

BRONX COMMUNITY BOARD 9

**FY2027
District Needs
Statement**

INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and Community Board Budget Requests (Budget Requests) are Charter mandates that form an integral part of the City's budget process. Together, they are intended to support communities in their ongoing consultations with city agencies, elected officials and other key stakeholders and influence more informed decision making on a broad range of local planning and budget priorities. This report also provides a valuable public resource for neighborhood planning and research purposes, and may be used by a variety of audiences seeking information about New York City's diverse communities.

HOW TO USE THIS REPORT

This report represents the Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2027. This report contains the formatted but otherwise unedited content provided by the community board, collected through an online form available to community boards from June to November, 2025.

Community boards may provide substantive supplemental information together with their Statements and Budget Requests. This supporting material can be accessed by clicking on the links provided in the document or by copying and pasting them into a web browser, such as Chrome, Safari or Firefox.

If you have questions about this report or suggestions for changes please contact:
CDNEEDS_DL@planning.nyc.gov

This report is broadly structured as follows:

1. **Overarching Community District Needs**

Sections 1 – 4 provide an overview of the community district and the top three pressing issues affecting this district overall as identified by the community board. Any narrative provided by the board supporting their selection of their top three pressing issues is included.

2. **Policy Area-Specific District Needs**

Section 5 is organized by seven distinct policy areas aligned with the service and program areas of city agencies. For each policy area, community boards selected the most important issue for their districts and could provide a supporting narrative. The policy area section also includes any agency-specific needs and a list of relevant budget requests submitted by the community board. If the community board submitted additional information outside of a specific policy area, it may be found in Section 6.

3. **Community Board Budget Requests**

The final section includes the two types of budget requests submitted to the City for the FY24 budget cycle; one list for capital and another for expense budget requests. For each budget request, community boards were able to provide a priority number, explanation, location, and supporters. OMB remains the definitive source on budget requests submitted to city agencies.

Disclaimer

This report represents the Statements of Community District Needs and Community Board Budget Requests of this Community District for Fiscal Year 2027. This report contains the formatted but otherwise unedited content provided by the community board.

Budget Requests: Listed for informational purposes only. OMB remains the definitive source on budget requests and budget request responses.

Budget Priorities: Priority numbers apply to expense and capital Budget requests from all policy areas. A complete list of expense and capital budget requests by this Board sorted by priority can be found in Section 7 of this document.

Statement on Data Accuracy

Under Title 13 of the U.S. Code, the Census Bureau is legally bound to protect the privacy of individuals participating in the decennial census. To adhere to the law and to avoid the disclosure of information about individual respondents, the Census Bureau has historically applied a host of techniques, such as top- and bottom-coding, imputation, table- and cell-suppression, and data swapping. The Census Bureau is employing a new technique with the 2020 Census, referred to as the Disclosure Avoidance System (DAS), based on differential privacy. With this approach, the Census Bureau “infuses noise” systematically across census data and sets a quantified disclosure risk, referred to as the Privacy Loss Budget (PLB).

While the new DAS approach may diminish the risk of disclosure concerns, it comes at a cost to data accuracy. Consequently, 2020 Census data users should be aware that all sub-state counts, except for housing units (which are unaffected by the DAS), may be adjusted to protect the privacy of Census participants and may be subject to reduced accuracy. Because DAS noise infusion is randomized, it is impossible for data users to know the degree to which any individual statistic is altered. However, it is possible to say that in general the relative size of errors decreases as counts increase. Consequently, data users should have greater confidence in the accuracy of the data as counts get larger. Further, an evaluation of a Privacy-Protected Microdata File (PPMF), treated with a Disclosure Avoidance System like the one applied to 2020 redistricting data, showed that counts of 300 or more rarely have sizable errors (error beyond +/- 10% of the count). Therefore, while data users need to be cognizant of data accuracy limitations, they should have confidence in conclusions based on sizable counts, which are relatively unaffected by the Census Bureau’s latest disclosure avoidance method.

3. OVERVIEW OF COMMUNITY DISTRICT

Bronx Community Board 9 encompasses neighborhoods south of East Tremont Avenue, from the Bronx River on the west, to Westchester Creek on the east, and a shoreline along the East River to the southern-most edge of the peninsula, serving Bronx River, Castle Hill, Clason Point, Parkchester, Park Stratton, Soundview, Bruckner, Unionport, & Zerega. In total the district covers 4.1 square miles in which nearly 200,000 people reside. Inland, the community consists of a range of residential building types and commercial uses. Single-family detached and 1-2 family row houses are common throughout the district (1 in 5 of all lots). Clustered within a southwest pocket are 9 large NYC Public Housing Authority complexes. The neighborhood to the north of the Bruckner Expressway consists of a mixture of housing types ranging from single family detached homes to a 129 acre Parkchester community built in 1941. Near the waterfront one will find mostly framed and masonry homes built prior to 1960. It, too, has evolved to include a mixture of low rise, single-family units and patches of publicly financed towers. The district's major streets running north and south are: White Plains Road, Bronx River, Rosedale, Soundview, Castle Hill and Zerega avenues. Major avenues cutting east and west include: Randall, Lafayette, Story and East Tremont avenues. The district's highways consist of: the Bronx River Parkway, the Bruckner Expressway, and the Cross Bronx Expressway. To any persons reading this document, if you have recommendations, ideas, or suggestions related to the community district priorities and would like to share them with us please contact our office at 718-823-3034 or email us at bx09@cb.nyc.gov.

4. TOP THREE PRESSING ISSUES OVERALL

Bronx Community Board 9

The three most pressing issues facing this Community Board are:

Affordable Housing

Pressing Issues selected are based on survey responses collected from CB9 Board Members and Residents. Additional affordable housing opportunities are needed in our district and throughout the borough as many residents currently experience long wait times to be considered/selected in the HPD lottery process. In addition, many residents feel that the rental rates associated with "affordable housing" are not truly affordable for low income families.

Quality of life issues (noise, graffiti, petty crime, etc.)

Pressing Issues selected are based on survey responses collected from CB9 Board Members and Residents. The district has experienced a surge in automobile related thefts, an influx of graffiti littering the streets, unruly electric scooter use, and disorderly conduct in parks among other quality of life concerns that urgently require support to address.

Crime and Public Safety

Pressing Issues selected are based on survey responses collected from CB9 Board Members and Residents. There has been a surge in crime and gun violence in our community and additional funding is needed to support the NYPD in addressing this and other quality of life concerns.

5. SUMMARY OF COMMUNITY DISTRICT NEEDS AND BUDGET REQUESTS

HEALTHCARE AND HUMAN SERVICES

Bronx Community Board 9

Most Important Issue Related to Healthcare and Human Services

Services for low-income and vulnerable New Yorkers

Pressing Issue selected is based on survey responses collected from CB9 Board Members and Residents.

With the impact of the "Big Beautiful Bill," more low-income New Yorkers are losing access to Medicare and Medicaid as well as other health-related service. This increases the difficulty of New Yorkers receiving services that ultimately help care for their health and well-being. Furthermore, access to mental health and hygiene resources prove to be scarce especially for vulnerable populations like Seniors, people with disabilities, and those who are experiencing homelessness. Without proper access and information for these services, our community struggles to adequately care for their physical and mental health despite income, age, or ability. More funding is needed to ensure that New Yorkers can access healthcare and mental health services across our district.

Community District Needs Related to Healthcare and Human Services

Needs for Health Care and Facilities

Additional resources and support around health care and facilities are crucial to the fabric of Bronx Community Board 9. We look forward to continuing to collect data regarding the specific needs of our community around this topic and sharing them on this document. To any persons reading this document, if you have recommendations, ideas, or suggestions related to the community district priorities and would like to share them with us please contact our office at 718-823-3034 or email us at bx09@cb.nyc.gov.

Needs for Older NYs

Additional resources and support around the needs for older adults are crucial to the fabric of Bronx Community Board 9. We created Seniors Connected with the objective of connecting more meaningfully with our older adults in the district. We look forward to continuing to collect data regarding the specific needs of our community around this topic and sharing them on this document.

To any persons reading this document, if you have recommendations, ideas, or suggestions related to the community district priorities and would like to share them with us please contact our office at 718-823-3034 or email us at bx09@cb.nyc.gov.

Needs for Homeless

Additional resources and support around meeting needs for the homeless are crucial to the fabric of Bronx Community Board 9. We look forward to continuing to collect data regarding the specific needs of our community around this topic and sharing them on this document.

PUBLIC SAFETY AND EMERGENCY SERVICES

Bronx Community Board 9

Most Important Issue Related to Public Safety and Emergency Services

General crime

Pressing Issue selected is based on survey responses collected from CB9 Board Members and Residents.

Due to the continuous surge in crimes such as car theft, robberies, and other related activity in our district and throughout the borough it is essential to further develop victim services and prevention programs.

CORE INFRASTRUCTURE, CITY SERVICES AND RESILIENCY

Bronx Community Board 9

Most Important Issue Related to Core Infrastructure, City Services and Resiliency

Cleanliness/trash collection

Pressing Issue selected is based on survey responses collected from CB9 Board Members and Residents.

Throughout the District, neighborhoods are affected by lack of cleanliness and inadequate trash collection. Illegal dumping has been a persistent issue in our district increasing trash pollution and rodent infestations. In high traffic areas, this proves to be a particularly pressing issue for business owners and residents. To increase cleanliness, more funding would be needed for illegal dumping prevention and enforcement, increased trash collection, and adequate and accessible trash supplies, like dumpsters and recycling/composting bins.

Community District Needs Related to Core Infrastructure, City Services and Resiliency

Needs for Water, Sewers, and Environmental Protection

Additional resources and support for water, sewers, and environmental protection are crucial to the fabric of Bronx Community Board 9. DSNY	2 / 2	Additional Trash Bins

EXPENSE BUDGET REQUESTS

The Community Board did not submit any Budget Requests in this category.

HOUSING, ECONOMIC DEVELOPMENT AND LAND USE

Bronx Community Board 9

Most Important Issue Related to Housing, Economic Development and Land Use

Affordable housing creation

Pressing Issue selected is based on survey responses collected from CB9 Board Members and Residents.

With the rise in new development throughout the borough, CB9 is urging for truly affordable housing in the district along with reinvestment in homeownership programs with HPD. Additional investment in transitional housing is also crucial in securing housing for all.

Community District Needs Related to Housing, Economic Development and Land Use

Needs for Land Use

We would like City Planning to start a zoning initiative with our Community Board (197 Plan).

To any persons reading this document, if you have recommendations, ideas, or suggestions related to the community district priorities and would like to share them with us please contact our office at 718-823-3034 or email us at bx09@cb.nyc.gov.

Needs for Housing

CB9 in collaboration with the NYCHA & Housing Committee recently conducted walk-throughs in every NYCHA Development to comprise a list of budget priorities and needs displayed in this document.

To any persons reading this document, if you have recommendations, ideas, or suggestions related to the community district priorities and would like to share them with us please contact our office at 718-823-3034 or email us at bx09@cb.nyc.gov.

TRANSPORTATION AND MOBILITY

Bronx Community Board 9

Most Important Issue Related to Transportation and Mobility

Traffic safety and enforcement (cars, scooters, ebikes, etc.)

Pressing Issue selected is based on survey responses collected from CB9 Board Members and Residents.

Concerns about traffic safety and enforcement have been on the rise in the district with increased use of electric scooters. This causes concern for pedestrians and those who use electric scooters as sidewalks are often too narrow to ride electric scooters leaving people to use the scooters on road ways with cars and buses. There needs to be better enforcement of the use of scooters or changes to existing infrastructure to accommodate pedestrians, scooter-users, and vehicles safely. Furthermore, there have been ongoing issues of double-parking, abandon vehicles, and illegal license plates which impact commuters and residents.

Community District Needs Related to Transportation and Mobility

Needs for Traffic and Transportation Infrastructure

Community Board 9 has the largest district in The Bronx with nearly 200,000 residents and geographically 5 square miles. The most congested corridor, the Cross Bronx Expressway is located in our CB. In Addition, other major arteries such as the Sheridan Expressway, Bruckner Expressway, Bronx River Parkway and Hutch Parkway contribute to thousands of vehicles utilizing our district, thus effecting our traffic and transportation infrastructure.

Needs for Transit Services

Bronx Community Board 9 residents rely heavily on public transportation, and providing high-quality transit services will connect residents with needed opportunities. According to the 2023 American Community Survey, 55% of CB9 residents primarily use public transit services to get to work. This is higher than the city average of 48%. Additionally, the commute time for the working population is longer than the city average, 43.7 minutes compared to 40.21.

At the same time, CB9 faces higher poverty and unemployment rates compared to the city as a whole. The poverty rate in the district is 23.7% compared to the city average of 18.3%. The unemployment rate is 7.9% compared to the city average of 6.4%. To address this discrepancy, better transit services are needed to connect residents with job opportunities both within and outside of the district. Finally, better transit services are needed to serve residents with disabilities. 16.9% of the district population has a disability, compared to 12.7% citywide, and many of these residents may rely on public transportation for commutes and other traveling needs. Combined with the senior population and those approaching senior status, there is a significant portion of the population that requires high-quality transit service to meet basic needs.

PARKS, CULTURAL AND OTHER COMMUNITY FACILITIES

Bronx Community Board 9

Most Important Issue Related to Parks, Cultural and Other Community Facilities

Community facility access and programming

Pressing Issue selected is based on survey responses collected from CB9 Board Members and Residents.

CB9 has seen an increased interest in access to community gardens and green spaces in the district. Additional outreach and resources needed around how residents, tenant association groups, and other volunteers can get involved in the development, maintenance, and programming of these spaces. The creation of the Soundview Skate Park and Recreation Center are fondly anticipated and CB9 welcomes any additional resources or amenities related to these projects as well as urges their timely completion.

Community District Needs Related to Parks, Cultural and Other Community Facilities

Needs for Parks

Additional resources and support for Parks is crucial to the fabric of Bronx Community Board 9. We look forward to continuing to collect data regarding the specific needs of our community around this topic and sharing them on this document.

To any persons reading this document, if you have recommendations, ideas, or suggestions related to the community district priorities and would like to share them with us please contact our office at 718-823-3034 or email us at bx09@cb.nyc.gov.

Needs for Community Boards

Additional resources and support for our board are crucial.

Community Board nine is the largest in the Bronx with nearly 200,000 residents. Additional resources and funding for staff and equipment are necessary as the demand for hybrid meetings, outreach, and recommendations on newly assigned items such as cannabis licenses are requested.

To any persons reading this document, if you have recommendations, ideas, or suggestions related to the community district priorities and would like to share them with us please contact our office at 718-823-3034 or email us at bx09@cb.nyc.gov.

CAPITAL BUDGET REQUESTS

1 of 1	Other capital budget request for DOE Other capital budget request for DOE	DOE
Request for more adequate number of teachers to students		<i>Agency Response: Agency does not support and cannot accommodate. THIS IS NOT A BUDGET REQUEST.</i>
1 of 1	Other programs to address public health issues requests Other programs to address public health issues requests	DOHMH
Deep investment in preventative services and resources to address our public health crises.		<i>Agency Response: This request has already been completed. DOHMH would be happy to discuss further on details</i>
1 of 16	Reconstruct streets Reconstruct streets	DOT
The South end of CB9 was constructed over swamp land and many streets are sinking and are uneven. They pose a great risk to drivers and cause a quality of life concern as cars are damaged driving on these uneven roads. Urgent Leveling is required on: White Plains Road, Stick Ball Blvd, Lafayette Ave, Boynton Ave, etc.		<i>Agency Response: Agency does not support and cannot accommodate. This is a Capital Reconstruction Project Request. We can revisit but not accommodate at this time.</i>
2 of 16	Other transportation infrastructure requests Other transportation infrastructure requests	DOT
Location: Close Ave - Story ave & Story ave Close Ave between Bruckner Blvd & Story is closed illegally by man made gates. We request this street to be reopened and sidewalks installed for safety and improve traffic flow.		<i>Agency Response: Agency does not support and cannot accommodate. This street has been de-mapped for use by the business located within. Close Ave between Bruckner Blvd & Story is closed illegally by man made gates. We request this street to be reopened and sidewalks installed for safety and improve traffic flow.</i>
3 of 16	Other transportation infrastructure requests Other transportation infrastructure requests	DOT
We are requesting that the city re-visit the constructing two Bridges for vehicles in CB9. One on west side and east side of our district connecting to current city streets. Ex. Story and Lafayette ave, to help relive traffic conditions		<i>Agency Response: The agency does not understand the request as written and requires more clarification. There are bridges and highways present nearby that provide the same service. One example is the recently redone Unionport Bridge which connects Bruckner Blvd to nearby Story Avenue.</i>

4 of 16 Repair or construct medians, or other street assets**DOT**

Repair or construct medians, or other street assets

We would like each bus stop in our district to have concrete bus pads to prevent the pavement from sinking due to the buses stopping in the same place. Funding is required (\$25,000/per pad) to install a bus pad and reduce bus knuckles across the district.

Agency Response: Agency supports but cannot accommodate. If funding is available via City Council or discretionary funding then this may be something that can be revisited. Funding is required (\$25,000/per pad) to install a bus pad and reduce bus knuckles across the district.

5 of 16 Repair or construct sidewalks, curbs, or pedestrian ramps**DOT**

Repair or construct sidewalks, curbs, or pedestrian ramps

Location: Metcalf Ave - Watson Ave & Watson Ave
Currently there are no sidewalks on Metcalf Avenue Between Watson and Westchester Avenue. This decreases the walkability of the area, and for people who choose to walk in the street alongside cars, there is an increased risk of accidents and collisions between cars and pedestrians. We are requesting sidewalks and intersections to be built for walkability and more importantly safety.

Agency Response: Agency supports and can accommodate. Sidewalks are present at this location. Currently there are no sidewalks on Metcalf Avenue Between Watson and Westchester Avenue. This decreases the walkability of the area, and for people who choose to walk in the street alongside cars, there is an increased risk of accidents and collisions between cars and pedestrians. We are requesting sidewalks and intersections to be built for walkability and more importantly safety.

6 of 16 Improve traffic and pedestrian safety, including traffic calming**DOT**

Improve traffic and pedestrian safety, including traffic calming

Location: White Plains Road - Bruckner Blvd & Bruckner Blvd
Currently the intersection between White Plains Rd and Bruckner Blvd is a high traffic area with cars and buses merging to get on and off the highway, cars and buses turning on and off of White Plains Road, and pedestrians trying to walk in the area as well. This area is often highly congested and incredibly dangerous. We would like DOT to conduct a study to look into how this area can be made safer, and we would like DOT to implement solutions (ex. delayed green for pedestrians, additional cross walks, crossing guards, etc.) accordingly.

Agency Response: Agency does not support and cannot accommodate. This location has red light cameras and sufficient timing intervals to cross the street. 7 of 16 Reconstruct streets**DOT**

Reconstruct streets

We Request the Reconstruction of the following non-contiguous streets: Lafayette Avenue from Thieriot Avenue to Castle Hill Avenue; White Plains Road from Seward Avenue to Lafayette Avenue; Newman Avenue from Lafayette Avenue to Randall Avenue; White Plains Road from Bruckner Blvd to Lafayette Avenue; Castle Hill Avenue to White Plains Road. The road conditions presently are dangerous and hazardous at all the listed sites. While repairs have been made they have the longevity of no more than 5 years.

Agency Response: Agency supports but cannot accommodate. This is a Capital Reconstruction Project Request. We can revisit but not accommodate at this time. The type of land present poses a challenge to build suitable sustainable long term roadways.

8 of 16 Improve traffic and pedestrian safety, including traffic calming**DOT**

Improve traffic and pedestrian safety, including traffic calming

Location: White Plains Road - Lafayette Ave & Lafayette Ave
Requesting the installation of islands at the following locations to ensure the safety of the general public and address present traffic conditions: White Plains Road, from Lafayette to O'Brien Avenue; Randall Avenue, from White Plains Road to Olmstead Avenue; Lafayette Avenue from Bolton Avenue to Metcalf Avenue; Story Avenue to Seward Avenue.

Agency Response: The agency does not understand the request as written and requires more clarification. There are currently some street improvement projects that are recently completed or in the design phase which aim to address this issue. Requesting the installation of islands at the following locations to ensure the safety of the general public and address present traffic conditions: White Plains Road, from Lafayette to O'Brien Avenue; Randall Avenue, from White Plains Road to Olmstead Avenue; Lafayette Avenue from Bolton Avenue to Metcalf Avenue; Story Avenue to Seward Avenue.

9 of 16 Reconstruct streets**DOT**

Reconstruct streets

Location: Olmstead Avenue
Sidewalk renovations needed at 530 Olmstead Ave sidewalk was never finished

Agency Response: Agency supports but cannot accommodate. This location has a notice of violation No: 27388 issued to NYC Housing Authority. A Capital Budget Request would have to be initiated to have this sidewalk completely reconstructed. Without that budget to support the project it would not be feasible.

10 of 16 Reconstruct streets**DOT**

Reconstruct streets

Request to reconstruct the sidewalk and street on Bronx River Ave and Rosedale. The street is sinking and in need of capital repair.

Agency Response: The agency does not understand the request as written and requires more clarification. These streets are parallel to each other and do not intersect at all.

11 of 16 Reconstruct streets**DOT**

Reconstruct streets

Location: Obrien Avenue
Reconstruction of Dirt Road on Obrien Avenue

Agency Response: The agency does not understand the request as written and requires more clarification. It is unclear as to what dirt road they are referring to on O'Brien Avenue.

12 of 16 Install streetscape improvements**DOT**

Install streetscape improvements

Additional light installations needed on the Bruckner Overpass near Boynton Ave.

Agency Response: Agency does not support and cannot accommodate. There is currently sufficient lighting in place at this location. If an outage is present please report it here <https://service.nyctmc.org/alias3/sl.asp> Additional light installations needed on the Bruckner Overpass near Boynton Ave.

13 of 16 Reconstruct streets**DOT**

Reconstruct streets

Request for a Sidewalk and Curbs Study at Pugsley Avenue between Lacombe and Randall and Screvin Avenue between Norton and Lacombe Avenue. These locations have no built out sidewalks or curbs currently.

Agency Response: Agency does not support and cannot accommodate. Sidewalks at these locations are built out already unless they adjacent property owner has not built one. In those cases they are issued a Notice of Violation against their property until one is built. Request for a Sidewalk and Curbs Study at Pugsley Avenue between Lacombe and Randall and Screvin Avenue between Norton and Lacombe Avenue. These locations have no built out sidewalks or curbs currently.

14 of 16 Improve traffic and pedestrian safety, including traffic calming**DOT**

Improve traffic and pedestrian safety, including traffic calming

Request for DOT to revisit the installation of road diets/traffic in CB9 that consolidate two lanes of road to one road lane and cause traffic in highly congested areas such as Castle Hill for example, which leads to an influx of car emissions in the air.

Agency Response: Agency does not support and cannot accommodate. Road Diets are a traffic calming measure. They do not increase car emissions but aim to lessen the amount of cars on the road while providing a safety benefit for the overall community. Request for DOT to revisit the installation of road diets/traffic in CB9 that consolidate two lanes of road to one road lane and cause traffic in highly congested areas such as Castle Hill for example, which leads to an influx of car emissions in the air.

15 of 16 Scooter Parking**DOT**

Improve mobility options, including bike share and car share

Additional designated scooter parking needed where feasible to deter improper scooter parking

Agency Response: Agency supports and can accommodate. This is already being done via the scooter companies. If specific locations are submitted they will be evaluated on a case by case basis. Additional designated scooter parking needed where feasible to deter improper scooter parking

16 of 16 Repair or provide new street lights**DOT**

Repair or provide new street lights

Location: Close Ave and Bruckner Blvd
Allocate Funds for Additional Lighting. Request funds for additional lighting to be placed at Close Avenue and Bruckner Boulevard adjacent to the planned Close Avenue Playground.

Agency Response: Agency supports but cannot accommodate. Our currently lighting schedule for new installations is currently full for this and next fiscal years. If additional funding becomes available this may be a location to consider in the future. Allocate Funds for Additional Lighting. Request funds for additional lighting to be placed at Close Avenue and Bruckner Boulevard adjacent to the planned Close Avenue Playground.

Build or expand affordable work or research lab spaces related to key industries, such as film/tv, advanced manufacturing, life science and healthcare, renewable energy and freight maritime

Additional Workforce Development programming and sites needed in the district

Agency Response: Agency supports and can accommodate. NYCEDC has historically operated the HireNYC Program, which provides a pathway for individuals facing employment barriers to access jobs generated by economic development initiatives. In alignment with the recent State legislation signed by Governor Kathy Hochul in November 2023, the City now has the authority to implement Community Hiring goals for procurement contracts. These goals will apply to a range of sectors—including construction, building services, professional services, and standard services—and are designed to ensure that vendors provide employment and apprenticeship opportunities to individuals from economically disadvantaged communities and low-income backgrounds. NYCEDC also supports job creation in the tech and life sciences sectors through pathways such as the Founder Fellowship program and the LifeSci NYC internship program. In addition, our women.nyc program provides mentorship to to bridge the gender gap in NYC's current and future industries.

Create a tenant protection unit to service CB9 residents.

Agency Response: Agency supports and can accommodate. The New York City Housing Authority has a proud tradition of resident volunteers who give their time to enhance the safety and security of their communities. For over 40 years, thousands of residents have volunteered in the formerly-known Tenant Patrol Program, which in June 2010 was renamed the Resident Watch Program, providing a community service. This important initiative has been revamped and strengthened so that residents can be more effective in contributing to the quality of life of their buildings, grounds and neighborhoods. The program encourages residents to unite and work towards the safety of their communities.
