanitation inspection in all categories and throughout the district.

Agency Response: Agency supports but cannot accommodate. The agency supports this request, but funding is not available at this time.

5 of 6 Other expense budget request for DSNY**DSNY**

Other expense budget request for DSNY

Funds to maintain the new plaza over the Van Wyck Expressway on Queens Boulevard and add waste baskets.

Agency Response: Agency supports but cannot accommodate. The agency supports this request, but funding is not available at this time.

6 of 6 Other cleaning requests**DSNY**

Other cleaning requests

Location: Main Street - Manton Street & Manton Street
Funds to maintain the area along the Manton/Main street wall

Agency Response: Agency supports but cannot accommodate. The agency supports this request, but funding is not available at this time.

1 of 2 Provide, expand, or enhance the Summer Youth Employment Program**DYCD**

Provide, expand, or enhance the Summer Youth Employment Program

Maintain funding for summer youth employment programs.

Agency Response: This request has already been completed. Each summer, NYC supports 100,000 youth jobs through the Summer Youth Employment Program.

2 of 2 Provide, expand, or enhance Cornerstone and Beacon programs (all ages, including young adults)**DYCD**

Provide, expand, or enhance Cornerstone and Beacon programs (all ages, including young adults)

Increase funding for Beacon Programs and any other after school programs in CD8. Funds need to increase to meet the growing need in the community.

Agency Response: This request has already been completed. DYCD has begun a three-year, 20,000 seat expansion of the COMPASS afterschool program.

1 of 1 Hire additional uniformed officers**NYPD**

Hire additional uniformed officers

Additional officers are needed to address safety and quality of life issues. Funds for overtime is also needed. Funds are needed to increase police presence and visibility to deter crime.

Agency Response: Agency supports but cannot accommodate. NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.
